July 29, 2010
6:00 PM

ALL ITEMS ON THIS AGENDA ARE SCHEDULED FOR ACTION UNLESS SPECIFICALLY NOTED OTHERWISE. UNLESS OTHERWISE STATED, ITEMS MAY BE TAKEN OUT OF THE ORDER PRESENTED AT THE DISCRETION OF THE CHAIRPERSON.

NOTICE: This meeting has been properly noticed and posted at the following locations:

City Clerk's Bulletin Board, City Hall Plaza, 2nd Floor Skybridge
Clark County Government Center, 500 South Grand Central Parkway
Las Vegas Library, 833 Las Vegas Boulevard North
Grant Sawyer Building, 555 East Washington Avenue
Bulletin Board, City Hall Plaza (next to Metro Records)

ACTIONS: ALL ACTIONS EXCEPT GENERAL PLAN AMENDMENTS, REZONINGS AND RELATED CASES THERETO ARE FINAL UNLESS AN APPEAL IS FILED BY THE APPLICANT OR AN AGGRIEVED PERSON, OR A REVIEW IS REQUESTED BY A MEMBER OF THE CITY COUNCIL WITHIN TEN DAYS.

ANY ITEM LISTED IN THIS AGENDA MAY BE TAKEN OUT OF ORDER IF SO REQUESTED BY THE APPLICANT, STAFF, OR A MEMBER OF THE PLANNING COMMISSION AND AGREED TO BY THE PLANNING COMMISSION. THE PLANNING COMMISSION MAY IMPOSE TIME LIMITATIONS, AS NECESSARY, ON THOSE PERSONS WISHING TO BE HEARD ON ANY AGENDAED ITEM.

PLANNING COMMISSION MEETING RULES OF CONDUCT:

1. Staff will present each item to the Commission in order as shown on the agenda, along with a recommendation and suggested conditions of approval, if appropriate.

2. The applicant is asked to be at the public microphone during the staff presentation. When the staff presentation is complete, the applicant should state his name and address, and indicate whether or not he accepts staff's conditions of approval.

3. If areas of concern are known in advance, or if the applicant does not accept staff's condition, the applicant or his representative is invited to make a brief presentation of his item with emphasis on any items of concern.

4. Persons other than the applicant who support the request are invited to make brief statements after the applicant. If more than one supporter is present, comments should not be repetitive. A representative is welcome to speak and indicate that he speaks for others in the audience who share his view.

5. Objectors to the item will be heard after the applicant and any other supporters. All who wish to speak will be heard, but in the interest of time it is suggested that representatives be selected who can summarize the views of any groups of interested parties.

6. After all objectors' input has been received; the applicant will be invited to respond to any new issues raised.

7. Following the applicant's response, the public hearing will be closed; Commissioners will discuss the item amongst themselves, ask any questions they feel are appropriate, and proceed to a motion and decision on the matter.

8. Letters, petitions, photographs and other submissions to the Commission will be retained for the record. Large maps, models and other materials may be displayed to the Commission from the microphone area, but need not be handed in for the record unless requested by the Commission.

As a courtesy, we would ask those not speaking to be seated and not interrupt the speaker or the Commission. We appreciate your courtesy and hope you will help us make your visit with the Commission a good and fair experience.

** STAFF REPORT **

PROJECT DESCRIPTION

The applicant is requesting two (2) related extensions of time for an approved Site Development Plan Review (SDR-27953) to allow the construction of a Utility Substation with a related Variance (VAR-27954) to allow 14-foot high walls where eight feet is the maximum height allowed. The proposed Utility Substation is intended to serve the growing energy needs of the downtown area and will be accessed by a private road from Martin Luther King Boulevard.

The subject site consists of 2.73 undeveloped gross acres located 292 feet west of Martin Luther King Boulevard and 890 feet north of Alta Drive. The applicant has previously secured entitlements to develop this site to be utilized as a Utility Power Substation. The elevations also depict a 14-foot high perimeter wall around the proposed development area that is designed to reduce the visual impact and screen the substation equipment. The wall will help to mitigate the visual impact of the substation and provide added security for the site. Staff recommends approval of the extension of time through 2015. If denied, the current entitlements will expire.

ISSUES

- The current Entitlements will expire on 07/10/10 unless an extension is approved.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
08/17/60	A request to Rezone a portion of the subject property from R-1 (Single-Family Residential) to R-4 (High-Density Residential) was approved by City Council. The Planning Commission recommended approval of the request.
05/22/03	A request for approval of a Tentative Map (TMP-1990) for a one-lot commercial subdivision (Alta Business Park) was Withdrawn Without Prejudice by the applicant at the Planning Commission meeting.
12/15/04	The City Council denied a General Plan Amendment (GPA-5034) application to amend a portion of the Southeast Sector Plan of the General Plan from SC (Service Commercial) to H (High Density Residential) on 16.78 acres north of Alta Drive and west of Martin L. King Boulevard. The Planning Commission and staff recommended approval of the application.
12/15/04	The City Council denied a Rezoning (ZON-4941) application for the proposed reclassification of property from C-1 (Limited Commercial) to R-PD50 (Residential Planned Development – 50 Units Per Acre) on 16.78 acres north of Alta Drive and west of Martin L. King Boulevard. The Planning Commission and staff recommended approval of the application.

12/15/04	The City Council denied a Variance (VAR-5035) application to allow a 20-foot setback where 1,212 feet is required on 16.78 acres north of Alta Drive and west of Martin L. King Boulevard. The Planning Commission and staff approval.
12/15/04	The City Council denied a Variance (VAR-5479) application to allow 153,879 square feet of open space where 606,678 square feet is required for an 854-unit multi-family development on 16.78 acres north of Alta Drive and west of Martin L. King Boulevard. The Planning Commission and staff recommended approval.
12/15/04	The City Council denied a Site Development Plan Review (SDR-5155) application for a proposed 21-story, 840 unit condominium development in three buildings on 16.78 acres north of Alta Drive and west of Martin L. King Boulevard. The Planning Commission and staff recommended approval.
06/01/05	The City Council approved a Site Development Plan Review (SDR-6282) application, a Special Use Permit (SUP-6284) application to allow Mixed-Use development on the site, and a Variance (VAR-6283) application to address height and Residential Adjacency issues related to the proposed development. The Planning Commission and staff recommended approval.
05/17/06	The City Council approved a request to amend the City of Las Vegas Downtown Redevelopment Plan map of the Las Vegas Redevelopment Plan to designate future land use designations as Commercial, Mixed-Use, Industrial or Public Facility located within the Redevelopment Plan expansion area and within other areas of the Las Vegas Downtown Redevelopment Plan map. The Planning Commission and staff recommended approval.
03/21/07	The City Council approved the request for an Extension of Time (EOT-19773) of an approved Variance (VAR-6283) and Extension of Time (EOT-19774) of an approved Special Use Permit (SUP-6284). These entitlements expired on 06/01/2008
07/10/08	The Planning Commission approved a Site Development Plan Review (SDR-27953) for an Electric Utility Substation with a waiver of Title 19.12 Landscape Standards and its companion Variance (VAR-27954) to allow a 14-foot high wall where an 8-foot wall is allowed. These items were final action. Staff recommended approval of both requests.

Most Recent Change of Ownership	
03/24/08	A deed was recorded for a change in ownership emanating from the subdivision of the larger parcel to the south (APN 139-33-202-009).

ANALYSIS

Previously, this parcel was a portion of APN 139-33-202-005, but was created per NRS 278.461 as a result of a court order in a condemnation action. The resulting subject parcel, now APN 139-33-202-007, occurred upon the transfer of the condemned property from the previous owner to the Nevada Power Company.

The applicant states that the recent economic stagnation and the lack of sustainable growth will delay the need for this new electrical substation at this time.

FINDINGS

These requests are based on the lack of previously forecasted growth in the area that would have required the substation to meet electrical demand. Based on current economic conditions, the substation may not be necessary for possibly the next five years. Staff has no objection to the requests and is recommending approval.

RE: ABEYANCE - VAR-27954 - VARIANCE

Dear Mr. Dombrowski:

Your request for a Variance TO ALLOW A 14-FOOT WALL WHERE 8-FEET IS THE MAXIMUM ALLOWABLE HEIGHT at 300 South Martin Luther King Boulevard (APN 139-33-202-007), C-1 (Limited Commercial) Zone, Ward 5 (Barlow), was considered by the Planning Commission on July 10, 2008.

The Planning Commission voted to ***APPROVE*** your request, subject to the following:

1. All development shall be in conformance with the site plan, landscape plan, and building elevations, date stamped 05/21/08, except as amended by conditions herein.

2. This approval shall be void two years from the date of final approval, unless a certificate of occupancy has been issued or upon approval of a final inspection. An Extension of Time may be filed for consideration by the City of Las Vegas.

This action by the Planning Commission on **July 10, 2008** is final unless a written appeal is filed with the City Clerk within ten days of the date of the Planning Commission's decision or there is a review action filed by the City Council within the same time period. The Notice of Final Action was filed with the Las Vegas City Clerk on ***July 11, 2008.***

Re: Justification Letter: Extension of Time Request for VAR-27954
Downtown (DN-1) Electrical Substation
(APN- 139-33-202-007)

To Whom It May Concern:

NV Energy respectfully requests an Extension of Time for VAR-27954 which expires on July 11, 2010. Given the state of the economy and lack of growth throughout the Las Vegas valley, many of our projects are being deferred to later In-Service Dates, requiring Extension of Time applications with all jurisdictions. Lack of sustainable growth has delayed the need for this new electrical substation installation. NV Energy requests an extension of time for a period of five (5) years, which would extend the commence deadline from July 11, 2010 to July 11, 2015.

Should you have any questions, please contact me at 402-2620.

Sincerely,

Thomas Dombrowski
Sr. Land Use Consultant

Subject: Nevada Power Company, d/b/a NV Energy, Acceptable Authorized Signatures

Dear Planning Staff:

A signature authorization letter was provided to Margo Wheeler, Director of Development Services, dated May 4, 2010 from Paul Kaleta that provided the following.

As of the date of issuance of this letter, Herbert Goforth is an Executive, Technical Services & Support of both SPPC and NPC, now d/b/a NV Energy. As of the date of issuance of this letter, Executives are authorized by senior management to sign contract commitments, expenditure approvals and disbursements on behalf of the Company up to $1,000,000.

As of the date of issuance of this letter, James R. Saavedra is Director, Land Services for both SPPC and NPC, now d/b/a NV Energy. As of the date of issuance of this letter, Directors are authorized by senior management to sign contract commitments, expenditure approvals and disbursements on behalf of the Company up to $500,000.

In addition to the above authority, certain transactions binding the Company require signature by leadership employees, as follows:

Land Services Director signature or higher is required for:
(a) Relinquishments of easement granted on private property or rights contained in government patent rights;
(b) Grants of easements; and
(c) Land use permits required by local municipalities.

Mr. Kaleta's authorization letter is in effect until May 4, 2011.

RE: ABEYANCE - SDR-27953 - SITE DEVELOPMENT PLAN REVIEW

Dear Mr. Dombrowski:

Your request for a Site Development Plan Review FOR A ELECTRIC UTILITY SUBSTATION WITH A WAIVER OF LANDSCAPE STANDARDS at 300 South Martin Luther King Boulevard (APN 139-33-202-007), C-1 (Limited Commercial) Zone, Ward 5 (Barlow), was considered by the Planning Commission on July 10, 2008.

The Planning Commission voted to ***APPROVE*** your request, subject to the following:

Planning and Development

1. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.

2. All development shall be in conformance with the site plan, landscape plan, and building elevations, date stamped 05/21/08, except as amended by conditions herein.

3. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications.

4. Pre-planting and post-planting landscape inspections are required to ensure the appropriate plant material, location, size of planters, and landscape plans are being utilized. The Planning and Development Department must be contacted to schedule an inspection prior to the start of the landscape installation and after the landscape installation is completed. A certificate of occupancy will not be issued or the final inspection will not be approved until the landscape inspections have been completed.

5. All mechanical equipment, air conditioners and trash areas shall be fully screened in views from the abutting streets.

6. All utility boxes exceeding 27 cubic feet in size shall meet the standards of LVMC Title 19.12.040.

7. All perimeter walls must be decorative with 20 percent contrasting material and that pilasters are to be spaced a maximum of 24 feet on center.

8. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications. The technical landscape plan shall include the following changes from the conceptual landscape plan: a landscape buffer shall be included along the western property line adjacent to the neighboring residential development sufficient to provide a tree every 20 feet on-center in an approved configuration as outlined by Title 19.12.030.

9. Pre-planting and post-planting landscape inspections are required to ensure the appropriate plant material, location, size of planters, and landscape plans are being utilized. The Planning and Development Department must be contacted to schedule an inspection prior to the start of the landscape installation and after the landscape installation is completed. A certificate of occupancy will not be issued or the final inspection will not be approved until the landscape inspections have been completed.

10. Parking lot lighting standards shall be no more than 30 feet in height and shall utilize downward-directed lights with full cut-off luminaries. Lighting on the exterior of buildings shall be shielded and shall be downward-directed. Non-residential property lighting shall be directed away from residential property or screened, and shall not create fugitive lighting on adjacent properties.

11. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

12. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

13. The applicant shall coordinate with the adjacent parcel to the north to submit and receive approval from the City Council for a Review of Condition #14 of SDR-3278 to allow access to this site via the existing emergency access easement prior to the issuance of permits. If the ROC is not approved by the City Council this site plan shall be null and void and the applicant will need to obtain access through an alternative entry.

14. Provide a copy of a recorded Joint Access Agreement between this site and the adjoining parcel to the north prior to the issuance of any permits.

15. The proposed gated entry shall be designed, located and constructed to meet the intent Standard Drawing #222a. An appropriate turn around shall be constructed within the private drive and the proposed gates shall be setback a sufficient distance to allow the largest commercial vehicles accessing this site to pull completely out of the Martin L. King Boulevard right-of-way before stopping to open the gates.

16. All landscaping and private improvements installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections. Existing obstructions, such as the block wall on the adjacent parcel to the north side of this site, shall be modified as necessary to conform to the Sight Visibility Restriction Zone Standards.

17. Meet with the Fire Protection Engineering Section of the Department of Fire Services prior to submittal of construction plans for this site. The design and layout of the access drive shall meet the approval of the Department of Fire Services.

18. An update to the previously approved Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any grading or building permits or submittal of any construction drawings, whichever may occur first. Provide and improve all drainageways as recommended in the approved drainage plan/study.

This action by the Planning Commission on **July 10, 2008** is final unless a written appeal is filed with the City Clerk within ten days of the date of the Planning Commission's decision or there is a review action filed by the City Council within the same time period. The Notice of Final Action was filed with the Las Vegas City Clerk on ***July 11, 2008.***

Re: Justification Letter: Extension of Time Request for SDR-27953
Downtown (DN-1) Electrical Substation
(APN- 139-33-202-007)

To Whom It May Concern:

NV Energy respectfully requests an Extension of Time for SDR-27953 which expires on July 11, 2010. Given the state of the economy and lack of growth throughout the Las Vegas valley, many of our projects are being deferred to later In-Service Dates, requiring Extension of Time applications with all jurisdictions. Lack of sustainable growth has delayed the need for this new electrical substation installation. NV Energy requests an extension of time for a period of five (5) years, which would extend the commence deadline from July 11, 2010 to July 11, 2015.

Should you have any questions, please contact me at 402-2620.

Subject: Nevada Power Company, d/b/a NV Energy, Acceptable Authorized Signatures

Dear Planning Staff:

A signature authorization letter was provided to Margo Wheeler, Director of Development Services, dated May 4, 2010 from Paul Kaleta that provided the following.

As of the date of issuance of this letter, Herbert Goforth is an Executive, Technical Services & Support of both SPPC and NPC, now d/b/a NV Energy. As of the date of issuance of this letter, Executives are authorized by senior management to sign contract commitments, expenditure approvals and disbursements on behalf of the Company up to $1,000,000.

As of the date of issuance of this letter, James R. Saavedra is Director, Land Services for both SPPC and NPC, now d/b/a NV Energy. As of the date of issuance of this letter, Directors are authorized by senior management to sign contract commitments, expenditure approvals and disbursements on behalf of the Company up to $500,000.

In addition to the above authority, certain transactions binding the Company require signature by leadership employees, as follows:

Land Services Director signature or higher is required for:
(a) Relinquishments of easement granted on private property or rights contained in government patent rights;
(b) Grants of easements; and
(c) Land use permits required by local municipalities.

Mr. Kaleta's authorization letter is in effect until May 4, 2011.

If you have any questions or desire any additional information please contact me at 402-2620.

Respectfully yours,

Thomas Dombrowski

WVR-38578 CONDITIONS

Planning and Development

1. Approval of and conformance to the Conditions of Approval for Tentative Map (TMP-38575) shall be required, if approved.

2. Conformance to the approved conditions for Rezonings (ZON-2184 and ZON-3241).

3. This approval shall be void four years from the date of final approval, unless a building permit has been issued for new construction. An Extension of Time may be filed for consideration by the City of Las Vegas.

4. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

TMP- 38575 CONDITIONS

Planning and Development

1. Approval of the Tentative Map shall be for no more than four (4) years. If a Final Map is not recorded on all or a portion of the area embraced by the Tentative Map within four (4) years of the approval of the Tentative Map, this action is void.

2. Conformance to the Conditions of Approval for Waiver (WVR-38578) shall be required.

3. All development shall conform to the Cliff's Edge Master Development Plan and Design Guidelines as approved by the Cliff's Edge (Providence) Design Review Committee and as amended herein.

4. Street names must be provided in accordance with the City's Street Naming Regulations.

5. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

6. In conjunction with creation, declaration and recordation of the subject common-interest community, and prior to recordation of the Covenants, Codes and Restrictions ("CC&R"), or conveyance of any unit within the community, the Developer is required to record a Declaration of Private Maintenance Requirements ("DPMR") as a covenant on all associated properties, and on behalf of all current and future property owners. The DPMR is to include a listing of all privately owned and/or maintained infrastructure improvements, along with assignment of maintenance responsibility for each to the common interest community or the respective individual property owners, and is to provide a brief description of the required level of maintenance for privately maintained components. The DPMR must be reviewed and approved by the City of Las Vegas Department of Field Operations prior to recordation, and must include a statement that all properties within the community are subject to assessment for all associated costs should private maintenance obligations not be met, and the City of Las Vegas be required to provide for said maintenance. Also, the CC&R are to include a statement of obligation of compliance with the DPMR. Following recordation, the Developer is to submit copies of the recorded DPMR and CC&R documents to the City of Las Vegas Department of Field Operations.

7. All development is subject to the conditions of City Departments and State Subdivision Statutes.

Public Works

8. Construct all incomplete half-street improvements on Shaumber Road and Centennial Parkway adjacent to this site concurrent with development of this site as required by the Department of Public Works. All existing paving damaged or removed by this development shall be restored at its original location and to its original width concurrent with development of this site.

9. The non-standard reduced radius street knuckle design proposed with this Tentative Map is acceptable provided that the curb line along the 30-foot inner radius of each knuckle is designated "No Parking" and constructed from red-colored concrete as required by the Department of Public Works.

10. Unless already provided for by the Cliff's Edge (Providence) Master Homeowner's Association, obtain public sewer, public drainage, and private access easements across common lot HH of the Cliff's Edge Final Map to this Site.

11. Label common element H as a 15-foot "private" pedestrian easement.

12. Common Lot L (between Lots 58 & 59) shall be a City of Las Vegas Sewer Easement and Public Drainage Easement with Private Surface Maintenance by the Homeowners' Association. Notes to this effect shall be placed on the Final Map for this site.

13. No permanent structures, landscape trees, or shrubs with potential growth of three feet or greater in height shall be permitted within the City of Las Vegas Sewer Easement located in Common Lot L.

14. Private Streets shall be granted and labeled as a Public Utility Easement (P.U.E.), City of Las Vegas Sewer Easement and Public Drainage Easement to be Privately Maintained by the Homeowners' Association.

15. All landscaping and private improvements installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

16. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits, submittal of any construction drawings or the submittal of a Final Map for this site, whichever may occur first, as required by the Department of Public Works. Provide and improve all drainageways recommended in the approved drainage plan/study. The developer of this site shall be responsible to construct such neighborhood or local drainage facility improvements as are recommended by the approved Drainage Plan/Study concurrent with development of this site. In lieu of constructing improvements, in whole or in part, the developer may agree to contribute monies for the construction of neighborhood or local drainage improvements, the amount of such monies shall be determined by the approved Drainage Plan/Study and shall be contributed prior to the issuance of any building or grading permits, or the recordation of a Final Map, whichever may occur first.

** STAFF REPORT **

PROJECT DESCRIPTION

The subject site contains approximately 20 gross acres of undeveloped land at the northwest corner of Shaumber Road and Centennial Parkway within the Cliff's Edge Master Plan area. The Cliff's Edge Master Development Plan designates this acreage as RSL (Residential Small Lot), which allows up to 15 dwelling units per acre. The applicant has proposed a 106-lot, single-family non-gated residential subdivision with private streets on this property. Site development has been approved by the Cliff's Edge (Providence) Design Review Committee. Staff recommends approval of the tentative map. If denied, a new subdivision design that complies with Title 18 standards must be submitted for review.

ISSUES

- Approval of a Waiver of Title 18.12.160 is required to allow an internal intersection offset of 66 feet where 125 feet is the minimum offset required prior to approval of a tentative map for this proposed subdivision. Staff recommends approval of the waiver.
- Approval of a Waiver of Title 18.12.105 and 18.12.130 is required to allow private streets to terminate in dead-end stubs where cul-de-sacs are required prior to approval of a tentative map for this proposed subdivision.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
02/05/03	The City Council approved the Annexation (A-0035-02) of over 1,056 acres in the area bounded by Hualapai Way to the east, Grand Teton Drive to the north, Puli Road to the west and Centennial Parkway and the Beltway alignment to the south. The Planning Commission and staff recommended approval. The effective date of this annexation was 02/14/03.
04/16/03	The City Council approved a request for a Rezoning (ZON-1520) from U (Undeveloped) [PCD (Planned Community Development) General Plan Designation] to PD (Planned Development) on approximately 317.5 acres covering 68 separate parcels in the Cliff's Edge area, and approved the related Cliff's Edge Master Development Plan to regulate development and the provision of infrastructure in the area. The Planning Commission and staff recommended approval.

07/16/03	The City Council approved a request for a Rezoning (ZON-2184) from U (Undeveloped) Zone [PCD (Planned Community Development) General Plan Designation] to PD (Planned Development) Zone on approximately 704 acres covering 21 separate parcels in the Cliff's Edge area, including approximately 10 acres of the subject site, and approved amendments to the approved Cliff's Edge Master Development Plan. The Planning Commission and staff recommended approval on 06/12/03.
12/03/03	The Planning and Development Department administratively approved a Minor Modification (MOD-3189) of the Cliff's Edge Master Development Plan to revise design guidelines with respect to private streets.
02/18/04	The City Council approved a request for a Rezoning (ZON-3241) from U (Undeveloped) Zone [PCD (Planned Community Development) General Plan Designation] to PD (Planned Development) Zone on approximately 90 acres generally located between Grand Teton Drive, Centennial Parkway, Hualapai Way and the corporate city limits, including approximately 10 acres of the subject site, and approved amendments to the approved Cliff's Edge Master Development Plan. The Planning Commission and staff recommended approval on 01/08/04.
03/11/04	The Planning Commission approved a Tentative Map (TMP-3798) for a 35-lot mixed use subdivision making up the entire Cliff's Edge Master Plan area. Staff recommended denial.
11/16/05	The City Council approved a General Plan Amendment (GPA-9137) to amend portions of the Cliff's Edge Master Development Plan, including the eastern five acres of the subject site, from PR-OS (Parks/Recreation/Open Space) to PCD (Planned Community Development). The Planning Commission and staff recommended approval.

Most Recent Change of Ownership	
12/22/09	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses
There are no building permits or business licenses related to the subject site.

Pre-Application Meeting	
06/02/10	A pre-application meeting was held with the applicant's representative. The following items were discussed: • The applicant originally requested a variance to allow reductions in setbacks for the proposed residential products, but this is no longer necessary. Setbacks can be met by the latest proposal. • The actual density of the proposed development is equivalent to the L designation; however, RSL standards will be applied, as this designation allows up to 15 dwelling units per acre. • Provide floor plans and elevations of the different residential models • Provide the Cliff's Edge Design Review Committee approval letter with the submittal. • Project must conform to Cliff's Edge community theme requirements. • Waiver of Title 18.12.060 for internal intersection offset distance is required, and Traffic Engineer approval needed to allow one access point for more than 100 lots as required by Title 18.12.070

Neighborhood Meeting
A neighborhood meeting is not required, nor was one held.

Field Check	
06/24/10	A field check of the site was conducted, where the following items were noted: • The area is free of trash and debris. • The property slopes from north to south and from west to east. • There is a large swale on the site just north of Centennial Parkway.

ANALYSIS

The tentative map depicts 106 lots ranging in size from 4,478 square feet to 10,315 square feet, with an average gross density of 5.23 dwelling units per acre. The site is expected to be mapped in two phases, with Phase I comprising the east half of the site. Site access is provided from one non-gated entrance on the north side of Centennial Parkway. Site circulation is provided by 37-foot wide private streets, with the exception of a 60-foot wide entry street. Two of the east-west streets terminate in dead-end stubs, connected by a 37-foot wide pedestrian and utility easement. These stubs essentially function as driveways serving one lot each and should not pose a hazard for emergency and refuse vehicle access. Furthermore, development standards in effect at the time of adoption of this Master Plan allowed stub streets, and their use is common within the community. The developer has cooperated with staff in minimizing the number of stub locations initially proposed, thus reducing the magnitude of the requested waiver. Therefore staff can support the requested waiver in this case.

The intersections of the entry street and Caillou Avenue and of Elmo Street and Caillou Avenue are offset approximately 66 feet, which is a 47 percent deviation from the Title 18.12 standard of 125 feet. However, traffic counts at these intersections are expected to be low and conflicts will be minimal. The proposed alignment of the streets will allow the entrance to the subdivision to closely align with the existing entrance to the residential development on the south side of Centennial Parkway. The associated waiver can therefore be supported.

Development standards are dictated by the Cliff's Edge Design Guidelines. The design of streets, lots, buildings and structures, including walls, are reviewed for compliance with these standards by the Cliff's Edge Design Review Committee prior to submittal to the city of Las Vegas. Detached single-family residential building products feature two one-story and four two-story plans. Community walls are located along Puli Road, Centennial Parkway and Shaumber Road and will have a proposed combined height of no taller than seven feet three inches as viewed from the street side of the wall. The development complies with density, community theme, common open space, parking and setback requirements relevant to the RSL (Residential Small Lot) land use designation; therefore, staff recommends approval of the request.

SUBJECT: Revised Justification Letter for Pardee Homes Providence POD 307 Tentative Map and Waiver

Slater Hanifan Group, on behalf of the applicant, Pardee Homes of Nevada, respectfully submits this justification letter in support of the subject Tentative Map and Waiver application for the subject development. The purpose of this request is to develop a 106 lot development on approximately 20 gross acres within POD 307 of the Providence Master Development (formerly known as Cliff's Edge). The proposed layout is for all single family detached residences located at Centennial Parkway and Shaumber Road. The Assessor's Parcel Number: 126-24-410-002

The land use for POD 307 in the approved master plan is Residential Small Lot (RSL) development for up to 15 du/ac but this proposed development is more in line with the Low Density classification (<5.5 du/ac) per Cliffs Edge design guidelines. The development standards for the RSL (Mini-Lot conventional) will still be utilized for this development.

There are two waivers being requested. The first waiver is to reduce the interior street intersection offset to 66' from 125' per Section 18.12.160 of the Code. This occurs at the first street just east of the entrance of the subdivision. At the pre-submittal meeting, Rick Schroder requested that the entrance off Centennial be shifted in order to get the street offset to 10' from the apartment complex's entrance on the south side of Centennial. In order to accomplish this, it created the reduced offset on the internal private street. The reduced internal street offset was less of an issue than having the main entrances off Centennial be misaligned. This request has been met and is reflected on the tentative map. The second waiver is for the use of three minor stub streets for utility and grading purposes per Section 18.12.110 of the Code. Two of the stub streets are located on the northern street to allow the lots to be rotated so that they line up better with the existing pads in the Ryland Homes project and step down with the natural grade to alleviate grading/retaining wall issues. The third stub street is parallel to Shaumber Road in the southeast corner of the site and is needed for the

RE: Providence Master Plan Community
Project Plan: Tentative Map Submittal
POD: 307
Plan Date: 6/14/10

Dear Dan:

The Providence Design Review Committee (DRC) is in receipt of your Tentative Map submittal for the aforementioned POD.

The DRC approves your Tentative Map for POD 307.

Unless specifically waived, all elements within Providence must comply with the terms and conditions of the Design Guidelines and other governing documents. The approval granted herein applies only to the specific items as noted above, and does not constitute an approval of every specific element of the submittal, nor does it constitute a waiver of Providence's rights to enforce compliance with the Design Guidelines and other governing documents. Should an element of the submittal not comply with the Design Guidelines or other governing documents, and is not specifically approved, Providence reserves all of its rights with respect to enforcement of the terms and conditions of such documents as to the non-conforming element. All non-conforming elements must be specifically noted and a specific waiver must be submitted with respect thereto.

If you have any questions, please do not hesitate to contact our office.

Sincerely,
Providence Design Review Committee

** STAFF REPORT **

PROJECT DESCRIPTION

This application is a request to amend a 1.76 acre portion of the Southeast Sector Plan of the General Plan from C (Commercial) land use designation to the PF (Public Facilities) land use designation for an existing Public School, Primary at 1300 Pauline Way. The proposed PF (Public Facilities) land use designation will ensure consistency between the uses, zoning district and land use designation; therefore, staff is recommending approval of the subject General Plan Amendment application. If denied, the existing General Plan designation will remain inconsistent with the existing zoning district.

ISSUES

- The C (Commercial) land use designation is inappropriate for the current uses and zoning district on the site. Approval of a General Plan Amendment to PF (Public Facilities) will ensure consistency between the uses, zoning district and land use designation.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc
There are no related relevant City actions for the subject site

Most Recent Change of Ownership	
12/30/63	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses	
c.1952	The elementary school was constructed in 1952.

Pre-Application Meeting
A pre-application meeting was done internally, as the applicant is the City of Las Vegas.

Neighborhood Meeting	
06/30/10	A neighborhood meeting was held at 6:00 p.m. at the Crestwood Elementary Multipurpose Room, 1300 Pauline Way, Las Vegas, Nevada 89104. The members of the public who attended did not have issues with the change in the land use designation of the property. However, the following neighborhood issues were presented to staff: • The principal of the school locks the gates of the parking lot on Pauline Way in the morning so that parents have to drop off their children in the street. • The Wengert Avenue right-of-way is poorly maintained, and the sidewalk on the south side of the street should be completed. • The blue canvas shade structures over the playground block neighbors' views of the mountains and should be a "desert-neutral" color instead. • The city should repair the sidewalk on 17th Street, as it presents a tripping hazard. • Nevada Energy should do a better job of maintaining the powerline easement (trash, weeds, etc.).

Field Check	
06/24/10	During a field check staff observed a well maintained elementary school.

ANALYSIS

This request would amend the General Plan land use designation of the subject site from C (Commercial) to PF (Public Facilities). There are no changes proposed regarding the use or configuration of the subject site. The amendment to the General Plan land use designation to PF (Public Facilities) will ensure consistency between the zoning district and land use designation; therefore, staff is recommending approval of this request.

FINDINGS (GPA-38526)

Section 19.18.030(I) of the Las Vegas Zoning Code requires that the following conditions be met in order to justify a General Plan Amendment:

1. **The density and intensity of the proposed General Plan Amendment is compatible with the existing adjacent land use designations,**

   The proposed PF (Public Facility) designation allows for a Public School, Primary that is currently located on the site and is compatible with the adjacent land use designations.

2. **The zoning designations allowed by the proposed amendment will be compatible with the existing adjacent land uses or zoning districts,**

   The current zoning of C-V (Civic) allows for Public School, Primary and is compatible with existing adjacent zoning districts.

3. **There are adequate transportation, recreation, utility, and other facilities to accommodate the uses and densities permitted by the proposed General Plan Amendment; and**

   The site is accessed from Pauline Way and Wengert Avenue; both are 60-foot Rights-of-Way. These thoroughfares are capable of accommodating the traffic flow for the proposed General Plan Amendment.

4. **The proposed amendment conforms to other applicable adopted plans and policies that include approved neighborhood plans.**

   There are no other applicable adopted plans and policies that affect the subject site.

RE: Application GPA-38526
Assessors Parcel Number 162-02-501-001

Dear Mr. Gebeke:

In regard to this parcel, staff has determined that the existing General Plan designation and zoning classifications are inconsistent. In order to resolve this inconsistency and ensure that future development is compatible with existing development, staff is proposing to change the General Plan Designation of this site to PF (Public Facility). Please call me at 229-6882 with any questions.

PROJECT DESCRIPTION

The 2.54-acre subject site consists of an existing Community Recreational Facility (Public) located at 800 North Martin L. King Boulevard. The subject site is within the C-V (Civic) zoning district but maintains an incongruent C (Commercial) land use designation. This application is a request to amend a portion of the Southeast Sector Plan of the General Plan from the existing C (Commercial) land use designation to the PF (Public Facilities) land use designation, which is consistent with the existing C-V (Civic) zoning district. Therefore, staff is recommending approval.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
03/13/63	The Board of Commissioners approved a request to Rezone (Z-0142-62) the subject property from R-E (Residence Estates) to R-4 (Medium High Density Residential).
03/07/00	The Board of Zoning Adjustment approved a request for a Variance (V-0001-00) to allow 47 parking spaces where 70 parking spaces is the minimum allowed for a Community Recreational Facility (Public) on the subject site.
03/21/00	The Planning and Development Department administratively approved a Minor Site Development Plan Review [Z-0054-70(2)] on property located at 800 North Martin L. King Boulevard for a proposed 3,307 square foot addition to the existing 33,164 square foot Community Recreational Facility (Public).

Most Recent Change of Ownership	
03/02/60	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses	
11/08/96	A building permit (#96022510) was issued for a new community center at 880 North Martin L King Boulevard under plan check C-0218-96. This permit was finaled on 05/20/1997.

Pre-Application Meeting	
06/15/10	Staff conducted pre-application meeting to review the submittal requirements for the General Plan Amendment.

Neighborhood Meeting	
06/29/10	A neighborhood meeting was held on Tuesday, June 29, 2010 at 6:00 p.m. at the Dula Gymnasium Dance Room, 441 East Bonanza Road, Las Vegas. No members of the public attended the meeting.

ANALYSIS

The request will not result in any substantial change to the site. The proposed land use designation will bring the existing C-V (Civic) zoning district into conformance with the proposed PF (Public Facilities) General Plan Designation, which allows public and semi-public facilities and is appropriate for the existing Community Recreation Center. The request will not affect the current use of the site, nor will it impact the West Las Vegas Plan area.

FINDINGS (GPA-38527)

Section 19.18.030(I) of the Las Vegas Zoning Code requires that the following conditions be met in order to justify a General Plan Amendment:

1. **The density and intensity of the proposed General Plan Amendment is compatible with the existing adjacent land use designations,**

   The proposed PF (Public Facilities) land use designation allows for community centers that are currently located on the site and is compatible with the adjacent land use designations.

2. **The zoning designations allowed by the proposed amendment will be compatible with the existing adjacent land uses or zoning districts,**

   The PF (Public Facilities) land use designation allows for the C-V (Civic) zoning district and is compatible with existing adjacent zoning districts.

3. **There are adequate transportation, recreation, utility, and other facilities to accommodate the uses and densities permitted by the proposed General Plan Amendment; and**

   The site is at the intersection of two Primary Arterial roads as indicated on the Master Plan of Streets and Highways map. The area is fully developed and can accommodate the community centers currently located at the site.

4. **The proposed amendment conforms to other applicable adopted plans and policies that include approved neighborhood plans.**

   The proposed amendment will not affect the West Las Vegas Plan area in that the use of the existing Community Recreation Center will remain unchanged.

RE: Application GPA-38527
Assessors Parcel Number 139-28-701-001

Dear Mr. Gebeke:

In regard to this parcel, staff has determined that the existing General Plan designation and zoning classifications are inconsistent. In order to resolve this inconsistency and ensure that future development is compatible with existing development, staff is proposing to change the General Plan Designation of this site to PF (Public Facility). Please call me at 229-6882 with any questions.

PROJECT DESCRIPTION

This application is a request to amend a 5.20 acre portion of the Southeast Sector Plan of the General Plan from L (Low Density Residential) land use designation and PR-OS (Parks/Recreation/Open Space) to the PF (Public Facilities) land use designation at 6230 Garwood Avenue and 6200 Hargrove Avenue. The proposed PF (Public Facilities) land use designation will ensure consistency between the uses, zoning district and land use designation; therefore, staff is recommending approval of the subject General Plan Amendment application. If denied, the existing General Plan designation will remain inconsistent with the existing zoning district.

ISSUES

- The L (Low Density Residential) and PR-OS (Parks/Recreation/Open Space) land use designations are inappropriate for the current uses and zoning district on the site. Approval of a General Plan Amendment to PF (Public Facilities) will ensure consistency between the uses, zoning district and land use designation.

ANALYSIS

This request would amend the General Plan land use designation of the subject site from L (Low Density Residential) and PR-OS (Parks/Recreation/Open Space) to PF (Public Facilities. There are no changes proposed regarding the use or configuration of the subject site. The amendment to the General Plan land use designation to PF (Public Facility) will ensure consistency between the zoning district and land use designation; therefore, staff is recommending approval of this request.

FINDINGS (GPA-38528)

Section 19.18.030(I) of the Las Vegas Zoning Code requires that the following conditions be met in order to justify a General Plan Amendment:

1. **The density and intensity of the proposed General Plan Amendment is compatible with the existing adjacent land use designations,**

   The proposed PF (Public Facility) designation allows for a Community Recreational Facility (Public) that is currently located on the site and is compatible with the adjacent land use designations.

2. **The zoning designations allowed by the proposed amendment will be compatible with the existing adjacent land uses or zoning districts,**

   The current zoning of C-V (Civic) allows for Community Recreational Facility (Public), Primary and is compatible with existing adjacent zoning districts.

3. **There are adequate transportation, recreation, utility, and other facilities to accommodate the uses and densities permitted by the proposed General Plan Amendment; and**

   The site is accessed from Elton Avenue, Hargrove Avenue and Garwood Avenue which are a 60-foot Right-of-Way. These thoroughfares are capable of accommodating the traffic flow for the proposed General Plan Amendment.

4. **The proposed amendment conforms to other applicable adopted plans and policies that include approved neighborhood plans.**

   There are no other applicable adopted plans and policies that affect the subject site.

RE: Application GPA-38528
Assessor's Parcel Numbers 138-35-501-010, 011 and 017

Dear Mr. Gebeke:

In regard to these parcels, staff has determined that the existing General Plan designation and zoning classifications are inconsistent. In order to resolve this inconsistency and ensure that future development is compatible with existing development, staff is proposing to change the General Plan Designation of these parcels to PF (Public Facility). Please call me at 229-6882 with any questions.

** STAFF REPORT **

PROJECT DESCRIPTION

This is a request to amend a portion of the Southeast Sector Plan of the General Plan from LI/R (Light Industrial/Research) to PF (Public Facilities) on 14.4 acres at 245 North Pecos Road. There is a companion request for a Rezoning (ZON-38530) from M (Industrial) to C-V (Civic). The subject property has contained an elementary school since 2006. In 2009, Ordinance 6041 was adopted, requiring a Special Use Permit for a primary school in the M (Industrial) zoning district. As a result, the existing use of the site is legally non-conforming. The PF (Public Facilities) General Plan designation as well as the proposed C-V (Civic) zoning district are intended for public uses such as schools, and is compatible and harmonious with the surrounding area; therefore, staff recommends approval. If these applications are denied, the General Plan designation would remain LI/R (Light Industrial/Research), the zoning would remain M (Industrial) and the existing use would remain as a legally non-conforming use.

ISSUES

- The proposed General Plan Amendment request must be approved in order for the requested Rezoning to C-V (Civic) to be approved.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
09/03/03	The City Council approved a Special Use Permit (SUP-2322) for a proposed Public School, Primary at 245 North Pecos Road. The Planning Commission and staff recommended approval of this request.

ANALYSIS

The applicant is proposing to Rezone the site from M (Industrial) to C-V (Civic), and to amend the General Plan designation from LI/R (Light Industry/Research) to PF (Public Facilities). The proposed General Plan Amendment and Rezoning are appropriate, as the elementary school has been located on the southern portion of the subject property since 2006. The northern portion is undeveloped at the present time. Proposed General Plan designation and Zoning district are more appropriate for the existing use as they are intended for public uses such as schools, therefore, staff recommends approval. If these applications are denied the existing use would remain non-conforming to the current Zoning and General Plan designation.

FINDINGS (GPA-38529)

Section 19.18.030(I) of the Las Vegas Zoning Code requires that the following conditions be met in order to justify a General Plan Amendment:

1. **The density and intensity of the proposed General Plan Amendment is compatible with the existing adjacent land use designations,**

   The intensity of the proposed PF (Public Facilities) General Plan designation is compatible with the existing adjacent LI/R (Light Industry/Research), ML (Medium Low Density Residential) and PF (Public Facilities) land use designations.

2. **The zoning designations allowed by the proposed amendment will be compatible with the existing adjacent land uses or zoning districts,**

   The proposed General Plan designation allows for the special purpose zoning district of C-V (Civic). This district is compatible with the existing adjacent land uses and zoning districts and will act as a buffer for the R-MHP (Residential Mobile/Manufactured Home Park) District to the east.

3. **There are adequate transportation, recreation, utility, and other facilities to accommodate the uses and densities permitted by the proposed General Plan Amendment; and**

   Access to the site is provided by Pecos Road, a 100-foot Primary Arterial as designated by the Master Plan of Streets and Highways. The subject property is located within an area of the City where all utilities, fire and police services are currently in place and available. Therefore, there are adequate facilities available to accommodate the uses and densities permitted by the proposed General Plan Amendment.

4. **The proposed amendment conforms to other applicable adopted plans and policies that include approved neighborhood plans.**

   No applicable plans are affected by this request.

FINDINGS (ZON-38530)

In order to approve a Rezoning application, pursuant to Title 19.18.040, the Planning Commission or City Council must affirm the following:

1. **The proposal conforms to the General Plan.**

   The proposed C-V (Civic) zoning district conforms to the proposed PF (Public Facilities) General Plan designation.

2. **The uses which would be allowed on the subject property by approving the rezoning will be compatible with the surrounding land uses and zoning districts.**

   The proposed C-V (Civic) zoning district will allow public facilities development that is compatible with the surrounding land uses and zoning districts.

3. **Growth and development factors in the community indicate the need for or appropriateness of the rezoning.**

   The proposed Rezoning is appropriate, as a school has been an existing use on the subject property since 2006.

4. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed zoning district.**

   Access to the site is provided by Pecos Road, a 100-foot Primary Arterial, as designated by the Master Plan of Streets and Highways. The site will be sufficiently served by existing roadway facilities.

PROJECT DESCRIPTION

The subject site consists of two undeveloped parcels totaling 2.14 acres on the west side of Lamb Boulevard, approximately 285 feet north of Bonanza Road. The two parcels are currently zoned R-E (Residence Estates) and are bound by commercial properties to the north, south and west. The applicant is requesting a Rezoning from R-E (Residence Estates) to C-1 (Limited Commercial) on these parcels that will be in conformance with the existing General Plan designation of SC (Service Commercial) and allow for similar commercial uses on the site. Because the proposed C-1 (Limited Commercial) zoning district conforms to the existing SC (Service Commercial) General Plan designation for the site and the commercial uses that would be allowed on the site as a result of rezoning are appropriate for the area, staff recommends approval. If denied, the site will remain zoned R-E (Residence Estates), the zoning designation will remain inconsistent with the existing land use designation and no commercial uses may exist on the property except for those allowed by Title 19.

ISSUES

- The current General Plan is SC (Service Commercial). Rezoning to C-1 (Limited Commercial) will allow for conformance with the General Plan.
- This segment of Lamb Boulevard is in a high traffic area and is more appropriate for commercial uses than residential uses.

ANALYSIS

If approved, this request would rezone the subject site from R-E (Residence Estates) to C-1 (Limited Commercial). The proposed rezoning would conform to the existing SC (Service Commercial) General Plan land use designation on this lot. Rezoning of this lot is appropriate, as this segment of Lamb Boulevard, an arterial street, is no longer suitable for continuation of low density residential uses due to increased traffic volumes. In addition, all other lots on this block have been zoned for commercial uses since 2000; therefore, the proposed zoning would be compatible with surrounding zoning districts and land uses. Staff therefore recommends approval.

FINDINGS (ZON-38618)

In order to approve a Rezoning application, pursuant to Title 19.18.040, the Planning Commission or City Council must affirm the following:

1. **The proposal conforms to the General Plan.**

   The proposed Rezoning to C-1 (Limited Commercial) will bring the subject properties into conformance with the Southeast Sector Plan of the General Plan, which currently designates the properties SC (Service Commercial).

2. **The uses which would be allowed on the subject property by approving the rezoning will be compatible with the surrounding land uses and zoning districts.**

   The uses allowed in the proposed C-1 (Limited Commercial) District are appropriate for this area, which is developed with predominantly retail and office commercial uses also zoned C-1 (Limited Commercial), especially on the west side of Lamb Boulevard.

3. **Growth and development factors in the community indicate the need for or appropriateness of the rezoning.**

   The undeveloped subject parcels are sandwiched between developed commercial properties, and rezoning would allow for commercial development of the site consistent with the neighboring parcels.

4. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed zoning district.**

   Lamb Boulevard, a 100-foot Primary Arterial street, provides access to the properties. This street provides adequate capacity to meet the needs of development on the subject parcels.

RE: APN: 140-30-803-006 and 007
Rezoning Application

Dear Staff:

Our client, Teamsters Union Local 631, owns two contiguous properties immediately to the south of their business offices located at 700 N. Lamb Boulevard. These undeveloped properties are currently unaddressed and are legally described as APN 140-30-803-006 and 007.

The 2.14-acre subject site is currently designated as Service Commercial in the City's General Plan. We wish to apply for a conforming rezoning from R-E (Residence Estates) to C-1 (Limited Commercial). We respectfully request that this rezoning application be considered by Planning Commission on July 29 and by City Council on September 1.

Approval of this rezoning will enable the owners to seek approval of a Site Development Plan Review for a training center on the subject site. This facility would enable the Union to train employees of the companies that employ union workers in the assembly and disassembly of convention center displays and signage. Such a project would be considered as a Trade School per Title 19. This use is a Permitted Use in the C-1 District, and as such would be consistent with the General Plan and with Title 19.

This project will be funded in part by a HUD Economic Development Initiative Grant, and will enable the Union to provide a more effective and efficient training service to its members than is currently provided in leased accommodations across the City. It is a logical and compatible addition to this immediate area, which features a number of labor union offices, such as the Plumbers and Pipefitters, the IBEW and the teamsters, as well as the individual training centers for these unions.

Thank you for your assistance and cooperation in making this quality project a reality.

Respectfully submitted,

Gary Leobold, AICP
Aptus Architecture

** STAFF REPORT **

PROJECT DESCRIPTION

This request is for a Special Use Permit for a proposed Secondhand Dealer (Jewelry) use within an existing General Retail Establishment at 1444 East Charleston Boulevard. The Secondhand Dealer (Jewelry) use would allow the applicant to buy and to sell used jewelry. The proposed use can be conducted in a manner that is harmonious and compatible with the surrounding uses; therefore, staff recommends approval of this request. If this application is denied, the proposed Secondhand Dealer use cannot be located within the subject tenant space, nor can a business license be obtained for the use at this location.

ISSUES

- A site visit by staff and noted that a window signage was observed and exceeded the 25 percent coverage allowed pursuant to Title 19.14.

**The subject site meets the Title 19.10.010 (c) requirements for a Parking Impaired Development.*

ANALYSIS

The applicant is proposing to establish a Secondhand Dealer use within an existing General Retail Establishment. The applicant is proposing to buy and sell used jewelry, which is consistent with the Secondhand Dealer use defined in Title 19.04.

The subject property was constructed in 1964 and is a parking impaired development pursuant to Title 19.10.010. The current use at 1444 East Charleston Boulevard is a General Retail Store which required four parking spaces. The proposed Secondhand Dealer use requires one space per 250 square feet of gross floor area, or three parking spaces. As the proposed Secondhand Dealer use requires fewer parking spaces than the General Retail Establishment use, no parking variance is required. A site visit was conducted by staff noted a window signage was observed and exceeded the 25 percent coverage allowed pursuant to Title 19.14. A condition of approval has been added to address the window signage. The addition of a Secondhand Dealer within this site can be conducted in a manner that is harmonious and compatible with the surrounding uses; therefore, staff recommends approval.

FINDINGS (SUP-38275)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed land use is compatible with the C (Commercial) General Plan designation and is located within an existing General Retail Establishment. The proposed use can be conducted in a manner that is harmonious and compatible with the surrounding uses.

2. The subject site is physically suitable for the type and intensity of land use proposed.

The proposed Secondhand Dealer use will be in conjunction within General Retail Establishment, which is physically suitable for the type and intensity of the land use proposed.

3. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.

The site is accessed by Charleston Boulevard, a 100-Foot Primary Arterial as designated in the Master Plan of Streets and Highways. These streets are of sufficient size to accommodate the needs of the proposed Secondhand Dealer use.

4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.

Approval of the Special Use Permit will not compromise the public health, safety, or welfare as the proposed Secondhand Dealer use will be subject to regular inspections for business licensing.

5. The use meets all of the applicable conditions per Title 19.04.

The proposed Secondhand Dealer use complies with the conditions per Title 19.04. The parking requirement for the proposed use is one space per 250 square feet of the gross floor area. The proposed Secondhand Dealer use requires less parking than the existing General Retail Store.

RE: Worldwide A's Jewelry LLC
Letter of Justification for a Special Use Permit/Second Hand Dealer/Jewelry Class III

Location: 1444 E Charleston BLVD Las Vegas, NV 89104
650sqft

Sir/Madam:

Hello, I am sending this letter to justify our intentions in obtaining a special use permit to be able to operate Second Hand Dealer / Jewelry Class III. Therefore, please allow me to share my goals with you in creating a difference in our community and environment.

Due to the downturn of our economy and our market's consistent decline, it has been especially difficult for many to make ends meet. Hence, having an alternative for our community to buy or sell the jewelry that they no longer use can help them significantly as gold prices are increasingly daily. We are going to buy, sell and trade used articles. In addition, we are also buying precious metal and broken jewelry to be melted in the form of cash.

Such operation will be managed by me, the owner, Lilibeth Gonzales with the help of my son, Mark Gonzales. No additional employees needed to fulfill the position needed for the license requested. The hours of operation will be from Monday – Saturday from 10am to 7pm, and Sundays from 10am to 6pm. We will be incorporating the permit requested in conjunction with our current license issued for the sale and service of wireless and other communication devices.

The demand for gold and other various metals are far more than what we are able to supply. Ergo, compensating our community for buying their scrap gold not only helps them, but it also helps our environment by saving our natural resources.

Most of the gold that comes from the United States is mined from our great state, Nevada. Study shows that the Mines consume more water than all of our State's population combined; not to mention, the distress it brings our planet and animal life when the chemicals and solvents are drained and discarded in our ecosystem. So, we are seeking the approval of your office to issue a special use permit on our behalf.

Hoping for your kind consideration. Your immediate attention is greatly appreciated. Thank you.

Lilibeth Gonzales

** STAFF REPORT **

PROJECT DESCRIPTION

This application is a request for a Special Use Permit to allow an 81 square-foot Accessory Package Liquor Off-Sale use within an existing 14,820 square-foot Retail Establishment located at 6495 North Decatur Boulevard. This location is more than 400 feet from any church, school, child care facilities or city parks and thus no waivers are required. The proposed use is less than 10% of the total retail floor space of the establishment and will not add additional parking space requirements. The Accessory Package Liquor Off-Sale use can be conducted in a harmonious and compatible manner within the existing retail establishment and with the adjacent commercial uses. Staff recommends approval. If denied, the sale of packaged liquor at this location will not be allowed and cannot be licensed.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
08/25/97	The City Council approved a General Plan Amendment (GPA-0027-97) to change the land use from DR (Desert Rural Density Residential) to SC (Service Commercial) and a Rezoning (ZON-0062-97) from R-E (Residence Estates) to C-1 (Limited Commercial) at the northwest corner of Centennial Parkway and Decatur Boulevard. Planning Commission recommended approval on 07/24/1997.

ANALYSIS

This site location does not have any churches, schools, child care facilities or city parks within the required 400-foot distance separation radius. No additional parking will be required for this use. The sale of alcoholic beverages is ancillary to the retail use and is devoted to less than 10% of the gross retail floor area. The proposed use meets minimum requirements of Title 19.04 and can be conducted in a manner that is harmonious and compatible with the surrounding uses; staff therefore recommends approval of this request.

FINDINGS (SUP-38276)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

The proposed Retail Establishment with Accessory Package Liquor Off-Sale use will be located within the existing General Retail Store. The proposed use can be conducted in a manner that is harmonious and compatible with the use in the existing site and with the commercial uses on adjacent properties.

2. The subject site is physically suitable for the type and intensity of land use proposed.

The subject site is physically suitable for the type and intensity of the proposed use. There is no additional parking requirement for a Retail Establishment with Accessory Package Liquor Off-Sale use other than that which is required for the principal use.

3. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.

Site access is provided from Decatur Boulevard, a 100-foot Primary Arterial as designated in the Master Plan of Streets and Highways. This street is sufficient in size to accommodate the needs of the proposed use.

4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.

Approval of the proposed Special Use Permit will not compromise the public health, safety and general welfare, as the use will be subject to regular inspections for business licensing.

5. The use meets all of the applicable conditions per Title 19.04.

The proposed use will be located within an existing Retail Establishment and complies with the minimum Special Use Permit requirements. The use will devote less than 10% of the gross floor space within the existing General Retail Store for the sale of alcoholic beverages and meets all distance separation requirements.

RE: ***Application for Special Use Permit***

To Whom It May Concern:

I am writing on behalf of Walgreen Co. in support of the application for a special use permit for the addition of 81 square feet of accessory "off-sale" packaged beer, wine, and liquor at the premises of Walgreens at 6495 North Decatur Boulevard. The location is currently operating and licensed as a drug store.

This location is zoned C-1, Limited Commercial. The proposed sale of packaged liquor will not adversely affect surrounding properties, as this store is located within a large commercial complex on a major thoroughfare and is abutted by Interstate 215. There are other businesses in the general area that sale alcohol, so the proposed use would not be unique to the area. The location also currently complies with all other requirements pursuant to the City of Las Vegas Municipal Code.

With this special use permit, Walgreens will remain competitive with similar businesses by offering patrons the option to purchase packaged beer, wine, or liquor for consumption off-premises. Since this use is commonly found at similar drug and retail grocery stores in Las Vegas, there would be no variable impact on other businesses by allowing Walgreens to sell alcohol for the convenience of its customers.

SUP-38276

Walgreens will continue to maintain its high-level standard of operations, and the design, hours of operation, traffic generation, lighting, and noise at this location will remain unchanged with the issuance of a special use permit to allow for accessory packaged beer, wine, and liquor sales. Additionally, the 81 square foot space devoted to packaged beer, wine, and liquor sales is less than 1% of the overall retail floor area.

Furthermore, Walgreen Co. is a well-established national company with shares traded on the New York Stock Exchange. The company has over 60 stores in southern Nevada that maintain a low impact on neighboring properties.

As Walgreens is currently operating and the addition of packaged beer, wine, and liquor for sale is compatible with the surrounding area, we respectfully request a special use permit for the addition of 81 square feet of accessory "off-sale" packaged beer, wine, and liquor sales.

Please call me if you have any questions or need additional information.

Sincerely,

Jennifer Roberts

** STAFF REPORT **

PROJECT DESCRIPTION

This application is a request for a Special Use Permit to allow a 79 square-foot Accessory Package Liquor Off-Sale use within an existing 15,120 square-foot Retail Establishment located at 6001 West Cheyenne Avenue. This location is more than 400 feet from any church, school, child care facilities or city parks and thus no waivers are required. The proposed use is less than 10% of the total retail floor space of the establishment and will not add additional parking space requirements. The proposed use can be conducted in a harmonious and compatible manner within the existing retail establishment and with the adjacent commercial uses. Staff recommends approval. If denied, packaged liquor cannot be sold on the premises and the General Retail Establishment will remain.

ANALYSIS

This is a request for a Special Use Permit for a 79 square-foot Accessory Package Liquor Off-Sale use within an existing 15,120 square-foot General Retail Store. This site location does not have any churches, schools, child care facilities or city parks within the required 400-foot distance separation radius. The subject site is parking impaired and no additional parking will be required for this use. The sale of alcoholic beverages is ancillary to the retail use and is devoted to less than 10% of the gross retail floor area. The proposed use meets minimum requirements of Title 19.04 and can be conducted in a manner that is harmonious and compatible with the surrounding uses; staff therefore recommends approval of this request.

YK/MH

FINDINGS (SUP-38340)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed Retail Establishment with Accessory Package Liquor Off-Sale use will be located within the existing General Retail Store. The proposed use can be conducted in a manner that is harmonious and compatible with the use in the existing site and with the commercial uses on adjacent properties.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site is physically suitable for the type and intensity of the proposed use. There is no additional parking requirement for a Retail Establishment with Accessory Package Liquor Off-Sale use other than that which is required for the principal use.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Site access is provided from Cheyenne Avenue, a 100-foot Primary Arterial and Jones Boulevard, an 80-foot Secondary Collector as designated in the Master Plan of Streets and Highways. These streets are sufficient in size to accommodate the needs of the proposed use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   Approval of the proposed Special Use Permit will not compromise the public health, safety and general welfare, as the use will be subject to regular inspections for business licensing.

5. **The use meets all of the applicable conditions per Title 19.04.**

   The proposed use will be located within an existing Retail Establishment and complies with the minimum Special Use Permit requirements. The use will devote less than 10% of the gross floor space within the existing General Retail Store for the sale of alcoholic beverages and meets all distance separation requirements.

RE: ***Application for Special Use Permit***

To Whom It May Concern:

I am writing on behalf of Walgreen Co. in support of the application for a special use permit for the addition of 79 square feet of accessory "off-sale" packaged beer, wine, and liquor at the premises of Walgreens at 6001 West Cheyenne Avenue. The location is currently operating and licensed as a drug store.

This location is zoned C-1, Limited Commercial. The proposed sale of packaged liquor will not adversely affect surrounding properties, as this store is intersected by two major thoroughfares – Cheyenne and Jones – and is surrounded by commercial uses. There are other businesses in the general area that sale alcohol, so the proposed use would not be unique to the area. The location also currently complies with all other requirements pursuant to the City of Las Vegas Municipal Code.

With this special use permit, Walgreens will remain competitive with similar businesses by offering patrons the option to purchase packaged beer, wine, or liquor for consumption off-premises. Since this use is commonly found at similar drug and retail grocery stores in Las Vegas, there would be no variable impact on other businesses by allowing Walgreens to sell alcohol for the convenience of its customers.

SUP-38340 MAY 2 2010

Walgreens will continue to maintain its high-level standard of operations, and the design, hours of operation, traffic generation, lighting, and noise at this location will remain unchanged with the issuance of a special use permit to allow for accessory packaged beer, wine, and liquor sales. Additionally, the 79 square foot space devoted to packaged beer, wine, and liquor sales is less than 1% of the overall retail floor area.

Furthermore, Walgreen Co. is a well-established national company with shares traded on the New York Stock Exchange. The company has over 60 stores in southern Nevada that maintain a low impact on neighboring properties.

As Walgreens is currently operating and the addition of 79 square feet of packaged beer, wine, and liquor for sale is compatible with the surrounding area, we respectfully request a special use permit for the addition of accessory "off-sale" packaged beer, wine, and liquor sales.

Please call me if you have any questions or need additional information.

Sincerely,

Jennifer Roberts

** STAFF REPORT **

PROJECT DESCRIPTION

This is a request for a Special Use Permit for a Tavern-Limited Establishment use within an existing restaurant with seating for over 30 people with Beer/Wine/Cooler On-Sale at 611 Fremont Street, Suite #1. The restaurant is currently 1,800 square feet, with 950 square feet of dining area. The applicant is proposing to add 120 square feet of outdoor seating and dining area on the sidewalk along Fremont Street. The applicant will provide live entertainment a minimum of four nights per week. Staff recommends approval of this request, as it can be conducted in a manner that is compatible with the surrounding uses. If this application is denied, the restaurant with the existing Beer/Wine/Cooler On-Sale use would remain.

Projects located within the Las Vegas Downtown Centennial Plan area are not subject to the automatic application of parking requirements. However, the above table should be used to illustrate the requirements of an analogous project in another location in the City. The analysis should take a number of factors into consideration when discussing parking availability, including pedestrian access, nearby parking structures, on-street parking, etc.

ANALYSIS

The existing restaurant contains 850 square feet of kitchen/service area and 950 square feet of dining and seating area, with an additional proposed 120 square feet of outdoor dining and seating area, for a total of 1,920 square feet. The applicant will provide live entertainment a minimum of four nights per week. A Tavern-Limited Establishment use is defined by Title 19.20.020 as "an establishment that is licensed with a tavern-limited license in accordance with LVMC Chapter 6.50.

The proposed Tavern-Limited Establishment use is located in the Downtown Centennial Plan (Fremont East District) and the Entertainment Overlay District; as such, the parking standards of Title 19 are not automatically applied. The applicant is providing no on-site parking, but has two off-site parking lots adjacent to the subject property. Pedestrian access is provided to the subject site, via the sidewalks along Fremont Street. The proposed Tavern-Limited Establishment use meets all minimum Special Use Permit Requirements of Title 19.04. Staff recommends approval, as this use can be conducted in a manner that is compatible with surrounding uses.

FINDINGS (SUP-38581)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed use will be located within an existing restaurant. The proposed use can be conducted in a manner that is harmonious and compatible with the use in the existing site and with the uses on adjacent properties.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site is physically suitable for the type and intensity of the proposed use. The proposed Tavern-Limited Establishment use is located in the Downtown Centennial Plan (Fremont East District) and the Entertainment Overlay District; as such, the parking standards of Title 19 are not automatically applied.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

Site access is provided from Fremont Street, an 80-foot Secondary Collector as designated in the Master Plan of Streets and Highways and 7th Street, an 80-foot right-of-way. These streets are sufficient in size to accommodate the needs of the proposed use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   Approval of the proposed Special Use Permit will not compromise the public health, safety and general welfare, as the use will be subject to regular inspections.

5. **The use meets all of the applicable conditions per Title 19.04.**

   The proposed use will be located within the existing within an existing restaurant with seating for over 30 people with Beer/Wine/Cooler On-Sale and complies with the minimum Special Use Requirements for a Tavern-Limited Establishment use.

June 30, 2010

Dear Sirs,

The purpose of this letter is to request a Tavern-Limited License for our business, Mamita's Restaurant.

Mamita's Mexican and Cuban Restaurant has been an established restaurant in Las Vegas since 1985. In 1999, we, Maria and Jose Calvino, moved the restaurant to its current location at 611 Fremont Street, suite 1. The restaurant employs eight workers including cooks, dishwashers, delivery drivers and a wait staff. Our hours of operation are Monday thru Thursday from 10:00 am to 11:00 pm and Friday thru Sunday from 9:00 am to 2:00 am.

Mamita's currently has an Alcohol Beverage License allowing us to serve beer and wine (License # L09-00256-4-000499). With the City offering businesses in the downtown area origination fee waivers, Mamita's would like to take advantage of this opportunity. Mamita's is currently in good standing with the City of Las Vegas pertaining to all licenses for the restaurant operations (License # R09-00373-6-000499 and Health Permit # 179Z8-HH-8-01).

With the revitalization taking place in the Fremont East District, Mamita's has the ability to grown with the area. Mamita's has ample off-site parking behind the restaurant to accommodate this facility.

With the new Tavern-Limited License request, we acknowledge that live entertainment will be provided a minimum of four nights a week in accordance with the requirements of Las Vegas Municipal Code Title 6.50.250(B)(5).

Please consider Mamita's Restaurant for this Special Use Permit approval. We would like to grow and offer all of Las Vegas our hometown hospitality.

Thank you for this opportunity,

Maria Calvino

** STAFF REPORT **

PROJECT DESCRIPTION

This is a request for a Special Use Permit for a 4,324 square-foot Urban Lounge located at 1025 South 1st Street, which is located in the 18b Las Vegas Arts District. Currently, the space is an unoccupied 6,985 square-foot building. The proposed use requires no Waivers of Title 19 standards, meets all the Title 19.04 standards for an Urban Lounge and can be conducted in a manner that is harmonious and compatible with existing surrounding land uses; therefore, staff recommends approval. If this request is denied, the proposed use will not be permitted at this location and the building would remain vacant.

DEVELOPMENT STANDARDS

Per Title 19.04.010 and Title 6.50, the following standards apply:

Urban Lounge Requirements	Bar Seats	Lounge Seats (Required: 2 per bar seat)	Compliance
Urban Lounge	21	85	Y

ANALYSIS

This request is for a Special Use Permit to allow an Urban Lounge at 1025 South 1st Street. An Urban Lounge is defined by Title 19 as "an establishment that is licensed for the sale of alcoholic beverages for consumption on the premises where the same are sold, and the sale, to consumers only and not for resale, of alcoholic beverages in original sealed or corked containers, for consumption off the premises where the same are sold." To qualify as an Urban Lounge, the proposed use must meet all three minimum Special Use Permit requirements: the use must be within the boundaries of the Las Vegas Arts District; for each seat provided at the bar of the establishment, there must be a minimum of two seats within a lounge area located away from the bar; and the use is subject to the provisions of Chapter 6.50 relating to liquor control.

The proposed use is located at the northeast corner of Boulder Avenue and 1st Street. This area is within the boundaries of 18b, the Las Vegas Arts District. The total floor area of the proposed use is 4,324 square feet, seating 106 patrons. The floor plan shows twenty-one seats at the bar and eighty-five additional seats within the lounge area. This proposed floor plan meets the minimum requirements for a Special Use Permit.

Per Title 19.06.060, projects located within the Las Vegas Downtown Centennial Plan area are not subject to the automatic application of parking requirements. Parking for an Urban Lounge use is determined on a case-by-case basis. There is no on-site parking; parking will be accommodated on surrounding streets and within existing parking structures in the downtown area.

The proposed use meets all of the minimum Special Use Permit requirements of Title 19.04 for an Urban Lounge, and can be conducted in a manner that is harmonious and compatible with existing surrounding land uses. Therefore, staff recommends approval.

FINDINGS (SUP-38591)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed use can be conducted in a manner that is harmonious and compatible with the use in the existing site and with the uses on adjacent properties.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site is physically suitable for the type and intensity of the proposed use. The proposed Urban Lounge use is located in the Downtown Centennial Plan (18b Las Vegas Arts District); as such, the parking standards of Title 19 are not automatically applied. Parking for an Urban Lounge use is determined on a case-by-case basis.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Site access is provided from 1st Street and Boulder Avenue, both 80-foot rights-of-way. These streets provide adequate access to and from the subject property.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   Approval of the proposed Special Use Permit will not compromise the public health, safety and general welfare, as the use will be subject to regular inspections.

5. The use meets all of the applicable conditions per Title 19.04.

The proposed lounge meets all applicable requirements for an Urban Lounge and complies with the minimum Special Use Permit Requirements.

Re: Request for a Special Use Permit

Planning Department,

Archway Studios, a Brett Wesley company is pleased to announce the Artifice Urban Lounge located in the 18B Arts District. The lounge will be a dynamic blend art and entertainment to create a unique experience for locals and tourists alike. Artifice will be harmonious with the surrounding businesses and will feature local as well as international artists alike.

We are requesting a Special Use Permit for an Urban Lounge license located at 1025 First Street. The Urban Lounge is 4,324 square feet located within the eastern portion existing 6,985 square foot building. The proposed lounge will have a total occupant load of 181 with 21 seats at the bar and approximately 80 seats within the Urban Lounge.

Our goal is promote awareness, created new interest, and continued revitalization within the Arts District of Las Vegas.

Update:

We are resubmitting revised drawings of the site plan and the floor plan to clarify several issues for planning and development. On the floor plan we have labeled the bathrooms as "NEW", shaded in the separation wall and added the text "NEW SEPARATION WALL", added the walk in cooler and racks within the storage area, and revised the text in the storage area from "FOOD PREP AREA" to "STORAGE AREA". On the site plan we have added the separation wall and shaded out the portion of the building that we are not improving.

The label FOOD PREP AREA was an oversight as our intentions were to have this area used solely for storage of tables, chairs, racks, glassware, and the walk in cooler. We decided months ago to not have food as we wish to start operations by focusing on the beverage portion of our business. Until the time that we feel the Urban Lounge is successful we will not offer food and at that time we will approach the city about the possibility of serving food.

If you require any additional information or clarification feel free to contact me at (702) 595-2998.

Sincerely,

Steve Rubyor

VAC-38583	Staff recommends APPROVAL, subject to conditions:	N/A
SDR-38563	Staff recommends APPROVAL, subject to conditions:	VAC-38583

**** CONDITIONS ****

VAC-38583 CONDITIONS

1. The limits of this Petition of Vacation shall be all of the City of Las Vegas' interest in a 5-foot wide 220-foot long Public Utility Easement generally located east of Las Vegas Boulevard between McWilliams Avenue and Wilson Avenue. This action will vacate only City of Las Vegas interests, and does not affect the interests any other public utility company may have.

2. Reserve a 20-foot Public Sewer Easement over the existing public sewer line crossing the proposed area of Vacation. Alternatively, provide appropriate documentation acceptable to the City Engineer of the intent to reserve the 20-foot portion over the existing public sewer line crossing the proposed area of Vacation prior to the issuance of any building permits.

3. All development shall be in conformance with code requirements and design standards of all City Departments.

4. The Order of Vacation shall not be recorded until all of the conditions of approval have been met provided, however, that conditions requiring modification of public improvements may be fulfilled for purposes of recordation by providing sufficient security for the performance thereof in accordance with the Subdivision Ordinance of the City of Las Vegas. City Staff is empowered to modify this application if necessary because of technical concerns or because of other related review actions as long as current City

right-of-way requirements are still complied with and the intent of the vacation application is not changed. If applicable, a five foot wide easement for public streetlight and fire hydrant purposes shall be retained on all vacation actions abutting public street corridors that will remain dedicated and available for public use. Also, if applicable and where needed, public easement corridors and sight visibility or other easements that would/should cross any right-of-way or easement being vacated must be retained.

5. If the Order of Vacation is not recorded within one (1) year after approval by the City of Las Vegas or an Extension of Time is not granted by the Planning Director, then approval will terminate and a new petition must be submitted. This condition should always be the last condition.

SDR-38563 CONDITIONS

Planning and Development

1. Approval of and conformance to the Conditions of Approval for Vacation of a Public Utility Easement (VAC-38583) on this site.

2. Conformance to the Conditions of Approval for Rezoning (ZON-18755) and Site Development Plan Reviews (SDR-18751) and (SDR-37021), except as amended herein.

3. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.

4. All development shall be in conformance with the site plan, landscape plan, and building elevations, date stamped 06/15/10, except as amended by conditions herein.

5. A Waiver from 19.12.040(A) is hereby approved, to allow a zero-foot landscape buffer along a portion of the north and west perimeter where nine feet and 22 feet, respectively, had been approved.

6. An Exception from 19.12.040(B) is hereby approved, to allow 10 trees where 12 trees had previously been approved within perimeter buffer.

7. All signage shall be reviewed by the Downtown Design Review Committee and must adhere to the standards of the Las Vegas Scenic Byway Overlay District and Conditions of Approval for Site Development Plan Review (SDR-18751) prior to issuance of building permits for any signage.

8. Prior to occupancy, all necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Building and Safety Department.

9. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.

10. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications. The technical landscape plan shall include the following changes from the conceptual landscape plan: 50 five-gallon shrubs

shall be provided along the east perimeter landscape buffer fronting Encanto Drive.

11. Reflective glazing at the pedestrian level is prohibited. Glazing above the pedestrian level shall be limited to a maximum reflectance rating of 22% (as defined by the National Institute of Standards and Technology).

12. All mechanical equipment, air conditioners and trash areas shall be fully screened in views from the abutting streets.

13. All utility boxes exceeding 27 cubic feet in size shall meet the standards of LVMC Title 19.12.040.

14. Parking lot lighting standards shall be no more than 30 feet in height and shall utilize downward-directed lights with full cut-off luminaries. Lighting on the exterior of buildings shall be shielded and shall be downward-directed. Non-residential property lighting shall be directed away from residential property or screened, and shall not create fugitive lighting on adjacent properties.

15. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

16. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

17. Grant a 20-foot Public Sewer Easement over the existing public sewer line on this site. Alternatively, provide appropriate documentation acceptable to the City Engineer of the intent to reserve a 20-foot Public Sewer Easement over the existing sewer line prior to the issuance of any building permits. The proposed building shall not encroach into the public sewer easement area and the easement may be offset a distance (acceptable to the Collection Systems Planning Section of the Department of Public Works) from the center of the existing public sewer line to accommodate the proposed building.

18. Contact the City Engineer's Office at 229-6272 to coordinate the development of this project with the Neon Boneyard Park project, the Las Vegas Boulevard Widening project and any other public improvement projects adjacent to this site. Comply with the recommendations of the City Engineer.

19. Meet with the Flood Control Section of the Department of Public Works for assistance with establishing finished floor elevations and drainage patterns for this site prior to submittal of construction plans or the issuance of any building or grading permits, whichever may occur first. Provide and improve all drainageways as recommended.

20. Site development to comply with all applicable conditions of approval for SDR-18751 and all other site-related actions.

** STAFF REPORT **

PROJECT DESCRIPTION

The subject site, which is currently under construction for a proposed museum, is located at 770 North Las Vegas Boulevard. The Major Amendment is for a reduction of the proposed museum to a 3,373 square-foot where a 3,547 square-foot museum was previously approved and a waiver to allow a zero-foot perimeter landscape buffer where 15 feet is required along a portion of the north and west perimeters. A request to vacate of an existing five-foot wide public utility easement, which run through the proposed museum with a length of approximately 220-foot long between Las Vegas Boulevard and Encanto Drive. Staff can support the requested Major Amendment as the proposed site conforms to Title 19 Commercial Development Standards and the easement is unused and maybe remapped in a different configuration. If denied, the site must comply with the previously approved Site Development Plan Reviews (SDR-18751) and (SDR-37021).

ISSUES

- The previously approved landscape buffer widths will remain except for the portion of the north perimeter landscape buffer, which will decrease from nine feet to zero feet and the portion of the west perimeter landscape buffer will decrease from 22 feet to zero feet, for which a waiver is required.
- The provided landscape buffer trees are decreasing from 12 trees to 10 trees.
- A condition has been added requiring the applicant to provide 50 five-gallon shrubs along the east perimeter landscape buffer, as was approved through Site Development Plan Reviews (SDR-18751) and (SDR-37021).

LEGAL DESCRIPTION OF PROPOSED VACATION

The above property is legally described as a five-foot (5') wide public utility easement approximately 220-foot long between Las Vegas Boulevard and Encanto Drive, approximately 72 feet south of McWilliams Avenue. Said property is lying within a portion of Lot 1, the north forty-nine feet (49') of Lot 2, Lot 15 and Lot 16 of Biltmore Addition Annex Number 3.

ANALYSIS

The five-foot wide public utility easement extends approximately 220 feet between Las Vegas Boulevard and Encanto Drive. The proposed vacation will allow for continuity throughout the project in conjunction with the proposed Neon Museum. Since the five-foot wide public utility easement is no longer being utilized in its intended form, staff recommends approval of this request.

The site complies with all Title 19 requirements with the exception of required landscaping and waivers of the required perimeter landscape buffer. The previously approved Site Development Plan Reviews (SDR-18751) and (SDR-37021) addressed these landscaping concerns and the proposed Major Amendment increases the previously approved deficiencies; therefore, an additional Waiver and Exception requests are required. The proposed changes in landscaping include decreasing the provided landscape buffer trees from 12 trees to 10 trees. The other proposed changes to the site are the perimeter landscape buffer requirements to allow a zero-foot to the portion of the north and west perimeter landscape buffers where the north landscape buffer was at nine feet and west landscape buffer was at 22 feet.

The previously approved landscape plan indicates 338 five-gallon shrubs whereas the proposed landscape plan for this amendment indicates 290 five-gallon shrubs. A condition of approval will require revision of the landscape plan to include the required number of shrubs. The site as proposed will increase the previously approved landscaping deficiencies. The applicant is providing an enhanced site with the decrease in the building size. The elevation of the building will remain the same. The site is being revised to match the plans approved through the Historical Preservation Commission (HPC-37397) review.

FINDINGS (SDR-38563)

In order to approve a Site Development Plan application, per Title 19.18.050 the Planning Commission and/or City Council must affirm the following:

1. **The proposed development is compatible with adjacent development and development in the area;**

   The Neon Museum will be located in the Cultural Corridor along Las Vegas Boulevard, and will increase the cultural offerings in the area. While there are residential properties to the east of the site, adequate separation and buffers will be in place to minimize any conflicts

2. **The proposed development is consistent with the General Plan, this Title, the Design Standards Manual, the Landscape, Wall and Buffer Standards, and other duly-adopted city plans, policies and standards;**

   The proposed development is consistent with the Las Vegas 2020 Master Plan and the Downtown North Land Use Plan. The design of the facility is consistent with Title 19, as conditioned with approval of the requested waiver.

3. **Site access and circulation do not negatively impact adjacent roadways or neighborhood traffic;**

   The only driveway will be located on McWilliams Avenue, so as to minimize impacts to Las Vegas Boulevard and the residential neighborhood to the south of the site. This driveway will not be accessed by the public, but will primarily be used by employees to move display signage in or out the site.

4. **Building and landscape materials are appropriate for the area and for the City;**

   The proposed building materials and plant materials are appropriate for the area and for the city, and are consistent with the era of the relocated La Concha Motel building.

5. **Building elevations, design characteristics and other architectural and aesthetic features are not unsightly, undesirable, or obnoxious in appearance; create an orderly and aesthetically pleasing environment; and are harmonious and compatible with development in the area;**

   The proposed addition to the historic La Concha lobby is consistent with the original architecture of the structure; the materials and design of the proposed perimeter wall around the exterior of the site is appropriate to the era of the historic structure. The landscape materials are appropriate for the area and city.

6. **Appropriate measures are taken to secure and protect the public health, safety and general welfare.**

   The proposed plan will not impact public health, safety or welfare since the development will be subject to the International Building Code and City inspections during construction.

LETTER OF JUSTIFICATION

LA CONCHA REHABILITATION/NEON MUSEUM VISITORS CENTER – MAJOR AMENDMENT SDR 38563, VAC 38583

We are Submitting a Major Amendment to the Site Plan (easement vacation VAC 38583), Floor Plan (square footage changed) and Landscape plan to the SDR-37021. We are requesting the entire Public Utility Easement (PUE) of 220 feet long and 5 feet wide, located on the property that runs from east to west parallel to Mc William Drive be vacated, we are also requesting a landscape waiver to the north Nine feet to Zero feet and to the west 22 feet to Zero feet. The Neon Museum is requesting a review of this proposed project at 770 North Las Vegas Boulevard, Las Vegas, Nevada, 89101, APN13927805005 and 13927812045 with it's most current development, to provide for a visitors center for the Neon Museum's Neon Boneyard. This museum is a display of the historically relevant neon signage that relates to the history and development of the city of Las Vegas as well as the remainder of the Las Vegas valley. There is an existing shell building of 1,096 square feet and a proposed addition of 2,451 square feet for a total of 3,547 square feet. This building will serve as a public information center, public entry, administrative offices, restroom facilities and access point for the Neon Museum's "Neon Museum".

This project will house the Neon Museum, visitor's center and the Neon Boneyard. Within the confines of the visitor's center there will be the entry area to the facility, the general public areas which will contain information about the historic signage, ticket area and a small retail area. The addition will house the Neon Museum's administrative offices and restroom facilities. This building is then attached to a large, open area for the display of the historically relevant signage. Within the open signage area will be the sign displays, a public gathering area and general open area.

The proposed project supports the City's growth and development of the Las Vegas Boulevard North corridor development. It promotes the development of the downtown area, drawing both the local population and out of town visitor to this area. It is an additional element to the cultural development in the area and contributes to the cultural options for the citizenry.

Sincerely,

Cesar Solorzano,

RE: APN 140-29-510-021, Owens & Nellis

Dear Sir or Madam:

Please accept this letter as our request for a Special Use Permit to allow the existing Rapid Cash Payday & Auto Title Loan store to purchase gold on the premises (jewelry store, class III). Recently there have been several commercials on TV for gold purchase where the customer requests an envelope, places their broken or discarded gold jewelry in the envelope and send it to the company. In turn, the company sends the customer a check for approximately 10-15 cents on the dollar.

Rapid Cash would like to do something similar, only with more control and a better situation for the customer. The customer brings the jewelry to the store where it is weighed. The customer walks away with a check for approximately 50-55 cents on the dollar-5 times more than if they mailed it. Also, the customer has control because they actually hand it over to a person, not a post office. Also, every purchase is reported to Metro on a daily basis.

There is no resale of the jewelry; it is not a loan but a purchase of the jewelry for the gold. It will be an incidental use to the main business and is considered just another service for the customer. In addition, the applicant is requesting a major amendment to the special use permit for the financial institution, other to allow 24 hour operation at this location. Also, the parking required for this site at 1 space per 175 square feet is 13.48 spaces and the site has 14 spaces so no variance will be required. Please contact me with any questions regarding this matter. Thank you for your consideration in this matter.

Yours truly,

Lucy Stewart

Re: Gurdwara Baba Deep Singh (Sikh Temple) 6341 W Lone Mountain Road

Attn: Mr. Mike Howe

Per your instructions in the Pre-Ap meeting on Wednesday, June 23, 2010, it is respectfully requested by the Board of Directors of the owner, Gurdwara Baba Deep Singh JI (Shaheed), that items SUP-37930 - Special Use Permit & SDR-37929 - Site Development Plan Review scheduled to be heard at the July 29th, 2010, Planning Commission Meeting, be withdrawn without prejudice, in order to allow for the preparation of re-designed plans for this facility to be submitted.

I trust that this request will be granted and that the Owner's request to waive the requirement of additional submittal fees for the revised plans will be considered, per previous information received.

Sincerely,

Lee A Bigelow

Subject: ***Gurdwara Baba Deep Singh (Sikh Temple) 6341 W Lone Mountain Road Site Development Plan Review, Special Use Permit for Extension and Waiver in Development Standards***
APN Numbers 138-02-501-002 & 138-02-501-014

To Whom It May Concern:

On behalf of Las Vegas Sikh Community, we respectfully submit the subject application for your consideration. The proposed site currently Zoned R-E is approximately 3.12 Acre, generally located on 6341 W Lone Mountain Road and is bordered by a Baptist Church and Single Family Residence to the East, A Vacant Lot and Four Single Family Residences to the West, Lone Mountain Road to the North and Kraft Avenue to the South.

We intend to extend the existing Sikh Temple as necessitated by the growth of Sikh Community in Las Vegas area. The extension includes Building of approx. 5,300 sq. ft prayer hall. Ancillary facilities to the religious activities such as formal education programs, community kitchen and other recreational as well as social activities will constitute total proposed building area of approximately 24,200 sq. ft. The proposed extension shall be undertaken two phases as shown on plans. The proposed extension justifies Title 19 requirements in the following manner-

1) The site is suitable for type and intensity of the land use proposed.
2) The Proposed development is compatible with the Current Zoning and adjacent development
3) Site is directly accessed from Lone Mountain Road and do not negatively impact adjacent roadways and /or traffic. Onsite circulation also meets fire department standards
4) Building and landscaping materials are intended to blend with the surroundings.
5) Building design will create an aesthetically pleasing and desirable structure in the neighborhood
6) The overall design will meet with the public health, safety, welfare to the surrounding area as well as meet overall objectives of the City's General Plan, Policies and Standards.

A waiver in development standards is also requested for an existing concrete sidewalk, in the landscape area on west side of property, leading to the existing opening in the wall into the residence where the priest is living. A gate will be added in the opening.

Should you have any further questions, please do not hesitate to call at 702-287-0347

Sincerely,
Gurdwara Baba Deep Singh, Inc.

Re: Gurdwara Baba Deep Singh (Sikh Temple) 6341 W Lone Mountain Road

Attn: Mr. Greg Kapovich

Per our telephone conversation this morning, it is respectfully requested by the Board of Directors of the owner, Gurdwara Baba Deep Singh Jl (Shaheed), that adgenda items #44 (SUP-37930 - Special Use Permit) & #45 (SDR-37929 - Site Development Plan Review) of the May 27th, 2010, Planning Commission Meeting, be held in Abeyance until the 07/29/2010 meeting, in order to allow revisions and possible re-design to plans for this facility, prior to proceeding. This decision was made by the Owner's newly appointed administration.

I trust that this request will be granted with the understanding that additional notification fees will be required upon re-submittal of the new plans.

Sincerely,

Lee A Bigelow

Re: SUP-37930 & SDR-37929

This petition from the residents of Sierra Highlands and Eagle Trace residential tracts is to file a **strong formal protest** to the above actions.

In our opinion this is excessive in height for a residential area as well as big enough to house a casino. Many of the residents fought similar requests when they were made by the Canyon Ridge Christian Church. **NO EXCEPTIONS SHOULD BE MADE FOR THE SIKH TEMPLE.** Based on what appears to be minimal usage currently, these requests are excessive and inconsiderate of the surrounding residential community. Additionally, these requests indicate that a great deal of additional traffic would be imminent.

Re: Gurdwara Baba Deep Singh (Sikh Temple) 6341 W Lone Mountain Road

Attn: Mr. Mike Howe

Per your instructions in the Pre-Ap meeting on Wednesday, June 23, 2010, it is respectfully requested by the Board of Directors of the owner, Gurdwara Baba Deep Singh JI (Shaheed), that items SUP-37930 - Special Use Permit & SDR-37929 - Site Development Plan Review scheduled to be heard at the July 29th, 2010, Planning Commission Meeting, be withdrawn without prejudice, in order to allow for the preparation of re-designed plans for this facility to be submitted.

I trust that this request will be granted and that the Owner's request to waive the requirement of additional submittal fees for the revised plans will be considered, per previous information received.

Sincerely,

Lee A Bigelow

** STAFF REPORT **

PROJECT DESCRIPTION

The subject site is a one-lot commercial subdivision, a portion of which contains a self-service car wash at 3810 N. Jones Boulevard. The site is zoned C-1 (Limited Commercial), with a non-conforming General Plan designation of DR (Desert Rural Density Residential). The requested General Plan Amendment to SC (Service Commercial) will bring the existing zoning into conformance with the proposed General Plan designation, and applies to the entire commercial subdivision. Staff is recommending approval of the request. The requested Special Use Permit applies to the portion of the overall site containing an existing abandoned car wash facility that ceased operations, and the business license was allowed to expire on 01/27/09. Pursuant to Title 19.16.030 regarding non-conforming uses, the discontinuation of the car wash use for more than one year resulted in the loss of its non-conforming status, and the need to re-establish the use through the approval of a Special Use Permit. Staff is recommending approval of the request as the use was previously operated, and can continue to operate, in a manner that is compatible with the surrounding uses. If the General Plan Amendment is denied, the existing zoning will remain non-conforming to the land use designation of the site. If the Special Use Permit is denied, the Self-Service Car Wash would not be permitted at the site, and it would have to be redeveloped for another use.

ISSUES

- The property, containing an existing Self-Service Car Wash, was annexed into the City in 2001. The established use was non-conforming due to the City's requirement for a Special Use Permit. When operations ceased for more than a year from January 2009 to the present, a Special Use Permit became necessary to re-establish the use at the site.
- Staff can support the requested waivers as the facilities were constructed prior to the current requirements and operated in a manner that was compatible with the surrounding residential and commercial developments for approximately 10 years before the use was discontinued.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
09/18/96	Clark County Action – The Board of Commissioners approved a Rezoning and Plot Plan Review (ZC-1220-96) from H-2 (General Highway Frontage) to C-1 (Local Business) for a commercial retail building along the east side of Jones Boulevard, approximately 900 feet south of Rancho Drive. The approved C-1 (Local Business) district was not in conformance to the existing DR (Desert Rural Density Residential) General Plan designation.
01/03/01	The City Council approved the Annexation (A-0009-00) of property located at the northeast corner of Jones Boulevard and Gilmore Avenue.

SG

Most Recent Change of Ownership	
06/11/08	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses	
c. 1999	The existing car wash facility was permitted and constructed through Clark County Development Services.

Pre-Application Meeting	
06/04/10	A pre-application meeting was held to discuss the requirements for submittal of a Special Use Permit, which is required due to the expiration of the non-conforming use of the subject site as a Self Service Car Wash. The non-conforming status expired as the existing car wash was out of business for more than one year. In addition, the site was annexed into the City in 2001 zoned C-1 (Limited Commercial) with a non-conforming General Plan designation of DR (Desert Rural Density Residential). The City shall sponsor a companion item to amend and correct the General Plan designation to SC (Service Commercial).

Neighborhood Meeting	
06/29/10	A neighborhood meeting was held from 5:30 to 6:00 pm at the Rainbow Library Auditorium, located at 3150 N. Buffalo Drive. In attendance were one member of the general public, two representatives for the applicant and one Planning and Development staff person. The resident had a question regarding the development of this site. The applicant provided an explanation and the resident has no objection to this request.

Field Check	
06/24/10	A field check was conducted by staff. The overall subject site is comprised of three commercial developments within a one-lot commercial subdivision, including a self service car wash, an office and an undeveloped portion. The site is well maintained, and although the car wash is vacant and fenced for security, the landscape is in good condition.

ANALYSIS

The subject site is a one-lot commercial subdivision, a portion of which is the site of a self-service car wash. The site is zoned C-1 (Limited Commercial), with a non-conforming General Plan designation of DR (Desert Rural Density Residential). The requested General Plan Amendment to SC (Service Commercial) will bring the existing zoning into conformance with the proposed General Plan designation, and applies to the entire commercial subdivision. Staff is recommending approval of the request. The requested Special Use Permit applies to a portion of the overall site containing an existing abandoned car wash facility that was constructed and opened for business when the property was located in Clark County. Subsequently, it was annexed into the City as a non-conforming use. The car wash ceased operations and the business license expired on 01/27/09. Pursuant to Title 19.16.030, the discontinuation of the car wash use for more than one year resulted in the loss of its non-conforming status, and the need to re-establish the use through the approval of a Special Use Permit. No changes to the site are proposed at this time. The requested waivers are required based on the current Special Use Permit requirements of Title 19.04, which were not applicable at the time that the existing facility was constructed. The car wash operated for approximately 10 years before ceasing operations, and was conducted in a manner that was compatible with the surrounding residential and commercial uses; consequently, staff can support the requested waivers and is recommending approval of both applications.

FINDINGS (GPA-38525)

Section 19.18.030(I) of the Las Vegas Zoning Code requires that the following conditions be met in order to justify a General Plan Amendment:

1. **The density and intensity of the proposed General Plan Amendment is compatible with the existing adjacent land use designations,**

   The proposed General Plan Amendment is compatible with the existing adjacent land use designations, and will be consistent with the existing zoning district.

2. **The zoning designations allowed by the proposed amendment will be compatible with the existing adjacent land uses or zoning districts,**

   The zoning designations allowed by the proposed amendment are compatible with the existing adjacent land uses or zoning districts. The existing C-1 (Limited Commercial) district conforms to and is the most intense zoning district allowed by the proposed land use designation.

3. **There are adequate transportation, recreation, utility, and other facilities to accommodate the uses and densities permitted by the proposed General Plan Amendment; and**

   The property is located in an established area where transportation, utility and other facilities already exist and are adequate to accommodate the uses allowed by the proposed General Plan Amendment.

4. **The proposed amendment conforms to other applicable adopted plans and policies that include approved neighborhood plans.**

   There are no other applicable plans, policies or neighborhood plans.

FINDINGS (SUP-38590)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

The proposed land use operated at the site for approximately 10 years before being abandoned. It can be operated in a manner that is compatible with the existing and future surrounding land uses.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site was developed and operated as a car wash prior to abandonment of the use, and is physically suitable for re-establishing the use.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   The property is accessed from Jones Boulevard, designated an 80-foot Secondary Collector in the Master Plan of Streets and Highways, which is adequate in size to meet the requirements of the car wash use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   Approval of this Special Use Permit will not be inconsistent with or compromise the health, safety, or welfare of the general public as it will be subject to licensing and permitting by the City.

5. **The use meets all of the applicable conditions per Title 19.04.**

   The use meets the applicable conditions of Title 19.04 with the exceptions of the requested waivers. Staff can support the requested waivers as the facilities were constructed prior to the current requirements and operated in a manner that was compatible with the surrounding residential and commercial developments for approximately 10 years before the use was discontinued.

Assessors Parcel Number 138-12-111-003, 004, and 005

Dear Mr. Gebeke:

In regard to this parcel, staff has determined that the existing General Plan designation and zoning classifications are inconsistent. In order to resolve this inconsistency and ensure that future development is compatible with existing development, staff is proposing to change the General Plan Designation of this site to PF (Public Facility). Please call me at 229-6882 with any questions.

Re: **3810 North Jones Boulevard, Las Vegas, Nevada**
Application for Special Use Permit
Justification Letter

Ladies and Gentlemen:

This firm represents the Federal Deposit Insurance Corporation as Receiver for Community Bank of Nevada ("FDIC-R"), the record owner of the above referenced real property and applicant hereunder. This Justification Letter is sent in support of the Application of the FDIC-R. The special use permit for which application is made is required in order to authorize the continued use of this property as a self-service carwash facility. The previously non-conforming use of the site expired January 27, 2010, one year after the expiration date of the last business license for this use. The business license expired as a result of the foreclosure by the Community Bank of Nevada of this property, which occurred June 6, 2008. The site was annexed by the City of Las Vegas in its current configuration in 2001.

The property in question consists of an approximately 0.80 acre tract of land located on the east side of North Jones Boulevard. The property has been improved with a one-story building which contains self-service carwash bays and a maintenance room. Additional site improvements include asphalt parking and drives, a perimeter block wall and a canopy covered vacuum use structure together with areas of landscaping. The improvements to this property were constructed in 1999.

The current zoning of C-1 (Limited Commercial) is not consistent with the current General Plan designation of DR (Desert Rural). A General Plan Amendment is required to

SUP-38590

RECEIVED
JUN 15 2010
City of Las Vegas

amend the designation to SC (Service Commercial). A neighborhood meeting is scheduled for June 29, 2010 as part of this application.

The FDIC-R desires to market and sell the property to a purchaser who would use the property as a self-service carwash, essentially continuing the same use as has previously existed on this property since its construction in 1999. The FDIC-R requests that a special use permit be issued which will reinstate and allow the continued historic use of the property as a self-service carwash.

FDIC-R is informed and believes that the previous owner employed no more than three employees who operated this business and its hours of operation were between 7:00 a.m. and 10:00 p.m., seven days a week. It is anticipated that this staffing level (perhaps increased to no more than five employees) and the hours of operation would be continued. The real property has access directly from North Jones Boulevard. In addition, we request waivers of the minimum special use permit requirements that opening to the wash bays shall not face the public rights-of-way, that the use not be located within 200 feet of residential property unless separated by a street, or that the use be operated in conjunction with other motor vehicle related uses. The only use of this parcel will be as a coin-operated carwash. The parcel is separated by a block wall from residential property which is nearby, as shown on the site maps. Openings to carwash bays on the property will be closed when not in use.

Any other use of this property would require that the improvements which have been in existence for more than 10 years be demolished and expensive reconstruction would be required for any other use. To the best of our knowledge, this property has been used as a self service carwash continuously without objection as to such use from surrounding property owners since it was first constructed. It is therefore requested that the use be continued to be approved through the issuance of the special use permit requested herein to reestablish this self-service carwash use.

Attachments to the Application include the following:

Attachment A consists of nineteen (19) black and white and one (1) color copies of the site plan, which was obtained from the Clark County Building Department, and on file with that Department in connection with the original application for construction. In addition, Attachment A consists of photographs showing the improvements to the property as currently existing as of June 14, 2010 (nineteen (19) black and white and one (1) color). In light of the fact that the improvements were constructed in 1999 and the current owner acquired the Property through foreclosure, a complete set of drawings is only available through the Clark County Building Department, and Applicant respectfully requests that this submission will be deemed satisfactory to show the dimensions, elevations and landscaping of the project, as constructed.

Attachment B is Ordinance Number 5277, approving the annexation of this property by the City of Las Vegas, recorded on January 11, 2001.

Attention: Linda Yium, Asset Manager

Re: Federal Deposit Insurance Corporation ("FDIC")/Community Bank of Nevada – 3810 N. Jones Blvd., Las Vegas, Nevada (the "Property") – Legal Services Pertaining to Permitting and Property Use.

Dear Mr. Pearson:

We are writing to confirm our firm's engagement by CB Richard Ellis, Inc. ("CBRE") on behalf of the Federal Deposit Insurance Corporation, receiver of Community Bank of Nevada, to assist in obtaining permits as required for the operation of the Property as a car-wash, and to provide other legal services as may be required and ordered by you in connection with the management, marketing and disposition of the Property. By entering into this Agreement, we represent that our law firm is on the FDIC's list of Legal Counsel Approved (LCA). Based on a review of our current client list and our understanding of the scope of this assignment, our engagement will not create a conflict of interest with respect to the FDIC, CB Richard Ellis or any of the other clients that we represent and services we provide.

Fees for our services will be charged based on the reduced hourly rates approved by the FDIC, and reflected in the attached Legal Services Agreement Rate Schedule, which is made a part of this Agreement. Our hourly rates are subject to change from time to time as may be approved by the FDIC.

A budget of $10,000.00 has been proposed for the initial services required under this engagement, subject, however, to change as the matter progresses. In no event shall our charges for this representation exceed $50,000 without prior written authorization from you.

All reasonable out-of-pocket costs actually incurred by us in providing services under this agreement, including, but not limited to, filing and other court fees (as may be required); photocopying; long distance phone calls; postage; courier service; document preparation fees; fax transmissions and receptions; and travel expenses, will be reimbursed to you at our reasonable cost, and as may otherwise be allowed consistent with our agreement with the FDIC. We estimate the cost of reimbursable out-of-pocket costs for this engagement, will not exceed $1,500.00, subject, however, to change as the matter progresses.

Our findings and progress on this assignment will be regularly communicated to you and/or to your designated representatives. Copies of significant correspondence and other materials will also be provided to keep you apprised of progress and developments during this engagement. In addition, we are always pleased to respond to any questions you may have regarding our services and the costs for such services.

Detailed statements indicating the services rendered and any costs advanced will be submitted to CBRE on a monthly basis. Statements are to be paid in full within 60 days following their receipt and certification by CBRE.

This engagement shall start now and remain in effect until the earlier of the date for completion of the required services, or one (1) year, and may be renewed by you for an additional six (6) month term upon advance written notice delivered to us within thirty (30) days prior to the scheduled termination. You may terminate this engagement at any time by written notice delivered to us at the above address. In such event, your obligation for fees and costs would be limited to fees and costs incurred prior to the date we receive your written notice.

The parties agree that signatures may be exchanged by hand, by mail, by fax, by photocopy or in counterparts – any such method being binding on both parties when completed and exchanged.

If the foregoing meets with your approval, please sign and return the enclosed copy of this letter for our records.

Very truly yours,

Re: Community Bank of Nevada

Dear Mr. Christian and Ms. Nevitt:

This letter confirms that Deposit Insurance National Bank of Las Vegas ("DINB") has acquired certain assets of Community Bank of Nevada ("CBN"), which assets include deposit account nos. 412-1554307, 495-0021642 and 494-5069631 (the "Accounts") maintained by CBN with Wells Fargo Bank, National Association ("Wells Fargo"). In addition, please accept this letter as confirmation that (i) DINB is the owner of the Accounts effective as of close of business August 14, 2009, (ii) all treasury management and foreign exchange/wire services (the "Services") that are currently being provided on the Accounts should remain in place until such time that DINB notifies Wells Fargo that it is terminating a Service, (iii) all authorizations, including signing authority, that are currently in place for the Accounts and the Services are still effective and will remain in place until such time that DINB notifies Wells Fargo, and provides appropriate documentation, changing such authorizations, (iv) DINB agrees that it is bound by the account and service agreements that are currently in place for the Accounts and Services and (v) without limiting the generality of the foregoing, the special currency order placed on Saturday, August 15, 2009 shall be deemed to have been placed by DINB in accordance with the terms of this letter.

Please contact me with any questions regarding this matter.

Respectfully yours,

To Whom It May Concern:

We are respectfully applying for rezoning designation from Re Estates to a proposed Convalescent Care Facility/Nursing Home located at 6640 W. Cheyenne Avenue, Las Vegas, NV 89108.

We are currently requesting the following variances for this facility.

1. The 15' landscape area requested in the front of the facility be changed to a 4'-6' landscape area. This will be accomplished by removing two courses of the brick wall currently located in front of the facility lowering the wall height to 8" and retaining the lighted brick pilasters that are located at each end of the wall.
2. The 30' feet requirement from the property line adjacent to 3235 Garehime Street as the facility will be 10' from the property line. I have spoken with Michael and Pamela Hardin, the property owners, on this issue and they approve. Attached is a letter with their signatures.
3. The 3:1 proximity slope requirement where building A should be 81' from the side property line and building B should be 87' from the side property line to 10' on each property line.

We are also requesting exceptions for the entrance/driveway off of Cheyenne Avenue to the facility and the landscape requirement. The current requirement is that the entrance/driveway be 32'. We are requesting an exception for the entrance/driveway to be 30'. We are also seeking to eliminate the requirement for 24" box trees for the Southern 160' of the East and West property lines. However, we will incorporate multiple trees at other locations on the property. Trash enclosures meet requirements.

The facility will be called Ohana (Family) Care Manor and will house 50 adults and approximately 30 to 35 employees. It will have the ability to accommodate 50 to 80 adults and be open 24 hours a day, 7 days a week. The plans provide for adequate parking spaces for the facility of this size. The facility will be professionally managed and a licensed administrator who has been my consultant will manage the facility. Our philosophy is to hire the best qualified people in all phases of our employment. Our number 1 goal is to earn the greatest reputation for care, quality and service. License is available upon request.

According to the April 2nd, 2010 issue of the Las Vegas Sun, it states that Nevada is due for an influx of seniors. Experts say the state is unprepared because of limited resources. The U.S. Census Bureau projects that the fastest growing segment of Nevada's population over the next 10 years will be senior citizens, and the prospect has policy makers on edge. In 2008, although Nevada's population grew 1.4 percent that year, the Census Bureau estimated that the number of residents age 65 and older increased by 3.9 percent. In short, this article addresses the immediate and upcoming urgent need for adult care facilities such as the one we are proposing. See attached article.

We feel that given the location of our proposed facility on Cheyenne Avenue, that it will impact the community in a positive manner. There will be none or a minimal increase in traffic to the area. Street elevations will be vastly improved and add to the value and attractiveness of the neighborhood. The landscaping will be such that it will be very attractive and enhance the surrounding neighborhood. Some of the amenities this facility will include are pets, koi ponds, garden areas, walking paths, sitting areas, lush vegetation, misting systems, beauty salon, group exercise and shuttle service. This facility will be as energy efficient as practical using professional guidance for energy benefits. The manor will also provide employment opportunities at a time when so many in the work force are being let go or laid off. This will help at a time when employment is at an all time low and will provide our economy with a boost in moral and encouragement. This will certainly help our current economy with added jobs. JOBS!!

The surrounding properties consist of a Chevron Gas Station, the property to the North is vacant and Bank Owned. The 2 properties to the East are owned by one family and we have enclosed a letter that concurs with our proposal. See attached letter.

Please consider our request as there will come a time that our parents, grandparents and even ourselves will need some assistance as we become senior citizens.

Thank you in advance for your consideration of this project.

** STAFF REPORT **

PROJECT DESCRIPTION

This application is a request for a Variance to allow an existing enclosed carport to have a four-foot side yard setback where five feet is required for a single-family residence at 4718 Lorna Place. There is no new roof line with this request as the applicant has enclosed the previously existing carport. Staff recommends denial as this a self-imposed hardship. If denied, the applicant will be required to return the carport to its original permitted condition.

ISSUES

- The side yard setback Variance request equals a 20% deviation from standard code setback of 5 feet.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
01/27/10	Code Enforcement Case #85788 was opened for inoperable vehicles on the front yard along with Trash and Debris. This case remains open.

Most Recent Change of Ownership	
10/20/2009	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses	
05/04/2010	A Building Permit (#162302) was issued for a Storage Shed. This permit has not been finalized.
05/19/2010	A Building Permit (#163403) was issued for a sewer tie in. This permit has not been finalized.
06/30/2010	A Building Permit (#166465) was issued for a new waste drain and sewer tie in. This permit has not been finalized.

Pre-Application Meeting	
05/13/2010	A pre-application meeting was held with CLV staff to discuss the applicant's interest in pursuing a Variance from the Title 19.08.040 Residential Development Standards: • The applicant stated there was a previous carport on the subject site later was enclosed. • The applicant asked the previous owner to construct the existing wall before leaving. • The wall is composed of 5/8 sheathing w/ cement concrete on the outside. Applicant thinks wall is fire rated. • The applicant is not sure when previous owner built wall or if permits were obtained. • The existing eave projects out 1'-6" all the way around the existing structure. • The roofline of the existing residence remains unchanged. The previous owner enclosed the carport with out permits; the applicant added the garage door later. • The applicant was advised to discuss construction and permits with Building and Safety.

Neighborhood Meeting
A neighborhood meeting is not required for this type of request nor was one held.

Field Check	
06/29/2010	Staff met with the applicant onsite and reviewed the request. It was determined that the roof line has maintained its original condition and that the carport was partially enclosed at the rear with an attached accessory storage unit.

ANALYSIS

The applicant enclosed the entire carport and installed a garage door without the proper building permits. When an inspection was completed, it was noted that the applicant would need to file a request for a Variance, as the west wall was only 4 feet from the west property line. There was no new foundation or roof line built. The violation is the result of an extension of the existing wall on the carport. Although the applicant claims the enclosure was done to mitigate the noise generated from the commercial property adjacent to the west, this is not a legal justification pursuant to Title 19.18.070 for approval of a Variance request; therefore, staff recommends denial.

FINDINGS (VAR-38328)

In accordance with the provisions of Title 19.18.070(B), Planning Commission and City Council, in considering the merits of a Variance request, shall not grant a Variance in order to:

1. Permit a use in a zoning district in which the use is not allowed;
2. Vary any minimum spacing requirement between uses;
3. Relieve a hardship which is solely personal, self-created or financial in nature.

Additionally, Title 19.18.070(L) states:

> "Where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of enactment of the regulation, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of the piece of property, the strict application of any zoning regulation would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardships upon, the owner of the property, a variance from that strict application may be granted so as to relieve the difficulties or hardship, if the relief may be granted without substantial detriment to the public good, without substantial impairment of affected natural resources and without substantially impairing the intent and purpose of any ordinance or resolution."

No evidence of a unique or extraordinary circumstance has been presented, in that the applicant has created a self-imposed hardship by encroaching 1 foot into the established five-foot side yard setback. The alternative of returning the carport to its original condition would allow conformance to the Title 19 requirements. In view of the absence of any hardships imposed by the site's physical characteristics, it is concluded that the applicant's hardship is preferential in nature, and it is thereby outside the realm of NRS Chapter 278 for granting of Variances.

Planning and Development

1. Approval of and conformance to the Conditions of Approval for Variance (VAR-38553) shall be required, if approved.

2. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. All development shall be in conformance with the site plans and landscape plan date stamped 07/09/10, and building elevations date stamped 06/14/10, except as amended by conditions herein.

4. An Exception from Title 19.10.010 is hereby approved, to allow 114 parking lot trees where 128 trees are required.

5. Prior to occupancy, all necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Building and Safety Department.

6. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.

7. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications.

8. Reflective glazing at the pedestrian level is prohibited. Glazing above the pedestrian level shall be limited to a maximum reflectance rating of 22% (as defined by the National Institute of Standards and Technology).

9. All utility boxes exceeding 27 cubic feet in size shall meet the standards of LVMC Title 19.12.040.

10. Parking lot lighting standards shall be no more than 30 feet in height and shall utilize downward-directed lights with full cut-off luminaries. Lighting on the exterior of buildings shall be shielded and shall be downward-directed. Non-residential property lighting shall be directed away from residential property or screened, and shall not create

fugitive lighting on adjacent properties.

11. A Master Sign Plan shall be submitted for approval by the City of Las Vegas prior to the issuance of a Certificate of Occupancy for any building on the site and prior to the issuance of any sign permits.

12. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

13. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

14. Coordinate with the City of Las Vegas Right-of-Way Section of the Department of Public Works to determine all materials and information needed to submit an application to the Bureau of Land Management (BLM) for an appropriate Right-of-Way Grant Easement for Washburn Road, Alpine Ridge, Hammer Lane, and Cliff Shadows Parkway, including those portions required for the appropriate geometric connection of this site to Ann Road, prior to the issuance of any permits..

15. Construct half street improvements including appropriate overpaving, where legally able, on Washburn Road, Alpine Ridge, Hammer Lane, and Cliff Shadows Parkway adjacent to this site concurrent with development of this site. Provide a minimum of two lanes of paved, legal access to this site prior to occupancy of this development. Extend all required underground utilities, such as electrical, telephone, etc., located within public rights-of-way, past the boundaries of this site prior to construction of hard surfacing (asphalt or concrete).

16. Coordinate with the property owner of Assessor Parcel Number #126-36-301-001 and the BLM to determine the final disposition of the existing truck haul route adjacent to this site with respect to the roadway designs proposed for this Site. Provide written documentation that this property owner and/or the BLM agrees with the final geometric design of the roadways shown on the Approved Site Plan prior to the issuance of permits for this Site. Once it is determined what portions of the truck haul route must be modified to accommodate the roadways being designed for this Site, coordinate the final geometric traffic control and roadway design with the Traffic Engineering Section of the Department of Public Works.

17. Coordinate with the Collection System Planning Section of the Department of Public Works to determine an appropriate location for public sewer connection to this site, prior to the issuance of any permits. Provide public sewer easements for all public sewers not located within existing public street right-of-way prior to the issuance of any permits. Improvement Drawings submitted to the City for review shall not be approved for construction until all required public sewer easements necessary to connect this site to the existing public sewer system have been granted to the City.

18. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits, submittal of any construction drawings or the submittal of a Map subdividing this site, whichever may occur first. Provide and improve all drainageways recommended in the approved drainage plan/study. The developer of this site shall be responsible to construct such neighborhood or local drainage facility improvements as are recommended by the City of Las Vegas Neighborhood Drainage Studies and approved Drainage Plan/Study concurrent with development of this site.

19. A Traffic Impact Analysis must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits, submittal of any construction drawings. Comply with the recommendations of the approved Traffic Impact Analysis prior to occupancy of the site. The Traffic Impact Analysis shall also include a section addressing Standard Drawings #234.1 #234.2 and #234.3 to determine additional right-of-way requirements for bus turnouts adjacent to this site, if any; dedicate all areas recommended by the approved Traffic Impact Analysis. All additional rights of way required by Standard Drawing #201.1 for exclusive right turn lanes and dual left turn lanes shall be dedicated prior to or concurrent with the commencement of on site development activities unless specifically noted as not required in the approved Traffic Impact Analysis. If additional rights of way are not required and Traffic Control devices are or may be proposed at this site outside of the public right of way, all necessary easements for the location and/or access of such devices shall be granted prior to the issuance of permits for this site. Phased compliance will be allowed if recommended by the approved Traffic Impact Analysis. No recommendation of the approved Traffic Impact Analysis, nor compliance therewith, shall be deemed to modify or eliminate any condition of approval imposed by the Planning Commission or the City Council on the development of this site.

** STAFF REPORT **

PROJECT DESCRIPTION

The subject site, which is currently undeveloped, is located on 37.20 acres of federally owned property at the northwest corner of Alpine Ridge Way and Washburn Road. A 41,000 square-foot bus maintenance facility with 12,574 square feet of administrative office space, a 5,740 square-foot fuel canopy and a 3,344 square-foot bus wash is proposed to provide a localized hub for storage and maintenance of public school vehicles in this area of the city. The maintenance building is proposed to contain 17 bus maintenance bays, a lounge and restroom facilities for bus drivers. The site as proposed is compatible with adjacent development, and the severe grade of the area justifies the use of higher perimeter walls. Staff therefore recommends approval. If denied, the project as proposed cannot be constructed and a new site design and review would be necessary.

ISSUES

- Approval of a Variance to allow perimeter retaining and screening walls that exceed the heights established by Title 19.12 is required prior to approval of a Site Development Plan Review for the Transit Yard facility.
- Per Title 19.14.130 a Master Sign Plan is required for signage on the site. The Master Sign Plan shall be approved prior to issuance of sign permits and a Certificate of Occupancy for any building on the site.
- The proposed bus maintenance bays face eastward toward Clark County 215. However, they will be screened by parked buses and a series of retaining and screening walls along the east perimeter.
- Along the south and west perimeters of the development, chain link fencing materials are proposed. Staff does not support use of these materials and instead recommends wrought iron fencing.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
05/16/07	The City Council adopted an ordinance authorizing the Annexation (ANX-10156) of approximately 246 acres generally located west of Clark County 215, north of Washburn Road, south of Centennial Parkway and east of Puli Road. The Planning Commission and staff recommended approval. The annexation became effective on 05/24/07.

01/24/08	The Planning Commission accepted the city's request to withdraw without prejudice a request for a Site Development Plan Review (SDR-25627) for a proposed public facility campus, including a public park, on 131.7 acres at the southwest corner of Ann Road and Clark County 215 (Bruce Woodbury Beltway). Staff had recommended approval.
08/20/08	The City Council approved a request to amend the Centennial Hills Sector Plan of the General Plan from PCD (Planned Community Development) to PF (Public Facilities) on 131.7 acres at the southwest corner of Ann Road and Clark County 215 (GPA-25625). The Planning Commission and staff recommended approval.
08/20/08	The City Council approved a Rezoning (ZON-25626) from U (Undeveloped) [PCD (Planned Community Development) General Plan Designation] to C-V (Civic) on 131.7 acres at the southwest corner of Ann Road and Clark County 215. The Planning Commission and staff recommended approval.

ANALYSIS

A Transit Yard is defined by Title 19.20 as a facility or area for the maintenance, repair or storage of bus, rail or other transit vehicles. The proposed facility will provide a hub for storage and maintenance of the applicant's fleet of school buses. Title 19.06.020 permits education-related uses within the C-V (Civic) Zoning District. Development standards for projects within a C-V zone are determined on a case-by-case basis with the approval of a site development plan. Title 19 does not specify additional use requirements for a Transit Yard.

The design and layout of the proposed Transit Yard is compatible with adjacent development, which includes an existing Mining, Sand and Gravel Excavation site to the south, federally-owned open land to the west and east, and undeveloped private land to the north. The natural grade across the site decreases an average of 5.6 percent from west to east and about 2.1 percent from south to north. This has created the need to retain backfill along the north and east perimeter to maintain a consistent grade and provide adequate drainage. As a result, retaining walls of up to 11 feet in height as measured from the low side of the wall and combined screening and retaining wall heights of a maximum of 14 feet are proposed. These dimensions do not meet Title 19.12 wall standards; however, an attempt has been made to soften the impact of the grade difference by terracing the walls and providing an 11-foot landscaped buffer between the walls. These walls also have an added advantage of screening the property from views from Clark County 215 eastward. Because of the excessive grade and the location of the site away from sensitive properties, the variance request is justified and can be supported. Along a portion of the south and the west perimeter, an eight-foot tall chain link fence is proposed. Although chain link may be approved as part of an overall site development plan, staff does not support the use of this material for fencing and instead recommends wrought iron. Although these portions of the property do not face sensitive uses and are partially screened by landscaping, they still are located along 80-foot rights-of-way and will be visible by passersby. Staff recommends approval of the overall site based on the compatibility of the use and development with the surrounding area and its mitigation of potentially major effects to existing and future development in the area.

Currently, only Alpine Ridge Way and Washburn Road exist in unimproved condition adjacent to this site. Additional streets are proposed along the north and west boundaries of the project that will tie into Ann Road. The Department of Public Works will require Bureau of Land Management right-of-way grant easements and appropriate half-street improvements for new streets as conditions of approval of this review. The city of Las Vegas will pursue an amendment to the Master Plan of Streets and Highways to recognize and classify adjacent streets at a future date as part of a larger request.

The proposal includes 562 parking spaces for bus drivers, maintenance and administrative staff, sufficient to satisfy Title 19.04 requirements for parking. Initially, 509 parking spaces for buses are proposed, with space for an additional 94 spaces available if needed in the future. With regard to landscaping, the project conforms to all perimeter buffer requirements. Although the minimum number of parking lot trees are not proposed to be located within the confines of the maintenance building parking lot, additional trees not required along the west perimeter of the property will provide adequate shade and buffering benefits to this area.

Because the site exceeds 15 acres in size, a Master Sign Plan detailing on-premise signage locations and specifications will be required under separate application. The sign plan shall be approved prior to issuance of sign permits and a Certificate of Occupancy for any building on the site.

FINDINGS (VAR-38553)

In accordance with the provisions of Title 19.18.070(B), Planning Commission and City Council, in considering the merits of a Variance request, shall not grant a Variance in order to:

1. Permit a use in a zoning district in which the use is not allowed;
2. Vary any minimum spacing requirement between uses;
3. Relieve a hardship which is solely personal, self-created or financial in nature."

Additionally, Title 19.18.070(L) states:

> "Where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of enactment of the regulation, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of the piece of property, the strict application of any zoning regulation would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardships upon, the owner of the property, a variance from that strict application may be granted so as to relieve the difficulties or hardship, if the relief may be granted without substantial detriment to the public good, without substantial impairment of affected natural resources and without substantially impairing the intent and purpose of any ordinance or resolution."

A true hardship has been demonstrated in this case as a result of the severe natural grade in this location. The visual impact of the higher walls will be mitigated by use of perimeter landscaping directly in front of the walls. A Variance to allow walls that exceed Title 19 requirements can therefore be supported by staff.

FINDINGS (SDR-38557)

In order to approve a Site Development Plan application, per Title 19.18.050 the Planning Commission and/or City Council must affirm the following:

1. **The proposed development is compatible with adjacent development and development in the area;**

   The design and layout of the proposed Transit Yard is compatible with adjacent development, which includes an existing Mining, Sand and Gravel Excavation site to the south, federally-owned open land to the west and east, and undeveloped private land to the north.

2. **The proposed development is consistent with the General Plan, this Title, the Design Standards Manual, the Landscape, Wall and Buffer Standards, and other duly-adopted city plans, policies and standards;**

   With approval of a variance to allow perimeter wall heights to exceed Title 19 allowances, the proposed development is consistent with Title 19. Staff does not support the use of chain link fencing on a portion of the perimeter, but instead recommends wrought iron materials. The General Plan and zoning designations of the property were previously amended to allow for public uses such as the one proposed for this site.

3. **Site access and circulation do not negatively impact adjacent roadways or neighborhood traffic;**

   Access to the site will be provided by gated driveways along Cliff Shadows Parkway, a proposed 80-foot right-of way. Restricted ingress and egress for school buses will be provided from Washburn Road, an existing 80-foot right-of-way, Hammer Lane, a proposed 60-foot right-of-way and Cliff Shadows Parkway. Ann Road will collect commuting bus traffic to and from the site. The project's location in a largely undeveloped area near a primary arterial and Clark County 215 will reduce the potential for negative impacts to traffic in the vicinity.

4. **Building and landscape materials are appropriate for the area and for the City;**

   Landscape materials consist of desert-tolerant evergreen and shade trees that will provide shading, screening and cooling effects to mitigate the extensive amount of paved surfaces proposed. Building materials are typical for commercial and industrial uses and meet Title 19.08 standard requirements.

5. **Building elevations, design characteristics and other architectural and aesthetic features are not unsightly, undesirable, or obnoxious in appearance; create an orderly and aesthetically pleasing environment; and are harmonious and compatible with development in the area;**

   Building elevations contain adequate articulation and variation in color and material to provide an aesthetically pleasing environment. Maintenance bays will be screened from views from adjacent streets by landscaping, decorative perimeter walls, and parked buses.

6. **Appropriate measures are taken to secure and protect the public health, safety and general welfare.**

   Development of the proposed Transit Yard will be subject to permit review and inspection for conformance to approved plans as appropriate, thereby protecting the public health, safety and welfare.

Attn: Planning Staff

Re: Clark County School District – Northwest Transportation Facility

To whom it may concern:

Please accept this document as the justification letter for the above referenced project.

We are requesting a Site Development Plan Review, a General Plan Amendment for the Master Street and Highways Plan and a Variance for this project located on the southwest corner of Ann Road and the 215 Beltway. The site consists of approximately 131.7 acres of BLM land. The proposed project lies on a 40.8 acre portion of the site.

The scope of the proposed CCSD Transportation Yard consists of a 41,000 square foot Administration/Maintenance Building, approximately 500 Bus Parking spaces and a Fueling/Wash Station. This site will be utilized by the CCSD to provide a localized hub for the storage and maintenance of school buses. The site creates a more efficient location for the buses already servicing this area of the valley – both in terms of travel time and fuel.

The Administration/Maintenance Building will house 17 service bays and will also include space for administrative staff and offices. In addition, the Maintenance Building will have lounge space and restroom facilities for the bus drivers.

Because the project is located near residential properties, the site design takes into account the impact of the project on the views of the local residents. A 30'-0" landscape buffer has been incorporated into the design around the perimeter of the site. This buffer visually softens the impact of the project as viewed from the neighboring residential areas.

Due to the amount of grade change throughout the proposed site, we are utilizing retaining walls around a large portion of its perimeter. Because of the significant grade change at the north and west edges of the site, we are requesting a Variance of Title 19 (Chapter 19.12 – Figure 8) for the Retaining and Screening Wall Standard Stepback. Please refer to the drawings for details.

As stated above, the intent of the site design is to screen the views of the property from the neighboring residents. Currently the only development, residential or otherwise, directly to the south or the west of the property is the Nevada Ready Mix gravel pit. Because there are no residential developments in this area, we are proposing to utilize 8'-0" high chain-link fencing along portions of the south and west ends of the site. These areas will also have the same type of 30'-0" landscaping buffer as the rest of the site's perimeter.

We have met with several entities regarding this project including the office of Councilman Ross, Commissioner Brown and the Ann Road Committee. In addition, a neighborhood meeting was held on November 19, 2009 notifying the general public of the proposed plans for this project.

The previous zoning actions related to this parcel include: **GPA-25625** and **ZON-25626**. Should you have any questions regarding this application, please feel free to contact our office.

Sincerely,

Nathan Goodman

Planning and Development

1. This approval shall be void two years from the date of final approval, unless a building permit has been issued for new construction. An Extension of Time may be filed for consideration by the City of Las Vegas.

2. Prior to occupancy, all necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Building and Safety Department.

3. The proposed fifteen-foot wide drive shall be constructed with either asphalt or concrete.

4. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.

5. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

Public Works

6. Meet with the Flood Control Section of the Department of Public Works for assistance with establishing finished floor elevations and drainage patterns for this site prior to submittal of construction plans or the issuance of any building or grading permits, whichever may occur first. Provide and improve all drainageways as recommended.

** STAFF REPORT **

PROJECT DESCRIPTION

This application is a request for a Variance (VAR-38560) for a 1,400 square-foot Accessory Structure (Class II) on a single-family residential lot at 3304 Theresa Way. The proposed structure is a pre-fabricated metal building with a restroom, but no kitchen. It would be used as a garage. As the applicant has provided no evidence of a unique circumstance pursuant to Title 19.18.070 that would substantiate the requested Variance, staff is recommending denial. Staff cannot support this Variance request since the hardship is self-imposed by the design of the accessory structure. If this application is denied, the accessory structure would not be permitted.

ISSUES

- A Variance is required to allow an Accessory Structure (Class II) that exceeds 50 percent of the floor area of the main dwelling, exceeds the height of the main dwelling and is not aesthetically compatible with the main dwelling.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc
No relevant city actions have occurred at this location.

Most Recent Change of Ownership	
09/02/09	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses	
08/26/75	A building permit (3746) was issued for a one-story 1,592 square-foot single family residence at 3304 Theresa Way. The permit was finaled in 1976.
07/16/01	A building permit (1012874) was issued for 531-foot by 6-foot and 42-foot by 2-foot block walls at 3304 Theresa Way. The permit was finaled on 09/14/01.
08/13/01	A building permit (1014591) was issued for a 42-foot by 2-foot ornamental iron fence at 3304 Theresa Way. The permit was finaled on 09/18/01.

Pre-Application Meeting	
05/10/10	A pre-application meeting was held with the applicant where elements of submitting a Variance to allow an Accessory Structure (Class II) which exceeds 50% of the floor area of the principal dwelling and Accessory Structure (Class II) which exceeds the height of the principal dwelling were discussed.

Neighborhood Meeting
A neighborhood meeting is not required, nor was one held.

Field Check	
06/24/10	Staff conducted a site visit and noted a single family residence on a large rural lot that is storing a commercial dump trailer, two enclosed trailers, a flat-bed trailer and mounds of decorative rock.

ANALYSIS

The applicant is proposing an Accessory Structure (Class II) that does not meet Title 19 requirements. Per Title 19.08.040, the total area of all accessory structures shall not exceed fifty percent of the principal dwelling, which is 1,592 square feet. This would allow a building area for accessory structures up to 796 square feet. The area of the proposed accessory structure is 1,400 square feet, which is a 76% increase in square-footage above what is permitted by code. The building height of the proposed accessory structure is 18 feet, which is a 50% increase in height above what is permitted by code. The proposed structure is not aesthetically compatible with the main dwelling, being a painted metal building where the main dwelling is stucco. The applicant is also proposing a 15-foot wide decomposed granite driveway from the street to the

accessory structure, which is not permissible by code. As the deviations from code do not stem from characteristics of the existing site, staff cannot support this request and recommends denial.

FINDINGS (VAR-38560)

In accordance with the provisions of Title 19.18.070(B), Planning Commission and City Council, in considering the merits of a Variance request, shall not grant a Variance in order to:

1. Permit a use in a zoning district in which the use is not allowed;
2. Vary any minimum spacing requirement between uses;
3. Relieve a hardship which is solely personal, self-created or financial in nature."

Additionally, Title 19.18.070(L) states:

> "Where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of enactment of the regulation, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of the piece of property, the strict application of any zoning regulation would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardships upon, the owner of the property, a variance from that strict application may be granted so as to relieve the difficulties or hardship, if the relief may be granted without substantial detriment to the public good, without substantial impairment of affected natural resources and without substantially impairing the intent and purpose of any ordinance or resolution."

No evidence of a unique or extraordinary circumstance has been presented, in that the applicant has created a self-imposed hardship by designing an accessory structure without consideration of Title 19.08 minimum requirements. Alternate design of the proposed Accessory Structure (Class II) with regard to building area, height and materials would allow conformance to the Title 19 requirements. In view of the absence of any hardships imposed by the site's physical characteristics, it is concluded that the applicant's hardship is preferential in nature, and it is thereby outside the realm of NRS Chapter 278 for granting of Variances.

RE: JUSTIFICATION LETTER
METAL GARAGE @ 3304 Theresa Way (138-12-810-033)
35'w x 40'l x 17.1'h on 1.07ac; Zoned RE
P-09-11-04r

Dear Ms. Wheeler;

Preator Consulting, LLC, on behalf of John and Denise Richardson, hereby request planning approval to construct a pre-engineered metal structure (US Metal Buildings) to act as a detached garage on their 1.07ac residential estate lot. The request is for waiver of the size ratio and height of the accessory building. The existing house is 1592sqft and 11.8ft high, while the proposed accessory structure is 1400sqft and 17.1ft high.

This structure is intended to be used only for personal use, for the storage of the couples' collection of antique motorcycles, other recreation vehicles and associated tools. The structure will allow the storage of these materials out of the deteriorating effects of the weather, which affects their usability and value.

The area, Elstner Estates, includes many large storage structures which exceed this proposed structure's size and ratio to the main house. These nearby structures are almost all of metal, and most do not match their main house in color or materials. Please find attached affidavits in support of the structure from the adjacent and nearby homeowners of Elstner Estates.

The Richardsons propose to paint the metal structure and the house the same color; it was determined that stucco over metal would not fully adhere and would quickly become an eyesore to the neighborhood. Pre-approval for the connection of the proposed half bath to the septic system has been granted by the Southern Nevada Health District based on the existing septic system components and usage.

Upon planning approval, the Richardsons are prepared to pull full permits from the Building Department, Southern Nevada Health District and NV Energy. As part of the construction of the building, it is proposed to fully xeriscape the remainder of the lot to match the existing frontage. Decomposed granite for the driveway is proposed to control dust. The gates onto Theresa are existing and no perimeter or offsite improvements are proposed.

Please feel free to contact me at 606-7613 should you have any questions.

Sincerely,
PREATOR CONSULTING, LLC

Staff Report Page One
July 29, 2010 - Planning Commission Meeting

** STAFF REPORT **

PROJECT DESCRIPTION

These applications emanate from the applicant's proposal for a 6,783 square foot enclosed Horse Corral or Stable (Private) and 1,200 square foot hay barn. Because the gross floor area of both proposed structures exceeds 50% of the proposed primary structure's footprint, the applicant is required to submit for a Variance to allow a combined total of 7,983 square-foot accessory structures (Class II) where 1,308 square feet is the maximum floor area allowed for such structures. A Special Use Permit is also required as the proposed stable and barn do not meet the all Conditional Use Regulations as listed in Title 19.04 for the Horse Corral or Stable (Private) use. Staff finds that the proposed accessory structures are in context in use and scope with the overall proposed single family development. If both applications are denied, the applicant would need to resubmit plans showing accessory structures that ere, cumulatively, less or equal to 50% of the primary structure.

The subject site covers four undeveloped parcels assembled at the end of a paved cul-de-sac on 2.48 acres, approximately 200 feet east of Campbell Drive and approximately 700 feet north of Charleston Boulevard.

ISSUES

- This request for a Horse Corral or Stable (Private) use requires a Special Use Permit as it does not meet the conditional requirements for the R-E (Residence Estates) zoning district.
- As the proposal is based upon a private horse stable and barn that exceed the maximum allowable size listed in Title 19.08.040 for accessory structures, a Variance is also required.
- The proposed stable is restricted to private use only and may not operate as a commercial stable.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
02/15/95	The City Council approved a request for rezoning (Z-0166-94) on property located east of Campbell Drive, north of Charleston Boulevard, from the C-D (Designed Commercial) and R-A (Ranch Acres) zoning districts to the C-D (Designed Commercial) and P-R (Professional Office and Parking) zoning districts.
05/08/95	The City Council denied the Request for Review of Condition [Z-0166-94(1)] to remove the Condition of Approval which required "Final approval of this application is contingent upon approval of the closure of Campbell Drive to

	through traffic north of Charleston Boulevard".

06/19/02	The City Council approved a request to amend portions of the Southeast Sector map of the General Plan (GPA-0047-001) in the general vicinity of the Charleston Boulevard/Rancho Drive intersection in accordance with the recommendations of the Rancho Charleston Land Use Study and Strategic Plan. The Planning Commission was unable to reach a supermajority vote thus the item was forwarded to City Council with a recommendation of denial.
06/30/10	Staff accepted a request for Parcel Map Review (PMP-38735) for a reversion to acreage of approximately 2.64 acres located approximately 300 feet south of Palomino Lane and 200 feet east of Campbell Drive. This map has not recorded.

Most Recent Change of Ownership	
05/14/10	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses
There are no building permits or business licenses affiliated with this subject site.

Pre-Application Meeting	
06/03/10	Staff met with Brain Barson, representative for the owners, and reviewed the proposal. It was determined that the proposed Horse Corral or Stable (Private) use would require Special Use Permit in conjunction with an approved Variance to allow accessory structures to exceed the square footage allowed by code. Each application was reviewed with Mr. Barson and the deadlines and requirements for submittal were provided.

Neighborhood Meeting
A neighborhood meeting is not required for this type of request nor was one held. Staff recommended the applicant hold a neighborhood meeting since the deviation from Code was so great. However, the applicant chose to obtain a petition of support signed by the neighboring property owners instead of holding a neighborhood meeting.

Field Check	
07/02/10	Staff conducted a field check and found that the property was vacant, fenced and well maintained.

ANALYSIS

The need for a Variance is required because the cumulative 6,783 square feet of proposed accessory structures exceed the size of the primary structure floor area by 50% as required by Title 19.08.040. The gross floor area of the proposed residence is 2,616 square feet allowing for 1,308 square feet of accessory structure floor area. Both of the proposed accessory structures are located away from the other residential property lines and meet all setback requirements.

The Special Use Permit is required because, per Title 19.04, the proposed Horse Corral or Stable (Private) use does not meet Conditional Use Requirement #3: "Barns and other structures shall conform to the standards for accessory buildings."

The applicant would satisfy Code requirements by either increasing the size of the primary residence to 13,566 square feet or greater or by reducing the barn and stable to less than 1,308 square feet. Although either of these solutions would meet the intent of the Code, neither would be as practical as the proposed design. For these reasons, staff is recommending approval of both the Variance and Special Use Permit.

FINDINGS (VAR-38582)

In accordance with the provisions of Title 19.18.070(B), Planning Commission and City Council, in considering the merits of a Variance request, shall not grant a Variance in order to:

1. Permit a use in a zoning district in which the use is not allowed;
2. Vary any minimum spacing requirement between uses;
3. Relieve a hardship which is solely personal, self-created or financial in nature.

Additionally, Title 19.18.070(L) states:

> "Where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of enactment of the regulation, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of the piece of property, the strict application of any zoning regulation would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardships upon, the owner of the property, a variance from that strict application may be granted so as to relieve the difficulties or hardship, if the relief may be granted without substantial detriment to the public good, without substantial impairment of affected natural resources and without substantially impairing the intent and purpose of any ordinance or resolution."

The subject site is an exceptionally large lot that is zoned R-E (Residence Estate), which allows rural uses including horse corrals and livestock farming. These types of uses often require accessory structures that exceed the maximum building area allowed by Title 19. As such, the applicant has presented evidence of an extraordinary circumstance, and staff is recommending approval.

FINDINGS (SUP-38573)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The subject site is zoned to allow for the keeping of horses. The stable will be located on the south side of the property, away from the other residences in the area. An office complex is adjacent to the south and an elementary school soccer field is adjacent to the east. The use is harmonious and compatible with the surrounding land use.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The property is zoned R-E (Residence Estates), and at 2.18 acres, is allowed to keep up to 12 horses. The secluded nature of the lot further contributes to suitability of the proposed use.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   The property is located off of Campbell Drive, a 60-foot residential street. Access is from this street via a 500-foot long paved driveway.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   The General Plan designation is DR (Desert Rural Density Residential) which encourages rural type uses such as those of a horse stable.

5. The use meets all of the applicable conditions per Title 19.04.

The proposed use does not meet all Conditional Use Regulations per Title 19.04. the proposed structures do not conform to the standards for accessory buildings; therefore, both a Variance and Special Use Permit are required.

RE: Justification Letter –Variance & Accompanying Special Use Permit
APN: 139-32-405-008, 009, 011, 012

Dear Planning and Development Department,

Enclosed is an application for a Variance & Special Use Permit for an Accessory Structure for that property generally located north of the northeast corner of Charleston Blvd. & Campbell Drive, more specifically described as APN's: 139-32-405-008, 139-32-405-009, 139-32-405-011, & 139-32-405-012 (specific street address not yet assigned). This Variance & Special Use Permit will be contingent upon these four parcels being consolidated into a single parcel. Construction of the primary dwelling will commence before that of the accessory structures.

The property consists of approximately 2.5 acres of land zoned R-E (Residence Estates). The Accessory Structures are going to be +/- 6,783 sq ft for a "shed-row" horse barn and +/- 1,200 sq ft for a hay shelter. The primary dwelling, of which these structures are to be accessory to, is to be +/- 2,616 sq ft. The floor area ratio of primary dwelling to accessory structures is +/- 32.77%.

The Variance is needed because our planned Accessory Structure's ratio of square footage to primary dwelling square footage exceeds that allowed by code. The Special Use Permit is needed because the Variance does not meet the Conditional use requirements; specifically Conditional Use Regulation #3 under the Horse Corral or Stable (Private) use in the Land Use Table of Chapter 19.04, "Barns and other structures shall conform to the standards for accessory buildings".

The property owner/applicant has spoken to all directly adjacent property owners who are all excited that the land is finally being developed, glad that it is going to be the proposed use (single family residence with horses), and are in general support of this variance for accessory structure.

The property owner/applicant is passionate about horses. She competes in barrel racing competitions and spends most hours of the day loving and caring for her horses. The

Planning and Development

1. Approval of and conformance to the Conditions of Approval for Variances (VAR-38586) and (VAR-38587) shall be required, if approved.

2. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. All development shall be in conformance with the site plan, landscape plan, and building elevations, date stamped 06/15/10, except as amended by conditions herein.

4. A Waiver from Title 19.12.040 is hereby approved to allow a landscape buffer width of one-foot along the south perimeter where eight feet is required, to allow a landscape buffer width of three feet along the west perimeter where eight feet is required and to allow a landscape buffer width of two feet along a portion of the north perimeter where eight feet is required.

5. An Exception from Title 19.10.010 is hereby approved, to allow one parking lot landscape island and tree, where three are required.

6. An Exception from Title 19.12.040 is hereby approved, to allow one perimeter tree, where twenty are required.

7. Prior to occupancy, all necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Building and Safety Department.

8. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.

9. The applicant shall coordinate with the City Surveyor and other city staff to determine the most appropriate mapping action necessary to consolidate the existing lots. The mapping action shall be completed and recorded prior to the issuance of any building permits.

10. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications. The technical landscape plan shall include the following changes from the conceptual landscape plan: provide four (4) five-gallon shrubs for each required tree in perimeter planters.

11. Reflective glazing at the pedestrian level is prohibited. Glazing above the pedestrian level shall be limited to a maximum reflectance rating of 22% (as defined by the National Institute of Standards and Technology).

Lighting on the exterior of buildings shall be shielded and shall be downward-directed. Non-residential property lighting shall be directed away from residential property or screened, and shall not create fugitive lighting on adjacent properties.

15. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

16. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

17. Dedicate appropriate portions of a bus turnout per Standard Drawing #234.1 along Owens Avenue. Construction is not required at this time.

18. Remove all substandard public street improvements and unused driveway cuts adjacent to this site, if any, and replace with new improvements meeting current City Standards concurrent with development of this site.

19. Landscape and maintain all unimproved right-of-way on Owens Avenue adjacent to this site. All landscaping and private improvements installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

20. Submit an Encroachment Agreement for all landscaping and private improvements located in the Owens Avenue public right-of-way adjacent to this site prior to issuance of permits for this site.

21. Coordinate all driveway geometrics with the Traffic Engineer prior to the submittal of construction drawings or issuance of permits whichever occurs first.

22. Meet with the Flood Control Section of the Department of Public Works for assistance with establishing finished floor elevations and drainage paths for this site prior to submittal of construction plans, the issuance of any building or grading permits, or the submittal of a map for this site, whichever may occur first. Provide and improve all drainage ways as recommended.

** STAFF REPORT **

PROJECT DESCRIPTION

The applicant is proposing to construct a 5,153 square-foot restaurant with drive-through on a 0.91 acre site at 2513 East Owens Avenue. The applicant is also proposing two companion Variances (VAR-38586) and (VAR-38587), along with multiple Waivers and Exceptions. The applicant proposes to demolish the existing 4,530 square foot restaurant with drive-through which was constructed on the site in 1978. Staff recommends denial, since the applicant has presented a plan that is over built and under parked. If the applications are denied, the existing 4,530 square foot restaurant with drive-through would remain. Alternatively the applicant could redesign the site to meet Title 19 requirements.

ISSUES

- A condition of approval has been added to require that the subject site be remapped to consolidate the three lots.
- Waivers of Title 19 Perimeter Landscaping Standards is required to allow a landscape buffer width of one-foot along the south perimeter where eight feet is required, to allow a landscape buffer width of three feet along the west perimeter where eight feet is required and to allow a landscape buffer width of two feet along a portion of the north perimeter where eight feet is required.
- An Exception from Title 19 On-site parking Standards is required to allow one parking lot landscape island and tree, where three parking lot landscape islands and trees are required.
- Approval of a Variance (VAR-38586) to allow 40 parking spaces where 52 are required and a Variance (VAR-38587) to allow an eight-foot menu board where seven feet is the maximum height allowed, two 12-foot tall incidental signs (clearance arms) where seven feet is the maximum height allowed and to allow external illumination on one of the incidental signs (clearance arms) where internal illumination is required are necessary for approval of the Site Development Plan Review.

ANALYSIS

The proposed 5,153 square-foot restaurant with drive-through would be constructed on three parcels totaling .91 acres at the southeast corner of Owens Avenue and Eastern Avenue. An existing 4,530 square-foot restaurant with drive-through currently occupies the subject site. The applicant has submitted two companion Variances for this site. The first Variance (VAR-38586) is to allow 40 parking spaces where 52 are required, which is a twenty-three percent reduction in required parking. The second Variance (VAR-38587) is to allow an eight-foot menu board where seven feet is the maximum height allowed, two 12-foot tall incidental signs (clearance arms) where seven feet is the maximum height allowed, which is a fifty-seven percent increase above the permitted height and a Variance to allow external illumination on one of the incidental signs (clearance arms) where internal illumination is required.

As the applicant has presented no compelling evidence for approval, staff recommends denial of Variances, the three Waivers and the five exceptions. Since approval of the Variances, Waivers and Exceptions is required for subsequent approval of the site review, staff also recommends denial of the Site Development Plan Review request.

FINDINGS (VAR-38586)

In accordance with the provisions of Title 19.18.070(B), Planning Commission and City Council, in considering the merits of a Variance request, shall not grant a Variance in order to:

1. Permit a use in a zoning district in which the use is not allowed;
2. Vary any minimum spacing requirement between uses;
3. Relieve a hardship which is solely personal, self-created or financial in nature."

Additionally, Title 19.18.070(L) states:

> "Where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of enactment of the regulation, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of the piece of property, the strict application of any zoning regulation would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardships upon, the owner of the property, a variance from that strict application may be granted so as to relieve the difficulties or hardship, if the relief may be granted without substantial detriment to the public good, without substantial impairment of affected natural resources and without substantially impairing the intent and purpose of any ordinance or resolution."

No evidence of a unique or extraordinary circumstance has been presented, in that the applicant has created a self-imposed hardship by designing a site that does not meet Title 19.10 parking standards. Redesigning the site plan would allow conformance to the Title 19 requirements. In view of the absence of any hardships imposed by the site's physical characteristics, it is concluded that the applicant's hardship is preferential in nature, and it is thereby outside the realm of NRS Chapter 278 for granting of Variances.

FINDINGS (VAR-38587)

In accordance with the provisions of Title 19.18.070(B), Planning Commission and City Council, in considering the merits of a Variance request, shall not grant a Variance in order to:

1. Permit a use in a zoning district in which the use is not allowed;
2. Vary any minimum spacing requirement between uses;
3. Relieve a hardship which is solely personal, self-created or financial in nature."

Additionally, Title 19.18.070(L) states:

> "Where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of enactment of the regulation, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of the piece of property, the strict application of any zoning regulation would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardships upon, the owner of the property, a variance from that strict application may be granted so as to relieve the difficulties or hardship, if the relief may be granted without substantial detriment to the public good, without substantial impairment of affected natural resources and without substantially impairing the intent and purpose of any ordinance or resolution."

No evidence of a unique or extraordinary circumstance has been presented, in that the applicant has created a self-imposed hardship by designing a menu board and an incidental signs that do not meet height standards of Title 19.14. Removal of the incidental signs and redesign of the menu board would allow conformance to the Title 19 requirements. In view of the absence of any hardships imposed by the site's physical characteristics, it is concluded that the applicant's hardship is preferential in nature, and it is thereby outside the realm of NRS Chapter 278 for granting of Variances.

FINDINGS (SDR-38585)

In order to approve a Site Development Plan application, per Title 19.18.050 the Planning Commission and/or City Council must affirm the following:

1. **The proposed development is compatible with adjacent development and development in the area;**

   The proposed development is not compatible with adjacent commercial development in the area. The number of additional requested Variances, landscape Waivers and Exceptions further demonstrates the incompatible nature of the proposed development.

2. **The proposed development is consistent with the General Plan, this Title, the Design Standards Manual, the Landscape, Wall and Buffer Standards, and other duly-adopted city plans, policies and standards;**

   The proposed development is inconsistent with Title 19.12 Landscape and Buffer Standards. This is seen in the number of Waivers and Exceptions, which are requested as a part of the subject application. These deviations highlight the incompatibility with adjacent developments.

3. **Site access and circulation do not negatively impact adjacent roadways or neighborhood traffic;**

   Adequate site access is provided from both Owens Avenue and Eastern Avenue. Owens Avenue and Eastern Avenue are designated as 100-foot Primary Arterial by the Master Plan of Streets and Highways.

4. **Building and landscape materials are appropriate for the area and for the City;**

   The proposed building and landscape materials are appropriate for this area and for the City. The applicant is requesting a number of Waivers and Exceptions of Title 19.10 and 19.12. The provided landscape materials are lacking in quantity.

5. **Building elevations, design characteristics and other architectural and aesthetic features are not unsightly, undesirable, or obnoxious in appearance; create an orderly and aesthetically pleasing environment; and are harmonious and compatible with development in the area;**

   The proposed building elevations are appropriate for the building's uses and are harmonious and compatible with the surrounding area.

6. **Appropriate measures are taken to secure and protect the public health, safety and general welfare.**

   Proposed development on the site will be subject to permit review and inspection, thereby protecting the public's health, safety and general welfare.

Mr. Grider:

This serves as a justification letter for the above mentioned parcels for the proposed McDonalds restaurant. We are proposing to demolish the existing McDonalds building to replace with a 5,153 sq.ft. McDonald's restaurant located on the same parcels as mentioned above. In addition to the Site Development Review application that is being submitted concurrently with this application, we are requesting a variance to the parking requirements set forth in Title 19.10.

In addition to the Site Development Review application being submitted concurrently with this request, we are requesting the approval of a variance to the parking requirements set forth in Title 19.10. Per the requirements set forth in Title 19.10, the number of required parking is forty-six parking spaces and since we are proposing forty parking spaces this development does not meet the required number of parking per Title 19.10. Please see parking calculations below:

Restaurant:	1/100 x 3,823 = 38.2
Add. Seating:	1 /100 x 480 = 4.8
Playplace:	1/100 x 300 = 3.0
	Total: = 46.0 Required
	Total: = 40.0 Provided

We have provided a minimal square footage within the Play Place for the above parking calculations to reflect a minimal amount of seating that will be within the Play Place area.

Since the majority of McDonald's business is drive-thru and not a dine in restaurant, we are suggesting that a reduction in the number of parking spaces required be approved to meet the number of parking spaces that we are proposing for this project.

We are proposing to demolish the existing McDonalds building to replace with a 5,153 sq.ft. McDonald's restaurant located on the same parcels as mentioned above. In addition to the Site Development Review application that is being submitted concurrently with this application, we are requesting a variance to the signage requirements set forth in Title 19.14.

This request is for the approval of incidental directional signage that exceeds seven feet in height, per Title 19.14. The incidental directional signage includes the Welcome Point Gateway for the drive thru entrance, the Drive Thru Twin Pole Canopy with Built in COD, and the Freestanding Modular Outdoor Menu Board.

The Welcome Point Gateway and the Drive Thru Twin Pole Canopy with Built in COD are both approximately 11' – 0" in height. The Freestanding Modular Outdoor Menu Board is approximately 8' – 0" in height. Please see signage information included within this package.

Since these are standard McDonald's signage that are currently in use over the Las Vegas Valley, we are requesting that this variance request be approved for the overall height requirements set forth in Title 19.14.

Mr. Grider:

This serves as a justification letter for the above mentioned parcels for the proposed McDonalds restaurant. We are proposing to demolish the existing McDonalds building to replace with a 5,153 sq.ft. McDonald's restaurant located on the same parcels as mentioned above.

The proposed building exceeds all minimum building setback requirements. The proposed building also meets the requirements for the intended use of the property as a fast food restaurant, 2000 sq. ft. or more (with a single drive-through).

We are providing forty parking spaces for this project, which does not exceed the required forty parking spaces. A variance request is being submitted concurrently with this application requesting the approval of a reduction in the number of parking spaces required per Title 19.10.

In addition, a variance request for the incidental directional signage height is being requested for signage within the drive-thru that exceeds the allowable 7'-0" allowable height.

In addition, to our request for reduction in parking requirements, we are requesting the approval of a reduction in the landscape setback requirements set forth in Title 19.

Landscaping shall conform to City Las Vegas development standards of Title 19. However, we are applying for waiver of reduction of landscaping setbacks on the following property lines:

SDR-38585

RECEIVED
JUN 15 2010
City of Las Vegas

- West property line: reduction from 8'-0" to 3'-0"
- South property line: reduction from 8'-0" to 1'-0"
- North property line: reduction from 8'-0" to 3'-0" (only on portion that is between our parcel and the existing convenience store, all property that is directly on Owens will conform with city standards and meet the 15'-0" required setback)

In order to maximize parking within the limits of the site, we are requesting an exemption of the standards for interior landscaping of the islands for the parking lot per Chapter 19.10.010, section J. In certain areas, the required 5-foot wide parking islands at the end of parking rows and the one landscape island required for every six parking spaces is not achievable without reducing the parking count even further.

Vehicular access to the property will remain off of both Eastern Avenue and Owens Avenue. The revised site plan reflects the requested revisions to include a radial return on Eastern Avenue for the ingress portion of the driveway. This driveway configuration helps eliminate the conflict with an existing power pole along the frontage of Eastern Avenue.

The existing "Dust-Pan" driveway currently providing access off of Owens Avenue will be upgraded to a Curb-Returned Commercial Driveway, Option B, per USD No. 225, with curb return radius deviations as shown per site plan.

In addition, we are requesting a 65' reduction in length of the existing 2-foot wide median island along Owens Avenue. The request is to allow access onto the site from Owens Avenue for both east-bound and west-bound Owens Avenue. This reduction in median length will be coordinated with both City of Las Vegas Traffic Division and City of North Las Vegas Traffic Divisions.

A Parcel Map will be submitted and approved concurrently with the development portion of the project to combine the three subject parcels into one parcel as requested.

If you have any further questions pertaining to this project, please give me a call.

Thank You,

Samantha Johnston

** STAFF REPORT **

PROJECT DESCRIPTION

This is a request for a Special Use Permit for a proposed Supper Club use at 740 South Rampart Boulevard, Suite #7. The subject site is located within an existing 641,664 square-foot shopping center. The shopping center is capable of accommodating a variety of uses, and the addition of a Supper Club within this center is compatible with existing land uses. Therefore, staff recommends approval. If this application is denied, a supper club use will not be allowed at the site.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc

ANALYSIS

The applicant is proposing a Supper Club located within the Boca Park shopping center. The proposed use is consistent with the conditions of approval for a Supper Club use. The proposed use is compatible with adjacent uses within Boca Park as there are similar restaurants within the center.

A revised floor plan was submitted and depicts 3,250 square feet for the proposed Supper Club. Per Title 19.04, the dining area does not include bar stool seating at the bar or lounge seating, but may include table or booth seating within the bar area and table seating within a patio area. The proposed floor plan depicts the dining area, bar dining and patio dining seating available for 125 guests, while the bar counter has seating available for 21 guests. The floor area of the restaurant is 1,601 square feet. The total remaining area of the restaurant is 1,649 square feet. The addition of the Supper Club will be compatible with similar uses as conditioned; therefore, staff recommends approval of this request.

FINDINGS (SUP-38501)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed Supper Club is located within the Boca Park shopping center, and can be conducted in a manner that is harmonious with the existing and future land uses as projected by the General Plan.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site is physically suitable for the type and intensity of the proposed Supper Club use.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Site access is provided from Charleston Boulevard and Rampart Boulevard, both a 100-foot Primary Arterial as designated in the Master Plan of Streets and Highways. These streets are of sufficient size to accommodate the needs for the proposed Supper Club use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   Approval of the proposed Special Use Permit will not compromise the public health, safety and general welfare, as the use will be subject to regular inspections for business licensing.

5. **The use meets all of the applicable conditions per Title 19.04.**

   The proposed Supper Club use meets all minimum requirements of the applicable conditions per Title 19.04

JUSTIFICATION LETTER

Application/Petition For:	Special Use Permit – Supper Club
Project Name:	Ground Hog 1, LLC
Assessor's Parcel:	13832312005

Issue: This Application/Petition is for a Special Use Permit for a Supper Club with liquor and restricted gaming located within the Boca Fashion Village.

Information: The number of employees will be determined in the future, but it is anticipated that at least 20 employees will be needed, as the business will operate 24 hours. State licenses will be required and the applicant intends to submit all licensing applications within the next 30 days. The business will comply will all applicable local, state and federal laws, rules and regulations.

Findings: This project meets and supports existing City regulations because the proposed use will be conducted in a manner harmonious and compatible with existing land uses, consistent with Boca Park development plans and standards, and with future surrounding land uses as projected by the General Plan. The subject site is physically suitable for the type and intensity of land use being proposed, and access to the property is more than adequate to meet the requirements of the proposed use. Approval of this special use permit will not be inconsistent with or compromise the public health, safety and welfare or the overall objectives of the General Plan.

** STAFF REPORT **

PROJECT DESCRIPTION

This application is a request for a Special Use Permit to add a proposed Night Club use to an existing 4,807 square-foot Tavern located within a shopping center at 6720 West Cheyenne Avenue. Staff recommends approval as the proposal meets the minimum requirements for the additional Night Club use as listed in Title 19.04 and find that the use will have minimal adverse impact on the surrounding area. If denied, the Night Club use would not be allowed at this location; however, the Tavern use would be entitled to continue at this location.

ISSUE

- A tavern use was approved at this site prior to the requirement for a Special Use Permit for a tavern and is a legally non-conforming use. Records indicate that the entitlement for the Tavern use was approved in conjunction with the plot plan review [Z-0071-78(1)] for a shopping center with a tavern.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
12/06/78	The City Council approved a rezoning (Z-0071-78) that included a site plan for a shopping center. Planning Commission voted to recommend approval.

Most Recent Change of Ownership	
07/25/06	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses	
04/21/10	The business licenses for a Restaurant (R09-00217) and a Tavern (L16-00019) at 6720 West Cheyenne Avenue became inactive and were marked out-of-business as of 4/21/10.
05/10/10	A Certificate of Occupancy was issued by the department of Building and Safety for 4,807 square foot Tavern.
05/13/10	Building permit #157607 was approved to allow for a one-time, 1,000 square-foot expansion of a legally non-conforming Tavern.
06/16/10	The City Council approved the request for an extension of a Temporary License (L16-93483) for a Tavern located at 6720 West Decatur Boulevard.
07/01/10	A six month conditional Temporary License (L16-93483) was issued with an expiration date of 01/01/11. The license has been conditioned forbidding the sale of alcoholic beverages in the showroom for events with attendees under the age of twenty-one years.

Pre-Application Meeting	
05/14/10	Staff met with the applicant to discuss the Special Use Permit requirements for adding a proposed Night Club use to an existing Tavern use.

Neighborhood Meeting	
06/30/10	A voluntary neighborhood meeting was held at this subject site. One resident attended along with three representatives for the applicant and two city staff members. There was no opposition to the request.

Field Check	
06/24/10	Staff conducted a field check and found this shopping center to be clean and well maintained. There were no outstanding issues found with the Tavern.

ANALYSIS

The applicant would like to expand the entertainment options at the existing Tavern to seven days a week. The current tavern license only permits entertainment three days a week, hence the need for a Special Use Permit for a Night Club use. According to the justification letter submitted with the application, the venue would offer live jazz on Sunday afternoons; karaoke on Sunday and Wednesday evenings, with rotating live bands on Monday, Friday and Saturday evenings. Country music would be offered on Tuesday nights with Thursday being used as an open microphone night.

The Tavern is located within an existing shopping center and thus no additional parking would be required for the expanded Night Club Use. As no adverse affects have been identified, staff recommends approval of the request.

FINDINGS (SUP-38519)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed Night Club Use will be located within an existing tavern located within a larger shopping center. The proposed use can be conducted in a manner that is harmonious and compatible with the uses in the existing site and with the commercial uses on adjacent properties.

2. The subject site is physically suitable for the type and intensity of land use proposed.

The site is physically suitable for the type and intensity of the proposed use. No additional parking requirements are required for the proposed use as it is located within a shopping center.

3. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.

Site access is provided from Cheyenne Avenue, a 100-foot Primary Arterial and Rainbow Boulevard, an 80-foot Secondary Collector as designated in the Master Plan of Streets and Highways. These streets are of sufficient size to accommodate the needs of the proposed Night Club Use.

4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.

Approval of the proposed Special Use Permit will not compromise the public health, safety and general welfare, as the use will be subject to regular inspections by Business Licensing.

5. The use meets all of the applicable conditions per Title 19.04.

Yes. The proposed use will be located within an existing Tavern. There are no minimum requirements for the Night Club use.

Re: Choices Pub, Grill & Showroom
6720 W. Cheyenne Ave
Las Vegas, NV 89108

Justification Letter to receive a Special Use Permit for a Nightclub license

Choices Pub, Grill & Showroom wishes to have the zoning changed to allow a nightclub license in order to offer its guests entertainment 7 nights per week.

The Pub wishes to offer Live Jazz on Sunday afternoons, Karaoke Sunday and Wednesday evenings, Rotating Live Bands Monday, Friday and Saturday evenings, Country Music on Tuesday evenings, and an Open Mic/Jam on Thursday evenings.

In addition, in the adjacent Showroom space Choices Pub wishes to offer dance lessons, acting and singing lessons, Comedy Shows, a pre-sale band venue, banquet facilities, and dinner shows.

All existing policies and regulations are being met; we only wish to offer entertainment 7 nights per week rather than the 3 currently allowed.

** STAFF REPORT **

PROJECT DESCRIPTION

This is a request for a Special Use Permit for a proposed 2,000 square-foot Motor Vehicle Sales (Used) use at 4561 East Bonanza Road, Suite #130. The subject property contains an existing 16,250 square-feet Auto Repair Garage, Major building and has been approved through Site Development Plan Review (SDR-25148) for a 19,500 square-foot General Retail and Restaurant building. In addition, the subject property has also received a parking Variance (VAR-25220) to allow 201 parking spaces where 250 are required. The applicant is proposing to convert a 2,000 square-foot storage area of the existing 16,250 square-foot Auto Repair Garage, Major building into a Motor Vehicle Sales (Used) use. Placing an additional use on the subject property, in addition to the existing and approved uses, will create an overly developed site and will negatively impact the surrounding neighborhood; therefore, staff recommends denial of this request. If this application is denied, the existing 16,250 square-foot Auto Repair Garage, Major building and use would remain.

ISSUES

- 4561 East Bonanza Road, Suites # 125 and # 145 have had permits issued, but were never finaled.
- The applicant currently has six code enforcement cases open at 4561 East Bonanza Road.
- Per Title 19.04 Minimum Special Use Permit Requirement # 7 for the Auto Repair Garage, Major use, no vehicles may be parked on the premises for the purposes of offering the vehicle for sale. Approval of this Special Use Permit request would circumvent this requirement of the previously approved Special Use Permit (SUP-3223).

ANALYSIS

The applicant is proposing to convert 2,000 square feet of an existing 16,250 square-foot Auto Repair Garage, Major into a Motor Vehicle Sales (Used) establishment. A previous Variance (VAR-25220) approved 201 parking spaces for a 16,250 square-foot Auto Repair Garage, Major, a 6,207 square-foot Restaurant, and 13,315 square-feet of General Retail where 250 parking spaces are required. The applicant was denied a previous a Special Use Permit (SUP-33611) for a proposed 1,000 Motor Vehicle Sales (Used) at this site on 04/23/09. This request would allow vehicle sales in conjunction with an Auto Repair Garage, Major, which was previously approved through Special Use Permit (SUP-3223). This would circumvent a Minimum Special Use Permit Requirement of that use that prohibits the display and sale of vehicles at an Auto Repair Garage, Major site. As such, staff cannot support this request and recommends denial.

FINDINGS (SUP-38523)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed land use cannot be conducted in a manner that is harmonious and compatible with the existing and surrounding land uses, as the surrounding businesses within the subject property are high-volume uses, and over 20,400 square feet of additional uses have been approved for the site through Site Development Plan Review (SDR-25148). The surrounding parcels are residential and commercial in nature, and the proposed use will not be harmonious or compatible with the adjacent residential land uses, as the proposed use is too intense for the subject property.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site is not physically suitable for the type and intensity of land use proposed, as evidenced by the approved Variance (VAR-25220) for parking. The isolation of this parcel from others zoned C-2 (General Commercial) creates a significant conflict with adjacent, less-intensely zoned properties.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Access to the site is provided by Bonanza Road, a 100-foot Primary Arterial as designated by the Master Plan of Streets and Highways, which will provide adequate access to the site. There is only one access driveway to the site with an emergency crash gate at the south end of the site, at Diamond Head Drive, a 60-foot Local Street, which will provide adequate emergency access. The subject property is also adjacent to Page Street, a 60-foot Local Street to the east; however, no access is provided to this roadway.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   The proposed development is subject to permit review and inspection; therefore, appropriate measures will be taken to protect the health, safety and general welfare.

5. **The use meets all of the applicable conditions per Title 19.04.**

   The proposed use meets all of the applicable conditions per Title 19.04; however, the request would allow vehicle sales in conjunction with an Auto Repair Garage, Major, which was previously approved through Special Use Permit (SUP-3223). This would circumvent a Minimum Special Use Permit Requirement of that use that prohibits the display and sale of vehicles at an Auto Repair Garage, Major site.

Re: JUSTIFICATION LETTER

To whom it may concern.

I am applying for a Use Permit for an Auto Sales at 4561 E. Bonanza Road, Las Vegas, Nevada 89110. The property is zoned as a C2 which is for a heavy mechanic repair of which is comparable with Use Permit of which I am applying for.

Further this is vital to me because at this time I have filed a chapter 11 bankruptcy and this will give more proof to the judge and trustees that I do intent to have future income.

Respectfully

** STAFF REPORT **

PROJECT DESCRIPTION

This is a request for a Special Use Permit to allow an Auto Title Loan use within an existing 1,040 square-foot non-conforming Financial Institution, Specified at 2333 North Jones Boulevard. Staff is recommending denial of this application because the proposed use cannot be conducted in a manner that is harmonious and compatible with existing surrounding land uses, as is evidenced by the requested waivers of distance separation and minimum floor area requirements. If this request is denied, the Auto Title Loan cannot be permitted on this site.

ISSUES

- A waiver is required to allow the proposed use to be located zero feet from a residential zoned use where 200 feet required.
- A waiver is required to allow the proposed use to be located zero feet from another Financial Institution, Specified where 1,000 feet is required.
- A waiver is required to allow 1,040 square feet for the use where 1,500 square feet is the minimum floor area required.
- A site visit conducted by staff and noted that a window signage was observed and exceeded the 25 percent coverage allowed pursuant to Title 19.14.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
09/26/73	The City Council approved a reclassification of property (Z-0069-73) generally located on the southeast corner of Jones Boulevard and Smoke Ranch Road, from R-3 (Medium Density Residential) to C-1 (Limited Commercial) on the subject property. The Planning Commission recommended denial.
11/27/79	The Planning Commission approved a request for a Review of Conditions (Z-0069-73) relative to deferring landscaping on property generally located at the southeast corner of Jones Boulevard and Smoke Ranch Road. Staff recommended approval.
02/01/84	The City Council denied a request for a Plot Plan Review (Z-0069-73) to allow a 12-foot by 24-foot off-premise sign on property located at 2351 North Jones Boulevard. The Planning Commission and staff recommended denial.
08/20/03	The City Council denied a Special Use Permit (SUP-2329) for the sale of Package Liquor for off-premise consumption in conjunction with an existing Convenience Store at 2339 North Jones Boulevard. The Planning Commission and staff recommended denial.

Most Recent Change of Ownership	
05/21/02	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses	
08/18/00	A business license (C21-00067) was issued for Check Cashing Services at 2333 North Jones Boulevard, Suite #110. The business license was reclassified as a Non-Depository Lender on 01/07/10.
01/07/10	A temporary business license (N02-00126) was issued for Non-Depository Lender at 2333 North Jones Boulevard, Suite #110. The temporary business license will expire on 07/07/10.

Pre-Application Meeting	
06/03/10	A pre-application meeting was held with the applicant where elements of submitting a Special Use Permit for an Auto Title Loan were discussed. The topic included: • The submittal of application materials, meeting dates, and deadlines were discussed. • The parking requirement for an Auto Title Loan is the same as the Financial Institution, Specified. The required parking is one space per 250 square feet of gross floor area and no additional parking is required for the proposed use. • The site plan needs to be revised to include a comprehensive parking calculation with the parking requirements of different uses on-site. • The justification letter needs to be revised to include the business address and suite number of the proposed use. • The hours of operation need to be included in the justification letter, indicating that the use will not extend beyond the hours of 8:00 a.m. to 11:00 p.m. Otherwise, a waiver is required to extend the allowed hours of operation. • A waiver is required to allow 1,040 square feet for the use where 1,500 square feet is the minimum floor area required. • A waiver is required to allow the proposed use to be located zero feet from a residentially zoned use where 200 feet is required. • A waiver is required to allow the proposed use to be located zero feet from another Financial Institution, Specified where 1,000 feet is required.

Neighborhood Meeting
A neighborhood meeting was not required, nor was one held.

Field Check	
06/24/10	A field check was conducted by staff and observed window signage of the subject suite. Pursuant to Title 19.14, the window signage exceeds 25 percent.

ANALYSIS

The proposed Auto Title Loan will allow a business whose primary function is to lend money on the security of the title to a motor vehicle rather than on the security of the vehicle itself. The required parking for the entire site is 125 parking spaces. Currently, the provided parking for the existing site is 69 parking spaces and it is a parking-impaired development, pursuant to Title 19.10.010. The proposed use will not result in an increase to the area of the suite or result in a change of use that requires an increase in the number of required parking spaces. A site visit was conducted by staff noted a window signage was observed and exceeded the 25 percent coverage allowed pursuant to Title 19.14. A condition of approval has been added to address the window signage.

The minimum Special Use Permit requirements for the proposed Auto Title Loan use are a 200-foot distance separation from residential use, a 1,000-foot distance separation from any other Financial Institution, Specified and a 1,500 square-foot minimum floor area for the use. The applicant has requested waivers to allow a zero-foot distance separation from residential use, a zero-foot distance separation from another Financial Institution, Specified and to allow 1,040 square feet of floor area for the proposed use. Staff is recommending denial of this application because the proposed use cannot be conducted in a manner that is compatible with the surrounding land uses, as is evidenced by the requested waiver of distance separation and minimum floor area requirements.

FINDINGS (SUP-38531)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed use cannot be conducted in a manner that is harmonious and compatible with the uses in the existing site and with the commercial uses on adjacent properties due to the waivers of the distance separation from residentially zoned property and from another Financial Institution, Specified.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site is not physically suitable for the type and intensity of the proposed use. The suite where the proposed Auto Title Loan is to be located is only 1,040 square feet. The minimum Special Use Permit requirement for the building or portion thereof that is dedicated to the use shall have a minimum size of 1,500 square feet.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Site access is provided from Smoke Ranch Road, a 100-foot Primary Arterial and Jones Boulevard, an 80-foot Secondary Collector as designated in the Master Plan of Streets and Highways. These streets are of sufficient size to accommodate the needs of the proposed Auto Title Loan use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   Approval of the proposed Special Use Permit will not compromise the public health, safety and general welfare, as the use will be subject to regular inspections for business licensing.

5. **The use meets all of the applicable conditions per Title 19.04.**

   The use does not meet all of the applicable conditions per Title 19.04, due to the request of waivers of distance separation for the proposed Auto Title Loan to allow the use within zero feet of residentially zoned property, zero feet from another Financial Institution, Specified and to allow 1,040 square feet minimum for the proposed use, where 1,500 square feet minimum is required.

Re: Justification Letter – Special Use Permit for Auto Title and Waivers to Reduce Separation from a Residential Use & Financial Use and to Reduce Minimum Square Footage Requiements
APN: 138-24-101-001

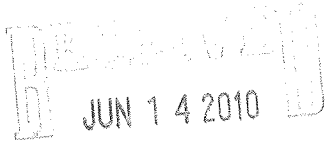

To Whom It May Concern:

Please be advised this office represents Loanex (the "Applicant"). The Applicant is seeking a special use permit for an auto title use at its existing business located at 2333 N. Jones Blvd., Suite110 on the southeast corner of Jones Boulevard and Smoke Ranch Road, more particularly known as APN: 138-24-101-001 (the "Site"). The Applicant is also requesting to waive the 200 foot separation requirement from its existing business to a residential use, the 1000 foot separation requirement from another financial institution specified as it relates to the auto title use and the minimum square footage requirements.

Auto Title Use

The Applicant has been lawfully operating its check cashing/payday loan/title loan business from 9am to 6pm Monday through Saturday for a number of years at the Site, including offering an auto title use to it customers. However, the Nevada legislature recently amended the state law which resulted in existing businesses of this type to reclassify their local business licenses which carved out auto title loans as a separate use. Therefore, as the Site is zoned C-1 a special use permit is now required for the Applicant to obtain approval of the amended business license.

As a result and in order to comply with the new state and local laws, the Applicant is seeking the special use permit to continue offering auto title uses at the Site, as it has for the past several years.

SUP-38531

Waiver to Reduce Separation from Residential Use & Financial Use and Minimum Square Footage Requirements

The City of Las Vegas planning code requires that an auto title use be no closer than 200' to a residential use and 1000' to another financial use. In this case, the existing Site is on the same parcel with these uses and therefore is within zero feet of a residential use and another financial use. In addition, the Code requires a minimum square footage of 1500 square feet and the applicant's suite is 1,040 square feet. As indicated above, the Applicant has been operating at the Site and offering the auto title use for numerous years. Because of the recent amendments to both the state and local laws, the Applicant is required to obtain a special use permit. As a result of this recent requirement to obtain a special use permit, the existing Site and business now also require the said waivers.

We thank you in advance for your consideration of this matter. Should you have any additional questions, please feel free to contact me.

Sincerely,

KAEMPFER CROWELL RENSHAW GRONAUER & FIORENTINO

** STAFF REPORT **

PROJECT DESCRIPTION

This is a request for a Special Use Permit for a proposed 1,171 square-foot Accessory Structure (Class I) with kitchen at 4112 Birchmont Street. The lot consists of an existing 3,498 square-foot primary dwelling with 4,908 square feet of rear yard area. The use complies with Title 19 requirements for an Accessory Structure (Class I) use and can be conducted in a way that is harmonious and compatible with surrounding land uses. Staff therefore recommends approval. If the Special Use Permit request is denied, the proposed Accessory Structure (Class I) will not be permitted on this site.

ANALYSIS

The applicant is requesting a Special Use Permit for a proposed 1,560 square-foot Accessory Structure (Class I) at a residential property located at 4112 Birchmont Street.

An Accessory Structure (Class I) use is defined by Title 19.20.020 as "an accessory structure which is located on the same residential parcel as a principal dwelling and which, as an ancillary use, provides living quarters, including full kitchen facilities, for the occupants of the principal dwelling or their tenants, domestic employees or temporary guests." Unless the principal dwelling is owner-occupied, a Class I accessory structure may not be offered or occupied as a rental unit. The applicant indicated on the justification letter that proposed accessory structure will be used by their immediate family member. The floor plan depicts a 1,171 square-foot accessory structure containing a kitchen with a nook, two bathrooms, a bedroom, a media room and a hobby room.

The proposed accessory structure is compatible with the R (Rural Density Residential) General Plan Designation and is located within an existing R-PD2 (Residential Planned Development - 2 Units per acre) zoned subdivision. The proposed structure is set back sufficiently from the neighboring properties and it is a single story structure. The rear yard coverage is 29 percent and is below the maximum 50 percent requirement. The floor area of the proposed accessory structure is 34 percent of the existing dwelling floor area and is below the maximum 50 percent requirement. The height of the proposed accessory structure is at 13 feet and is subordinate to the primary dwelling of 18 feet. The proposed use can be conducted in a manner that is harmonious and compatible with the existing surrounding land uses; therefore, staff is recommending approval of this request.

A copy of a letter from the Willowdale Park Home Owner's Association was received by the Planning and Development Department on 07/19/10 stating that the proposed casita is in violation of Article 7.11 of the Willowdale governing documents, and requesting that the owner stop all construction immediately. Per Title 19.00.060(J), "No provision of this Title is intended to interfere with or abrogate or annul any easement, private covenants, deed restriction or other agreement between parties. In cases in which this Title imposes a greater restriction upon the use of land or structures, the provisions of this Title shall prevail and control. By virtue of this Title, the City has no power or authority to enforce private deed covenants, conditions or restrictions. Private covenants or deed restrictions which impose conditions more restrictive than those imposed by this Title, or which impose restrictions not covered by this Title, are not superseded by this Title." As the City has no authority to enforce private covenants or restrictions, staff's recommendation of approval is based strictly on the requirements of Title 19, and the compatibility of the proposed use with the surrounding adjacent uses.

FINDINGS (SUP-38532)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed Accessory Structure (Class I) is compatible with the R (Rural Density Residential) General Plan designation and is located within an existing R-PD2 (Residential Planned Development – 2 Units Per Acre) zoned subdivision. The proposed land use can be conducted in a manner that is harmonious and compatible with the existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.

2. The subject site is physically suitable for the type and intensity of land use proposed.

The subject site is physically suitable for the type and intensity of land use proposed. The total floor area of the proposed accessory structure is 34 percent of the floor area of the principal dwelling unit constructed on the same lot. The main aggregate total of the ground floor area of the proposed accessory structure covers 29 percent of the rear yard. The proposed structure is set back sufficiently from neighboring properties and it is a single story. The height of the proposed accessory structure is approximately 13 feet and is less than the primary dwelling unit of 18 feet.

3. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.

The site is located within a subdivision accessed by Alexander Road, a 100-foot Primary Arterial as designated in the Master Plan of Streets and Highways. The proposed use is not expected to have an effect on traffic in the area, and therefore this right-of-way will be adequate to accommodate it and the existing uses on the property.

4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.

Approval of the proposed Accessory Structure (Class I) use will not jeopardize the public health, safety or welfare, as it will be subject to permit review and inspection prior to completion.

5. The use meets all of the applicable conditions per Title 19.04.

The proposed Accessory Structure (Class I) use meets the conditions of Title 19.04.

Subject: Request for a Special Use Permit

We are requesting a special use permit for the use of an Accessory Structure (Class 1) on our property at 4112 Birchmont for our immediate families use. The structure will be 1,171 sq. ft. and located in the rear yard with the required set back of a 5 ft minimum to all property lines. To assure the structure is harmonious and compatible the exterior will be the same as the original structure, white stucco with brown trim and tile roof. The rear yard coverage is 23.8% and total lot coverage of 41.4%.

The structure meets all City codes and we will meet any conditions of the Planning Commission.

We appreciate your consideration.

** STAFF REPORT **

PROJECT DESCRIPTION

The applicant is requesting two Special Use Permit for Auto Title Loan and Secondhand Dealer within an existing 750 square-foot non-conforming Financial Institution, Specified at 1620 South Decatur Boulevard, Suite A. The applicant is requesting for a waiver for the Auto Title Loan to allow the minimum of 750 square feet, where 1,500 square feet minimum of the building or portion thereof that is dedicated for the use. Staff is recommending approval of these applications because the proposed uses can be conducted in a manner that is harmonious and compatible with existing surrounding land uses. If this request is denied, the Auto Title Loan and Secondhand Dealer uses cannot be permitted on this site.

ISSUES

- A waiver is required to allow 750 square feet for the Auto Title Loan use where 1,500 square feet is the minimum floor area required.
- A site visit by staff and noted that a window signage was observed and exceeded the 25 percent coverage allowed pursuant to Title 19.14.

ANALYSIS

The proposed Auto Title Loan will allow a business that provides check cashing services such as a principal service deferred, a paycheck advance service, and any business primarily providing cash loans, installment loans or cash. The proposed Secondhand Dealer will allow a specialty shop which deals solely in one kind of used commodity with no new commodities, or a business in which the sale of secondhand or used articles is incidental to the sale of new articles of the same kind. The term includes the sale of jewelry (Class III type) and scrap precious metals. The parking requirement for this site is determined by the different uses; therefore, 37 parking spaces are required. Currently, the provided parking for the site is 16 spaces and it is a parking-impaired development, pursuant to Title 19.10.010. The proposed Auto Title Loan and Secondhand Dealer uses will not increase the area of the suite or result in a change of use that requires an increase in the number of required parking spaces, whereas they have the same parking requirement as the existing non-conforming Financial Institution, Specified. The Financial Institution, Specified use has been pre-existing on-site prior to the requirements for a

Special Use Permit.

A minimum Special Use Permit requirement for the proposed Auto Title Loan use is a 1,500 square-foot minimum floor area for the use. The applicant has requested a waiver to allow 750 square feet of floor area for the proposed use.

A site visit was conducted by staff noted a window signage was observed and exceeded the 25 percent coverage allowed pursuant to Title 19.14. A condition of approval has been added to address the window signage.

The proposed Auto Title Loan and Secondhand Dealer uses can be conducted in a manner that is harmonious and compatible with existing surrounding land uses. No additional parking requirements for the proposed uses, staff is recommending approval of this request.

FINDINGS (SUP-38533)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed use can be conducted in a manner that is harmonious and compatible with the uses in the existing site and with the commercial uses on adjacent properties.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site is physically suitable for the type and intensity of the proposed use.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Site access is provided from Decatur Boulevard, a 100-foot Primary Arterial and Oakey Boulevard, an 80-foot Secondary Collector as designated in the Master Plan of Streets and Highways. These streets are of sufficient size to accommodate the needs of the proposed Auto Title Loan use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

Approval of the proposed Special Use Permit will not compromise the public health, safety and general welfare, as the use will be subject to regular inspections for business licensing.

5. **The use meets all of the applicable conditions per Title 19.04.**

   The use does not meet the applicable condition per Title 19.04. Staff recommends approval of a waiver to allow 750 square feet minimum for the proposed use, where 1,500 square feet minimum is required.

FINDINGS (SUP-38534)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed use can be conducted in a manner that is harmonious and compatible with the uses in the existing site and with the commercial uses on adjacent properties.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site is physically suitable for the type and intensity of the proposed Secondhand Dealer use.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Site access is provided from Decatur Boulevard, a 100-foot Primary Arterial and Oakey Boulevard, an 80-foot Secondary Collector as designated in the Master Plan of Streets and Highways. These streets are of sufficient size to accommodate the needs of the proposed Auto Title Loan use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   Approval of the proposed Special Use Permit will not compromise the public health, safety and general welfare, as the use will be subject to regular inspections for business licensing.

5. The use meets all of the applicable conditions per Title 19.04.

The Secondhand Dealer use meets all of the applicable conditions per Title 19.04.

Re: ***Justification Letter – Special Use Permit for Auto Title Loan & Secondhand Sales and Waivers to Reduce Square Footage Requirements***
APN: 163-01-602-005

To Whom It May Concern:

Please be advised this office represents Loanex (the "Applicant"). The Applicant is seeking a special use permit for an auto title use, secondhand dealer for the buying and selling of gold and a waiver of square footage requirements at its existing business located at 1620 S. Decatur Blvd. Suite A. on the northwest corner of Decatur Boulevard and Oakey Boulevard, more particularly known as APN: 163-01-602-005 (the "Site").

The Applicant has been lawfully operating its 750 square foot check cashing/payday loan/title loan business from 9am to 6pm Monday through Friday for a number of years at the Site, including offering an auto title use to it customers. The Code requires a minimum square footage of 1500 square feet and the Applicant's suite is 750 square feet. However, the Nevada legislature recently amended the state law which resulted in existing businesses of this type to reclassify their local business licenses which carved out auto title loans as a separate use. Therefore, as the Site is zoned C-1 a special use permit is now required for the Applicant to obtain approval of the amended business license.

As a result and in order to comply with the new state and local laws, the Applicant is seeking the special use permit to continue offering auto title uses at the Site, as it has for the past several years.

Secondhand Dealer

In addition the Applicant wishes to expand its business by offering the buying and selling of gold and precious metals at this Site. This use is allowed in a C-1 zone with the approval of a special use permit.

We thank you in advance for your consideration of this matter. Should you have any additional questions, please feel free to contact me.

Sincerely,

** STAFF REPORT **

PROJECT DESCRIPTION

This application is a request for a Special Use Permit to add a Beer/Wine/Cooler Off-Sale Establishment use with restricted gaming for four slot machines within an existing 1,996 square-foot Convenience Store at 1451 West Owens Avenue. A request for a distance separation waiver is permissible as there is a 100-foot right-of-way (Owens Avenue) between the two uses. The Use can be conducted in a manner that is harmonious and compatible with surrounding uses. Staff therefore recommends approval. If denied, the Beer/Wine/Cooler Off-Sale Establishment use and associated licenses cannot be permitted at this location.

ISSUES

- A Waiver to allow a 313-foot distance separation from an existing Child Care Center where 400-feet required is necessary for approval of the requested Special Use Permit.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
04/20/94	The City Council denied the appeal of a Planning Commission denial of a Special Use Permit (U-0047-94) and a Variance (V-0022-94) to allow an off-premise sign on this site.
02/22/01	The City Council revoked a business license for a Liquor Establishment (Off-Premise Consumption) at the subject address.
09/21/05	The City Council accepted the request to withdraw without prejudice an application for a Special Use Permit (SUP-6719) to allow a proposed Liquor Establishment (Off-Premise Consumption) at 1451 West Owens Avenue and for a Waiver of the 400-foot distance separation requirement from an existing school and childcare facility. Planning Commission denied the request on 6/23/05 and the applicant appealed to City Council. Staff recommended denial of the application.

Most Recent Change of Ownership	
07/25/85	A deed was recorded for a change in ownership.

YK/MH

Related Building Permits/Business Licenses	
07/02/03	Business licenses for a Convenience Store (#C15-00346) and Tobacco Sales (C05-02261) were issued for 1451 West Owens Avenue.
03/31/09	A business license for a Pool Cleaning Service (#M01-09996) was issued for 1451 West Owens Avenue. The license expired and was re-instated on 04/09/10.
06/16/10	A business license for Beer/Wine/Cooler Off-Sale (L10-96597) is under review.

Pre-Application Meeting	
05/10/10	Staff met with the owner and reviewed the requirements for an application submittal for a Special Use Permit. It was noted a Waiver would need to be requested for the 400-foot distance separation requirement from a Child Care Facility.

Neighborhood Meeting
No neighborhood meeting was required nor was one held.

Field Check	
06/24/10	Staff visited the site and found a convenience store in operation. There is parking on the adjacent R-4 zoned lot, which has been referred to Code Enforcement.

ANALYSIS

A distance separation Waiver is required since the proposed use is 313 feet away from a Child Care Facility where a minimum of 400-feet distance separation is required. A Waiver of this condition is possible, since there is a 100-foot Right-of-Way (Owens Avenue) that separates the two uses. The site is parking impaired for the existing uses, and the proposed new use does not require additional parking; however, condition has been added to require a van accessible handicap parking space in compliance with the requirements of Title 19.10. Parking on the adjacent residential lot to the east has been referred to Code Enforcement. Staff recommends approval of the request.

FINDINGS (SUP-38536)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed use will be located within the existing Convenience Store. The proposed use can be conducted in a manner that is harmonious and compatible with the use in the existing site and with the uses on adjacent properties.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site is physically suitable for the type and intensity of the proposed use. There is no additional parking requirement other than that which is required for the principal use.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Site access is provided from Martin Luther King Boulevard and Owens Avenue; both are 100-foot Primary Arterials as designated in the Master Plan of Streets and Highways. These streets are sufficient in size to accommodate the needs of the proposed use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   Approval of the proposed Special Use Permit will not compromise the public health, safety and general welfare, as the use will be subject to regular inspections by business licensing.

5. **The use meets all of the applicable conditions per Title 19.04.**

   The proposed use will be located within an existing Convenience Store and complies with the minimum Special Use Permit requirements with the exception of the requested Waiver to allow a 313 foot distance separation from a Child Care Facility where a minimum of 400 feet is required. This Waiver is recommended for approval as there is a 100 foot Right-of-Way (Owens Avenue) between the two uses and minimal impact is expected.

July 29, 2010 - Planning Commission Meeting

** STAFF REPORT **

PROJECT DESCRIPTION

This application request is for a Special Use Permit for a Thrift Shop, Non-Profit use to be operated at 6029 Charleston Boulevard. The subject site consists of four separate parcels with one two-story commercial building. The location for the proposed Thrift Shop, Non-Profit has operated in the past as a print shop but is currently unoccupied. Staff recommends approval as the proposed Thrift Store, Non-Profit Use meets all conditions per Title 19.04 and will have little to no adverse impact on the surrounding community.

ISSUES

- The site landscaping is in need of maintenance.
- The two-story building is in need of minor aesthetic repairs.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
02/07/96	The City Council approved rezoning request (Z-0105-95) for 2.4 acres from the R-E (Residential Estate) zoning district to the C-1 (Limited Commercial) zoning district.

Most Recent Change of Ownership	
03/19/09	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses	
8/30/91	A Building Permit (#91118274) was issued against plan check #C-0080-91 for a 16,132 square-foot two-story office building located at 6029 West Charleston Boulevard. The permit was finaled and a Certificate of Occupancy was issued on 03/27/1992.

Pre-Application Meeting	
05/17/10	Staff met with the representative and reviewed the required submittal requirements for a Special Use Permit for a Non-Profit Thrift Store. It was also noted that a Project of Regional Significance form would need to be filled out as the property is within 500 feet of unincorporated Clark County.

Neighborhood Meeting
A neighborhood meeting is not required for this type of request nor was one held.

Field Check	
06/24/10	Staff visited the site and found the two-story commercial building in need of minor cosmetic repairs. Although the plant materials were in suitable condition, the landscaping (landscape buffers and parking islands) is in need of general maintenance.

ANALYSIS

This is a request for a Special Use Permit for a Non-Profit to operate a Thrift Store at 6029 West Charleston Boulevard. The store would operate in a 2,292 square-foot portion of a vacant two-story office building. The owner has indicated that the remaining area of the building would continue to be vacant for the next four years. There are over 100 parking spaces on site, but only 11 are required for the proposed use; parking is therefore ample.

The building and property are currently in need of repair and cleaning; all maintenance issues shall be corrected within 30 days of final approval. Staff recommends approval of the request with the specific condition that all maintenance issues are corrected within 30 days of final approval.

FINDINGS (SUP-38607)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   A Thrift Store is a compatible use for this location. The property is zoned C-1 (Limited Commercial) as is all of the adjacent properties except the R-3 (Medium Density Residential) zoned apartment complex to the east. No noise, odor or outside storage will be permitted with this use.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   This is a high visibility intersection and a Thrift Shop is suitable for the site.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   The proposed use is at the intersection of West Charleston Boulevard, and South Jones Boulevard, both 100-foot Primary Arterials on the Master Plan of Streets and Highways map. With access from both, the proposed use will have adequate access for the proposed use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   The proposed use will be monitored by Business Licensing and thus no public health, safety or welfare concerns will be allowed.

5. **The use meets all of the applicable conditions per Title 19.04.**

   The proposed Thrift Store, Non-Profit Use meets all conditions per Title 19.04.

Attn: Planning and Development Dept.

To Whom It May Concern:

Under the non profit status of Chabad of Southern Nevada we are planning on opening a thrift store located at 6029 West Charleston LV NV 89146. It shall be called Dinosaurs and Roses.

We would gain our inventory from donations within the community. Profits from the store would be distributed to Chabad of Southern Nevada and several other charities in the Las Vegas area such as the Humane Society, AFAN, and others local charities that may be in need. Our goal and purpose is to help as many as possible through our donations.

We plan on picking up all of our donations during daytime hours and should anyone drop any donations off after hours we would by Nine AM (or opening time) have any and all donations removed from the parking lot, front door or anywhere that they are left. There will be no drop boxes or outside storage. We will not be encouraging any drop off donations.

We are planning on opening at 9 AM and staying open till 7 PM Sunday through Friday.

We expect to have one store manager and three volunteers during store hours working with the customers.

Chabad/Dinosaurs and Roses does not have or own any similar or existing business.

Thank you, for your consideration please feel free to contact me with any other questions for concerns,

Sincerely,

Michele Morgan-Devore

ITEM DESCRIPTION: APPLICANT/OWNER: CITY OF LAS VEGAS

** PROPOSED AMENDMENT(S) **

1. Title 19.16, "Nonconforming Uses and Structures," is hereby amended as follows:

19.16.030 – Regulations

A. Nonconforming Use of a Conforming Building.

1. General Provisions. A non-conforming use of a conforming building shall not be ~~continued following redevelopment of the property, extended or~~ expanded into any other portion of the conforming building, or relocated on the same parcel or within the same commercial subdivision; provided, however, that an existing use which was made nonconforming by one or more of the following may be ~~continued following redevelopment~~, expanded, or relocated on the same parcel or within the same commercial subdivision in accordance with ~~Subsection~~ Paragraph (2) of this Subsection (A):

a. The adoption of a Special Use Permit requirement for that type of use;

b. The adoption of a ~~four hundred foot or one thousand five hundred foot~~ separation requirement between that type of use and a protected use;

c. The adoption of a ~~one thousand five hundred foot~~ separation requirement between two uses of that type;

d. The establishment of a protected use that, by virtue of a ~~four hundred foot or one thousand five hundred foot~~ separation requirement, would otherwise prohibit the existing use from expanding ~~or from continuing following redevelopment~~; or

e. The adoption of a different method of measuring distance for purposes of a separation requirement.

MMW

2. Conditions of Allowable Continuation, Expansion, or Relocation of Use. If the proposed expansion ~~or continuation of a nonconforming use following redevelopment~~, or relocation of the use on the same parcel or within the same commercial subdivision, qualifies under Subsection (1) of this Subsection (A) ~~and no Variance from (or Waiver of) a separation requirement has previously been granted for the property~~, the nonconforming use may be expanded ~~or continued following redevelopment~~, or relocated on the same parcel or within the same commercial subdivision, if the proposed expansion, ~~continuation or relocation~~:

   a. Will not increase the size or extent of the use by more than fifty percent; and

   b. Will not require a Variance or Waiver regarding any other provision of Title 19, including those that pertain to parking, landscaping and residential adjacency requirements.

3. ~~Discontinuation~~ Abandonment of Use. If a non-conforming use of a conforming structure ceases to physically occupy the space and/or to conduct business in said structure, there shall be the rebuttable presumption that the non-conformance has been abandoned. The owner or user has the burden to prove continuous operation of the use.

   a. If a non-conforming use of a conforming building is ~~discontinued~~ abandoned for a period of one year~~, or two years in the case of a conforming building that has been damaged or partially destroyed by fire, flood, wind, another calamity or an act of God,~~ the future use of such building shall be only in conformance with the provisions of this Title; or

   b. If a conforming building housing a non-conforming use is damaged or destroyed by fire, flood, wind, another calamity or an act of God, and a non-conforming use is abandoned for a period of two years, the future use of such building shall be only in conformance with the provisions of this Title.

   c. Extension of Time. In the case of Subparagraph (a) or (b) of this Paragraph (3), the owner and/or user of a non-conforming use may be unable to reoccupy the non-conforming use within the

established time period by virtue of market conditions beyond their control. To avert the abandonment of use an application may be filed for an Extension of Time to be heard at a public hearing of the City Council upon payment of fees as set by resolution of City Council. A justification letter explaining the consequences shall accompany the application. An Extension of Time may only be granted by the City Council with clear and convincing evidence for demonstrated economic hardship, provided the public health, safety and welfare is not jeopardized. An approval of an application for Extension of Time shall not exceed the original duration of the grace period to reestablish the use.

4. Discontinuation of Use. ~~In addition, non-conforming~~ Non-conforming uses of a conforming building shall be discontinued upon written notice from the City to the owner to discontinue the use. The use shall be discontinued no later than the date described in the notice, which in no event shall be later than five years from the date notice is given. Notice shall be provided by mailing to the owner of the property as shown by the County Assessor's records and recording a copy of the notice in the office of the County Recorder. Such notice shall contain the legal description of the property, a description of the use required to be discontinued, the date that the use is to cease and desist and the Section of this Title which declares the use to be nonconforming.

** STAFF REPORT **

PROJECT DESCRIPTION

Text amendment to allow non-conforming uses to be re-established in conforming buildings beyond one year.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc.	
11/07/07	The City Council adopted Ordinance 5945, which was introduced as Bill No. 2007-58. In part, this ordinance increased the amount of time to re-occupy a non-conforming structure, vacant or destroyed by fire. The Planning Commission and staff recommended approval the amendment as TXT-21140.

ANALYSIS

Traditional twentieth century zoning principal and practice hold that for zoning codes to be successful, non-conformities must be eliminated. To achieve conformity of use and building types, traditional codes worked primarily to restrict further investment in non-conformities and eventually to eliminate them. Abandonment for any reason was seen as a trigger to pounce and disallow use following a minimal period of time.

Current planning literature correctly identifies the most serious difficulty existing in many codes is the continuation of the non-conforming use without an effective provision for its elimination. This is precisely the City of Las Vegas instance.

To quote a recent APA Zoning News article:

> It was thought that the existence of nonconformities would lead to lowered property values, affect the area's desirability and result in physical deterioration. However, what has more often been the case is that traditional regulation has fostered vacancy, with buildings falling into disrepair due to their loss of marketability. Also, property value is diminished or destroyed while the property is effectively isolated from the market, tax revenue is lost and there is difficulty in obtaining mortgage financing and insurance.

The article goes on to address specific instances such as those we are facing at this time:

> Another situation with respect to discontinuance needs to be addressed. That is

the case where the nonconforming owner or user is befallen by personal circumstances, market or other matters that contribute to the inability to reoccupy a nonconformity within the established time period to avert abandonment of use. These may be situations where the owner or user fully intends to continue the nonconformity and is willing to maintain it and make further investments. However, due to circumstances beyond their control, they cannot meet the codified deadline for reoccupancy. In these instances, the zoning administrator, after public notice and opportunity for comment, should be authorized to extend the time frame for abandonment. If the particular nonconformity has been problematic for the neighborhood and it is discovered that the nonconforming user has been disingenuous in an attempt to maintain and reoccupy, then the administrator can opt not to extend the abandonment period and let the nonconformity terminate. If there is reasonable supporting data to extend the abandonment period, then perhaps a vacant building (and its associated neighborhood impacts) can be avoided.
