RE: Application GPA-39334
Assessor's Parcel Number 139-34-410-149 and 152 through 156

Dear Mr. Gebeke:

In regard to this parcel, staff has determined that the existing General Plan designation and zoning classifications are inconsistent with possible future development. In order to resolve this inconsistency and ensure that future development is compatible with existing development, staff is proposing to change the General Plan Designation of these sites to C (Commercial). Please call me at 229-6882 with any questions.

**Re: Summerlin Village 23A Parcel L- Andalusia
Justification Letter – Tentative Map**

To whom it may concern:

The Howard Hughes Corporation (THHC), an affiliate of General Growth Properties, Inc. (GGP), requests the resubmittal of the Tentative Map for Village 23A Parcel "L" – Andalusia. The original Tentative Map (TMP-11173) was approved by the City of Las Vegas on February 23, 2006 and has since expired. The layout of the new tentative map has been modified slightly from the original design. The total lot count has been reduced from 90 residential lots to 81 residential lots.

The recent slow-down in the real estate market has removed the impetus for project completion on its original aggressive schedule. It is expected that this work will continue and will be complete within approximately two (2) years.

Please feel free to contact me if you have any questions or concerns.

Cordially,

RE: Application ZON-39769
Assessors Parcel Number 139-33-101-001

Dear Mr. Gebeke:

In regard to this parcel, staff has determined that the existing General Plan designation and zoning classifications are inconsistent. In order to resolve this inconsistency and ensure that future development is compatible with existing development, staff is proposing to change the zoning classification of this site to C-V (Civic). Please call me at 229-6882 with any questions.

We are submitting a Master Sign Plan for review to complement the new façade upgrades and expansion to the existing GMC/Buick showroom, a new Chevrolet showroom and parts building, a new service writer's building and an addition to the service building. Fairway Chevrolet and Fairway GMC/Buick auto dealerships are located on an existing 17.01 acre site at 3100 and 3222 E. Sahara (APN 162-01-801-022). We feel this project will be a tremendous catalyst to help jumpstart the revitalization of the eastern end of Sahara in Las Vegas.

This project is part of the General Motors dealership improvement program and will be completed in phases so that the major operations of the dealerships can remain intact during construction.

Freestanding Signs: Currently there are (6) six freestanding signs along Sahara. The street frontage is 1056.77' and would allow (5) five signs under the current code, but these (6)six signs would be legally non-conforming since they are existing.

Directional Signs: There are (3) two directional signs. Two signs are existing along Sahara stating "Parts/Service" and "Entrance". These existing signs are legally non-conforming due to their size. There is (1) one other sign, with directions to different departments on site. This sign will be within the allowable standards.

Canopy Signs: There will be (8) seven canopy signs. The total sf of the canopy signs is within the allowable standards.

Wall Signs: There will be (14) wall signs. The area of the signs is within the allowable standards.

We feel this project meets and supports existing city regulations for Master Sign Plans. This development is being upgraded aesthetically to be compatible with other development in the area and it is generally consistent with Title 19 standards. We have made every attempt to follow City of Las Vegas Title 19. Please join us in our attempt to bring much-needed high caliber product to Las Vegas residents.

Respectfully Submitted,

To Whom It May Concern:

We are applying for a General Plan Amendment from DR (Desert Rural Density Residential) to SC (Service Commercial) and rezoning from R-E (Residence Estates) to C-1 (Limited Commercial) for a proposed single story Convalescent Care Facility/Nursing Home, per Title 19, located at 6640 W. Cheyenne Avenue, Las Vegas, NV 89108. The home will be called Ohana (Family) Care Manor and will house 31 adults and will employ approximately 23 staff members. More specifically: 1 Activity Director, 2 Cooks, 1 Pantry Helpers, 1 Kitchen Helper, 1 Dishwasher, 1 Registered Dietician (can be contracted), 10 Caregivers, 1 Medication Technician, 1 Maintenance Person, 1 Laundry, 1 Transportation, 1 Administrator, and 1 Office Clerk. It will have the ability to accommodate 31 adults and be open 24 hours a day, 7 days a week. The ages of the senior citizens will start from 55 years and older only. This facility will only be used as a care center for seniors. The care facility will be professionally managed by a licensed administrator, who has been my consultant, and is currently managing a facility with over 100 beds, and manages it magnificently. Our philosophy is to hire the best qualified people in all phases of our employment. Our number 1 goal is to earn the greatest reputation for care, quality and service.

We request a waiver of 3 feet where 15 feet is the minimum landscape buffer zone depth adjacent to the right of way along Cheyenne Avenue. We also request a waiver for 0 feet where 5 feet is required. We feel that this request is warranted as there are businesses along Cheyenne Avenue that are currently not meeting the minimum requirements and have had City approval as they are existing businesses in operation and we request the same consideration. More specifically, 2 doors to the East of our location at the Beauty Salon, next door at the Day Spa, and the Church and Veteran's building at Sisk and Cheyenne. We will meet the City's requirements for our landscaping. We are proposing to plant various types of trees and shrubs which will provide much shade and screen barriers for beautification. We have 17 parking spaces, including 1 handicap spaces available. This meets the requirements for 1 space per 6 beds ($31 \div 6 = 6$). We also have 7 spaces for our 7 employees on the largest shift. We also have 3 spaces available for medical professionals. This totals 16 spaces which meets the requirement.

We are also requesting a waiver for a portion of the East/West perimeter of zero feet where 8 feet is required. There are two areas of the property that we are requesting this for as we propose our edge of driveways to be 24" from this area of the property line. On the East property line coming North from back of sidewalk on Cheyenne approximately 60' is the starting point, continuing 60' to the North. The West property line from back of sidewalk at Cheyenne coming North approximately 50' is the starting point and continuing North approximately 50' to the North. So we are requesting these two areas to be 2' from property line to the edge of driveway instead of the 8' requirement.

We request to leave the existing 24" tall block wall and brick pillars. We will have to make adjustments to this area to accommodate the 30' driveway coming in from Cheyenne Avenue as the two existing brick pillars may need to be moved to the East a few feet to accommodate a new commercial driveway.

According to the April 2nd, 2010 issue of the Las Vegas Sun, it states that Nevada is due for an influx of seniors. Experts say the state is unprepared because of limited resources. The U.S. Census Bureau projects that the fastest growing segment of Nevada's population over the next 10 years will be senior citizens, and the prospect has policy makers on edge. In 2008, although Nevada's population grew 1.4 percent that year, the Census Bureau estimated that the number of residents age 65 and older increased by 3.9 percent. In short, this article addresses the immediate and upcoming urgent need for adult care facilities such as the one we are proposing. See attached article.

We feel that given the location of our proposed facility on Cheyenne Avenue, that it will impact the community in a positive manner. There will be none or a minimal increase in traffic to the area. Street elevations will be vastly improved and add to the value and attractiveness of the neighborhood. The landscaping will be such that it will be very attractive and enhance the surrounding neighborhood. We will plant above and beyond the amount of trees and shrubs required by city specifications. There will be meandering pathways for walking, sitting, visiting and lush vegetation, some of which will be small palm trees and asparagus ferns. This landscaping will be similar to what you would see at the Mirage Resort where various species of plants enhance a Polynesian atmosphere. We will install within the courtyard area a pond, water feature, misting systems and areas for meditation. Some of the amenities this facility will include are pets, koi ponds, garden areas, walking paths, beauty salon, group exercise and shuttle service. This facility will be as energy efficient as practical using professional guidance for energy benefits. The manor will also provide employment opportunities at a time when so many in the work force are being let go or laid off. This will help at a time when employment is at an all time low and will provide our economy with a boost in moral and encouragement. This will certainly help our current economy with added jobs. JOBS!!

The surrounding properties consist of a Chevron Gas Station, the 2 properties to the East are owned by one family and we have enclosed a letter that concurs with our proposal. See attached letter.

Please consider our request as there will come a time that our parents, grandparents and even ourselves will need some assistance as we become senior citizens.

Thank you in advance for your consideration of this project.

Paitaka P. Miyahira
Property Owner

What are these dishonest applicants TRICKS now?? They are playing with minutia of zoning, whereas a 2 story facility (1) is too large for the lot shown. (2) is architecturally incongruent with surrounding 3) all-night gas station - not quiet/peaceful

**** STAFF REPORT ****

PROJECT DESCRIPTION

This is a request for a Special Use Permit for a Pawn Shop within a portion of an existing building with waivers to allow a zero-foot distance separation from residentially zoned property and a Financial Institution, Specified where 200 feet and 1000 feet, respectively, are required at 8400 West Cheyenne Avenue. The proposed Pawn Shop use will occupy 9,650 square feet of the building space with a 2,900 square-foot outdoor patio. Staff is recommending denial of this request because the proposed use cannot be conducted in a manner that is compatible with the surrounding land uses, as is evidenced by the requested waivers of distance separation requirements. ANALYSIS

This is a request for a Special Use Permit for a Pawn Shop use within a portion of an existing 21,733 square-foot building in the Northshore Plaza Shopping Center, which is a parking impaired site. The Site Plan indicates 623 parking spaces are required, whereas only 600 parking spaces are provided, as depicted in approved civil plans for this commercial center. The Shopping Center parking requirement is one space per 250 square feet, regardless of the use.

The minimum Special Use Permit requirements for the proposed use are a 200-foot distance separation from adjacent residential property and a 1,000-foot distance separation from a Financial Institution, Specified use. The applicant has requested waivers of these requirements. Due to the waiver requests, the proposed use is not compatible with this commercial center and the surrounding area; therefore, staff recommends denial of this request.

FINDINGS

The following findings must be made for a Special Use Permit:

1. **“The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.”**

The proposed Pawn Shop use cannot be conducted in a manner that is harmonious and compatible with the existing site due to the waiver requests to allow a zero-foot distance separation from residential property and a Financial Institution, Specified use.

2. **“The subject site is physically suitable for the type and intensity of land use proposed.”**

The proposed use is located directly adjacent to a residential property and a Financial Institution Specified use is located within the same shopping center. The subject site does not meet the minimum standards set forth in Title 19.04 for a Pawn Shop within a C-1 (Limited Commercial) zoned property. The subject site is not physically suitable for the intensity of the proposed land use, due to the need for waivers of Title 19.04 standards.

3. **“Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.”**

Site access is provided from Cheyenne Avenue and Durango Drive. These streets are adequate in size to accommodate the proposed Pawn Shop use.

Staff Report Page Five
October 21, 2010 - Planning Commission Meeting

- 4. “Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.”**

Approval of the proposed Special Use Permit will not be inconsistent with or compromise the public health, safety and general welfare as the use will be subject to regular inspections for business licensing.

- 5. The use meets all of the applicable conditions per Title 19.04.**

The proposed Pawn Shop use does not comply with the minimum Special Use Permit requirements. The proposed use will be located within 200 feet of a parcel used or zoned for residential use. In addition, the use will be located within 1,000 feet of a Financial Institution, Specified use. A waiver has been requested from these requirements.

***Re: Second Revised Justification Letter – Special Use Permit to Allow for
a Pawn Shop & Waiver of Separation Requirements
8400 W. Cheyenne (APN: 138-09-420-005)***

To Whom It May Concern:

Please be advised this office represents Cash America/SuperPawn (the "Applicant"). The Applicant is seeking a special use permit for a pawn shop in the above referenced location (the "Site"). The Site is zoned C-1. Pawn shops are allowed in a C-1 zone with the approval of a special use permit. Additionally, the Applicant is seeking a waiver for: (i) the 200 foot distance requirement to a residential use and (ii) the 1000 foot distance requirement from any other payday use.

The Applicant is a well established and highly regarded pawn shop operator throughout the Las Vegas valley. The Applicant is proposing to locate in an existing building, formerly occupied by a Sears Hardware Store. The building is approximately 9,650 square feet with an additional 2,900 square foot existing outdoor storage area. The existing building is part of a large commercial center with an Albertson's, Blockbuster, and CVS.

The Applicant is requesting a use permit to allow for a pawn shop. Accessory uses such as jewelry sales, payday loans/cash checking services and second hand sales will be included. Since the Applicant is proposing to locate in an existing building, waivers of the distance requirements are necessary. The property line of the existing building abuts an apartment complex. However, the actual distance is approximately 120 feet measured from the rear existing building to the closest apartment unit. The existing building and the apartment units are separated by drive aisles for both the shopping center and the apartment complex. The entrance into SuperPawn would be about 260 feet from the nearest apartment unit. Additionally, the Applicant is seeking a waiver from the required distance to another payday loan use. Similar to the residential separation, the property line from the existing building to the payday loan use abut each other. However, the actual distance between the proposed SuperPawn and the existing payday loan use is about 170 feet. There are no existing pawn shops within the required distance separation.

RECEIVED
FEB 19 2010

**SUP-37362
REVISED
03/25/10**

SuperPawn would be an appropriate business in the vacant building. The hours of operation would be 9:00 a.m. to 7:00 p.m. Therefore, the limited hours of operation would not be detrimental to the residential use and would be compatible with the existing shopping center's hours of operation.

Thank you, in advance, for your consideration of this request. If you need any additional information, please do not hesitate to contact me.

Sincerely,

KAEMPFER CROWELL RENSHAW

Ms. Margo Wheeler, Director
City of Las Vegas
Planning and Development Department
731 S. Fourth St.
Las Vegas, NV 89101

Re: APN: 138-15-310-048

Dear Ms. Wheeler:

This letter is submitted as justification for Special Use Permit and Variance applications for the above listed property located in the Las Vegas Technology Center at 7350 Prairie Falcon Road. The property was originally developed for a printing company but has more recently been divided into three spaces, one of which is currently occupied by an indoor amusement facility containing a go-kart track and related retail uses which by code are parking intensive and which, on August 19, 2009, received approval from the City Council to allow 176 parking spaces where 327 spaces are required. While there is nothing to indicate that that approval has caused any issues on the site, it does necessitate any new use in the remaining portions of the building to also apply for a parking variance because the parking calculation is based on the various uses within the total square footage of the building.

The applicant, Western Linen Services, is requesting approval to locate a commercial/industrial cleaning facility in the westerly 50,600 square feet of the overall 141,419 square foot building which is located in the virtual center of the tech park, with access to two streets, which makes the location ideal for a facility of this type. Per the Land Use Table in the Retail & Personal Services section of Chapter 19.04 a commercial laundry requires a Special Use Permit when located in the C-PB zone. In regard to the determinations for approval of a SUP, all work will be conducted within the facility and all equipment, such as hot water and air tanks and an air compressor system will be located within the building, thus eliminating any potential noise from equipment from being heard on adjacent properties. An existing block at the rear of the west edge of the building and running northerly to the rear driveway will help block the view of the existing loading docks from traffic on Crimson Canyon Drive.

VAR-39804
SUP-39801
REVISED

Based on the parking standard for this type of use a total of 101 spaces is required, not including spaces for delivery vehicles which will be located at the rear of the building. The applicant has indicated that a maximum of 50 employees will work at this facility with an average of 15 employees per shift. The applicant has further indicated that of the 15 employees per shift, a significant number of those use public transportation to get to and from work, further reducing the need for the required number of spaces. It is also important to note that while the code requires parking spaces based on the total square footage of the facility, approximately two-thirds of the interior space is utilized for machinery. In regard to the determinations needed for approval of a Variance, as indicated in paragraph one above, this request is clearly not self-imposed because the previous Variance approved by the City Council created a unique circumstance in which any new use in any remaining portion of the building will require an additional Variance.

As the applicants representative on these applications I will be happy to provide any additional information you may require or respond to any questions you may have. Thank you for your consideration.

RE: Cliff's Edge Pod 115, 116 & 117 – Request for rear setback reduction

To Whom It May Concern:

Greystone Nevada LLC would like to add a new house plan into the existing Arbor Ridge community located within Providence Pod 116. The plan is a 1585 square foot two story home that conforms architecturally to the Providence Design Guidelines. This plan will incorporate an 18 foot front setback to the garage, while the existing approved plans have a front setback of 5 feet to the garage. By adding this plan, the street scene will be enhanced and the amount of on-street parking will be reduced. This will be a great benefit to the entire community.

The typical lot size in Arbor Ridge is 40' wide by 55' deep. The existing plans were designed to conform to modified residential medium setback standards including rear setbacks of 8 feet for 50% of the home and 12' for the remainder. We are requesting to modify the rear setbacks for the remaining home sites in this community (approximately 100 homesites). A site plan has been included which depicts the remaining homesites within the community. The requested setback modification would be consistent with the residential small lot setback standards which include rear setbacks of 3' for 50% and 7' for the remainder. These modified setbacks would only be incorporated when the proposed 1585 plan was constructed.

We are excited to offer a full-depth driveway in the Arbor Ridge community. The Master Developer supports this request, and we are respectfully requesting your approval to reduce the rear setback development standards for the remaining homesites in order to accommodate our proposed plan.

Please do not hesitate to contact me at 702-821-4627 if you have any questions.

Sincerely,

Steve Jones

RE: Providence Master Plan Community
Project Plan: Rear Yard Setback Waiver
POD: 116 – Arbor Ridge
Plan Date: Received September 13, 2010

Dear Steve:

The Providence Design Review Committee (DRC) is in receipt of your request to the reduce the rear yard setback to 3' for 75% for plan 1585 in the Arbor Ridge community

The DRC **approves** your request for the above referenced POD. Approval of this request will not have an adverse impact on the residents of the community. The private open space requirement is still being met be a combination of the side and rear yard. The model will also have an 18' driveway in a community that currently only has 5' driveways.

Unless specifically waived, all elements within Providence must comply with the terms and conditions of the Design Guidelines and other governing documents. The approval granted herein applies only to the specific items as noted above, and does not constitute an approval of every specific element of the submittal, nor does it constitute a waiver of Providence's rights to enforce compliance with the Design Guidelines and other governing documents. Should an element of the submittal not comply with the Design Guidelines or other governing documents, and is not specifically approved, Providence reserves all of its rights with respect to enforcement of the terms and conditions of such documents as to the non-conforming element. All non-conforming elements must be specifically noted and a specific waiver must be submitted with respect thereto.

If you have any questions, please do not hesitate to contact our office.

Sincerely,
Providence Design Review Committee

Planning Manager

RE: Sun Devil Auto, Petition for Variance, APN 125-20-801-005

Doug,

We are petitioning for a variance to allow building encroachment in the required 10' side yard setback along our east property line at the vacated Juliano Rd.

The site plan is the same as approved on March 3, 2010 by the City Council and indicates the intended property boundary after the vacation of the Juliano Rd. ROW while including various regulatory and utility requirements. The City of Las Vegas development department was working under the assumption the boundary line would be moved east thirty feet (30') to include the vacated Juliano Rd. ROW thus not requiring a variance for the side yard setback. The vacated Juliano Rd. ROW will become part of the parcel to the east and therefore requires our project to request the side yard setback variance.

Our project is on an odd shaped parcel and the site plan is designed to accommodate the parking, ingress/egress, Las Vegas Valley Water District, site drainage, and Fire Dept. access requirements. The position of the building has not been modified from the previously approved site plan SDR-36953.

The Project has previously been approved for the following Waivers/Variations: Major Modification MOD-36955, Re-Zone ZON-36949, Site Development Review SDR-36953, Building Setback Variance VAR-37101, Parking Variance VAR-36954, and a Special Use Permit for a Repair Garage SUP-36950.

Re: Variance application for 305 Rosemary Lane

Dear Planning Department:

My client, Charles "Dee" Hopper, is applying for a variance at his residence to build a carport attached to his home at 305 Rosemary Lane (APN: 139-32-214-034). We are requesting a waiver for the side building setback to 1.5 feet where 15 feet is required.

Mr. Hopper would like to build a carport attached to the south side of his property that would match the existing roofline of the home and would extend to 1.5 feet of his neighbor to the south. The home is zoned R-E.

I was informed by the planning department that this carport would fall under the category of "Patio Cover" in the Las Vegas Municipal Code.

Section 19.08.040(4)(a) of the LVMC requires a patio cover to have a side yard setback of five feet in most residential areas, however in R-E it calls for a 15-foot setback.

The home is located in the Rancho Nevada Estates neighborhood, north of Alta between Rancho Drive and Valley View Boulevard. This neighborhood differs significantly from many R-E zoned areas. LVMC 19.02.040(A)(2) defines the purpose of R-E districts as "to provide for low density residential units located on large lots and conveying a rural environment."

This neighborhood is located near the center of the City of Las Vegas and does not convey a rural environment. It is a conventional neighborhood of primarily single-story ranch-style houses on lots of approximately 18,000 square feet or greater that was developed in the 1960s. The homes were built long before the R-E designation and requirements were imposed on the neighborhood.

Currently, more than 90 homes in the neighborhood have less than a 15-foot side yard setback from neighboring properties. In many instances, it is actually the home itself, rather than a garage, carport or accessory structure, which is built closer than 15 feet from its neighbor.

You will notice the plans also call for a porte cochere to be built in the front of the home. This porte cochere conforms with the Code's requirement for a 15-foot front yard setback.

Allowing a carport to be built within 1.5 feet of the home's southern neighbor would not be incompatible with neighborhood. In fact, the property to the immediate south, which would be most affected by this carport, has a carport on its southern side that is less than 15 feet from the neighboring property and is at a height well above the home's roofline.

If Mr. Hopper were to build the carport, or a garage, with a six-foot separation from his home, LVMC 19.08.040(B) would allow him to build to a height of 35 feet and with a three-foot side yard setback. However, separating the carport from the home could be less aesthetically pleasing to the neighbors and less compatible with the community.

Because the addition of a carport 1.5 feet from the southern property line and with a roofline matching the home would be consistent with the other homes in the neighborhood, we ask your support in granting these variances.

Regards,

Trevor Hayes

Planning and Development Dept. city of Las Vegas

To whom it may concern,

I have recently signed a lease agreement from 06/30/2010 to 06/30/2020 with KIMCO REALTY to lease the old china restaurant at 3175 N. Rainbow (parcel no. 13815502003),
PKI CHEYENNE COMMONS LLC

I am applying for a beer and wine use permit for my new restaurant, Bangkok 9.

I am leasing the space "as is" and plan to open the new restaurant without any construction/ development changes.

The attached site and floor plans are therefore consistent with the old china king plans and do not show any changes for Bangkok 9.

My contact information is given below, and I thank you in advance for your attention in this matter.

Re: Use Permit to allow sale of Off-sale Accessory Packaged Liquor

Please be advised that this firm represents Allstar Minimart located at 2339 North Jones Blvd. The convenience store is within the northernmost unit of a commercial center located at the southeast corner of Jones Blvd at Smoke Ranch Road. The property is currently zoned C-1 which allows the sale of accessory packaged liquor with a use permit. This will require a Use Permit per 19.04 Retail and Personal Services (*see Retail Establishment with Accessory Package Liquor off-sale.*)

The area designated for the packaged liquor is approximately 15 square feet in area and is located behind the payment counter. As such, only employees of the store can access the packaged liquor products.

Title 19 stipulates a 400 foot separation between this use and protected uses as measured from the nearest points of each property line. The subject parcel is approximately 105 feet from a property line of a parcel that leases to a religious institution. The religious institution is within a strip mall located at 6010 Smoke Ranch Road. The code allows for a waiver in situations where a 100 foot street separates the parcel lines. Being that Smoke Ranch Road is a 100 foot right-of-way, we request a waiver of separation requirements.

Please call me at (702) 384-5563 if you have additional concerns.

Very truly yours,

Lora Dreja

FOR APPROVED SDR & SUPPLEMENT

SDR-39818

JUSTIFICATION LETTER

AMENDMENT to SUP-36436 & SDR-36434

Project: TREASURES GENTLEMEN'S CLUB

Location: 2805 Westwood Drive
Las Vegas, Nv. 89109

APN: #16208604001, #16209102004

Owner: D 2801 Westwood, Inc.

Treasures is an existing Gentlemen's Club located at 2805 Westwood drive immediately east of I-15 freeway and south of Sahara Blvd. There is currently an approved SUP-36435 and SDR-36434 for a two story addition to the existing building.

The proposed amendment to the current SUP and SDR is for the addition of a third floor roof deck and lounge space above the approved two story addition. The proposed third floor addition will add 2,748 sf of lounge area with 3,695 sf of roof top deck area, and miscellaneous adjustments at the first and second floor to facilitate the new third floor.

The total area will be approximately as follows:

Total first floor addition	7,365
Total second floor addition	5,325
Total third floor addition	<u>2,748</u>
Total bldg addition floor area	15,438
Total roof deck addition	<u>3,695</u>
Total Addition area	19,133

Existing Building area	<u>25,417</u>
Total combined building area	44,550

A property line adjustment in the previously approved SUP / SDR remains unchanged. This adjustment has been submitted to CLV Public Works and is awaiting approval and recordation. A vehicle "drop-off" lane has been added to facilitate a required fire lane and allow ease of on site vehicle flow. Required parking has increased to 179 spaces, however the provided 203 spaces still exceeds that requirement.

All Building "set back" requirements, landscaping conditions, access locations, and conditions for approval for the previously approved SUP / SDR remain in effect and unchanged.

RE: *Application for Special Use Permit and Waivers of the Distance to Residential; Distance to Financial Institution, Specified; and the Condition on Hours of Operation*

To Whom It May Concern:

I am writing on behalf of Moneytree, Inc., in support of the application for a special use permit for the addition of auto title loan use to an existing Moneytree location at 2950 West Sahara Avenue (APN #: 162-05-816-006). Moneytree also seeks waivers of the separation requirement from residential use and another financial institution, specified, as well as the hours of operation condition.

This location is zoned C-1, Limited Commercial. The addition of the auto title loan use would not adversely affect surrounding properties, as this store is surrounded by commercial uses and is located along the major commercial corridor of Sahara Avenue. Although the commercial center lot containing the Moneytree site touches a parcel with residential use, requiring a waiver of the 200-foot distance separation requirement to allow a 90-foot distance separation, the Moneytree is buffered by other commercial buildings and parking, as well as a street that separates the residential and commercial uses. Moreover, although the Moneytree may be more than 1,000 feet away from another auto title loan; auto pawn; or financial institution, specified, use when measured building to building, a waiver of the distance separation to allow 900-

OCT 6 2010
SUP-39821

feet distance between such uses when 1,000 feet is required when measured property line to property line.

As the auto title loan use is also consistent with the current financial institution, specified, operations that exist at the location, there would be no variable impact by addition of auto title loans. Thus, Moneytree will continue to maintain its standard of operations, and the design, traffic generation, lighting, and noise at this location will remain the same. Moreover, the addition of the proposed use would not contribute in any adverse way to traffic, fire safety, or citizen safety.

Moneytree has been in business at this location since October 2002 and currently operates from 7:00 a.m. to 11:00 p.m., Monday through Saturday, and 9:00 a.m. to 9:00 p.m. on Sunday. In order to maintain its current operational standards, Moneytree respectfully requests a waiver of the condition that the auto title loan use be limited to the hours of 8:00 a.m. to 11:00 p.m.

Moneytree is an established company with operations throughout southern Nevada that are aesthetically discreet and that maintain a low impact on neighboring properties. The company is an excellent corporate citizen that has contributed to local charitable organizations. Moneytree has also worked with the Nevada State Legislature during past sessions to enact regulations that prohibit predatory lending practices.

In this current economy, banks have often been unwilling to extend short-term loans. An auto-title loan allows customers seeking such financing the opportunity to obtain immediate, necessary funds while allowing the use of their vehicle to continue. Moneytree is looking to offer auto-title loans so that customers have the option of utilizing a variety of short-term loan that is most convenient to them.

Because Moneytree is an existing establishment that is compatible with the surrounding area and the addition of the auto title use is consistent with current operations at this location, the company respectfully requests a special use permit to add auto title loan use with waivers of the distance to residential; distance to another auto title loan, auto pawn, or financial institution, specified, use; and the hours of operation condition.

Please call me if you have any questions or need additional information.

Sincerely,

Jennifer Roberts

Re: Justification Letter for Landscape Improvements around Perimeter Landscape Buffer at Rancho Alta Mira

Dear Sir:

Rancho Alta-Mira home owners association (HOA) is located in the City of Las Vegas bordering Craig road on the South, Lone Mountain Road on the North, Jones Boulevard on the West, and Decatur Boulevard on the East. This community sits on approximately 330 acres and houses 1,353 single family residences. The community was built in 1990 and completed in 1996.

Rancho Alta-Mira HOA has a landscape buffer zone surrounding the community on all streetscapes. The existing plant material consists of large pine trees, large shrubs, accents, groundcover, decorative rock mulch, boulders, and an automatic irrigation system.

The reason for this letter is to justify replacing all (191) existing pine trees in the perimeter landscape buffer area that are overgrowing into the perimeter walls and sidewalks causing damage. There are approximately 90 areas documented where damage to the walls and sidewalk have occurred. It is our intent to repair the damaged walls and sidewalks and to remove and dispose of all the pine trees in (3) phases and to replace them with 24-inch box trees that potentially have a smaller root system, and are slower growing, to protect the walls and sidewalks from further damage, enhancing the visual aesthetic and providing shade.

As required by title 19.12 the residential perimeter landscape buffer shall have a 24-inch minimum box tree and shall be placed at one per 30 linear feet with (4) 5-gallon shrubs per tree. The total tree and shrub count per the requirement is (418) trees and (1,672) shrubs, an increase of the existing trees and shrubs on-site to (228) 24-inch box trees and (575) 5-gallon shrubs. This increase of trees and shrubs would more than double the cost of the project, increase the cost of maintenance, and triple the water consumption and bill resulting in a approximately 8% increase in homeowner's dues. Therefore Rancho Alta-Mira HOA is requesting an exception for the required number of trees (418) and (575) shrubs based on the title 19 requirement and to only replace the (191) existing pine trees.

For the reasons listed above we are requesting approval for these landscape improvements.

Chris: I have emailed Ross's staff 2-3 times in the past 10 days with no luck on getting a specific answer as to whether or not we must go before the council. Consequently I will assume the worse and we will go for the October 20/21(?) council meeting. Kristen please cut a check ASAP for to Jaramillo for \$530 dollars to cover the balance for the charge by the Planning Commission. I'll pick it up Friday get signatures and get to Chris on Monday. Be sure it is cut from the wall account.

CHRIS IF YOU WILL PREPARE THE WRITTEN JUSTIFICATION I WOULD LIKE FOR YOU TO INCLUDE THE FOLLOWING POINTS IN YOUR LETTER ASKING FOR THE HEARING:

1. The cost in replacing the 192 trees with the Planning Commission's required 397 trees and 5 plants, shrubs, bushes and ground cover more than double the cost of the project.
2. The increase in water consumption, due to the tearing process in billing for water costs will more than triple the HOA's water bill.

3. This tripling of our water bill will result in an increase to the 1353 homeowners assessments by approximately \$9-\$11.
Please feel free to add any additional landscape lingo you can to substantiate our case.
I will prepare some additional comments and speak for the Board and I believe the majority of the 1353 homeowners at the council meeting.
I would like to see a draft of your letter before it goes.
Thx...Jim

PROJECT DESCRIPTION

This is a request to amend Title 19.14 and Title 19.20 to define standards for building wrap signage. This signage is proposed to be permitted only in conjunction with non-restricted gaming facilities

BACKGROUND INFORMATION

<i>Related Relevant City Actions by P&D, Fire, Bldg., etc</i>	
08/28/08	The Planning Commission recommended approval of TXT-26651, which proposed the creation of a new district within the Downtown Centennial Plan, and would have allowed the installation of building wrap signage within the new district. The text amendment was stricken from the 11/05/08 City Council agenda.

ANALYSIS

The amendment as proposed would create a new type of sign called “building wrap signage,” which is defined as large-format signage that is affixed or adhered to a building façade. The new sign type would be limited to properties with an active Non-Restricted Gaming license.

The following table summarizes the proposed requirements for building wrap signage:

Location:	Requirements
Where permitted:	• Downtown Centennial Plan: All Non-Restricted Gaming properties • Outside Centennial Plan: Non-Restricted Gaming properties w/ direct freeway frontage only
Exclusions:	• Not permitted in the Scenic Byway Overlay • Not permitted in the Off-Premise Sign Exclusionary Zone
Dimensional Standards:	Requirements
Minimum qualifications:	• 50' building height minimum
Minimum sign area:	• 2,400 SF
Maximum sign area:	• None

Staff Report Page Two
September 23, 2010 - Planning Commission Meeting

Maximum height:	• Cannot extend above roof/parapet • Must be minimum of 15' above grade
Maximum #:	• 1 per building facade
