Treasures is an existing Gentlemen's Club located at 2805 Westwood drive immediately east of I-15 freeway and south of Sahara Blvd. There is currently an approved SUP-36435 and SDR-36434 for a two story addition to the existing building.

The proposed amendment to the current SUP and SDR is for the addition of a third floor roof deck and lounge space above the approved two story addition. The proposed third floor addition will add 2,748 sf of lounge area with 3,695 sf of roof top deck area, and miscellaneous adjustments at the first and second floor to facilitate the new third floor.

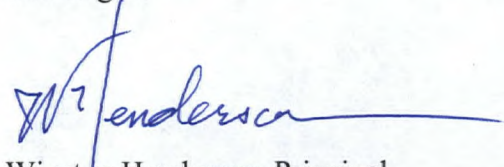

The total area will be approximately as follows:

Total first floor addition	7,365
Total second floor addition	5,325
Total third floor addition	<u>2,748</u>
Total bldg addition floor area	15,438
Total roof deck addition	<u>3,695</u>
Total Addition area	19,133

Existing Building area	<u>25,417</u>
Total combined building area	44,550

A property line adjustment in the previously approved SUP / SDR remains unchanged. This adjustment has been submitted to CLV Public Works and is awaiting approval and recordation. A vehicle "drop-off" lane has been added to facilitate a required fire lane and allow ease of on site vehicle flow. Required parking has increased to 179 spaces, however the provided 203 spaces still exceeds that requirement.

All Building "set back" requirements, landscaping conditions, access locations, and conditions for approval for the previously approved SUP / SDR remain in effect and unchanged.
