City Manager Elizabeth N. Fretwell

COMMISSIONERS

Richard Truesdell, Chair
Steven Evans, Vice Chair
Byron Goynes
Glenn E. Trowbridge
Vicki Quinn
Gus W. Flangas
Todd L. Moody

Facilities are provided throughout City Hall for convenience of persons with disabilities. For meetings held in the Council Chambers, sound equipment is available for persons with hearing impairments. If you need an accommodation to attend and participate in this meeting, please call the DEPARTMENT DESIGNEE at (702) 229-6301 and advise of your need at least 48 hours in advance of the meeting. The City's TDD number is (702) 386-9108.

December 16, 2010
6:00 PM

ALL ITEMS ON THIS AGENDA ARE SCHEDULED FOR ACTION UNLESS SPECIFICALLY NOTED OTHERWISE. UNLESS OTHERWISE STATED, ITEMS MAY BE TAKEN OUT OF THE ORDER PRESENTED AT THE DISCRETION OF THE CHAIRPERSON.

NOTICE: This meeting has been properly noticed and posted at the following locations:

City Clerk's Bulletin Board, City Hall Plaza, 2nd Floor Skybridge
Clark County Government Center, 500 South Grand Central Parkway
Las Vegas Library, 833 Las Vegas Boulevard North
Grant Sawyer Building, 555 East Washington Avenue
Bulletin Board, City Hall Plaza (next to Metro Records)

ACTIONS: ALL ACTIONS EXCEPT GENERAL PLAN AMENDMENTS, REZONINGS AND RELATED CASES THERETO ARE FINAL UNLESS AN APPEAL IS FILED BY THE APPLICANT OR AN AGGRIEVED PERSON, OR A REVIEW IS REQUESTED BY A MEMBER OF THE CITY COUNCIL WITHIN TEN DAYS.

ANY ITEM LISTED IN THIS AGENDA MAY BE TAKEN OUT OF ORDER IF SO REQUESTED BY THE APPLICANT, STAFF, OR A MEMBER OF THE PLANNING COMMISSION AND AGREED TO BY THE PLANNING COMMISSION. THE PLANNING COMMISSION MAY IMPOSE TIME LIMITATIONS, AS NECESSARY, ON THOSE PERSONS WISHING TO BE HEARD ON ANY AGENDAED ITEM.

PLANNING COMMISSION MEETING RULES OF CONDUCT:

1. Staff will present each item to the Commission in order as shown on the agenda, along with a recommendation and suggested conditions of approval, if appropriate.
2. The applicant is asked to be at the public microphone during the staff presentation. When the staff presentation is complete, the applicant should state his name and address, and indicate whether or not he accepts staff's conditions of approval.
3. If areas of concern are known in advance, or if the applicant does not accept staff's condition, the applicant or his representative is invited to make a brief presentation of his item with emphasis on any items of concern.
4. Persons other than the applicant who support the request are invited to make brief statements after the applicant. If more than one supporter is present, comments should not be repetitive. A representative is welcome to speak and indicate that he speaks for others in the audience who share his view.
5. Objectors to the item will be heard after the applicant and any other supporters. All who wish to speak will be heard, but in the interest of time it is suggested that representatives be selected who can summarize the views of any groups of interested parties.
6. After all objectors' input has been received; the applicant will be invited to respond to any new issues raised.
7. Following the applicant's response, the public hearing will be closed; Commissioners will discuss the item amongst themselves, ask any questions they feel are appropriate, and proceed to a motion and decision on the matter.
8. Letters, petitions, photographs and other submissions to the Commission will be retained for the record. Large maps, models and other materials may be displayed to the Commission from the microphone area, but need not be handed in for the record unless requested by the Commission.

As a courtesy, we would ask those not speaking to be seated and not interrupt the speaker or the Commission. We appreciate your courtesy and hope you will help us make your visit with the Commission a good and fair experience.

BUSINESS ITEMS:

1. CALL TO ORDER
2. ANNOUNCEMENT: COMPLIANCE WITH OPEN MEETING LAW
3. ROLL CALL
4. APPROVAL OF THE FINAL MINUTES FOR THE PLANNING COMMISSION MEETING OF OCTOBER 21, 2010
5. Any Items from the Planning Commission, staff and/or the applicant wish to be stricken or held in abeyance to a future meeting may be brought forward and acted upon at this time.

CONSENT ITEMS:

CONSENT ITEMS ARE CONSIDERED ROUTINE BY THE PLANNING COMMISSION AND MAY BE ENACTED BY ONE MOTION. HOWEVER, ANY ITEM MAY BE DISCUSSED IF A COMMISSION MEMBER OR APPLICANT SO DESIRES.

ONE MOTION - ONE VOTE

THE FOLLOWING ARE ITEMS THAT MAY BE CONSIDERED IN ONE MOTION/ONE VOTE. THEY ARE CONSIDERED ROUTINE NON-PUBLIC AND PUBLIC HEARING ITEMS. ALL PUBLIC HEARINGS AND NON-PUBLIC HEARINGS WILL BE OPENED AT ONE TIME. ANY PERSON REPRESENTING AN APPLICATION OR A MEMBER OF THE PUBLIC OR A MEMBER OF THE PLANNING COMMISSION NOT IN AGREEMENT WITH THE CONDITIONS AND ALL STANDARD CONDITIONS FOR THE APPLICATION RECOMMENDED BY STAFF, SHOULD REQUEST TO HAVE THAT ITEM REMOVED FROM THIS PART OF THE AGENDA.

6. ZON-40051 - REZONING - PUBLIC HEARING - APPLICANT: CITY OF LAS VEGAS - OWNER: NEVADA POWER COMPANY - Request for a Rezoning FROM: U (UNDEVELOPED) [PF (PUBLIC FACILITIES) GENERAL PLAN DESIGNATION] TO: C-V (CIVIC) on 3.85 acres at 6120 North Jones Boulevard (APN 125-25-201-006), Ward 6 (Ross).

RE: Application ZON-40051
Assessor's Parcel Number 125-25-201-001

Dear Mr. Gebeke:

In regard to this parcel, staff has determined that the existing General Plan designation and zoning classification are inconsistent with possible future development. In order to resolve this inconsistency and ensure that future development is compatible with existing development, staff is proposing to change the zoning district of the site to C-V (Civic). Please call me at 229-4693 with any questions.

Sincerely,

Peter Lowenstein, AICP

RE: Application ZON-40052
Assessor's Parcel Number 138-02-401-001

Dear Mr. Gebeke:

In regard to this parcel, staff has determined that the existing General Plan designation and zoning classification are inconsistent with possible future development. In order to resolve this inconsistency and ensure that future development is compatible with existing development, staff is proposing to change the zoning district of the site to C-V (Civic). Please call me at 229-4693 with any questions.

Sincerely,

Peter Lowenstein, AICP

WMC Phase 1, LLC
495 South Grand Central Parkway
Las Vegas, Nevada 89106RE: MSP-6344 - MASTER SIGN PLAN
CITY COUNCIL MEETING OF JUNE 15, 2005

Dear Mr. Holgate:

The City Council at a regular meeting held June 15, 2005 APPROVED the request for a Master Sign Plan FOR A PROPOSED BUSINESS PARK at 495 South Grand Central Parkway (APN 139-33-610-005 and 006), PD (Planned Development) Zone. The Notice of Final Action was filed with the Las Vegas City Clerk on June 16, 2005. This approval is subject to:

Planning and Development

1. Conformance to the sign illustrations and documentation as submitted in conjunction with this request, dated 03/17/05, except as modified by conditions herein.
2. Any modifications to this Master Sign Plan as submitted, that are in compliance with the requirements of Title 19.14 and the Parkway Center Development Standards, may be reviewed and approved administratively by the Planning and Development Department for Phase I. Signage for any future buildings on the subject site shall require an amendment to the Master Sign Plan, to be reviewed and approved by the Parkway Center Architecture Review Committee (PC-ARC) and the Planning Commission.
3. All freestanding signage shall have a minimum five-foot setback from the property line, in accordance with the requirements of Title 19.14.060(F)(5).
4. All signage shall have proper permits obtained through the Building and Safety Department.

Public Works

5. Signs shall not be located within the public right-of-way, existing or proposed public sewer or drainage easements, or interfere with Site Visibility Restriction Zones.

WMCV Phase 3, LLC

APN : 139-33-610-022
Address : 455 S. Grand Central Pkwy.

Dear Mr. Gebeke:

The application seeks approval of an amendment to its Master Sign Plan to allow for the installation of interchangeable/removable on-premise signage on the façade of each of the World Market Center Las Vegas Buildings located within the Las Vegas Centennial Plan.

Applicant is seeking approval to install eleven (11) signs onto the existing buildings. The proposed signs are 180'W x 150'H (2), 150'W x 100'H (2), 150'W x 120'H (2), 150'W x 75'H (1), 300'W x 115'H (1), 300'W x 150'H (1) and 150'W x 53'H (2) and all are made with "3M 3662 Pressure Sensitive Vinyl with 3M Laminate". Applicant contemplates installing the signs immediately upon approval, and first displaying the signs for its January 24-28, 2011 tradeshow event, and refreshing and/or changing the signage for tradeshow events occurring thereafter. The signs will depict only the advertisements of either the property owner, or existing tenants and/or business affiliates of the property owner.

Thank you for your consideration. Should you have any questions or concerns, please do not hesitate to contact me at any time.

Very truly yours,

A handwritten signature in blue ink, appearing to read "J. Leleu".

Jonathan P. Leleu
In-House Legal Counsel for
World Market Center Las Vegas

8. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

Staff Report Page One
December 16, 2010 - Planning Commission Meeting

**** STAFF REPORT ****

PROJECT DESCRIPTION

This is a request for a Special Use Permit for a proposed 2,000 square-foot Motor Vehicle Sales (Used) use at 4561 East Bonanza Road, Suite #130. The subject property contains an existing 16,250 square-foot Auto Repair Garage, Major building and has been approved through Site Development Plan Review (SDR-25148) for a 19,500 square-foot General Retail and Restaurant building. In addition, the subject property has also received a parking Variance (VAR-25220) to allow 201 parking spaces where 250 are required. The applicant is proposing to convert a 2,000 square-foot storage area of the existing 16,250 square-foot Auto Repair Garage, Major building into a Motor Vehicle Sales (Used) use. Placing an additional use on the subject property, in addition to the existing and approved uses, will create an overly developed site and will negatively impact the surrounding neighborhood; therefore, staff recommends denial of this request. If this application is denied, the existing 16,250 square-foot Auto Repair Garage, Major building and use would remain.

ISSUES

- 4561 East Bonanza Road, Suites # 125 and # 145 have had permits issued, but were never finalized.
- The applicant currently has six code enforcement cases open at 4561 East Bonanza Road.
- Per Title 19.04 Minimum Special Use Permit Requirement # 7 for the Auto Repair Garage, Major use, no vehicles may be parked on the premises for the purposes of offering the vehicle for sale. Approval of this Special Use Permit request would circumvent this requirement of the previously approved Special Use Permit (SUP-3223).

BACKGROUND INFORMATION

<i>Related Relevant City Actions by P&D, Fire, Bldg., etc</i>	
09/02/03	A Code Enforcement complaint (#3208) was issued for various code violations at 4561 East Bonanza Road. The case was resolved on 10/24/03.
10/30/03	A Code Enforcement complaint (#6336) was issued for various code violations at 4561 East Bonanza Road. The case was resolved on 12/15/03.

Staff Report Page Two
December 16, 2010 - Planning Commission Meeting

01/24/04	The City Council approved a General Plan Amendment (GPA-2966) from SC (Service Commercial) to GC (General Commercial), a Rezoning (ZON-2967) from R-E (Residence Estates) Zone under Resolution of Intent to O (Office) and C-1 (Limited Commercial) to C-2 (General Commercial), a Special Use Permit (SUP-3223) and Site Development Plan Review (SDR-3224) for an Auto Repair Garage (Major) and a proposed Self Serve Car Wash on 3.41 acres adjacent to the southeast corner of Bonanza Road and Page Street. The Planning Commission and staff recommended denial of these requests. The area designated Phase Two on the site plan was zoned to C-1 (Limited Commercial) by the City Council.
03/02/04	A Code Enforcement complaint (#10625) was issued for graffiti at 4561 East Bonanza Road. The case was resolved on 03/19/04.
06/21/04	A Code Enforcement complaint (#16380) was issued for trash on the vacant lot portion at 4561 East Bonanza Road. The case was resolved on 06/30/04.
07/27/04	A Code Enforcement complaint (#19314) was issued for various code violations at 4561 East Bonanza Road. The case was resolved on 12/06/04.
10/27/04	A Reversionary Final Map (FMP-5529) was administratively approved by the Planning and Development Department on property located on the southeast corner of Bonanza Road and Page Street. The map was recorded 01/19/05.
03/02/05	A Code Enforcement complaint (#26624) was issued for various code violations at 4561 East Bonanza Road. The case was resolved on 04/04/05.
04/20/06	A Code Enforcement complaint (#40443) was issued for various code violations at 4561 East Bonanza Road. The case was resolved on 07/06/06.
07/21/06	A Code Enforcement complaint (#44724) was issued for various code violations at 4561 East Bonanza Road. The case was resolved on 02/10/07.
11/27/07	A Code Enforcement complaint (#59626) was issued for various code violations at 4561 East Bonanza Road. The case was resolved 08/12/08.
03/19/08	The City Council approved a Site Development Plan Review (SDR-25148) to add a proposed 20,400 square-foot General Retail Development to an existing 16,250 square-foot Auto Repair Garage, Major with Waivers of perimeter landscape buffers to allow a five-foot buffer along a portion of the south property line where 15 feet is required and a five-foot buffer along a portion of the east property line where eight feet is required and a Variance (VAR-25220) to allow 201 parking spaces where 250 spaces are required on 3.41 acres at the southeast corner of Page Street and Bonanza Road. The Planning Commission and staff recommended denial of these requests.
07/16/08	The City Council approved a Special Use Permit (SUP-27933) for a proposed Restaurant with Service Bar with Waivers to allow a zero-foot distance separation from a Child Care Facility and to allow a 58-foot distance separation from a school where 400 feet is required at 4561 East Bonanza Road. The Planning Commission and staff recommended denial of this request.

Staff Report Page Three

December 16, 2010 - Planning Commission Meeting

09/29/08	The Planning and Development Department administratively approved a Parcel Map (PMP-27923) for 3.42 acres located at 4561 East Bonanza Road. The map recorded on 06/09/09.
03/24/09	The Planning and Development Department conducted a Planning Inspection at 4561 East Bonanza Road. At the time of inspection unmaintained landscape, non-permitted temporary signs, graffiti, a non-compliant trash enclosure, vehicles for sale within the parking lot, outside display and faded parking lot striping were noted. The violations were turned over to Code Enforcement 03/26/09 for further action.
04/23/09	The Planning Commission denied a Special Use Permit (SUP-33611) for a proposed Motor Vehicle Sales (Used). The Planning and Development Department staff recommended denial.
05/11/10	A Code Enforcement complaint (#90670) was issued for various code violations at 4561 East Bonanza Road. The case is still open.
05/27/10	A Code Enforcement complaint (#91303) was issued for various code violations at 4561 East Bonanza Road, Suite #110. The case is still open.
05/27/10	A Code Enforcement complaint (#91304) was issued for various code violations at 4561 East Bonanza Road, Suite #130. The case is still open.
05/27/10	A Code Enforcement complaint (#91305) was issued for various code violations at 4561 East Bonanza Road, Suite #140. The case is still open.
05/27/10	A Code Enforcement complaint (#91306) was issued for various code violations at 4561 East Bonanza Road, Suite #145. The case is still open.
07/29/10	The Planning Commission accepted the applicant's request to abey a Special Use Permit (SUP-38523) for a proposed 2,000 square-foot Motor Vehicle Sales (Used) use at 4561 East Bonanza Road, Suite #130.

01/25/05	A building permit (#05000428) was issued for on-sites at 4561 East Bonanza Road. The permit received final approval 11/22/05.
01/25/05	A building permit (#05000427) was issued for a shell building at 4561 East Bonanza Road. The permit received final approval on 05/17/06.
06/22/06	A business license (#G03-02357) was issued for major auto repair at 4561 East Bonanza Road Suite #110. The license is currently active.
07/25/06	A business licenses (#G02-00753) was issued for an auto repair garage/tire sales at 4561 East Bonanza Road Suite #160. The license is currently active.

Staff Report Page Four
December 16, 2010 - Planning Commission Meeting

10/10/06	A business license (#G03-02372) was issued for major auto repair at 4561 East Bonanza Road Suite #120. The license is currently active.
03/17/07	A building permit (#07000850) was issued for a tenant improvement remodel at 4561 East Bonanza Road, Suite #125. The permit expired 09/08/07 without receiving final approval.
10/04/07	A business licenses (#A39-00431) was issued for auto parts sales at 4561 East Bonanza Road, Suite #160. The license is currently active.
03/04/09	A business licenses (#S02-01136) was issued for a truck driving school at 4561 East Bonanza Road, Suite #130. The license is currently active.
03/09/09	A business license application (#R05-97501) was submitted for a hot dog cart at 4561 East Bonanza Road. The license is currently under review, awaiting proper documentation to be submitted.
03/09/09	A business license application (#G03-97502) was submitted for major auto repair/body work at 4561 East Bonanza Road, Suite #130. The license was reviewed by the Planning and Development Department 03/18/09, and is currently under review by other City departments.
07/23/09	A business license (#G03-97502) was issued for major auto repair/body work at 4561 East Bonanza Road, Suite #130. The license was marked out of business on 09/21/09.
10/26/09	A building permit (#150118) was issued for a non-work certificate of occupancy at 4561 East Bonanza Road, Suite #145. The permit was never finalized.

Pre-Application Meeting

06/03/10	A pre-application meeting was held with the applicant where elements of submitting a Special Use Permit for Motor Vehicle Sales (Used) were discussed. The topics included the submittal of application materials, meeting dates, and deadlines.
----------	--

Neighborhood Meeting

A neighborhood meeting is not required, nor was one held.

Field Check

06/24/10	A poorly maintained site was noted with missing landscaping, disabled vehicles, trash enclosures used for storing various items, a destroyed trash enclosure, trash dumpsters that are out in the open, graffiti on buildings and inaccessible drive aisles. There are open Code Enforcement actions on the subject site.

December 16, 2010 - Planning Commission Meeting

ANALYSIS

The applicant is proposing to convert 2,000 square feet of an existing 16,250 square-foot Auto Repair Garage, Major into a Motor Vehicle Sales (Used) establishment. A previous Variance (VAR-25220) approved 201 parking spaces for a 16,250 square-foot Auto Repair Garage, Major, a 6,207 square-foot Restaurant, and 13,315 square-feet of General Retail where 250 parking spaces are required. The applicant was denied a previous a Special Use Permit (SUP-33611) for a proposed 1,000 Motor Vehicle Sales (Used) at this site on 04/23/09. This request would allow vehicle sales in conjunction with an Auto Repair Garage, Major, which was previously approved through Special Use Permit (SUP-3223). This would circumvent a Minimum Special Use Permit Requirement of that use that prohibits the display and sale of vehicles at an Auto Repair Garage, Major site. As such, staff cannot support this request and recommends denial.

FINDINGS (SUP-38523)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

- 1. The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

The proposed land use cannot be conducted in a manner that is harmonious and compatible with the existing and surrounding land uses, as the surrounding businesses within the subject property are high-volume uses, and over 20,400 square feet of additional uses have been approved for the site through Site Development Plan Review (SDR-25148). The surrounding parcels are residential and commercial in nature, and the proposed use will not be harmonious or compatible with the adjacent residential land uses, as the proposed use is too intense for the subject property.

- 2. The subject site is physically suitable for the type and intensity of land use proposed.**

The subject site is not physically suitable for the type and intensity of land use proposed, as evidenced by the approved Variance (VAR-25220) for parking. The isolation of this parcel from others zoned C-2 (General Commercial) creates a significant conflict with adjacent, less-intensely zoned properties.

- 3. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

Staff Report Page Eight
December 16, 2010 - Planning Commission Meeting

Access to the site is provided by Bonanza Road, a 100-foot Primary Arterial as designated by the Master Plan of Streets and Highways, which will provide adequate access to the site. There is only one access driveway to the site with an emergency crash gate at the south end of the site, at Diamond Head Drive, a 60-foot Local Street, which will provide adequate emergency access. The subject property is also adjacent to Page Street, a 60-foot Local Street to the east; however, no access is provided to this roadway.

- 4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

The proposed development is subject to permit review and inspection; therefore, appropriate measures will be taken to protect the health, safety and general welfare.

- 5. The use meets all of the applicable conditions per Title 19.04.**

The proposed use meets all of the applicable conditions per Title 19.04; however, the request would allow vehicle sales in conjunction with an Auto Repair Garage, Major, which was previously approved through Special Use Permit (SUP-3223). This would circumvent a Minimum Special Use Permit Requirement of that use that prohibits the display and sale of vehicles at an Auto Repair Garage, Major site.

Re: JUSTIFICATION LETTER

To whom it may concern.

I am applying for a Use Permit for an Auto Sales at 4561 E. Bonanza Road, Las Vegas, Nevada 89110. The property is zoned as a C2 which is for a heavy mechanic repair of which is comparable with Use Permit of which I am applying for.

Further this is vital to me because at this time I have filed a chapter 11 bankruptcy and this will give more proof to the judge and trustees that I do intent to have future income.

Respectfully

HECTOR CAMACHO

**Re: Justification Letter
Sky View Pines Family Apartments
21 West Owens Avenue, Las Vegas, Nevada**

Dear Steve:

We are requesting a variance to reduce the amount of required parking spaces from 170 to 156.

The purpose of this request is to allow for the installation of traffic gates.

The original design did not include these gates because they would not fit with the design of the zoning criteria for parking. After meetings with adjacent property owners and Metro, it was determined that the inclusion of the gates was important to restrict unauthorized vehicular traffic onsite.

With the parking space reduction we believe that there will still be ample parking for the property. The income restrictions at Sky View Pines targets lower income individuals and families, and car ownership is doubtful. These income levels are lower than the adjacent property, Horizon Crest Family Apartments, and our records indicate there is less than .5 cars per apartment at that location. Therefore we believe that a parking ratio of greater than 1 to 1 is sufficient.

We are currently under construction on Sky View Pines, and expect to be complete by June 2011.

Please feel free to contact me at (702) 410-2706 if you have any further questions. Thank you.

Sincerely,

Jacquie Haas
Real Estate Development Manager

Planning and Development Department

731 S Fourth Street Las Vegas NV 89101

To whom it may concern,

I, Jason Aungenett, have built an enclosed dry storage garage to house my seven vehicles due to recent vandalism and robbery that has occurred to my vehicles.

Unfortunately, I began construction prior to obtaining the necessary permits. I did not believe it was necessary to obtain permits as my neighbors have similar size properties and similar size garages. In which I was informed by them that they had not obtained permits for their garages.

I have been working diligently to comply with all requirements. I am requesting a variance because the size of the building exceeds fifty percent of the size of the main dwelling. As I had mentioned before the size of the garage is to occupy several cars, a twenty four foot trailer and a motor home that I plan to purchase in the near future.

Please allow me the opportunity for a proper hearing to propose my plans for my garage.

Kind regards,

Jason J Aungenett

JUSTIFICATION LETTER

Address: Planning & Development Dept.
4th & Gass
Las Vegas, NV

Property: 5705 Paseo Montana ct.
Las Vegas, NV. 89108
Parcel # 138-13-210-015

Topic: Request variance for garage to be built that exceeds the 50% limit of dwelling.
The size of garage is (3000 sq. ft.) and dwelling is (1600 sq. ft.)
The proposed structure will exceed main dwelling by (1400 sq. ft.). Height of main dwelling is 15'8" and height proposed structure is 15'3". The back yard area is over 10,000 sq. ft.

Reason: The purpose of this building is for storing my collection of classic automobiles, cycles, boat, and camper in a secure area; to eliminate the destruction of my vehicles caused by animals, weather, and vandalism.

Comment: The proposed structure will be an open floor plan with no rooms inside of building.
Your consideration to this variance request would be appreciated.

Thank You

10/29/10

To: The planning Commission of Las Vegas Nevada

I Teresa Garcia bought a house on 1240 south 10th street Las Vegas, Nevada. I have made some improvements to the property and some additions as well. This year I replaced the old existing carport with a better structure for stability and great appearance to the neighborhood. When I was finish, I was cited because I did not get a permit. I was under the impression that because I was just replacing the existing one a permit was not required. The front yard setback is fourteen feet and it suppose to be twenty; I took the time to ask my neighbors if they had a problem with the carport and if it block their view, and they responded that the neighborhood needs changes like mine. Please let me keep my carport.

Thank you.

**RE: Cell Facility for AT&T Mobility (APN 139-28-502-004) located at
1311 West Owens Avenue: SDR-38623**

Dear Mr. Frayer:

Planning and Development Department staff has reviewed the proposed plans to remove three (3) existing antennas at the 70-foot centerline and replace them with three (3) new antennas with the top of the antennas at 72 feet of an existing Wireless Communication Facility, Non-Stealth Design (Monopole) located at 1311 West Owens Avenue. The determination has been made that this request cannot be approved administratively.

A Special Use Permit application will be required prior to submittal of building permits. A copy of this letter must be included in the permit package.

If you have any questions, please contact me at (702) 229-6895.

RE: AT&T Mobility Project LSVG NVL070 MLK 1311 W. Owens
APN# 139-28-502-004 Special Use Permit

To Planning and Development:

AT&T Mobility is asking for the following to be reviewed by the City of Las Vegas Planning Department for AT&T project LSVG NVL070 MLK 1311 W. Owens. The site is an existing non-stealth monopole with three wireless providers already on the tower and AT&T believes that the impact of its proposed modification to change out its existing array for upgraded technology to expand its wireless network to be minimal.

- What AT&T is seeking to complete is a modification upgrade to the cell site to allow for greater use and expanded technology. As you can see from the photo simulations and the plans, AT&T looks to replace three (3) existing Powerwave 7752 antennas at position 2 (one each sector) with three (3) new Powerwave 7755 antennas is to be located in the same place as the existing antennas on the tower. AT&T is also looking to move the existing antenna at position four (4) to position three (3); but retain the existing antenna. Finally, AT&T is also requesting antenna change outs on antennas at positions one (1) and four (4) from Powerwave 7752 to new Kathrein 800-10766 K antennas. The only difference is all the new antennas are no more than two (2') feet longer than the existing antennas. The top of the existing antennas are at 70' and AT&T is asking to increase that height with the new antenna array to 72'. The tower itself is not being proposed to increase in tower height; just the antennas.
- AT&T cannot lower the bottom of the antennas to bring the top of the new antenna in line with the existing antennas because of the existing Sprint antennas below AT&T's rad center. It would cause interference and virtually overlap Sprint's and AT&T's antennas.
- There are no changes to the operating equipment located in the shelter and the minor changes to the antennas will not be noticed by the general public. The new antenna will match the existing ones (as stated on the plans), as to fade into the background as the existing equipment does.

702-460-8926 Office 6 Sunset Way Suite B108 702-614-4650 Fax Henderson, Nevada 89014

SUP-39709

RECEIVED
at&t
SEP 24 2010

For this project:

- It encourages co-location by staying on the existing tower.
- No residential use exists on the property.
- This existing tower is designed to be co-locatable and currently houses two additional telecommunication providers besides AT&T on the property.
- There is no tower lighting or signals currently on the monopole.
- All ground level equipment is screened by an existing block wall.
- The property is zoned commercial.

AT&T believes that this modification will not be detrimental to the surrounding area. It is in an area away from the general public; generally going unnoticed by the public at large and necessary for the increased operations of AT&T's telecommunications facility coverage necessities. This is but one carrier on the existing tower that houses three (3) carriers.

Please let me know if the City of Las Vegas has any questions or comments for AT&T's project LSVGNVL070 MLK.

Thanks,
Jason Frayer

RE: 1715- 1735 FREMONT ST. LAS VEGAS
APN: 139-35-315-007 ; 139-35-315-006

Overview

The property located at 1715-1735 Fremont St. Las Vegas has been an automotive complex for more than 20 years. Bel-Air RG LLC et als purchased the property in June 2007, which is commonly referred to as Downtown Vegas property. Previous tenants were Mendoza Auto Sales, Vallarta Auto Sales, Bruce Transmission, P & P Brake. As the economy worsens, these tenants left the premises without any prior notice or approval from the Landlord.

In June 2009, the City issued a new Naming and Address Assignment to properly separate each unit for proper identification.

Special Use Permit

As per City's requirements, we would like to secure a special use permit for the following:

1. Address: 1735 Fremont St. Unit 170 & 180
Square Ft: 1,142sf for #170 ; 359 sf #180
Use: Auto Major Repair
2. Address: 1715 Fremont unit 110,120,130,140,150
Square Ft: 355.2sf #110; 343.2sf #120; 412.49sf #130;
595.3sf #140; 1121.4sf #150
Use: Office and Auto Body repair
3. Address: 1735 Fremont unit 100
Square Ft: 7820sf
Use: Office and Auto Body/major repair

Permitted Use

1. 1735 Fremont St. unit 190 - tire business
2. 1715 Fremont and 1715 Fremont St. Unit 100 - warehouse

Hours of operation will be from 9am to 6pm. Days of operation shall depend on the tenants.

We would appreciate if you grant special use permit for the property at the soonest possible time. For any clarification, feel free to call our office at phone number 213-927-2700.

Truly,
The Management

Justification Letter

The property located at 7501 West Alta Road (apn # 138-34-301-003) has operated as a self-serve carwash for over 13 years. It sits on approximately 1 acre of land and has 6 car wash bays and 6 vacuums bays. Approximately two and a half years ago Community Bank foreclosed on the property and shut the business down. The "Use Permit" expired March of 2009, I have purchase the property subject to the "Use Permit" being renew for the exiting Self-Serve Car Wash. I would be requesting Waivers to the Minimum Special Use Permit requirements as follows:

1. Hours of operation 7am to 10Pm to 24/7
2. Opening bays to the street / existing
6. The use must not be within 200 feet of residential property / existing
9. The business must be operated in conjunction with another motor vehicle related Smog inspection, minor auto repair etc... I would like to do Smog inspections.
10. An attendant must be on the premises all times the equipment is operational. / Attendant 6 hours 7 days a week

Presently my company operate 10 self-serve car washes it the Las Vegas area and would like the opportunity to re-establish the Use Permit to operate this business again.

Sincerely,

Roger Foster

Re: Special Use Permit with separation waivers a Supper club within Tivoli Village
Parcel 138-32-601-003. Silk, 400 S Rampart, #190

Dear Sir/Madam;

Please consider this request to allow a Tavern within a previously approved mixed use development (SUP-5853). The site is located within a 29 acre commercial and residential development located at the northeast corner of Alta Drive and Rampart Boulevard. Specifically, Silk is a grade level establishment located adjacent to the arcade feature that decorates the area next to the Rampart/Alta intersection.

Silk, is a Spanish themed restaurant that will serve Tapas, Sangrias, beer and other forms of Liquor. The floor plan offers patrons the choice of three seating environments. An indoor seating area is open to all patrons including families, a lounge area is available to patrons 21 years and older, and cortile/patio dining can be accessed by first traversing through the restaurant. This patio area is shaded by the arcade feature. As proposed, Silk meets Title 19 requirements for a supper club including seating capacity, kitchen hours, staffing levels, and restaurant/lounge separation. The parking allocation for this restaurant is grandfathered into the project-wide parking agreement. Please reference VAR-10773 that approved 3,955 spaces where 4,961 would otherwise be required.

This application requires a waiver of separation distance to allow less than 400 feet from the property line of the subject parcel to the property line of the nearest city park. The Tivoli Village mixed use development is situated on a parcel on which the north easternmost corner measures 141 feet from a playground within Angel Park (138-32-501-003). It is important to note that the commercial portion of this 30 acre parcel is on the westernmost side of the mixed use area. Consequently approximately 560 feet of mid-rise residential development is situated between the commercial portion of Tivoli Villages and the subject playground. It is also notable that there are two barriers between this park and Tivoli Village. The first is an approximate 600 foot fence along the northern boundary of the property. The second is a drainage channel that is more than 20 feet deep. As a result, a pedestrian must walk 1655 feet to the park while there is no direct vehicular access. For this reason, the park is suitably protected from this supper club.

Re: AAAction Loans
Proposed location 8414 Farm Rd # 130

Dear Romeo:

My intention is to open a third location for AAAction Loans in the Las Vegas Area and the proposed location 8414 Farm Rd # 130 is the site I wish to open. My business provides Payday and Title Loans. I am inquiring about a waiver in regards to the 200 foot requirement for separation from residential and the 1,500 minimum space requirement for office space. Please review the following items listed below:

Existing locations:

1. 4850 W Sunset Rd # 110 LV NV 89118
2. 6910 So Rainbow # 105 LV NV 89118

Pending:

All licensing has been applied for and is pending approval from Planning

Operations once approved at 8414 Farm Rd # 130:

Employment for 2 to 3 employees
Office hours are 10am to 6pm Mon-Sat

Proposed location 8414 Farm Rd # 130 is under the required limit of 1,500 sq feet; however, it is located in a Retail Center of a major shopping center. The space at this time provides more than enough room for our needs with room to spare, as you can see by the floor plans. We are excited for the opportunity to add a store and create jobs in this area.

Thanking you in advance for your consideration in this matter.

Should you have any questions, please feel free to contact me at (847) 815-5888.

Sincerely,

Myron Lesser

Justification Letter
For Site Development Permit and Special Use Permit
BJ's Restaurant & Brewhouse
"Centennial Centre"
5881 Centennial Centre Blvd.

October 25, 2010

BJ's Restaurant Operations Company, based in Huntington Beach, CA currently owns and operates 100 premium casual dining restaurants. BJ's currently has four locations in Nevada which are located in Summerlin (10840 West Charleston Road), Henderson (9520 S. Eastern Avenue), Reno (13999 South Virginia), and Sparks (425 Sparks Blvd.). BJ's Restaurants is proposing to construct a new location within the Centennial Centre. The site is known as Pad "N" and is currently a vacant direct parcel. The restaurant will be approximately 8500 square feet, contain seating for approximately 260 guests inside and an additional 48 guests on the patio. The restaurant will feature BJ's extensive menu including our signature deep dish pizza, our famous Pizookie dessert as well as our award winning handcrafted beers. In addition, the menu includes generously portioned salads, appetizers, soups, pastas, entrees and a full bar. The entire menu is served until closing throughout the restaurant, including the bar and patio areas.

The proposed hours of operation for BJ's are the following: 8a.m. until 12:00 midnight Sunday through Thursday and 8a.m. until 1:00 a.m. Friday and Saturday. While typically BJ's does not open as early as 8 a.m. we would like the option to open this early on special occasions and holidays such as Mother's Day. BJ's will employ approximately 240 people and recruiting will be done from the local community. In addition to all required City permits and licenses, BJ's will also secure all necessary State permits and licenses as required for the sale of alcoholic beverages.

BJ's is applying for a Site Development Permit and a Special Use Permit. Prior entitlements were granted to this site for the construction of a 10,000 sq. ft. Tavern. BJ's will operate as a Supper Club and occupy less than 10,000 sq. ft which will provide for a less intensive use.

This project supports the criteria for a **Site Development Permit** as follows:

1. The proposed development is compatible with adjacent development and development in the area, as there currently are similar type uses within the vicinity;
2. The proposed development will be design to be consistent with the General Plan, this Title, the Design Standards Manual, the Landscape, Wall and Buffer Standards, and other duly-adopted city plans, policies and standards;
3. Site access and circulation do not negatively impact adjacent roadways or neighborhood traffic, as BJ's will not be modifying any of the existing roadways;
4. Building and landscape materials are appropriate for the area and for the City. BJ's will design a building and landscape area with materials that are provided within the Development Manual of this Center;

SUP-40121

SDR-40122

RECEIVED

NOV 01 2010

City of Las Vegas

5. Building elevations, design characteristics and other architectural and aesthetic features will not be unsightly, undesirable or obnoxious in appearance. They create an orderly and aesthetically pleasing environment; and are harmonious and compatible with development in the area;

6. Appropriate measures will be taken to secure and protect the public health, safety and general welfare;

The project supports the criteria for a **Special Use Permit** as follows:

1. The proposed use will be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan;
2. The subject site is physically suitable for the type and intensity of land use being proposed;
3. Street or highway facilities providing access to the property are adequate in size to meet the requirements of the proposed use;
4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety and welfare or the overall objectives of the General Plan.

Waiver Request from the Centennial Centre Development Standards- for landscaping islands every six parking spaces

BJ's is requesting a waiver for the landscape island and tree requirement for every six parking spaces. The parking lot is existing and it does not meet this requirement nor does the balance of the shopping center (see attached photos). In an effort to alternatively comply, BJ's is proposing a 29% landscaped parcel which exceeds the required 20% open space requirement. All plant materials will be consistent with those being used in the existing center.

Waiver Request from the Centennial Centre Development Standards- for sidewalk and retaining wall within setback

BJ's is requesting that a portion of their sidewalk that leads to their patio and a portion of the associated retaining wall be allowed within the setback area as shown on the plans. There are existing utilities on the pad site that dictate the building placement and thus the slight encroachment. There are existing sidewalks within the setback in other locations within the center.

We appreciate your consideration on these applications. Please let us know if you require any further information.

NOV 02 2010

JUSTIFICATION LETTER

RE: STRUTN/1911 Stella Lake, Las Vegas NV 89106
Reference License # S07-98337-3-150332

Ashley Chaney will be utilizing an existing retail space in our building. The small space is currently used for retail sales and operates under an existing retail sales license #B08-008363-2-095811, which has been in place since October 2006 and was provided as part of our pre-application processing.

Ashley Chaney is affiliated with Expertise and will be managing the retail space. She will expand the current inventory to include other women's accessory items and will report those sales separately for the purpose of taxation and inventory control. She completed the State Business License process and has followed the requirements for Nevada business taxation.

Since our opening in 2006, we have incubated Gritz Café by providing tenant improvements to support bringing this new business establishment to the Westside community. We feel by supporting our retail sales manager in developing her business skills, we are providing a valuable service for this graduate of our school who aspires to develop her business management skills. By having her manage a portion of the inventory, complete related sales tax reporting, we are contributing to her development much like a business incubator project.

We see the expansion of the merchandise as a way to stimulate our existing retail operation by responding to our students' and salon clients' request for new products. The customers will be the same individuals, primarily our students and customers of the beauty school which operates in the majority of the building's square footage. We also expect to attract clients of the Gritz Café, which is also domiciled in this building and the holder of a city Business License.

The retail space has been highlighted on the site plan and, as noted is an estimated 225 SF of the overall 10,000 SF facility. For this reason, we do not anticipate an increase in foot traffic or vehicular traffic since these clients are already being served at this site. Further, no permanent exterior signage will be attached to our building, as we see the existing clients as our target market. Additionally, no interior modifications or construction is being undertaken.

The following summarizes the key factors:

- Existing retail sales license
- No change to the structure
- No exterior attached signage
- Space dedicated to retail sales is approximately 3% of the overall square footage of the building
- Clients are from our existing students and clients and customers of Gritz Café (SUP-18298) which operates under an existing city license in a portion of the building.

SUP-40169

October 18, 2010

Ms. Margo Wheeler, Director
Planning and Development Department
731 S. 4th Street
Las Vegas, NV 89101

Ms. Wheeler:

Please accept the enclosed application for a Special Use Permit to allow the on-premise sale of beer & wine at the future home of the Verdict's Inn restaurant.

The Verdict's Inn will be located within Suite 110 at the La Octaine apartment complex; 801 S. Las Vegas Boulevard. The assessor's parcel number for the site is 139-34-401-006. This is the site of the former Potato Valley Café.

The site is currently zoned C-2 (General Commercial). The General Plan designation is MXU (Mixed-Use). The site is located within the Las Vegas Centennial Plan area.

Our site plan includes an area designated for outdoor seating per the Outdoor Dining standards listed within the Las Vegas Centennial Plan. The outdoor seating area will be used to provide seating for outdoor dining with beer/wine service in compliance with Title 6.

Thank you in advance for your consideration of this matter. Please contact me if you have any questions regarding this application.

Sincerely,

Maggie Cupp, Managing Partner
Verdict's Inn

JUSTIFICATION LETTER

Re: CONTRACT AUTOMOTIVE -PARKING LOT-
APN# 139-36-812-008 0.31 Acres

With this letter we are requesting a waiver of landscape standards on the above mentioned parcel with Zoning District "M". I am the owner of the above mentioned parcel and have been conducting business on the same for the past eighteen (18) years. Using this parcel as a parking lot.

Due to the zoning "M" of this property, I have had no problems whatsoever with having no landscape. Moreover, all of the adjacent parcels in the same area have no landscape per City of Las Vegas requirements.

Importantly, I have secured the support and approval of all of my neighboring parcel owners who have signed a petition in support of my request.

In this economic slow down and with sales on a sharp decline, I am hopeful that I will receive your full support as I am struggling to stay afloat with my business.

I am thankful in advance for your consideration and hopeful that this letter will suffice in resolving this matter, so I can continue with my day to day business schedule.

Justification letter

Re: Jim Marsh American Corp "Chrysler/Jeep Dealership"

Address: 8623 West Centennial Pkwy

APN: 125-29-502-028, 125-29-502-029, 125-29-502-015, 125-29-502-012

Existing zoning: T-C (Town Center District)

Proposed use: Motor Vehicle Sales / Service

The proposed project is to construct a 24,239 s.f. (Two story) Sales / Service and Parts storage facility for: Jim Marsh American Corp "Chrysler/Jeep".

The use (Motor Vehicle Sales) is consistent with existing zoning and a appropriate use for this property and location.

Wavers requested:

- 1) Wave 15' requirement for perimeter landscaping within enclosed vehicle storage area. (West property line @ Riley).
- 2) Wave 8' requirement for perimeter landscaping within enclosed vehicle storage area. (South property line).

Other items:

- 1) No trailer trucks to off-load on public way (i.e. Riley and Centennial Pkwy)
- 2) Joint access agreement with Jim Marsh property on East to be provided.
- 3) All new street landscape to be extended existing landscaping to match

Thank you

Richard Threlfall Architect Inc.

RE: Justification Letter for Temporary Office Trailers located at 497-499
N. Lamb.

The driving force behind our request to extend the permitting of the two office trailers continues to be that the early 1960's building at 501 N. Lamb, was not designed to accommodate either a membership or a staff as exists today. Since we anticipate relocation elsewhere in the Las Vegas valley, the expenditure to remodel 501 N. Lamb to accommodate the functions now housed in 497 & 499 N. Lamb is impossible to justify. The usage of the trailers continues to be exclusively for staff offices and meetings.

Given that the trailers have been on our property for an extended amount of time, we still maintain they are a temporary solution. We expect to have a clear answer as to relocating our operation within the next two years, which would coincide with a permit for continued temporary usage.

Also, if they are to be considered temporary, we hereby seek a waiver for the additional landscaping along the north property line. Once again the cost of such expenditure for a temporary permit is not easily justified.

Daniel Dyrdaahl
Representative

These documents are incomplete, and are released for interim review only and are not intended for regulatory approval, bidding, permit, or construction purposes.

KEY PLAN

The key plan shows the layout of the site. It includes a parking garage, a dome, a banquet pavilion, a main pavilion, and a restaurant pavilion. The site is bounded by a road to the north and a road to the east. The parking garage is located to the west of the dome. The banquet pavilion is located to the east of the dome. The main pavilion is located to the south of the dome. The restaurant pavilion is located to the south of the main pavilion.

Architectural elevation drawing of the exterior of the Discovery Children's Museum South Wall. The drawing shows a long, low building with a series of horizontal bands and a sloped roofline. Key features include an elevator hoistway, a plaster finish on the north wall, an aluminum canopy, and a discovery children's museum south wall. The drawing is labeled with grid lines C1 through C6 and includes a section cut symbol. A table on the right side of the drawing provides elevation data for various levels and points.

Re: **Reynolds Discovery Children's Museum Parking Garage**
Design Development Submission,
Submitted and presented October 8, 2010

Dear Mr. Edwards,

The Symphony Park Design Review Committee (SP-DRC) received your submission and presentation of the Reynolds Discovery Children's Museum (Museum) Garage on Friday October 8 and gave you a number of initial comments that day. We will reiterate those comments here to document them. We have, in addition, looked at our submittal requirements more closely and want to pass on a few additional items that we did not necessarily discuss last Friday the 8th in person with your team. We understand and appreciate that you are in the process of refining the garage design to reflect our comments last week but these additional items need to be considered also.

A. SP-DRC comments from October 8 meeting:

1. Reorient the garage plan so that the entry/ exit moves to the West Clark Ave. frontage to reduce conflicts with patron elevator pedestrian traffic and pedestrians along Promenade Place. LV Public Works was consulted to make sure there would not be an automatic veto of this idea since it would put the entry/exit very close to the service exit for the Smith Center service yard. The required parking garage traffic access and circulation study should explore how to clarify the correct entry point for patrons and quantify any conflicts, including operational control of service traffic. It was reiterated that no final design of the service entrance gates have been approved by the SP-DRC and that use of this gate will further help diminish confusion of the parking entry point. This reorientation of the plan might put a sloping floor elevation on the Promenade so the garage team should explore how to make this elevation appear flat floor instead, with horizontal spandrel panels, consistent with the Symphony Park Design Standards (Design Standards) requirement of no sloping floors being expressed along public streets.

2. Add architectural features to the facades (vertical structural or decorative elements to make the elevation more office like and less garage looking). These

SDR-40146

RECEIVED
NOV 02 2010

should extend above the top of garage parapet with some simple cap, and might occur every 20 feet or so, at every bay or every other bay. The garage should look as consistent with the Museum architecture as possible, to meet the Design Standards.

3. In the absence of actual required continuous and active retail/restaurant storefronts along the ground floor façade along Promenade Place, it is extremely important to clearly articulate what is being provided in substitution for the waiver request going forward. Please make the Promenade Place elevation display panels continuous across the elevation. Because this solution does not meet the requirements of the Design Standards for continuous retail frontage, the SP-DRC will not be able to approve this solution. It will have to go to City Council for consideration of a waiver.

In addition, the current garage plan is not clear about the condition of pedestrian access to the first level of the garage from Promenade Place, with some open panels and some closed. Please clarify pedestrian access and car front screening. The garage team should consider use of the clipped corner of the building as a pedestrian access point if that fits internal circulation. Also consider more retail-like first floor treatment on the West Clark Ave. frontage, consistent with the Design Standards requirements.

4. Because the garage does not follow the build-to-line along West Clark Ave. it creates an awkward additional streetscape space. Instead of treating this space as a landscape screen for a suburban garage, the team should make the landscape solution more urban, and more of an extension of the streetscape, not so separate from it. Incorporate more of the streetscape plant pallet where ever possible. No decision on the use of Mexican fan palms was discussed. Although some landscape screening of the garage may be desirable, the garage team should explore other ways to achieve this beside the use of palm trees that are not used anywhere else in Symphony Park. The garage team should make something more of the clipped corner opportunity with hardscape such as a small plaza for future cart vendors (provide electrical hook-ups) or pedestrian use.

B. Additional items needed to complete a Design Development Submission:

1. A traffic access and circulation study that looks at access to parking is required. Please provide. See additional comments in point number 1 above. In addition, operations and queuing at ticket booths should be considered given the short distance from the public street.

2. In lieu of a parking study to document the required off street parking needs of the Museum and how the garage might be shared with the Smith Center, the Museum assumed parking demand of 250 spaces is accepted.

SDR-40146

RECEIVED
NOV 02 2010

3. The drainage letter provided refers to an updated and more detailed letter with the Design Development submittal but none is provided. Please provide.
4. A LEED expanded check list is required for the garage. The checklist submitted was for the Children's Museum, not the parking garage.
5. There is no lighting information included in this submission. All garage lighting is to be accomplished with cut off luminaires so there is no light spill onto adjacent streets.
6. The canopy proposed along Promenade Place and a short way on West Clark Ave. is positive. To meet the Design Standards it should be raised to a minimum of 16 feet from grade unless its height and design is tied directly to the Museum canopy. This canopy is to be a minimum of 6 feet in depth. According to the Design Standards paragraph 3.14.3 the canopy is also to extend 75% of the length of the West Clark Ave. elevation since this face is on the north side of the street. This canopy, as currently shown on West Clark Ave., is in conflict with proposed planting also shown in this setback space. Since the garage is set back from the build-to-line on this street a canopy this length may not make sense. Therefore a waiver of this standard will be required.
7. Show all proposed utilities on the civil drawings so they can be coordinated with the streetscape design and confirm that they don't interfere with planting locations . Please provide.
8. The streetscape irrigation system controllers and equipment is still shown in the parcel not owned by the Smith Center at West Clark Ave. and City Parkway. Although you provide a note that says if this parcel is developed in the future this equipment will have to be moved it does not commit the Smith Center to providing this relocation. Please clarify your note.

Sincerely,
The Symphony Park Design Review Committee

RE: SP-DRC October 8 Comments Letter dated October 19, 2010
Reynold's Discovery Children's Museum Parking Garage
Martin & Martin Project No.: 2184 2300

Dear Mr. Ayers,

This letter is to address the review comments provided by Steven Van Gorp from the comment letter dated October 19, 2010.

Comment A.1

Reorient the garage plan so that the entry/ exit moves to the West Clark Ave. frontage to reduce conflicts with patron elevator pedestrian traffic and pedestrians along Promenade Place. LV Public Works was consulted to make sure there would not be an automatic veto of this idea since it would put the entry/exit very close to the service exit for the Smith Center service yard. The required parking garage traffic access and circulation study should explore how to clarify the correct entry point for patrons and quantify any conflicts, including operational control of service traffic. It was reiterated that no final design of the service entrance gates have been approved by the SP-DRC and that use of this gate will further help diminish confusion of the parking entry point. This reorientation of the plan might put a sloping floor elevation on the Promenade so the garage team should explore how to make this elevation appear flat floor instead, with horizontal spandrel panels, consistent with the Symphony Park Design Standards (Design Standards) requirement of no sloping floors being expressed along public streets.

Response A.1

Per item B.1 below, a traffic access and circulation study is in progress.

The proposed driveway locations are less than forty feet in separation so a non-standard radius for exit/entry driveway radii will be utilized and the area between driveways treated as a median and pulled back from the property line to ensure turning radiuses will work for all vehicles utilizing the site.

SDR-40146

- Comment B.1 A traffic access and circulation study that looks at access to parking is required. Please provide. See additional comments in point number 1 above. In addition, operations and queuing at ticket booths should be considered given the short distance from the public street.
- Response B.1 **A traffic access, circulation study and ticket booth queuing analysis for the Parking Garage site is in progress and it is intended to be submitted prior to the November 5, 2010 SP-DRC committee meeting per conversations with Charles Kubat with recommendations.**
- Martin & Martin will utilize the Kimley-Horn Union Park Master Traffic Study and Addendum #1 to be conservative. Mr. Kubat has confirmed an e-mail submittal of the analysis in PDF format may be acceptable for expediency and to provide enough time for review of the analysis prior to the November 5, 2010 DRC meeting.**
- Comment B.2 In lieu of a parking study to document the required off street parking needs of the Museum and how the garage might be shared with the Smith Center, the Museum assumed parking demand of 250 spaces is accepted.
- Response B.2 **Noted, no parking study will be required and the assumed parking demand of 250 spaces is acceptable.**
- Comment B.3 The drainage letter provided refers to an updated and more detailed letter with the Design Development submittal but none is provided. Please provide.
- Response B.3 **A Drainage Study Update #4 for the Parking Garage was submitted on September 30, 2010 to the Department of Public Works Land Development Services. Comments were received on October 12, 2010 and incorporated into Drainage Study Update #4, Addendum #1 is to be re-submitted the week ending November 5, 2010. Copies of the previously submitted Update, Addendum 1 and grading and detail sheets are attached to show conformance with existing drainage as approved.**
- Comment B.7 Show all proposed utilities on the civil drawings so they can be coordinated with the streetscape design and confirm that they don't interfere with planting locations . Please provide.

Response B.7

Please see attached preliminary C5.01 civil improvement plan sheet for Utilities located near the parking garage structure.

If you have any questions or concerns, please feel free to contact me at tmiller@mmcivil.com or (702) 248-800 to discuss.

Sincerely,

Tom Miller, P.E.

Re: Reynolds Discovery Children's Museum Parking Garage

Design Development Submission comments dated October 19, 2010

Responses to the landscape comments have been included below.

A. SP-DRC comments from October 8th meeting

4. West Clark

- The landscape area was reduced to bring the pedestrian paving and interaction closer to the building façade and adjusted to create a more urban solution.
- Additional Pistache trees have been added to provide additional shade as well as provide partial screening of the garage façade. The trees also provide shaded pedestrian/vendor gathering spaces.
- Italian Cypress will be used at column lines to provide a strong vertical accent and help soften the West Clark façade. When possible, the cypress have been planted in pairs to add more planting mass.
- Small flowering Indian Hawthorn trees have been placed between the cypress pairs to help fill the open parking bays and provide partial screening of the garage interior and cars.
- A trimmed hedge will serve as a buffer at the building foundation while still keeping in the urban spirit. This treatment will also help to discourage pedestrian traffic from passing through these areas.

Corner of West Clark/Promenade Place

- The paving area at the corner of West Clark/Promenade Place was wrapped around the corner architectural feature to provide clear views of any architectural graphics while also providing a plaza space for small gathering or future cart vendors.
- Cypress trees have been placed in raised planters to frame the columnar architectural element. The low 18" high planter walls also will allow for informal seating opportunities.

SDR-40146

RECEIVED
NOV 02 2010

Promenade Place

- The paving and landscape was adjusted to continue the Promenade Place design with date palms, Palo Verde and paving.
- Small evergreen canopy trees, low hedge and low groundcover was added to architectural planters to help buffer the interior views of the garage.

B. Additional items needed to complete a Design Development Submission

8. The irrigation note was adjusted to show responsibility for relocation of the equipment if necessary. This not will also be included in the final construction documents

GBS Response to the *Renyolds Discovery Children's Museum Parking Garage - Design Development Submission*

Comments

Date: October 28, 2010

Comment:

4. A LEED expanded check list is required for the garage. The checklist submitted was for the Children's Museum, not the parking garage.

Response:

The garage cannot achieve LEED certification by itself because the LEED rating systems do not allow for structures, such as non-occupied parking garages, to be certified. As such, the design team has included the parking garage into the LEED project boundary as an accessory building.

The provided Discovery Children's Museum scorecard includes the anticipated design and construction LEED credits for both the museum and the garage. This combination, as the scorecard illustrates is anticipated to achieve 33 points under LEED for Core & Shell v2.0 for a target of Silver certification. 15 additional credits have been targeted as potential. All anticipated LEED credit requirements will be implemented on both the museum base building and the garage, from building system commissioning to the documentation of regionally extracted and manufactured materials and products. The scorecard on the following pages highlights, in red, the credits that will be applied to the parking garage.

Thank you,
Webly Bowles

Re: **Parking Garage**
HKS Project No. 12867.001
Planning & Development Justification Letter

Dear Mr. Van Gorp:

The Parking Garage will be built as part of the previously submitted DISCOVERY Children's Museum. It will be located downtown - the geographic center of the Las Vegas valley - as part of the 4.75 acres set aside by the city within the 61-acre parcel of undeveloped land formerly owned by the Union Pacific Railroad called Symphony Park. It is located to the Southeast of the "Spaghetti Bowl", North of Bonneville Avenue across Grand Central Parkway from the World Market Center. Situated at the center of the 61-acre development and part of The Smith Center site, the Parking Garage will contain 337 parking spaces, of which seven (7) will be accessible with four (4) being van accessible. This total number of parking spaces will adequately serve the DISCOVERY Children's Museum's need of 250 parking spaces while the remaining spaces may be used as needed by The Smith Center.

The Parking Garage will be a pay-to-park facility. Visitors to the DISCOVERY Children's Museum and/or The Smith Center can get their parking passes "checked" at the door while others will be required to pay the parking fee. The garage will be available for parking 24 hours a day / 7 days a week.

The Parking Garage is being commissioned in tandem with the DISCOVERY Children's Museum since it cannot achieve LEED certification by itself as the LEED ratings system does not provide for structures, such as a non-occupied parking garage, to be certified. The museum however will meet LEED certification by itself regardless if the garage is not approved. The two are anticipated to achieve a combined total of 33 points under LEED v2.0 for a target of Silver certification. Fifteen additional credits have been targeted as potential. All expected LEED credit requirements will be utilized on both the museum base building and the garage, from the buildings system commissioning to the documentation of regionally extracted and manufactured materials and products. Please see the attached LEED scorecard and credit notes for further clarification.

The Parking Garage Design Team and the Las Vegas Performing Arts Foundation submit the following attached written responses to comments from the SPDRC regarding the Parking Garage Design Development Submittal that was received on October 20, 2010. The responses are supplemented by the attachments to this letter regarding Landscape Architecture, Civil, LEED, and Architectural responses.

Sincerely,

Michael A. Ayer, AIA
