RE: Application ZON-40053
Assessor's Parcel Number 163-06-101-001

Dear Mr. Gebeke:

In regard to this parcel, staff has determined that the existing General Plan designation and zoning classification are inconsistent with possible future development. In order to resolve this inconsistency and ensure that future development is compatible with existing development, staff is proposing to change the zoning district of the site to C-V (Civic). Please call me at 229-4693 with any questions.

**** STAFF REPORT ****

PROJECT DESCRIPTION

This is a request for a Special Use Permit for a proposed 2,000 square-foot Motor Vehicle Sales (Used) use at 4561 East Bonanza Road, Suite #130. The subject property contains an existing 16,250 square-foot Auto Repair Garage, Major building and has been approved through Site Development Plan Review (SDR-25148) for a 19,500 square-foot General Retail and Restaurant building. In addition, the subject property has also received a parking Variance (VAR-25220) to allow 201 parking spaces where 250 are required. The applicant is proposing to convert a 2,000 square-foot storage area of the existing 16,250 square-foot Auto Repair Garage, Major building into a Motor Vehicle Sales (Used) use. Placing an additional use on the subject property, in addition to the existing and approved uses, will create an overly developed site and will negatively impact the surrounding neighborhood; therefore, staff recommends denial of this request. If this application is denied, the existing 16,250 square-foot Auto Repair Garage, Major building and use would remain.

ISSUES

- 4561 East Bonanza Road, Suites # 125 and # 145 have had permits issued, but were never finalized.
- The applicant currently has six code enforcement cases open at 4561 East Bonanza Road.
- Per Title 19.04 Minimum Special Use Permit Requirement # 7 for the Auto Repair Garage, Major use, no vehicles may be parked on the premises for the purposes of offering the vehicle for sale. Approval of this Special Use Permit request would circumvent this requirement of the previously approved Special Use Permit (SUP-3223).

ANALYSIS

The applicant is proposing to convert 2,000 square feet of an existing 16,250 square-foot Auto Repair Garage, Major into a Motor Vehicle Sales (Used) establishment. A previous Variance (VAR-25220) approved 201 parking spaces for a 16,250 square-foot Auto Repair Garage, Major, a 6,207 square-foot Restaurant, and 13,315 square-feet of General Retail where 250 parking spaces are required. The applicant was denied a previous a Special Use Permit (SUP-33611) for a proposed 1,000 Motor Vehicle Sales (Used) at this site on 04/23/09. This request would allow vehicle sales in conjunction with an Auto Repair Garage, Major, which was previously approved through Special Use Permit (SUP-3223). This would circumvent a Minimum Special Use Permit Requirement of that use that prohibits the display and sale of vehicles at an Auto Repair Garage, Major site. As such, staff cannot support this request and recommends denial.

FINDINGS (SUP-38523)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

- 1. The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

The proposed land use cannot be conducted in a manner that is harmonious and compatible with the existing and surrounding land uses, as the surrounding businesses within the subject property are high-volume uses, and over 20,400 square feet of additional uses have been approved for the site through Site Development Plan Review (SDR-25148). The surrounding parcels are residential and commercial in nature, and the proposed use will not be harmonious or compatible with the adjacent residential land uses, as the proposed use is too intense for the subject property.

- 2. The subject site is physically suitable for the type and intensity of land use proposed.**

The subject site is not physically suitable for the type and intensity of land use proposed, as evidenced by the approved Variance (VAR-25220) for parking. The isolation of this parcel from others zoned C-2 (General Commercial) creates a significant conflict with adjacent, less-intensely zoned properties.

- 3. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

Staff Report Page Eight
December 16, 2010 - Planning Commission Meeting

Access to the site is provided by Bonanza Road, a 100-foot Primary Arterial as designated by the Master Plan of Streets and Highways, which will provide adequate access to the site. There is only one access driveway to the site with an emergency crash gate at the south end of the site, at Diamond Head Drive, a 60-foot Local Street, which will provide adequate emergency access. The subject property is also adjacent to Page Street, a 60-foot Local Street to the east; however, no access is provided to this roadway.

- 4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

The proposed development is subject to permit review and inspection; therefore, appropriate measures will be taken to protect the health, safety and general welfare.

- 5. The use meets all of the applicable conditions per Title 19.04.**

The proposed use meets all of the applicable conditions per Title 19.04; however, the request would allow vehicle sales in conjunction with an Auto Repair Garage, Major, which was previously approved through Special Use Permit (SUP-3223). This would circumvent a Minimum Special Use Permit Requirement of that use that prohibits the display and sale of vehicles at an Auto Repair Garage, Major site.

Re: JUSTIFICATION LETTER

To whom it may concern.

I am applying for a Use Permit for an Auto Sales at 4561 E. Bonanza Road, Las Vegas, Nevada 89110. The property is zoned as a C2 which is for a heavy mechanic repair of which is comparable with Use Permit of which I am applying for.

Further this is vital to me because at this time I have filed a chapter 11 bankruptcy and this will give more proof to the judge and trustees that I do intent to have future income.

Respectfully

HECTOR CAMACHO

**Re: Justification Letter
Sky View Pines Family Apartments
21 West Owens Avenue, Las Vegas, Nevada**

Dear Steve:

We are requesting a variance to reduce the amount of required parking spaces from 170 to 156.

The purpose of this request is to allow for the installation of traffic gates.

The original design did not include these gates because they would not fit with the design of the zoning criteria for parking. After meetings with adjacent property owners and Metro, it was determined that the inclusion of the gates was important to restrict unauthorized vehicular traffic onsite.

With the parking space reduction we believe that there will still be ample parking for the property. The income restrictions at Sky View Pines targets lower income individuals and families, and car ownership is doubtful. These income levels are lower than the adjacent property, Horizon Crest Family Apartments, and our records indicate there is less than .5 cars per apartment at that location. Therefore we believe that a parking ratio of greater than 1 to 1 is sufficient.

We are currently under construction on Sky View Pines, and expect to be complete by June 2011.

Please feel free to contact me at (702) 410-2706 if you have any further questions. Thank you.

Sincerely,

Jacquie Haas
Real Estate Development Manager

To whom it may concern,

I, Jason Aungenett, have built an enclosed dry storage garage to house my seven vehicles due to recent vandalism and robbery that has occurred to my vehicles.

Unfortunately, I began construction prior to obtaining the necessary permits. I did not believe it was necessary to obtain permits as my neighbors have similar size properties and similar size garages. In which I was informed by them that they had not obtained permits for their garages.

I have been working diligently to comply with all requirements. I am requesting a variance because the size of the building exceeds fifty percent of the size of the main dwelling. As I had mentioned before the size of the garage is to occupy several cars, a twenty four foot trailer and a motor home that I plan to purchase in the near future.

Please allow me the opportunity for a proper hearing to propose my plans for my garage.

Kind regards,

Jason J Aungenett

To: The planning Commission of Las Vegas Nevada

I Teresa Garcia bought a house on 1240 south 10th street Las Vegas, Nevada. I have made some improvements to the property and some additions as well. This year I replaced the old existing carport with a better structure for stability and great appearance to the neighborhood. When I was finish, I was cited because I did not get a permit. I was under the impression that because I was just replacing the existing one a permit was not required. The front yard setback is fourteen feet and it suppose to be twenty; I took the time to ask my neighbors if they had a problem with the carport and if it block their view, and they responded that the neighborhood needs changes like mine. Please let me keep my carport.

Thank you.

**RE: Cell Facility for AT&T Mobility (APN 139-28-502-004) located at
1311 West Owens Avenue: SDR-38623**

Dear Mr. Frayer:

Planning and Development Department staff has reviewed the proposed plans to remove three (3) existing antennas at the 70-foot centerline and replace them with three (3) new antennas with the top of the antennas at 72 feet of an existing Wireless Communication Facility, Non-Stealth Design (Monopole) located at 1311 West Owens Avenue. The determination has been made that this request cannot be approved administratively.

A Special Use Permit application will be required prior to submittal of building permits. A copy of this letter must be included in the permit package.

If you have any questions, please contact me at (702) 229-6895.

RE: AT&T Mobility Project LSVG NVL070 MLK 1311 W. Owens
APN# 139-28-502-004 Special Use Permit

To Planning and Development:

AT&T Mobility is asking for the following to be reviewed by the City of Las Vegas Planning Department for AT&T project LSVG NVL070 MLK 1311 W. Owens. The site is an existing non-stealth monopole with three wireless providers already on the tower and AT&T believes that the impact of its proposed modification to change out its existing array for upgraded technology to expand its wireless network to be minimal.

- What AT&T is seeking to complete is a modification upgrade to the cell site to allow for greater use and expanded technology. As you can see from the photo simulations and the plans, AT&T looks to replace three (3) existing Powerwave 7752 antennas at position 2 (one each sector) with three (3) new Powerwave 7755 antennas is to be located in the same place as the existing antennas on the tower. AT&T is also looking to move the existing antenna at position four (4) to position three (3); but retain the existing antenna. Finally, AT&T is also requesting antenna change outs on antennas at positions one (1) and four (4) from Powerwave 7752 to new Kathrein 800-10766 K antennas. The only difference is all the new antennas are no more than two (2') feet longer than the existing antennas. The top of the existing antennas are at 70' and AT&T is asking to increase that height with the new antenna array to 72'. The tower itself is not being proposed to increase in tower height; just the antennas.
- AT&T cannot lower the bottom of the antennas to bring the top of the new antenna in line with the existing antennas because of the existing Sprint antennas below AT&T's radar center. It would cause interference and virtually overlap Sprint's and AT&T's antennas.
- There are no changes to the operating equipment located in the shelter and the minor changes to the antennas will not be noticed by the general public. The new antenna will match the existing ones (as stated on the plans), as to fade into the background as the existing equipment does.

For this project:

- It encourages co-location by staying on the existing tower.
- No residential use exists on the property.
- This existing tower is designed to be co-locatable and currently houses two additional telecommunication providers besides AT&T on the property.
- There is no tower lighting or signals currently on the monopole.
- All ground level equipment is screened by an existing block wall.
- The property is zoned commercial.

AT&T believes that this modification will not be detrimental to the surrounding area. It is in an area away from the general public; generally going unnoticed by the public at large and necessary for the increased operations of AT&T's telecommunications facility coverage necessities. This is but one carrier on the existing tower that houses three (3) carriers.

Please let me know if the City of Las Vegas has any questions or comments for AT&T's project LSVGNVL070 MLK.

Thanks,

The property located at 7501 West Alta Road (apn # 138-34-301-003) has operated as a self-serve carwash for over 13 years. It sits on approximately 1 acre of land and has 6 car wash bays and 6 vacuums bays. Approximately two and a half years ago Community Bank foreclosed on the property and shut the business down. The "Use Permit" expired March of 2009, I have purchase the property subject to the "Use Permit" being renew for the exiting Self-Serve Car Wash. I would be requesting Waivers to the Minimum Special Use Permit requirements as follows:

1. Hours of operation 7am to 10Pm to 24/7
2. Opening bays to the street / existing
6. The use must not be within 200 feet of residential property / existing
9. The business must be operated in conjunction with another motor vehicle related Smog inspection, minor auto repair etc... I would like to do Smog inspections.
10. An attendant must be on the premises all times the equipment is operational. / Attendant 6 hours 7 days a week

Presently my company operate 10 self-serve car washes it the Las Vegas area and would like the opportunity to re-establish the Use Permit to operate this business again.

Re: Special Use Permit with separation waivers a Supper club within Tivoli Village
Parcel 138-32-601-003. Silk, 400 S Rampart, #190

Dear Sir/Madam;

Please consider this request to allow a Tavern within a previously approved mixed use development (SUP-5853). The site is located within a 29 acre commercial and residential development located at the northeast corner of Alta Drive and Rampart Boulevard. Specifically, Silk is a grade level establishment located adjacent to the arcade feature that decorates the area next to the Rampart/Alta intersection.

Silk, is a Spanish themed restaurant that will serve Tapas, Sangrias, beer and other forms of Liquor. The floor plan offers patrons the choice of three seating environments. An indoor seating area is open to all patrons including families, a lounge area is available to patrons 21 years and older, and cortile/patio dining can be accessed by first traversing through the restaurant. This patio area is shaded by the arcade feature. As proposed, Silk meets Title 19 requirements for a supper club including seating capacity, kitchen hours, staffing levels, and restaurant/lounge separation. The parking allocation for this restaurant is grandfathered into the project-wide parking agreement. Please reference VAR-10773 that approved 3,955 spaces where 4,961 would otherwise be required.

This application requires a waiver of separation distance to allow less than 400 feet from the property line of the subject parcel to the property line of the nearest city park. The Tivoli Village mixed use development is situated on a parcel on which the north easternmost corner measures 141 feet from a playground within Angel Park (138-32-501-003). It is important to note that the commercial portion of this 30 acre parcel is on the westernmost side of the mixed use area. Consequently approximately 560 feet of mid-rise residential development is situated between the commercial portion of Tivoli Villages and the subject playground. It is also notable that there are two barriers between this park and Tivoli Village. The first is an approximate 600 foot fence along the northern boundary of the property. The second is a drainage channel that is more than 20 feet deep. As a result, a pedestrian must walk 1655 feet to the park while there is no direct vehicular access. For this reason, the park is suitably protected from this supper club.

JUSTIFICATION LETTER

RE: STRUTN/1911 Stella Lake, Las Vegas NV 89106
Reference License # S07-98337-3-150332

Ashley Chaney will be utilizing an existing retail space in our building. The small space is currently used for retail sales and operates under an existing retail sales license #B08-008363-2-095811, which has been in place since October 2006 and was provided as part of our pre-application processing.

Ashley Chaney is affiliated with Expertise and will be managing the retail space. She will expand the current inventory to include other women's accessory items and will report those sales separately for the purpose of taxation and inventory control. She completed the State Business License process and has followed the requirements for Nevada business taxation.

Since our opening in 2006, we have incubated Gritz Café by providing tenant improvements to support bringing this new business establishment to the Westside community. We feel by supporting our retail sales manager in developing her business skills, we are providing a valuable service for this graduate of our school who aspires to develop her business management skills. By having her manage a portion of the inventory, complete related sales tax reporting, we are contributing to her development much like a business incubator project.

We see the expansion of the merchandise as a way to stimulate our existing retail operation by responding to our students' and salon clients' request for new products. The customers will be the same individuals, primarily our students and customers of the beauty school which operates in the majority of the building's square footage. We also expect to attract clients of the Gritz Café, which is also domiciled in this building and the holder of a city Business License.

The retail space has been highlighted on the site plan and, as noted is an estimated 225 SF of the overall 10,000 SF facility. For this reason, we do not anticipate an increase in foot traffic or vehicular traffic since these clients are already being served at this site. Further, no permanent exterior signage will be attached to our building, as we see the existing clients as our target market. Additionally, no interior modifications or construction is being undertaken.

The following summarizes the key factors:

- Existing retail sales license
- No change to the structure
- No exterior attached signage
- Space dedicated to retail sales is approximately 3% of the overall square footage of the building
- Clients are from our existing students and clients and customers of Gritz Café (SUP-18298) which operates under an existing city license in a portion of the building.

JUSTIFICATION LETTER

Re: CONTRACT AUTOMOTIVE -PARKING LOT-
APN# 139-36-812-008 0.31 Acres

With this letter we are requesting a waiver of landscape standards on the above mentioned parcel with Zoning District "M". I am the owner of the above mentioned parcel and have been conducting business on the same for the past eighteen (18) years. Using this parcel as a parking lot.

Due to the zoning "M" of this property, I have had no problems whatsoever with having no landscape. Moreover, all of the adjacent parcels in the same area have no landscape per City of Las Vegas requirements.

Importantly, I have secured the support and approval of all of my neighboring parcel owners who have signed a petition in support of my request.

In this economic slow down and with sales on a sharp decline, I am hopeful that I will receive your full support as I am struggling to stay afloat with my business.

I am thankful in advance for your consideration and hopeful that this letter will suffice in resolving this matter, so I can continue with my day to day business schedule.
