None

Minutes:

CHAIR TRUESDELL declared the Public Hearing open.

ANDY REED, Planning and Development, updated the Commissioners on Planning and Developments efforts to coordinate the 2020 Master Plan with the Citys Capital Improvement Plan. Effective community planning is a process that requires coordination between a master plan, a zoning ordinance, a subdivision ordinance and a capital improvement plan. To ensure that the goals, policies and objectives of the Master Plan are met, in 2005, Planning and Development created the Master Plan and Capital Improvement Plan Integration Document. This Document is intended to follow the five-year Capital Improvement Plan to show progress related to the Master Plan, the Zoning Ordinance and the Subdivision Ordinance.

Staff reviewed 170 capital improvement projects and classified the completed, in progress, not completed and ongoing projects. He noted that staff has started preliminary work on a walkable community to be located within a portion of the West Las Vegas community.

CHAIR TRUESDELL declared the Public Hearing closed.

After the report for this item was given, COMMISSIONER ELLSWORTH announced his resignation from the Planning Commission due to some events in his life. He expressed appreciation to Planning and Development staff, his fellow Commissioners and the citizens of Las Vegas.

PLANNING COMMISSION MEETING OF: AUGUST 26, 2010

On behalf of the Planning Commission, CHAIR TRUESDELL expressed appreciation to COMMISSIONER ELLSWORTH for his efforts, time and excellent representation of Ward 6 constituents.
