To: The planning Commission of Las Vegas Nevada

I Teresa Garcia bought a house on 1240 south 10th street Las Vegas, Nevada. I have made some improvements to the property and some additions as well. This year I replaced the old existing carport with a better structure for stability and great appearance to the neighborhood. When I was finish, I was cited because I did not get a permit. I was under the impression that because I was just replacing the existing one a permit was not required. The front yard setback is fourteen feet and it suppose to be twenty; I took the time to ask my neighbors if they had a problem with the carport and if it block their view, and they responded that the neighborhood needs changes like mine. Please let me keep my carport.

Thank you.
