RE: Justification Letter for Temporary Office Trailers located at 497-499
N. Lamb.

The driving force behind our request to extend the permitting of the two office trailers continues to be that the early 1960's building at 501 N. Lamb, was not designed to accommodate either a membership or a staff as exists today. Since we anticipate relocation elsewhere in the Las Vegas valley, the expenditure to remodel 501 N. Lamb to accommodate the functions now housed in 497 & 499 N. Lamb is impossible to justify. The usage of the trailers continues to be exclusively for staff offices and meetings.

Given that the trailers have been on our property for an extended amount of time, we still maintain they are a temporary solution. We expect to have a clear answer as to relocating our operation within the next two years, which would coincide with a permit for continued temporary usage.

Also, if they are to be considered temporary, we hereby seek a waiver for the additional landscaping along the north property line. Once again the cost of such expenditure for a temporary permit is not easily justified.
