**** STAFF REPORT ****

PROJECT DESCRIPTION

This is a request to rezone property at 4200 East Charleston Boulevard from R-1 (Single Family Residential) to C-V (Civic), containing 2.45 acres. Currently, a power sub-station is located on this lot. The lot is already designated for PF (Public Facilities) land uses by the General Plan. As the proposed zoning conforms to the General Plan and the existing use is compatible with the existing surrounding land uses, staff recommends approval. If denied, the lot will remain designated R-1 (Single Family Residential) and the zoning designation will remain inconsistent with the existing land use designation.

ISSUES

- The proposed zoning would allow for conformance with the existing General Plan land use designation for this lot.
- The existing use of the subject site as a power sub-station is a permissible use in the C-V (Civic) zoning district, and is consistent with the existing General Plan designations.

BACKGROUND INFORMATION

<i>Related Relevant City Actions by P&D, Fire, Bldg., etc</i>	
04/24/63	The City Council approved a Rezoning (Z-0059-63) from R-R (Rural Residence) and R-2 (Two Family Residence) to R-1 (Single Family Residential) at the northwest corner of Lamb Boulevard and Charleston Boulevard. The Planning Commission and Staff recommended approval.
03/12/08	Code Enforcement opened a case (#63339) for temporary signage at 4200 East Charleston Boulevard. The case was resolved 03/20/08.

<i>Most Recent Change of Ownership</i>	
06/12/63	A deed was recorded for a change in ownership.

<i>Related Building Permits/Business Licenses</i>	
No permits were found for this site.

ANALYSIS

If approved, this request would rezone the subject site from R-1 (Single Family Residential) to C-V (Civic). Such action would conform to the existing PF (Public Facility) General Plan land use designation on this lot. The C-V (Civic) zoning district is intended to provide for existing public and quasi-public uses and for the development of new schools, libraries, public parks, public flood control facilities, police, fire, and other public utility facilities. Rezoning of this lot is appropriate, as the proposed C-V (Civic) zoning district is consistent with the existing PF (Public Facilities) General Plan designation, the existing power sub-station use is a permissible use in the C-V (Civic) zoning district, and the zoning is compatible with the surrounding adjacent land uses. Staff therefore recommends approval.

FINDINGS (ZON-39754)

In order to approve a Rezoning application, pursuant to Title 19.18.040, the Planning Commission or City Council must affirm the following:

1.The proposal conforms to the General Plan.

The site is designated PF (Public Facilities) on the Southeast Sector Land Use Plan Map of the General Plan. The proposed C-V (Civic) Zoning designation is in conformance with the existing General Plan designation.

2.The uses which would be allowed on the subject property by approving the rezoning will be compatible with the surrounding land uses and zoning districts.

The potential uses allowed in the proposed C-V (Civic) district are appropriate for the area, which is developed with predominantly single-family residential uses.

3.Growth and development factors in the community indicate the need for or appropriateness of the rezoning.

The subject site has a land use designation of PF (Public Facilities). Rezoning of the subject site will allow conformance with the existing land use designation of the subject site.

4.Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed zoning district.

Access to this site is provided from Charleston Boulevard, a fully improved 100-foot wide right-of-way and is capable of meeting the access requirements of the property.
