Facilities are provided throughout City Hall for convenience of persons with disabilities. For meetings held in the Council Chambers, sound equipment is available for persons with hearing impairments. If you need an accommodation to attend and participate in this meeting, please call the DEPARTMENT DESIGNEE at (702) 229-6301 and advise of your need at least 48 hours in advance of the meeting. The City's TDD number is (702) 386-9108.

October 21, 2010
6:00 PM

ALL ITEMS ON THIS AGENDA ARE SCHEDULED FOR ACTION UNLESS SPECIFICALLY NOTED OTHERWISE. UNLESS OTHERWISE STATED, ITEMS MAY BE TAKEN OUT OF THE ORDER PRESENTED AT THE DISCRETION OF THE CHAIRPERSON.

NOTICE: This meeting has been properly noticed and posted at the following locations:

City Clerk's Bulletin Board, City Hall Plaza, 2nd Floor Skybridge
Clark County Government Center, 500 South Grand Central Parkway
Las Vegas Library, 833 Las Vegas Boulevard North
Grant Sawyer Building, 555 East Washington Avenue
Bulletin Board, City Hall Plaza (next to Metro Records)

ACTIONS: ALL ACTIONS EXCEPT GENERAL PLAN AMENDMENTS, REZONINGS AND RELATED CASES THERETO ARE FINAL UNLESS AN APPEAL IS FILED BY THE APPLICANT OR AN AGGRIEVED PERSON, OR A REVIEW IS REQUESTED BY A MEMBER OF THE CITY COUNCIL WITHIN TEN DAYS.

ANY ITEM LISTED IN THIS AGENDA MAY BE TAKEN OUT OF ORDER IF SO REQUESTED BY THE APPLICANT, STAFF, OR A MEMBER OF THE PLANNING COMMISSION AND AGREED TO BY THE PLANNING COMMISSION. THE PLANNING COMMISSION MAY IMPOSE TIME LIMITATIONS, AS NECESSARY, ON THOSE PERSONS WISHING TO BE HEARD ON ANY AGENDAED ITEM.

PLANNING COMMISSION MEETING RULES OF CONDUCT:

1. Staff will present each item to the Commission in order as shown on the agenda, along with a recommendation and suggested conditions of approval, if appropriate.

2. The applicant is asked to be at the public microphone during the staff presentation. When the staff presentation is complete, the applicant should state his name and address, and indicate whether or not he accepts staff's conditions of approval.

3. If areas of concern are known in advance, or if the applicant does not accept staff's condition, the applicant or his representative is invited to make a brief presentation of his item with emphasis on any items of concern.

4. Persons other than the applicant who support the request are invited to make brief statements after the applicant. If more than one supporter is present, comments should not be repetitive. A representative is welcome to speak and indicate that he speaks for others in the audience who share his view.

5. Objectors to the item will be heard after the applicant and any other supporters. All who wish to speak will be heard, but in the interest of time it is suggested that representatives be selected who can summarize the views of any groups of interested parties.

6. After all objectors' input has been received; the applicant will be invited to respond to any new issues raised.

7. Following the applicant's response, the public hearing will be closed; Commissioners will discuss the item amongst themselves, ask any questions they feel are appropriate, and proceed to a motion and decision on the matter.

8. Letters, petitions, photographs and other submissions to the Commission will be retained for the record. Large maps, models and other materials may be displayed to the Commission from the microphone area, but need not be handed in for the record unless requested by the Commission.

As a courtesy, we would ask those not speaking to be seated and not interrupt the speaker or the Commission. We appreciate your courtesy and hope you will help us make your visit with the Commission a good and fair experience.

BUSINESS ITEMS:

1. CALL TO ORDER

2. ANNOUNCEMENT: COMPLIANCE WITH OPEN MEETING LAW

3. ROLL CALL

4. APPROVAL OF THE FINAL MINUTES FOR THE PLANNING COMMISSION MEETING OF SEPTEMBER 23, 2010

5. Any Items from the Planning Commission, staff and/or the applicant wish to be stricken or held in abeyance to a future meeting may be brought forward and acted upon at this time.

CONSENT ITEMS:

CONSENT ITEMS ARE CONSIDERED ROUTINE BY THE PLANNING COMMISSION AND MAY BE ENACTED BY ONE MOTION. HOWEVER, ANY ITEM MAY BE DISCUSSED IF A COMMISSION MEMBER OR APPLICANT SO DESIRES.

ONE MOTION - ONE VOTE

THE FOLLOWING ARE ITEMS THAT MAY BE CONSIDERED IN ONE MOTION/ONE VOTE. THEY ARE CONSIDERED ROUTINE NON-PUBLIC AND PUBLIC HEARING ITEMS. ALL PUBLIC HEARINGS AND NON-PUBLIC HEARINGS WILL BE OPENED AT ONE TIME. ANY PERSON REPRESENTING AN APPLICATION OR A MEMBER OF THE PUBLIC OR A MEMBER OF THE PLANNING COMMISSION NOT IN AGREEMENT WITH THE CONDITIONS AND ALL STANDARD CONDITIONS FOR THE APPLICATION RECOMMENDED BY STAFF, SHOULD REQUEST TO HAVE THAT ITEM REMOVED FROM THIS PART OF THE AGENDA.

RE: Application GPA-39192

Dear Mr. Gebeke:

In regard to this parcel, staff has determined that the existing General Plan designation and zoning classifications are inconsistent with possible future development. In order to resolve this inconsistency and ensure that future development is compatible with existing development, staff is proposing to change the General Plan Designation of these sites to C (Commercial). Please call me at 229-6882 with any questions.

Sincerely,

Andrew P. Reed

RE: Application GPA-39326
Assessor's Parcel Number 139-27-708-014 and 016

Dear Mr. Gebeke:

In regard to this parcel, staff has determined that the existing General Plan designation and zoning classifications are inconsistent with possible future development. In order to resolve this inconsistency and ensure that future development is compatible with existing development, staff is proposing to change the General Plan Designation of these sites to C (Commercial). Please call me at 229-6882 with any questions.

Sincerely,

Andrew P. Reed
Planning Supervisor

RE: Application GPA-39347
Assessor's Parcel Number 139-34-310-001 and 002

Dear Mr. Gebeke:

In regard to this parcel, staff has determined that the existing General Plan designation and zoning classifications are inconsistent with possible future development. In order to resolve this inconsistency and ensure that future development is compatible with existing development, staff is proposing to change the General Plan Designation of these sites to PF (Public Facilites). Please call me at 229-6882 with any questions.

RE: Application GPA-39357
Assessor's Parcel Number 139-34-811-060 and 139-35-410-011

Dear Mr. Gebeke:

In regard to this parcel, staff has determined that the existing General Plan designation and zoning classifications are inconsistent with possible future development. In order to resolve this inconsistency and ensure that future development is compatible with existing development, staff is proposing to change the General Plan Designation of this site to PF (Public Facilites). Please call me at 229-6882 with any questions.

Sincerely,

Sahara Rancho Medical Center
2300 South Rancho Drive
Las Vegas, Nevada 89102

RE: V-154-94 - VARIANCE RELATED TO Z-30-73(1)

Dear Dr. Steinberg:

The City Council at a regular meeting held December 21, 1994 CONSIDERED the application of Sahara Rancho Medical Center to allow a 14 foot x 48 foot off-premise advertising (billboard) sign; and to allow a height of 55 feet above an elevated freeway where 30 feet above the elevated freeway is the maximum height allowed on property located at 2320 South Rancho Drive, in Zoning District C-1.

The City Council ALLOWED the 14 x 48 foot sign, but DENIED the request to increase the sign height from 30 feet above the elevated freeway to 55 feet, subject to:

1. The height of the sign is restricted to 30 feet above the elevated freeway as agreed to by the applicant.

2. This use shall be reviewed in five years at which time the Board may require that the sign be removed.

3. The applicant obtaining an off-premise sign certificate from the Department of Community Planning and Development within 30 days of City Council approval of this request.

4. Conformance to the plot plan and elevations.

5. Satisfaction of City Code requirements and design standards of all City departments.

RE U-0104-02 - SPECIAL USE PERMIT
CITY COUNCIL MEETING OF OCTOBER 16, 2002

Dear Ms. Lipkin

The City Council at a regular meeting held October 16, 2002 APPROVED the request for a Special Use Permit FOR A 40-FOOT TALL, 14-FOOT BY 48-FOOT OFF-PREMISE ADVERTISING (BILLBOARD) SIGN on property located at 1501 Western Avenue (APN 162-04-605-005), M (Industrial) Zone The Notice of Final Action was filed with the Las Vegas City Clerk on October 17, 2002 This approval is subject to

Planning and Development

1 This Special Use Permit shall expire two years from the date of final approval, unless it is exercised or an Extension of Time is granted by the City Council

2 The Special Use Permit shall be reviewed in two years at which time the City Council may require the off-premise sign to be removed The applicant shall be responsible for notification costs of the review Failure to pay the City for these costs may result in a requirement that the off-premise advertising (billboard) sign is removed

3 If the existing off-premise advertising sign structure is removed, this Special Use Permit shall be expunged and a new off-premise advertising sign structure shall not be erected in the same location unless (1) a new Special Use Permit is approved for the new structure by the City Council, or (2) the location is in compliance with all applicable standards of Title 19A including, but not limited to, distance separation requirements, or (3) a Variance to the applicable standards of Title 19A has been approved for the new structure by the City Council

4 The off-premise advertising (billboard) sign and its supporting structure shall be properly maintained and kept free of graffiti at all times. Failure to perform the required maintenance may result in fines and/or removal of the off-premise advertising (billboard) sign

RE U-185-89 - SPECIAL USE PERMIT

Gentlemen:

The City Council at a regular meeting held January 17, 1990 APPROVED the application of General Mills Restaurant, Inc. on behalf of Mayflower Construction Company, for a Special Use Permit to rebuild an existing 14 foot x 48 foot off-premise advertising (billboard) sign, on property located at 1351 South Decatur Boulevard, in Zoning District R-3 (under Resolution of Intent to C-1), subject to:

1. A review be conducted in five years with the sign being subject to removal at that time.

2. Conformance to the plot plan and elevations.

3 Satisfaction of City Code requirements and design standards of all City departments.

Sincerely,

KATHLEEN M. TIGHE

The fire station has been build

Mr. Sam Tolman, AIA
City of Las Vegas
400 Stewart Avenue
Las Vegas, Nevada 89101

RE: SDR-25269 - SITE DEVELOPMENT PLAN REVIEW

Dear Mr. Tolman:

Your Request for a Site Development Plan Review FOR A PROPOSED GOVERNMENT FACILITY (FIRE STATION) WITH WAIVERS OF ALL LANDSCAPING REQUIREMENTS on 4.51 acres adjacent to the south side of Ackerman Avenue, east of Sky Pointe Drive (APN 125-08-401-004), C-2 (General Commercial) Zone, Ward 6 (Ross), was considered by the Planning Commission on December 6, 2007.

The Planning Commission voted to ***APPROVE*** your request, subject to the following:

Planning and Development

1. This Site Development Review shall be reviewed in two years from the date of final approval at a Public Hearing.

2. Conformance to the conditions for Rezoning (ZON-1364) if approved.

3. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.

4. All development shall be in conformance with the site plan, landscape plan, and building elevations, date stamped 10/23/07, except as amended by conditions herein.

5. A Waiver from the landscaping requirements of Title 19.12 is hereby approved, to allow no landscaping for a temporary fire station.

6. All mechanical equipment, air conditioners and trash areas shall be fully screened in views from the abutting streets.

RECEIVED
SEP 07 2010
RQR-39465

7. All utility boxes exceeding 27 cubic feet in size shall meet the standards of LVMC Title 19.12.040.

8. Parking lot lighting standards shall be no more than 30 feet in height and shall utilize downward-directed lights with full cut-off luminaires. Lighting on the exterior of buildings shall be shielded and shall be downward-directed. Non-residential property lighting shall be directed away from residential property or screened, and shall not create fugitive lighting on adjacent properties.

9. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

10. Dedicate appropriate right-of-way adjacent to this site for the terminus of Ackerman Avenue prior to the issuance of any permits. Coordinate with the Right-of-Way Section of the Department of Public Works for assistance in the preparation of appropriate documents prior to the issuance of any permits for this site.

11. Improvements associated with the proposed temporary roadway adjacent to this site shall meet the approval of the City Engineer; provide appropriate signage to identify the temporary roadway as "Emergency Access Only" unless otherwise allowed by the City Engineer.

12. All temporary improvements installed with this project shall be removed and replaced with permanent improvements meeting current City Standards upon the removal of the temporary use or conversion to a permanent use, whichever may occur first.

13. Contact the City Engineer's Office at 229-6272 to coordinate the development of this project with the Grand Teton Overpass project and any other public improvement projects adjacent to this site. Comply with the recommendations of the City Engineer.

14. All private improvements and landscaping installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

15. Obtain an Occupancy Permit from the Nevada Department of Transportation for all private improvements, if any, in the Sky Pointe Drive public right-of-way adjacent to this site.

RECEIVED
SEP 07 2010

RQR-39465

16. Meet with the Flood Control Section of the Department of Public Works for assistance with establishing finished floor elevations and drainage paths for this site prior to the issuance of any building or grading permits.

This action by the Planning Commission on ***December 6, 2007*** is final unless a written appeal is filed with the City Clerk within ten days of the date of the Planning Commission's decision or there is a review action filed by the City Council within the same time period. The Notice of Final Action was filed with the Las Vegas City Clerk on ***December 7, 2007***.

Sincerely,

Andrew P. Reed

RE: RQR-22126 – REQUIRED REVIEW
CITY COUNCIL MEETING OF NOVEMBER 7, 2007

Dear Mr. Sanford:

The City Council at a regular meeting held November 7, 2007 considered the Appeal by the Denial by the Planning Commission of request for a Required Three Year Review of an approved Special Use Permit (U-0010-97) WHICH ALLOWED A 40-FOOT HIGH, 14-FOOT X 48-FOOT OFF-PREMISE ADVERTISING (BILLBOARD) SIGN at 3901 North Rancho Drive (APN: 138-12-110-004), C-1 (Limited Commercial) Zone.

The City Council granted the Appeal; thereby, APPROVING the Required Three Year Review. The Notice of Final Action was filed with the Las Vegas City Clerk on November 8, 2007. This approval is subject to:

Planning & Development

1. This Special Use Permit shall be reviewed in three (3) years at which time the City Council may require the Off-Premise Advertising (Billboard) Sign be removed. The applicant shall be responsible for notification costs of the review. Failure to pay the City for these costs may result in a requirement that the Off-Premise Advertising (Billboard) Sign is removed.

2. All of the supporting structure shall be repainted, as required by the Planning and Development Department, within 30 days of final approval of this review by the City Council. Failure to perform the required painting may result in fines and/or removal of the Off-Premise Advertising (Billboard) Sign.

3. The applicant shall provide written approval from the Nevada Department of Transportation (NDOT) within 60 days stating that the sign's location is acceptable.

4. The Off-Premise Advertising (Billboard) Sign and its supporting structure shall be properly maintained and kept free of graffiti at all times. Failure to perform the required maintenance may result in fines and/or removal of the Off-Premise Advertising (Billboard) Sign.

RECEIVED
SEP 08 2010

RQR-39501

5. The property owner shall keep the property properly maintained and graffiti-free at all times. Failure to perform required maintenance may result in fines and/or removal of the Off-Premise Advertising (Billboard) Sign.

6. If the existing off-premise sign is voluntarily demolished, this Special Use Permit shall be expunged and a new off-premise sign shall not be permitted in the same location unless a Special Use Permit is approved for the new structure by the City Council.

7. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

Sincerely,

Lean Coleman

RE: Justification Letter – Special Use Permit – APN: 162-03-410-007

Dear Planning and Development Department,

Enclosed is an application for a Special Use Permit for an indoor Gun Club, Skeet or Target Range, or Archery Club for that property located at the northeast corner of Cincinnati Avenue and Las Vegas Blvd., more specifically described as APN: 162-03-410-007 (the "Property") by Cornerstone Company.

The Property consists of 1.9 acres of land zoned C-2 (General Commercial). Cornerstone Company proposes to develop an approximately 7,000 square foot indoor Gun Club Establishment with a retail store for related services. The proposed Gun Club Establishment will be located in an existing building on the Property.

The proposed use is appropriate because the property is zoned C-2 which permits the use when accompanied with a Special Use Permit.

The proposed Gun Club Establishment will provide a first rate operation to serve the tourists and residents in the area.

Therefore, we respectfully request the approval of the Special Use Permit. If you have any questions, please contact me at (702) 383-3033.

Thank you,

Justin M. Michaels

The Gold Deposit will offer convenient service to people who wish to sell their unwanted gold, silver or platinum jewelry and coins. It is a small business that will operate out of a cart in the mall and there will be no adverse effect on the facility whatsoever. We will do business during the normal designated mall hours. The operating characteristics are the same as other carts/kiosks at the mall. There will be one or two full time employees. It will be compatible with the facility in terms of traffic generation, noise and other external impacts.

The customers items are categorized by element and purity (For Example: 10K Gold, 14K Gold, 18K Gold, 22K Gold, 24K Gold, Platinum and Silver) to determine value. Each category is then examined and weighed. The customer is able to observe and ask any questions. They will then be given a free price quote for the items they have brought in.

I have attached a list of the malls where this type of business is operating for your reference.

The cart/kiosk will typically have less than one thousand dollars cash in the register, and the items purchased are kept inside a safe which will be inside the cart/kiosk.

Re: Special Use Permit for Brio Tuscan Grille, a supper club within Tivoli Village at Queensridge Parcel 138-32-601-003

Dear Sir/Madam;

Please consider this request to allow a supper club within a previously approved mixed use development (SUP-5853). The site is located within a 29 acre commercial and residential development located at the northeast corner of Alta Drive and Rampart Boulevard. Specifically, Brio is a grade level restaurant located at the south rotary within the district, that shares sub-grade parking with other commercial tenants.

Brio Tuscan Grille meets Title 19 requirements for a supper club including seating capacity, kitchen hours, staffing levels, and restaurant/lounge separation. The parking allocation for this restaurant is grandfathered into the project-wide parking agreement. Please reference VAR-10773 that approved 3,955 spaces where 4,961 would otherwise be required.

This application requires a waiver of separation distance to allow less than 400 feet from the property line of the subject parcel to the property line of the nearest city park. The Tivoli Village mixed use development is situated on a parcel on which the north easternmost corner measures 141 feet from a playground within Angel Park (138-32-501-003). It is important to note that the commercial portion of this 30 acre parcel is on the westernmost side of the mixed use area. Consequently approximately 560 feet of mid-rise residential development is situated between the commercial portion of Tivoli Villages and the subject playground. It is also notable that there are two barriers between this park and Tivoli Village. The first is an approximate 600 foot fence along the northern boundary of the property. The second is a drainage channel that is more than 20 feet deep. As a result, a pedestrian must walk 1655 feet to the park while there is no direct vehicular access. For this reason, the park is suitably protected from this supper club.

If you have additional concerns please phone me at 598-1408.

Re: Special Use Permit with separation waivers for Ratskeller Liquor Establishment (tavern/brewery) within Tivoli Village at Queensridge Parcel 138-32-601-003

Dear Sir/Madam;

Please consider this request to allow a Liquor Establishment (brewery) within a previously approved mixed use development (SUP-5853). The site is located within a 29 acre commercial and residential development located at the northeast corner of Alta Drive and Rampart Boulevard.

Ratskeller is a brewery that is uniquely located on a sub-grade level of a mixed use shopping area. It serves German food, beer and possibly liquors.

This establishment expects to have more alcohol sales than food sales and therefore should be considered a Liquor Establishment (tavern). The parking allocation for this restaurant is grandfathered into the project-wide parking agreement. Please reference VAR-10773 that approved 3,955 spaces where 4,961 would otherwise be required.

Please also refer to ordinance 6013 that permits an applicant to request a waiver for the 1500 foot minimum separation requirement between Liquor Establishment and protected uses when the proposed tavern is located in a mixed use district. This Use Permit request requires the application of ordinance 6013 in order for Ratskeller to operate one the same property as previously approved taverns within Tivoli Village. This request also requires the application of ordinance 6013 to allow this tavern a 0 foot separation between to the tavern located on Angel Park Golf Course that is the adjacent property. A third waiver is required to allow this tavern to be located approximately 141 feet from the boundary of a children's play ground located at Angel Park. This distance is measured property line to property line. The actual walking distance from the proposed tavern is more than 1500 feet and the pathway is encumbered by numerours other buildings, fences and drainage channels. There is not a direct route to drive from this establishment to the park.

If you have additional concerns please phone me at 598-1408.

Very truly yours,

Lora Dreja

Commissioners,
Planning Department
City of Las Vegas NV 89101

Sept 7th 2010

Dear Madam/Sir,

I request a Beer and Wine permit be granted to Pyaar India Restaurant at 9350 W. Sahara Ave #150 Las Vegas NV 89115, since all my Customers wish to have a Glass of wine or a beer before their meals.

Presently I have three employees, and with the grant of the Beer and Wine license hope to employ more people.

Thanking you

Sincerely,

Harold Lyke

RE: ***EL MAMBI BUSINESS CORPORATION D/B/A VARADERO CUBAN RESTAURANT***

To Whom It May Concern:

The purpose of this letter is to demonstrate the need for the issuance of a special use permit for the above referenced business establishment located at 5081 N. Rainbow Blvd., Suite 100, Las Vegas, Nevada 89130, a C-2 designation. For the reasons set forth below, El Mambi Business Corporation, Inc., a Nevada corporation, doing business as Varadero Cuban Restaurant (the "Restaurant") hereby submits this letter for justification for the issuance of same.

Pursuant to Chapter 19.04.050 of the City Code, an establishment located within a C-2 designation may have a permissible use to serve and sell beer/wine upon receipt of a Special Use Permit, provided there is seating for 45 and the establishment is not located within 400 feet of any church, synagogue, school, childcare facility of city park. Here, the intended use of the property pertains to the operation of a restaurant serving cuban cuisine with beer and wine for on-premise consumption. Attached herein is the Proximity Restriction Certification reflecting the absence of any church, synagogue, school, childcare facility of city park within 400 feet of the Restaurant, as well as the floor plan reflecting seating for 48 persons.

In light of the foregoing, blighted nature of the surrounding area, and added measure of culture to the community, the Restaurant is respectfully requesting the issuance of Special Use Permit to enable the sale of beer and wine to its patrons in connection with meals.

Sincerely,

Karen H. Ross, Esq.

BRADSHAW & ASSOCIATES

Zoning • Variances
Special Use

A Land Use Consulting Company

August 10, 2010

Dear Madam or Sir,

On behalf of my client, Roi Zalach, I am requesting a Special Use Permit to allow a Secondhand Dealer at 376 West Sahara Avenue. The Assessors Parcel Number is 162-04-807-001.

The store would be located within an existing retail center which is zoned C-1. Because the property has been utilized over the years by several businesses with the same parking requirements, we are asking that a determination of Parking-Impaired Development be made for this site, as per Title 19.10.010(C)(1).

Other existing C-1 businesses are located to the north and east of the site. On the west are C-M uses and the south side of Sahara, located in unincorporated Clark County, is vacant land planned as Commercial Tourist.

My client intends to operate a jewelry store and, in order to be competitive with similar businesses, wishes to be able to take in previously owned jewelry as trade for new items and to upgrade or repair his customer's stones or settings with replacements which may have originally been utilized in other pieces.

Because the property is situated in a long established retail area with a variety of uses, including convenience stores, restaurants, taverns and other shops, we believe a jewelry store with a Secondhand Dealer's license is appropriate at this location and will be a welcome addition to the shopping choices available to the nearby residents.

Yours truly,

Leni Skaar

Las Vegas, Nevada 89101

RE: Vacation of Drainage Easement for "SEC Bonanza & Rancho"
APN: 139-29-801-004

To whom it may concern:

This application is for a vacation of an existing 12' wide public drainage easement that runs north-south through the existing shopping center located on the Southeast corner (SEC) of Bonanza and Rancho within Clark County Assessor's Parcel Number 139-29-801-004.

Since the existing commercial center drains to the northeast and there is an existing building directly over the existing drainage easement, it is no longer necessary. We have been directed by City of Las Vegas Land Development to vacate this existing easement in order to move forward with the proposed commercial subdivision.

We look forward to working with Planning & Development for a favorable recommendation for this vacation. Please do not hesitate to contact our office if you have any questions or require any additional information.

Sincerely,
WALKER ENGINEERING, LLC

SDR 39469
Team Ford

5446 Drexel Road

Proposed 7 thousand square foot auto repair garage, minor.

Traffic produced by proposed development:

Existing Use	DESCRIPTION	#UNIT	RATE/# UNIT	TOTAL
Average Daily Traffic (ADT)	AUTOMOBILE PART SALES [1000SF]	7	61.91	433
AM Peak Hour			2.21	15
PM Peak Hour			5.98	42

Existing traffic on all nearby streets:

Drexel Rd	
Average Daily Traffic (ADT)	9,138
PM Peak Hour (heaviest 60 minutes)	731

Ann Rd	
Average Daily Traffic (ADT)	23,363
PM Peak Hour (heaviest 60 minutes)	1,869

Traffic Capacity of adjacent streets:

	Adjacent Street ADT Capacity
Drexel Rd	16,300
Ann Rd	51,800

This project is expected to add 433 trips per day on Drexel Rd. and Ann Rd. This will increase traffic on Drexel Rd. by about 5 percent and on Ann Rd. by about 2 percent. Currently, Drexel is at about 56 percent of capacity and Ann is at about 45 percent of capacity.

Based on Peak Hour use, this development will add about 42 additional cars into the area in the peak hour, or about three every two minutes.

Note that this report assumes all traffic from this development uses all named streets.

RE: Project #583 Team Ford – Justification Letter
Site Development Plan
APN # 125-34-515-005

To Whom It May Concern:

We are submitting this project justification letter for your review and consideration. We are currently representing as "applicant' on behalf of Team Ford in their evaluation and development of a new "Quick Lane" service facility of approximately 7,000 sf, within the limits of their existing property at the above referenced location. This new facility would be an extension of their existing service line which includes oil changes, minor tune-ups and service currently being conducted within their existing facility as well as provide a more efficient car wash system to conserve water, power and also to enhance the clients experience with shorter wait times associated with scheduled or unscheduled visits.).

The current use of the site is for parking, receiving inventory and display of available autos within the current Team Ford Dealership. We are requesting formal approval of our site development plan for the new "Quick Lane" facility. This proposal conforms to the General Plan, SDR's Z-0074-97(10) and (11), and is compatible with the surrounding land uses and zoning districts within the same area. The facility will also be designed in compliance with and conforming to the architectural design guidelines outlined in the Rio Vista Plaza Planned Development document Z-74-97(4), 1-14-99 PC.

As part of a National rebranding program being facilitated by the Ford organization, Team Ford will be making many enhancements to its existing facility and services to become more customer centric and present a new and consistent image with other dealerships across the country. One of those improvements includes the addition of the "Quick Lane" facility to provide the customers a more efficient solution to services currently being provided within the existing sales/service building. As this is not a new service line, it is not anticipated that "Quick Lane" will generate any additional traffic that is not currently purchasing or servicing their vehicles at this time.

Team Ford anticipates that this new facility would create approximately 20 full time jobs for the short term construction project and 8 - 10 full time permanent employment opportunities once the project is completed. It is anticipated that the hours of operation at this facility would be consistent with the existing operation Monday thru Friday 7:00AM – 7:00PM, Saturday 7:00AM – 6:00PM and closed on Sunday.

SDR-39469

RECEIVED
SEP 07 2010

At this time we are unaware of requirements for any State licenses specific to the use requested.

Team Ford will be employing numerous sustainability concepts into the project to reduce its carbon footprint and minimize the utilization of natural resources on a long term basis. Some of the concepts being considered include recycling the water associated with a state of the art high efficiency car wash system, low flow fixtures, a light color palate, recycled content on steel and concrete materials in addition to regionally manufactured materials although they will not be seeking a LEED Certification.

Please let us know if you have any questions or if I can be of additional assistance in the review and approval of this request. Thank you in advance for your consideration!

Sincerely,

Douglas G. Purvis
President – Purvis Architects

Las Vegas, Nevada 89107

RE: ZON-3474 - REZONING
CITY COUNCIL MEETING OF FEBRUARY 18, 2004
Related to GPA-3388

Dear Ms. Bittner:

The City Council at a regular meeting held February 18, 2004 APPROVED the request for a Rezoning FROM: R-1 (SINGLE FAMILY RESIDENTIAL) TO: P-R (PROFESSIONAL OFFICES AND PARKING) on 1.7 acres at 600 - 804 North Jones Boulevard (APN: 138-25-310-001 through 009). The Notice of Final Action was filed with the Las Vegas City Clerk on February 19, 2004.

Planning and Development

1. A General Plan Amendment (GPA-3388) from L (Low Density Residential) to an O (Office) land use designation approved by the City Council

2. A Resolution of Intent with a two-year time limit.

3. A comprehensive site development plan, including all lots, shall be submitted for approval by the Planning and Development Department and the Department of Public Works prior to the issuance of a Certificate of Occupancy for any of these lots. This plan shall show the location of joint driveways, a consistent landscaping plan and joint parking and access agreements.

Public Works

4. Remove all substandard public street improvements, if any, adjacent to this site and replace with new improvements meeting current City Standards concurrent with on-site development activities.

5. A Traffic Impact Analysis must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits or submittal of any construction drawings. Comply with the

CITY OF LAS VEGAS
400 STEWART AVENUE
LAS VEGAS, NEVADA 89101

VOICE 702.229.6011

ROC-36960
01/28/10 PC

recommendations of the approved Traffic Impact Analysis prior to occupancy of the site. The City shall determine area traffic mitigation contribution requirements based upon information provided in the approved Traffic Impact Analysis; such monies shall be contributed prior to the issuance of any permits for this site. The Traffic Impact Analysis shall also include a section addressing Standard Drawings #234.1 #234.2 and #234.3 to determine additional right-of-way requirements for bus turnouts adjacent to this site, if any; dedicate all areas recommended by the approved Traffic Impact Analysis. All additional rights-of-way required by Standard Drawing #201.1 for exclusive right turn lanes and dual left turn lanes shall be dedicated prior to or concurrent with the commencement of on-site development activities unless specifically noted as not required in the approved Traffic Impact Analysis. If additional rights-of-way are not required and Traffic Control devices are or may be proposed at this site outside of the public right-of-way, all necessary easements for the location and/or access of such devices shall be granted prior to the issuance of permits for this site. Phased compliance will be allowed if recommended by the approved Traffic Impact Analysis. No recommendation of the approved Traffic Impact Analysis, nor compliance therewith, shall be deemed to modify or eliminate any condition of approval imposed by the Planning Commission or the City Council on the development of this site.

Alternatively, in lieu of a Traffic Impact Analysis, the applicant may participate in a reasonable alternative mutually acceptable to the applicant and the Department of Public Works.

6. Meet with the Flood Control Section of the Department of Public Works for assistance with establishing finished floor elevations and drainage patterns for this overall site prior to submittal of construction plans or the issuance of any building or grading permits, whichever may occur first. Provide and improve all drainageways as recommended.

7. Provide a copy of a recorded Joint Access Agreement between all parcels comprising this site prior to the issuance of any permits. All parking and driveways shall be designed and constructed such that no vehicles must back out onto Jones Boulevard or Granada Avenue. Where individual lots are not large enough to accommodate two way traffic into and out of the parking lots, adjacent parcels shall come in together to provide appropriate two way traffic handling.

Sincerely,

Angela Crolli

Attn: Planning and Development Department

Subject: SDR-36959 and ROC-36960
APN: 138-25-310-003

The original application including items SDR-36959 and ROC-36960 are being requested to be removed from the table and placed on the next Planning Commission agenda. The original project site plan, floor plan, elevations and landscape plan have been revised and are being re-submitted for a new Site Development Plan Review.

The revised project is requesting the proposed conversion of a single family residence of 1,770 s.f. into a 1,380 s.f. Medical office building. We are requesting the waivers of perimeter landscape buffer at the West property line of the building to allow a minimum 6-foot wide landscape planters on each side of the drive where 15 feet landscape buffer is required. In addition we are requesting the North and South perimeter landscape buffers be reduced to a zero-foot buffer at the parking areas and along the side of the building where 5 feet are required. To compensate for this planter areas have been added to the plans, please see landscape plans AL1.0 for locations. Due to the constraints of the site we feel we have added as much landscaping as is possible and still meet the parking requirements. The revised plans will meet the cities parking requirements and therefore the request for a parking variance will not be required.

In regard to the original application for the review of conditions ROC-36960, adjacent property owners along N. Jones Blvd will not be participating in a joint request for the review of conditions. There will be no joint driveways or cross access agreements with other properties.

For the revised submittal LM Construction Co. will act as Sharon Roth's representative, please see attached letter. All other information required for the original submittal has not changed and remains accurate.

Re: Variance Request (Setbacks and Site Coverage) for a Law Office Building
APN: 139-34-710-030, -031, -032, -033

To whom it may concern:

The purpose of this letter is to request a variance to the provisions of the code regarding setbacks and site coverage ratio for the proposed Law Office Building located at 400 South 7th Street in Las Vegas, Nevada 89101.

All four parcels are currently zoned C-1, for which an office building is best suited. The current general plan designation for this site is 'C'.

A historic and traditional office building is envisioned by the property owner. The tenants are expected to be predominantly law firms and related office users. The building is designed to have a classical architectural theme consisting of arches, brick veneer, colonnade, and a capitol dome.

The building site is situated just outside of downtown centennial office core district. It is designed to fit in the context of the urban neighborhood. The project consists of 3-story office building situated on top of (2) levels above grade parking and (2) levels subterranean parking. The building's parapet height is 84'-0", the top of the dome is 96'-0", and the top of the flag pole is 126'-0" in height which conforms to the unlimited height limit of the C-1 zone.

We are requesting a variance for the required setbacks and site coverage. Code requirements for general C-1 development are 20' (front) 10' (side yard), 15' (corner yard) and 20' (rear yard). In a downtown area, with small lot sizes and anticipated urban core density, conformance to setback requirements would substantially limit the site's development potential. In addition, this property is situated on a corner lot and thus would be greatly impacted by the required setbacks. The proposed design requires zero lot setbacks on all sides. This meets the spirit and a language of the urban area. Zero setback as an element of urban site development is a requirement in the adjacent downtown centennial office core district. The resulting site coverage of 86% is proposed (where 50% is allowed by code) and meets the spirit of code language for urban areas. In this context, given the relatively small site area, setback and lot coverage code conformance would result in substantially less viable project.

We appreciate your assistance in moving forward with this proposed project.

Sincerely,

8/9/10

*The application will not be deemed complete until the submitted materials have been reviewed by the Planning and Development Department for consistency with applicable sections of the Zoning Ordinance.

SDR 39121
EVAPS, LLC

400 S. 7th Street

Proposed 55.132 thousand square foot office building.

Traffic produced by proposed development:

Proposed Increase	DESCRIPTION	#UNIT	RATE/# UNIT	TOTAL
Average Daily Traffic (ADT)	GENERAL OFFICE BUILDING [1000 SF]	55.132	11.01	607
AM Peak Hour			1.55	85
PM Peak Hour			1.49	82

Existing traffic on all nearby streets:

Las Vegas Blvd	
Average Daily Traffic (ADT)	22,075
PM Peak Hour (heaviest 60 minutes)	1,766

Bridger Avenue	
Average Daily Traffic (ADT)	8,450
PM Peak Hour (heaviest 60 minutes)	676

Clark Avenue	
Average Daily Traffic (ADT)	2,150
PM Peak Hour (heaviest 60 minutes)	172

Traffic Capacity of adjacent streets:

	Adjacent Street ADT Capacity
Las Vegas Blvd	34,500
Bridger Avenue	25,875
Clark Avenue	12,225

This project is expected to add 607 trips per day on Las Vegas Blvd., 6th Street, Bridger Ave. and Clark Ave. This will increase traffic on Las Vegas Blvd. by about 3 percent, Bridger Ave. by about 7 percent and on Clark Ave. by about 28 percent. Currently, Las Vegas Blvd. is at about 64 percent of capacity, Bridger Ave. is at about 33 percent of capacity and Clark Ave. is at about 6 percent of capacity. Counts are not available for 7th Street, but it is believed to be under capacity.

Based on Peak Hour use, this development will add about 85 additional cars into the area in the peak hour, or about three every two minutes.

Note that this report assumes all traffic from this development uses all named streets.

Re: Site Development Review for a Law Office Building
APN: 139-34-710-030, -031, -032, -033

To whom it may concern:

The purpose of this letter is to request a Site Development Review for the proposed Law Office Building located at 400 South 7th Street in Las Vegas, Nevada 89101.

All four parcels are currently zoned C-1, for which an office building is best suited. The current general plan designation for this site is 'C'. The site also lies within the Las Vegas High School Neighborhood Historic District. This project intends on conforming to the goals and policies of the current zoning and general plan.

A historic and traditional office building is envisioned by the property owner. The tenants are expected to be predominantly law firms and related office users. The building is designed to have a classical architectural theme consisting of arches, brick veneer, colonnade, and a capitol dome.

The building site is situated just outside of downtown centennial office core district. It is designed to fit in the context of the urban neighborhood. The project consists of 3-story office building situated on top of (2) levels above grade parking and (2) levels subterranean parking. The building's parapet height is 84'-0", the top of the dome is 96'-0", and the top of the flag pole is 126'-0" in height which conforms to the unlimited height limit of the C-1 zone.

By a separate application we are also requesting a variance for the required setbacks and site coverage. The proposed design requires zero lot setbacks on all sides. This meets the spirit and a language of the urban area. Zero setback as an element of urban site development is a requirement in an adjacent downtown centennial office core district. Site coverage of 86% is proposed (where 50% is allowed by code) and meets the spirit of code language for urban areas. In this context setback and lot coverage code conformance would result in substantially less viable project.

As a result of urban design approach that fits downtown area, we are requesting a waiver to reduce the landscape perimeter buffer width. Proposed landscape along the 7th Street and Chef André Rochat Place includes densely spaced trees, shrubs in the planters and vines on building facades, which should adequately compensate for the reduced width of the buffer.

All required parking, totaling 184 spaces is located within the 4-storey (2 of which are subterranean) parking garage. Six (6) ADA parking stalls, including an ADA van accessible parking stall is provided. Please refer to the site plan, floor plans, landscape plans and elevations dated 8-9-10 that accompany this letter.

As you can see, the applicant has made a considerable effort to work with the property and historic nature of the neighborhood. This project is consistent with the surrounding area, the City of Las Vegas Development Code, and does not have any adverse impacts on the area. There are adequate utilities, public transportation, and services to the development. Located in the heart of a successful downtown district, the site presents a great opportunity for this office development.

We appreciate your assistance in moving forward with this proposed project.
Sincerely,

8/9/10

Re: ***Request to Place SUP-37362***
Cash America – 8400 West Cheyenne Avenue

Dear Mr. Rankin:

We respectfully request that SUP-37362 be placed on a City of Las Vegas Planning Commission agenda. This item was tabled at the March 25, 2010 Planning Commission hearing. We are enclosing a check in the amount of $500.00 to cover re-notification fees. At this time, we have no changes to the plans that are currently on file with the City of Las Vegas.

It is our understanding that this item will be placed on the October 21, 2010 agenda for the Planning Commission.

If you need any additional information, please do not hesitate to contact me.

Sincerely,

KAEMPFER CROWELL RENSHAW

Re: Second Revised Justification Letter – Special Use Permit to Allow for a Pawn Shop & Waiver of Separation Requirements
8400 W. Cheyenne (APN: 138-09-420-005)

To Whom It May Concern:

Please be advised this office represents Cash America/SuperPawn (the "Applicant"). The Applicant is seeking a special use permit for a pawn shop in the above referenced location (the "Site"). The Site is zoned C-1. Pawn shops are allowed in a C-1 zone with the approval of a special use permit. Additionally, the Applicant is seeking a waiver for: (i) the 200 foot distance requirement to a residential use and (ii) the 1000 foot distance requirement from any other payday use.

The Applicant is a well established and highly regarded pawn shop operator throughout the Las Vegas valley. The Applicant is proposing to locate in an existing building, formerly occupied by a Sears Hardware Store. The building is approximately 9,650 square feet with an additional 2,900 square foot existing outdoor storage area. The existing building is part of a large commercial center with an Albertson's, Blockbuster, and CVS.

The Applicant is requesting a use permit to allow for a pawn shop. Accessory uses such as jewelry sales, payday loans/cash checking services and second hand sales will be included. Since the Applicant is proposing to locate in an existing building, waivers of the distance requirements are necessary. The property line of the existing building abuts an apartment complex. However, the actual distance is approximately 120 feet measured from the rear existing building to the closest apartment unit. The existing building and the apartment units are separated by drive aisles for both the shopping center and the apartment complex. The entrance into SuperPawn would be about 260 feet from the nearest apartment unit. Additionally, the Applicant is seeking a waiver from the required distance to another payday loan use. Similar to the residential separation, the property line from the existing building to the payday loan use abut each other. However, the actual distance between the proposed SuperPawn and the existing payday loan use is about 170 feet. There are no existing pawn shops within the required distance separation.

SUP-37362
REVISED
03/25/10 PC

KAEMPFER
CROWELL

SuperPawn would be an appropriate business in the vacant building. The hours of operation would be 9:00 a.m. to 7:00 p.m. Therefore, the limited hours of operation would not be detrimental to the residential use and would be compatible with the existing shopping center's hours of operation.

Thank you, in advance, for your consideration of this request. If you need any additional information, please do not hesitate to contact me.

Sincerely,

Application Information

SUP-37362 - SPECIAL USE PERMIT - PUBLIC HEARING - APPLICANT: CASH AMERICA/SUPER PAWN - OWNER: NORTHSHORE PLAZA, LLC - Request for a Special Use Permit FOR A PAWN SHOP WITH WAIVERS TO ALLOW A ZERO-FOOT DISTANCE SEPARATION FROM A RESIDENTIALLY ZONED PROPERTY AND A FINANCIAL INSTITUTION, SPECIFIED WHERE 200-FEET AND 1000-FEET, RESPECTIVELY, ARE REQUIRED at 8400 West Cheyenne Avenue (APN 138-09-420-005), C-1 (Limited Commercial) Zone, Ward 4 (Anthony)

I do not want this or what it will bring to my neighborhood. I live in the subdivision directly behind the shopping center and it's a nice place to live. I want to keep it that way.

Application Location

The proposed project may not pertain to the entire highlighted project site.

Public Hearing Information

Meeting:	Planning Commission
Date:	***March 25, 2010***
Time:	6:00 P.M.
Location:	City Council Chambers 400 Stewart Avenue Las Vegas, Nevada

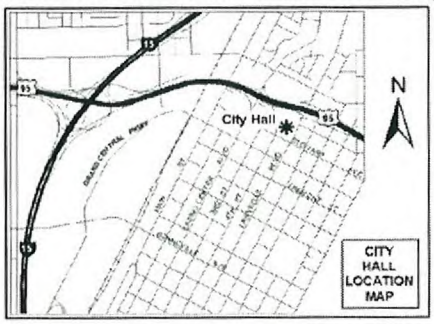

Any and all interested persons may appear before the City Planning Commission either in person or by representative and object to or express approval of this request; or may, prior to this meeting, file a written objection thereto or approval thereof with the Planning and Development Department, Development Services Center, 731 South Fourth Street, Las Vegas, Nevada 89101. Final Action on General Plan Amendments and Rezonings will be determined by the City Council. Other public hearing items may be deemed Final Action by the Planning Commission or forwarded to the City Council. The date of the City Council meeting, if applicable, will be announced at the Planning Commission meeting after the discussion of the item. You may not receive an additional notice for the City Council meeting. For further information, please call (702) 229-6301 (TDD 386-9108) http://www.lasvegasnevada.gov.

APN: 138-03-602-013
GENERAL PLAN AMENDMENT, ZONE CHANGE, SITE DEVELOPMENT REVIEW & VARIANCE JUSTIFICATION LETTER

Dear Romeo,

We respectfully request favorable consideration for the above referenced project for a General Plan Amendment, Zone Change, Site Development Review & Variance.

General Plan Amendment Justification
The proposed General Plan Amendment is from SC to LI-R. The subject property is contiguous to industrial planned uses to our North & West.

This request is appropriate base on the following finding of the facts;

1. The density and intensity of the proposed General Amendment is compatible with the existing adjacent land use designation;
2. The zoning designations allowed by the proposed amendment will be compatible with the existing adjacent land uses or zoning districts;
3. There are adequate transportation, recreation, utility, and other facilities to accommodate the uses and densities permitted by the proposed General plan designation; and
4. The proposed amendment conforms to other applicable adopted plans and policies.

Rezoning Justification
The proposed zone change is from C-1 to CM for a heavy equipment rental facility. The subject property is continuous to industrial zoned land to our North and West.

This request is appropriate based on the following finding of the facts;

1. The proposal conforms to the General Plan.
2. The uses which would be allowed on the subject property by approving the rezoning will be compatible with the surrounding land uses and zoning districts.
3. Growth and development factors in the community indicate the need for or appropriateness of the rezoning.
4. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed zoning district.

Variance Justification
The proposed variance is to allow zero rear (West) setbacks where 20'-0" is required and a zero right side (North) set back where 10'-0" is required.

This request is appropriate based on the following finding of the facts;

1. The variance is necessary for the preservation and enjoyment of the substantial property rights.
2. The property to our West has been granted a zero setback.
3. The granting of this request will not materially affect the health or safety on persons residing or working in The neighborhood and will not be materially detrimental to the public welfare or injurious to property or Improvements.
4. The granting of this request will not adversely affect the City of Las Vegas General Plan.

RECEIVED
SEP 24 2010

GPA-39489 ZON-39490
VAR-39492 SDR-39491
REVISED

Site Development Review Justification
The proposed Site Development Plan is for a single story 9, 000 sq ft. heavy equipment rental building in conjunction with an existing 4, 011 sq. ft. office building on 1.21 acres.

This request is appropriate based on the following finding of the facts.

1. The proposed development is compatible with adjacent development and development in the area.

2. The proposed development is consistent with the General Plan, Title 19 and the Design Standards Manual, the landscape, wall and buffer Standards, and other duly-adopted city plans, policies and standards.

3. Site access and circulation do not negatively impact adjacent roadways or neighborhood traffic.

4. Building and landscape materials are appropriate for the area and for the city.

5. Building elevations, design characteristics and other architectural and aesthetic features are not unsightly, undesirable or obnoxious in appearance; create an orderly and aesthetically pleasing environment; and are harmonious and compatible with development in the area.

6. Appropriate measures are taken to secure and protect the public health, safety and general welfare.

We also respectfully request the approval of the exception pertaining to the parking lot tress. We are required to have 9 trees and have provided 5. We have provided 4 additional trees at the perimeter to offset the deficient parking lot trees.

Should you have any questions or require additional information please contact our office.

Sincerely,

Richard C. Gallegos
Principal

SDR 39491
Sequoia Electric

4485 N. Rainbow Boulevard

Proposed 8.88 thousand square foot expansion of an existing contractor's yard.

Traffic produced by proposed development:

Existing Use	DESCRIPTION	#UNIT	RATE/# UNIT	TOTAL
Average Daily Traffic (ADT)	INDUSTRIAL PARK [1000 SF]	4	6.96	28
AM Peak Hour			0.84	3
PM Peak Hour			0.86	3

Proposed Increase	DESCRIPTION	#UNIT	RATE/# UNIT	TOTAL
Average Daily Traffic (ADT)	INDUSTRIAL PARK [1000 SF]	8.88	6.96	62
AM Peak Hour			0.84	7
PM Peak Hour			0.86	8

Project Total	DESCRIPTION	#UNIT	RATE/# UNIT	TOTAL
Average Daily Traffic (ADT)	INDUSTRIAL PARK [1000 SF]	12.88	6.96	90
AM Peak Hour			0.84	10
PM Peak Hour			0.86	11

Existing traffic on all nearby streets:

Rainbow Blvd	
Average Daily Traffic (ADT)	9,338
PM Peak Hour (heaviest 60 minutes)	747

Craig Rd	
Average Daily Traffic (ADT)	33,588
PM Peak Hour (heaviest 60 minutes)	2,687

Traffic Capacity of adjacent streets:

	Adjacent Street ADT Capacity
Rainbow Blvd	16,300
Craig Rd	51,800

This project is expected to add 62 trips per day on Rainbow Blvd. and Craig Rd. This will increase traffic on Rainbow Blvd. and Craig Rd. by less than 1 percent. Currently, Rainbow is at about 57 percent of capacity and Craig is at about 65 percent of capacity.

Based on Peak Hour use, this development will add about 8 additional cars into the area in the peak hour, or about one every eight minutes.

Note that this report assumes all traffic from this development uses all named streets.

To Whom It May Concern:

Please be advised that this office represents Grand Canyon Village Square LLC ("The Applicant"). The Applicant is proposing a zone change and site development plan review for a commercial shopping center on property approximately 26 acres in size. The property is on the northwest corner of Horse Drive and US 95, more particularly described as assessor's parcel number 125-07-601-005.

The Applicant is requesting a rezoning of the parcel from R-E/PD within the Grand Canyon Village Master Development Plan to a PD zone. A portion of the property is already zoned PD and the Applicant is seeking uniform zoning on the entire parcel.

The Applicant is also submitting a site development plan review for an approximately 250,267 square foot commercial shopping center consisting of large and small scale retail establishments, fast food establishments, retails pads, a convenience store, a drug store, and bank. The buildings are design in the Spanish style of architecture with tile roofs and EFIS earth tone exterior walls. All required setbacks, landscaping and parking requirements are being met. The buildings are a maximum height of 35 feet. There are no waivers of variances being requested with this project.

The applications are justified for a number of reasons. Those include:

1) the applications conform to the Grand Canyon Village Master Development Plan;

2) the applications are consistent with the City's General Plan;

3) the proposed development is compatible with existing and proposed uses in the area; and

4) the proposed development will provide uses to support existing and planned residential communities in the area.

Average Daily Traffic (ADT)	SHOPPING CENTER [1000 SF]	250.267	42.94	22,018
AM Peak Hour			1.00	1,222
PM Peak Hour			3.73	2,074

Traffic Capacity of adjacent streets:

	Adjacent Street ADT Capacity
Horse Dr.	51,800
Grand Canyon Dr.	34,500
Oso Blanca Rd.	34,500

This project is expected to add 22,018 trips per day on Horse Dr., Grand Canyon Dr. and Oso Blanca Rd. This represents about 43 % of the capacity of Horse Dr. and 64% of the capacities of Grand Canyon Dr. and Oso Blanca Rd. No counts are available for Horse Dr., Grand Canyon Dr. or Oso Blanca Rd. in this vicinity.

Based on Peak Hour use, this development will add about 2,074 additional cars into the area in the peak hour, or about thirty five every minute.

Note that this report assumes all traffic from this development uses all named streets.

THE CAPITOL COMPANY

PUBLIC POLICY AND GOVERNMENT AFFAIRS
10100 W. Charleston Blvd., Suite 200, Las Vegas, NV 89135

September 5, 2010

Yorgo Kagafas, Planner II
City of Las Vegas
Planning and Development Department
731 S. Fourth Street
Las Vegas, NV 89101

Re: Justification Letter, Office Building
Legal Aid Center of Southern Nevada
APNs: 139-34-410-245

Dear Mr. Kagafas:

This firm represents Legal Aid Center of Southern Nevada (LACSN) with respect to the development of an office building located at the northwest corner of Charleston Boulevard and Eighth Street. The site is within the Downtown Redevelopment Plan with a General Commercial (GC) master plan designation and is currently zoned C-1. The structure will be the new office building for LACSN, which is presently located in the adjacent office building at the southwest corner of Eighth and Gass. This request consists of a Site Development Plan Review and Variance applications. Note that these applications represent a revision of the project which was previously approved by the City Council (SDR-29445, VAR-29446 & 29447). The previous approvals for the relevant applications are provided in this letter for your reference.

Site Development Plan Review

The project proposes a 32,500 square-foot office building (previously approved at 39,000 square feet), two story structure at a maximum height of 50 feet (previously approved at 65 feet). Contemporary materials will be used on the building exterior, which include various colors of smooth finish stucco, metal panels and glass wall system with high performance low E reflectivity not to exceed 22%.

A waiver of perimeter landscaping requirements is requested as part of the SDR applications as follows:

	Required	Provided	Previously Approved
North	8 feet	**Zero feet**	Zero feet
West (alley)	8 feet	**Zero feet**	Zero feet
South	15 feet	**10 feet**	10 feet
East	15 feet	**Zero feet**	10 feet

RECEIVED
SEP – 7 2010

VAR-39099 VAR-39100
VAR-39458 SDR-39098
SDR-39457

Variance: Parking

In addition to the SDR the applicant is requesting the following parking variance:

	Current Application		Previously Approved
	Temporary	**Permanent**	
Required	**118**	**118**	130
Provided	**0 (zero)**	**92**	84
Reduction	**118 or 100%**	**26 or 22%**	46 or 35%

The project is being built in two phases; the first phase being the construction of the new building on the vacant parcel. Once completed, LACSN staff will move out of their existing building on the adjacent parcel and into the new building. The existing building will then be demolished and the parking garage will be constructed. Consequently, during the construction of the parking garage the applicant will require a variance for zero parking spaces. However, once the parking garage is constructed the project will have 92 parking spaces, representing a 22% reduction in parking or 26 spaces. Notably, the previously approved project was granted a parking variance equaling a 35% reduction or 46 spaces. This revised project will ultimately provide a superior parking solution than the previous project for the applicant's limited parking needs.

This request is justified given the applicant's mission, clientele, location and mass transit opportunities. LACSN is a private, non-profit corporation dedicated to providing free community legal services to the County's low-income residents since 1958. Eligibility for their services is based on household income and the number of people living in the client's household. As a result of the economic status of its clientele, approximately half (48%) of the applicant's clients travel to the office by a mode other than driving their own car – mass transit, walk or ride a bicycle, or dropped off by a relative or friend. Stated frankly, a vehicle is a luxury item many of their clients simply do not have. Moreover, approximately 45% of the applicant's clientele live in the downtown area, making access to the site by means other than a vehicle quite easy.

Of the remaining 55% of their clientele, most live in the east and northeast parts of the valley. LACSN is ideally located for mass transit opportunities – not a coincidence and quite necessary in fulfilling its mission of providing free legal services to those in need. Bus Route 206 runs the full length of Charleston Boulevard and has four bus stops within two blocks of the site, including one next door (in front of the US Bank building) and one directly across Charleston. Route 206 is the third busiest non-tourist route in the CAT system, and it intersects with the second busiest non-tourist route (Maryland Parkway) in addition to the busiest of all routes, Las Vegas Boulevard. This makes LACSN accessible to virtually all parts of the valley where most of its clientele live and work. Route 206 is also expected to connect to the new Central City Terminal at Casino Center and Bonneville (replacing the Downtown Transportation Center), which will allow for even more bus transfers and easier access to LACSN.

RECEIVED
SEP - 7 2010

VAR-39099 VAR-39100
VAR-39458 SDR-39098
SDR-39457

Also important to consideration of the parking variance request is that significant off-site (street) parking is available in the area. Adjacent to both LACSN parcels is 270 feet of street parking, equivalent to 15 parking spaces (assuming a standard 18 feet of space per vehicle). Including these parking spaces with the 92 provided with the project brings the total available parking count to 107 spaces. Also available within one block of LACSN is approximately 842 feet of street parking for an equivalent of another 46 parking spaces. In total, 61 additional parking spaces may be available at any given time either adjacent to or across the street from LACSN. Coupled with the spaces provided with the project, approximately 153 parking spaces are available either on-site or within a one block area.

Moreover, LACSN's existing building site contains only 22 parking spaces and has not experienced any parking problems for staff or clients. The 61 available parking spaces along the street within close proximity of the site is almost three times the amount currently provided at the existing building. Consequently, the brief period of time during which zero parking is available for the construction of the parking garage will not present any parking issues for staff or clients.

Variance: Setback & Lot Coverage

The second variance request is for reduced setbacks as follows:

	Required	Provided	Previously Approved
Front	20 feet	**10 feet**	10 feet
Side	10 feet	**5 feet**	5 feet
Corner Side	15 feet	**10 feet**	Zero feet
Rear	20 feet	**45 feet**	Zero feet

The proposed setbacks conform to the existing development in the area. The adjacent building to the west has a 10-foot setback on Charleston, while buildings along Charleston towards Las Vegas Boulevard have limited or no front setbacks. The proposed 10-foot setback for this project will provide a smooth and aesthetically pleasing transition from the zero setbacks allowed on properties in the Downtown Centennial Plan only one and a half blocks away from this site.

Along with the setback variance is a request for lot coverage of 57% where a maximum of 50% is allowed. Again, much of this area of downtown has been built at scales exceeding the 50% lot coverage requirement. Indeed, the Downtown Redevelopment Plan contemplates development that does not necessarily conform to the parameters of the City's overall development code. Notably, the lot coverage previously approved for this site was 83%. This application represents a 31% reduction in the lot coverage request compared to the previously approved project.

When completed this project will add a vibrant, new structure to Charleston Boulevard and the Downtown Redevelopment area that will set a standard for small-sized office buildings. Moreover, it will allow LACSN to continue providing legal access to

Average Daily Traffic (ADT)	GENERAL OFFICE BUILDING [1000 SF]	32.5	11.01	358
AM Peak Hour			1.55	50
PM Peak Hour			1.49	48

Existing traffic on all nearby streets:

Charleston Blvd	
Average Daily Traffic (ADT)	32,313
PM Peak Hour (heaviest 60 minutes)	2,585

Gass Avenue	
Average Daily Traffic (ADT)	2,375
PM Peak Hour (heaviest 60 minutes)	190

8th Street	
Average Daily Traffic (ADT)	1,024
PM Peak Hour (heaviest 60 minutes)	82

Traffic Capacity of adjacent streets:

	Adjacent Street ADT Capacity
Charleston Blvd	51,800
Gass Avenue	16,300
8th Street	12,225

This project is expected to add 358 trips per day on Charleston Blvd., Gass Ave. and 8th St. This will increase traffic on Charleston Blvd. by about 1 percent, Gass Ave. by about 15 percent and on 8th St. by about 35 percent. Currently, Charleston Blvd. is at about 62 percent of capacity, Gass Ave. is at about 15 percent of capacity and 8th St. is at about 2 percent of capacity.

Based on Peak Hour use, this development will add about 50 additional cars into the area in the peak hour, or about one every minute.

Note that this report assumes all traffic from this development uses all named streets.

PUBLIC POLICY AND GOVERNMENT AFFAIRS
10100 W. Charleston Blvd., Suite 200, Las Vegas, NV 89135

September 5, 2010

Yorgo Kagafas, Planner II
City of Las Vegas
Planning and Development Department
731 S. Fourth Street
Las Vegas, NV 89101

Re: Justification Letter, Parking Garage
Legal Aid Center of Southern Nevada
APNs: 139-34-410-244 and a Portion of 139-34-410-245

Dear Mr. Kagafas:

This firm represents Legal Aid Center of Southern Nevada (LACSN) with respect to the development of a three story parking garage located at the southwest corner of Gass Avenue and Eighth Street. The site is within the Downtown Redevelopment Plan with a General Commercial (GC) master plan designation and is currently zoned C-1. This request consists of a Site Development Plan Review and Variance applications. Note that these applications represent a revision of the project which was previously approved by the City Council (SDR-29445, VAR-29446 & 29447).

Site Development Plan Review

The parking garage is associated with a related but separate application for an office building on the adjacent parcel to the south which will serve as the new headquarters for LACSN. The parking garage will serve as the required parking for staff and clients of LACSN's new building.

The parking structure will consist of multi-tone grey and white paints while also including metal fabric/mesh along the stairwells. The garage will be open on all sides except along Eighth Street for aesthetics. The entrance to the parking garage on Eighth Street will be gated for security during non-business hours.

A waiver of perimeter landscaping requirements is requested as part of the SDR applications as follows:

	Required	Provided
South	8 feet	**Zero feet**
West (alley)	8 feet	**Zero feet**
North	8 feet	**6 feet**
East	15 feet	**Zero/20 feet**

SEP 07 2010
VAR-39099 VAR-39100
VAR-39458 SDR-39098
SDR-39457

Variance: Setback & Lot Coverage

The parking garage will require the following reduced setbacks as follows:

	Required	Provided
Front	20 feet	**10 feet (portion)**
Side	10 feet	**Zero feet**
Corner Side	15 feet	**6 feet**
Rear	20 feet	**5 feet**

The proposed setbacks conform to the existing development in the area where reduced or no setback is more of the standard. Notably, the parking garage and the new office building on the adjacent parcel will ultimately set on one parcel when the project is complete. Consequently, while a zero setback is shown for the corner side (adjacent to the new building), there will actually be a 10-foot separation between the parking garage and the new office building.

Along with the setback variance is a request for lot coverage of ~~87%~~ 82% where a maximum of 50% is allowed. Again, much of this area of downtown has been built as scales exceeding the 50% lot coverage requirement. Indeed, the Downtown Redevelopment Plan contemplates development that does not necessarily conform to the parameters of the City's overall development code. The lot coverage previously approved for this site was 83%.

When completed this parking garage, along with the its companion office building, will add a vibrant, new structure to Charleston Boulevard and the Downtown Redevelopment area that will set a standard for small-sized office buildings. Moreover, it will allow LACSN to continue providing legal access to the poor, indigent, elderly and immigrant communities in southern Nevada at a location that is accessible to all.

Thank you in advance for your time and consideration regarding this application. Please fee free to contact me should you have any questions or need additional information.

Sincerely,

Russell M. Rowe, Esq.

Subject: **Jusification Letter**
Site Development Design Review and
Request for Variances
Rainbow Gardens Parcel 162-06-510-023 & 024

Request
We request a design review of our proposal to convert a portion of existing parking to landscaped garden to support wedding ceremonies and associated banquet operations. We propose to build and new façade at our southwest entrance door as and aesthetic improvement. We also propose to build a sunshade canopy in our new north garden serve as shelter for various functions that may occur in this garden in connection with our banquet functions.

Variances
- We request a variance to allow a 10 foot high masonry fence (where 8 foot high fences or walls) are allowed to enclose the newly created front yard.

- We also request a variance to allow 38 onsite parking spaces where 88 are required. These onsite spaces are supplemented by 83 parking spaces on nearby property to the immediate south, that are secured by a joint access agreement. Thus 121 total parking spaces are available under this arrangement to bear the parking load driven by our occupancy. The two properties taken together call for 112 spaces when facilities on both properties are fully occupied. The combined count of available spaces is 123 (two of which are beyond 300 ft. from the applicant's entrances).

- Variances are not needed for landscaping or for offsite development.

Background
This existing facility has been in business for more than twenty years as a banquet facility. Mature landscaping is in need of renovation, and the expansion of our front garden will enhance our banquet capability as well as improve the general appearance of Charleston Boulevard.

Justification
Parking - Adequate parking is provided with all required accessible spaces on site and by ample shared parking that is established by lease with neighbors to the south within 300 feet of our doors. 121 spaces are available within the 300 foot limit under long established shared parking agreements. This project will reduce existing onsite parking by about 24 spaces and in effect shift a portion of our parking load to the leased parking lot immediately south, which has been used this way for many years under our existing agreements. All required accessible parking is provided onsite near our main entrance. The occupancy located on neighboring site to the south is a professional engineering office belonging to the

VAR-39335
VAR-39337
SDR-39338

RECEIVED
AUG 26 2010
City of Las Vegas

landowner. The parking load there is small and never overlaps the weekend night parking load of our banquets.

When parking loads for the two properties are calculated, the total demand for spaces is 112 spaces, while 121 spaces will be available under our proposal. Banquets usually occur on Saturdays and Sundays in the afternoon and evening hours. There are a few banquets held on week nights. The engineering office operates Monday through Friday during daytime business hours ending at 5:00 pm. The calculated load of 23 spaces for the engineering office would almost never be needed when banquets are scheduled.

We are not proposing to increase our banquet dining room space. The expansion of the garden will function as an accessory that will provide an outdoor wedding ceremony location that serves in conjunction with to the indoor dining room. The same banquet party will use the outdoor and indoor facility. The size of the party will remain limited by the existing indoor dining facilities. Similarly, the overall parking load as it exists now (and has for years) will not be increased by this project.

Regular periodic observation of the overall parking facilities reveals that hours of operation do not over-commit the available parking spaces on the available joint use parking spaces. Also, fully occupied banquet operations have not imposed a load on any other neighboring parking facilities to the east, west, or north (of Charleston) properties.

Wall - The 10 foot high wall will not detract from the aesthetics of our intensely landscaped front as viewed from the north. It will help buffer our facility from the street noise coming from Charleston Blvd. We propose to make an attractive intensely landscaped strip in front of this fence to enhance our facilities appearance from neighboring areas to the north and from passing travelers on Charleston. The slightly taller wall will afford better privacy to the whole banquet facility. It will add to the overall appeal as viewed from the street and it will shield both sides against sound generated on the opposite side of the wall.

Summary

The parking facilities in joint use in this commercial zone are adequate, and could easily bear the load of the fully occupied businesses. We believe the high wall will benefit the public view as will as enhance the privacy of our garden. Landscaping planting will exceed the city minimum standards.

Submitted on behalf of the applicant,

D.W. Strait

DATE: June 9, 2010

TO WHOM: City of Las Vegas Planning Dept.

PROJECT: 4805 Apawana Lane

ITEM: Justification letter

Dear Sirs:

Code enforcement discovered that a carport enclosure was built without permits at 4805 Apawana Lane. The carport was built, as best as I can research either as part of the original residence or added years ago. The enclosed carport now is eight feet from the side yard on a corner lot where fifteen feet is required. The side yard sidewalk is elevated from the street sidewalk with a CMU wall. No visual obstructions exist as the front yard gate is twenty-five feet back from the corner intersection.

This request is for a variance of seven feet on the side yard to allow for the carport enclosure used as a storage room.

Sincerely,

Dennis E. Rusk Architect

May 17, 2010

City of Las Vegas
Planning and Development
731 S. 4th Street
Las Vegas, NV 89101

Dear Sir:

Lamar Central Outdoor, LLC ("Lamar") desires to construct a new 65' tall billboard upon the southwest portion of the property located at 120 N. Jones Blvd (APN 138-25-404-004). In conjunction with the construction of the new billboard, Lamar will remove its existing billboard (Special Use Permit U-0107-96) located upon the adjacent property at 110 N. Jones Blvd (APN 138-25-404-008). In addition, Lamar will remove the existing on-premise "For Lease" sign located on the subject property at 120 N. Jones Blvd.

With the removal of its existing billboard on the adjacent property, the new billboard will conform to all codified separation distance requirements from other billboards and residential properties. Just as the existing billboard is now, the new billboard would be within 60' of, and oriented toward, the US 95 Highway. The property upon which the proposed sign would be located is zoned C-1 and is not located in the billboard exclusionary zone.

In addition, Lamar desires a Variance to construct the new sign to an overall height of 65' due to the existence of a nearby noise abatement wall to the west of the proposed location. At 65' overall height, the sign would be 43' above the top of the sound wall which is less than the 45' allowed by code. Also, the height of 65' is consistent with the height of an existing billboard located approximately 800' to the west of the proposed site that was recently approved by the City Council. Although the code permits an existing sign to be raised to 65' with a Minor Site Development Plan Review when it is obstructed by a noise abatement wall, it requires a Variance for new signs to be permitted at 65' under the same circumstances.

This application is, in essence, a relocation of a conforming billboard with a variance to allow unobstructed viewing over a noise abatement wall. It is not the construction of an additional billboard adding to the overall number of signs in the City of Las Vegas. As

1863 Helm Drive • Las Vegas, Nevada 89119
PH. (702) 873-4600 FAX (702) 873-4344

VAR-39433
SUP-39432

well, the Variance request for 65' overall height is consistent with what the City permits for existing signs when a noise abatement wall is present.

Also, if approved, Lamar would like permission to construct the new column prior to removal of the old structure. Our plan is to use the head of the old sign with a new column, so permission to construct the new column before complete demolition of the old sign would allow us to simply lift the old head onto the new column. This would preclude the need to have a large crane and tractor trailer hauler on site twice.

Lamar respectfully requests your approval.

Sincerely,

Scott Naftzger
Lease Manager

RE: ***Providence Master Plan Community***
Plotting Variance Request
POD: 113 – Emerson

Dear Christine:

The Providence Design Review Committee (DRC) is in receipt of your requests to allow the garage face setback to be 7 feet or greater than 18 feet, to decrease the front second story setback to 3 feet, and permit a 7 foot setback to livable area for Lots 21 and 103.

The DRC approves all three waivers. Increasing the drive way from 5 feet to 7 feet is not enough area to park a car. Decreasing the front second story will help break up the street scene of typical mini lot subdivisions and since it on the street side only it will not affect any of the adjacent properties. In addition both of these requests are for one individual floor plan of the four floor plans being offered in the subdivision. The plotting criteria of the Cliffs Edge Design Guidelines will insure that the models are staggered, thus limiting the overall impact. The third request is due to the layout the subdivision. The subdivision was mapped and improved by a previous builder. Both lots 103 and 21 are irregular shaped due to the layout of the previous builder and off-site requirements. Granting the waiver will not have an adverse impact of the community given the location of the lots.

If additional deviations are required they must be submitted to the DRC for review and approval. Should you have any questions, please do not hesitate to contact our office.

Unless specifically waived, all elements within Providence must comply with the terms and conditions of the Design Guidelines and other governing documents. The waiver granted herein applies only to the specific items as noted above, and does not constitute an approval of every specific element of the submittal, nor does it constitute a waiver of Providence's rights to enforce compliance with the Design Guidelines and other governing documents. Should an element of the submittal not comply with the Design Guidelines or other governing documents, and is not specifically waived, Providence reserves all of its rights with respect to enforcement of the terms and conditions of such documents as to the non-conforming element. All non-conforming elements must be specifically noted and a specific waiver must be submitted with respect thereto.

Sincerely,
Providence Design Review Committee

SUBJECT: **Justification Letter for a Variance and Review of Condition for Providence POD 113 (aka "Emerson")**

Slater Hanifan Group, on behalf of the applicant, Richmond American Homes, respectfully submits this justification letter in support of a Variance application and a Review of Condition application for the subject development.

The Emerson development is fully constructed in terms of roadways, utilities, and walls. The site is ready for continued construction of homes. The Emerson development has a total of 219 lots of which 12 homes have been built by the previous developer. Richmond American Homes has rights to purchase the remaining 207 lots and proposes to use their housing product on these lots. The purpose of the variance request is to modify the setback criteria established in the Cliffs Edge Design Guidelines to accommodate the proposed product. Note that the latest edition of the Cliffs Edge Design Guidelines referenced in this application was adopted by the City of Las Vegas on August 5, 2009. The purpose of the review of condition is to modify Condition No.1 from VAR-13245 which was approved by City Council on July 12, 2006.

The Emerson development is Pod 113 of the Providence Master Planned Community (formerly known as Cliffs Edge Master Planned Community). The site is located at the southwest corner Farm Road and Hualapai Way. The site is approximately 20.9 acres. As mentioned above, the site was mapped for a total of 219 residential lots. The APNs for the 207 remaining lots are: 126-13-713-009 through -122 and 126-13-713-127 through -219.

VAR-39468
ROC-39470

The land use for POD 113 in the approved master plan is Residential Small Lot (RSL). The development utilizes the "Mini Lot Cluster" design standards on the Court street fronting lots and "Mini Lot Conventional" design standards on the Neighborhood street fronting lots.

The variance being requested addresses three setback criteria. The first requests the modification of the garage face setback for the Cluster and Conventional Mini-Lot criteria. Both criteria state that the garage face be less than 5 feet or greater than 18 feet. This request is to allow the garage face setback to be less than *7 feet, or greater than 18 feet.* The additional front setback at the garage is needed for two reasons. The first reason is due to steep street slopes. The street slopes within this project are typically 3 percent to over 4 percent in the west to east direction. These steep streets are not conducive to short driveways. The additional depth allows the driveway slope to be below the Cliffs Edge Design Guidelines maximum of 14 percent. The second reason is that two of the four proposed house plans have second story overhangs that will impact the front setback which is tied to the second requested setback modification discussed below. Allowing the house to move back 2 feet improves the second story setback.

The second setback variance request is a modification to the setback for the second story living area. The Cliffs Edge Design Guidelines have a minimum of 8 feet to the second story livable area. This application requests to decrease the front second story setback to *3 feet for the full frontage of the house*. There are four floor plans proposed with the subject application. Only one of these floor plans (L16H) would utilize the 3-foot front setback. The other floor plans (L16J, L11E, & L14E) will have second story front setbacks varying from 5.5 feet to 14.5 feet. These staggered setbacks will create a varied street scene. Note the garage face setbacks will also vary depending on street slope and on floor plan.

The third setback variance request is a modification to the setback for the parcel property line for Lot 21 and Lot 103. The Cliffs Edge Design Guidelines have a minimum setback of 10 feet to the livable area. This application requests to decrease the parcel property line setback to *7 feet* for these two lots. There are four floor plans proposed with the subject application. On Lot 103, due to the irregular shape, only plan L11E will fit; and this plan will only fit with the requested setback variance to the rear parcel property line. Also, Lot 21 will have a greater variety of plan options with the requested setback variance.

One of the main concerns of the City and the residents with respect to driveways longer than 5 feet is the tendency for residents to park in the driveway leaving a significant vehicle overhang into the street. This is a problem for fire access and restricting access for the residents driving through the community. To address this issue, first the driveways are only 7 feet in a few isolated lots. Parking in the 7 feet driveways would have such a large overhang that residents would not typically do this because of the obvious traffic restriction. Second, there will be a tow service that will police the development and tow vehicles when they are parked improperly. This has been very successful for

VAR-39468
ROC-39470

mitigating parking issues in other similar communities. Finally, each of the proposed house plans provide a two car garage. With two car garages, homes in this square footage range are typically adequately parked at the home. Additional community parking is provided throughout the community for guests and for residents who need additional parking due to a bay (or two) in their garage being used as storage space.

Note that the Cliffs Edge Design Review Committee reviewed the subject setback requests and has issued an approval for each of them. The attached approval letter is included with this package.

These modifications to the setbacks will allow the project to move forward with Richmond American Home's product which allows a broad range of floor plan options and architectural variety considering the small lot designation.

The review of condition request is to modify Condition 1 from VAR-13245 which reads "All units shall be fire sprinkled and receive fire department approval." This request is to revise the condition to read "Lots 22, 92, 98, 102, 135, & 136 shall be fire sprinkled and receive fire department approval." The origin of this condition stems from VAR-13245 which requested a setback reduction to two feet for the six lots mentioned above. We agree that these six lots should require fire sprinklers due to the reduced setbacks, however the remaining lots will meet the Cliffs Edge prescribed setbacks including 5-foot side yards.

We feel the proposed revised condition is in line with the current adopted fire code. In any situation where the setback is below 5 feet, appropriate fire walls will be constructed to conform to the current adopted fire code.

Thank you for considering these modifications to code and conditions to allow us to move forward with the completion of this project.

Please contact me at 284-5300 if you have any questions regarding these applications.
Sincerely,

Slater Hanifan Group, Inc.

RE: ***Providence Master Plan Community***
Plotting Variance Request
POD: 113 – Emerson

Dear Christine:

The Providence Design Review Committee (DRC) is in receipt of your requests to allow the garage face setback to be 7 feet or greater than 18 feet, to decrease the front second story setback to 3 feet, and permit a 7 foot setback to livable area for Lots 21 and 103.

The DRC approves all three waivers. Increasing the drive way from 5 feet to 7 feet is not enough area to park a car. Decreasing the front second story will help break up the street scene of typical mini lot subdivisions and since it on the street side only it will not affect any of the adjacent properties. In addition both of these requests are for one individual floor plan of the four floor plans being offered in the subdivision. The plotting criteria of the Cliffs Edge Design Guidelines will insure that the models are staggered, thus limiting the overall impact. The third request is due to the layout the subdivision. The subdivision was mapped and improved by a previous builder. Both lots 103 and 21 are irregular shaped due to the layout of the previous builder and off-site requirements. Granting the waiver will not have an adverse impact of the community given the location of the lots.

If additional deviations are required they must be submitted to the DRC for review and approval. Should you have any questions, please do not hesitate to contact our office.

Unless specifically waived, all elements within Providence must comply with the terms and conditions of the Design Guidelines and other governing documents. The waiver granted herein applies only to the specific items as noted above, and does not constitute an approval of every specific element of the submittal, nor does it constitute a waiver of Providence's rights to enforce compliance with the Design Guidelines and other governing documents. Should an element of the submittal not comply with the Design Guidelines or other governing documents, and is not specifically waived, Providence reserves all of its rights with respect to enforcement of the terms and conditions of such documents as to the non-conforming element. All non-conforming elements must be specifically noted and a specific waiver must be submitted with respect thereto.

Sincerely,
Providence Design Review Committee

RE: VAR-13245 - VARIANCE
CITY COUNCIL MEETING OF JULY 12, 2006

Dear Mr. Oberling:

The City Council at a regular meeting held July 12, 2006 APPROVED the Appeal filed by the applicant from the Denial by the Planning Commission of a Variance TO ALLOW 220 SINGLE FAMILY DWELLINGS WITH SIDE YARD SETBACKS OF TWO FEET WHERE THREE FEET IS THE MINIMUM SETBACK REQUIRED on 20.9 acres at the southwest corner of Hualapai Way and Farm Road (APN 126-13-710-001), PD (Planned Development) Zone,

The Notice of Final Action was filed with the Las Vegas City Clerk on July 13, 2006. This approval is subject to:

Planning and Development

1. All units shall be fire sprinkled and receive Fire Department approval.

2. One lot shall be converted to opens pace and play equipment installed subject to approval of the Planning and Development Department.

3. All development shall conform to the Conditions of Approval for the Cliff's Edge Plan Development Standards, except as amended by this request.

4. Conformance to the Conditions of Approval for approved Tentative Map (TMP-11447).

5. This Variance shall expire two years from the date of final approval, unless it is exercised or an Extension of Time is granted by the City of Las Vegas.

6. Per Section R302.1 of the Unified Building Code, any projection extending into the three-foot fire separation distance, measured from the property line, shall have not less than one-hour fire-resistive construction on the underside and shall not extend to a point closer than two feet from the property line.

SUBJECT: **Justification Letter for a Variance and Review of Condition for Providence POD 113 (aka "Emerson")**

Slater Hanifan Group, on behalf of the applicant, Richmond American Homes, respectfully submits this justification letter in support of a Variance application and a Review of Condition application for the subject development.

The Emerson development is fully constructed in terms of roadways, utilities, and walls. The site is ready for continued construction of homes. The Emerson development has a total of 219 lots of which 12 homes have been built by the previous developer. Richmond American Homes has rights to purchase the remaining 207 lots and proposes to use their housing product on these lots. The purpose of the variance request is to modify the setback criteria established in the Cliffs Edge Design Guidelines to accommodate the proposed product. Note that the latest edition of the Cliffs Edge Design Guidelines referenced in this application was adopted by the City of Las Vegas on August 5, 2009. The purpose of the review of condition is to modify Condition No.1 from VAR-13245 which was approved by City Council on July 12, 2006.

The Emerson development is Pod 113 of the Providence Master Planned Community (formerly known as Cliffs Edge Master Planned Community). The site is located at the southwest corner Farm Road and Hualapai Way. The site is approximately 20.9 acres. As mentioned above, the site was mapped for a total of 219 residential lots. The APNs for the 207 remaining lots are: 126-13-713-009 through -122 and 126-13-713-127 through -219.

RECEIVED

VAR-39468
ROC-39470

The land use for POD 113 in the approved master plan is Residential Small Lot (RSL). The development utilizes the "Mini Lot Cluster" design standards on the Court street fronting lots and "Mini Lot Conventional" design standards on the Neighborhood street fronting lots.

The variance being requested addresses three setback criteria. The first requests the modification of the garage face setback for the Cluster and Conventional Mini-Lot criteria. Both criteria state that the garage face be less than 5 feet or greater than 18 feet. This request is to allow the garage face setback to be less than *7 feet, or greater than 18 feet.* The additional front setback at the garage is needed for two reasons. The first reason is due to steep street slopes. The street slopes within this project are typically 3 percent to over 4 percent in the west to east direction. These steep streets are not conducive to short driveways. The additional depth allows the driveway slope to be below the Cliffs Edge Design Guidelines maximum of 14 percent. The second reason is that two of the four proposed house plans have second story overhangs that will impact the front setback which is tied to the second requested setback modification discussed below. Allowing the house to move back 2 feet improves the second story setback.

The second setback variance request is a modification to the setback for the second story living area. The Cliffs Edge Design Guidelines have a minimum of 8 feet to the second story livable area. This application requests to decrease the front second story setback to *3 feet for the full frontage of the house*. There are four floor plans proposed with the subject application. Only one of these floor plans (L16H) would utilize the 3-foot front setback. The other floor plans (L16J, L11E, & L14E) will have second story front setbacks varying from 5.5 feet to 14.5 feet. These staggered setbacks will create a varied street scene. Note the garage face setbacks will also vary depending on street slope and on floor plan.

The third setback variance request is a modification to the setback for the parcel property line for Lot 21 and Lot 103. The Cliffs Edge Design Guidelines have a minimum setback of 10 feet to the livable area. This application requests to decrease the parcel property line setback to *7 feet* for these two lots. There are four floor plans proposed with the subject application. On Lot 103, due to the irregular shape, only plan L11E will fit; and this plan will only fit with the requested setback variance to the rear parcel property line. Also, Lot 21 will have a greater variety of plan options with the requested setback variance.

One of the main concerns of the City and the residents with respect to driveways longer than 5 feet is the tendency for residents to park in the driveway leaving a significant vehicle overhang into the street. This is a problem for fire access and restricting access for the residents driving through the community. To address this issue, first the driveways are only 7 feet in a few isolated lots. Parking in the 7 feet driveways would have such a large overhang that residents would not typically do this because of the obvious traffic restriction. Second, there will be a tow service that will police the development and tow vehicles when they are parked improperly. This has been very successful for

VAR-39468
ROC-39470

mitigating parking issues in other similar communities. Finally, each of the proposed house plans provide a two car garage. With two car garages, homes in this square footage range are typically adequately parked at the home. Additional community parking is provided throughout the community for guests and for residents who need additional parking due to a bay (or two) in their garage being used as storage space.

Note that the Cliffs Edge Design Review Committee reviewed the subject setback requests and has issued an approval for each of them. The attached approval letter is included with this package.

These modifications to the setbacks will allow the project to move forward with Richmond American Home's product which allows a broad range of floor plan options and architectural variety considering the small lot designation.

The review of condition request is to modify Condition 1 from VAR-13245 which reads "All units shall be fire sprinkled and receive fire department approval." This request is to revise the condition to read "Lots 22, 92, 98, 102, 135, & 136 shall be fire sprinkled and receive fire department approval." The origin of this condition stems from VAR-13245 which requested a setback reduction to two feet for the six lots mentioned above. We agree that these six lots should require fire sprinklers due to the reduced setbacks, however the remaining lots will meet the Cliffs Edge prescribed setbacks including 5-foot side yards.

We feel the proposed revised condition is in line with the current adopted fire code. In any situation where the setback is below 5 feet, appropriate fire walls will be constructed to conform to the current adopted fire code.

Thank you for considering these modifications to code and conditions to allow us to move forward with the completion of this project.

Please contact me at 284-5300 if you have any questions regarding these applications.
Sincerely,

Reference: **Stonewater – Wall height Variance**
APN #125-26-812-008,125-26-812-009

On behalf of Richmond American Homes, we respectfully request your consideration of approval for a previously approved variance to allow non standard wall heights on lots 8 and 9 along El Campo Grande Avenue and Mustang Road within the approved Stonewater subdivision (H#19326).

Location: The proposed site is located on Ann Road and Mustang Road within Section 26, Township 19 South, Range 60 East.

This request concerns lots 8 and 9 and derives from the fact that the houses are oriented on their respective lots in such a way that in both cases the actual front yard and what City of Las Vegas treats as the front yard are not the same. At issue are six foot solid screen walls adjacent to Mustang Road and El Campo Grande Avenue for lots 8 and 9.

It is our understanding that Lot 8 will be treated by CLV as if the front yard/driveway is facing east, on Mustang, because that is the shortest frontage. In actuality, the house on lot 8 will be rotated 180 degrees. The lot 8 front yard faces west and the driveway takes access off El Campo Grande. As a result, the **actual** back yard of lot 8 is adjacent to Mustang Road. (Please see attached exhibit.) This means that for lot 8 a solid six foot high back yard screen wall is designed and should be constructed adjacent to Mustang Road in order to maintain privacy where CLV requires—because it is treating this location as a **front** yard--any wall over two feet high to be open to permit visibility. Please note that a six foot solid screen wall will be constructed along the north property boundary of this lot, along El Campo Grande. A variance is requested for this lot under these circumstances.

It is our understanding that Lot 9 will be treated by CLV for solid wall height purposes as if the house is facing north, on El Campo Grande Avenue, when in actuality the house will be facing east. (The lot 9 driveway will take access off El Campo Grande Avenue, however.) As with lot 8, a variance is requested under these circumstances to permit

VAR-39475

construction of a six foot high solid screen wall on the north property line adjacent to El Campo Grande Avenue as this is the **side** wall given the east/west orientation of the house and not the **front** yard.

A six foot landscaping area has been located adjacent to lots 8 and 9 along the frontage of Mustang Road and El Campo Grande Avenue to buffer the 6 foot screen wall from the public right-of-way. This landscaping area was included with the approved improvement plans and is shown on the recorded final map for is project.

This variance was previously approved as VAR-21181 at the July 11, 2007 City Council meeting. Since a certificate of occupancy was not issued for this lot, a new variance is before you for consideration.

If you need additional information or have any questions, please feel free to call me at 932-6125

Sincerely,

Sonia Macias
Project Coordinator

Site Development Plan Review
APN 125-26-812-001 thru 038

On behalf of Richmond American Homes, we respectfully request your consideration of the attached Site Development Plan Review for the above-listed parcels.

Location: The proposed site is located at Ann Road and Mustang Road within Section 26, Township 19 South, Range 60 East.

Background: A site development plan review (SDR-17698) was approved by City Council on January 3, 2007. Based on this entitlement, offsite improvement plans were approved on July 18, 2007 (CLV #H19236), a final map recorded July 30, 2007 (Book 137, Page 66), and construction commenced for the 32 lot subdivision. The was project was subsequently suspended by the developer due to market conditions.

For this application, Richmond American Homes is proposing to utilize 1 and 2 story products on the existing mapped lots. Each model offers a two-car or three-car garage and a variety of architectural features. There will also be casitas offered on this project. The size of the casitas will be approximately 10' x 25'. The developer intends to conform with the condition of SDR-17698 to restrict the following lots to single story homes: 5, 6, 7, 9, 10, 11, 12, 14, 16, 17, 18, 19, 20, 29, 30, 31, and 32. Additionally, an 8' screen wall will be provided along the perimeter as required by the previous approval.

Request: At this time, we are requesting approval of the 32 lot, single family residential development located on the approximately 10.3 acres listed above. The density for this project is 3.1 dwelling units per acre (DUA). The applicant has provided .55 acres (24,123 sf) of open space where .53 acres (23,000 sf) is required. The minimum lot size is 7,414 sf.

In order to provide the maximum square footage for the single story product and offer the largest selection of homes for sale on each lot, the lot setbacks for all lots except Lot 9 are as follows:

20' min – Front Garage
18' min – Front Garage (Cul-de-sac)
10' min – Front House

3161 East Warm Springs Road, Suite 200
Las Vegas, Nevada 89120
Phone (702) 932-6125 • Fax (702) 932-6129

SDR-39474

5' – Side Yard
19' - Side Yard (north side only) lots 30 and 31
9' – Corner-side
20' – Rear

Due to the orientation of the house on Lot 9, the setbacks for Lot 9 are as follows:

20' min – Front Garage
10' min – Front House
5' – Side Yard
9' – Corner-side
5' – Rear

The setbacks for the casitas will be as follows:

Setbacks – Casitas
6' – Main structure
5' – Side
3' – Rear

Please place this request for a Site Development Plan Review on the next available Planning Commission agenda. If you have any questions or need additional information, please call me at 932-6125.

Sincerely,

Sonia Macias
Project Coordinator

PROJECT DATA

A.P.N.:	138-02-113-001		
EXISTING ZONING:	C-1		
SITE AREA:	279,552 S.F. (6.41 ACRES)		
SETBACKS:	**REQUIRED:**		**PROVIDED:**
FRONT	20'-0"		20'-0"
SIDES	10'-0"		10'-0"
REAR	20'-0"		20'-0"

BUILDING AREA:

FUTURE MEDICAL OFFICE SPACE	21,652 S.F.
FUTURE OFFICE SPACE	14,680 S.F.
FUTURE RESP. CARE (60 BEDS)	47,864 S.F.
FUTURE RESP. CARE (60 BEDS)	36,188 S.F.
FUTURE DIALYSIS CLINIC	5,744 S.F.
	118,264 S.F.

LOT COVERAGE:
BUILDING AREAS / SITE AREA
118,264 S.F. / 279,552 S.F. = 42.3%

PARKING:	**REQUIRED:**	**PROVIDED:**
FUTURE MEDICAL OFFICE SPACE	122 SPACES	
FUTURE OFFICE SPACE	49 SPACES	
FUTURE RESP. CARE (120 BEDS - 36 EMPLOYEES/SHIFT)	62 SPACES	
FUTURE DIALYSIS CLINIC	29 SPACES	
	262 SPACES	252 SPACES
ADA COMPLIANT PARKING (3 VAN ACCESSIBLE)	9 SPACES	10 SPACES
LOADING ZONE	4 SPACES	4 SPACES

GENERAL NOTES:

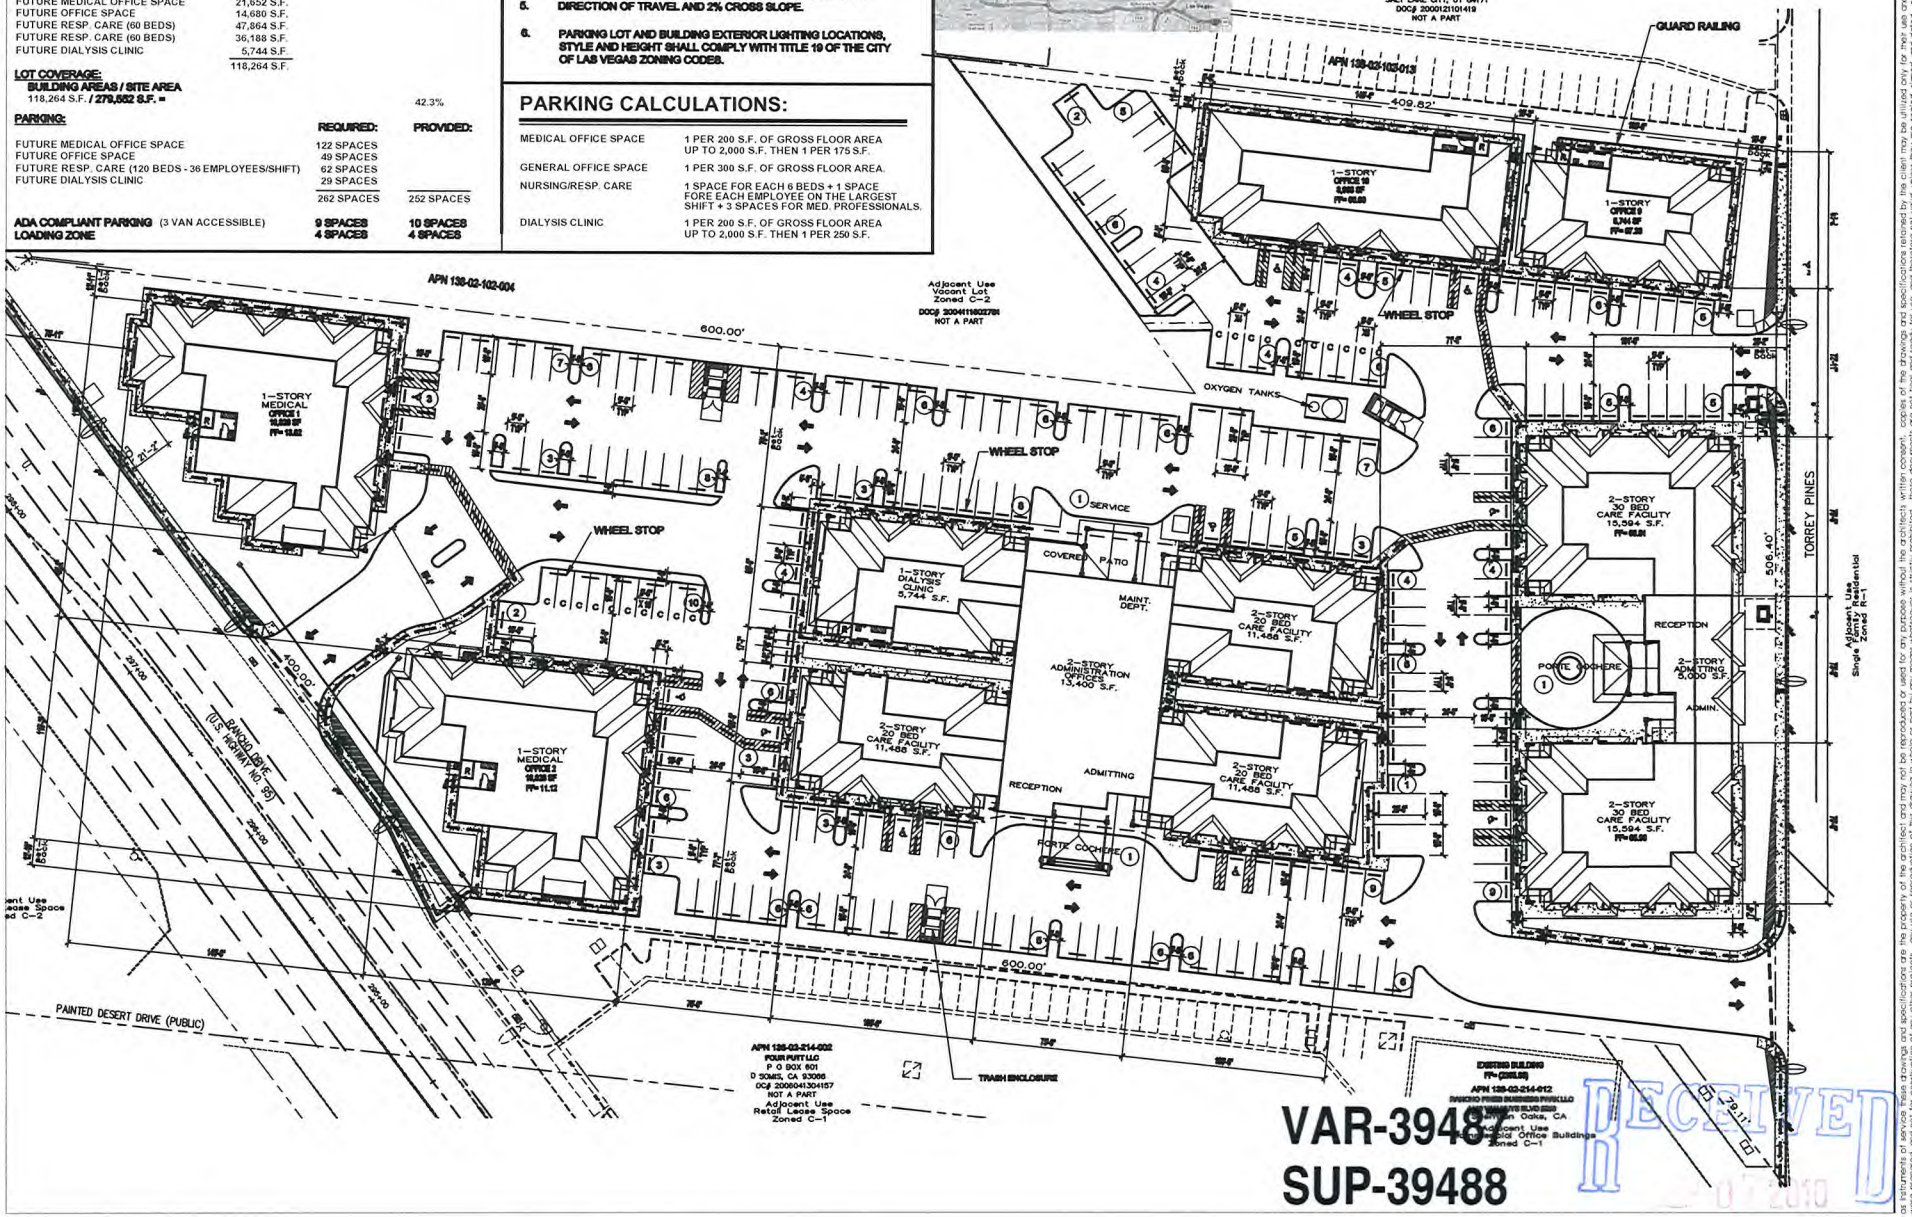

1. SEE LANDSCAPE DRAWINGS FOR LANDSCAPING INFORMATION.
2. ALL SITE CONCRETE SHALL RECEIVE WEAKENED PLAN JOINTS AT 15'-0" O.C. AND TOOLED JOINTS AT 5'-0" O.C.
3. ALL CONCRETE WALKS, LANDINGS, ETC. SHALL RECEIVE LIGHT BROOM FINISH.
4. SLOPE ALL PLANTER AREAS AWAY FROM BUILDING 2% MINIMUM.
5. SLOPE ALONG ACCESSIBLE ROUTE WILL NOT EXCEED 5% IN DIRECTION OF TRAVEL AND 2% CROSS SLOPE.
6. PARKING LOT AND BUILDING EXTERIOR LIGHTING LOCATIONS, STYLE AND HEIGHT SHALL COMPLY WITH TITLE 19 OF THE CITY OF LAS VEGAS ZONING CODES.

PARKING CALCULATIONS:

MEDICAL OFFICE SPACE	1 PER 200 S.F. OF GROSS FLOOR AREA UP TO 2,000 S.F. THEN 1 PER 175 S.F.
GENERAL OFFICE SPACE	1 PER 300 S.F. OF GROSS FLOOR AREA.
NURSING/RESP. CARE	1 SPACE FOR EACH 6 BEDS + 1 SPACE FORE EACH EMPLOYEE ON THE LARGEST SHIFT + 3 SPACES FOR MED. PROFESSIONALS.
DIALYSIS CLINIC	1 PER 200 S.F. OF GROSS FLOOR AREA UP TO 2,000 S.F. THEN 1 PER 250 S.F.

ATTN: John Grider-Planner

RE: Proposed Respiratory Care Facilities, 2 Single story Medical Office Buildings, 2 – Single Story general office buildings, 1 -Single Story Dialysis Clinic Building and (2) - 2 story 60 beds Health Care Building.

JUSTIFICATION LETTER FOR SDR, SUP AND VAR

APN: 138-02-113-001 **Previous Case #** SDR16503

Dear John:

We respectfully request favorable consideration for the above referenced project, for a Site Development Review, Special Use Permit and Variance.

Site Development Review Justification

The proposed Site plan Development is for (2) 60 Bed 2-story Respiratory Care Facilities with adjacent leased Medical and General Office Suites. The overall facility will employ approximately 136 people. The hours of operation for the Medical and General Office uses will be Monday to Friday, 8:00 AM to 5:00 PM. The Respiratory Care facilities will operate 24 hours a day, 7 days a week.
The proposed operator has similar facilities that can be viewed at www.coppersandsinc.com. There will be a required state license to operate as a Skilled Nursing Facility.

This request is appropriate based on the following finding of the facts:

1. The development is compatible with adjacent development and development in the area.
2. The development is consistent with the General Plan, Title 19 and the Design Standards Manual, the landscape, wall and buffer standards, and other duly adopted city plans, policies and standards.
3. Site access and circulation do not negatively impact adjacent roadways or neighborhood traffic.
4. Building and landscape materials are appropriate for the area and for the city.
5. Building Elevations, design characteristics and other Architectural and aesthetic features are not unsightly, undesirable or ob obnoxious in appearance; create an orderly and aesthetically pleasing environment; and are harmonious and compatible with development in the area.
6. Appropriate measures are taken to secure and protect the public health, safety and general welfare.

VAR-39487
SUP-39488
SDR-39485

RECEIVED
SEP 07 2010

Use Permit Justification

The proposed Use Permit is to allow for (2) 60 Bed 2-story Respiratory Care Facilities.

This request is appropriate based on the following finding of the facts:

7. The proposed use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land use as projected by the General Plan.
8. The subject site is physically suitable for type and intensity of land use being proposed.
9. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.
10. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety and welfare or the overall objectives of the General Plan

Variance Justification

The proposed Parking Variance is to allow 252 parking spaces where 262 spaces are required.

This request is appropriate based on the following finding of the facts:

11. The development is only short 10 parking stalls, which is approx. a 4% overall shortage. The current required parking calculations show a requirement of 262 spaces and we can only provide 252. We feel that this very small overall percentage will not negatively impact the project or adversely affect the community.
12. The benefits to the community by providing the proposed health care development by far outweigh the minor shortage of required parking.
13. The actual number of trips generated by the proposed use is significantly less than the previously approved Business Park, and they average length of stay per trip is much shorter. Because of this the amount of available parking stalls should be greatly increased.
14. Because of the mixed use of Office Leased Space and Respiratory Care Facilities, there will be a significant benefit to parking availability given the fact that the Office Use Demand is primarily during the work week (Mon. thru Friday) and the Respiratory Care Facilities have their peak parking requirements primarily during the weekends. This offsetting of peak parking demands will easily compensate for the very small shortage of 10 parking stalls.

Should you have any questions or require additional information please contact our office.

Sincerely,

Richard c. Gallegos
Principal

RE: ***Application for Special Use Permit and Waiver of the Distance to Residential***

To Whom It May Concern:

I am writing on behalf of Moneytree, Inc., in support of the application for a special use permit for the addition of auto title loan use to an existing Moneytree location at 9470 West Sahara Avenue (APN #: 163-06-816-029). Moneytree also seeks a waiver of the separation requirement from residential use.

This location is zoned C-1, Limited Commercial. The addition of the auto title loan use would not adversely affect surrounding properties, as this store is surrounded by several commercial uses and is located along the major commercial corridor of Sahara Avenue. Although the commercial center lot containing the Moneytree site touches a parcel with residential use, requiring a waiver of the 200-foot distance separation requirement, the Moneytree is buffered from residential by other commercial parcels and is located about 350 feet away from the nearest residential use.

SUP-39365

As the auto title loan use is also consistent with the current financial institution, specified, operations that exist at the location, there would be no variable impact by addition of auto title loans. Thus, Moneytree will continue to maintain its standard of operations, and the design, traffic generation, lighting, and noise at this

RECEIVED
AUG 30 2010

location will remain the same. Moreover, the addition of the proposed use would not contribute in any adverse way to traffic, fire safety, or citizen safety. Furthermore, Moneytree has been in business at this location since January 2005 and currently operates within the hours limited to auto title loan use.

Moneytree is an established company with operations throughout southern Nevada that are aesthetically discreet and that maintain a low impact on neighboring properties. The company is an excellent corporate citizen that has contributed to local charitable organizations. Moneytree has also worked with the Nevada State Legislature during past sessions to enact regulations that prohibit predatory lending practices.

In this current economy, banks have often been unwilling to extend short-term loans. An auto-title loan allows customers seeking such financing the opportunity to obtain immediate, necessary funds while allowing the use of their vehicle to continue. Moneytree is looking to offer auto-title loans so that customers have the option of utilizing a variety of short-term loan that is most convenient to them.

Because Moneytree is an existing establishment that is compatible with the surrounding area and the addition of the auto title use is consistent with current operations at this location, the company respectfully requests a special use permit to add auto title loan use with a waiver of the distance to residential.

Please call me if you have any questions or need additional information.

Sincerely,

Jennifer Roberts

cc: Ms. Chung-yu Lin

RE: ***Application for Special Use Permit and Waivers of the Distance to Residential; Distance to Financial Institution, Specified; and the Condition on Hours of Operation***

To Whom It May Concern:

I am writing on behalf of Moneytree, Inc., in support of the application for a special use permit for the addition of auto title loan use to an existing Moneytree location at 7291 West Lake Mead Boulevard, Suite 120 (APN #: 138-22-712-004). Moneytree also seeks waivers of the separation requirement from residential use and another financial institution, specified, as well as the hours of operation condition.

This location is zoned C-1, Limited Commercial. The addition of the auto title loan use would not adversely affect surrounding properties, as this store is surrounded by commercial uses and is located on the major cross-streets of Lake Mead and Tenaya. Although the commercial center lot containing the Moneytree site touches a parcel with residential use, requiring a waiver of the 200-foot distance separation requirement, the Moneytree is located at the farthest corner away from the residential parcel, about 600 feet away. Moreover, the Moneytree is about 1,100 feet from another financial institution, specified, when measured building to building. However, the property line of the commercial center containing the other financial institution, specified, barely rests within the 1,000-foot required separation at about 970 feet away from the property line of the Moneytree. Therefore, Moneytree

SEP 24 2010

SUP-39367
REVISED

respectfully requests a waiver of the distance to another financial institution, specified.

As the auto title loan use is also consistent with the current financial institution, specified, operations that exist at the location, there would be no variable impact by addition of auto title loans. Thus, Moneytree will continue to maintain its standard of operations, and the design, traffic generation, lighting, and noise at this location will remain the same. Moreover, the addition of the proposed use would not contribute in any adverse way to traffic, fire safety, or citizen safety.

Moneytree has been in business at this location since December 2001 and currently operates on a 24-hour basis. In order to maintain its current operational standards, Moneytree respectfully requests a waiver of the condition that the auto title loan use be limited to the hours of 8:00 a.m. to 11:00 p.m.

Moneytree is an established company with operations throughout southern Nevada that are aesthetically discreet and that maintain a low impact on neighboring properties. The company is an excellent corporate citizen that has contributed to local charitable organizations. Moneytree has also worked with the Nevada State Legislature during past sessions to enact regulations that prohibit predatory lending practices.

In this current economy, banks have often been unwilling to extend short-term loans. An auto-title loan allows customers seeking such financing the opportunity to obtain immediate, necessary funds while allowing the use of their vehicle to continue. Moneytree is looking to offer auto-title loans so that customers have the option of utilizing a variety of short-term loan that is most convenient to them.

Because Moneytree is an existing establishment that is compatible with the surrounding area and the addition of the auto title use is consistent with current operations at this location, the company respectfully requests a special use permit to add auto title loan use with waivers of the distance to residential; distance to another financial institution, specified; and the hours of operation condition.

Please call me if you have any questions or need additional information.

Sincerely,

Jennifer Roberts

SCA Design, Inc.

521 S. 3rd St.

Proposed amendment to a previously approved site plan, now for an 8.303 thousand square foot office building.

Traffic produced by proposed development:

Current Proposal	DESCRIPTION	#UNIT	RATE/# UNIT	TOTAL
Average Daily Traffic (ADT)	GENERAL OFFICE BUILDING [1000 SF]	8.303	11.01	92
AM Peak Hour			1.55	13
PM Peak Hour			1.49	12

(heaviest 60 minutes)

Previous Approval	DESCRIPTION	#UNIT	RATE/# UNIT	TOTAL
Average Daily Traffic (ADT)	GENERAL OFFICE BUILDING [1000 SF]	5.7	11.01	63
AM Peak Hour			1.55	9
PM Peak Hour			1.49	8

(heaviest 60 minutes)

Net Change	DESCRIPTION	#UNIT		TOTAL
Average Daily Traffic (ADT)	GENERAL OFFICE BUILDING [1000 SF]	2.603		29
AM Peak Hour				4
PM Peak Hour				4

(heaviest 60 minutes)

Existing traffic on all nearby streets:

3rd Street	
Average Daily Traffic (ADT)	5,125
PM Peak Hour	410

(heaviest 60 minutes)

Bonneville Ave.	
Average Daily Traffic (ADT)	8,088
PM Peak Hour	647

(heaviest 60 minutes)

Traffic Capacity of adjacent streets:

	Existing Street Capacity
3rd Street	16300
Bonneville Ave.	17115

This project will add approximately 92 trips per day on 3rd St. and Bonneville Ave. This will increase expected volumes by about 2 percent on 3rd Street and about 1 percent on Bonneville Ave. 3rd is at about 31 percent of capacity and Bonneville is at about 47 percent of capacity.

Based on Peak Hour use, this development will add roughly 13 additional cars into the area; which works out to about one every five minutes.

Note that this report assumes all traffic from this development uses all named streets.

RE: Justification Letter for project located at 521 S. Third Street (APN 139-34-311-092)

To Whom It May Concern:

The following information is to serve as justification for this project:

Name of proposed project: 521 S. Third Street Office

Explanation of intent: This Pre-application Conference Request is being submitted for an office building on said property. This project (Reference SDR-34450) was approved for a Site Development Plan review on August 18, 2009 by the council. The plans, however have changed. The proposed building is now a 8,303 square foot two story office building on the 0.16 acres instead of the previously approved 5,705 square foot one story office project.
The property is under C-2 (General Commercial) zone. Landscaping will meet conditions identified in Title 19. As previously approved, the office building height will be at approximately 30'-0" above the finish floor and 33'-9"at the highest point. Exterior finish materials include split face CMU block along the sides of the building and limestone veneer and colored concrete panels along the face of the building. Lighting fixtures will accent the building and building-mounted lighting will be illuminate the parking areas. No monument signage will be submitted for approval at this time.

Total acreage: 0.16 acres
Total number of lots: (1) One Lot, (1) One Building

Sincerely,

Sheldon Colen
