Minutes:

CHAIR TRUESDELL declared the Public Hearing open.

Through a PowerPoint presentation, COURTNEY MOONEY, Urban Design Coordinator and Historic Preservation Officer, Planning and Development, gave a brief update on the Historic Preservation projects. Funding was received from the Las Vegas Centennial Commission and Historic Preservation Commission to purchase plaques for 12 properties within the City of Las Vegas listed on the National Register. A brochure will be created to be used for tourists who will visit these sites. MS. MOONEY indicated that the Historic Preservation Commission has partnered with the Las Vegas Visitors Authority on the Heritage Travel website, which is linked to the City of Las Vegas website, where visitors can look up the historic sites, retrieve information on transportation from the airport and review interactive maps.

CHAIR TRUESDELL verified that the boundaries on Beverly Green include St. Louis Avenue, Las Vegas Boulevard, Sahara Avenue and 6th Street. MARGO WHEELER, Director of Planning and Development, confirmed that the commercial buildings on Las Vegas Boulevard are included in the Historic Research Survey.

COMMISSIONER QUINN wanted to ensure that the trails are ADA accessible, as she referred to a lady who has had difficulty in gaining access to Tule Springs.

CHAIR TRUESDELL declared the Public Hearing closed.
