An accessory use or structure which is customarily incidental to the principal use or structure, and is located on the same lot or tract of land shall be permitted as an accessory use without being separately listed as a permitted use.

B. Particular Accessory Uses

In any residential zoning district, each of the following uses shall be considered an accessory use to the extent described, without being separately listed in the Land Use Tables, provided in each case that the use is incidental to the property's use as a dwelling and does not alter the character of its use as a dwelling of the character permitted in the respective district:

1. Garage or yard sales, provided that:
 - a. No property may be offered for sale which has not been owned and used by the occupant of the premises;
 - b. No more than two garage or yard sales shall be conducted on the premises in any calendar year;
 - c. No garage or yard sale shall be conducted for longer than three days duration;
 - d. Garage or yard sales may be conducted during the daylight hours only; and
 - e. All signage shall conform to the provisions of LVMC 19.06.140(D)(5).
2. On a single-family residential lot, the parking of a motor vehicle that bears a sign advertising the vehicle for sale, provided that:
 - a. The vehicle is:
 - i. Owned by or registered to an owner or occupant of the property;
 - ii. Parked on an improved parking surface; and
 - iii. Not being sold in connection with an automobile sales business;
 - b. The vehicle identification number is clearly visible from outside the vehicle, if the vehicle

was manufactured to include a visible vehicle identification number;

- c. No more than one vehicle is parked on the lot for purposes of display and sale at any one time; and
- d. No more than two vehicles are parked on the lot for purposes of display and sale within a twelve month period.

- C. Unless otherwise permitted by this Title, any type of use listed in Section (B) that exceeds the limitations set forth for that use in Section (B) does not qualify as an accessory use and shall be deemed to be in violation of this Title.

TEMPORARY COMMERCIAL PERMITS 19.12.030

Temporary uses are permitted in accordance with the standards and procedures found in Subchapter 19.16.160.

CONDITIONAL USES 19.12.040**A. General**

Any use that is marked with the letter "C" in the Land Use Tables for a particular zoning district may be approved administratively as a conditional use if certain minimum conditions, identified as conditional use regulations, can be met. A use approved as a conditional use is subject to, and shall comply with:

1. The conditions use regulations that are listed in the Tables for that use; and
2. All other applicable requirements of this Title.

B. Special Use Permit Required

Except as otherwise specifically provided regarding a particular use, when one or more of the itemized conditional use regulations cannot or will not be met, a Special Use Permit is required for the use. Approval of such a Special Use Permit may be conditioned on requirements beyond those that are itemized as conditional use regulations for that use.

C. Conditional Use Verification

Uses that are permitted conditionally pursuant to this Subchapter are made subject to conditional use regulation, some of which are conditions that must be met before a use may commence and others that represent ongoing requirements or limitations. In order for the

Department to verify compliance with the applicable conditional use regulations, the Director may require the submission of documentation regarding such compliance. For uses concerning which the Director requires such documentation, the submission shall be in the form of a Conditional Use Verification provided by the Department. Within the time period for submission established by the Department, the form must be signed, notarized and acknowledged, and filed with the Department. The form must be signed by the owner of record of the property for which the verification is sought; provided however, that such submission is also sufficient if it is signed and acknowledged by a lessee, a contract purchaser or an optionee of the property upon which such conditional use is maintained. However, interest in such property must exist in a written agreement with the owner of the record attached to which is a copy of the submission and in which the owner of record has authorized the lessee, contract purchaser or optionee to sign the submission.

D. Noncompliance

Whether or not the Director requires the submittal of a Conditional Use Verification under Section (C) of this Subchapter, each person or entity maintaining, operating or permitting a conditional use must comply with all provisions of this Title. Failure to comply with this Subchapter or with any other requirement of this Title pertaining to conditional uses shall be grounds for enforcement action pursuant to LVMC 19.00.090 against the person or entity that owns the property or the person or entity that operated the conditional use.

SPECIAL USE PERMITS

19.12.050

A. General

Except as otherwise provided in this Section (A), any use that is marked with the letter "S" in the Land Use Tables for a particular zoning district may be permitted only by means of a Special Use Permit. A Special Use Permit may also be required by other provisions of law for other activities that are not listed as a use in the Land Use Tables. Notwithstanding the provisions of the first sentence of this Section (A), alcoholic beverage-related uses with an on-sale component that are ancillary to a non-restricted gaming establishment operated in conjunction with a hotel having more than two hundred rooms are deemed to be part of that use and are allowed without regard to the requirements of Chapter 19.12 provided that each such use otherwise conforms to the provisions of this Title and LVMC Chapters 6.40 and 6.50.

B. Conditions and Requirements of Approval.

Any use approved by means of a Special Use Permit is subject to, and shall comply with:

1. The Special Use Permit requirements, if any, that are listed in Subchapter 19.12.070 for that use, which are the minimum conditions required for approval;
2. Other or additional requirements that may be imposed as conditions of Special Use Permit approval in order to ensure compatibility of the use in relation to surrounding uses and the pattern of development; and
3. All other applicable requirements of this Title.

C. Waivers.

The Special Use Permit requirements listed in Subchapter 19.12.070 must be satisfied unless it can be shown by convincing and substantial evidence by the applicant that any waiver of these requirements will not compromise the objective of the City in safeguarding the interests of the City and the public. However, it shall not be permissible to waive any Special Use Permit requirement that is listed in Subchapter 19.12.070 and marked with an asterisk (*).

PARKING REQUIREMENTS

19.12.060

The minimum number of on-site parking spaces for uses listed in Table 2 of Subchapter 19.12.010 shall be as listed in Subchapter 19.12.070.

INTENT AND EFFECT OF CROSS-REFERENCING TOOLS

19.12.100

The Land Use Tables that appear in Subchapter 19.12.010 and the various minimum standards that are set forth in other Subchapters of this Chapter 19.12 include certain cross-referencing tools that are intended to assist the City and the public in using and applying the Zoning Code. For example, the Land Use Tables include asterisks and plus signs that are intended to remind the user to consult other portions of the Zoning Code for additional information. Likewise, language in the other Subchapters of this Chapter occasionally refers to the Land Use Tables to help the user correlate the various provisions of the Code that apply. These cross-referencing tools are for the sake of convenience and assistance only, and do not diminish the applicability of

substantive standards and limitations of this Code. Except as otherwise specifically indicated, the absence or omission of an asterisk or plus sign in the Land Use Tables shall not be deemed to limit or negate any other provision of this Code.

OFF-PREMISE SIGNS

19.12.110

A. Off-Premise Signs Defined

Off-premise signs are to be considered primarily a specific type of land use rather than as an incidental use to an existing land use. Off-premise signs generally produce revenue to the property owner(s) as a land use as compared to on-premise signs which in themselves do not produce revenue but are incidental to a revenue-producing land use. However, because of the special characteristics of off-premise signs as compared to other types of land uses and structures, certain qualifications and requirements are set forth in connection with off-premise signs as a permitted use in certain zoning districts.

B. Special Use Permit Required

1. Except as otherwise provided in Sections (F) and (G) of this Subchapter a Special Use Permit is required for all off-premise signs prior to the construction, placement, erection or modification of the sign in accordance with the requirements of this Chapter. A Special Use Permit application shall be processed in accordance with Subchapter 19.16.110. Furthermore, the property owner(s), owner(s) of the structure or other responsible person shall maintain in force, at all times, a sign certificate for the sign in accordance with the requirements of this Chapter.
2. The Special Use Permit requirement set forth in Paragraph (1) is in addition to and independent of any locational provision or limitation contained in this Section. In determining whether to approve or deny a Special Use Permit under this Section, the Planning Commission and City Council may consider the aesthetic impact of the sign on the area and all other aspects of the sign's compatibility with the surrounding area, including the existence or nonexistence of other signage in the area.
3. In connection with the approval of a Special Use Permit under this Section, the Planning Commission or City Council may impose a time limit on the approval or require a periodic review of the sign as a condition of approval, provided that:
 - a. In the case of a time limit, the limit is not less than three years; and
 - b. In the case of a periodic review, the review is not sooner than three years after the approval.
4. After conducting a review, the City Council may require removal of the sign if it is demonstrated that conditions in the surrounding area have changed in such a manner that the sign no longer meets the standards established in Section 19.16.110(L).

C. Locational Provisions

1. No off-premise signs shall be erected in the public right-of-way.
2. No off-premise sign certificate of any kind shall be issued for an existing or proposed sign unless the sign is consistent with all requirements of this Chapter (including those protecting existing signs).
3. Off-premise signs are permitted in the C-1, C-2, C-M and M Zoning Districts only.
4. No off-premise sign shall have a surface area greater than 672 square feet, except that an embellishment of not to exceed five feet above the regular rectangular surface of the sign may be added if the additional area contains no more than 128 square feet. Any embellishment may include lettering, text, numerals or images, but only to the extent that such items do not exceed fifty percent of any linear side of the sign.
5. Off-premise signs which are within 660 feet of the right-of-way and which can be read from Interstate 15, US 95 from the north city limits to the Oran K. Gragson Highway, the Oran K. Gragson Highway or Interstate 515 shall be no closer than 750 feet (measured along the highway frontage) to any other off-premise sign along the same frontage. Each side of the highway shall be considered a separate frontage. The sign and all other off-premise signs not oriented toward the same highway shall be no closer than 300 feet in any direction to any other off-premise sign, wherever located, including an off-premise sign that is situated outside the corporate boundaries of the City.
6. The distance to and from a sign shall be measured with reference to the point on the ground that is directly beneath the center of the sign structure.
7. Off-premise signs which are within 660 feet of the right-of-way and which can be read from Interstate 15, US 95 from the north city limits to the Oran K. Gragson Highway, the Oran K. Gragson Highway or Interstate 515 shall not be higher than 40 feet except as provided in Subparagraphs (a) and (b)

below. The height shall be measured from the grade at the point of construction to the top of the sign. The display surface shall not be higher than 30 feet nor wider than 60 feet.

- a. An off-premise sign within 150 feet of the right-of-way line of an elevated freeway or highway to which it is oriented may be erected 30 feet above the elevation of the elevated roadway surface nearest the sign.
 - b. An off-premise sign within 150 feet of the right-of-way line of any freeway or highway to which it is oriented which, at a height of 40 feet, will have a significant portion of its display surface obscured from view from the travel lanes of the freeway or highway may be increased to a maximum of 55 feet when authorized by the City Council.
8. All other off-premise signs shall be no higher than 40 feet from grade at the point of construction, except that an off-premise sign within 60 feet of the right-of-way line of the street to which it is oriented which, at a height of 40 feet, will have a significant portion of its display surface obscured from view from the travel lanes of the street may be increased to a maximum of 55 feet when authorized by the City Council.

- b. To eliminate the need for a Special Use Permit or affect the determination of compatibility with respect to a proposed sign.

F. Relocation Of Signs Required To Be Removed For Publicly Funded Improvements

1. If an off-premise sign is required to be removed by a governmental entity in connection with the widening of a public roadway or the installation of publicly-funded improvements, the sign may be relocated without obtaining a Special Use Permit or Variance that would otherwise be required, but only if:

Within ten days after the notice is mailed or delivered, the applicant may proceed to apply for building permits, unless within that time a member of the City Council files with the Director a request for the Council to review the approval. If such a request to review is filed, the application must first be reviewed and approved by the council prior to issuance of any building permits.
 - b. Does not conform to the conditions set forth in Paragraph (1), the normal Special Use Permit and Variance requirements and limitations will apply. Any determination by the Director

5. Unless otherwise indicated in a written notice of approval pursuant to Paragraph (3)(a), conditions of approval from any previous Special Use Permit and Variance applications pertaining to the sign at its existing or previous location will apply to the relocated sign, and additional conditions may be added as appropriate.
6. A demolition permit must be obtained for the removal of an existing off-premise sign prior to removal. A building permit must be obtained and constructed related to the relocation of the sign completed within six months after issuance of the demolition permit, unless the Director grants an extension of time.
7. For purposes of this Subsection (F), the "relocation" of a sign includes both the re-erection of a sign at a replacement location and the erection of a new structure at that location.

G. Adjustments, Relocations And Modifications Of Signs Near Freeways

1. The Director shall have the authority to grant approval, by means of a Minor Site Development Plan Review under Section 19.18.050(F), to do any of the following regarding an off-premise sign within 660 feet of any highway classified by the State of Nevada as part of the interstate or primary highway system, and, subject to the provision of Paragraph (3) of this Subsection (G), no Special Use Permit or public hearing shall be required in connection therewith:

the construction of a noise abatement or highway improvement project;

- ii. Is not more than 45 feet above the noise abatement improvement project, measured from the tallest point of the improvement project to the top of the sign; and

 - 3. Action by the Director under this Subsection (G) shall be subject to the appeal provision of Section 19.00.080(N) and those governing Minor Site Development Plan Reviews under Section 19.16.050(F).
 - 4. In the case of an adjustment, relocation or modification that exceeds the scope of the Director's authority under Paragraph (1) above, any approval by the City Council may not be conditioned upon a required periodic review of the sign if a condition requiring a review was not imposed when the sign was initially approved. Action by the City Council under this Paragraph (4) will be pursuant to a Site Development Plan Review with a public hearing rather than by means of the Special Use Permit process otherwise applicable. A sign approved by the City Council under this Paragraph (4) shall maintain any nonconforming status it had immediately before such approval.
