On behalf of Richmond American Homes, we respectfully request your consideration of the attached Site Development Plan Review for the above-listed parcels.

**Location:** The proposed site is located at Ann Road and Mustang Road within Section 26, Township 19 South, Range 60 East.

**Background:** A site development plan review (SDR-17698) was approved by City Council on January 3, 2007. Based on this entitlement, offsite improvement plans were approved on July 18, 2007 (CLV #H19236), a final map recorded July 30, 2007 ( Book 137, Page 66), and construction commenced for the 32 lot subdivision. The was project was subsequently suspended by the developer due to market conditions.

For this application, Richmond American Homes is proposing to utilize 1 and 2 story products on the existing mapped lots. Each model offers a two-car or three-car garage and a variety of architectural features. There will also be casitas offered on this project. The size of the casitas will be approximately 10' x 25'. The developer intends to conform with the condition of SDR-17698 to restrict the following lots to single story homes: 5, 6, 7, 9, 10, 11, 12, 14, 16, 17, 18, 19, 20, 29, 30, 31, and 32. Additionally, an 8' screen wall will be provided along the perimeter as required by the previous approval.

**Request:** At this time, we are requesting approval of the 32 lot, single family residential development located on the approximately 10.3 acres listed above. The density for this project is 3.1 dwelling units per acre (DUA). The applicant has provided .55 acres (24,123 sf) of open space where .53 acres (23,000 sf) is required. The minimum lot size is 7,414 sf.

In order to provide the maximum square footage for the single story product and offer the largest selection of homes for sale on each lot, the lot setbacks for all lots except Lot 9 are as follows:

20' min – Front Garage  
18' min – Front Garage (Cul-de-sac)  
10' min – Front House
