Byron Goynes
Glenn E. Trowbridge
Vicki Quinn
Gus W. Flangas
Todd L. Moody

Facilities are provided throughout City Hall for convenience of persons with disabilities. For meetings held in the Council Chambers, sound equipment is available for persons with hearing impairments. If you need an accommodation to attend and participate in this meeting, please call the DEPARTMENT DESIGNEE at (702) 229-6301 and advise of your need at least 48 hours in advance of the meeting. The City's TDD number is (702) 386-9108.

April 12, 2011

6:00 PM

ALL ITEMS ON THIS AGENDA ARE SCHEDULED FOR ACTION UNLESS SPECIFICALLY NOTED OTHERWISE. UNLESS OTHERWISE STATED, ITEMS MAY BE TAKEN OUT OF THE ORDER PRESENTED AT THE DISCRETION OF THE CHAIRPERSON.

NOTICE: This meeting has been properly noticed and posted at the following locations:

City Clerk's Bulletin Board, City Hall Plaza, 2nd Floor Skybridge
Clark County Government Center, 500 South Grand Central Parkway
Las Vegas Library, 833 Las Vegas Boulevard North
Grant Sawyer Building, 555 East Washington Avenue
Bulletin Board, City Hall Plaza (next to Metro Records)

ACTIONS: ALL ACTIONS EXCEPT GENERAL PLAN AMENDMENTS, REZONINGS AND RELATED CASES THERETO ARE FINAL UNLESS AN APPEAL IS FILED BY THE APPLICANT OR AN AGGRIEVED PERSON, OR A REVIEW IS REQUESTED BY A MEMBER OF THE CITY COUNCIL WITHIN TEN DAYS AND PAYMENT OF THOSE COSTS SHALL BE MADE UPON FILING OF THE APPLICATION.

ANY ITEM LISTED IN THIS AGENDA MAY BE TAKEN OUT OF ORDER IF SO REQUESTED BY THE APPLICANT, STAFF, OR A MEMBER OF THE PLANNING COMMISSION AND AGREED TO BY THE PLANNING COMMISSION. THE PLANNING COMMISSION MAY IMPOSE TIME LIMITATIONS, AS NECESSARY, ON THOSE PERSONS WISHING TO BE HEARD ON ANY AGENDAED ITEM.

PLANNING COMMISSION MEETING RULES OF CONDUCT:

1. Staff will present each item to the Commission in order as shown on the agenda, along with a recommendation and suggested conditions of approval, if appropriate.

2. The applicant is asked to be at the public microphone during the staff presentation. When the staff presentation is complete, the applicant should state his name and address, and indicate whether or not he accepts staff's conditions of approval.

3. If areas of concern are known in advance, or if the applicant does not accept staff's condition, the applicant or his representative is invited to make a brief presentation of his item with emphasis on any items of concern.

4. Persons other than the applicant who support the request are invited to make brief statements after the applicant. If more than one supporter is present, comments should not be repetitive. A representative is welcome to speak and indicate that he speaks for others in the audience who share his view.

5. Objectors to the item will be heard after the applicant and any other supporters. All who wish to speak will be heard, but in the interest of time it is suggested that representatives be selected who can summarize the views of any groups of interested parties.

6. After all objectors' input has been received; the applicant will be invited to respond to any new issues raised.

7. Following the applicant's response, the public hearing will be closed; Commissioners will discuss the item amongst themselves, ask any questions they feel are appropriate, and proceed to a motion and decision on the matter.

8. Letters, petitions, photographs and other submissions to the Commission will be retained for the record. Large maps, models and other materials may be displayed to the Commission from the microphone area, but need not be handed in for the record unless requested by the Commission.

As a courtesy, we would ask those not speaking to be seated and not interrupt the speaker or the Commission. We appreciate your courtesy and hope you will help us make your visit with the Commission a good and fair experience.

BUSINESS ITEMS:

1. CALL TO ORDER

2. ANNOUNCEMENT: COMPLIANCE WITH OPEN MEETING LAW

3. ROLL CALL

4. APPROVAL OF THE FINAL MINUTES FOR THE PLANNING COMMISSION WORKSHOP MEETING OF FEBRUARY 24, 2011 AND THE PLANNING COMMISSION MEETING OF MARCH 8, 2011

5. Any Items from the Planning Commission, staff and/or the applicant wish to be stricken or held in abeyance to a future meeting may be brought forward and acted upon at this time.

CONSENT ITEMS:

CONSENT ITEMS ARE CONSIDERED ROUTINE BY THE PLANNING COMMISSION AND MAY BE ENACTED BY ONE MOTION. HOWEVER, ANY ITEM MAY BE DISCUSSED IF A COMMISSION MEMBER OR APPLICANT SO DESIRES.

ONE MOTION - ONE VOTE

THE FOLLOWING ARE ITEMS THAT MAY BE CONSIDERED IN ONE MOTION/ONE VOTE. THEY ARE CONSIDERED ROUTINE NON-PUBLIC AND PUBLIC HEARING ITEMS. ALL PUBLIC HEARINGS AND NON-PUBLIC HEARINGS WILL BE OPENED AT ONE TIME. ANY PERSON REPRESENTING AN APPLICATION OR A MEMBER OF THE PUBLIC OR A MEMBER OF THE PLANNING COMMISSION NOT IN AGREEMENT WITH THE CONDITIONS AND ALL STANDARD CONDITIONS FOR THE APPLICATION RECOMMENDED BY STAFF, SHOULD REQUEST TO HAVE THAT ITEM REMOVED FROM THIS PART OF THE AGENDA.

6. RE: SUP-3285 - SPECIAL USE PERMIT
CITY COUNCIL MEETING OF FEBRUARY 4, 2004

Dear Mr. Christensen:

The City Council at a regular meeting held February 4, 2004 APPROVED the request for a Special Use Permit FOR A PROPOSED 40-FOOT TALL, 14-FOOT BY 48-FOOT OFF-PREMISE ADVERTISING (BILLBOARD) SIGN located adjacent to the southeast corner of Highland Drive and Western Avenue (APN: 162-04-703-001), M (Industrial) Zone. The Notice of Final Action was filed with the Las Vegas City Clerk on February 5, 2004. This approval is subject to:

Planning and Development

1. Conformance to all Minimum Requirements under Title 19.14 for an Off-Premise Sign use and other applicable sign requirements.

2. The Special Use Permit shall be reviewed in two (2) years at which time the City Council may require the off-premise sign to be removed. The applicant shall be responsible for notification costs of the review. Failure to pay the City for these costs may result in a requirement that the Off-Premise Advertising (Billboard) Sign be removed.

3. The Off-Premise Advertising (Billboard) Sign and its supporting structure shall be properly maintained and kept free of graffiti at all times. In addition, the property owner shall keep the property properly maintained at all times. Failure to perform the required maintenance may result in fines and/or removal of the Off-Premise Advertising (Billboard) Sign.

4. Only one advertising sign is permitted per sign face.

5. The entire face-area of both sides of the Off-Premise Advertising (Billboard) Sign shall be signage area or its border framework; none of the supporting structure shall be visible aside from the support pole.

6. If the Off-Premise Advertising Sign structure is removed, this Special Use Permit shall be expunged and a new off-premise advertising sign structure shall not be erected in the same location unless: (1) a new Special Use Permit is approved for the new structure by the City Council, or (2) the location is in compliance with all applicable standards of Title 19 of the Las Vegas Municipal Code including, but not limited to, distance separation requirements, or (3) a Variance to the applicable standards of Title 19 has been approved for the new structure by the City Council.

7. All City Code requirements and design standards of all City Departments shall be satisfied.

Public Works

8. The proposed billboard shall not be located within public right-of-way, existing or proposed public sewer or drainage easements, or interfere with Site Visibility Restriction Zones.

Sincerely,

Angela Crolli

Re: Justification Letter for Applicant DriveTime Car Sales Company, LLC (Parcel No. 162-01-801-013) for General Plan Amendment, Special Use Permit and Site Design Review

This firm represents DriveTime Car Sales Company, LLC ("DriveTime"). DriveTime has entered into an agreement to purchase the above-referenced parcel number which is located at 2301 McLeod Street, at the intersection of McLeod Street and East Sahara Avenue (the "Property").

DriveTime intends to use the Property for the service and repair of used motor vehicles to complement the sale of used motor vehicles on its adjacent property located at 3000 and 3030 East Sahara Avenue (collectively the "Sahara Property"). DriveTime will simply utilize the existing buildings on the Property as an auto body and service facility in support of the used motor vehicle sales operations on the Sahara Property. Currently, the Property is classified as Public Facilities (PF) for the General Plan, and is designated as a General Commercial (C-2) zoning district. Pursuant to Las Vegas Municipal Code Title 19.18.03(I), in order to approve a General Plan Amendment, the Planning Commission and City Council must determine, among other factors, that, "[t]he density and intensity of the proposed General Plan Amendment is compatible with the existing adjacent land use designations," and "[t]he zoning designations allowed by the proposed amendment will be compatible with the existing adjacent land uses or zoning districts." Therefore, because the General Plan and Zoning designations for the property are currently not compatible, DriveTime submits this General Plan Amendment application in order for the General Plan and Zoning designations to be compatible with one another as required.

Currently, the Property is classified as a General Commercial Zoning District (C-2). Pursuant to Las Vegas Municipal Code Title 19.04.010, a Special Use Permit is required for used motor vehicle sales in a General Commercial Zoning District. Title 19.18 of the Las Vegas Municipal Code sets forth various issues for the Planning Commission to consider when determining whether or not to approve a Special Use Permit. In order to approve a Special Use Permit, the Planning Commission must determine that: (1) the proposed use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan; (2) the subject site is physically suitable for the type and

intensity of land use being proposed; (3) Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use; and (4) approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety and welfare or the overall objectives of the General Plan.

DriveTime is able to satisfy all of the above criteria. Although the property is currently vacant, it was previously operated as a new and used car dealership. As such, the subject site is physically suitable for the type and intensity of land use being proposed since the previous use was for a similar purpose. Furthermore, much of the surrounding property areas are also used for the same purpose (i.e. the sale of motor vehicles), which indicates that DriveTime's intended use would be harmonious and compatible with the surrounding land uses and consistent with the General Plan. The Property is located on East Sahara Avenue, a major thoroughfare, and is easily accessible via Boulder Highway and other alternative routes to accommodate future customers. Lastly, approval of a Special Use Permit to allow DriveTime to sell used motor vehicles on the Property would in no way be inconsistent with the General Plan or compromise public health or safety, as DriveTime's intended use is consistent with the surrounding areas and previous use of the Property. Therefore, DriveTime requests that it be granted a Special Use Permit from the Planning Commission in order to proceed with its intended use of the Property service of used motor vehicles in support of its adjacent Sahara Property.

DriveTime intends to have 25 employees, and the proposed hours of operation are Monday through Thursday from 10:00 a.m. to 8:00 p.m., Friday and Saturday from 8:30 a.m. to 8:30 p.m., and closed on Sundays. DriveTime will obtain the requisite used motor vehicle dealer license issued by the Nevada Department of Transportation, Motor Vehicle Division in order to operate.

DriveTime also operates two similar used car sales dealerships located at 3333 East Fremont Street (opened in 1986) and a used car sales dealership at 1616 South Decatur (opening in 2004). Pictures of both locations, as well as the Department of Motor Vehicles Dealer Licenses for both locations are attached.

Based on the foregoing, DriveTime's intended use of the property as a service facility for the repair and service of used motor vehicles is justified, and the General Plan Amendment, Special Use Permit and Site Design Review should be granted. Please feel free to contact me should you have any questions or require additional information.

Sincerely,
Snell & Wilmer, L.L.P.

To Whom It May Concern,

Case #93029 Location: 13928501002 & 13928501003

The dirt lot was a vacant undeveloped flat land, and the public were using it as thoroughfare, driveway, and parking lot – which stirred up a lot of dust and pollution.

In order to prevent the dust and pollution, we paved the 72ft x 107ft and converted it into a parking lot.

On 07/24/2010, City of Las Vegas Code Enforcement cited us for illegal parking lot - land use violation 19.04.010.

We are requesting rezoning Vacant R-E lot to C2 – to reverse the enforcement issue.

We would also like to a request a waiver on the required 15 ft. wide landscaping buffer.

1. On the 72 feet length on the north of the property, the side adjacent to West Owens Ave, we already have an existing 5 feet (plus 3 feet of sidewalk) wide landscaping buffer.

2. On the 107 feet length on the east side of the property, the side adjacent to N Street, we already have an existing 5 feet (plus 3 feet of sidewalk to be installed at a future date) landscaping buffer.

Thank you,

Wai Chun Ginn

Mr. Flinn Fagg, Acting Director
City of Las Vegas
Planning and Development Department
330 N. Rancho Dr.
Las Vegas, NV 89106

Re: 2324 W. Charleston Blvd.
APN: 139-32-802-032

Dear Mr. Fagg:

This letter is submitted as justification for an application for Rezoning for the above listed property. The parcel is located in Ward 1, on the north side of Charleston Boulevard, a 100 foot wide primary roadway, approximately 330 feet west of Rancho Drive, a 100 foot wide primary roadway. The surrounding area is primarily commercial and office, with the Las Vegas Medical District located east of Rancho Drive. Single-family residential in the rural to low density range is located to the north and south of the commercial properties along Charleston Boulevard.

The request is to change the existing C-D (Designed Commercial) designation to C-1 (Limited Commercial) to allow the applicant greater flexibility in attracting a tenant for the existing office structure on the site. As you are aware, the C-D district was designed to provide standards for the development of light commercial uses along this section of Charleston Boulevard, while acting as a buffer to the adjacent low density residential properties. In this particular case there is no adjacent residential. In fact, while the two adjacent parcels to the east are similarly zoned C-D, the property to the immediate north and west is the site of a long-standing commercial shopping center zoned C-1. To the west of that property are additional C-D parcels that buffer the closest residential to this site, approximately 150 feet west and 100 feet north of the subject parcel. It should also be noted that in the proposed Unified Development Code, the C-D district is to be converted from a zoning district to an overlay district. Lastly, and possibly most importantly, the Rancho/Charleston Study Area Proposed Future Land Use Plan designates the subject property for Service Commercial use.

As the applicants representative for this application I will be happy to provide any additional information you may require or respond to any questions you may have. Thank you for your consideration.

Respectfully,

Robert S Genzer
Genzer Consulting

Re: Zone Change and Site Development Plan Review
APN: 139-34-710-029

To whom it may concern:

The purpose of this letter is a request a Zone Change and Site Development Plan Review for the property located at 424 South 7th Street in Las Vegas, Nevada 89101.

Architectural plans depict 25 covered parking stalls with adjacent landscaping. The applicant's intention is to install surface parking and lease the spaces to the adjacent land owner to support their proposed law office project. In order to develop the site as a satellite parking lot, the parcel will need to be re-zoned from R-3 to C-1. The rezone is consistent with development in the downtown area, as every other parcel on this block has already been re-zoned to C-1.

The applicant has structured a lease agreement with the property owner at 400 S. 7th Street. The lease has a ten year term, with a 9 year option, and first right of refusal to purchase the property.

A driveway entrance will be provided from both 7th Street and the Alley. A waiver of standard is requested for the driveway entrance from 7th Street as shown on the site plan. Please refer to the attached site plan.

Required landscaping, conforming to Title 19, will be provided on the property, and is shown on the landscape plan. A landscape buffer of 8'-0" is provided along the property line to the south where the new development is adjacent to a less intensive use. A waiver for the front landscape setback along 7th Street is requested to allow 13' where 15' is required. Please refer to the attached landscape plan.

We appreciate your assistance in moving forward with these modifications to the previously approved project.

Sincerely,

Scott L. Brown, NCARB
Principal

Re: Major Amendment to SDR-39121 for a Law Office Building
APN: 139-34-701-009

To whom it may concern:

The purpose of this letter is a request to modify the previously approved SDR-39121 for the proposed Law Office Building located at 400 South 7th Street in Las Vegas, Nevada 89101.

The original design for this project had two (2) levels of subterranean parking extending down to a depth of 25' below street level. During the design development stage, a geotechnical (soils) report was completed for this parcel. Groundwater was encountered at an extremely shallow depth of -10' below the surface. The project then went out to bid and it was quickly realized that the lowest parking level was economically unfeasible to construct.

As a result, the applicant structured a deal with the neighboring property owners to use their lots for parking. The parking garage was then reduced from four (4) levels to three (3) levels: one (1) subterranean level and two (2) levels above grade. To accommodate the additional parking spaces required, all three (3) remaining levels of the parking garage were extended 50' to the south onto the 420 S. 7th street property. Please refer to the attached floor plans. The applicant will prepare a reversionary parcel map to combine the additional property into one property on which the building will be located.

The new parking garage houses 178 spaces where 184 were previously approved. In addition, per Z-72-80, 17 satellite parking spaces were approved on 420 S. 7th for the use of the office building located at 415 S. 6th Street. The new parking garage will have to accommodate the existing spaces as well as the required spaces for the EVAPS Law Office. Therefore, 201 spaces are required where only 178 are provided. A parking variance is requested for this deficiency of 23 parking spaces. The applicant will prepare a perpetual parking easement within the parking garage for the 17 spaces signed by both property owners.

To alleviate this reduction in parking, the applicant has also structured a lease agreement with the property owner at 424 S. 7th Street. The lease has a ten year term, with a 9 year option, and first right of refusal to purchase the property. This site will be surfaced parked and contain 25 parking spaces. A separate application will be submitted for an SDR and Zone change for this property.

By a separate application we are also requesting a variance for the required setbacks and site coverage. The proposed design requires zero lot setbacks on all sides. This meets the spirit and a language of the urban area. Zero setbacks as an element of urban site development is a requirement in the adjacent downtown centennial office core district. Site coverage of 86% is proposed (where 50% is allowed by code) and meets the spirit of code language for urban areas. In this context setback and lot coverage code conformance would result in substantially less viable project.

We appreciate your assistance in moving forward with these modifications to the previously approved project.

Sincerely,

Scott L. Brown, NCARB
Principal
DesignCell, LLC

Revised 10/27/08

1. Note: Fireblocking shall be provided to cut off all concealed draft openings (both vertical and horizontal) and to form an effective fire barrier between stories, and between a top story and the roof space. Fireblocking shall be provided in wood-frame construction in the following locations. (R602.8)
   1. In concealed spaces of stud walls & partitions, including furred spaces & parallel rows of studs or staggered studs; as follows:
      1.1 Vertically at the ceiling & floor levels.
      1.2 Horizontally at intervals not exceeding 10-feet.
   2. At all interconnections between concealed, vertical and horizontal spaces such as occur at soffits, drop ceilings and cove ceilings.
   3. In concealed spaces between stair stringers at the top and bottom of the run.
   4. At openings around vents, pipes, and ducts at ceiling and floor level, with an approved material to resist the free passage of flame and products of combustion.
   5. For the fireblocking of chimneys and fireplaces, comply with IRC Section R1003.19.
   6. Fireblocking of cornices of a two-family dwelling is required at the line of dwelling unit separation.
2. Note: Cement, fiber-cement or glass mat gypsum backers in compliance with ASTM C 1288, C 1325 or C 1178 and installed in accordance with manufacturer's recommendations shall be used as backers for wall tile in tub and shower areas and wall panels in shower areas. (R702.4.2)
3. Note: Bathtub and shower floors and walls above bathtubs with installed shower heads and in shower compartments shall be finished with a nonabsorbent surface. Such wall surfaces shall extend to a height of not less than 6 feet above the floor. (R307.1 as amended)
4. If textured ceiling, provide 5/8" gypsum board at ceiling or ½" slag resistant gypsum board.
5. Note: In every kitchen, family room, dining room, living room, parlor, library, den, sunroom, bedroom, recreation room, or similar room or area of dwelling units, receptacle outlets shall be installed in accordance with the general provisions specified in the following articles. Spacing NEC Article 210.52(A) (1), Wall Space NEC Article 210.52(A) (2) as amended & Floor Receptacles NEC Article 210.52(A) (3) as amended.
6. Note: The following fastened-in-place appliances are required to have a separate minimum 20-ampere circuit: dishwasher, trash compactor, microwave oven, range hood, clothes washer and hydro-massage bathtub.

   The clothes washer circuit may serve one (1) additional outlet in the laundry area. (NEC Article 210.23(E)(4) as amended)
7. Note: Countertops in kitchen and dining rooms of dwelling units, receptacle outlets for counter spaces shall be installed in accordance with the following articles. Wall Counter Space NEC Article 210.52(C)(1), Island Counter Space NEC Article 210.52(C)(2) as amended, Peninsular Counter Space NEC Article 210.52(C)(3) as amended, Separate Spaces NEC Article 210.52(C)(4) & Receptacle Outlet Locations NEC Article 210.52(C)(5). (NEC Article 210.52(A))
8. Note: In the kitchen, pantry, breakfast room, dining room, or similar area of a dwelling unit, the two or more 20-ampere small-appliance branch circuits required by 210.11(C)(1) shall serve all wall and floor receptacle outlets covered by 210.52(A), all countertop outlets covered by 210.52(C), and receptacle outlets for refrigeration equipment. (NEC Article 210.52(B)(1))
9. Note: No more than (5) duplex receptacle outlets serving the required countertop receptacles shall be installed on any small appliance branch circuit. (NEC Article 210.23(E)(3) as amended)
10. Note: The maximum number of outlets on a 20-ampere, 125-volt circuit used either exclusively for receptacles or exclusively for lighting fixtures or for any combination of receptacles and lighting fixtures shall be 12. (See exceptions) (NEC Article 210.23(E)(2) as amended)
11. Note: A receptacle installed outdoors in a location protected from the weather or in other damp locations shall have an enclosure for the receptacle that is weatherproof when the receptacle is covered (attachment plug cap not inserted and receptacle covers closed). (NEC Article 406.8(A))
12. Note: 15- and 20-ampere, 125- and 250-volt receptacles installed in a wet location shall have an enclosure that is weatherproof whether or not the attachment plug cap is inserted. (NEC Article 406.8(B)(1))
13. Note: Luminaires in clothes closets shall be installed in accordance with NEC Article 410.8.
14. Note: All luminaires (fixtures) installed in damp locations shall be marked, "Suitable for Wet Locations" or "Suitable for Damp Locations." (NEC Article 410.4(A))
15. Unless prohibited by structural design a wall switch shall be located within 6-feet of the point of entry, and shall not be located behind an active door in the fully open position. (NEC Article 210.70(A)(1) as amended)
16. Note: Plumbing shall comply with the 2006 Uniform Plumbing Code and local amendments.
17. Note: Water heaters shall be anchored or strapped to resist horizontal displacement due to earthquake motion. Strapping shall be at points within the upper one-third and lower one-third of its vertical dimensions. At the lower point, a minimum distance of four inches shall be maintained above the controls with the strapping. (UPC 508.2)
18. Note: Water heaters are required to have a heat trap. Exception: if the trap is integral to the water heater or if part of hot water circulating system. (2006 IECC)
19. All building water supply systems in which quick-acting valves are installed shall be provided with devices to absorb the hammer caused by high pressures resulting from the quick closing of valves. (i.e. dishwashers, washing machines) (UPC 609.10)

City of Las Vegas
Department of Planning
333 W. Rancho Drive
Las Vegas, NV

Attention: **Planning Department**
Subject: **Justification Letter**

Dear to whom this may concern:

The purpose of this letter is to allow a new 5'-0" to 6'-0" side setback inside a 20'-0" easement for a detached garage. Also, the owner would like to verify the 50% accessory structure to main house variance. Currently, the existing state of the house is in excellent condition. However, the owner needs a garage close to his main house for loading purposes. By allowing this variance, the owner can maneuver quickly into the house his residential as opposed to locating detached garage in the back of property.

Should you have any further questions regarding this matter, please do not hesitate to contact me at (702) 340-7927.
Sincerely,
Larry J. Sanchez, PE

SUBJECT: SA RECYCLING, WESTERN RECYCLING CENTER. (RC049-XXX-01)
PERMIT FOR A RECYCLING CENTER

Dear Mr. Johnson:

We are informing you that SA Recycling, Western Recycling Center's Permit Application to Operate a Recycling Center has been approved. The enclosed PERMIT TO OPERATE A SOLID WASTE MANAGEMENT FACILITY is granted based on the information provided in the application and subsequent amendments, including the location, design, and operating plans approved by the Southern Nevada Health District (SNHD) in conformance with Section 3.1 of the SOLID WASTE MANAGEMENT AUTHORITY REGULATIONS GOVERNING RECYCLING CENTERS, amended January 24, 2002 (SWMA REGULATIONS).

The operation of the facility must follow SNHD's approval. Changes and modifications to the permit must be approved by SNHD Environmental Health before those changes and modifications can occur. Failure to do so could result in permit revocation and enforcement action.

Having been granted approval, this facility shall maintain the annual Waste Management Permit subject to the requirements of the SWMA REGULATIONS.

Sincerely,

Walter Ross, P.E., R.E.H.S.
Environmental Health Engineer/Supervisor

Glenn Savage, R.E.H.S.

City of Las Vegas
Planning Department
333 N. Rancho Drive
Las Vegas, NV 89106

Re: River of Life Word Ministries, APN 139 24-803-022
Justification Letter for Variance & Waiver

This letter is a formal request for approval of a variance for a zero lot line setback on the rear property line of the parcel at 4944 Vegas Drive. This letter is also a request for a waiver for zero (0') foot landscaping where eight (8') feet is required on the 30' of exposed North property line and for 50' on the East & West property lines. To offset this request, two trees will be installed in the area not included in the waiver.

The adjacent properties (APN: 139-24-803-032 and 033) were created for right-of-way purposes but were never dedicated. The property owner, Nevada Escrow Services Inc., is a defunct business and the property is now addressed as Clark County, 500 S. Grand Central Parkway, Las Vegas, NV. Clark County has confirmed it is not right-of-way and suggested the Church file for adverse possession which the Church is currently doing.

The approval of the zero lot line set back and the landscape waiver will permit the existing lot to be more fully utilized.

The applicant will be providing new landscaping in the rear of the property.

We request this variance be approved.

Sincerely,
DWYER ENGINEERING, INC.

David A. Dwyer, P.E.
Principal

October 20, 2010

City of Las Vegas
Department of Planning and Development

To Whom It May Concern:

This letter is written in order to request approval for a special use permit for Beverly Palms located at 218 S 6th Street, Las Vegas, NV 89101. We respectfully request this allowance as this property provides an opportunity for resident of the community to have affordable housing options at this time in this very challenging economic climate.

By allowing the special use permit, it keeps the cost of housing affordable for the customers who wish to remain as residents of the property.

With approval of this special permit, the following modifications will be made to ensure required accommodations are provided:

1) The property is a building with a common bath/shower area and laundry room. These features will remain the same.
2) A common are kitchen will be added in what is currently room #111. This space is 12'3"x 9'9". Please see site plan for planned location.
3) Handicap parking (3) will be specifically located at the side of the building with access thru the rear door of the building.
4) Common parking is available to residents on the street as well as in parking lots/garages located in the immediate business area.

I look forward to meeting with you in order to further discuss the need for this allowance. I can be reached directly at 702-755-7478 with any questions you may have.

Thank you in advance for your support and consideration.

Sincerely,

Julia M. Furrule

Re: Special Use Permit Application for Tavern-Limited License – Justification Letter

Applicant: **G & N, LLC**
APN: **139-34-612-005**
Business Location: **707 Fremont Street**
Las Vegas, NV 89101

Dear Sir/Madam:

This firm represents G & N, LLC, a Nevada limited liability company (the "Applicant").

The Applicant desires to open and operate an upscale tavern and nightclub establishment within the Las Vegas Downtown Centennial Plan, Fremont East District, at the above-referenced business location. The business will apply for a Tavern-Limited License and additional business licenses at the premises.

The business will operate during the hours of 10:00 am to 10:00 pm on Monday - Wednesday and from 10:00 am to 5:00 am on Thursday - Sunday. The business will employ approximately ten (10) employees.

The Las Vegas Zoning Code requires a Tavern-Limited establishment to have one parking space for each 50 square feet of public seating and waiting area and one space for each 200 square feet of the total remaining gross floor area. The business currently provides 94 parking spaces available for business patrons, including disabled parking. The Applicant respectfully requests the City of Las Vegas to issue the Special Use Permit with the current parking allocation.

As an upscale tavern and nightclub, the business will provide a benefit to the community and the neighboring businesses within the Las Vegas Downtown Centennial Plan and add to the Plan's target values of diverse entertainment and unique nightlife. The Applicant is committed to operating and maintaining the business in accordance with local and state law.

The introduction of alcohol sales at the business location will not adversely affect the environment or character of the immediate community, nor will it have a detrimental impact on adjacent properties. The business is sufficiently accessible from Fremont Street and 7th Street to easily

RECEIVED
JAN 3 1 2011
SUP-40837

accommodate access to the property. No additional public services, utilities, parking or waivers will be necessary to accommodate the Applicant's proposed business operations at the location.

In the event you have any questions with regard to the foregoing, please do not hesitate to contact us. Thank you.

Very truly yours,

KOLESAR & LEATHAM, CHTD.

Benjamin J. Volmer, Esq.

RE: Justification Letter
Car Wash addition to existing Convenience Store
Located at 1801 W. Charleston Blvd.
Las Vegas, Nevada 89117

Please accept this application for the referenced project. The original approved application number is Z-102-86(4).

We feel that this area is underserved with respect to a service of this type. The project is master planned with major retail and shopping centers fronting Charleston Blvd. The existing service building is located on an accessible corner. The Automatic Car Wash will be located on the south side of the C-Store where accessibility and stacking exist. With water usage becoming an increased concern, services such as this offer an opportunity to recycle and save a valuable resource.

The project includes 3,000 sf of building on 162,049sf of total land development. The building uses have not changed with respect to the original submittal.

Please accept this amendment to the original submittal. We are happy to answer any questions you have.

Respectfully,

Jeffrey J. Smith

REVISED

From The Desk of Debbie Ritchey

March 7, 2011

Attn: John Grider

Planning Department

To whom it may concern:

Per your request I am formally requesting 5 additional massage rooms at my beauty salon facility located at 8751 West Charleston Ave Suite 150, and 160. We are not asking for a special use permit for suite 190. The additional 4 rooms requested square footage per each room is 130 sq ft., and one room at 141 sq ft.

As we have the largest spa/salon on the west coast located here in Summerlin I am very confident that this new addition to our facility will help increase our revenues as well as the cities tax revenue from our increased new business with the additional massage rooms requested. We noticed a significant increase in our business when we added massage to our 6,000, and 7,000 sq foot spa/salon's located in Henderson (which we obtained a FULL massage establishment licencse). As such we are very bullish on the prospects of the same great outcome for our Summerlin facility.

Respectfully,

Debbie Ritchey

RE: 1715FREMONT ST. UNITS 110-150 LAS VEGAS
APN: 139-35-315-007 ; 139-35-315-006

Overview

The property located at 1715-1735 Fremont St. Las Vegas has been an automotive complex for more than 20 years. Bel-Air RG LLC et als purchased the property in June 2007, which is commonly referred to as Downtown Vegas property. Previous tenants were Mendoza Auto Sales, Vallarta Auto Sales, Bruce Transmission, P & P Brake. As the economy worsens, these tenants left the premises without any prior notice or approval from the Landlord.

In June 2009, the City issued a new Naming and Address Assignment to properly separate each unit for proper identification.

Special Use Permit

As per City's requirements, we would like to secure a special use permit for:

Address:	1715 Fremont unit 110,120,130,140,150
Location:	The units or bays are located within the complex. It is not visible from Fremont St. or Bruce St. Access is through the Bruce St. driveway and from the alley.
Square Ft:	355.2sf #110; 343.2sf #120; 412.49sf #130; 595.3sf #140; 1121.4sf #150
Use:	**Auto Body repair - major**

Hours of operation will be from 9am to 6pm. Days of operation shall depend on the tenants.

We would appreciate if you grant special use permit for the property at the soonest possible time. For any clarification, feel free to call our office at phone number 213-927-2700.

Truly,
The Management
Bel Air RG LLC

Las Vegas, Nevada 89106

Revised: Special Use Permit for on-sale beer and wine within Tivoli Village at Queensridge
Parcel 138-32-601-003

Dear Sir/Madam;

Please consider this request to allow a restaurant that serves beer and wine a Gourmet Pizzeria within the Tivoli Villages mixed use development (SUP-5853). The site is located within a 29 acre commercial and residential development located at the northeast corner of Alta Drive and Rampart Boulevard. The underlying zoning is C-2.

The proposed Pizzeria meets the Title 19 definition of a restaurant with on-premise sale of beer and wine and in conjunction with meals. While there are four stools located at the beer and wine bar, there is also the capacity for more than 100 units of table seating. The parking allocation for this restaurant is grandfathered into the project-wide parking agreement. Please reference VAR-10773 that approved 3,955 spaces where 4,961 would otherwise be required.

This application requires a waiver of separation distance to allow less than 400 feet from the property line of the subject parcel to the property line of the nearest city park. The Tivoli Village mixed use development is situated on a parcel on which the north easternmost corner measures 141 feet from a playground within Angel Park (138-32-501-003). It is important to note that the commercial portion of this 30 acre parcel is on the westernmost side of the mixed use area. Consequently approximately 560 feet of mid-rise residential development is situated between the commercial portion of Tivoli Villages and the subject playground. It is also notable that there are two barriers between this park and Tivoli Village. The first is an approximate 600 foot fence along the northern boundary of the property. The second is a drainage channel that is more than 20 feet deep. As a result, a pedestrian must walk 1655 feet to the park while there is no direct vehicular access. For this reason, the park is suitably protected from this restaurant.

If you have additional concerns please phone me at 598-1408.

Very truly yours,

L U Dreja

RE: ***Special Use Permit: Tavern –Limited Establishment with Restaurant at 523 Fremont ST, Downtown, Las Vegas***

To whom it may concern,

This letter is being submitted on behalf of the applicant, Daniel J. Coughlin, for approval of a Special Use Permit for a Tavern-Limited License with Restaurant at 523 Fremont St, just east of the Fremont Street Experience. The existing building is currently vacant, but did have a previous tenant that was a restaurant establishment just prior to its vacancy.

Mr. Coughlin intends to run his Thai restaurant, Le' Thai, during the hours of 10:30 am to 10:00 pm, Monday thru Thursday and 10:30 am to 3:00 am Friday and Saturday, and closed on Sunday's. In the future if business shows profitable and demand grows, then the owner will look at opening Sundays for limited hours. The restaurant will employ in total 9 to 12 employees and expects during the busy shifts having a total of 4 to 8 employees working. It is also the intention of the applicant to have Live Entertainment Venues in the back "over 21 years of age" Outdoor Area anywhere from 3 to 4 times per week.

It is anticipated that roughly 60% of the business of Le' Thai will be from pedestrian traffic and the other 40% from local vehicular or mass transit traffic. A number of parking facilities in the area including Fremont St. parking garage, El Cortez parking garage and various metered street side parking will be able to accommodate this expected traffic.

Mr. Coughlin is no stranger to owning a Thai Restaurant business around the Downtown area as he was the previous owner of Mix Zone Café at Charleston and Rancho. His food has not only seen rave reviews from many local food buffs but has also been featured in local magazines such as the *Las Vegas Weekly*. He owned this business from 2007 to 2010 when he decided to sell and open up Le' Thai in the heart of Downtown. Mr. Coughlin looks forward to becoming the newest business on East Fremont Street and is excited to be able to call downtown his new home.

Sincerely,

Shawn Mitchell
Sr. Project Manager

Re: Justification Letter
Grading for Lone Mountain Senior Apartments

To Whom it May Concern:

Impulse Civil Engineering represents Ovation Development (the Applicant). We are respectfully requesting a site development plan review, special use permit, exceptions, and waivers for a proposed senior housing project generally located on the southeast comer of Lone Mountain Road and Rainbow Boulevard, particularly known as APN: 138-02-101-015 (the Site). The Site is approximately 1.77 acres. In conjunction with the site development plan review, the Applicant is seeking a special use permit and waivers.

Special Use Permit to Allow Senior Housing
The Applicant is proposing a senior housing project. Senior housing is an appropriate use within a C-1 zoned district with a use permit. There is a multi-family, R-3 development located just south of the Site. A senior housing development located near commercial uses and other multi-family uses are compatible. The Applicant is seeking a waiver from the following special use permit requirements. Since there is a shortage of senior housing in the Las Vegas Valley, these waivers are appropriate because the project will be primarily residential with no commercial uses open to the public.

- "The use shall be developed and operated only in connection with ground-level nonresidential development. In the case of a multi-floor structure, the apartments themselves must be located above the ground floor, but access ways, entryways and community rooms may be located on the ground floor."
- "The primary resident or guest entryway to the apartments must be independent of ground floor commercial uses, and must be directly accessible from and oriented to a street."
- "The overall architecture of the front elevation shall highlight the difference in uses through variations in volume and proportion, and shall be treated as a cohesive whole through finishes and colors."

SUP-41039
SDR-41043

RECEIVED
FEB 24 2011
City of Las Vegas

$I = \int F \cdot dt$

Site Development Plan Review

The Applicant is proposing a 75 unit senior housing project. Approximately 23 units will be located on the first floor and approximately 26 units will be located on the second and third floors, respectively. The proposed development provides easy access off of Rainbow Boulevard with an "exit only" sliding gate onto Lone Mountain Road. The Applicant is proposing to reconfigure the west bound left turn lane in Lone Mountain Road at Rainbow Boulevard to facilitate the proposed configuration. The multi-family building will be three (3) stories and approximately 37' in height. The building will have elevator access to the living units. The site design and architecture are consistent with the existing multi-family units to the south. Additionally, the Site will provide amenities such as a pool and spa, facilities for meetings and social gatherings, a game room, a salon, exercise room and a library/computer room. There will also be a common area kitchen available for residents' use during social events.

The Site meets all parking requirements. At this time, we are requesting no variances. The Applicant is seeking exceptions for the following requirements:

- Parking lot landscaping. In order to meet parking requirements, the Applicant cannot provide landscape diamonds within the parking lot.

- Landscape buffer along Rainbow Boulevard. There is an existing NV Energy easement 21.5 feet wide along Rainbow Boulevard behind the curb with existing overhead power facilities. NV Energy will not allow trees within their easement. We are providing a 30-foot setback to facilitate the required 24" box trees at 20-feet on center, they just will not be located within the landscape buffer.

The Applicant is also seeking the following waivers:

- Multi-Use Trail Landscaping requirement on Lone Mountain Road. Due to the bus turn out transition and existing Site conditions, there are areas where the Multi-Use Trail will not provide the five foot (5') transition strip. However, the ten foot (10') public transportation trail path and the five foot (5') private landscape strip are provided on Lone Mountain Road between Rainbow Boulevard and the property line.

- Reduced landscape buffer. Due to the parking requirements and the odd shape of the site, the six foot (6') landscape buffer cannot be maintained throughout the site. It is reduced to three feet (3') where the entrance flares out and where the parking stalls are adjacent to the property line at the southeast corner. This comprises of approximately sixty eight linear feet (68 lf) where a reduced landscape buffer is requested resulting in a reduction of approximately two hundred and four square feet (204 sf) of landscape area. In the southeast corner

SUP-41039
SDR-41043

$I = \int F \cdot dt$

of the site, we have an opportunity to provide additional landscape area with the parking configuration, resulting in approximately eight hundred seventy eight square feet (878 sf) of landscape area beyond the six foot (6') landscape requirement.

We thank you in advance for your time and consideration of this matter. Should you have any questions or concerns, please feel free to contact me.

Sincerely,
Impulse Civil Engineering

Peter J. Laas, P.E.
Principal

Re: Special Use Permit Justification Letter for Downtown Guitar Bar, LLC

To Whom It May Concern:

I represent Downtown Guitar Bar, LLC in the above captioned matter. The purpose of this correspondence is to provide an explanation to the city of Las Vegas planning department of the project contemplated by Downtown Guitar Bar, LLC ("Guitar Bar"), located at 1106 S. 3rd Street, Las Vegas (the "Property"), for which Guitar Bar is seeking a Special Use Permit (the "Permit").

Issue

Guitar Bar is seeking the Permit so that it can serve alcoholic beverages on the Property. Currently, the Property is a retail shop owned by Downtown Vintage Guitars, LLC ("Downtown Vintage") which sells guitars and guitar related equipment. Downtown Vintage and Guitar Bar have entered into an agreement that allows Guitar Bar to operate the Property as a lounge after the retail shop's close of business. Guitar Bar, which is owned by an experienced bartender, is a separate legal entity from Downtown Vintage and will manage the lounge. Currently, the plans reflect a standing bar (without seating) and lounge seating for 20 people.

Information

Downtown Vintage contemplates that the Project will have two employees, and will operate from 7:00 p.m. until 2:00 a.m. on Fridays, Saturdays and Mondays. Guitar Bar has applied for an Urban Lounge License from the city of Las Vegas.

Findings

The Project is an Urban Lounge as contemplated by Title 6.50.255. The Project will sell alcoholic beverages to consumers only for consumption on the premises. The Project is located within the Las Vegas Arts District (the "Arts District"), and, as described above, there will be a standing bar (without seating) and lounge seating for 20 people, which exceeds the minimum 2:1 lounge seating to bar seating ratio prescribed by the statute.

SUP-41046
REVISED

seating) and lounge seating for 20 people, which exceeds the minimum 2:1 lounge seating to bar seating ratio prescribed by the statute.

Special Use Permit Determinations

The Project can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan. The Project is located in the Arts District, and will be an active participant in Arts District events, such as First Friday. The Project will operate after normal business hours, and only on three days during the week and will not disrupt the Property's neighbors (currently a hair salon/clothing boutique and beef jerky retailer). The Project will be managed by an experienced bartender, and will provide a lounge setting for the consumption of alcoholic beverages.

The Property is physically suitable for the Project's intended use. The Property has room for a bar area with, as well as for lounge seating away from the bar area. The Property is large enough to accommodate the 2:1 ratio of lounge seating to bar seating required by Title 6.50.255, as evidenced by the attached plans which show a standing only bar and lounge seating for 20 people.

The street facilities providing access to the Property are adequate in size to meet the requirements of the Project. Currently, there is plenty of access for both vehicle and foot traffic on South 3rd Street, which runs in front of the Property. The ACE rapid transit system also runs down South 3rd Street in front of the Property, and the Property is within walking distance to most of its clientele. The majority of the Property's customers will access the property through public transportation or by foot.

Approval of the Permit will not be inconsistent with or compromise the public health, safety and welfare or the overall objectives of the General Plan. As discussed above, the Project will operate only after normal business hours, and only on three days during the week. The Project will be managed by an experienced bartender, will be wholly separate from the retail business and will provide an urban lounge setting for the consumption of alcoholic beverages.

Please let me know if you require additional information.

Sincerely,

MILLER & WRIGHT, PLLC

Erika M. Wright, Esq.

RE: Firestone Auto Care Center – Deer Springs & Durango
Justification Letter

Dear Steve,

On behalf of the applicant and owner, we respectfully review and approval of the attached applications for Site Development Plan Review Amendment and Special Use Permit. The project site is located at the northwest corner of Deer Springs and Durango in Town Center. The subject portion of the site is proposed for development as an auto repair center. The entire commercial subdivision consists of approximately 4.71 acres; is zoned GC-TC and its land use designation is MS-TC. The proposed amendment to the previously approved Site Development Plan Review (SDR-27051) is to reconfigure the middle portion of the site with two buildings, where three were approved. This revised site layout enhances internal access and complements the existing buildings.

The Special Use Permit request is to allow for an Auto Repair Garage (Minor) within the GC-TC zoning district. The proposed use is compatible with the existing uses in the center and with the surrounding neighborhood in terms of architecture, height, landscaping, intensity and site design. The proposed use will occupy approximately .92 acres of the commercial subdivision.

While the proposed use generally conforms to the standards set forth in the Zoning Code and the Town Center Design Standards, approval of one waiver is requested in conjunction with the Special Use Permit. Code requires a distance separation of 330 feet between the proposed use and single-family detached dwellings. Because this distance is measured from the property line of the commercial subdivision, the applicant does not technically meet the code requirement. However, as shown on the site plan, the proposed use positioned in the center at a location furthest from the existing residences to the west. The

SDR-41049

209 S. Stephanie Street Suite B-128 Henderson, Nevada 89012 T: 702.451.3510 F: 702.451.4988

portion of the site on which the proposed use situated is physically separated from the nearest single-family residence by over 380 feet. Therefore, the applicant believes that the intent of the required separation distance is adequately met and the use will not negatively impact those neighbors as an adequate buffer exists in the physical separation distance. The applicant will be required to hold a neighborhood meeting prior to Planning Commission to address any concerns the neighbors may have. As to the Site Development Plan Review Amendment, no new waivers are being requested but we respectfully request that any previously approved waivers for the center remain in effect.

Thank you for your input during the Pre-Application conference. All items discussed have been addressed in the attached plans or in this letter. We look forward to presenting these items to the Planning Commission on April 12, 2011. Please contact our office if you have any questions or comments. Thank you for your kind consideration of this matter.

Very truly yours,

Barbara Baird

1 phasing plan
scale: 1" = 60'-0"

New Vista Ranch Phasing Plan:

1. Phase One - Build One New Residential Home and Onsite Medical Office
   a. Utilize existing access to Rainbow Boulevard. No offsite improvements to Rainbow Blvd. or Grand Teton.
   b. Construct underground utility connections to adjacent public utilities in Rainbow Boulevard.

2. Phase Two - Build Four (4) More Residential Homes
   a. Build only onsite infrastructure to support four more homes.

3. Phase Three - Build Two (2) Additional Residential Homes
   a. Construct offsite improvements to Grand Teton by developing a median opening within the existing half constructed median to allow both in and out circulation from the property to the north.
   b. Construct onsite roadways to direct onsite vehicle circulation to the Grand Teton access point.

4. Phase Four - Build Two (2) Remaining Residential Homes
   a. During this phase of development, and prior to receiving the occupancy permit for the first building in this Phase, commence construction of the offsite improvements to Rainbow Boulevard. The improvements to Rainbow Boulevard must commence and be completed within 180 days.
   b. Full offsite improvements to Grand Teton once 1) the construction of the either the mini business workshop building or the recreation center is commenced; 2) adjacent properties have constructed Grand Teton to the New Vista's property or 3) when requested by the City of Las Vegas Public Works Department based upon need for improved traffic circulation.

5. Phase Five - Construction of the Mini Business Workshop Building

6. Phase Six - Construction of the Recreation Center

RE: ZON-16580 - REZONING
CITY COUNCIL MEETING OF FEBRUARY 7, 2007
RELATED TO GPA-16578 AND SDR-16581

Dear Ms. Deguzman:

The City Council at a regular meeting held February 7, 2007 APPROVED the request for a Rezoning FROM: U (UNDEVELOPED) [DR (DESERT RURAL DENSITY RESIDENTIAL) GENERAL PLAN DESIGNATION] TO: PD (PLANNED DEVELOPMENT) on 15.05 acres at 7875 North Rainbow Boulevard (APN 125-15-501-002). NOTE: NEW VISTA RANCH, INC. IS THE APPLICANT/OWNER. The Notice of Final Action was filed with the Las Vegas City Clerk on February 8, 2007. This approval is subject to:

Added Conditions:

A. The approved Master Development Plan and Development Standard shall be recorded with the County Recorder and a filed-stamped copy provided to the City of Las Vegas Planning and Development Department.

B. Amending Section 4.3 of the Master Development Plan to state that Service and Loading Area yard shall be screened from adjacent streets pursuant to Title 19.

C. Amending Section 7.0 of the Master Development Plan to add the language that Title 19 shall govern any subject matter not specifically addressed by this Master Development Plan.

Planning and Development

1. A General Plan Amendment (GPA-16578) to PCD (Planned Community Development) land use designation approved by the City Council.

2. A Site Development Plan Review (SDR-16581) application approved by the City of Las Vegas is required prior to issuance of any permits, any site grading, and all development activity for the site.

ROC-40981
SDR-40980

3. The parking that is specified for the site be restricted to 100 spaces for daily use and the applicant must submit a design of the site plan that incorporates that.

4. The height of the parking lot lighting shall be restricted to 20 feet and that proper shrubs be incorporated into the design so as to eliminate any light pollution that might reach on the north side of Grand Teton Drive or on the east side of Rainbow Boulevard.

5. A revised landscape plan shall be submitted prior to the time application is made for a building permit depicting a 20-foot multi-use transportation trail consisting of a five foot landscaped corridor, a 10-foot sidewalk, and a 5-foot transition strip along Rainbow Boulevard and Grand Teton Drive.

6. There will be no retail uses on this site.

7. The project shall be in compliance with the Master Development Plan submitted 2/7/2007, except as amended herein.

Public Works

8. Dedicate an additional 10 feet of right-of-way for a total half-street width of 60 feet on Grand Teton Drive and the additional right-of-way necessary to maintain a 54-foot radius at the southwest corner of Grand Teton Drive and Rainbow Boulevard adjacent to this site prior to the issuance of any permits. In addition, dedicate all additional rights-of-way required for a bus turnout on Rainbow Boulevard prior to the issuance of any permits unless otherwise allowed by the City Traffic Engineer.

9. Construct all incomplete half-street improvements, including appropriate transition paving and overpaving (if legally able), on Grand Teton Drive and Rainbow Boulevard adjacent to this site concurrent with development of this site. Sidewalk improvements may be deferred at this time on Rainbow Boulevard, provided a Covenant Running with Land Agreement is recorded for all such improvements deferred. Streetlights on Rainbow Boulevard may also be deferred, provided the applicant provides such streetlights to the City for future installation, and constructs all needed underground infrastructure necessary for such future installation. Alternatively, monies in lieu of such streetlights may be contributed to the City if allowed by the City Engineer. Install all appurtenant underground facilities, if any, adjacent to this site needed for the future traffic signal system concurrent with development of this site. All existing paving damaged or removed by this development shall be restored at its original location and to its original width concurrent with development of this site. Extend all required underground utilities, such as electrical, telephone, etc., located within public rights-of-way, past the boundaries of this site prior to construction of hard surfacing (asphalt or concrete).

RECEIVED
FEB 16 2011

ROC-40981
SDR-40980

10. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits, submittal of any construction drawings or the submittal of a Map subdividing this site, whichever may occur first. Provide and improve all drainageways recommended in the approved drainage plan/study. The developer of this site shall be responsible to construct such neighborhood or local drainage facility improvements as are recommended by the City of Las Vegas Neighborhood Drainage Studies and approved Drainage Plan/Study concurrent with development of this site. In lieu of constructing improvements, in whole or in part, the developer may agree to contribute monies for the construction of neighborhood or local drainage improvements, the amount of such monies shall be determined by the approved Drainage Plan/Study and shall be contributed prior to the issuance of any building or grading permits, or the recordation of a Map subdividing this site, whichever may occur first, if allowed by the City Engineer.

11. All discussion regarding Summerlin style lighting refers to internal lighting only; not exterior street lighting. Lighting on Grand Teton Drive would match the City's current plan.

Sincerely,

Lean Coleman

RE: SDR-16581 – SITE DEVELOPMENT PLAN REVIEW
CITY COUNCIL MEETING OF FEBRUARY 7, 2007
RELATED TO GPA-16578 AND ZON-16580

Dear Ms. Deguzman:

The City Council at a regular meeting held February 7, 2007 APPROVED the request for a Site Development Review FOR A PROPOSED TWO-STORY, 56-UNIT ASSISTED LIVING APARTMENT DEVELOPMENT WITH A 43,283 SQUARE-FOOT COMMERCIAL AMUSEMENT/RECREATION (INDOOR) FACILITY, 3,024 SQUARE FEET OF MEDICAL OFFICE SPACE, AND 1,382 SQUARE FEET OF RETAIL SPACE on 15.05 acres at 7875 North Rainbow Boulevard (APN 125-15-501-002), U (Undeveloped) Zone [DR (Desert Rural Density Residential) Master Plan Designation] [PROPOSED: PCD (Planned Community Development) General Plan Designation] [PROPOSED: PD (Planned Development) Zone]. NOTE: NEW VISTA RANCH, INC. IS THE APPLICANT/OWNER. The Notice of Final Action was filed with the Las Vegas City Clerk on February 8, 2007. This approval is subject to:

Planning and Development

1. Approval of and conformance to the Conditions of Approval for General Plan Amendment (GPA-16578) and Rezoning (ZON-16580) shall be required.

2. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. All development shall be in conformance with the site plan, landscape plan, and building elevations, date stamped 10/30/06, except as amended by conditions herein.

4. The Site Plan must incorporate the amended design standards set forth in the zoning

5. The site plan shall be revised in accordance with the master development and standards agreement as approved.

SDR-40980

6. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications. The technical landscape plan shall include the following changes from the conceptual landscape plan: The applicant shall provide an additional 47 trees in the parking lot area; an additional 50 trees in the perimeter landscape buffer along the right-of-way; and an additional 54 trees in an eight-foot wide landscape buffer along the eastern edge of the flood control channel.

7. Pre-planting and post-planting landscape inspections are required to ensure the appropriate plant material, location, size of planters, and landscape plans are being utilized. The Planning and Development Department must be contacted to schedule an inspection prior to the start of the landscape installation and after the landscape installation is completed. A certificate of occupancy will not be issued or the final inspection will not be approved until the landscape inspections have been completed.

8. Reflective glazing at the pedestrian level is prohibited. Glazing above the pedestrian level shall be limited to a maximum reflectance rating of 22% (as defined by the National Institute of Standards and Technology).

9. All mechanical equipment, air conditioners and trash areas shall be fully screened in views from the abutting streets.

10. All utility boxes exceeding 27 cubic feet in size shall meet the standards of LVMC Title 19.12.040.

11. Parking lot lighting standards shall be no more than 30 feet in height and shall utilize downward-directed lights with full cut-off luminaries. Lighting on the exterior of buildings shall be shielded and shall be downward-directed. Non-residential property lighting shall be directed away from residential property or screened, and shall not create fugitive lighting on adjacent properties.

12. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

13. Prior to the submittal of a building permit application, the applicant shall meet with Planning and Development Department staff to develop a comprehensive address plan for the subject site. A copy of the approved address plan shall be submitted with any future building permit applications related to the site.

14. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

ROC-40981
SDR-40980

RECEIVED
FEB 16 2011

Public Works

15. Gated access driveways shall be designed, located and constructed in accordance with Standard Drawing #222a.

16. Landscape and maintain all unimproved rights-of-way, if any, on Grand Teton Drive and Rainbow Boulevard adjacent to this site.

17. Submit an Encroachment Agreement for all landscaping, if any, located in the Grand Teton Drive and Rainbow Boulevard public rights-of-way adjacent to this site prior to occupancy of this site.

18. All private improvements and landscaping installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

19. Unless otherwise allowed by the City Engineer, construct sidewalk on at least one side of all access drives connecting this site to the adjacent public streets concurrent with development of this site. The connecting sidewalk shall extend from the sidewalk on the public street to the first intersection of the on-site roadway network and shall be terminated on-site with a handicap ramp.

20. Site development to comply with all applicable conditions of approval for ZON-16580 and all other applicable site-related actions.

21. The approval of all Public Works related improvements shown on this Site Development Plan Review is in concept only. Specific design and construction details relating to size, type and/or alignment of improvements, including but not limited to street, sewer and drainage improvements, shall be resolved prior to submittal of a Tentative Map or construction drawings, whichever may occur first. No deviations from adopted City Standards shall be allowed unless specific written approval for such is received from the City Engineer prior to the submittal of a Tentative Map or construction drawings, whichever may occur first.

Re: Justification Letter – Site Plan Development Review
Review of Conditions
ZON-16580, conditions 5, 7 & 9
SPR-16581, conditions 3, 12, 16, 17 & 19

New Vista Community
Assisted Living Apartments
Community and Recreation Center
SW corner Rainbow and Grand Teton
Tax Assessor's Parcel No.: 125-15-501-002

Overview

The plans and we are submitting today are a revision to previously approved plans under GPA-16578, ZON-16580 and SPR-16581. This is a 15.05 net acre, 17.81 gross acre site on the southwest corner of Rainbow Boulevard and Grand Teton Drive in the City of Las Vegas. The plans depict essentially the same uses as previously approved but in a different configuration. Also, the overall building area of the project is being reduced by approximately 20,000 s.f. – a 14% reduction. The purpose of this revision is in response to the changing economic times while respecting the approved "Master Development Plan and Development Standards" document, the original staff comments and neighborhood meeting input. The project now consists of nine (9) assisted living homes, a small medical/therapy building, an educational/employment center and a community/recreation center. These uses were previously housed in two large buildings. The new plan proposes to separate these uses into smaller buildings to reduce the scale and appearance of the project. While the goal of this redesign is provide a more residential scale and character for the project in a campus like setting, it is also making the project more affordable and easier to finance from a construction and fundraising viewpoint. Central to this concept is to allow the project to be built in phases with each phase giving the appearance of a residential neighborhood growing over time.

ROC-40981
SDR-40980

RECEIVED
FEB 16 2011

Site Plan Development Review – Revisions to the previously approved plan

Colors and Materials

The documents submitted depict a one and two story residential project with community and recreational facilities. All of the buildings are designed with consistent "Western Craftsman Style" detail –

1.	Exterior Walls:	Stucco, Stone veneer, Painted concrete tilt-up walls, Split face masonry
2.	Glazing:	Bronze reflective/tinted glass
3.	Roofing:	Existing sloped roof s are to remain as is New sloped roofs to be concrete tile & standing seam

Essentially, the colors and the materials have not changed.

Setbacks, Building Heights, Building Areas, Arrangement of Buildings

Foremost among the neighbors' previous concerns was the size and location of the Community/Recreation Center and the Education/Employment Center (previously referred to as the Mini-Business/Workshop Building). These two (2) buildings are now split into twelve (12) buildings. The Education/Employment Center is the one building that did increase in size thought it maintains its position at the westernmost corner of the site per neighbor comments. The Community/Recreation Center has been drastically reduced in size and is pushed even farther west away from the single family homes to the east as per neighbor comments. The assisted living units have been broken up into nine (9) buildings, each housing six (6) residents and (2) caregivers. These buildings are now arranged campus style around large landscaped courtyards. Each of these buildings has a large front porch and several private porches that relate to the public spaces and public and private gardens that surround them. This is an overall reduction of two (2) assisted living units. The medical facilities, previously located in the large building, are now housed in a small building that is located in the same campus like setting. These buildings now relate to the existing "Ranchouses" at a smaller, more intimate residential scale. This now allows for myriad opportunities to create pedestrian circulation and amenities while internally relating to a system of gardens that are to be maintained by the residents.

FEB 16 2011

Review of Conditions

The requested Review of Conditions are required to match the new revised plans and the concept of phased construction to the language of the ultimate Conditions of Approval.

ZON-16580

Condition 5 Add language such as "…of the phased area contemplated at the time of permit submittal…" to the condition to account for phasing

Condition 7 Add language such as "…for the phased area contemplated at the time of permit submittal…" to the condition to account for phasing

Condition 9 Adjust this condition to account for phasing

SPR-16581

Condition 2, 12, 16, 17 & 19 Adjust these conditions to account for phasing

Otherwise, these plans are consistent with the master plan and with the requirements of City of Las Vegas Zoning Code.

We respectfully request your consideration in this matter. If you have any questions or comments, please call.

Sincerely,

JOHN DAVID BURKE, ARCHITECT

Re: Justification Letter,
Amendment to Site Development Plan
Parking Garage
Legal Aid Center of Southern Nevada
APNs: 139-34-410-244 and a Portion of 139-34-410-245

Dear Mr. Kagafas:

This firm represents Legal Aid Center of Southern Nevada (LACSN) with respect to the development of a four story parking garage located at the southwest corner of Gass Avenue and Eighth Street. The site is within the Downtown Redevelopment Plan with a General Commercial (GC) master plan designation and is currently zoned C-1. This request consists of Major Amendment to Site Development Plan. Note that this application represents a revision of the project, which was previously approved by the City Council (SDR-39457 & Var-39458).

Major Amendment to Site Development Plan

The parking garage is associated with a related project, already approved by the City Council, for an office building on the adjacent parcel to the south, which will serve as the new headquarters for LACSN. The parking garage will serve as the required parking for staff and clients of LACSN's new building.

On October 2010, the Planning Commission approved SDR-39457 for a three-story parking garage with a maximum height of 33'8". The approved parking garage

RECEIVED
FEB 23 2011
SDR-41023

covered 39,400 square feet and provided for 92 permanent parking spaces. At the same time, the Planning Commission approved VAR-39458 regarding setbacks associated with the Parking Garage.

The parking structure will consist of multi-tone grey and white paints while also including metal fabric/mesh along the stairwells. The garage will be open on all sides, except along Eighth Street, and will include a green screen wire trellis system for aesthetics. The entrances to the parking lot on Eighth Street and on the Alley (between Gass Avenue and Charleston Boulevard) will be gated for security during non-business hours.

This amendment proposes a 48,050 square foot parking garage (previously approved as 39,400 square feet), four story structure at a maximum height of 48 feet (previously approved as a three story structure with a maximum height of 33 feet, 8 inches). The amended project will accommodate 112 parking spaces (previously 92 spaces). Additionally, the amended project proposes the addition of a vehicular entrance on the alley way located between Gass Avenue and Charleston Boulevard. The original footprint of the parking garage will not change. Additionally, the proposed amendment makes no changes to VAR-39458. A comparison of the proposed project and the previously approved SDR-39457 & VAR-39458 follows:

SDR Land Use Application (Past Application SDR-39457 & Var-39458)			
	Code	Approved	Proposed
Story	N/A	3 story	4 story
Maximum Height	N/A	33'-8"	48'-0"
Main Garage Height	N/A	28'-0"	35'-6"
Parking Spaces	N/A	92 spaces	112 spaces
Parking Floor Area	N/A	39,400 SF	48,050 SF.
Landscape Buffer			
South	8 ft.	Zero	no change
West (alley)	8 ft.	Zero	no change
North	15 ft.	Zero	no change
East	15 ft.	Zero	no change
Setback			
Front	20 ft.	10 ft. (portion)	no change
Side	10 ft.	zero feet	no change
Corner Side	15 ft.	6 ft.	no change
Rear	20 ft.	5 ft.	no change
Lot Coverage	50%	82%	no change

RECEIVED
FEB 23 2011

SDR-41023

With this amendment, the applicant seeks to reduce the amount of parking variance previously awarded (SDR-39098 & VAR-39099) so as to enhance the project. The increase in height and square footage accommodates a ½ floor increase in the parking structure. When completed, this parking structure will have 112 spaces, representing a 6% reduction in parking or 6 spaces. Notably, the previously approved project was granted a 22% reduction in parking or 26 spaces. The amended project will ultimately provide a superior parking solution than previously approved.

In order to accommodate the additional traffic flow, the amended proposed project includes a vehicular entrance on the alley way located between Gass Avenue and Charleston Boulevard. This entrance will ensure easier access for LACSN staff and customer, and will ensure better circulation within the structure as demonstrated on the enclosed site plan.

Notably, the need for the additional parking was created by a partnership between the City of Las Vegas and the applicant. At the City's request, the applicant has agreed to house the City of Las Vegas Senior Citizen Law Project. This partnership will provide senior citizens in our community the ability to access comprehensive legal assistance from one central location. The additional parking requested by this amendment will further this goal.

When completed this project will add a vibrant, new structure to Charleston Boulevard and the Downtown Redevelopment area that will set a standard for small-sized office buildings. Moreover, it will allow LACSN to continue providing legal access to the poor, indigent, elderly and immigrant communities in southern Nevada at a location that is accessible to all citizens of our community. The proposed amendment will further this cause.

Thank you in advance for your time and consideration regarding this application. Please feel free to contact me should you have any questions or need additional information.

Sincerely,

Alisa D. Nave-Worth, Esq.

cc: Cherie Guzman, JMA

RE: Symphony Park (Parcels M1, M2, & M3) Justification Letter
(APN #'s 139-33-511-009, 139-33-511-010, 139-34-211-001)

Dear Planning,

City Parkway V, Inc. and the Symphony Park Master Association, Inc. propose to develop a park within the Symphony Park Development. The site for the park is comprised of three parcels (M1, M2, & M3) located on 2.18 acres of vacant land between Symphony Park Avenue at the intersections of Promenade Place. The M3 parcel is immediately north of the Smith Center for the Performing Arts, which is currently under construction, and the two adjacent parcels (M1 & M2) are to the west. The park will provide an immediate aesthetic complement to the development and is being designed to harmoniously connect these three adjoining parcels.

The Park improvements will include planting, irrigation, decorative hardscape, concessions building with restrooms, back-stage building, shade structures, water play area, and multiple opportunities for art and sculpture. A portion of the park is being programmed and designed to accommodate outdoor performances with the required infrastructure included. No on-site parking or vehicular access is planned other than the designated public right-of-way. In accordance with the Symphony Park Master Plan, parking will be accommodated through existing and proposed structures and surface lots off-site.

This project, being within the Symphony Park Development is part of the USGBC's LEED ND pilot program – which is the only such project in the State of Nevada, and will therefore utilize sustainable elements and design techniques throughout. The Park is designed to achieve LEED certification for New Construction. Both the Food and Beverage and Backstage buildings will be designed to meet the certified level for LEED-NC. As part of this effort, the site will reduce storm water runoff from pre-development conditions, and utilize xeriscape design principles for the landscape material, including water efficient plantings, and limiting turf areas to only usable space appropriate for a park. A water efficient irrigation system will be used for landscaping and water efficient fixtures will be used in building interiors to achieve an overall project water use reduction. Energy efficiency and ventilation

RECEIVED
SDR-41033

effectiveness will be achieved through selection of equipment, efficient lighting, and building envelope design. High recycled content, low VOC, and local materials will be used for building construction. Provisions will be made for recycling construction waste and for recycling waste generated from facility use during occupancy. As the site is located on a Brownfield site with soil contamination, vapor mitigation combined with soil remediation or deep foundations will be used.

The M1 parcel consists of existing utility infrastructure, proposed Symphony Park sign for the master development, and a drop off/pickup zone in the public right-of-way. An encroachment agreement will be required for the proposed private landscaping located at the northeast and southeast corners of the parcel M1 in public right-of-way. The proposed uses conform to the current zoning designation.

The M2 parcel consists of existing utility infrastructure, a proposed overhead canopy, seat walls and landscaping. The proposed uses conform to the current zoning designation.

The M3 parcel site plan consists of a 4,900 s.f. food & beverage building and restrooms with an adjacent overhead shade canopy, a water play area, and natural stone paved pedestrian access and circulation areas on the western portion of the parcel. The eastern portion consists of a covered stage with a 1,500 s.f. attached building for the back of the house functions. Connecting the east and west portions will be a turf play area and amphitheater with seat walls surrounded by decorative concrete paved sidewalks and landscaping. The proposed uses conform to the current zoning designation.

Per discussions with City staff (Dennis Moyer – Land Development) to expedite the permitting process, CLV will allow civil improvement plans to be reviewed by Land Development after preliminary drainage review and pending approval. No permits shall be issued until Conditions of Approval from the City Council meeting are met.

The project will comply with all conditions and comments from the Symphony Park Design Review Committee.

As a part of this application we are requesting the following waiver:

1. 19.14.040 (H) (4) - A variance is requested for placement of the "Symphony Park" sign on the M1 parcel located approximately 57 feet from west parcel line and 1.5 feet behind the back of curb/property line on the north and south sides of parcel. The sign is to be located outside any site visibility zones.

Re: **Justification Letter - 5501 Drexel, Llc - dbd: Ed Bozarth Chevrolet**

To Whom It May Concern:

In reference to the above-mentioned project, we provide the following Justification Letter to accompany our application.

Issue
Construct and maintain an addition to the existing Ed Bozarth Chevrolet Dealership at 5501 Drexel Road. The addition is at the south end of the facility and will increase the showroom size by 7,300 Square feet. The addition will cause minor modifications to a portion of the exterior façade.

Information
As it is an existing facility and business, the number of employees will remain the same. The existing hours of operation, owners, managers and licenses will be unchanged.

Findings
This project is compatible with the adjacent businesses in the area as it is an existing facility. All city policies and standards are met; they are unchanged from what is already in place. There will be no negative impact to neighborhood traffic or adjacent roadways. All building and landscape materials are consistent with what is already in place. Again, all design characteristics are the same and will remain harmonious with the surrounding developments and neighborhoods. And, all measures ensuring the public health, safety and welfare will remain in place with this existing facility.

Please contact me with any further clarifications you may require.

Sincerely,

Richard J. Youngblood, A.I.A.
President

CORRECTED LETTER

Mr. Gareth Spicer
708 South Jones Boulevard
Las Vegas, Nevada 89015

RE: SDR-35518 - SITE DEVELOPMENT PLAN REVIEW

Dear Mr. Spicer:

Your request for a Site Development Plan Review FOR THE PROPOSED CONVERSION OF A SINGLE FAMILY RESIDENCE TO A 1,688 SQUARE-FOOT OFFICE BUILDING WITH WAIVERS OF THE PERIMETER LANDSCAPE BUFFER REQUIREMENTS TO ALLOW A TEN-FOOT BUFFER ALONG THE WEST PERIMETER WHERE 15 FEET IS REQUIRED AND A ZERO-FOOT BUFFER ALONG PORTIONS OF THE NORTH PERIMETER WHERE FIVE FEET IS REQUIRED on 0.15 acres at 708 South Jones Boulevard (APN 138-36-316-007), P-R (Professional Offices and Parking) Zone, Ward 1 (Tarkanian), was considered by the Planning Commission on September 25, 2009.

The Planning Commission voted to ***APPROVE*** your request, subject to the following:

Planning and Development

1. The building elevation and free-standing sign shall be painted earth-tone, subject to approval of Planning and Development staff.

2. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. All development shall be in conformance with the floor plan date stamped 08/07/09 and the site plan and landscape plan date stamped 08/28/09, except as amended by conditions herein.

4. A Waiver from Title 19.12.040 is hereby approved, to allow a ten-foot wide landscape buffer along the west property line where fifteen feet is required and to allow a zero-foot wide landscape buffer along a portion of the north property line where five feet is required.

5. An Exception from Title 19.12.040 is hereby approved, to allow a stone walking path within the north and south perimeter landscape buffers where trees, shrubs, and groundcover is required.

6. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications.

07101-001-06-09

SDR-41037

7. Pre-planting and post-planting landscape inspections are required to ensure the appropriate plant material, location, size of planters, and landscape plans are being utilized. The Planning and Development Department must be contacted to schedule an inspection prior to the start of the landscape installation and after the landscape installation is completed. A certificate of occupancy will not be issued or the final inspection will not be approved until the landscape inspections have been completed.

8. Reflective glazing at the pedestrian level is prohibited. Glazing above the pedestrian level shall be limited to a maximum reflectance rating of 22% (as defined by the National Institute of Standards and Technology).

9. All mechanical equipment, air conditioners and trash areas shall be fully screened in views from the abutting streets.

10. All utility boxes exceeding 27 cubic feet in size shall meet the standards of LVMC Title 19.12.040.

11. Parking lot lighting standards shall be no more than 30 feet in height and shall utilize downward-directed lights with full cut-off luminaries. Lighting on the exterior of buildings shall be shielded and shall be downward-directed. Non-residential property lighting shall be directed away from residential property or screened, and shall not create fugitive lighting on adjacent properties.

12. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

13. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

14. Coordinate with the City Surveyor to determine whether a Reversionary Map or other map is necessary; comply with the recommendations of the City Surveyor.

15. Remove all substandard public street improvements, if any, adjacent to this site and replace with new improvements meeting current City Standards concurrent with on-site development activities.

16. If on-street parking is not already prohibited adjacent to this site, submit a written request to the City Traffic Engineer to eliminate parking on Jones Boulevard adjacent to this site prior to the issuance of any permits.

17. Landscape and maintain all unimproved right-of-way on Jones Boulevard adjacent to this site. Alternatively, hard surface all unimproved right-of-way on Jones Boulevard if allowed by the Planning and Development Department and/or required by the Nevada Department of Transportation prior to the issuance of a business license. Maintain all such improvements in perpetuity. All landscaping and private improvements installed with this project shall be situated and maintained so as not to create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

18. Obtain an Occupancy Permit from the Nevada Department of Transportation for all landscaping and private improvements in the Jones Boulevard public right-of-way adjacent to this site.

19. This site will be subject to the traffic signal impact fee as required by Ordinance No. 5644 at the time permits are issued.

20. Meet with the Flood Control Section of the Department of Public Works for assistance with establishing final grade elevations and drainage patterns for this site prior to submittal of construction plans or the issuance of any building or grading permits, whichever may occur first. Provide and improve all drainageways as recommended.

This action by the Planning Commission on **September 24, 2009** is final unless a written appeal is filed with the City Clerk within ten days of the date of the Planning Commission's decision or there is a review action filed by the City Council within the same time period. The Notice of Final Action was filed with the Las Vegas City Clerk on ***September 25, 2009***.

Sincerely,

Douglas J. Rankin, AICP
Planning Manager

SDR-41037

JUSTIFICATION LETTER

Gareth Spicer
708 S. Jones
Las Vegas, Nevada
89107

Project 12680427.04

11/14/10

1. Mr. Gareth Spicer requests for a Site Development Review (SDR) of the property at 708 S. Jones for the following reasons:

2. Mr. Gareth Spicer wishes to continue operation of a computer repair business at the aforementioned site. The facility will only be used as an office (administrative work) only and no repair work is being performed on site.

3. We are asking for a waiver approval to have no landscaping to the South of the building. In the original plans there was to be landscaping in this area. The area is 6' 2" in width. There is no entrance to the business at the rear of the building except through the back slider and this goes into a kitchen area. An entrance to a business should not go through a kitchen area. So we are asking for zero landscaping to the south wall of the building. This way we can put a 6' 2"' walk way to the South of the building which will give plenty of space for a person in a wheel chair to gain access to the front of the building and then into the front entrance of the business.

4. We are requesting that in the SDR 35518 that the first condition be deleted or remove. It states: **The building elevation and free standing sign shall be painted earth-tone, subject to approval of Planning and Development staff.** This will ensure that the next owner of the property will not be subject to earth tones.

5. In the front (west) of the building between the property line and the side walk there are two areas that are not landscaped or concreted. We are asking for these two areas to be concreted and not landscaped. For 3 reasons:
   1. I have driven down Jones North and South for approximately 5 miles and there are no property's that have landscaping in those areas.
   2. For the safety of people it would be better concreted.
   3. The landscaping that is going to be installed in the landscaping areas of the building are going to be ALL desert landscaping Palm Trees and cactus. This would not be advisable to put cactus in this area for the safety of pedestrians.

FEB 24 2011
SDR-41037

JUSTIFICATION LETTER

Gareth Spicer
708 S. Jones
Las Vegas, Nevada
89107

11/29/10

1. Mr. Gareth Spicer requests for a Site Development Plan Review (SDR) and a Review of Condition(s) (ROC) of the property located at 708 S. Jones for the following reasons:

2. Mr. Gareth Spicer wishes to continue operation of a computer repair business at the aforementioned site. The facility will only be used as an office (administrative work) only and no repair work is being performed on site.

SDR-

3. We are asking for a waiver approval to have no landscaping to the South of the building. In the original plans there was to be landscaping in this area. There is no entrance to the business at the rear of the building and in order to provide a safe and a clear and unobstructed path to the main entrance in the front we are asking for zero landscaping to the south wall of the building. We will install a 6'- 2" wide walk way to the South of the building which will give plenty of space for a person in a wheel chair to gain access to the main entrance of the building.

4. In the front (west) of the building between the property line and the side walk there are two areas that are not currently landscaped. We are asking for these two areas to be concrete and not landscaped. For 3 reasons:
   1. I have driven down Jones North and South for approximately 5 miles and there are no property's that have landscaping in those areas.
   2. For the safety of people it would be better concrete.
   3. The landscaping that is being requested to be installed throughout the rest of the site are going to be ALL desert landscaping, Palm Trees, cactus and rock. This would not be advisable to put cactus in this area for the safety of pedestrians.

ROC-

5. We are requesting that in the SDR 35518 that the first condition be deleted or removed. It states: **The building elevation and free standing sign shall be painted earth-tone, subject to approval of Planning and Development staff.** This will ensure that the next owner of the property will not be subject to only "earth tones".

Re: Site Development Plan Review for a Sexually Oriented Business within the *South District* of the *Downtown Centennial Plan*.

Dear Sir/Madam;

Please consider this request to expand the existing Olympic Garden property by way of a Major Site Development Review. The property is in a C-2 zone and currently holds entitlements for a Sexually Oriented Business (SOB), Tavern and a parking deviation allows a minimum 75 parking spaces for the existing uses. This request exercises the recently approved ordinance TXT-39658 which allows for an expansion and alteration of a Sexually Oriented Business when it is located within in the Downtown Centennial Plan area. The applicant proposes removing the existing building previously approved at 31,679 square feet and constructing a new three story 69,290 SF building with a fourth level roof deck (elevation 54 feet).

The floor plans indicate the new building the primary use of the building is an adult entertainment cabaret with ancillary uses including a tavern, beauty salon, outdoor recreational area and spa. The revised design includes three stories of fully enclosed area (61,220 SF). The fourth story has a 9,400 SF indoor day spa paired with an 8,770 SF outdoor patio that includes a swimming pool and bar area. Areas allowing on-premise consumption of alcohol (tavern) has increased from 31,679 SF to 47,507. This represents a 50% increase and is in conformance with 19.16.030 *Nonconforming Use of a Conforming Building*.

The site is located within the Downtown South District of the *Downtown Centennial Plan*. In this area the long term plan makes concessions to parking via the assumption that this area relies less on cars and more by taxi's, public transit and pedestrian traffic as compared to outlying neighborhoods. As such, Title 19 parking standards are not automatically applied (*see also Ordinance 6080*). Previous entitlements have established a minimum 75 parking spaces for the SOB property. The proposed site plan provides 162 on-premise spaces.

While not submitted as part of the current Site Plan Review, it should be noted that the applicant controls two parcels (162-03-202-002,003) located within 200 feet of the parcel that Olympic Gardens occupies. These parcels can accommodate 196 additional spaces. In the event the on-site spaces are not sufficient, a separate design review may be considered for the ancillary lot.

Design guidelines published in the *Downtown Centennial Plan* were incorporated into the design for the streetscape, landscape and streetside building façade.
