Re: Parking dilemma Shauna Plaza:

To whom it may concern,

Please be advised that this parking issue is of an ambiguous nature and as a business owner at this location, I see no need for this new interest in holding up a business to open and operate as usual, creating jobs in this uncertain economy. It must be noted that ample parking spaces are provided and would not impact my business or any business that occupies this complex.

The need for new business in this complex is crucial for the existing business to benefit from the exposure and passably gaining new clientele.

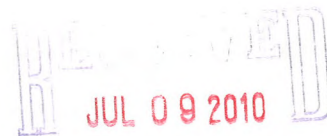

Please note that a major part of our traffic is by foot, being set within several housing communities that do not require the use of an automobile. Additionally, high peak hours for a restaurant business is in the later hours of the day whereas all other business will be closed.

I surely see no need for the city to spend additional dollars on this quest as I feel the money could be used for a better cause.

Sincerely

Kimble & Jackie Gubler

To whom it may concern.

My name is Claudia Cotto. I am an employee at My Office Services suite number 5. Were I work at is owned by Nevada Tax Solutions. Nevada Tax Solutions store number 6 has been combined with My Office Services store number 5. There is curently one employee for My Office Services and that is me. There are three other employees working at Nevada Tax Solutions. As of this time of year the stores are not as busy there for the parking lot is empty. I personaly think that there is enough paking space for the new Restaurant. I also think that this will bring buisness to all of the other store at the Shauna Plaza.
