May 10, 2011

6:00 PM

ALL ITEMS ON THIS AGENDA ARE SCHEDULED FOR ACTION UNLESS SPECIFICALLY NOTED OTHERWISE. UNLESS OTHERWISE STATED, ITEMS MAY BE TAKEN OUT OF THE ORDER PRESENTED AT THE DISCRETION OF THE CHAIRPERSON.

NOTICE: This meeting has been properly noticed and posted at the following locations:

City Clerk's Bulletin Board, City Hall Plaza, 2nd Floor Skybridge
Clark County Government Center, 500 South Grand Central Parkway
Las Vegas Library, 833 Las Vegas Boulevard North
Grant Sawyer Building, 555 East Washington Avenue
Bulletin Board, City Hall Plaza (next to Metro Records)

ACTIONS: ALL ACTIONS EXCEPT GENERAL PLAN AMENDMENTS, REZONINGS AND RELATED CASES THERETO ARE FINAL UNLESS AN APPEAL IS FILED BY THE APPLICANT OR AN AGGRIEVED PERSON, OR A REVIEW IS REQUESTED BY A MEMBER OF THE CITY COUNCIL WITHIN TEN DAYS AND PAYMENT OF THOSE COSTS SHALL BE MADE UPON FILING OF THE APPLICATION.

ANY ITEM LISTED IN THIS AGENDA MAY BE TAKEN OUT OF ORDER IF SO REQUESTED BY THE APPLICANT, STAFF, OR A MEMBER OF THE PLANNING COMMISSION AND AGREED TO BY THE PLANNING COMMISSION. THE PLANNING COMMISSION MAY IMPOSE TIME LIMITATIONS, AS NECESSARY, ON THOSE PERSONS WISHING TO BE HEARD ON ANY AGENDAED ITEM.

PLANNING COMMISSION MEETING RULES OF CONDUCT:

1. Staff will present each item to the Commission in order as shown on the agenda, along with a recommendation and

suggested conditions of approval, if appropriate.

2. The applicant is asked to be at the public microphone during the staff presentation. When the staff presentation is complete, the applicant should state his name and address, and indicate whether or not he accepts staff's conditions of approval.

3. If areas of concern are known in advance, or if the applicant does not accept staff's condition, the applicant or his representative is invited to make a brief presentation of his item with emphasis on any items of concern.

4. Persons other than the applicant who support the request are invited to make brief statements after the applicant. If more than one supporter is present, comments should not be repetitive. A representative is welcome to speak and indicate that he speaks for others in the audience who share his view.

5. Objectors to the item will be heard after the applicant and any other supporters. All who wish to speak will be heard, but in the interest of time it is suggested that representatives be selected who can summarize the views of any groups of interested parties.

6. After all objectors' input has been received; the applicant will be invited to respond to any new issues raised.

7. Following the applicant's response, the public hearing will be closed; Commissioners will discuss the item amongst themselves, ask any questions they feel are appropriate, and proceed to a motion and decision on the matter.

8. Letters, petitions, photographs and other submissions to the Commission will be retained for the record. Large maps, models and other materials may be displayed to the Commission from the microphone area, but need not be handed in for the record unless requested by the Commission.

As a courtesy, we would ask those not speaking to be seated and not interrupt the speaker or the Commission. We appreciate your courtesy and hope you will help us make your visit with the Commission a good and fair experience.

BUSINESS ITEMS:

1. CALL TO ORDER

2. ANNOUNCEMENT: COMPLIANCE WITH OPEN MEETING LAW

RE: SDR-34997 - SITE DEVELOPMENT PLAN REVIEW

Dear Applicant:

Your request for a Site Development Plan Review FOR A PROPOSED 248 SPACE PARKING LOT, COMMERCIAL WITH WAIVERS OF THE LAS VEGAS MEDICAL DISTRICT LANDSCAPING REQUIREMENTS TO ALLOW A THREE-FOOT LANDSCAPE BUFFER WHERE SIX FEET IS REQUIRED AND A TWO-FOOT SIX-INCH BLOCK WALL WHERE THREE FEET IS REQUIRED AND TO ALLOW A ZERO-FOOT LANDSCAPE BUFFER ALONG THE SOUTH PROPERTY LINE WHERE EIGHT FEET IS REQUIRED on 2.42 acres on the east side of Tonopah Drive approximately 315 feet south of Pinto Lane (APN 139-33-302-026 thru 032), PD (Planned Development) Zone [MD-1 (Medical Support) Las Vegas Medical District Special Land Use Designation], Ward 5 (Barlow), was considered by the Planning Commission on August 13, 2009.

The Planning Commission voted to ***APPROVE*** of your request, subject to the following:

Planning and Development

1. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.

2. All development shall be in conformance with the site plan, landscape plan, and building elevations, date stamped 06/25/09, except as amended by conditions herein.

3. Site Development Plan Review (SDR-3054) shall be expunged, if approved.

4. A Waiver from the Landscape Buffer requirements is hereby approved, to allow a zero-foot landscape buffer along the south property line where eight feet is the minimum required, if approved.

5. A Waiver from the Las Vegas Medical District Plan landscaping requirements is hereby approved, to allow a 2.5-foot block wall adjacent to the right-of-way where a three-foot wall is required, if approved.

6. A Waiver from the Las Vegas Medical District Plan landscaping requirements is hereby approved, to allow a three-foot landscape buffer adjacent to the right-of-way where a six-foot buffer is required, if approved.

7. An Exception from the Las Vegas Medical District Plan landscaping requirements is hereby approved, to allow 30 parking fingers where 42 are required, if approved.

8. An Exception from the Las Vegas Medical District Plan landscaping requirements is hereby approved, to allow no landscaping along the southern property line where one tree every 20 feet on-center is required, if approved.

9. The applicant shall work with City staff to determine the most appropriate mapping action necessary to consolidate all existing parcels. The mapping action shall be completed and recorded prior to issuance of any permits.

10. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications.

11. Pre-planting and post-planting landscape inspections are required to ensure the appropriate plant material, location, size of planters, and landscape plans are being utilized. The Planning and Development Department must be contacted to schedule an inspection prior to the start of the landscape installation and after the landscape installation is completed. A certificate of occupancy will not be issued or the final inspection will not be approved until the landscape inspections have been completed.

12. Pursuant to the Las Vegas Medical District Plan, all utilities serving new development shall be underground. Above ground utility appurtenances visible from public streets shall be screened. The existing utility boxes on-site shall be placed underground or relocated in accordance with the requirements of the Las Vegas Medical District Plan and Title 19.12.040.

13. Parking lot lighting standards shall be no more than 30 feet in height and shall utilize downward-directed lights with full cut-off luminaires. Lighting on the exterior of buildings shall be shielded and shall be downward-directed. Non-residential property lighting shall be directed away from residential property or screened, and shall not create fugitive lighting on adjacent properties.

14. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

15. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

16. Submit a Reversionary Map for this site or coordinate with the City Surveyor to determine an acceptable mapping method; comply with the recommendations of the City Surveyor.

17. Remove all substandard public street improvements and unused driveway cuts adjacent to this site, if any, and replace with new improvements meeting current City Standards concurrent with development of this site. All existing paving damaged or removed by this development shall be restored at its original location and to its original width concurrent with development of this site.

18. No permanent structures or landscaping over 30 inches tall shall be constructed within the existing 20-foot Public Sewer Easement granted by Document #20040407:01657.

19. All landscaping and private improvements installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

20. Meet with the Flood Control Section of the Department of Public Works for assistance with establishing finished floor elevations and drainage patterns for this site prior to submittal of construction plans or the issuance of any building or grading permits, whichever may occur first. Provide and improve all drainageways as recommended.

21. Site development to comply with all applicable conditions of approval for Zoning Reclassification Z-20-97 and all other applicable site-related actions.

Re: Valley Hospital Parking Lot
SDR-34997 Time Extension Request
Letter of Justification

Site Development Plan Review 34997 to construct a new parking lot to replace a temporary parking lot at 625 S. Tonopah Drive for Valley Hospital was approved on August 13, 2009. The time limit to obtain a permit to begin construction is two years from that date, or August 13, 2011. The seven parcels which make up this parking lot have since been consolidated into one new parcel as was requested by a condition of that approval. That new parcel number is APN 139-33-302-035. Although it is Valley Hospital's intent to proceed with the construction of this parking lot, difficult economic conditions dictate that they would like to request a time extension to delay the construction until it better fits within their financial planning. Therefore, they are requesting that you consider allowing a two year Extension of Time to begin this work. We are not aware of any complaints which have been filed relative to the existing temporary parking lot and its usage as it is currently configured and respectfully request your favorable review of this request. Thank you for your consideration..

Sincerely,

Ned Cole

Subject: Annexation Gilcrease Nature Sanctuary
Southeast Corner of Racel Road and Al Carrison Street
APN 125-09-401-010/018/019

Dear Mr. Fagg:

This Justification Letter requests that the City of Las Vegas approve the Annexation application for the Gilcrease Nature Sanctuary. The site is located south of Racel Road and east of Al Carrison Street, and is currently under the jurisdiction of Clark County. The areas north and south of the site and within one parcel east and west are within the jurisdiction of the City of Las Vegas. The applicant is planning to significantly improve the site by renovating its existing facilities and expanding the compound further east. The annexation process will have a positive impact on the design and construction process and the surrounding community.

The current primary use is a bird sanctuary for a large number of animals that are housed on site. Over the years the sanctuary has obtained most of the birds from homes who have donated animals to the site or in some unfortunate cases abandon and have been found by local organizations. In addition, the property also provides space for other animals, such as deer, emus, mules, donkeys, turtles, and other animals. The Gilcrease Nature Sanctuary, a no kill operation, has a deep vested interest in educating the public on the proper care and treatment of these animals. The facility has been in operation for over 30 years offering tours for school age children, boy scouts, and other social groups. The proposed Master Plan will expand the existing compound to the entire 8 acre site that will accommodate additional animals and expand the variety of animals.

Currently, there is no existing City of Las Vegas Zoning Districts under Title 19 that specifically addresses the land use that is currently operating on the site.

The closest zoning districts are R-A Ranch Acres District, low density residential units located on large lots and conveying a rural environment, and C-V, which is intended for public and quasi-public uses, and maybe operated or controlled by any civic or service organization.

The applicant requests that all three parcels be annexed into the City of Las Vegas for the justifications given above. If you have any questions or need additional information, please contact me at (702) 219-5785.

RE: RQR-26324 – REQUIRED REVIEW
CITY COUNCIL MEETING OF MAY 7, 2008

Dear Mr. Bilbar:

The City Council at a regular meeting held May 7, 2008 APPROVED the Required Review of an approved Special Use Permit (U-0168-92) WHICH ALLOWED A 40-FOOT TALL, 14-FOOT X 48-FOOT OFF-PREMISE ADVERTISING SIGN (BILLBOARD) at 2900 Sirius Avenue (APN 162-08-418-002), M (Industrial) Zone. NOTE: THE CORRECT APN IS 162-08-702-002. THE SIGN IN REVIEW IS LOCATED AT THE NORTHEAST CORNER OF THE PROPERTY. ADDITIONAL NOTE: THE OWNER/APPLICANT IS FISHER BROTHERS LAS VEGAS, LLC.. The Notice of Final Action was filed with the Las Vegas City Clerk on May 8, 2008. This approval is subject to:

Planning & Development

1. This Special Use Permit shall be reviewed in three (3) years at which time the City Council may require the Off-Premise Advertising (Billboard) Sign be removed. The applicant shall be responsible for notification costs of the review. Failure to pay the City for these costs may result in a requirement that the Off-Premise Advertising (Billboard) Sign be removed.

2. The Off-Premise Advertising (Billboard) Sign and its supporting structure shall be properly maintained and kept free of graffiti at all times. Failure to perform the required maintenance may result in fines and/or removal of the Off-Premise Advertising (Billboard) Sign.

3. The property owner shall keep the property properly maintained and graffiti-free at all times. Failure to perform required maintenance may result in fines and/or removal of the Off-Premise Advertising (Billboard) Sign.

4. If the existing off-premise sign is voluntarily demolished, this Special Use Permit shall be expunged and a new off-premise sign shall not be permitted in the same location unless a Special Use Permit is approved for the new structure by the City Council.

RE: RQR-26970 – REQUIRED REVIEW
CITY COUNCIL MEETING OF JUNE 18, 2008

Dear Mr. Clifford:

The City Council at a regular meeting held June 18, 2008 APPROVED the Required Review of an approved Special Use Permit (SUP-3115) WHICH ALLOWED A 40-FOOT TALL, 14-FOOT X 48-FOOT OFF-PREMISE SIGN (BILLBOARD) at 6118 West Sahara Avenue (APN 163-02-802-004), C-1 (Limited Commercial) Zone. The Notice of Final Action was filed with the Las Vegas City Clerk on June 19, 2008. This approval is subject to:

Planning & Development

1. Conformance to the Conditions of Approval for Special Use Permit (SUP-3115).

2. This Special Use Permit shall be reviewed in three (3) years at which time the City Council may require the Off-Premise Sign (Billboard) be removed. The applicant shall be responsible for notification costs of the review. Failure to pay the City for these costs may result in a requirement that the Off-Premise Advertising (Billboard) Sign is removed.

3. The Off-Premise Sign (Billboard) and its supporting structure shall be properly maintained and kept free of graffiti at all times. Failure to perform the required maintenance may result in fines and/or removal of the Off-Premise (Billboard) Sign.

4. The property owner shall keep the property properly maintained and graffiti-free at all times. Failure to perform required maintenance may result in fines and/or removal of the Off-Premise (Billboard) Sign.

RQR-41221

5. If the existing Off-Premise (Billboard) Sign structure is removed, this Special Use Permit shall be expunged and a new Off-Premise (Billboard) Sign structure shall not be erected in the same location unless: (1) a new Special Use Permit is approved for the new structure by the City of Las Vegas, or (2) the location is in compliance with all applicable standards of Title 19 including, but not limited to, distance separation requirements, or (3) a Variance to the applicable standards of Title 19 has been approved for the new structure by the City Council.

6. All City Code requirements and design standards of all City departments must be satisfied.

RE: SUP-3115 - SPECIAL USE PERMIT
CITY COUNCIL MEETING OF DECEMBER 3, 2003

Dear Mr. Clifford:

The City Council at a regular meeting held December 3, 2003 considered the Appeal filed by Show Media from the Denial by the Planning Commission of a request for a Special Use Permit FOR A 40-FOOT TALL, 14 FOOT BY 48 FOOT OFF-PREMISE ADVERTISING (BILLBOARD) SIGN located at 6122 West Sahara Avenue (APN:163-02-802-004), C-1 (Limited Commercial) Zone.

The City Council granted the Appeal; thereby APPROVING the Special Use Permit. The Notice of Final Action was filed with the Las Vegas City Clerk on December 4, 2003. This approval is subject to:

Planning and Development

1. Conformance to all minimum requirements and provisions under Title 19.14.100 for the off-premise advertising (billboard) sign use and all other applicable sign requirements.

2. The Special Use Permit shall be reviewed in two years, at which time the City Council may require the off-premise sign to be removed. The applicant shall be responsible for notification costs of the review. Failure to pay the City for these costs may result in a requirement that the off-premise sign be removed.

3. Any required landscaping removed or displaced by erection of the off-premise sign shall be relocated or replanted to comply with the Landscape, Wall, and Buffer Standards and Title 19.12.

If the existing off-premise advertising (billboard) sign structure is removed, this Special Use Permit shall be expunged and a new off-premise sign structure shall not be erected in the same location unless: (1) a new Special Use Permit is approved for the new structure by the City Council; or (2) the location is in compliance with all applicable standards of Title 19 including, but not limited to, distance separation requirements; or (3) a Variance to the applicable standards of Title 19 has been approved for the new structure by the City Council.

5. The off-premise advertising (billboard) sign and its supporting structure shall be properly maintained and kept free of graffiti at all times. Failure to perform the required maintenance may result in fines and/or removal of the off-premise advertising (billboard) sign.

6. The off-premise advertising sign (billboard) supporting structure shall be redesigned to finish materials to complement the existing on-site building. The entire face-area of both sides of the off-premise advertising (billboard) sign shall be signage area or its border framework; none of the supporting structure shall be visible aside from the support pole.

7. All City Code requirements and design standards of all City departments must be satisfied.

Public Works

8. The proposed billboard shall not be located within public right-of-way, existing or proposed public sewer or drainage easements, or interfere with Site Visibility Restriction Zones.

The City Council at a regular meeting held May 21, 2008 APPROVED the Required Two-Year Review of an approved Special Use Permit (U-0237-94) FOR A 40-FOOT TALL, 14-FOOT X 48-FOOT OFF-PREMISE SIGN (BILLBOARD) at 4850 North Rancho Drive (APN 125-35-401-004), C-2 (General Commercial) Zone. The Notice of Final Action was filed with the Las Vegas City Clerk on May 22, 2008. This approval is subject to:

Planning & Development

1. Conformance to the Conditions of Approval for Special Use Permit U-0237-94.

2. This Special Use Permit shall be reviewed in three (3) years at which time the City Council may require the Off-Premise Advertising (Billboard) Sign be removed. The applicant shall be responsible for notification costs of the review. Failure to pay the City for these costs may result in a requirement that the Off-Premise Advertising (Billboard) Sign is removed.

3. The property owner shall remove any existing graffiti from the Off-Premise Advertising (Billboard) Sign within 30 days of final approval by the City of Las Vegas. Failure to perform the required painting may result in fines and/or removal of the Off-Premise Advertising (Billboard) Sign. Thereafter, the sign its supporting structure shall be properly maintained and kept free of graffiti at all times.

4. If the existing Off-Premise Advertising (Billboard) Sign structure is removed, this Special Use Permit shall be expunged and a new Off-Premise Advertising (Billboard) Sign structure shall not be erected in the same location unless: (1) a new Special Use Permit is approved for the new structure by the City of Las Vegas, or (2) the location is in compliance

RE: U-0237-94(2) - TWO YEAR REVIEW
CITY COUNCIL MEETING OF MARCH 6, 2002

Dear Mr. Greenwald:

The City Council at a regular meeting held March 6, 2002 APPROVED the Required Two Year Review on an approved Special Use Permit which allowed a 14 foot x 48 foot off-premise advertising (billboard) sign on property adjacent to the east side of Rancho Drive, north of Lone Mountain Road, (APN: 125-35-401-004), C-2 (General Commercial) Zone. The Notice of Final Action was filed with the Las Vegas City Clerk on March 7, 2002. This approval is subject to:

Planning and Development

1. The Special Use Permit shall be reviewed in two years at which time the City Council may require the off-premise sign to be removed. The applicant shall be responsible for notification costs of the review. Failure to pay the City for these costs may result in a requirement that the off-premise advertising (billboard) sign is removed.

2. If the existing off-premise advertising sign structure is removed, this Special Use Permit shall be expunged and a new off-premise advertising sign structure shall not be erected in the same location unless: (1) a new Special Use Permit is approved for the new structure by the City Council, or (2) the location is in compliance with all applicable standards of Title 19A including, but not limited to, distance separation requirements, or (3) a Variance to the applicable standards of Title 19A has been approved for the new structure by the City Council.

RE: U-237-94(1) - REQUIRED FIVE YEAR REVIEW

Dear Mr. Greenwald:

The City Council at a regular meeting held January 5, 2000 considered the Appeal filed by YESCO from the Denial by the Planning Commission of a request by Martin Greenwald on behalf of YESCO for a Required Five Year Review on an approved Special Use Permit on property located adjacent to the east side of Rancho Drive, north of Lone Mountain Road which allowed a 14 foot x 48 foot off-premise advertising (billboard) sign, C-2 (General Commercial) Zone, Ward 4 (Brown) [new Ward 6 (Mack)], APN: 125-35-401-004.

The City Council granted the Appeal; thereby APPROVING the Required Five Year Review. The Notice of Final Action was filed with the Las Vegas City Clerk on January 6, 2000. This approval is subject to:

1. This Special Use Permit shall be reviewed in two (2) years at which time the City Council may require the off-premise sign (Billboard) to be removed.

2. If this Special Use Permit is not exercised within one (1) year after the approval, this Special Use Permit shall be void unless an Extension of Time has been granted.

3. All City Code requirements and all City departments' design standards shall be met.

Sincerely,

BARBARA JO RONEMUS
City Clerk

Re: Special Use Permit for a Martini Lounge / Liquor Establishment within Tivoli Village at Queensridge Parcel 138-32-601-003 Building 9 units 150 and 230.

Dear Sir/Madam;

Please consider this request to allow a Liquor Establishment (tavern) within a previously approved mixed use development (SUP-5853). The site is located within a 29 acre commercial and residential development located at the northeast corner of Alta Drive and Rampart Boulevard.

This Martini bar uses a unique two-story design. The first story has both standard table seating as well as a lounge area. The second story offers an outdoor terraced seating area that overlooks the Tivoli Village entry feature and the commercial promenade below. The second story indoor area provides 15 gaming machines and additional seating area. The second story outdoor area is integrated into the Tivoli Village second story promenade. It is designed to facilitate thoroughfare for both patrons of the establishment as well as the general public. Furniture is permanently affixed to the mezzanine and will accommodate patrons of the establishment as well as the larger mixed use district.

This establishment expects to have more alcohol sales than food sales and therefore should be considered a Liquor Establishment. The parking allocation for this restaurant is grandfathered into the project-wide parking agreement. Please reference VAR-10773 that approved 3,955 spaces where 4,961 would otherwise be required. Please also refer to ordinance 6013 that waives a separation requirement between taverns that are located in a mixed use district.

This application requires a waiver of separation distance to allow less than 1,500 feet from the property line of the subject parcel to the property line of the nearest city park. The Tivoli Village mixed use development is situated on a parcel on which the north easternmost corner measures 160 feet from a playground within Angel Park (138-32-501-003). It is important to note that the commercial portion of this 30 acre parcel is on the westernmost side of the mixed use area. Consequently approximately 560 feet of mid-rise residential development is situated between the commercial portion of Tivoli Villages and the subject playground. Further, the subject suite is at the opposite end of the mixed-use parcel thereby providing more than 1000 feet from the front door of the supper-club to the property line of the playground. It is also notable that there are two barriers between this park and Tivoli Village. The first is an approximate 600 foot fence along the northern boundary of the property. The second is a drainage channel that is more than 20 feet

deep. As a result, a pedestrian must walk more than 2600 feet to the park while there is no direct vehicular access. For this reason, the park is suitably protected from this liquor establishment. If you have additional concerns please phone me at 598-1408.

Very truly yours,

Lora Dreja

Re: Vacation & Abandonment
138-07-201-001 & 002

To Whom It May Concern,

Please let this letter serve as justification for a vacation and abandonment of the Gilmore Ave. right-of-way, and government patent easements along the boundaries of the above referenced APN's.

Gilmore Avenue improvements currently end at Hualapai. Gilmore will never continue east of the above mentioned parcels due to an existing regional park and existing drainage detention basin. Therefore, the Gilmore right-of-way is not needed to perpetuate the street.

The government patent easements are also no longer needed as all the required street alignments and improvements are already in place.

Any drainage and/or utility easements required as a result of these vacations will be retained.

The approval of this application will not have a negative effect on the environment or surrounding areas. Should you have any questions, please do not hesitate to contact me.

Sincerely,
Baughman & Turner, Inc.

Re: River of Life Word Ministries, APN 139 24-803-022
Justification Letter for Variance & Waiver

This letter is a formal request for approval of a variance for a zero lot line setback on the rear property line of the parcel at 4944 Vegas Drive. This letter is also a request for a waiver for zero (0') foot landscaping where eight (8') feet is required on the 30' of exposed North property line and for 50' on the East & West property lines. To offset this request, two trees will be installed in the area not included in the waiver.

The adjacent properties (APN: 139-24-803-032 and 033) were created for right-of-way purposes but were never dedicated. The property owner, Nevada Escrow Services Inc., is a defunct business and the property is now addressed as Clark County, 500 S. Grand Central Parkway, Las Vegas, NV. Clark County has confirmed it is not right-of-way and suggested the Church file for adverse possession which the Church is currently doing.

The approval of the zero lot line set back and the landscape waiver will permit the existing lot to be more fully utilized.

The applicant will be providing new landscaping in the rear of the property.

We request this variance be approved.

Sincerely,
DWYER ENGINEERING, INC.

Re: River of Life Word Ministries, APN 139-24-803-022
Justification Letter for Parking Variance

Dear Sirs:

We formally request a variance to the parking requirements to allow the existing parking lot to remain in use. Currently the parking lot is used when services are held in the sanctuary.

The addition of the modular units in back will not place any additional burden on the parking lot as the modular units will be used at a different time than when the sanctuary is used.

We request this variance be approved.

Sincerely,
DWYER ENGINEERING, INC.

David A. Dwyer, P.E.
Principal

Re: Special Use Permit with separation waivers for Liquor Establishment within Tivoli Village at Queensridge Parcel 138-32-601-003, Building 9, Unit B 160 and 170

Dear Sir/Madam;

Please consider this request to allow a Liquor Establishment within a previously approved mixed use development (SUP-5853). Specifically in the basement and on the first level of 430 S. Rampart Boulevard. The site is located within a 29 acre commercial and residential development located at the northeast corner of Alta Drive and Rampart Boulevard. The proposed lounge is accessed from the promenade into a 2566 SF area. Another 6044 SF of the lounge is located subgrade, beneath building nine in the mixed use development. The total area is therefore 8610 SF.

Sofa by Santos Lounge has a lounge/nightclub atmosphere. Under the provisions of Title 19 it is classified as a liquor establishment within a mixed use district. The lease allows the tenant the option to serve food.

Please refer to ordinance 6013 that permits an applicant to request a waiver for the 1500 foot minimum separation requirement between Liquor Establishment and protected uses when the proposed tavern is located in a mixed use district. This Use Permit request requires the application of ordinance 6013 in order for Sofa to operate one the same property as previously approved taverns within Tivoli Village. This request also requires the application of ordinance 6013 to allow this tavern a 0 foot separation between to the liquor establishment located on Angel Park Golf Course that is the adjacent property. A third waiver is required to allow this tavern to be located approximately 141 feet from the boundary of a children's play ground located at Angel Park. This distance is measured property line to property line. The actual walking distance from the proposed tavern is more than 1500 feet and the pathway is encumbered by numerous other buildings, fences and drainage channels. There is not a direct route to drive from this establishment to the park.

If you have additional concerns please phone me at 598-1408.

Very truly yours,

Lora Dreja

Just To Use Durango – How Inconsiderate To The Tax Payers Of This Area. Triple Five Got Away Without Building The Wall Bethany

Our Neighborhood (West Mesa). I But you forgot about that one.

You allowed Queens Ridge to Build ugly Gothic looking Buildings that have Destroyed the look of Our Neighborhood.

You allowed a Big ugly stacked up Buildings to Be Built over a RECEIVED Golfers (once naturally Beautiful). MAR - 3 2011

The Buildings are sitting to close to the street (Alta Side) & Now We are possibly looking at a Bridge across Alta ???

It Now takes me approximately six Minutes from Alta & Bogo to Get to the Durango-25 onramp.

Can't Imagine what it will Be like once your New Vision of this area is Fully Operational.

In this economy our once Nice Quiet Neighborhood will look like the Strip as a Ghost Town.

I Guess We can Salvage it as a Ghost Town & it can Become a New Attraction for Tourist — But that again — You Don't want To Lose any Business on the Strip. Meanwhile We'll all Be Waiting at Alta & Durango for Traffic.

Re: Special Use Permit with separation waivers for Liquor Establishment within Tivoli Village at Queensridge Parcel 138-32-601-003, Building 9, Unit B 130 and 140

Dear Sir/Madam;

Please consider this request to allow a Liquor Establishment within a previously approved mixed use development (SUP-5853). Specifically, the building located at 430 S. Rampart Boulevard. The site is located within a 29 acre commercial and residential development located at the northeast corner of Alta Drive and Rampart Boulevard. The proposed lounge is has a 3500 SF access by the outdoor promenade then 6898 SF located subgrade, beneath building nine in the mixed use development.

Brickell is an Irish Pub featuring a full menu of Burgers, entrees and appetizers. Patrons are entertained by dart boards, billiard tables and several televisions that broadcast domestic sports as well as overseas football and rugby. A stage for live entertainment is available as allowed in a C-2 district.

Please refer to ordinance 6013 that permits an applicant to request a waiver for the 1500 foot minimum separation requirement between Liquor Establishment and protected uses when the proposed tavern is located in a mixed use district. This Use Permit request requires the application of ordinance 6013 in order for Sofa to operate one the same property as previously approved taverns within Tivoli Village. This request also requires the application of ordinance 6013 to allow this tavern a 0 foot separation between to the liquor establishment located on Angel Park Golf Course that is the adjacent property. A third waiver is required to allow this tavern to be located approximately 141 feet from the boundary of a children's play ground located at Angel Park. This distance is measured property line to property line. The actual walking distance from the proposed tavern is more than 1500 feet and the pathway is encumbered by numerous other buildings, fences and drainage channels. There is not a direct route to drive from this establishment to the park.

If you have additional concerns please phone me at 598-1408.

1.0 Overview

1.1 Purpose

The purpose of the Master Development Plan and Development Standards along with the Guidelines for this PD plan is to provide the parameters of development for the New Vista Community Project. The project is located on 15.05 net acres located at the Southwest Corner of Grand Teton and Rainbow Boulevard in the City of Las Vegas. In 2007, New Vista submitted a development plan that reflected its desire to develop the charities property. At the time, the property was zoned U (Undeveloped) with a General Plan designation of DR (Desert Rural). Based upon the proposed plan, the City of Las Vegas approved a General Plan Amendment, GPA-16578, a Zone Change ZON-16580, and a Site Development Review, SDR-16581 with the zoning approved to PD (Planned Development) and a General Plan Amendment to PCD.

2.0 PD District

2.1 Intent of PD District

The Intent of the Planned Development District (PD) is to permit and encourage comprehensively planned developments whose purpose is redevelopment, economic development, cultural enrichment, or to provide a single purpose or multi-use planned development. The rezoning of property to the PD District may be deemed appropriate if the development proposed for the District can accomplish one or more of the following goals:

1. Providing for an orderly and creative arrangement of land uses that are harmonious and beneficial to the community.

2. Providing for a variety of housing types, employment opportunities or commercial or industrial services, or any combination thereof, to achieve variety and integration of economic and redevelopment opportunities.

3. Providing for flexibility in the distribution of land uses, in the density of development, and in other matters typically regulated in zoning districts.

4. Providing for cultural, civic, educational, medical, religious or recreational facilities, or any combination thereof, in a planned or a unique setting and design.

5. Providing for the redevelopment of areas where depreciation of any type has occurred.

6. Providing for the revitalization of designated areas.

RECEIVED
APR 13 2011

7. Promoting or allowing development to occur in accordance with a uniform set of standards, which reflect the specific circumstances of the site.

8. Avoiding premature or inappropriate development that would result in incompatible uses or would create traffic and public service demands that exceed the capacity of existing or planned facilities.

9. Encouraging area sensitive site planning and design.

10. Contributing to the health, safety and general welfare of the community and providing development, which is compatible with the City's goals and objectives.

2.2 Minimum Site Area

The minimum site area for Planned Development District is five acres, except that the City Council may waive this requirement when the proper planning justification is shown. The boundary of the New Vista Community Project is 15.05 net acres.

3.0 New Vista Community Planned Development (PD)

3.1 History and Background

The New Vista Community was started back in the mid-eighties to provide for the needs of the adult intellectually challenged. The concept was to provide facilities and residential opportunities for its beneficiaries (hereinafter referred to as residents) to live and work independently and be a part of the general community. In the late eighties, New Vista was - donated 15 acres by the Gilcrease family in what was then Clark County. To date, with volunteer work and donations, four "ranch houses" have been built on this property. Each "ranch house" provides six adult residents with room and board and the supervision -by a non-handicapped caretaker couple. New Vista Community has evolved over the past twenty years, to the point where the concept is now to also take care of the more senior segment of the intellectually challenged population by providing opportunities and support so they may experience life to the fullest..

3.2 Proposed Project Designation

Initially, the New Vista parcel was zoned RE with the proper use permits in unincorporated Clark County. Now that the land has been annexed into the City of Las Vegas, the property has been rezoned as a Planned Development with an approved Site Development Review. -. To achieve the goals and uses that are hereby proposed, a review of conditions for the approved SDR and Zoning Conditions is being requested.

3.3 Site Boundary

The boundaries of the New Vista Community, for which these guidelines are written, are described in Exhibit 6.g.

3.4 Permitted Uses and Standards

As defined in Chapter 19.06.050 Special Purpose and Overlay Districts PD Planned Development District. Any combination of residential, commercial, industrial or public uses may be permitted within a specific Planned Development Plan for that district. The uses to be permitted within the district must be specified in the adopted Master Development Plan for the district.

Planned Uses:

In the development of these facilities, New Vista Community's goal is to provide a portion of the adult intellectually challenged population a place to live and enjoy a positive lifestyle which to the fullest extent possible
" ...assure(s) equality of opportunity, full participation, independent living and economic self-sufficiency..."[1]. These facilities must provide an array of activities and services that will promote:

1. More independent functioning of the residents within a professionally supervised setting
2. More opportunity for the residents to enjoy interaction with other residents within the New Vista community.
3. "...cultural, civic, educational, medical....recreational..." fulfillment of the New Vista residents.

To achieve these goals, the following uses are proposed:

1. Allow existing residential facilities that provide living quarters for adult intellectually challenged residents and their supervising caregivers.
2. Allow new assisted living apartments for senior intellectually challenged residents
3. Allow offices for the administration of the New Vista community
4. Allow offices for professional medical care limited to:
    a. Monitoring of the health and welfare of the residents
    b. Minor medical care of the residents
    c. Provide Occupational and Physical Therapy for the residents
    d. Administration of the medical care facilities.

5. Allow workshops to promote the training of the residents of New Vista in skills including, but not limited to:
    a. Arts and crafts
    b. Painting
    c. Woodworking
    d. Ceramics
    e. Sculpture
    f. Stained Glass
    g. Jewelry
6. Allow central dining/banquet facilities
7. Allow recreational facilities including, but not limited to:
    a. Gymnasium
    b. Pool and spa
    c. Fitness/aerobics

The new facilities are for the use of New Vista Community, its members [2] and its residents and are not open to the general public. The new facility shall not have retail sales and the intention of the ***"Education/Employment Center"*** is to encourage the development of the residents'skills so that they might start businesses in other office locations. Any products produced by such "businesses" would be offered for sale at an appropriate offsite commercial location (e.g., the New Vista thrift store at *5220 West Charleston Boulevard*).

3.5 Special Events

New Vista Community, pursuant to their fundraising and/or social activities for their non-profit organization, may, with appropriate city approvals, hold up to sixteen (16) special events on site per year. Examples of these events include, but are not limited to the following:

1. Bachelor and bachelorette celebrity auction
2. Wine tasting gala and auction/silent auction
3. Masquerade ball and auction/silent auction
4. Special Olympics competitions
5. Golf Tournament (held off-site)

[2] members are those intellectually challenged individuals living in southern Nevada and their immediate families and guardians

3.6 Future Expansions or Alterations

Any significant revision of the plans as initially approved shall be subject to a Site Plan Development Review by the City Council at a Public Hearing. All future expansions and/or alterations shall be harmonious and compatible with the approved design.

4.0 Site Design Criteria

4.1 Building Setbacks *and Height*

	Grand Teton	*Rainbow*	*Gilcrease Orchard*	*Max. Height*
Community/ Rec Building	*200 ft.min.*	*100 ft min..*	*150 ft. min.*	*50 ft.*

Minimum separation between buildings to be 15 feet

Existing Ranch House Buildings to remain as built

4.2 Building Setback Exceptions

1. Underground Utilities
2. Roof Overhangs
3. Steps and sidewalks
4. Landscaping and related irrigation
5. Planter and related irrigation
6. Driveways and curb cuts

4.3 Service and Loading Areas

Where practical, Service and loading areas' yards shall be screened from adjacent streets.

RECEIVED
APR 13 2011

4.4 Parking, Driveways and Circulation

1. Parking required

There shall be 100 parking spaces as stated in the Conditions of Approval for ZON-16580.

2. Handicapped Parking

The appropriate handicapped spaces shall be provided in accordance with the requirements as outlined in the City of Las Vegas Zoning Code Title 19.

3. Driveways

The existing driveway on Rainbow Boulevard shall provide access to the site in Phases I and II. In Phase III, all public access shall be from the newly constructed driveway on Grand Teton. In Phase III, the Rainbow driveway shall be crash gated and limited to fire truck emergency access only.

4.5 Signage

1. Temporary Signage

Temporary construction signs naming Builder, architect, etc, are allowed subject to the time limits of constructions and shall not exceed 32 square feet.

2. Site Signage

Monument signage naming the Project shall be provided in accordance with the requirements as outlined in the City of Las Vegas Zoning Code Title 19. The monument signs [4] will be located at the two entrances and corner of property.

[3] Landscape gravel shall be as approved by the City of Las Vegas planning staff.

[4] Monument signs are to be one hundred twenty square feet in area maximum, 6 feet high maximum, and if illuminated shall not have exposed neon.

RECEIVED
APR 13 2011

4.6 Landscaping

All landscaping shall be in accordance with the requirements of Title 19.

4.7 Fences and Walls

All fences and walls shall be in accordance with the Title 19 and the Landscape Wall Caps and Buffer Guidelines.

4.8 Streetscape

1. *Grand Teton street frontage to be as per Exhibit D, "Multi-use Transportation Trail" and the phasing plan – sheet A1a*
2. *Rainbow Boulevard street frontage to be as per Exhibit D, "Multi-use Transportation Trail" and the pahsing plan – sheet A1a*

4.9 Transportation Plan and Traffic Impact Analysis

Pursuant to Title 19.06.050B.(1), the site plan depicts the transportation plan. The site is located on the southwest corner of the intersection between two major streets. See Exhibit 6h for the Traffic Impact Analysis. Due to the fact that the residents of the property do not own or drive vehicles, the conclusions of the traffic study that the development of the site will not generate a significant amount to traffic to the surrounding roadways are reasonable. New Vista has agreed that it will participate in future warranted offsite improvements if required by the City of Las Vegas Public Works.

4.10 Preliminary Drainage Analysis

With the assistance of New Vista, the City of Las Vegas and the Clark County Regional Flood Control District, these agencies have just completed the constructed a new drainage structure on the west side of the New Vista site. This structure collects and conveys floodwaters from Grand Teton and ties into a recently constructed storm water system for Rainbow Boulevard at its south terminus. New Vista's Civil engineers are proposing that a phase line be set 400' to the north of Whispering Sands Drive along Rainbow Boulevard (see site plan). North of this Phase Line, Rainbow is proposed to be developed to rural street frontage -standards

5.0 Architectural Design Criteria

5.1 Purpose

The design objective of the architectural criteria is to establish the parameters and theme for creating a uniform Architectural character comparable with the surrounding planned communities.

5.2 Style

The architectural character of the New Vista Community project is intended to be "Western" in design with architectural detail reminiscent of the Colorado Rockies and appropriate to a planned community development.

5.3 Mechanical Equipment / Trash Area Screening

Exterior mechanical equipment, whether roof or ground mounted, shall be screened on all sides in a manner aesthetically compatible with the architectural design of the buildings. Trash enclosures shall be aesthetically compatible with the architectural design of the buildings.

5.4 Building Materials and Finishes

1.	Exterior Walls:	Stucco/*EIFS*, Stone veneer, Painted concrete tilt-up walls, Split face masonry
2.	Glazing:	*R*eflective (22% max. reflectivity) *or* tinted glass
3.	Roofing:	Existing sloped roof s are to remain as is New *low rise* sloped roofs to be concrete tile *EEC and Community/Rec Building sloped roofs are to be architectural grade standing seam metal.*

5.5 Exterior Lighting

1. The design objective for the lighting criteria is to provide safe, functional lighting in an aesthetically pleasing manner.
2. Area Illumination is to provide for entry areas and other people-gathering places. On-site lighting not permitted to shine offsite
3. Street lighting on Grand Teton only (if permitted by the City of Las Vegas)
4. Area illumination for the parking lot to be 20 feet maximum and shall be downcasting shoe box fixtures mounted on pole standards.
5. Service area lighting shall be contained within the service yard boundaries.
6. Landscape lighting shall be integrated into the overall project lighting design. Proper shrubs [5] shall be incorporated into the design so as to eliminate any light pollution that might reach on the north side of Grand Teton or on the east side of Rainbow Boulevard

RECEIVED
APR 13 2011

5.6 Exterior Colors

The intent of the exterior colors is to create a desert responsive color palette, of warm earth tones with primary color accents which shall be considerate of the adjacent residential areas. See the attached color and materials board

New Vista Ranch Traffic Summary

- The 56 additional units are anticipated to generate approximately 157 trips per day of which 10 trips are during the AM peak hour and 16 are during the PM peak hour based on the trip rates provided in the Institute of Transportation Engineers (ITE) Trip Generation Manual

- The community Center/Recreation Center is anticipated to generate a maximum of 813 trips per day of which 17 trips are during the AM peak hour and 52 are during the PM peak hour based on the trip rates provided in the Institute of Transportation Engineers (ITE) Trip Generation Manual

- The site is not expected to generate a significant amount of traffic to the surrounding roadways

- The site is served by two arterials which should have adequate capacity to handle the low volume of traffic generated by this development

- The two driveways are located away from the Rainbow/Grand Teton intersection and should provide adequate access and circulation for the development

- The City may require a traffic impact study to analyze the traffic impacts from this development

- The City may impose a traffic signal impact fee Based on the number of units and square footage proposed this could be on the order of $25 000

RECEIVED
APR 13 2011

This preliminary traffic analysis provides an evaluation of the of the traffic conditions and impacts for a proposed expansion to the New Vista Ranch located on the southwest corner of Rainbow Boulevard and Grand Teton Drive. The proposed expansion includes 56 additional assisted living housing units and a 140,000± square foot Community/Recreation Center.

The average daily traffic volume and the AM and PM peak hour volumes generated by the additional assisted living units and community/recreation center have been estimated based on the trip rates for Assisted Living Units (ITE Code 254) and Multi-Purpose Recreation Facility (ITE Code 435) provided in the Institute of Transportation Engineers (ITE) Trip Generation, 7th Edition. The proposed expansion is estimated to generate 27 morning peak hour trips and 68 evening peak hour trips as summarized in the following table.

TRIP GENERATION

Land Use	Size	24 Hour Volume	AM		PM	
			Enter	Exit	Enter	Exit
Assisted Living (ITE Code 254)	56 Occupied Beds	153	7	3	8	8
Multi-Purpose Recreation Facility (ITE Code 435)	9 Acres	813	9	8	26	26

As shown in the above table, this expansion is expected to generate very little traffic. The residents of the assisted living units do not drive and many of the community/recreation center users are on-site. The following conclusions and recommendations are provided based on this preliminary analysis.

- The expansion is not expected to generate a significant amount of traffic to the surrounding roadways.
- The site is served by two arterials which should have adequate capacity to handle the low volume of traffic generated by this development.
- Two driveways are proposed to be located on Grand Teton Drive and should provide adequate access and circulation for the development.
- The City may require a traffic impact study to analyze the traffic impacts from this development.
- The City may impose a traffic signal impact fee. Based on the number of units and square footage proposed, this could be on the order of $25,000.

RE NEW VISTA RANCH (GRAND TETON / RAINBOW) DRAINAGE

Mr Burke

On December 12, 2006 I met with the City of Las Vegas Flood Control Current Planning and Development Coordination staff to discuss this project The purpose of the meeting was to discuss the existing drainage conditions for this site and adjacent properties and the impact this proposed project would have on the existing conditions

The City of Las Vegas staff emphasized that the development of this site would need to be done in such a manner that downstream properties would not be negatively impacted by this project The following discussion summarizes those existing conditions and develops the concept of the design which achieves that objective It outlines how this site can be developed at this time and return flows to historic conditions downstream of this site

Sincerely,

VTN Nevada

NEW VISTA RANCH DRAINAGE ANALYSIS

EXISTING CONDITIONS

The City of Las Vegas Northwest Neighborhood Study Phase 2 determines the existing and future 100 year flows which impact this site Figures E-13 and F-13 from that report are attached They show that 1316 cfs and 669 cfs will be carried by Grand Teton and Rainbow in the existing condition This will necessitate that all buildings or floodwalls adjacent to Grand Teton be constructed approximately 3 6 (1 5' freeboard plus 2 1' depth of flow) above the flow line Similarly, all buildings or flood walls adjacent to Rainbow will need to be constructed 3 1 (1 5' freeboard plus 1 6 depth flow) above the flow line This is the standard required by the City of Las Vegas

There is an existing channel / flow path along the westerly property line of this site which routes 3070 cfs in the existing condition from Grand Teton to the Whispering Sands / Rainbow intersection In the future a CCRFCD facility will be constructed at this location to carry 3891 cfs

For analysis purposes, the existing condition 3070 cfs will be utilized to determine the existing limits of this flow path The existing condition peak flow was utilized since the City of Las Vegas Northwest Neighborhood Study uses developed condition flow rates for this case The future flow rate will only occur once all upstream CCRFCD improvements are in place which routes additional flows to this channel Those improvements can t be constructed until the CCRFCD facilities are constructed adjacent to and extended downstream from this site Therefore, the 3020 cfs flow was utilized to determine the width of the current flow path along the west property line of this site

The results of the existing condition analysis are shown on the attached Exhibit ECFP The width of the flow path varies from 200 to 1200' It is noted that the flow path crosses into the Whispering Sands R O W approximately 1350 west of the center line at Rainbow and into the Rainbow R O W approximately 200 north of the centerline at Whispering Sands

As Exhibit ECFP demonstrates this flow path has a width of over 1000' at the downstream end of this project. The existing properties south of Whispering Sands and along Rainbow Boulevard currently are significantly impacted by this approximately 3000 cfs of flow prior to the construction of this site

PROPOSED CONDITIONS

As previously discussed, the proposed structures adjacent to Grand Teton and Rainbow will need to be elevated or protected by floodwalls up to 1 5' above the calculated water surface in those streets

RECEIVED
APR 13 2011

The design of conveyance facilities along the west property line of this project will need to maintain the existing conditions outlined above This will be accomplished by widening the bottom width of the existing earthen channel adjacent to the northwestern portion of this site and spreading out the flow adjacent to the southwestern portion to match existing conditions as it crosses into Whispering Sands and Rainbow R O W

One issue needs to be understood upfront it is not possible to construct the adjacent future CCRFCD facility at this time since it would have no downstream discharge In addition these interim facilities will have to return the flow to existing ground elevation at the perimeter of this site

This project is being divided into phases for the purpose of this analysis The northern 2/3 of the site will be developed at this time The southern 1/3rd of the site will be utilized for "overflow event' parking and to distribute the flow to maintain historic conditions After construction of CCRFCD facilities the southern 1/3 of the site can be completely developed

In order to maintain historic conditions it will be necessary to widen the bottom width of the existing channel in the existing 100' easement for the future CCRFCD facility This widening of the bottom of the channel will compensate for the filling of the portion of the existing flow path located within this site A typical section of this interim channel facility, Exhibit ICF is attached This channel section was added to the existing cross section to determine the width of the flow path after construction of this project shown on Exhibit FCFP

It should be noted that the interim channel will remain earthen except for the armoring of the east bank to prevent potential damage to the proposed buildings It was decided to leave the rest of the channel / flow path as existing or earthen condition If it were to be improved, that would result in potentially increasing the velocity of discharge on the existing downstream residences It should be noted that the discharge velocity in both the existing and proposed condition analysis is less than 5 fps which is considered nonerosive

An interim berm will be utilized in the southern portion to provide an eastern limit in the proposed condition to expand the flow back to historic discharge locations and conditions In addition this berm will provide protection for the interim "event overflow' parking area in the southern portion of this site If the interim berm is damaged during any storm event, the property owner will need to restore it to maintain protection for this interim parking area

ONSITE DETENTION

At previous public meetings for this project it was suggested that some form of a detention basin be constructed in the southern portion of this site As discussed at recent meetings with the City of Las Vegas staff members, due to the size of land available and

RECEIVED
APR 13 2011

since no downstream underground drainage system exists, this onsite detention would probably result in no effective reduction of the existing flow impacting downstream property

It is acknowledged that an onsite basin could be incorporated into the "event overflow parking lot However, this basin would have an ' at grade outlet structure These type of small "at grade" detention facilities have a potential of becoming a public nuisance It would be similar to in design to the detention basin which was constructed in the Los Prados subdivision just west of Decatur The City of Las Vegas received numerous complaints about that facility for years It is suggested to allow the City of Las Vegas Flood Control staff to determine if an onsite detention facility is necessary at the time a technical drainage study is prepared that determination to be based on impact of development of this site has on the entire basin drainage system

Overview

This revision to the New Vista Master Development Plan and Development Standards Document we are submitting today is a revision to previously approved MDPDS document approved in conjunction with GPA-16578, ZON-16580 and SPR-16581. The project involves a 15.05 net acre, 17.81 gross acre site on the southwest corner of Rainbow Boulevard and Grand Teton Drive in the City of Las Vegas. This revision is a companion item to the newly submitted plans for SDR-40980 and ROC-40981. The new revised plans depict essentially the same uses as previously approved but in a different configuration. The MDPDS document revisions bring this document in line with the new submittals.The uses proposed were previously housed in two large buildings. The new plan proposes to separate these uses into smaller buildings to reduce the scale and appearance of the project. Also, the overall building area of the project is being reduced by approximately 20,000 s.f. – a 14% reduction. While the goal of this redesign is provide a more residential scale and character for the project in a campus like setting, it is also making the project more affordable and easier to finance from a construction and fundraising viewpoint. Central to this concept is to allow the project to be built in phases with each phase giving the appearance of a residential neighborhood growing over time.

Revisions to the PD Document:

Section 3.4 Revise the title of the "Micro Business Center" to read "Education Employment Center". Though the uses are the same – the name changes is more explanatory of the purpose of the building.

Section 4.0 The Building Setback section has been revised to match the newly submitted plans and the height limits have been added to this section. The biggest change here is the added height of the Community/ Recreation Center. This height is need for the sports function (basketball clear height of 28'). The additional height above that is to allow for a sloped/gable residential appearance roof. The previously approved 35' height forces the building design into a commercial looking flat roof.

Section 4.4 This section has been revised to show the 100 parking spaces that were conditioned as a part of ZON-16580. It also revises the driveway requirements to match the new phasing plan.

Section 4.8 This section has been revised to match the new phasing plan.

Section 4.9 This section has been updated to match current site conditions.

Section 4.10 This section has been revised to match current site conditions.

Section 5.4 This section has been revised to match the newly submitted plans.

Section 6.0 The exhibits have been updated to match the newly submitted plans and incorporate the previous approvals

Otherwise, this Major Modification is consistent with the master plan and with the requirements of City of Las Vegas Zoning Code.

We respectfully request your consideration in this matter. If you have any questions or comments, please call.

Sincerely,

JOHN DAVID BURKE, ARCHITECT

RE: ZON-16580 - REZONING
CITY COUNCIL MEETING OF FEBRUARY 7, 2007
RELATED TO GPA-16578 AND SDR-16581

Dear Ms. Deguzman:

The City Council at a regular meeting held February 7, 2007 APPROVED the request for a Rezoning FROM: U (UNDEVELOPED) [DR (DESERT RURAL DENSITY RESIDENTIAL) GENERAL PLAN DESIGNATION] TO: PD (PLANNED DEVELOPMENT) on 15.05 acres at 7875 North Rainbow Boulevard (APN 125-15-501-002). NOTE: NEW VISTA RANCH, INC. IS THE APPLICANT/OWNER. The Notice of Final Action was filed with the Las Vegas City Clerk on February 8, 2007. This approval is subject to:

Added Conditions:

A. The approved Master Development Plan and Development Standard shall be recorded with the County Recorder and a filed-stamped copy provided to the City of Las Vegas Planning and Development Department.

B. Amending Section 4.3 of the Master Development Plan to state that Service and Loading Area yard shall be screened from adjacent streets pursuant to Title 19.

C. Amending Section 7.0 of the Master Development Plan to add the language that Title 19 shall govern any subject matter not specifically addressed by this Master Development Plan.

Planning and Development

1. A General Plan Amendment (GPA-16578) to PCD (Planned Community Development) land use designation approved by the City Council.

2. A Site Development Plan Review (SDR-16581) application approved by the City of Las Vegas is required prior to issuance of any permits, any site grading, and all development activity for the site.

3. The parking that is specified for the site be restricted to 100 spaces for daily use and the applicant must submit a design of the site plan that incorporates that.

4. The height of the parking lot lighting shall be restricted to 20 feet and that proper shrubs be incorporated into the design so as to eliminate any light pollution that might reach on the north side of Grand Teton Drive or on the east side of Rainbow Boulevard.

5. A revised landscape plan shall be submitted prior to the time application is made for a building permit depicting a 20-foot multi-use transportation trail consisting of a five foot landscaped corridor, a 10-foot sidewalk, and a 5-foot transition strip along Rainbow Boulevard and Grand Teton Drive.

6. There will be no retail uses on this site.

7. The project shall be in compliance with the Master Development Plan submitted 2/7/2007, except as amended herein.

Public Works

8. Dedicate an additional 10 feet of right-of-way for a total half-street width of 60 feet on Grand Teton Drive and the additional right-of-way necessary to maintain a 54-foot radius at the southwest corner of Grand Teton Drive and Rainbow Boulevard adjacent to this site prior to the issuance of any permits. In addition, dedicate all additional rights-of-way required for a bus turnout on Rainbow Boulevard prior to the issuance of any permits unless otherwise allowed by the City Traffic Engineer.

9. Construct all incomplete half-street improvements, including appropriate transition paving and overpaving (if legally able), on Grand Teton Drive and Rainbow Boulevard adjacent to this site concurrent with development of this site. Sidewalk improvements may be deferred at this time on Rainbow Boulevard, provided a Covenant Running with Land Agreement is recorded for all such improvements deferred. Streetlights on Rainbow Boulevard may also be deferred, provided the applicant provides such streetlights to the City for future installation, and constructs all needed underground infrastructure necessary for such future installation. Alternatively, monies in lieu of such streetlights may be contributed to the City if allowed by the City Engineer. Install all appurtenant underground facilities, if any, adjacent to this site needed for the future traffic signal system concurrent with development of this site. All existing paving damaged or removed by this development shall be restored at its original location and to its original width concurrent with development of this site. Extend all required underground utilities, such as electrical, telephone, etc., located within public rights-of-way, past the boundaries of this site prior to construction of hard surfacing (asphalt or concrete).

10. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits, submittal of any construction drawings or the submittal of a Map subdividing this site, whichever may occur first. Provide and improve all drainageways recommended in the approved drainage plan/study. The developer of this site shall be responsible to construct such neighborhood or local drainage facility improvements as are recommended by the City of Las Vegas Neighborhood Drainage Studies and approved Drainage Plan/Study concurrent with development of this site. In lieu of constructing improvements, in whole or in part, the developer may agree to contribute monies for the construction of neighborhood or local drainage improvements, the amount of such monies shall be determined by the approved Drainage Plan/Study and shall be contributed prior to the issuance of any building or grading permits, or the recordation of a Map subdividing this site, whichever may occur first, if allowed by the City Engineer.

11. All discussion regarding Summerlin style lighting refers to internal lighting only; not exterior street lighting. Lighting on Grand Teton Drive would match the City's current plan.

RE: SDR-16581 – SITE DEVELOPMENT PLAN REVIEW
CITY COUNCIL MEETING OF FEBRUARY 7, 2007
RELATED TO GPA-16578 AND ZON-16580

Dear Ms. Deguzman:

The City Council at a regular meeting held February 7, 2007 APPROVED the request for a Site Development Review FOR A PROPOSED TWO-STORY, 56-UNIT ASSISTED LIVING APARTMENT DEVELOPMENT WITH A 43,283 SQUARE-FOOT COMMERCIAL AMUSEMENT/RECREATION (INDOOR) FACILITY, 3,024 SQUARE FEET OF MEDICAL OFFICE SPACE, AND 1,382 SQUARE FEET OF RETAIL SPACE on 15.05 acres at 7875 North Rainbow Boulevard (APN 125-15-501-002), U (Undeveloped) Zone [DR (Desert Rural Density Residential) Master Plan Designation] [PROPOSED: PCD (Planned Community Development) General Plan Designation] [PROPOSED: PD (Planned Development) Zone]. NOTE: NEW VISTA RANCH, INC. IS THE APPLICANT/OWNER. The Notice of Final Action was filed with the Las Vegas City Clerk on February 8, 2007. This approval is subject to:

Planning and Development

1. Approval of and conformance to the Conditions of Approval for General Plan Amendment (GPA-16578) and Rezoning (ZON-16580) shall be required.

2. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. All development shall be in conformance with the site plan, landscape plan, and building elevations, date stamped 10/30/06, except as amended by conditions herein.

4. The Site Plan must incorporate the amended design standards set forth in the zoning

5. The site plan shall be revised in accordance with the master development and standards agreement as approved.

6. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications. The technical landscape plan shall include the following changes from the conceptual landscape plan: The applicant shall provide an additional 47 trees in the parking lot area; an additional 50 trees in the perimeter landscape buffer along the right-of-way; and an additional 54 trees in an eight-foot wide landscape buffer along the eastern edge of the flood control channel.

7. Pre-planting and post-planting landscape inspections are required to ensure the appropriate plant material, location, size of planters, and landscape plans are being utilized. The Planning and Development Department must be contacted to schedule an inspection prior to the start of the landscape installation and after the landscape installation is completed. A certificate of occupancy will not be issued or the final inspection will not be approved until the landscape inspections have been completed.

8. Reflective glazing at the pedestrian level is prohibited. Glazing above the pedestrian level shall be limited to a maximum reflectance rating of 22% (as defined by the National Institute of Standards and Technology).

9. All mechanical equipment, air conditioners and trash areas shall be fully screened in views from the abutting streets.

10. All utility boxes exceeding 27 cubic feet in size shall meet the standards of LVMC Title 19.12.040.

11. Parking lot lighting standards shall be no more than 30 feet in height and shall utilize downward-directed lights with full cut-off luminaries. Lighting on the exterior of buildings shall be shielded and shall be downward-directed. Non-residential property lighting shall be directed away from residential property or screened, and shall not create fugitive lighting on adjacent properties.

12. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

13. Prior to the submittal of a building permit application, the applicant shall meet with Planning and Development Department staff to develop a comprehensive address plan for the subject site. A copy of the approved address plan shall be submitted with any future building permit applications related to the site.

14. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

15. Gated access driveways shall be designed, located and constructed in accordance with Standard Drawing #222a.

16. Landscape and maintain all unimproved rights-of-way, if any, on Grand Teton Drive and Rainbow Boulevard adjacent to this site.

17. Submit an Encroachment Agreement for all landscaping, if any, located in the Grand Teton Drive and Rainbow Boulevard public rights-of-way adjacent to this site prior to occupancy of this site.

18. All private improvements and landscaping installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

19. Unless otherwise allowed by the City Engineer, construct sidewalk on at least one side of all access drives connecting this site to the adjacent public streets concurrent with development of this site. The connecting sidewalk shall extend from the sidewalk on the public street to the first intersection of the on-site roadway network and shall be terminated on-site with a handicap ramp.

20. Site development to comply with all applicable conditions of approval for ZON-16580 and all other applicable site-related actions.

21. The approval of all Public Works related improvements shown on this Site Development Plan Review is in concept only. Specific design and construction details relating to size, type and/or alignment of improvements, including but not limited to street, sewer and drainage improvements, shall be resolved prior to submittal of a Tentative Map or construction drawings, whichever may occur first. No deviations from adopted City Standards shall be allowed unless specific written approval for such is received from the City Engineer prior to the submittal of a Tentative Map or construction drawings, whichever may occur first.

Overview

The plans and we are submitting today are a revision to previously approved plans under GPA-16578, ZON-16580 and SPR-16581. This is a 15.05 net acre, 17.81 gross acre site on the southwest corner of Rainbow Boulevard and Grand Teton Drive in the City of Las Vegas. The plans depict essentially the same uses as previously approved but in a different configuration. Also, the overall building area of the project is being reduced by approximately 20,000 s.f. – a 14% reduction. The purpose of this revision is in response to the changing economic times while respecting the approved "Master Development Plan and Development Standards" document, the original staff comments and neighborhood meeting input. The project now consists of nine (9) assisted living homes, a small medical/therapy building, an educational/employment center and a community/recreation center. These uses were previously housed in two large buildings. The new plan proposes to separate these uses into smaller buildings to reduce the scale and appearance of the project. While the goal of this redesign is provide a more residential scale and character for the project in a campus like setting, it is also making the project more affordable and easier to finance from a construction and fundraising viewpoint. Central to this concept is to allow the project to be built in phases with each phase giving the appearance of a residential neighborhood growing over time.

Site Plan Development Review – Revisions to the previously approved plan

Colors and Materials

The documents submitted depict a one and two story residential project with community and recreational facilities. All of the buildings are designed with consistent "Western Craftsman Style" detail –

1.	Exterior Walls:	Stucco, Stone veneer, Painted concrete tilt-up walls, Split face masonry
2.	Glazing:	Bronze reflective/tinted glass
3.	Roofing:	Existing sloped roof s are to remain as is New sloped roofs to be concrete tile & standing seam

Essentially, the colors and the materials have not changed.

Setbacks, Building Heights, Building Areas, Arrangement of Buildings

Foremost among the neighbors' previous concerns was the size and location of the Community/Recreation Center and the Education/Employment Center (previously referred to as the Mini-Business/Workshop Building). These two (2) buildings are now split into twelve (12) buildings. The Education/Employment Center is the one building that did increase in size thought it maintains its position at the westernmost corner of the site per neighbor comments. The Community/Recreation Center has been drastically reduced in size and is pushed even farther west away from the single family homes to the east as per neighbor comments. The assisted living units have been broken up into nine (9) buildings, each housing six (6) residents and (2) caregivers. These buildings are now arranged campus style around large landscaped courtyards. Each of these buildings has a large front porch and several private porches that relate to the public spaces and public and private gardens that surround them. This is an overall reduction of two (2) assisted living units. The medical facilities, previously located in the large building, are now housed in a small building that is located in the same campus like setting. These buildings now relate to the existing "Ranchouses" at a smaller, more intimate residential scale. This now allows for myriad opportunities to create pedestrian circulation and amenities while internally relating to a system of gardens that are to be maintained by the residents.

Review of Conditions

The requested Review of Conditions are required to match the new revised plans and the concept of phased construction to the language of the ultimate Conditions of Approval.

ZON-16580

Condition 5 Add language such as "…of the phased area contemplated at the time of permit submittal…" to the condition to account for phasing

Condition 7 Add language such as "…for the phased area contemplated at the time of permit submittal…" to the condition to account for phasing

Condition 9 Adjust this condition to account for phasing

SPR-16581

Condition 2, 12, 16, 17 & 19 Adjust these conditions to account for phasing

Otherwise, these plans are consistent with the master plan and with the requirements of City of Las Vegas Zoning Code.

We respectfully request your consideration in this matter. If you have any questions or comments, please call.

re: APN 163-06-610-002; Tower Consulting, Inc., site TCI-028 Peccole Ranch

To Whom it May Concern:

Pursuant to Section 19A.04.040(C) of the Zoning Code of the City of Las Vegas, enclosed please find an application for Conditional Use Permit and Variance for a proposed facility at 9501 Red Hills Road, Las Vegas, Nevada, the location of the Peccole Ranch Community Center. TCI proposes to construct a "monopine-type," multi-user tower. I have enclosed drawings that illustrate the proposal and photographs of the location.

The proposal qualifies for administrative approval for the following reasons:

- Variance to allow 12' high chain link fence to match existing
- *"No residential use may exist on the property."* The property is used exclusively as a recreation and community center for the Peccole Ranch development.
- Because the tower is designed to appear as a pine tree, it is *"a wireless communication facility that is designed to blend into the surrounding environment…*[such as] *tower alternative structures…*[and] *other camouflaging techniques…."*
- The proposed facility is not *"within an area designated as a Historic Preservation District…."* The subject parcel is zoned R-PD7.
- *"The design and location of the proposed facility must be deemed by the Director to be compatible with surrounding uses, and the facility must include appropriate screening and landscaping to ensure such compatibility."* TCI proposes to construct a facility that appears as a pine tree. This design was selected to blend with the natural pine trees on the property. TCI's ground equipment would be located within a chain link fence with fabric screening to match the existing tennis court fencing height and style.

Please contact me if I may assist your consideration in any way.

Sincerely,

Damien Huggard

GENERAL STRUCTURAL NOTES

1 CODE:
2006 International Building Code
2002 American Iron and Steel Institute Handbook of Cold-Formed Steel Design

2 Loads:
Roof Live Load = 20 PSF

Basic Wind Speed = 90 mph , Importants Factor (I) = 1.0 , Exposure = C

Seismic Use Group = I, Seismic Design Category = D, R = 3.5
Basic Seismic – force – resisting System:
Lateral : Light framed walls with shear panels.
Longitudinal: Light framed walls with shear panels.
Analysis Proceedure: Equivalent Lateral Force Procedure

3 Foundations:
Allowable soil bearing value is 1000 PSF at 12" below finish grade or existing natural grade, whichever is the lower elevation. Round or square column footing embedment depths for footings do not apply to locations where walls of the hole will not stand without supplemental support, or where UNCOMPACTED fill of organic fill material exists. Design lateral soil pressure per IBC section 1804.2 for Class 5 soils.

Note:
In lieu of 4" A.B.C., the slab may be built upon an adequate base material that is properly compacted. Undersigned Engineer assumes no responsibility for the adequacy of the sub base.

4 Concrete:
All concrete herein required shall be done in accordance with ACI Standard 318–05, "Specifications for Structural Concrete for Buildings", which is hereby made a part of these documents, with the following modifications:

Para 2.1.2 Cement shall comply with ASTM C150, Type II, and shall contain no flyash.
Para 3.2 F'c shall be 2,500 PSI minimum for all concrete at 28 days for all concrete.
Para 4.1.3 The use of earth cuts for forms is permitted.
Para 5.2 Reinforcing shall be new billeted steel complying with ASTM A615, Grade 40.

Concrete shall be thoroughly consolidated by suitable means during placement and shall be thoroughly worked around reinforcement and embedded fixtures and into corners of the forms.
Curing of concrete shall be in accordance with sections 1905.11.1 through 1905.11.3.

5 Structural Steel:
All structural steel shall be ASTM A36 (Fy=36,000 PSI) or ASTM A 572 GRADE 50 (Fy=50,000PSI); All pipe shall be ASTM A 501 (Fy= 36,000 PSI) or ASTM A53, Type 'E' or 'S' grade 'B' (Fy= 36,000 PSI). All tubular steel shall be ASTM a500 (Fy=46,000 PSI). All bolts shall be ASTM A325. Latest AISC and AWS codes apply. All construction per latest AISC handbook. All expansion bolts to have current I.C.C.E.S. approval.

All welding to be performed at Absolute Steel's fabrication shop by welders holding valid certificates, and having current experience in welding as required. Certificates shall be those issued by an accepted testing agency. All welding per American Welding Society Standards.
All welding by E70 series low hydrogen rods. (Use E90 for ASTM A706 – grade 40 reinforcing bars).

DO NOT DRILL, NOTCH, OR FIELD WELD ANY STEEL MEMBERS WITHOUT PRIOR APPROVAL OF THE STRUCTURAL ENGINEER.

6 Drawing sealing requirement
These drawings are to be wet sealed by the engineer. All copies shall bear wet seals.
If a copy of this drawing is disturbed without the proper wet seal the drawing is considered invalid. The duplication or copying of this drawing could mean the original drawing has been modified from its original content. All liability is removed from the below wet sealed.

7 Steel Decking / Screw Fasteners:
Steel roof deck shall conform to the specifications of the steel deck institute. FY = 80 KSI.
Screw connections to framing members shall be not less than noted below:
1. All Panel End Laps use (6) #12–14 screws per sheet. All Panel Intermediate supports use (3) #12–14 screws per sheet.
2. Panel to run continuous over minimum two spans
3. Minimum spacing of screws shall not be less than 3 diameters.
4. The head of the screw or washer shall have a diameter, de of not less than 5/16" washers shall be at least 0.05 "thick"
5. Wall Construction: #12 screws @ 9" o.c. field, and 4 1/2" o.c. edges (ICC–ES APPROVED).

All screws shall conform to SAE J78 provisions of structural screws.

8 Light Gauge Structural Steel Framing:
All structural steel framing material and its erection shall be in accordance with the latest edition of the American Iron and Steel Institute "Specifications for the Design of Cold Formed Steel Structural Members".

All welding to be performed at Absolute Steel's fabrication shop by welders holding valid certificates, and having current experience in welding as required. Certificates shall be those issued by an accepted testing agency. All welding per American Welding Society Standards.

DO NOT DRILL, NOTCH, OR FIELD WELD ANY STEEL MEMBERS WITHOUT PRIOR APPROVAL OF THE STRUCTURAL ENGINEER.

Structural steel members are furnished to a specified minimum yield point greater than 55 KSI. The grade and the ASTM specification number or other specification designation shall be indicated by painting, decal, tagging or other suitable means on each lift or bundle of fabricated elements.

9 Contractor:
The contractor must submit in writing any requests for modifications to the plans and specifications and no structural changes from the approved plans shall be made in the field, unless prior to making changes, written approval is obtained from the engineer. Shop drawings submitted the engineer for review do not constitute "in writing" unless it is noted that specific changes are being requested. If changes are made without written approval, such changes shall be the legal and financial responsibility of the contractor or sub–contractors involved and it shall be their responsibility to replace or repair the condition as directed by the engineer.

Contractor shall provide all temporary bracing, shoring, guying or other means to avoid excessive stresses and to hold structural elements in place during erection. The provisions shall remain in position until sufficient permanent members are erected to insure the safety of the partially erected structures. The contract structural drawings and specifications represent the finished structure. Observation visits to the site by the structural engineer shall not include inspection of the above items.

The above notes and specifications shall meet or exceed all state and local code requirements before erection.

The undersigned engineer will not supervise the fabrication or erection of this structure.

RE: Justification letter
Property location: 1125 Cashman Drive
Las Vegas, Nv 89102

To Whom It May Concern:

This letter is to serve as the justification for the non attached steel shade building on the North side of my house.

This structure is for shade of my vehicles and to take them from the driveway thereby making the front of my house look nicer without the clutter of vehicles.

Should you have any questions please do not hesitate to contact me at 702-327-3953.

Sincerely,

Johnny J Pappas

LANDSCAPING:

1. LANDSCAPING REQUIRED, EXCEPT FOR MINES, GRAVEL PITS, TEMPORARY USES, PUBLIC FACILITIES WITHOUT BUILDINGS, AND THE REAR YARDS OF SINGLE FAMILY DWELLINGS, ANY DISTURBED AREA OF A DEVELOPED PROPERTY NOT OCCUPIED BY OUTSIDE ACTIVITY AREAS / STORAGES AREAS, PARKING, DRIVEWAYS, DRIVE AISLES, AND SIDEWALK SHALL BE LANDSCAPED AND MAINTAINED IN A CLEAN CONDITION. DISTURBED AREAS DESIGNATED FOR FUTURE DEVELOPMENT NEED NOT HAVE LIVE LANDSCAPING.
2. ALL REQUIRED LANDSCAPING SHALL BE PLANTED WITH LIVE PLANTS. FOR PROPERTY WHICH HAS AN ELEVATION OF 4,000 FEET ABOVE SEE LEVEL OR MORE, NATURAL AND NATIVE LANDSCAPING IS ENCOURAGED TO BE PRESERVED AND INCLUDED INTO LANDSCAPE AREA.
3. TREES SHALL NOT BE PLANTED WITHIN 3' OF A DEDICATED RIGHT-OF -WAY .
4. ANY TREE WITHIN 5' OF A SIDEWALK OR WALL SHALL BE PLANTED WITH A ROOT SHIELD DESIGNED TO DIRECT ROOT GROWTH DOWNWARD.

MAINTENANCE:

1. FENCES, WALLS AND LANDSCAPED AREAS SHALL BE MAINTAINED.
2. LANDSCAPED AREAS SHALL NOT BE USED FOR PARKING OF VEHICLES, DISPLAY OF MERCHANDISE OR OTHER USES DETRIMENTAL TO THE LANDSCAPING; HOWEVER, SIGNS ARE PERMITTED.
3. ANY REQUIRED PLANT MATERIAL THAT DOES NOT SURVIVE, OR SUSTAINS SEVERE DAMAGE, SHALL BE REPLACED WITHIN 90 DAYS.
4. LANDSCAPING REQUIRED OUTSIDE DECORATIVE FENCES AND WALLS SHALL BE MAINTAINED BY A MAINTENANCE AGREEMENT, AND SHALL BE DESIGNATED BY NATION, EASEMENT, OR COMMON LOT ON ANY MAJOR OR MINOR SUBDIVISION MAP.
5. IF A SIDEWALK IS ESTABLISHED BEHIND LANDSCAPING, OR IF THE SIDEWALK MEANDERS, A PUBLIC ACCESS EASEMENT MUST BE GRANTED AND THE SIDEWALK AND ANY LANDSCAPING SHALL BE SUBJECT TO THE PROVISION OF MAINTENANCE ASSOCIATION AND A LICENSE AND MAINTENANCE AGREEMENT APPROVED BY THE DEPARTMENT OF PUBLIC WORKS.

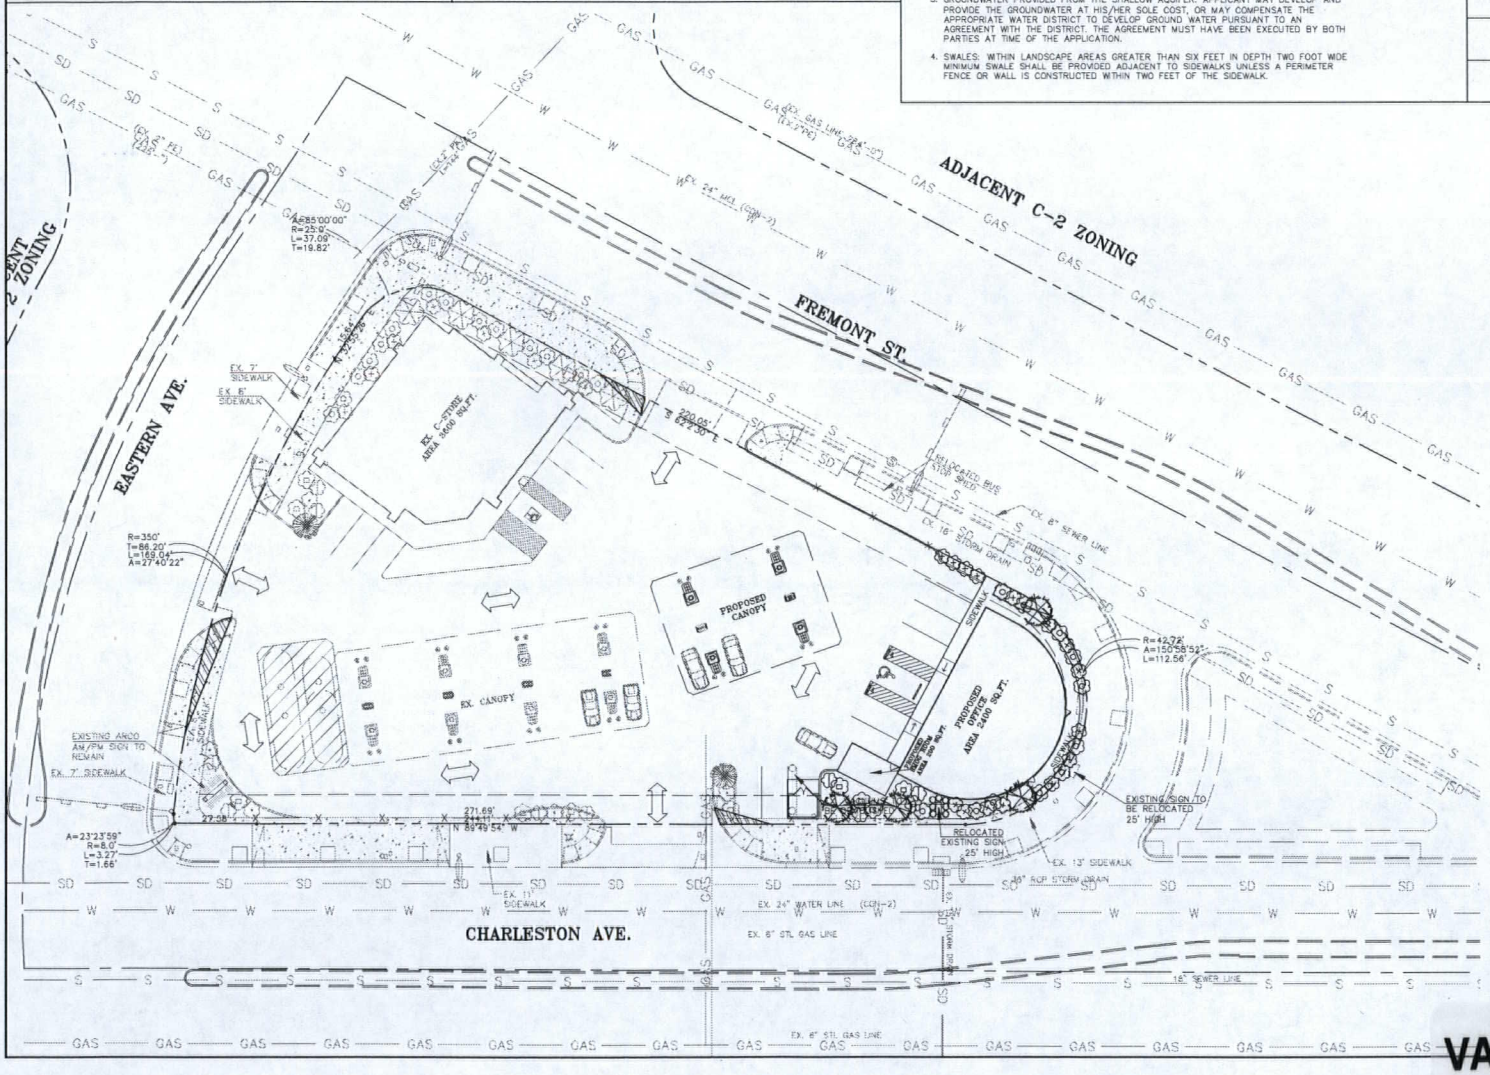

IRRIGATION:

A WATER CONSERVING IRRIGATION SYSTEM IS REQUIRED FOR ALL LANDSCAPING. DRIP OR SIMILAR SYSTEMS WITH NO OVER SPRAY SHALL BE USED WHEN IRRIGATION NO-TURF VEGETATION. IRRIGATION SYSTEM SHALL BE MAINTAINED IN GOOD OPERATION CONDITION. THE USE OR IRRIGATION SYSTEMS WHICH UTILIZE RECLAIMED WASTEWATER IS PREFERRED, AND REQUIRED FOR GOLF COURSES AS SOON AS A SOURCE OF RECLAIMED WASTEWATER IS AVAILABLE. RESTRICTIONS FOR OVER SPRAY SHALL NOT APPLY WHEN WATER USED WILL BE PROVIDED BY ONE OR MORE OF THE FOLLOWING METHODS:

1. WATER IS PROVIDED FOR THE APPLICANT'S OWN WELLS OR APPURTENANT OR TRANSFERRED WATER RIGHT WHICH CAN BE LEGALLY USED TO IRRIGATE THE PROPERTY ON WHICH A GOLF COURSE IS DEVELOPED.
2. WATER IS PROVIDED BY THE WATER PURVEYOR; HOWEVER, THE APPLICANT MUST CONTRIBUTE TO AN EXTERIOR WATER EFFICIENCY RETROFIT PROGRAM APPROVED BY THE WATER PURVEYOR TO OFFSET THE IMPACTS ON WATER RESOURCES AND SYSTEM DELIVERY CAPACITY IN AN AMOUNT EQUIVALENT TO TWO TIMES THE AMOUNT OF WATER USED TO IRRIGATE TURF.
3. GROUNDWATER PROVIDED FROM THE SHALLOW AQUIFER. APPLICANT MAY DEVELOP AND PROVIDE THE GROUNDWATER AT HIS/HER SOLE COST, OR MAY COMPENSATE THE APPROPRIATE WATER DISTRICT TO DEVELOP GROUND WATER PURSUANT TO AN AGREEMENT WITH THE DISTRICT. THE AGREEMENT MUST HAVE BEEN EXECUTED BY BOTH PARTIES AT TIME OF THE APPLICATION.
4. SWALES: WITHIN LANDSCAPE AREAS GREATER THAN SIX FEET IN DEPTH TWO FOOT WIDE MINIMUM SWALE SHALL BE PROVIDED ADJACENT TO SIDEWALKS UNLESS A PERIMETER FENCE OR WALL IS CONSTRUCTED WITHIN TWO FEET OF THE SIDEWALK.

RE: APN: 139-35-805-001 Justification Letter for SDR #41235, SUP #41236 and Additional SUP and 2 Variance Requests

Dear Steve,

We are submitting this request for an additional 4 fueling pumps at the Arco AM/PM gas station located at 2320 E. Fremont Street in Las Vegas. Additionally, the owners are wishing to construct a 1-story, 2400 square foot office building on this same property of which 1500 sq. ft. will be occupied by a financial institution. A 200 sq. ft auto smog check facility is also being requested. In order to facilitate the addition of these pumps, the financial institution, and the auto smog check facility, the existing car wash structure will be demolished. The car wash structure is old and does not match the newer development in the surrounding area. With the removal of the car wash structure, these new improvements will actually have a positive impact on existing site congestion. The removal of the car wash structure and addition of the canopy with 4 fueling pumps will create a smoother flow of traffic on the site. The owners are also trying to enhance the appearance and value of their property with these improvements.

These site enhancements will require 2 Special Use Permits:

- SUP 41236 for the proposed financial institution. The building or portion thereof that is dedicated to the use shall have a minimum of 1500 square feet. The remaining 900 sq. ft. of this building will be utilized by the owners as a private office for the convenience store operation. The hours of operation for the financial institution will be from 8:00 a.m. to 11:00 p.m., seven days per week. There is a 1000 foot distance requirement from any existing financial institution. The distance from the proposed financial institution is 190 feet. A waiver is being requested for this 810 ft. difference. The financial institutions are separated by a major street. There is a required 200 foot distance from any residentially zoned property. This site is 130 feet from a residential property; however no home currently exists on this property. A waiver is being requested for the 70 foot shortage. The site is surrounded by 3 major streets (Charleston Blvd., Fremont Street and Eastern Avenue) which buffer this site from the residential parcel.

- SUP for Auto Smog Check. The owner is requesting an SUP for an Auto Smog Station that has 200 sq. ft. of covered facility with no stacking lane where code conditionally allows a stacking lane that will accommodate at least 3 cars without using any required site parking spaces for this use. All amenities will be available at the C-Store at all times while the auto smog check is in operation.

These site enhancements will also require 2 Variance requests:

- A variance to allow a rear yard setback of 7 feet where 20 feet is required in the C-2 zoning district. The uniqueness of this triangular site makes it difficult to meet the conditional setbacks. This reduction in setback allows for a smoother flow of traffic on the site, particularly at the Fremont entrance to the proposed fuel pumps. Additionally, the area directly behind the rear yard setback for the proposed financial institution is a public-right-of-way which goes between Fremont Street and E. Charleston Blvd. This right-of-way is typically used by customers of the C-store to go around the block from Fremont to E. Charleston. There is not a heavy traffic flow through this right-of-way except for customers to this site.

- A variance to allow 16 parking spaces where 25 are required. Once again, due to the odd, triangular shape of this site the parking layout does not always work for the best advantage. The owner has observed that the peak time for customer flow into the C-store is between 5 a.m. to 7 a.m. and again from 4:30 p.m. to 6:00 p.m. The auto smog check facility and the proposed financial institution are not open for business during the 5 a.m. to 7 a.m. time frame. Additionally, the owner has run a pump usage report for the month of March which shows that in a 14 hour time period from 5 a.m. to 7 p.m. the total pumping time for 1 pump was 40 minutes in the 14 hour period. I have attached this report for reference. It has also been the owner's experience that during peak hours cars remain parked for 3 to 4 minutes on the average. Additionally, cars entering the site have 24 fueling pump positions to pull into and customers can stay parked at the fueling pump while conducting their business on the site.

These site enhancements will require the following waiver and exception to the SDR #41235:

- A waiver from the perimeter landscape buffer width requirements is required along the east property line to allow 0' where 15' is required. The odd shape of this lot does not allow for this landscape buffer to exist on this site.

- An exception to the required design standard per Title 19.18.050 (E) (4) where trash container shall be located away from the street front and screened from view of the right-of-way. The odd shape of this lot and the addition of the auto smog check facility does not allow for this requirement to be met and the trash enclosure is located in view of the right-of-way.

This development will act to benefit the public welfare, as the proposed product will upgrade aesthetics on Eastern Avenue, Fremont Street and Charleston Avenue as well meeting City of Las Vegas development standards.

Justification Statement for
Good Times Smoke & Chew
Special Use Permit
124 So. 6th St. Suite 170 & 180
Las Vegas, NV 89101
APN: 139 34 611 051

Ladies and Gentlemen:

GK³ Architecture, on behalf of Izzat Hussain Shakir, is requesting the review and approval of a Special Use Permit for the Good Times Smoke & Chew convenience store. The store is located at the North West corner of Carson and 6th street. Currently the shop occupies suite 170. The proposed project is to join suite 170 with suite 180 and offer beer/wine/cooler off sale. The project is located in the Down Town Centennial Plan overlay district: Freemont East.

The proposed use conforms with the development pattern in the surrounding area and this is an appropriate use for the site. The benefits for the project are to support the goals of the Centennial Plan by creating a diversity of land uses in the downtown area. The businesses located in the same building include a barber shop, art retail shop, insurance office and a hotel. The store will offer convenience to local residents and adjacent tenants. The shop support's the city's goals to create a pedestrian friendly environment. A majority of the patrons are walk-in's. The uses are supportive and compatible with the neighboring land uses and this project will be an asset to the area.

The approval of the proposed design would not constitute a grant of any special privilege. The building would not allow a use or activity which is not permitted in the C-2 Zone, with a special use permit, and would pose no adverse effect to public health, safety, or welfare.

Thank you for your consideration of these matters.

Sincerely,

Gemie Knisely

RE: Special Use Permit
Secondhand Sales @ 4450 North Tenaya Way, Suite 100, Las Vegas, NV 89129

Issue -
Kymtec, LLC a Nevada corporation dba Northwest Arms is requesting a Special Use Permit at its Las Vegas location. Northwest Arms has currently signed a lease at 4450 N. Tenaya Way, Suite 100, Las Vegas, Nevada 89129 and submitted applications with the City of Las Vegas Business Licensing for a Sporting Goods (general retail) and a Pistol Permit. Northwest Arms has also requested temporary licenses until the Application process is completed. Northwest Arms intends to sell new firearms, rifles, ammunition and accessories, including but not limited to apparel, scopes, holsters, targets, etc. Northwest Arms also takes firearms in on trade as secondhand sales from previous customers or new customers who want to obtain a different type of firearm. All new and used firearms are called into NHP/NICS for a background check before the customer obtains the firearm.

Licensees play a critical role in protecting America from violent firearms crime through responsible and lawful distribution of firearms and accurate recordkeeping which assists ATF in tracing guns used to commit crimes. By complying with Federal law, licensees prevented the sale of more than 870,000 firearms to prohibited persons from November 1998 through September 2005. An untold number of lives have been saved and countless crimes have been prevented by stopping such transactions from taking place. (*Federal Firearms Regulations Reference Guide 2005*). Currently, there are no full service firearm retailers in the Northwest Las Vegas quadrant.

Information -
Northwest Arms intends to employ three (3) persons upon opening of the store and will increase the number of employees as demand increases. The hours of operation will be 10:00 AM to 6:00 PM unless otherwise specified at the store. Northwest Arms has an existing similar use owned

and operated by Kymtec, LLC a Colorado Corporation at its Mesquite location - 50 South Arrowhead Lane, Suite B, Mesquite, Nevada. Kymtec, LLC a Colorado Corporation has been in business for over seven (7) years at this location.

The required state licenses specific to our use is a Sporting Goods License (general retail for new rifles, ammunition, accessories, etc); a Pistol Permit (retail new firearms; Federal Firearms License (firearms, rifles, Class III); and a Special Use Permit for Secondhand Sales Use (used, trade-in's or estate collections).

Findings -

1. "The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan."

Northwest Arms is located within a shopping center that can accommodate a variety of uses including retail sales, medical and professional offices, personal services, and restaurants. The addition of a Firearms Retailer within this shopping center is compatible with the existing and future land uses as specified by the SC (Service Commercial) General Plan designation and CC&R's.

2. "The subject site is physically suitable for the type and intensity of land use proposed."

Northwest Arms is located within a shopping center that was designed to accommodate a variety of uses, including retail use, and conforms to both the General Plan and Title 19 land use designations of the site with the approval of a Special Use Permit.

3. "Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use."

The proposed Firearm Retailer is located within a C-1 shopping center that is adequately served by Craig Road, a 100-foot Primary Arterial, and Tenaya Way, a 60-foot Collector Street, as designated by the Master Plan Streets and Highways.

4. "Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan."

The proposed Special Use Permit will not be inconsistent with or compromise the public health, safety or welfare as a secondhand dealer is subject to licensing and inspections by the City of Las Vegas; BATFE, Bureau of Alcohol Tobacco Firearms and Explosives (pursuant to the Federal Firearms Regulations Reference Guide 2005, Gun Control Act, National Firearms Act, Arms Export Control Act); National Instant Criminal Background Check System; and the Las Vegas Metropolitan Police Department.

Northwest Arms is located three (3) miles from the Clark County Shooting Range and will allow customers access to regulated safe shooting. Currently, the Clark County Shooting Range offers a limited supply of ammunition and accessories that Northwest Arms can augment. The proposed site will reduce the length of trips of our customers to other shops in Las Vegas, thus reducing traffic trips and congestion in the core of the city. Opening Northwest Arms in Las Vegas fills vacant commercial property and improves the appearance of the business park and will generate sales tax revenues and additional employment for the city.

Michelle Gordon, Managing Member

RE: Parcel Number 138-22-302-008

City of Las Vegas
Planning and Development
333 N. Rancho Rd.
Las Vegas, NV 89101

To Whom It May Concern,

Attached is an application for a Special Use Permit that is being submitted for your approval. The parcel for which the Special Use Permit is being sought currently houses a Koster's Cash Loans location that is licensed to do High-Interest Loans. Koster's would like to expand our services to include Check Cashing, Deferred Deposit and Title Loans at this site.

Koster Finance, LLC d/b/a Koster's Cash Loans would like to request a waiver of the 1000 foot separation requirement as this location is 970 feet from an existing Title Loan use. Koster's would also like to request a waiver of the requirement that the portion of the building dedicated to this use be 1,500 sq. ft. or greater, as this location is 1,400 sq. ft.

The hours of operation will not extend beyond the hours of 08:00 and 23:00, and no additional parking is required for this site pursuant to Title 19.04.

Should you require anything further, please do not hesitate to call me. I can be reached at my office (702-248-0110) or on my cell phone (702-296-6324).

Respectfully,

Paul M. Smith
Executive Admin. Assistant

RE: Parcel Number 139-35-501-001

City of Las Vegas
Planning and Development
333 N. Rancho Rd.
Las Vegas, NV 89101

To Whom It May Concern,

Attached is an application for a Special Use Permit that is being submitted for your approval. The parcel for which the Special Use Permit is being sought currently houses a Koster's Cash Loans location that is licensed to do High-Interest Loans. Koster's would like to expand our services to include Check Cashing, Deferred Deposit, and Title Loans at this site.

Koster Finance, LLC d/b/a Koster's Cash Loans would like to request a waiver of the 1000 foot separation requirement as this location is 100 feet from an existing Title Loan use. Koster's would also like to request a waiver to allow no distance separation from Residential zoned property, where 200 feet is required.

The hours of operation will not extend beyond the hours of 08:00 and 23:00, and no additional parking is required for this site pursuant to Title 19.04.

Should you require anything further, please do not hesitate to call me. I can be reached at my office (702-248-0110) or on my cell phone (702-296-6324).

Respectfully,

RE: ***Application for Special Use Permit***

To Whom It May Concern:

I am writing on behalf of Walgreen Co. in support of the application for a special use permit for the addition of beer/wine/cooler off-sale at the premises of Walgreens at 2421 East Bonanza Road. The location is currently operating and licensed as a drug store.

This location is zoned C-1, Limited Commercial. The proposed sale of beer, wine, and coolers will not adversely affect surrounding properties, as this store is located an intersection of two major thoroughfares – Bonanza Road and Eastern Avenue – and there are many commercial uses at this intersection. There are also other businesses in the general area that sale alcohol, so the proposed use would not be unique to the area.

With this special use permit, Walgreens will remain competitive with similar businesses by offering patrons the option to purchase beer, wine, and coolers for consumption off-premises. Although there is a 7-11 at this site, Walgreens does not compete with convenience stores, as their customers often seek mostly food and beverage items for immediate consumption and Walgreens will not be selling single cans of beer or single bottles of wine coolers. Since alcohol sold for off-sale consumption is commonly found at similar drug and retail grocery stores in Las Vegas,

RECEIVED
APR 11 2011

SUP-41273
REVISED

there would be no variable impact on other businesses by allowing Walgreens to sell alcohol for the convenience of its customers.

Walgreens will continue to maintain its high-level standard of operations, and the design, hours of operation, traffic generation, lighting, and noise at this location will remain unchanged with the issuance of a special use permit to allow for beer/wine/cooler off-sale. Also, the location will not devote more than 10% of the retail floor space to the display or merchandising of alcoholic beverages.

Furthermore, Walgreen Co. is a well-established national company with shares traded on the New York Stock Exchange. The company has over 60 stores in southern Nevada that maintain a low impact on neighboring properties.

As Walgreens is currently operating and the addition of beer, wine, and coolers for off-premise consumption is compatible with the surrounding area, we respectfully request a special use permit for a beer/wine/cooler off-sale establishment.

Please call me if you have any questions or need additional information.

Sincerely,

Jennifer Roberts

To Whom it May Concern:

Re: Prospective tenant Jackson Hamilton - "Innocent Bail Bonds Inc."

This justification letter is written in response to the Planning Departments pre-application conference request form for a special use permit.

In looking at all the foreclosures, bankruptcies and un-employment, I realize that landlords such as myself need to take advantage of any opportunity to rent a vacant space. Fortunately Mr. Jackson Hamilton, owner of "Innocent Bail Bonds" has chosen to relocate his office to my center replacing "Escretorio Publico" an accountant who had occupied the space for many years.

The on-site parking requirement is the same 4 spaces. Total tenant parking requirements indicate 30 spaces are needed, twenty seven are available. The fact that the Mason's lodge and Alcoholics Anonymous only meet in the evening when other businesses are closed mitigates parking demand.

Sincerely,

Brain Albiser

RE: APN 140-29-802-009, 631 N. Nellis ***Major Amendment to SUP for 24 hour service SUP19645***

Dear Sir or Madam:

Please accept this letter as our request for a Special Use Permit to allow an existing Check City Payday & Auto Title Loan store to request a major amendment to the special use permit for the financial institution, other, to allow 24 hour operation at this location. Check City has been in business at this location for 9 years. When the business opened in 2002, the hours of operation varied, depending on the demand, anywhere from 6-12:00 to 24 hours.

The City of Las Vegas amended its zoning ordinance in 2003 to regulate financial institutions, including regulating the hours of operation. Because the store was in existence before the City changed the code regarding payday loan businesses (financial institution, specified per the zoning ordinance), it became a legal non-conforming use. In 2007 we applied for a use permit to expand and improve the existing store at the NWC of Nellis and Bonanza. That application modernized the façade to the company's current prototype, with earth tone colors and stone work.

The business has operated with expanded business hours and as a 24 hour business for over 9 years with no issues at all. We did not realize that when we were approved for the new use permit the new

RECEIVED
MAR 24 2011

SUP-41289

restrictive hours of operation would apply, otherwise we would have asked for a waiver at that time. Code enforcement has been targeting all payday loan businesses regarding their signage, and when they came to the 611 N. Nellis store they noticed the signage for 24 hours, and gave them a notice of violation. Check City would like to maintain the 24 hour operation to retain their clients and to be competitive with Money Tree down the street that is also 24 hours. Since the business has been operating for so long, with no impact to adjacent properties and neighbors, this amendment will have no impact on the area.

Please contact me with any questions regarding this matter. Thank you for your consideration in this matter.

Yours truly,

Lucy Stewart

Dear Ladies/Gentlemen:

Please accept this as the required justification letter for a special use permit to allow a service bar (beer and wine) at the Panini Cafe, APN 163-07-501-012, together with a waiver of the required separation from a child care facility (reduction to zero) and to a synagogue (approximately 360' separation).

1. The use is permitted in the district subject to a special use permit, and is a normal incidental use to an Italian restaurant.

2. The surrounding development is entirely commercial; the adjacent child care facility has indicated they do not object to the proposal.

3. No external change to the existing building is contemplated. Internal changes will only be as needed to meet city codes.

RE: Parcel Number 163-03-501-012

City of Las Vegas
Planning and Development
333 N. Rancho Rd.
Las Vegas, NV 89101

To Whom It May Concern,

Attached is an application for a Special Use Permit that is being submitted for your approval. The parcel for which the Special Use Permit is being sought currently houses a Koster's Cash Loans location that is licensed to do High-Interest Loans. Koster's would like to expand our services to include Check Cashing, Deferred Deposit, and Title Loans at this site.

Koster Finance, LLC d/b/a Koster's Cash Loans would like to request a waiver of the 1000 foot separation requirement as this location is 150 feet from an existing Financial Institution Specified use. Koster's would also like to request a waiver of the requirement that the portion of the building dedicated to this use be 1,500 sq. ft. or greater, as this location is 1,040 sq. ft.

The hours of operation will not extend beyond the hours of 08:00 and 23:00, and no additional parking is required for this site pursuant to Title 19.04.

Should you require anything further, please do not hesitate to call me. I can be reached at my office (702-248-0110) or on my cell phone (702-296-6324).

Respectfully,

Paul M. Smith
Executive Admin. Assistant

Reference: Zoning Approval Request
T-Mobile Site VG08690B

Spectrum Surveying & Engineering, on behalf of T-Mobile USA, is submitting a request for a Special Use Permit to allow the construction of a telecommunications facility on a Industrial District (M) zoned parcel. The proposed site location is at 2400 Highland Drive, parcel number 162-04-402-004. This geographic location was selected by T-Mobile USA as a desirable location to work within their existing network of antennas and towers. T-Mobile USA proposes to construct an 80' monopole type multi-user telecommunications tower within an 8' block wall compound. The subject parcel is an existing automobile towing facility. Per the provisions in the City of Las Vegas code, this tower is being proposed as a multi-use tower in order to accommodate additional carriers that will most likely seek additional coverage in the area after the proposed I-15 widening project.

The proposed antennas are required to provide adequate coverage to customers using wireless services in the area. Businesses, governments, emergency services and the general public are all users of cellular technology. The installation of this facility will enhance service coverage and reliability for users in the City of Las Vegas. The Federal Communications Commission determined the wireless system serves the national interest and directly and indirectly benefits all members of the public.

The approval of this application is consistent with the zoning code and does not grant any special privileges above and beyond those of other properties in the vicinity. In addition the approval will not be detrimental to the health, safety or general welfare of persons residing or working in the neighborhood, or injurious to property, resources, or improvements in the vicinity, nor will create any additional impact to the traffic system in the area.

Sincerely,
Spectrum Surveying & Engineering

Damien Huggard
Project Manager

RE: "Covenant of Love" Behavioral Services Center
1100 N. Martin Luther King Blvd Ste. # C
Las Vegas, NV 89106

This request is to license a Center for Cognitive & Behavioral Services:

Mission
"Covenant of Love" mission: is to promote spiritual consciousness, an awareness of skills mentally and physically that teach individuals to go beyond the conditioned limits that restrict life. Enhancing and creating new ambitions for living life with sober-minded purposes.

Vision: Insight for Living Life: Cognitive and behavioral changes that last a life-time----

Justification Statement:
This project {**Cognitive and Behavioral Services**} will provide supportive services to disable individuals not excluding individuals suffering with mental health issues:

The objective is to identify and provide preventive measures, including effective mentoring, coaching, skill building and treatment for individuals with mental health disorders, substance abuse issues, domestic violence and anger management tendencies. The program will assist the justice system, mental health facilities, and other referring agencies to support the well-being of our community by engaging and addressing behavioral problems.
The services provided will reduce recidivism, substance abuse relapse, the use of costly hospital services, and domestic violent re-offending.

Activities on site:

A. Assessments
B. Support groups of (6) persons/2x times a week
C. Counseling sessions (clients)
D. Staff Supervision
E. Staff interviewing clients for services, preparing treatment plans; and writing case notes, and billing assignments.

Individuals will be exposed to information, and techniques of direct new awareness's, coping, anger management, substance abuse, mental health and employment skills. The program will employ professions with counseling, case management specialties, and a team of ~~physicians and~~ clinical specialists, so best practice and quality care is provided.

This facility will operated six-days a week, Monday through Friday from 9am until 7pm, and Saturday 10am until 3pm and closed on Holidays and Sundays.

If there are questions to be answered, feel free to contact the President, and Program Administrator: Charlene W. Bynum at 702-810-4830

Respectfully

RE: Symphony Park (Parcels M1, M2, & M3) Justification Letter
(APN #'s 139-33-511-009, 139-33-511-010, 139-34-211-001)

Dear Planning,

City Parkway V, Inc. and the Symphony Park Master Association, Inc. propose to develop a park within the Symphony Park Development. The site for the park is comprised of three parcels (M1, M2, & M3) located on 2.18 acres of vacant land between Symphony Park Avenue at the intersections of Promenade Place. The M3 parcel is immediately north of the Smith Center for the Performing Arts, which is currently under construction, and the two adjacent parcels (M1 & M2) are to the west. The park will provide an immediate aesthetic complement to the development and is being designed to harmoniously connect these three adjoining parcels.

The Park improvements will include planting, irrigation, decorative hardscape, concessions building with restrooms (pending budget approval), back-stage building (pending budget approval), shade structures (pending budget approval), and multiple opportunities for art and sculpture. A portion of the park is being programmed and designed to accommodate outdoor performances with the required infrastructure included. No on-site parking or vehicular access is planned other than the designated public right-of-way. In accordance with the Symphony Park Master Plan, parking will be accommodated through existing and proposed structures and surface lots off-site.

This project, being within the Symphony Park Development is part of the USGBC's LEED ND pilot program – which is the only such project in the State of Nevada, and will therefore utilize sustainable elements and design techniques throughout. The Park is designed to achieve LEED certification for New Construction. Both the Food and Beverage and Backstage buildings will be designed to meet the certified level for LEED-NC. As part of this effort, the site will reduce storm water runoff from pre-development conditions, and utilize xeriscape design principles for the landscape material, including water efficient plantings, and limiting turf areas to only usable space appropriate for a park. A water efficient irrigation system will be used for landscaping and water efficient fixtures will be used in building interiors to achieve an overall project water use reduction. Energy efficiency and ventilation

effectiveness will be achieved through selection of equipment, efficient lighting, and building envelope design. High recycled content, low VOC, and local materials will be used for building construction. Provisions will be made for recycling construction waste and for recycling waste generated from facility use during occupancy. As the site is located on a Brownfield site with soil contamination, vapor mitigation combined with soil remediation or deep foundations will be used.

The M1 parcel consists of existing utility infrastructure, proposed Symphony Park development entry statement sign for the master development, and a drop off/pickup zone in the public right-of-way. An encroachment agreement will be required for the proposed private landscaping located at the northeast and southeast corners of the parcel M1 in public right-of-way. The proposed uses conform to the current zoning designation.

The M2 parcel consists of existing utility infrastructure, a proposed overhead canopy, seat walls and landscaping. The proposed uses conform to the current zoning designation.

The M3 parcel site plan consists of a 4,900 s.f. food & beverage building and restrooms with an adjacent overhead shade canopy (pending budget approval), and natural stone paved pedestrian access and circulation areas on the western portion of the parcel. The eastern portion consists of a covered stage with a 1,500 s.f. attached building (pending budget approval) for the back of the house functions. Connecting the east and west portions will be a turf play area and amphitheater with seat walls surrounded by decorative concrete paved sidewalks and landscaping. The proposed uses conform to the current zoning designation.

Per discussions with City staff (Dennis Moyer – Land Development) to expedite the permitting process, CLV will allow civil improvement plans to be reviewed by Land Development after preliminary drainage review and pending approval. No permits shall be issued until Conditions of Approval from the City Council meeting are met.

The project will comply with all conditions and comments from the Symphony Park Design Review Committee.

This review is for the park only. All architectural components, will be reviewed administratively at a future date.

CORRECTED LETTER

Mr. Gareth Spicer
708 South Jones Boulevard
Las Vegas, Nevada 89015

RE: SDR-35518 - SITE DEVELOPMENT PLAN REVIEW

Dear Mr. Spicer:

Your request for a Site Development Plan Review FOR THE PROPOSED CONVERSION OF A SINGLE FAMILY RESIDENCE TO A 1,688 SQUARE-FOOT OFFICE BUILDING WITH WAIVERS OF THE PERIMETER LANDSCAPE BUFFER REQUIREMENTS TO ALLOW A TEN-FOOT BUFFER ALONG THE WEST PERIMETER WHERE 15 FEET IS REQUIRED AND A ZERO-FOOT BUFFER ALONG PORTIONS OF THE NORTH PERIMETER WHERE FIVE FEET IS REQUIRED on 0.15 acres at 708 South Jones Boulevard (APN 138-36-316-007), P-R (Professional Offices and Parking) Zone, Ward 1 (Tarkanian), was considered by the Planning Commission on September 25, 2009.

The Planning Commission voted to ***APPROVE*** your request, subject to the following:

Planning and Development

1. The building elevation and free-standing sign shall be painted earth-tone, subject to approval of Planning and Development staff.

2. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. All development shall be in conformance with the floor plan date stamped 08/07/09 and the site plan and landscape plan date stamped 08/28/09, except as amended by conditions herein.

4. A Waiver from Title 19.12.040 is hereby approved, to allow a ten-foot wide landscape buffer along the west property line where fifteen feet is required and to allow a zero-foot wide landscape buffer along a portion of the north property line where five feet is required.

5. An Exception from Title 19.12.040 is hereby approved, to allow a stone walking path within the north and south perimeter landscape buffers where trees, shrubs, and groundcover is required.

6. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications.

SDR-41037

7. Pre-planting and post-planting landscape inspections are required to ensure the appropriate plant material, location, size of planters, and landscape plans are being utilized. The Planning and Development Department must be contacted to schedule an inspection prior to the start of the landscape installation and after the landscape installation is completed. A certificate of occupancy will not be issued or the final inspection will not be approved until the landscape inspections have been completed.

8. Reflective glazing at the pedestrian level is prohibited. Glazing above the pedestrian level shall be limited to a maximum reflectance rating of 22% (as defined by the National Institute of Standards and Technology).

9. All mechanical equipment, air conditioners and trash areas shall be fully screened in views from the abutting streets.

10. All utility boxes exceeding 27 cubic feet in size shall meet the standards of LVMC Title 19.12.040.

11. Parking lot lighting standards shall be no more than 30 feet in height and shall utilize downward-directed lights with full cut-off luminaries. Lighting on the exterior of buildings shall be shielded and shall be downward-directed. Non-residential property lighting shall be directed away from residential property or screened, and shall not create fugitive lighting on adjacent properties.

12. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

13. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

14. Coordinate with the City Surveyor to determine whether a Reversionary Map or other map is necessary; comply with the recommendations of the City Surveyor.

15. Remove all substandard public street improvements, if any, adjacent to this site and replace with new improvements meeting current City Standards concurrent with on-site development activities.

16. If on-street parking is not already prohibited adjacent to this site, submit a written request to the City Traffic Engineer to eliminate parking on Jones Boulevard adjacent to this site prior to the issuance of any permits.

17. Landscape and maintain all unimproved right-of-way on Jones Boulevard adjacent to this site. Alternatively, hard surface all unimproved right-of-way on Jones Boulevard if allowed by the Planning and Development Department and/or required by the Nevada Department of Transportation prior to the issuance of a business license. Maintain all such improvements in perpetuity. All landscaping and private improvements installed with this project shall be situated and maintained so as not to create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

18. Obtain an Occupancy Permit from the Nevada Department of Transportation for all landscaping and private improvements in the Jones Boulevard public right-of-way adjacent to this site.

19. This site will be subject to the traffic signal impact fee as required by Ordinance No. 5644 at the time permits are issued.

20. Meet with the Flood Control Section of the Department of Public Works for assistance with establishing final grade elevations and drainage patterns for this site prior to submittal of construction plans or the issuance of any building or grading permits, whichever may occur first. Provide and improve all drainageways as recommended.

This action by the Planning Commission on **September 24, 2009** is final unless a written appeal is filed with the City Clerk within ten days of the date of the Planning Commission's decision or there is a review action filed by the City Council within the same time period. The Notice of Final Action was filed with the Las Vegas City Clerk on ***September 25, 2009***.

To Whom it may concern at the City of Las Vegas:

We respectfully request that our SDR is moved to the May 10th agenda. We will be complying with all landscape requirements by the city and have already complied with the "color of the building" requirement. However we will be requesting that the 5' area in the NDOT right of way located on Jones Blvd frontage be paved in NDOT approved sidewalk as all businesses have done as they have converted their zoning. For at least 5 miles in both north and south directions on Jones , all business have concreted their side walk directly in front of their buildings. Percentage wise, our landscape architect has stated there is more than enough landscape area to meet city standards without landscaping the sidewalk. We are not asking any different than what all of the other properties have done along Jones Blvd. Thank you.

Sincerely

Gareth Spicer

Revised: Site Development Plan Review for a Sexually Oriented Business within the *South District* of the *Downtown Centennial Plan*.

Dear Sir/Madam;

Please consider this request to expand the existing Olympic Garden property by way of a Major Site Development Review. The property is in a C-2 zone and currently holds entitlements for a Sexually Oriented Business (SOB), Tavern and a parking deviation allows a minimum 75 parking spaces for the existing uses. This request exercises the recently approved ordinance TXT-39658 which allows for an expansion and alteration of a Sexually Oriented Business when it is located within in the Downtown Centennial Plan area. The applicant proposes removing the existing building previously approved at 31,679 square feet and constructing a new three story 69,680 SF building with an additional outdoor roof deck (8770 SF).

The floor plans indicate the new building the primary use of the building is an adult entertainment cabaret with ancillary uses including a tavern, beauty salon, 150 SF area massage treatment room and outdoor recreational area and spa. The revised design includes three stories of fully enclosed area . The fourth story has a 9,700 SF indoor day spa paired with the outdoor patio that includes a swimming pool and bar area. The fourth floor was designed to separate the outdoor recreational use from the existing residential to the east. This separation was done to mitigate noise and ensure privacy to residents of the John Park neighborhood. Accordingly, a 72 foot wide 14.5 foot high enclosed conditioned spa area is situated between the outdoor recreation area and the eastern wall of the building. The mass of this building will mitigate any sound originating from the outdoor recreational patio. Additionally, sound systems providing ambient music will be positioned to face Las Vegas Blvd to avoid disruption to the adjacent neighborhood. In addition to a solid eastern wall, the recreation areas is bound by 15 foot parapets to further moderate noise. Most important, the establishment shall comply with City of Las Vegas Health and Safety code 9.16.030 that outlines acceptable noise levels as measured 50 feet from the subject outdoor recreational facility.

Further consideration to the neighboring residential was integrated into the design. For example, although C-2 design guidelines and mixed use code allow for a minimum 70 foot building height. The design maximized the building height at 60 feet to maintain compatibility with the forms of the existing community. The 60 height guideline was established by the John S. Park Neighborhood Historic Commission. Also, creative approaches were integrated on the eastern elevation to avoid an unattractive monolithic wall while still providing privacy to abutting properties. Variations of color, combined with architectural pop-outs and the provision of frosted glass in lieu of transparent windows are applied to create visual interest while also protecting the privacy of adjacent property owners.

REVISED

The expansion of the tavern use shall be recognized in this review. Areas allowing on-premise consumption of alcohol (tavern) has increased from 31,679 SF to 47,507. This represents a 50% increase and is in conformance with 19.16.030 *Nonconforming Use of a Conforming Building.*

The site is located within the Downtown South District of the *Downtown Centennial Plan.* In this area the long term plan makes concessions to parking via the assumption that this area relies less on cars and more by taxi's, public transit and pedestrian traffic as compared to outlying neighborhoods. As such, Title 19 parking standards are not automatically applied (*see also Ordinance 6080*). Previous entitlements have established a minimum 75 parking spaces for the SOB property. The proposed site plan provides 163 on-premise spaces.

While not submitted as part of the current Site Plan Review, it should be noted that the applicant controls two parcels (162-03-202-002,003) located within 200 feet of the parcel that Olympic Gardens occupies. These parcels can accommodate 196 additional spaces. In the event the on-site spaces are not sufficient, a separate design review may be considered for the ancillary lot.

Design guidelines published in the *Downtown Centennial Plan – South District* were incorporated into the design for the streetscape, landscape and streetside building façade. The building design requests the following waivers of Architectural Design Standards

Waiver item 5.b of Architectural Design Standards requires an articulated roof line or cornice as a major feature. The Centennial Plan provides a sample illustration of art deco features surrounding doorways and columns. The design of Olympic Gardens is mindful of providing visual interest versus a monolithic building. It is for this reason that the rooflines of the building apply a step-back design feature that also represents an attractive building form. The façade allows large openings on the fourth level to provide views to roof-top trees and vegetative forms. The trees and open space provided meet the intent of the code by providing visual interest. Guardrails, beams and support columns are also visible. While the proposed techniques represent a different genre than the use of ornate cornice stones, the visual interest is equally attractive. Also, the understated features are better matched with the illuminated signage that is encouraged along the scenic by-way. Because this site is located on Las Vegas Blvd and represents the entrance to the downtown district, this distinct architectural style better represents the intent of the scenic corridor which is designed to celebrate Las Vegas' unique atmosphere and history. The proposed design that utilizes roof-top trees and rails is functional, matches the modern character of the building and can easily integrate attractive digital signage which is encouraged by the Byway guidelines. This style of architecture is therefore lends itself to the vision of this unique intersection as compared to a more common and classical form of architecture.

Waiver Item 5.d Arcades, awnings and canopies The face of the building on the second story reaches the ROW line. As a result, pedestrians are comfortably shaded along Las Vegas Boulevard and the shades and canopies are not needed. Also, the main entrance of this night club is accessed from the parking lot versus the street side. This configuration is preferable as it directs slowing vehicular traffic onto the site, and the location of the entrance is more discreet considering the adult nature of the building. The use of canopies, overhangs and entrances along Las Vegas Boulevard would disorient both traffic and pedestrians.

In lieu of doorways along the ROW the architect will provide graphics along the 1st story wall of the building to ensure visual interest within the streetscape.

Waiver item 5.g Architectural details should be carried on all sides of the building. This parcel shares a property line with a residential use. While the building facades adjacent to streets and parking lots have windows balconies and insets, the façade fronting the residential has a small (approx 1 foot) inset has smaller windows. On the third story the window are placed more than 5.5 feet above floor level and recessed to ensure patrons cannot look downward into neighboring properties. The entire wall of the fourth level is recessed and windows are placed more than two feet from the outside shell of the building. Again, this is to provide natural light inside the facility while ensuring that patrons cannot look downwards to neighboring properties. This is a conscious attempt by the applicant to ensure privacy of the adjacent neighborhood.

If you have additional concerns please phone me at 598-1408.

Very truly yours,

RE: EL CORTEZ – OGDEN HOUSE ENCROACHMENT OF ALLEYWAY

To Whom it May Concern:

This office represents the applicant, IKE Gaming, Inc. f/k/a Exber, Inc., d/b/a El Cortez Hotel and Casino in the above-referenced matter. This application is for an encroachment of an alleyway. This encroachment is requested because some of the desired improvements and beautification items being constructed by the El Cortez on its adjacent properties encroach into, or are to, the alley. The entire project is designed to compliment the already completed renovation of the Ogden House, now rebranded Cabana Suites. The encroachment is necessary for the beautification of the streetscape. It will tie into any future expansion and development of the El Cortez adjacent parking lot. That parking lot participates in this beautification.

These improvements, which results in the encroachment, are viewed as the second step in the expansion process. The first step was the redevelopment of the Cabana Suites f/k/a the Ogden House. IKE Gaming spent Eight Million Dollars ($8M) completing this first phase of the project. This work consisted of an entire renovation of the interior and exterior of the Ogden House, and the re-branding of the property to Cabana Suites. The third step in the El Cortez redevelopment may be a pool and patio project built on the valet parking lot adjacent to the Cabana Suites.

The area for which applicant is seeking an encroachment is generally described as: approximately 20 feet in width x 75 feet in depth, measured from the curb, heading north from Ogden Street into the alleyway running between Stewart Street and Ogden Street, parallel to 6th and 7th Streets ("Encroachment Area"). That area is marked by hand on the attached assessor's parcel map, Attachment #1. It is also identified on the survey by LOCHSA SURVEYING, Attachment #2.

RECEIVED
MAR 22 2011
SDR-41257

Real Property Impacted by Proposed Encroachment. As a preliminary manner, there will be two uses of the alley: 1) the Encroachment Area running between the parcels owned by IKE Gaming on which the courtyard improvements beautifying the streetscape are constructed, and linking the two El Cortez parcels (APN 139-34-512-027 and 139-34-612-003) ("Courtyard"); and 2) the remainder of the alley, which is not improved and continues to be used as a public alleyway.

The unimproved portion of the alley is adjacent to parcels owned by S&J Group, Inc. (APN 139-34-512-029); Henry J PPTYS Las Vegas LLC (APN 139-34-512-028); JASSA Inc. (APN 139-34-612-001 and 002); Neighborhood Housing Services of Southern Nevada (APN 139-34-512-030); (collectively "Adjacent Landowners") and IKE Gaming (whose parcel abuts the entire western edge of the alley) (APN 139-34-512-027).

A. Courtyard. The Encroachment Area will be beautified by improvements to the alley and the two adjacent parcels, both owned by IKE Gaming (APN 139-34-512-027 and 139-34-612-003). We refer to its purpose and concept as the "Courtyard." A schematic drawing of the Proposed Improvement is attached hereto as Exhibit "A". The concept drawings for the Courtyard are enclosed as drawings Exhibit "B". Both indicate the nature of the improvements. Exhibit "C" displays the materials and finishes being used.

B. Unaffected Public Alleyway. With respect to the public alleyway which is not part of the improvement project, the eastern portion is abutted by property owned by the above-referenced Adjacent Landowners. The entire western side is owned by IKE Gaming.

To be clear, the visual barrier being built does not block access. This is not a closure of the alleyway.

C. Easements & Utilities. All existing utility easements remain in place. Given the existing intensive utility use of the alleyway, IKE Gaming previously dedicated a utility easement on its parcel APN 139-34-512-027 to facilitate expansion of the El Cortez Hotel and Casino and Cabana Suites. That dedication included IKE Gaming (at its expense) burying the power line in that newly dedicated underground easement. That dedication limits design choices for the gate.

We don't believe there are any street lights that need relocation or removal. One street light was relocated when the utilities were relocated underground as discussed above.

D. Adjacent Landowners. The Adjacent Landowners have been contacted on several occasions, most recently by certified mail, and verbal support has been received from 3 of the 4. We will seek letters of support, if necessary.

RECEIVED
MAR 22 2011

SDR-41257

E. Development Standards. At the present time IKE Gaming is not requesting any setbacks, utilities or other waivers with reference to the Courtyard, because no approvals for it are being requested. No parking study has been conducted because existing parking is not affected, and no additional parking needs are created by the encroachment.

F. Further Justification. The Cabana Suites renovation vastly improved the surrounding streetscape. Its "hip" designed room renovation is designed to attract a younger, different, more affluent clientele to the downtown. That appeal fails when a hotel guest steps out the front door and is confronted with a rundown alleyway, patched asphalt and potholes, visible unattended dumpsters, and scattered trash. Because of the guests' and El Cortez's security concerns related to the alley, the El Cortez has posted 24 hour security at the Cabana Suites. Turning the adjacent alleyway into the Courtyard will mitigate the security concerns, while creating a much more attractive streetscape and sense of "arrival". The Courtyard will also compliment the existing courtyard across Ogden at the El Cortez, and upgrade the visitor appeal to this portion of Ogden Street. (See Sheet 1 of the Burnett Haase site plan attachment).

G. Fees. Enclosed with this letter are two checks - $500, plus $500 for notification and advertising.

H. Application. In addition to the attachments and exhibits referred to herein, enclosed are: 1) City of Las Vegas Department of Planning Pre-Application Conference Notes; 2) Department of Planning Submittal Checklist (along with the plans referenced therein); 3) the Application/Petition Form with Statement(s) of Financial Interests from Michael J. Nolan and Alan J. Woody, the persons in charge of managing this project.

I. Grant Deeds. Attached as Exhibits "D" and "E" are copies of the vesting deeds for the IKE Gaming properties abutting the alleyway.

J. Encroachment Agreement. The El Cortez also attaches as Exhibit "F" to its application a proposed Encroachment Agreement that describes the improvements and commits the El Cortez to maintain and repair the improvements that encroach upon the alley. It provides for a bond to secure that performance. It gives the City the power to enforce and remove the improvements if they are not maintained.

K. Additional Materials Provided. Pursuant to the Site Development Plan Review Submittal Requirements the following are attached: 1) Site Plan (6 folded and 1 rolled); and 2) Building Elevations (1 folded and 1 rolled).

L. Council Hearing Requested. The El Cortez requests that this matter receive a full public hearing with the City Council at its June 15, 2011, meeting. The El Cortez also requests that the Encroachment Agreement be approved at that meeting.

M. In Closing. The Courtyard will facilitate the revitalization and redevelopment of downtown Las Vegas. It creates a sense of arrival for vehicular and pedestrian users of Ogden Street, the visitors at the El Cortez, and for the guests at the newly renovated Cabana Suites f/k/a Ogden House. This type of pedestrian patio and passageway is needed to complete the Ogden streetscape vision created by the $8 million renovation of the Cabana Suites. It benefits the entire downtown.

Thank you for your consideration of this matter and please feel free to contact myself or Mike Nolan directly should you have any questions or concerns.

Sincerely,

Bruce A. Leslie, Chtd.

Re: Justification Letter – Site Development Plan Review for a Temporary Parking Lot
Nevada State Bank
APN # 139-34-610-023 & 031

To Whom It May Concern:

This office represents the applicant in the above-referenced matter. This application is a site development plan review for a temporary parking lot on approximately .85 acres generally located on the southeast corner of Carson and 4th Street.

The site is currently owned by Nevada State Bank ("Bank"). The Bank foreclosed on the property and demolished the improvements as they were blighted and essentially condemnable. As the Bank is not in the business of developing property, they have been attempting to sell the site since they were forced to recover the asset. However, to date, the Bank has not been able to sell the property. Consequently, the Bank is proposing to utilize the site on an interim basis as a 112 stall temporary parking lot.

The Bank is aware that the City is working to address the parking demands in Downtown Las Vegas and the proposed use would aide in the solution until it is sold and redeveloped. Further, the Bank is not a developer and in the event the site is not utilized as a parking lot it will remain a vacant lot, and despite the Bank's best efforts invariably become an attraction for trash disposal and loitering. Even if the Bank secures the site, eliminating these nuisances is nearly impossible.

The Bank is further proposing to waive the requirements of the Downtown Centennial Plan with respect to landscaping and offsite improvements. Again, the proposed use is temporary and compliance with the Downtown Centennial Plan can be required at the time redevelopment occurs. The Bank is only proposing the parking lot use as a temporary solution to aide in addressing current parking demands and prevent the site from becoming an undesirable nuisance. The Bank is willing to accept a condition that this use be reviewed on a regular basis to insure the property is appropriately maintained.
