Facilities are provided throughout City Hall for convenience of persons with disabilities. For meetings held in the Council Chambers, sound equipment is available for persons with hearing impairments. If you need an accommodation to attend and participate in this meeting, please call the DEPARTMENT DESIGNEE at (702) 229-6301 and advise of your need at least 48 hours in advance of the meeting. The City's TDD number is (702) 386-9108.

July 12, 2011
6:00 PM

ALL ITEMS ON THIS AGENDA ARE SCHEDULED FOR ACTION UNLESS SPECIFICALLY NOTED OTHERWISE. UNLESS OTHERWISE STATED, ITEMS MAY BE TAKEN OUT OF THE ORDER PRESENTED AT THE DISCRETION OF THE CHAIRPERSON.

NOTICE: This meeting has been properly noticed and posted at the following locations:

City Clerk's Bulletin Board, City Hall Plaza, 2nd Floor Skybridge
Clark County Government Center, 500 South Grand Central Parkway
Las Vegas Library, 833 Las Vegas Boulevard North
Grant Sawyer Building, 555 East Washington Avenue
Bulletin Board, City Hall Plaza (next to Metro Records)

ACTIONS: ALL ACTIONS EXCEPT GENERAL PLAN AMENDMENTS, REZONINGS AND RELATED CASES THERETO ARE FINAL UNLESS AN APPEAL IS FILED BY THE APPLICANT OR AN AGGRIEVED PERSON, OR A REVIEW IS REQUESTED BY A MEMBER OF THE CITY COUNCIL WITHIN TEN DAYS AND PAYMENT OF THOSE COSTS SHALL BE MADE UPON FILING OF THE APPLICATION.

ANY ITEM LISTED IN THIS AGENDA MAY BE TAKEN OUT OF ORDER IF SO REQUESTED BY THE APPLICANT, STAFF, OR A MEMBER OF THE PLANNING COMMISSION AND AGREED TO BY THE PLANNING COMMISSION. THE PLANNING COMMISSION MAY IMPOSE TIME LIMITATIONS, AS NECESSARY, ON THOSE PERSONS WISHING TO BE HEARD ON ANY AGENDAED ITEM.

PLANNING COMMISSION MEETING RULES OF CONDUCT:

1. Staff will present each item to the Commission in order as shown on the agenda, along with a recommendation and

suggested conditions of approval, if appropriate.

2. The applicant is asked to be at the public microphone during the staff presentation. When the staff presentation is complete, the applicant should state his name and address, and indicate whether or not he accepts staff's conditions of approval.

3. If areas of concern are known in advance, or if the applicant does not accept staff's condition, the applicant or his representative is invited to make a brief presentation of his item with emphasis on any items of concern.

4. Persons other than the applicant who support the request are invited to make brief statements after the applicant. If more than one supporter is present, comments should not be repetitive. A representative is welcome to speak and indicate that he speaks for others in the audience who share his view.

5. Objectors to the item will be heard after the applicant and any other supporters. All who wish to speak will be heard, but in the interest of time it is suggested that representatives be selected who can summarize the views of any groups of interested parties.

6. After all objectors' input has been received; the applicant will be invited to respond to any new issues raised.

7. Following the applicant's response, the public hearing will be closed; Commissioners will discuss the item amongst themselves, ask any questions they feel are appropriate, and proceed to a motion and decision on the matter.

8. Letters, petitions, photographs and other submissions to the Commission will be retained for the record. Large maps, models and other materials may be displayed to the Commission from the microphone area, but need not be handed in for the record unless requested by the Commission.

As a courtesy, we would ask those not speaking to be seated and not interrupt the speaker or the Commission. We appreciate your courtesy and hope you will help us make your visit with the Commission a good and fair experience.

BUSINESS ITEMS:

1. CALL TO ORDER

2. ANNOUNCEMENT: COMPLIANCE WITH OPEN MEETING LAW

3. ROLL CALL

4. APPROVAL OF THE FINAL MINUTES FOR THE PLANNING COMMISSION MEETING OF JUNE 14, 2011

5. Any Items from the Planning Commission, staff and/or the applicant wish to be stricken or held in abeyance to a future meeting may be brought forward and acted upon at this time.

CONSENT ITEMS:

CONSENT ITEMS ARE CONSIDERED ROUTINE BY THE PLANNING COMMISSION AND MAY BE ENACTED BY ONE MOTION. HOWEVER, ANY ITEM MAY BE DISCUSSED IF A COMMISSION MEMBER OR APPLICANT SO DESIRES.

ONE MOTION - ONE VOTE

THE FOLLOWING ARE ITEMS THAT MAY BE CONSIDERED IN ONE MOTION/ONE VOTE. THEY ARE CONSIDERED ROUTINE NON-PUBLIC AND PUBLIC HEARING ITEMS. ALL PUBLIC HEARINGS AND NON-PUBLIC HEARINGS WILL BE OPENED AT ONE TIME. ANY PERSON REPRESENTING AN APPLICATION OR A MEMBER OF THE PUBLIC OR A MEMBER OF THE PLANNING COMMISSION NOT IN AGREEMENT WITH THE CONDITIONS AND ALL STANDARD CONDITIONS FOR THE APPLICATION RECOMMENDED BY STAFF, SHOULD REQUEST TO HAVE THAT ITEM REMOVED FROM THIS PART OF THE AGENDA.

Re: Horse and Coke
Tentative Map / Waiver of Standards

On behalf of our client, William Lyon Homes, Taney Engineering is submitting an application for a Tentative Map of 49 Lots near the intersection of Horse Drive and Coke Street. This tentative map was previously approved as TMP-23104 on August 23, 2007. Due to the current housing market conditions and lending conditions, the start of construction of this project has been delayed and the TMP will expire on August 23, 2011. We are resubmitting a new Tentative Map for this reason. No changes have been made to the site plan.

In conjunction with the Tentative Map, we are requesting a Waiver of Standards to allow a stub street within the subdivision. Within the course of time between the TMP's first approval and now, the City of Las Vegas code has been changed so that stub streets are no longer allowed. We are requesting a waiver of this standard found in section 18.12.110 of the Code of Ordinances so as to propose an identical plan to the one previously approved.

We appreciate your support on this waiver. If you have any questions, please do not hesitate to contact our firm. Thank you.

Sincerely,

Rebecca Leonard
Taney Engineering

O'Reilly AUTO PARTS
PROFESSIONAL PARTS PEOPLE

Justification Letter

New store: 1611 S. Decatur Las Vegas, NV

O'Reilly Auto Parts is planning to construct a new 14,152sf store at this location with new parking and landscaping. The existing closed restaurant building will be removed and the entire site will be redeveloped with a new building and landscaping per current codes. All of the current access points will be maintained, including the existing drive from Decatur Blvd.

O'Reilly Auto Parts is a just retail store. The store sells after market auto parts, auto accessories and associated products. Vehicles are not serviced at the store and tires are not sold. The store will blend well with the other retail and restaurant establishments along Decatur Blvd.

The new building and site will coordinate with adjacent development. The parking lot will be concrete and will have landscaping integrated in appropriate areas. The new building will have a flat roof with parapets to screen the HVAC units. The main entrance to the store will face west and have a pedestrian sidewalk that will connect to the sidewalk on Decatur.

The receiving area for the store will be on the north side of the building away from the residential area to the east. The receiving door is an 8' high 6' wide overhead door. The trash enclosure will be located to the east of the receiving door.

The interior of the store is essentially an open space with racks for products. The main sales area has racks up to 5' high and the parts area has racking up to 10'. The 2 areas are separated with parts counters where computer stations are located for employees to look up parts and make sales. The store will also have 2 ADA compliant restrooms and a manager's office. The sales area has an acoustical ceiling and the parts area has an open ceiling.

LS Las Vegas NV Return, LLC

1611 S. Decatur Boulevard

Proposed 14.152 thousand square foot auto parts store.

Traffic produced by proposed development:

Proposed Use	DESCRIPTION	#UNIT	RATE/# UNIT	TOTAL
Average Daily Traffic (ADT)	AUTOMOBILE PART SALES [1000SF]	14.152	61.91	876
AM Peak Hour			2.21	31
PM Peak Hour			5.98	85

(heaviest 60 minutes)

	DESCRIPTION	#UNIT	RATE/# UNIT	TOTAL
Average Daily Traffic (ADT)	HIGH-TURNOVER (SIT-DWN) RESTRNT [1000 SF]	7.56	127.15	961
AM Peak Hour			11.52	87
PM Peak Hour			10.92	83

(heaviest 60 minutes)

Total	DESCRIPTION	#UNIT		TOTAL
Average Daily Traffic (ADT)	APARTMENT [DWELL]	14.152	6.72	-85
AM Peak Hour			0.51	-56
PM Peak Hour			0.62	2

Existing traffic on all nearby streets:

Decatur Boulevard

Average Daily Traffic (ADT)	41,775
PM Peak Hour	3,342

(heaviest 60 minutes)

Charleston Boulevard

Average Daily Traffic (ADT)	36,750
PM Peak Hour	2,940

(heaviest 60 minutes)

Oakey Boulevard

Average Daily Traffic (ADT)	13,500
PM Peak Hour	1,080

(heaviest 60 minutes)

Traffic Capacity of adjacent streets:

	Existing Street Capacity
Decatur Boulevard	51,800
Charleston Boulevard	51,800
Oakey Boulevard	34,500

This project is expected to reduces the trips per day on Decatur Blvd., Charleston Blvd., and Oakey Blvd. compared to the previous use. Decatur is currently at about 81 percent of capacity, Charleston is at about 71 percent of capacity and Oakey is at about 39 percent of capacity. This project is not expected change the capacity.

Based on Peak Hour use, this development will add roughly 2 additional cars into the area, which works out to about one every thirty minutes.

Note that this report assumes all traffic from this development uses all named streets.

RE: Luna Rossa
Justification Letter - Application for Special Use Permit For Liquor Establishment/Tavern, With Waiver For The 1,500 Foot Separation Requirement, From A Liquor Establishment (Tavern), A Religious Facility, And A School
450 Fremont Street, Las Vegas, Nevada 89101, Space 101

To Whom It May Concern:

This justification letter is written on behalf of our client Luna Fremont, LLC.

Neonopolis at Fremont Street Experience, (A Downtown Mixed Used Development) presently lacks a restaurant/tavern use. The proposed restaurant/bar/tavern use will represent a high class service restaurant with full bar/tavern service. An outside dining area and bar is also proposed along with the inside dining facilities.

The facility will count on the ample parking facilities and amenities of the Neonopolis at Fremont Street Experience. The proposed use is compatible with the overall surrounding development and the previous use (The Saloon) was approved as a Liquor Establishment (Tavern) with waivers of the minimum 1,500-foot distance separation requirement from religious facilities, Liquor establishment (tavern), and a school.

Thank you for your attention to this matter and if additional information is required please contact me at my office or mobile at 702-499-1573.

Sincerely,

Jorge L. Cotto
Construction Manager on behalf of Luna Rossa

CONSTRUCTION

JUSTIFICATION LETTER
FOR
HABITAT FOR HUMANITY "RESTORE"
Charleston Commons Shopping Center
Located at Charleston Boulevard and Nellis Boulevard
Las Vegas, Nevada 89110

INTENT OF REQUEST

We are requesting "An approval" to allow a second hand type store (resale of new and used donated items) to operate in an existing shopping center, near an existing "Good Will" store. This is a non-profit business that helps support the construction of *"simple, decent, affordable homes for working families in partnership with God and our community"*. The purpose of this request is to promote business growth while maintaining general prosperity, health and welfare of the surrounding neighbors and citizens of Las Vegas earning less than 80% of area median income.

RESTORE BACKGROUND and PURPOSE

Habitat's ReStore resale outlets sell reusable and surplus building materials to the public
While every ReStore outlet is a little different, most focus on home improvement goods like furniture, home accessories, building materials and appliances. ReStore resale outlets accept donated goods which are sold to the general public at a fraction of the retail price. The proceeds help local Habitat affiliates fund the construction of Habitat homes within their communities.

Promoting reuse and recycling
ReStore resale outlets provide an environmentally and socially responsible way to keep good, reusable materials out of the waste stream while providing funding for Habitat's community improvement work.

Anticipated Business Hours
This typical resale/retail "ReStore" will operate on the same business hours that the adjacent retail stores will, which is typically 8:00 am to 8:00 pm, Mon. thru Friday and reduced hours on weekend.

SUP-41918

SUMMARY and JUSTIFICATION

We are requesting an approval of our application because it will allow our business to adapt to the ever morphing business environment that has drastically changed in recent years. The granting of this application will not adversely affect the current Zoning Code - because the existing "Shopping Center" was designed in advance to handle all existing and proposed parking and landscape requirements as required for retail tenants. A Resell Store has the same parking and business hours as the surrounding retail businesses that are surrounding this "ReStore". This PROPOSED ReStore would only enhance the complex and surrounding neighborhood from its current condition and with **no adverse impacts** only benefits.

Thank you…

Las Vegas, NV 89106

Dear City Planner,

I am excited about the process of applying for a special use permit for 4211 W. Sahara Ave Suite B. This area is filled with complimentary retail clothing stores so a second hand dealer special use permit granted to our store so that we can offer used brand name designer clothes, shoes and handbags at a discount would be a perfect fit for the local community and the immediate area, especially in today's economy. I sincerely appreciate this opportunity to go before the city council and discuss the possibility of being granted such a privileged license and will hereby so honor and adhere to the proper reporting and cooperation in working with metro.

I intend to immediately open to sell boutique style new clothes, shoes and accessories while I await hopeful approval of the SUP for a second hand dealer. Please note: the main focus of our store however is specializing in meeting the high demand for designer items but at a discounted price. We intend to be open from 10am until 10pm. We will not accept after hour deliveries and we will not have a drop box for consignment items. We realize parking may be constrained at this Liberty Square retail complex but as our use would be a second hand dealer, our parking requirements are less and therefore a perfect fit for this center.

Thank you VERY much and I sincerely look forward to hearing from you for the next step in the process.

With Much Appreciation,

Jason Schuck

Re: Justification Letter
Department of Planning applications
ZON, GPA, and SDR

Subject: Crystal Park Apartment Homes
3000 N Michael Way
APN 138-13-512-001

Dear Sir or Madame;

In conjunction with the above referenced applications, please let this letter serve as the required Justification Letter to the applications.

Issue, Information, and Findings. We are proposing to develop two-story apartment homes on the subject 9.92 vacant land parcel noted above consisting of 80 two-bedroom units and 56 three-bedroom units with two-car garages (136 total units).

The land is currently designated as O (office) and L1/R (light industrial/research) and would need to be re-designated for Medium Density Residential and Apartment (R-3). The subject land is mostly surrounded by residential areas (R-3 to the north, R-1 to the south, and R-1 to the west) and we feel apartment homes would be better suited for this parcel and more compatible with the surrounding properties than the business park we would otherwise propose. An apartment home project would generate substantially fewer people present on the property at a given time, which would mean far less traffic and therefore less noise, and other traffic related problems for the surrounding residents than a business park.

Tables noting the number of people present on a given day, the number of open and/or garaged parking spaces, and the amount of traffic (i.e., number of trips) the proposed apartment homes as differentiated from an otherwise proposed business park on the same parcel are stated below:

Residents/Employees/Service Personnel	*Proposed Apartment Homes*	*Current proposed Light Industrial/Office project ("Business Park")*
Estimated Number of Residents/Employees/Service Personnel on a given day	520	1,360

Parking Spaces	*Proposed Apartment Homes*	*Current proposed Light Industrial/Office project ("Business Park")*
Number of regular open parking spaces	135	*506
Number of parking spaces enclosed in garages	272	0

* based on current proposed twelve 2-story office buildings with 16 offices per building for a total of 192 offices

**Traffic: number of trips*	*Proposed Apartment Homes*	*Current proposed Light Industrial/Office project ("Business Park")*
Average Day, number of trips	948	2,145
AM Peak Hours, number of trips	71	185
PM Peak Hours, number of trips	93	193

*See Traffic Generation report attached

The ingress and egress at the north end of the apartment homes project and a second egress would be quite a distance away from the existing residential houses on the south side of the project. Our proposed apartment home plan would keep the majority of the parking away from those houses and there would be less traffic and less traffic noise than would occur from the allowed 192 offices.

These apartment home units will be an asset to the neighborhood and will provide large units with 2-car garages. Large units of this nature are lacking in this area. We estimate the rent to be in the approximate range from $975 to $1,200 per month. We anticipate this project will introduce a higher living environment much more compatible with the single family homes in the area than a business park.

The leasing/management office for the project would be located at the northwest area of the property far away from the residential homes along the south and west property line adjacent to Michael Way, 80' from a right-of-way and a 20' from a

dedicated alley. Office hours for the on-site office would be Monday through Friday 8:00 a.m. to 5:00 p.m. plus Saturdays 10:00 a.m. to 2:00 p.m.

Number of employees/residents. The number of residents would be 239.36 persons, based on the U. S Census Bureau 1990 results as provided by the City of Las Vegas Environmental Impact Assessment, 1.76 persons multiplied by 136 units.

Hours of operation. Office hours for the on-site office would be Monday through Friday 8:00 a.m. to 5:00 p.m. plus Saturdays 10:00 a.m. to 2:00 p.m.

Existing similar uses owned or operated. In addition to other residential and commercial properties in the Las Vegas area, we currently own and operate a similar apartment project with attached garages named the Hidden Canyon Village Apartments at 3940 Scott Robinson Boulevard in North Las Vegas Nevada.

Specific state licenses. No specific state licenses are required to operate an apartment home project.

Green Building Program. This project will not participate in the Las Vegas Green Building Program.

LEED construction. This project will not be constructed to LEED or other equivalent standards.

Alternative energy sources or water savings measures. Although this project will not utilize any alternative energy sources, we do plan the following energy saving/water saving measures:

Energy-saving light bulbs will be used, and we will look into and consider other feasible energy saving measures as we become aware of them.

Desert landscaping is planned in order to save water plus water saving fixtures and faucets.

Connectivity to adjacent parcels. This project will not be connected to any other parcel.

Walkable community. This project qualifies as a walkable community in that it is within ½ mile of more than one commercial property containing restaurants, grocery stores, and other amenities.

Sustainable construction. The other means of sustainable construction for this project include the positioning of the buildings, light color paint, and the use of energy-saving lights.

Urban Forestry Initiative. Currently there are no trees on the vacant land however some trees will be planted to provide shade.

Bicycle parking. We plan to provide some bicycle parking at the project.

Electric vehicle recharging stations. No charging stations are planned at this time

MAY 12 2011

Revised 10/27/08

SDR 41779
Rancho Properties, LLC

3000 N. Michael Way

Proposed 136 unit apartment complex.

Traffic produced by proposed development:

Proposed Use	DESCRIPTION	#UNIT	RATE/# UNIT	TOTAL
Average Daily Traffic (ADT)	APARTMENT [DWELL]	136	6.72	914
AM Peak Hour			0.51	69
PM Peak Hour			0.62	84

(heaviest 60 minutes)

Existing traffic on all nearby streets:

Michael Way

Average Daily Traffic (ADT)	2,838
PM Peak Hour	227

(heaviest 60 minutes)

Cheyenne Avenue

Average Daily Traffic (ADT)	38,700
PM Peak Hour	3,096

(heaviest 60 minutes)

Traffic Capacity of adjacent streets:

	Existing Street Capacity
Michael Way	16,300
Cheyenne Avenue	51,800

This project will add approximately 914 trips per day on Michael Way and Cheyenne Ave. Michael is currently at about 17 percent of capacity and Cheyenne is at about 75 pecent of capacity. After this project is added, Michael is expected to be at about 23 perenct of capacity and Cheyenne to be at about 76 pecent of capacity.

Based on Peak Hour use, this development will add roughly 84 additional cars into the area, which works out to about three every two minutes.

Note that this report assumes all traffic from this development uses all named streets.

Re: Lake Mead & Rock Springs
APN-138-22-701-009

To Whom It May Concern:

This is a request to build a commercial shopping center on approximately 4.43 acres near Lake Mead Boulevard and Rock Springs Drive more particularly described at assessor's parcel number 138-22-701-009 ("the Site"). The applicant is seeking a general plan amendment from M (Medium Density Residential) to SC (Service Commercial), a zone change from U-M (Undeveloped Medium Density Residential) to C-1 (Limited Commercial), a special use permit to allow for a minor automotive repair faculty, a waiver to reduce landscape width and parking lot landscaping and a site plan review.

General Plan Amendment

The Site is currently master planned M (Medium Density Residential) and the applicant is seeking to amend the master plan to SC (Service Commercial). The request to amend the general plan for the Site is consistent with the existing uses in the area and the current general plan surrounding the Site. The properties to the North, East and West are currently master planned SC (Service Commercial) and the property to the South is master planned PF (Public Facility School).

Rezoning

The Site is currently zoned M (Medium Density Residential) and the applicant is requesting to change the zoning to C-1 (Limited Commercial). As with the general plan amendment request the applicant feels this request is consistent with the existing uses in the area. To the North, East and West the existing zoning is C-1 and as mentioned to the South there is a public school.

RECEIVED
MAY 24 2011
City of Las Vegas

Special Use Permit

The applicant is seeking a special use permit to allow for a minor automotive repair facility.

GPA-41883 ZON-41884
SUP-41885 SDR-41886

The Firestone Complete Auto Care Facility is approximately 8,500 square feet which consists of a waiting area, service area, new and used inventory and a maintenance area. The auto care facility will provide a variety of services such as: maintenance tune-up; air conditioning service; oil change; brake repair; tire repair; heating and cooling repair and starting and charging vehicles.

Landscape Waiver/Exceptions

Additionally, the applicant is also requesting a reduction of the minimum street front landscape depth to 11 feet minimum where 15 feet is required at the northeast corner of the Site and an exception to the parking lot landscaping. The applicant believes this is justified by the fact that Rock Springs curves across the east frontage of the Site. The northeast corner is where the curvature "pinches" the street front landscape buffer. This is mitigated by the fact that the frontage increases as you proceed south. The overall average of the street front buffer is 22 feet well in excess of the minimum 15 feet required.

Site Plan Review

The applicant is proposing a shopping center. The project consists of an approximate 8,500 square foot single story minor automobile repair facility, an approximate 3,368 square foot single story restaurant with drive through service, an approximate 5,375 square foot restaurant/retail pad building and an approximate 20,000 square foot two story lease office building. The architectural detail of the new center is to match that of the existing shopping center to the north which is rendered in stucco and split face concrete block in warm earth tone and pastel colors. The project exceeds the minimum parking requirements and the applicant is providing 219 spaces where 149 spaces are required. The owner of this property has also obtained a cross access easement from the neighbor to north to connect the parking lots. The intended effect is to have one continuous consistent development.

Thank you in advance for your consideration. If you have any questions or need anything further, please do not hesitate to contact Ann Pierce or me.

Sincerely,

KAEMPFER CROWELL RENSHAW GRONAUER & FIORENTINO

PM Peak Hour			3.75	240

Existing traffic on all nearby streets:

Lake Mead Boulevard

Average Daily Traffic (ADT)	41,350
PM Peak Hour	3,308

(heaviest 60 minutes)

Rock Springs Drive	
Average Daily Traffic (ADT)	15,250
PM Peak Hour	1,220
(heaviest 60 minutes)	

Traffic Capacity of adjacent streets:

	Existing Street Capacity
Lake Mead Boulevard	51,800
Rock Springs Drive	16,300

This project will add approximately 2,786 trips per day on Lake Mead Blvd. and Rock Springs Dr. Lake Mead is currently at about 80 percent of capacity and Rock Springs is at about 94 percent of capacity. After this expansion, Lake Mead is expected to be at about 85 percent of capacity and Rock Springs is expected to be over capacity.

Based on Peak Hour use, this development will add roughly 296 additional cars into the area, which works out to about five every minute.

Note that this report assumes all traffic from this development uses all named streets.

RE: Justification Letter for Fort Apache & Horse, NEC
Request: A GPA & ZON for Service Commercial and C-1
APN: 125-08-210-002

Dear Mr. Flagg:

Please accept this justification letter for a General Plan Amendment to the Centennial Hills Sector Plan and a companion item for a Zone Change. This application is located on a 1.54 +/- acre parcel located at the northeast corner of Fort Apache and Horse.

The request is to change the General Plan land use category to Service Commercial (SC) and the Zoning classification to the Limited Commercial District (C-1) to allow a neighborhood commercial center. These changes would be consistent with the zoning on site on the opposite corner to the west. Although the applicant clearly understands that this parcels proximity to residential will require greater consideration and sensitivity to the design and appropriate uses.

The purposes of the proposed GPA & ZON amendments are to enable convenient neighborhood commercial center with goods and services in a setting that is functionally and aesthetically compatible with the existing adjacent land uses and zoning. The intent is for one story buildings with intense landscape buffers abutting the residential.

The Centennial Hills Sector Plan currently depicts the property as Planned Community Development (PCD). The existing Zoning is Residential Estates (R-E). The parcel is part of the Spring Mountain Ranch Overall plan but no future details were provided as to it affects on this location.

RECEIVED
MAY 26 2011

Approval Criteria for a GPA LVMC 19.18.030.(I)

(1) *The density and intensity of the proposed General Plan Amendment is compatible with the existing adjacent land use designations;*

GCGARCIA

GPA-41934
ZON-41933

A Planning & Development Services Corporation
1711 Whitney Mesa Drive, Suite 110, Henderson, Nevada 89014-2158
Telephone: 702 435 9909 Facsimile: 702 435 0457 E-Mail: ggarcia@gcgarciainc.com

The proposed land use designation of SC is compatible with existing land use designations in light of the appropriateness for SC on the opposite corner; proximity to the interchange; busy signalized intersection; size, shape and configuration of the property; and the inconsistency of the existing R-E zoning with the surrounding land uses.

(2)*The zoning designations allowed by the proposed amendment will be compatible with the existing adjacent land uses or zoning districts;*

The current R-E zoning is completely inconsistent with the General Plan and surrounding land use designations. The proposed C-1 zoning is consistent with the proposed S-C land use designation. The SC and C-1 match the opposing corner that is C-1. The C-1 with permitted lower intensity uses and SUPs for more intense uses coupled with good design sensitive to the abutting residential will be more compatible, marketable and sustainable than the existing designations.

(3)*There are adequate transportation, recreation, utility, and other facilities to accommodate the uses and densities permitted by the proposed General Plan designation; and*

This site has all necessary infrastructures to facilitate development under the SC land use. The abutting roadways are an arterial and a major collector. The streets as well as the street landscaping and corner entry feature are built. The surrounding developments have brought in the necessary utilities sufficient to serve the property.

(4)*The proposed amendment conforms to other applicable adopted plans and policies.*

The proposed SC does not conflict with other plans and policies. In fact, to develop the property as currently zoned would create an inconsistency. The proposed GPA will be in conformance to the City's and Centennial Hills goals, objectives and policies.

Centennial Hills Sector Plan Goal & Objectives 2.8
This site will help create a balance and appropriate mix of land uses that will be fully supported by the existing circulation, infrastructure and public and private services. It will help bring in essential goods and services that can conveniently serve the neighborhood. The development design will be done to assure compatibility with existing development and in particular the abutting residential.

Policy A1.1 – *Participate in Public Facilities*
The property has contributed with the land and improvements for Horse & Fort Apache as well as sidewalks, landscaping, and landscape entry feature.

RECEIVED
MAY 26 2011

Policy A2 – *Encourage the use of Vacant Land Adjacent to Develop Land*
The property is essentially an infill location that can help promote the efficient and orderly development of land. The current land use and zoning are preventing the appropriate and timely development of this site.

Objective B - *Achieve a compatible balance of land uses*
The addition of some convenient good and services for the neighborhood will help achieve a balance of uses and the nature of the commercial use as SC and C-1 will be compatible in use and design.

Program B3.3 - *Buffering adjacent single family*
The property will provide an intense buffer according to the City's wall and buffer guidelines.

Policy B4 – *Provide for balance of uses*
The commercial will help serve the immediate neighborhood and reduce VMT contributions to congestion and air quality. The proposed use will make the neighborhood more walkable.

Program B5.5 - *Provide for appropriate small scale neighborhood centers at major roadway intersections adjacent to residential areas.*
The site is at an intersection with major roadways and adjacent to residential.

SUMMARY JUSTIFICATION
In summary, we believe this overall development advances the overall objectives of the Centennial Hills Sector Plan and will be an attractive addition to this neighborhood and provide for a mix of land uses that work together in an appropriate and compatible manner.

We respectfully request you favorable consideration of this request. Please contact me if you have any questions or need additional information.

Sincerely,

George Garcia,
President

RE: MASTER PLAN OF STREETS & HIGHWAYS AMENDMENT – SHEEP MOUNTAIN PARKWAY

Dear Mr. Rankin:

Please accept this letter as justification to amend the City's Master Plan of Streets & Highways for the realignment of Sheep Mountain Parkway between Grand Teton Drive and Fort Apache Road as well as the removal of the prior roadway network in Kyle Canyon Gateway. The modification is needed to move the Sheep Mountain Parkway alignment back to the original southern alignment where right-of-way already exists. This change is due to the insolvency of the Kyle Canyon Gateway project which modified the alignment to the north. The current owner of the Kyle Canyon Development is not able to acquire the extra private property to provide for the North Alignment of Sheep Mountain Parkway. This amendment will also delete adopted Master Planned roadways that were within the previous Kyle Canyon Gateway project. This realignment of Sheep Mountain Parkway and the deletion of the prior roadway network has been coordinated with the owner of the Kyle Canyon Master Planned Community. Once the new development agreement has been approved, a new roadway network will be added to the Master Plan of Streets & Highways.

Please feel free to contact me at 229-6541 should you have any questions regarding our request.

Respectfully,

Randy L. Fultz, P.E., C.F.M.
Acting City Engineer
Public Works

CARWIN
ADVISORS

May 26, 2011

Bart Anderson, PE
Engineering Project Manager, Development Coordination
City of Las Vegas Department of Public Works
333 N. Rancho Drive, 7th Floor
Las Vegas, NV 89106

Subject: KAG Properties review of the proposed revision to the Masterplan of Streets and Highways

Gentlemen,

Carwin Advisors, as agent for KAG Properties, LLC and Wachovia Bank, has reviewed the proposed revision to the City's Masterplan of Streets and Highways dated May 26, 2011. This revision shows the proposed Sheep Mountain Parkway transversing the KAG property in a southwest to northeast manner. This alignment is consistent with our discussions with the City concerning revisions to the Development Agreement for this property. It is our understanding that the streets, internal to the KAG Properties Kyle Canyon masterplan, have been omitted from this revision until such time as we have completed our Traffic studies and the streets exact geometry and widths are known.

We are in concurrence with the proposed changes and have no objections to this revision to the Master Plan of Streets and Highways. Thank you for your continued cooperation in the re-entitlement of the Kyle Canyon masterplan.

Sincerely,

Michael D. Ross PE
Senior Director

1.0 Overview

1.1 Purpose

The purpose of the Master Development Plan and Development Standards along with the Guidelines for this PD plan is to provide the parameters of development for the New Vista Community Project. The project is located on 15.05 net acres located at the Southwest Corner of Grand Teton and Rainbow Boulevard in the City of Las Vegas. In 2007, New Vista submitted a development plan that reflected its desire to develop the charities property. At the time, the property was zoned U (Undeveloped) with a General Plan designation of DR (Desert Rural). Based upon the proposed plan, the City of Las Vegas approved a General Plan Amendment, GPA-16578, a Zone Change ZON-16580, and a Site Development Review, SDR-16581 with the zoning approved to PD (Planned Development) and a General Plan Amendment to PCD.

2.0 PD District

2.1 Intent of PD District

The Intent of the Planned Development District (PD) is to permit and encourage comprehensively planned developments whose purpose is redevelopment, economic development, cultural enrichment, or to provide a single purpose or multi-use planned development. The rezoning of property to the PD District may be deemed appropriate if the development proposed for the District can accomplish one or more of the following goals:

1. Providing for an orderly and creative arrangement of land uses that are harmonious and beneficial to the community.

2. Providing for a variety of housing types, employment opportunities or commercial or industrial services, or any combination thereof, to achieve variety and integration of economic and redevelopment opportunities.

3. Providing for flexibility in the distribution of land uses, in the density of development, and in other matters typically regulated in zoning districts.

4. Providing for cultural, civic, educational, medical, religious or recreational facilities, or any combination thereof, in a planned or a unique setting and design.

5. Providing for the redevelopment of areas where depreciation of any type has occurred.

6. Providing for the revitalization of designated areas.

7. Promoting or allowing development to occur in accordance with a uniform set of standards, which reflect the specific circumstances of the site.

8. Avoiding premature or inappropriate development that would result in incompatible uses or would create traffic and public service demands that exceed the capacity of existing or planned facilities.

9. Encouraging area sensitive site planning and design.

10. Contributing to the health, safety and general welfare of the community and providing development, which is compatible with the City's goals and objectives.

2.2 Minimum Site Area

The minimum site area for Planned Development District is five acres, except that the City Council may waive this requirement when the proper planning justification is shown. The boundary of the New Vista Community Project is 15.05 net acres.

3.0 New Vista Community Planned Development (PD)

3.1 History and Background

The New Vista Community was started back in the mid-eighties to provide for the needs of the adult intellectually challenged. The concept was to provide facilities and residential opportunities for its beneficiaries (hereinafter referred to as residents) to live and work independently and be a part of the general community. In the late eighties, New Vista was - donated 15 acres by the Gilcrease family in what was then Clark County. To date, with volunteer work and donations, four "ranch houses" have been built on this property. Each "ranch house" provides six adult residents with room and board and the supervision -by a non-handicapped caretaker couple. New Vista Community has evolved over the past twenty years, to the point where the concept is now to also take care of the more senior segment of the intellectually challenged population by providing opportunities and support so they may experience life to the fullest..

3.2 Proposed Project Designation

Initially, the New Vista parcel was zoned RE with the proper use permits in unincorporated Clark County. Now that the land has been annexed into the City of Las Vegas, the property has been rezoned as a Planned Development with an approved Site Development Review. -. To achieve the goals and uses that are hereby proposed, a review of conditions for the approved SDR and Zoning Conditions is being requested.

3.3 Site Boundary

The boundaries of the New Vista Community, for which these guidelines are written, are described in Exhibit 8.A.

3.4 Permitted Uses and Standards

As defined in Chapter 19.06.050 Special Purpose and Overlay Districts PD Planned Development District. Any combination of residential, commercial, industrial or public uses may be permitted within a specific Planned Development Plan for that district. The uses to be permitted within the district must be specified in the adopted Master Development Plan for the district.

Planned Uses:

In the development of these facilities, New Vista Community's goal is to provide a portion of the adult intellectually challenged population a place to live and enjoy a positive lifestyle which to the fullest extent possible
" ...assure(s) equality of opportunity, full participation, independent living and economic self-sufficiency..."[1]. These facilities must provide an array of activities and services that will promote:

1. More independent functioning of the residents within a professionally supervised setting
2. More opportunity for the residents to enjoy interaction with other residents within the New Vista community.
3. "...cultural, civic, educational, medical....recreational..." fulfillment of the New Vista residents.

To achieve these goals, the following uses are proposed:

1. Allow existing residential facilities that provide living quarters for adult intellectually challenged residents and their supervising caregivers.
2. Allow new assisted living apartments for senior intellectually challenged residents
3. Allow offices for the administration of the New Vista community
4. Allow offices for professional medical care limited to:
    a. Monitoring of the health and welfare of the residents
    b. Minor medical care of the residents

c. Provide Occupational and Physical Therapy for the residents
d. Administration of the medical care facilities.

[1] Public Law 101-336, The Americans with Disabilities Act of 1990 (As Amended July 26, 1990), Section 2. Findings and Purposes, item 8.

5. Allow workshops to promote the training of the residents of New Vista in skills including, but not limited to:
   a. Arts and crafts
   b. Painting
   c. Woodworking
   d. Ceramics
   e. Sculpture
   f. Stained Glass
   g. Jewelry
6. Allow central dining/banquet facilities
7. Allow recreational facilities including, but not limited to:
   a. Community Center
   b. Gymnasium
   c. Pool and spa
   d. Fitness/aerobics

The new facilities are for the use of New Vista Community, its members [2] and its residents and are not open to the general public. The new facility shall not have retail sales and the intention of the ***"Education/Employment Center"*** is to encourage the development of the residents' skills so that they might start businesses in other office locations. Any products produced by such "businesses" would be offered for sale at an appropriate offsite commercial location (e.g., the New Vista thrift store at *5220 West Charleston Boulevard*).

3.5 Special Events

New Vista Community, pursuant to their fundraising and/or social activities for their non-profit organization, may, with appropriate city approvals, hold up to sixteen (16) special events on site per year. Examples of these events include, but are not limited to the following:

1. Bachelor and bachelorette celebrity auction
2. Wine tasting gala and auction/silent auction
3. Masquerade ball and auction/silent auction
4. Special Olympics competitions
5. Golf Tournament (held off-site)

[2] members are those intellectually challenged individuals living in southern Nevada and their immediate families and guardians

3.6 Future Expansions or Alterations

Any significant revision of the plans as initially approved shall be subject to a Site Plan Development Review by the City Council at a Public Hearing. This public hearing shall require notice to all property owners within a one half mile radius of the Property, except that written notice of such public hearing shall extend south to Elkhorn Avenue. All future expansions and/or alterations shall be harmonious and compatible with the approved design.

4.0 Site Design Criteria

4.1 Building Setbacks *and Height*

	Grand Teton	*Rainbow*	*Gilcrease Orchard*
Community/ Rec Building	*100 ft.min.*	*200 ft min..*	*150 ft. min.*
Education/Employment Ctr.	*20 ft.min.*	*600 ft. min*	*70 ft. min..*
Assisted Living Buildings	*300 ft.min.*	*50 ft. min.*	*70 ft. min.*
Medical Building	*300 ft.min.*	*50 ft. min.*	*70 ft. min.*

Minimum separation between buildings to be 15 feet

Existing Ranch House Buildings to remain as built

4.2 Building Setback Exceptions

1. Underground Utilities
2. Roof Overhangs
3. Steps and sidewalks
4. Landscaping and related irrigation

5. Planter and related irrigation
6. Driveways and curb cuts

4.3 Service and Loading Areas

Service and loading area yards shall be screened from adjacent streets pursuant to Title 19.

4.4 Parking, Driveways and Circulation

1. Parking required

There shall be 100 parking spaces as stated in the Conditions of Approval for ZON-16580.

2. Handicapped Parking

The appropriate handicapped spaces shall be provided in accordance with the requirements as outlined in the City of Las Vegas Zoning Code Title 19.

3. Driveways

The existing driveway on Rainbow Boulevard shall provide access to the site in Phases I and II. In Phase III, all public access shall be from the newly constructed driveway on Grand Teton. In Phase III, the Rainbow driveway shall be crash gated and limited to fire truck emergency access only.

4.5 Signage

1. Temporary Signage

Temporary construction signs naming Builder, architect, etc, are allowed subject to the time limits of constructions and shall not exceed 32 square feet.

2. Site Signage

Monument signage naming the Project shall be provided in accordance with the requirements as outlined in the City of Las Vegas Zoning Code Title 19. The monument signs [4] will be located at the two entrances and corner of property.

[3] Landscape gravel shall be as approved by the City of Las Vegas planning staff.

[4] Monument signs are to be one hundred twenty square feet in area maximum, 6 feet high maximum, and if illuminated shall not have exposed neon.

4.6 Landscaping

All landscaping shall be in accordance with the requirements of Title 19.

4.7 Fences and Walls

All fences and walls shall be in accordance with the Title 19 and the Landscape Wall Caps and Buffer Guidelines.

4.8 Streetscape

1. *Grand Teton street frontage to be as per Exhibit 6.j. "Multi-use Transportation Trail"*
2. *Rainbow Boulevard street frontage to be as per Exhibit 6.j. "Multi-use Transportation Trail"*

4.9 Transportation Plan and Traffic Impact Analysis

Pursuant to Title 19.06.050B.(1), the site plan depicts the transportation plan. The site is located on the southwest corner of the intersection between two major streets. See Exhibit 6h for the Traffic Impact Analysis. Due to the fact that the residents of the property do not own or drive vehicles, the conclusions of the traffic study that the development of the site will not generate a significant amount to traffic to the surrounding roadways are reasonable. New Vista has agreed that it will participate in future warranted offsite improvements if required by the City of Las Vegas Public Works.

4.10 Preliminary Drainage Analysis

With the assistance of New Vista, the City of Las Vegas and the Clark County Regional Flood Control District, these agencies have just completed the constructed a new drainage structure on the west side of the New Vista site. This structure collects and conveys floodwaters from Grand Teton and ties into a recently constructed storm water system for Rainbow Boulevard at its south

terminus. New Vista's Civil engineers are proposing to tie the on-site and offsite drainage into this storm water system subject to City of Las Vegas and the Clark County Regional Flood Control District approvals.

5.0 Architectural Design Criteria

5.1 Purpose

The design objective of the architectural criteria is to establish the parameters and theme for creating a uniform Architectural character comparable with the surrounding planned communities. To this end, all building elevations shall be residential in character.

5.2 Style

The architectural character of the New Vista Community project is intended to be "Western" in design with architectural detail reminiscent of the Colorado Rockies and appropriate to a planned community development.

5.3 Building Height

The building heights shall be:

1. The maximum height for any building on the site shall not exceed 42 feet
2. The maximum height for those buildings fronting Rainbow Boulevard shall not exceed 24 feet
3. The maximum height of the Education Employment Center shall not exceed 27 feet.
4. The maximum height of the Assisted Living Units not exceed 24 feet.
5. The maximum height of the Medical Building shall not exceed 24 feet.

5.4 Mechanical Equipment / Trash Area Screening

Exterior mechanical equipment, whether roof or ground mounted, shall be screened on all sides in a manner aesthetically compatible with the architectural design of the buildings. Trash enclosures shall be aesthetically compatible with the architectural design of the buildings.

5.5 Building Materials and Finishes

1.	Exterior Walls:	Stucco/*EIFS*, Stone veneer, Painted concrete tilt-up walls, Split face masonry
2.	Glazing:	*R*eflective (22% max. reflectivity) *or* tinted glass
3.	Roofing:	Existing sloped roof s are to remain as is New *low rise* sloped roofs to be concrete tile

EEC and Community/Rec Building sloped roofs are to be architectural grade standing seam metal. New flat roofs are to be built-up roofing

5.6 Exterior Lighting

1. The design objective for the lighting criteria is to provide safe, functional lighting in an aesthetically pleasing manner.
2. Area Illumination is to provide for entry areas and other people-gathering places. On-site lighting not permitted to shine offsite
3. Street lighting on Grand Teton only (if permitted by the City of Las Vegas)
4. Area illumination for the parking lot to be 20 feet maximum and shall be downcasting shoe box fixtures mounted on pole standards.
5. Service area lighting shall be contained within the service yard boundaries.
6. Landscape lighting shall be integrated into the overall project lighting design. Proper shrubs [5] shall be incorporated into the design so as to eliminate any light pollution that might reach on the north side of Grand Teton or on the east side of Rainbow Boulevard

5.7 Exterior Colors

The intent of the exterior colors is to create a desert responsive color palette, of warm earth tones with primary color accents which shall be considerate of the adjacent residential areas. See the color and materials board, Exhibit 8.G.

5.8 Landscape Plan

All landscaping shall be installed in accordance with a landscape plan as submitted to and approved by the City of Las Vegas planning staff prior to the issuance of building permits.

6.0 Transfer Not To Relieve New Vista of its Obligations/Rights of Assignees and Transferees

Except as expressly provided herein, no assignment or transfer of all or any portion of the Property shall relieve New Vista of its obligation hereunder and such assignment or transfer shall be subject to all the terms and conditions of this document provided further that no such assignee or transferee shall be entitled to any rights or privileges under this document or otherwise with regard to the Property or the use thereof unless such assignee or transferee assumes in writing and in full all obligations and duties of New Vista under this document and as required by the conditions of zoning approval related to and imposed with regard to GPA-16578, SDR-40980, ROC-40981 and MOD-41437.

7.0 Modification of Master Development Plan and Standards

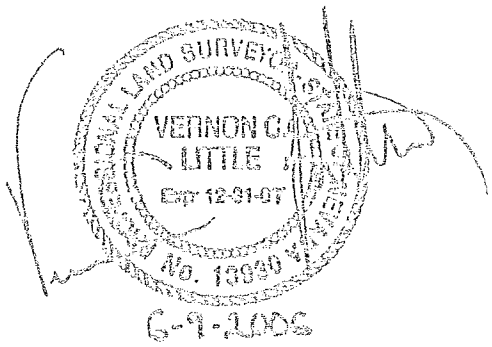

This document may be modified only in accordance with the provisions of the Las Vegas Municipal Code 19.060.050(G) and Title 19 shall govern any matter not specifically provided for in this Master Development Plan.

New Vista Ranch Phasing Plan:

I

1. Phase One - Build One New Residential Home and Onsite Medical Office
   a. Utilize existing access to Rainbow Boulevard. No offsite improvements to Rainbow Blvd. or Grand Teton except as noted in detail 2/A1a
   b. Construct underground utility connections to adjacent public utilities in Rainbow Boulevard.
   c. Construct non-standard multi-use trail on Rainbowl street frontage consisting of:
      -rough graded frontage for a depth of 25'
      -desert landscaping for a depth of 25' except as noted
      -construct 10' wide decomposed granite pathway per detail 2/A1a

II

2. Phase Two - Build Four (4) More Residential Homes
   a. Construct non-standard multi-use trail on Grand Tetonl street frontage

III

3. Phase Three - Build Two (2) Additional Residential Homes
   a. Construct Grand Teton improvements as indicated on the Phasing Plan.
   b. Construct onsite roadways to direct onsite vehicle circulation to the Grand Teton access point.
   c. Construct fire truck crash gate on Rainbow to restrict access

IV

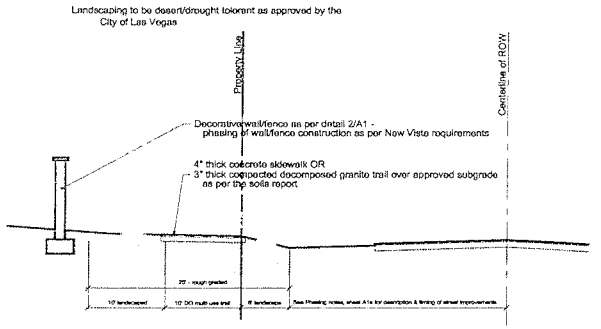

4. Phase Four - Build Two (2) Remaining Residential Homes

V

5. Phase Five - Construction of the Education & Employment Center Building
   a. Construct full offsites on Rainbow Boulevard as per approvals obtained at that point in time.

VI

6. Phase Six - Construction of the Recreation Center

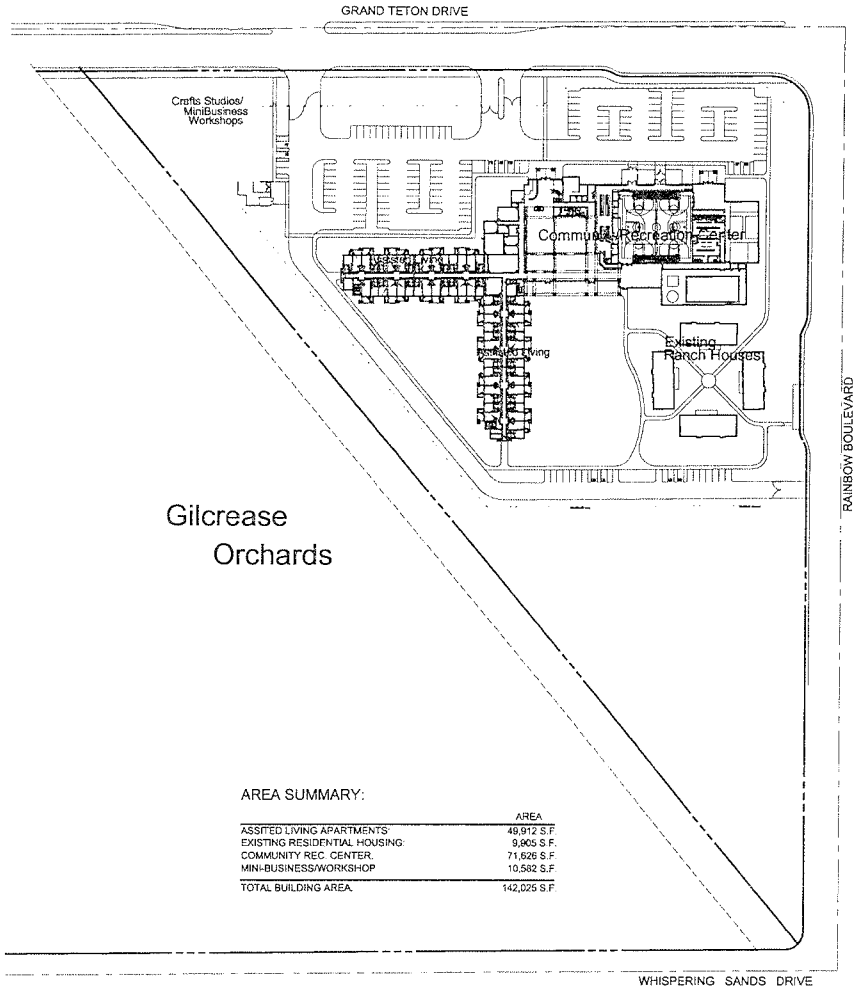

2 Non-standard rural multi-use trail

PERMANENT TRAIL

REFER TO MULTI-USE TRANSPORTATION TRAIL
ADOPTED JANUARY 16, 2002

EXHIBIT E

New Vista Ranch Traffic Summary

- The 56 additional units are anticipated to generate approximately 557 trips per day of which 10 trips are during the AM peak hour and 16 are during the PM peak hour based on the trip rates provided in the Institute of Transportation Engineers (ITE) Trip Generation Manual

- The Community Center/Recreation Center is anticipated to generate a maximum of 813 trips per day of which 17 trips are during the AM peak hour and 52 are during the PM peak hour based on the trip rates provided in the Institute of Transportation Engineers (ITE) Trip Generation Manual

- The site is not expected to generate a significant amount of traffic to the surrounding roadways

- The site is served by two arterials which should have adequate capacity to handle the low volume of traffic generated by this development

- The two driveways are located away from the Rainbow/Grand Teton intersection and should provide adequate access and circulation for the development

- The City may require a traffic impact study to analyze the traffic impacts from this development

- The City may impose a traffic signal impact fee Based on the number of units and square footage proposed this could be on the order of $25 000

The preliminary traffic analysis provides an evaluation of the of the traffic conditions and impacts for a proposed expansion to the New Vista Ranch located on the southwest corner of Rainbow Boulevard and Grand Teton Drive. The proposed expansion includes 56 additional assisted living housing units and a 140,000± square foot Community/Recreation Center.

The average daily traffic volume and the AM and PM peak hour volumes generated by the additional assisted living units and community/recreation center have been estimated based on the trip rates for "Assisted Living Units (ITE Code 254) and Multi-Purpose Recreation Facility (ITE Code 435) provided in the Institute of Transportation Engineers (ITE) Trip Generation, 7th Edition. The proposed expansion is estimated to generate 27 morning peak hour trips and 68 evening peak hour trips as summarized in the following table.

TRIP GENERATION

Land Use	Size	24 Hour Volume	AM		PM	
			Enter	Exit	Enter	Exit
Assisted Living (ITE Code 254)	56 Occupied Beds	153	7	3	8	8
Multi-Purpose Recreation Facility (ITE Code 435)	9 Acres	813	0	3	26	26

As shown in the above table, this expansion is expected to generate very little traffic. The residents of the assisted living units do not drive and many of the community/recreation center users are on-site. The following conclusions and recommendations are provided based on this preliminary analysis.

- The expansion is not expected to generate a significant amount of traffic to the surrounding roadways.
- The site is served by two arterials which should have adequate capacity to handle the low volume of traffic generated by this development.
- Two driveways are proposed to be located on Grand Teton Drive and should provide adequate access and circulation for the development.
- The City may require a traffic impact study to analyze the traffic impacts from this development.
- The City may impose a traffic signal impact fee. Based on the number of units and square footage proposed, this could be on the order of $25,000.

RE NEW VISTA RANCH (GRAND TETON / RAINBOW) DRAINAGE

Mr Burke

On December 12, 2006 I met with the City of Las Vegas Flood Control Current Planning and Development Coordination staff to discuss this project The purpose of the meeting was to discuss the existing drainage conditions for this site and adjacent properties and the impact this proposed project would have on the existing conditions

The City of Las Vegas staff emphasized that the development of this site would need to be done in such a manner that downstream properties would not be negatively impacted by this project The following discussion summarizes those existing conditions and develops the concept of the design which achieves that objective It outlines how this site can be developed at this time and return flows to historic conditions downstream of this site

Sincerely,

VTN Nevada

James L Fitzpatrick P E
Senior Associate

cc Jim Thomas / VTN Nevada

NEW VISTA RANCH DRAINAGE ANALYSIS

EXISTING CONDITIONS

The City of Las Vegas Northwest Neighborhood Study Phase 2 determines the existing and future 100 year flows which impact this site Figures E-13 and F-13 from that report are attached They show that 1316 cfs and 669 cfs will be carried by Grand Teton and Rainbow in the existing condition This will necessitate that all buildings or floodwalls adjacent to Grand Teton be constructed approximately 3 6 (1 5' freeboard plus 2 1' depth of flow) above the flow line Similarly, all buildings or flood walls adjacent to Rainbow will need to be constructed 3 1 (1 5' freeboard plus 1 6 depth flow) above the flow line This is the standard required by the City of Las Vegas

There is an existing channel / flow path along the westerly property line of this site which routes 3070 cfs in the existing condition from Grand Teton to the Whispering Sands / Rainbow intersection In the future a CCRFCD facility will be constructed at this location to carry 3891 cfs

For analysis purposes, the existing condition 3070 cfs will be utilized to determine the existing limits of this flow path The existing condition peak flow was utilized since the City of Las Vegas Northwest Neighborhood Study uses developed condition flow rates for this case The future flow rate will only occur once all upstream CCRFCD improvements are in place which routes additional flows to this channel Those improvements can t be constructed until the CCRFCD facilities are constructed adjacent to and extended downstream from this site Therefore, the 3020 cfs flow was utilized to determine the width of the current flow path along the west property line of this site

The results of the existing condition analysis are shown on the attached Exhibit ECFP The width of the flow path varies from 200 to 1200' It is noted that the flow path crosses into the Whispering Sands R O W approximately 1350 west of the center line at Rainbow and into the Rainbow R O W approximately 200 north of the centerline at Whispering Sands

As Exhibit ECFP demonstrates this flow path has a width of over 1000' at the downstream end of this project. The existing properties south of Whispering Sands and along Rainbow Boulevard currently are significantly impacted by this approximately 3000 cfs of flow prior to the construction of this site

PROPOSED CONDITIONS

As previously discussed, the proposed structures adjacent to Grand Teton and Rainbow will need to be elevated or protected by floodwalls up to 1 5' above the calculated water surface in those streets

The design of conveyance facilities along the west property line of this project will need to maintain the existing conditions outlined above This will be accomplished by widening the bottom width of the existing earthen channel adjacent to the northwestern portion of this site and spreading out the flow adjacent to the southwestern portion to match existing conditions as it crosses into Whispering Sands and Rainbow R O W

One issue needs to be understood upfront it is not possible to construct the adjacent future CCRFCD facility at this time since it would have no downstream discharge In addition these interim facilities will have to return the flow to existing ground elevation at the perimeter of this site

This project is being divided into phases for the purpose of this analysis The northern 2/3 of the site will be developed at this time The southern 1/3rd of the site will be utilized for "overflow event" parking and to distribute the flow to maintain historic conditions After construction of CCRFCD facilities the southern 1/3 of the site can be completely developed

In order to maintain historic conditions it will be necessary to widen the bottom width of the existing channel in the existing 100' easement for the future CCRFCD facility This widening of the bottom of the channel will compensate for the filling of the portion of the existing flow path located within this site A typical section of this interim channel facility, Exhibit ICF is attached This channel section was added to the existing cross section to determine the width of the flow path after construction of this project shown on Exhibit FCFP

It should be noted that the interim channel will remain earthen except for the armoring of the east bank to prevent potential damage to the proposed buildings It was decided to leave the rest of the channel / flow path as existing or earthen condition If it were to be improved, that would result in potentially increasing the velocity of discharge on the existing downstream residences It should be noted that the discharge velocity in both the existing and proposed condition analysis is less than 5 fps which is considered nonerosive

An interim berm will be utilized in the southern portion to provide an eastern limit in the proposed condition to expand the flow back to historic discharge locations and conditions In addition this berm will provide protection for the interim "event overflow" parking area in the southern portion of this site If the interim berm is damaged during any storm event, the property owner will need to restore it to maintain protection for this interim parking area

ONSITE DETENTION

At previous public meetings for this project it was suggested that some form of a detention basin be constructed in the southern portion of this site As discussed at recent meetings with the City of Las Vegas staff members, due to the size of land available and

since no downstream underground drainage system exists, this onsite detention would probably result in no effective reduction of the existing flow impacting downstream property

It is acknowledged that an onsite basin could be incorporated into the "event overflow parking lot However, this basin would have an `at grade outlet structure These type of small "at grade" detention facilities have a potential of becoming a public nuisance It would be similar to in design to the detention basin which was constructed in the Los Prados subdivision just west of Decatur The City of Las Vegas received numerous complaints about that facility for years It is suggested to allow the City of Las Vegas Flood Control staff to determine if an onsite detention facility is necessary at the time a technical drainage study is prepared that determination to be based on impact of development of this site has on the entire basin drainage system

NEW VISTA COMMUNITY

GPA-16578 ZON-16580
SDR-16581 REVISED
10/19/06 PC

Revisions to the PD Document:

Section 3.4 Revise the title of the "Micro Business Center" to read "Education Employment Center". Though the uses are the same – the name changes is more explanatory of the purpose of the building.

Section 4.1 The Building Setback section has been revised to match the newly submitted plans. Note that the Community Center/Recreation Building has been pushed farther to the west away from Rainbow Boulevard.

Section 4.4 This section has been revised to show the driveway requirements to match the new phasing plan.

Section 4.8 This section has been revised to match the new phasing plan.

Section 4.9 This section has been updated to match current site conditions.

Section 4.10 This section has been revised to match current site conditions.

Section 5.3 This section has been revised to increase the height limits of the Community Center/Recreation Building and the Education/Employment Center. Regarding the added height of the Community/Recreation Center, this height is needed for the sports function (basketball clear height of 28') and to allow the sloped residential style rooflines. The Community Center/Recreation Building has been pushed farther to the west away from Rainbow Boulevard to reduce it's impact on the Rainbow frontage and the neighbors to the east. Similarly, the height of the Education/ Employment Center has been increased to accommodate the sloped residential style roof lines. Note that the Assisted Living Units and the Medical Building have been drastically reduced in height as these buildings are those sited adjacent to Rainbow Boulevard.

Section 5.4 This section has been revised to match the newly submitted plans.

Section 8.0 The exhibits have been updated to match the newly submitted plans and incorporate the previous approvals

Overview

This revision to the New Vista Master Development Plan and Development Standards Document we are submitting today is a revision to previously approved MDPDS document approved in conjunction with GPA-16578, ZON-16580 and SPR-16581. The project involves a 15.05 net acre, 17.81 gross acre site on the southwest corner of Rainbow Boulevard and Grand Teton Drive in the City of Las Vegas. This revision is a companion item to the newly submitted plans for SDR-40980 and ROC-40981. The new revised plans depict essentially the same uses as previously approved but in a different configuration. The MDPDS document revisions bring this document in line with the new submittals.The uses proposed were previously housed in two large buildings. The new plan proposes to separate these uses into smaller buildings to reduce the scale and appearance of the project. Also, the overall building area of the project is being reduced by approximately 20,000 s.f. – a 14% reduction. While the goal of this redesign is provide a more residential scale and character for the project in a campus like setting, it is also making the project more affordable and easier to finance from a construction and fundraising viewpoint. Central to this concept is to allow the project to be built in phases with each phase giving the appearance of a residential neighborhood growing over time.

MOD-41437 ROC-40981
SDR-40980 REVISED

Otherwise, this Major Modification is consistent with the master plan and with the requirements of City of Las Vegas Zoning Code.

We respectfully request your consideration in this matter. If you have any questions or comments, please call.

Sincerely,

JOHN DAVID BURKE, ARCHITECT

1 Phasing Plan
scale: 1" = 60'-0"

New Vista Ranch Phasing Plan:

I
1. Phase One - Build One New Residential Home and Onsite Medical Office
   a. Utilize existing access to Rainbow Boulevard. No offsite improvements to Rainbow Blvd. or Grand Teton except as noted in detail 2/A1a
   b. Construct underground utility connections to adjacent public utilities in Rainbow Boulevard.
   c. Construct non-standard multi-use trail on full street frontages consisting of:
      -rough graded frontage for a depth of 25'
      -desert landscaping for a depth of 25' except as noted
      -construct 10' wide decomposed granite pathway per detail 2/A1a
   d. Apply for GPA to amend Master Plan of Streets and Highways to revise designation of Rainbow Boulevard from Grand Teton south to 215 as a rural street

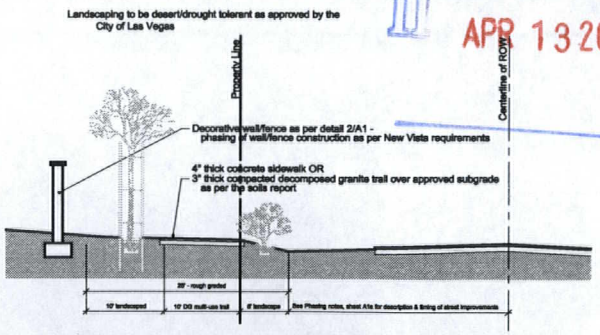

II
2. Phase Two - Build Four (4) More Residential Homes

III
3. Phase Three - Build Two (2) Additional Residential Homes
   a. Construct Grand Teton improvements as indicated on the Phasing Plan.
   b. Construct onsite roadways to direct onsite vehicle circulation to the Grand Teton access point.
   c. Construct fire truck crash gate on Rainbow to restrict access

IV
4. Phase Four - Build Two (2) Remaining Residential Homes

V
5. Phase Five - Construction of the Education & Employment Center Building
   a. Construct full offsites on Rainbow Boulevard as per approvals obtained at that point in time.

VI
6. Phase Six - Construction of the Recreation Center

Grand Teton - Phases I and II*
Rainbow - Phases I, II, III and IV**
2 Non-standard rural multi-use trail
no scale

* Install CLV Std. Multi-Use Transportation Trail in Phase III on Grand Teton
** Install CLV Std. (except for no streetlights) Multi-Use Transportation Trail in Phase V on Rainbow

1 phasing plan
scale: 1" = 60'-0"

New Vista Ranch Phasing Plan:

1. Phase One - Build One New Residential Home and Onsite Medical Office
   a. Utilize existing access to Rainbow Boulevard. No offsite improvements to Rainbow Blvd. or Grand Teton.
   b. Construct underground utility connections to adjacent public utilities in Rainbow Boulevard.

2. Phase Two - Build Four (4) More Residential Homes
   a. Build only onsite infrastructure to support four more homes.

3. Phase Three - Build Two (2) Additional Residential Homes
   a. Construct offsite improvements to Grand Teton by developing a median opening within the existing half constructed median to allow both in and out circulation from the property to the north.
   b. Construct onsite roadways to direct onsite vehicle circulation to the Grand Teton access point.

4. Phase Four - Build Two (2) Remaining Residential Homes
   a. During this phase of development, and prior to receiving the occupancy permit for the first building in this Phase, commence construction of the offsite improvements to Rainbow Boulevard. The improvements to Rainbow Boulevard must commence and be completed within 180 days.
   b. Full offsite improvements to Grand Teton once 1) the construction of the either the mini business workshop building or the recreation center is commenced; 2) adjacent properties have constructed Grand Teton to the New Vista's property or 3) when requested by the City of Las Vegas Public Works Department based upon need for improved traffic circulation.

5. Phase Five - Construction of the Mini Business Workshop Building

6. Phase Six - Construction of the Recreation Center

RE: ZON-16580 - REZONING
CITY COUNCIL MEETING OF FEBRUARY 7, 2007
RELATED TO GPA-16578 AND SDR-16581

Dear Ms. Deguzman:

The City Council at a regular meeting held February 7, 2007 APPROVED the request for a Rezoning FROM: U (UNDEVELOPED) [DR (DESERT RURAL DENSITY RESIDENTIAL) GENERAL PLAN DESIGNATION] TO: PD (PLANNED DEVELOPMENT) on 15.05 acres at 7875 North Rainbow Boulevard (APN 125-15-501-002). NOTE: NEW VISTA RANCH, INC. IS THE APPLICANT/OWNER. The Notice of Final Action was filed with the Las Vegas City Clerk on February 8, 2007. This approval is subject to:

Added Conditions:

A. The approved Master Development Plan and Development Standard shall be recorded with the County Recorder and a filed-stamped copy provided to the City of Las Vegas Planning and Development Department.

B. Amending Section 4.3 of the Master Development Plan to state that Service and Loading Area yard shall be screened from adjacent streets pursuant to Title 19.

C. Amending Section 7.0 of the Master Development Plan to add the language that Title 19 shall govern any subject matter not specifically addressed by this Master Development Plan.

Planning and Development

1. A General Plan Amendment (GPA-16578) to PCD (Planned Community Development) land use designation approved by the City Council.

2. A Site Development Plan Review (SDR-16581) application approved by the City of Las Vegas is required prior to issuance of any permits, any site grading, and all development activity for the site.

SDR-40980

3. The parking that is specified for the site be restricted to 100 spaces for daily use and the applicant must submit a design of the site plan that incorporates that.

4. The height of the parking lot lighting shall be restricted to 20 feet and that proper shrubs be incorporated into the design so as to eliminate any light pollution that might reach on the north side of Grand Teton Drive or on the east side of Rainbow Boulevard.

5. A revised landscape plan shall be submitted prior to the time application is made for a building permit depicting a 20-foot multi-use transportation trail consisting of a five foot landscaped corridor, a 10-foot sidewalk, and a 5-foot transition strip along Rainbow Boulevard and Grand Teton Drive.

6. There will be no retail uses on this site.

7. The project shall be in compliance with the Master Development Plan submitted 2/7/2007, except as amended herein.

Public Works

8. Dedicate an additional 10 feet of right-of-way for a total half-street width of 60 feet on Grand Teton Drive and the additional right-of-way necessary to maintain a 54-foot radius at the southwest corner of Grand Teton Drive and Rainbow Boulevard adjacent to this site prior to the issuance of any permits. In addition, dedicate all additional rights-of-way required for a bus turnout on Rainbow Boulevard prior to the issuance of any permits unless otherwise allowed by the City Traffic Engineer.

9. Construct all incomplete half-street improvements, including appropriate transition paving and overpaving (if legally able), on Grand Teton Drive and Rainbow Boulevard adjacent to this site concurrent with development of this site. Sidewalk improvements may be deferred at this time on Rainbow Boulevard, provided a Covenant Running with Land Agreement is recorded for all such improvements deferred. Streetlights on Rainbow Boulevard may also be deferred, provided the applicant provides such streetlights to the City for future installation, and constructs all needed underground infrastructure necessary for such future installation. Alternatively, monies in lieu of such streetlights may be contributed to the City if allowed by the City Engineer. Install all appurtenant underground facilities, if any, adjacent to this site needed for the future traffic signal system concurrent with development of this site. All existing paving damaged or removed by this development shall be restored at its original location and to its original width concurrent with development of this site. Extend all required underground utilities, such as electrical, telephone, etc., located within public rights-of-way, past the boundaries of this site prior to construction of hard surfacing (asphalt or concrete).

RECEIVED
FEB 16 2011

ROC-40981
SDR-40980

10. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits, submittal of any construction drawings or the submittal of a Map subdividing this site, whichever may occur first. Provide and improve all drainageways recommended in the approved drainage plan/study. The developer of this site shall be responsible to construct such neighborhood or local drainage facility improvements as are recommended by the City of Las Vegas Neighborhood Drainage Studies and approved Drainage Plan/Study concurrent with development of this site. In lieu of constructing improvements, in whole or in part, the developer may agree to contribute monies for the construction of neighborhood or local drainage improvements, the amount of such monies shall be determined by the approved Drainage Plan/Study and shall be contributed prior to the issuance of any building or grading permits, or the recordation of a Map subdividing this site, whichever may occur first, if allowed by the City Engineer.

11. All discussion regarding Summerlin style lighting refers to internal lighting only; not exterior street lighting. Lighting on Grand Teton Drive would match the City's current plan.

Sincerely,

Lean Coleman

RE: SDR-16581 – SITE DEVELOPMENT PLAN REVIEW
CITY COUNCIL MEETING OF FEBRUARY 7, 2007
RELATED TO GPA-16578 AND ZON-16580

Dear Ms. Deguzman:

The City Council at a regular meeting held February 7, 2007 APPROVED the request for a Site Development Review FOR A PROPOSED TWO-STORY, 56-UNIT ASSISTED LIVING APARTMENT DEVELOPMENT WITH A 43,283 SQUARE-FOOT COMMERCIAL AMUSEMENT/RECREATION (INDOOR) FACILITY, 3,024 SQUARE FEET OF MEDICAL OFFICE SPACE, AND 1,382 SQUARE FEET OF RETAIL SPACE on 15.05 acres at 7875 North Rainbow Boulevard (APN 125-15-501-002), U (Undeveloped) Zone [DR (Desert Rural Density Residential) Master Plan Designation] [PROPOSED: PCD (Planned Community Development) General Plan Designation] [PROPOSED: PD (Planned Development) Zone]. NOTE: NEW VISTA RANCH, INC. IS THE APPLICANT/OWNER. The Notice of Final Action was filed with the Las Vegas City Clerk on February 8, 2007. This approval is subject to:

Planning and Development

1. Approval of and conformance to the Conditions of Approval for General Plan Amendment (GPA-16578) and Rezoning (ZON-16580) shall be required.

2. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. All development shall be in conformance with the site plan, landscape plan, and building elevations, date stamped 10/30/06, except as amended by conditions herein.

4. The Site Plan must incorporate the amended design standards set forth in the zoning

5. The site plan shall be revised in accordance with the master development and standards agreement as approved.

CITY OF LAS VEGAS

ROC-40981
SDR-40980

6. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications. The technical landscape plan shall include the following changes from the conceptual landscape plan: The applicant shall provide an additional 47 trees in the parking lot area; an additional 50 trees in the perimeter landscape buffer along the right-of-way; and an additional 54 trees in an eight-foot wide landscape buffer along the eastern edge of the flood control channel.

7. Pre-planting and post-planting landscape inspections are required to ensure the appropriate plant material, location, size of planters, and landscape plans are being utilized. The Planning and Development Department must be contacted to schedule an inspection prior to the start of the landscape installation and after the landscape installation is completed. A certificate of occupancy will not be issued or the final inspection will not be approved until the landscape inspections have been completed.

8. Reflective glazing at the pedestrian level is prohibited. Glazing above the pedestrian level shall be limited to a maximum reflectance rating of 22% (as defined by the National Institute of Standards and Technology).

9. All mechanical equipment, air conditioners and trash areas shall be fully screened in views from the abutting streets.

10. All utility boxes exceeding 27 cubic feet in size shall meet the standards of LVMC Title 19.12.040.

11. Parking lot lighting standards shall be no more than 30 feet in height and shall utilize downward-directed lights with full cut-off luminaries. Lighting on the exterior of buildings shall be shielded and shall be downward-directed. Non-residential property lighting shall be directed away from residential property or screened, and shall not create fugitive lighting on adjacent properties.

12. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

13. Prior to the submittal of a building permit application, the applicant shall meet with Planning and Development Department staff to develop a comprehensive address plan for the subject site. A copy of the approved address plan shall be submitted with any future building permit applications related to the site.

14. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

ROC-40981
SDR-40980

RECEIVED
FEB 16 2011

Public Works

15. Gated access driveways shall be designed, located and constructed in accordance with Standard Drawing #222a.

16. Landscape and maintain all unimproved rights-of-way, if any, on Grand Teton Drive and Rainbow Boulevard adjacent to this site.

17. Submit an Encroachment Agreement for all landscaping, if any, located in the Grand Teton Drive and Rainbow Boulevard public rights-of-way adjacent to this site prior to occupancy of this site.

18. All private improvements and landscaping installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

19. Unless otherwise allowed by the City Engineer, construct sidewalk on at least one side of all access drives connecting this site to the adjacent public streets concurrent with development of this site. The connecting sidewalk shall extend from the sidewalk on the public street to the first intersection of the on-site roadway network and shall be terminated on-site with a handicap ramp.

20. Site development to comply with all applicable conditions of approval for ZON-16580 and all other applicable site-related actions.

21. The approval of all Public Works related improvements shown on this Site Development Plan Review is in concept only. Specific design and construction details relating to size, type and/or alignment of improvements, including but not limited to street, sewer and drainage improvements, shall be resolved prior to submittal of a Tentative Map or construction drawings, whichever may occur first. No deviations from adopted City Standards shall be allowed unless specific written approval for such is received from the City Engineer prior to the submittal of a Tentative Map or construction drawings, whichever may occur first.

Mr. Flinn Fagg, AICP, Acting Director
City of Las Vegas
Department of Planning
333 N. Rancho Dr.
Las Vegas, NV 89106

Re: Continental Bead Suppliers, 612 N. Jones Blvd.
APN: 138-25-310-006

Dear Mr. Fagg:

This letter is submitted as justification for applications for a Rezoning, Site Development Plan Review with Waiver of Landscaping Standards, and Variances for the number and size of parking spaces and the setback for an existing carport. The applicant is requesting to convert a 1,726 square foot single family home to an office on the above listed property. The parcel is located in Ward 1, on the east side of Jones Blvd, an 80 foot wide secondary collector at this location. The parcel is one of nine that were designated for conversion to professional offices as a result of General Plan Amendment [GPA-3388], approved by the City Council on February 18, 2004. To date, rezoning has occurred on only two of the parcels. In this case the conversion will be for a wholesale supplier of beads with the majority of sales being done via the internet. It should be noted that no customers will be physically coming to this location and no signage will be requested. Of special significance is the fact that this business has been operating at this location since 2006 under License No. G04-05319-2-112173 without any complaints being received by the city, and it was only as a result of the applicant's request to change the entity name that it was discovered that the location had not been rezoned for the use. It should also be noted that the applicant has indicated that a Title Company was operating out of this location prior to his purchase of the property and that the existing carport for which a Variance is now required was in place at the time of purchase.

As with many conversions of this type, legally changing the use of an existing structure from residential to office includes dealing with a number of development code challenges such as landscaping and parking. The proposed site plan indicates the locations where landscaping will be added adjacent to the property lines. The applicant is requesting a waiver of the development standards to allow 6 to 10 foot wide planters along the front property line where 15 feet is required, a 7'-4" wide planter in the rear yard area along the south property line, and a 4 foot wide planter in the front yard area along the north property line where 8 feet is required for both. Because of the locations of the existing structure and the requirements for on-site vehicular movement the above are the maximum widths that can be provided. A five foot wide landscape planter will also be provided adjacent to the front of the structure. Landscaping within the planters will be provided as required by city standards.

RECEIVED
MAY 16 2011
ZON-41798 VAR-41800
VAR-41801 SDR-41799

The existing structure, which County records show was constructed in 1965, is 1,726 square feet with 430 square feet of the total used for product storage. The site plan indicates a 360 square foot addition to the rear of the structure for additional storage area, enlarging the structure to a total of 2,086 square feet. The applicant is requesting a Variance to allow five parking spaces where seven are required for the enlarged structure, three of which are compact spaces located under an existing shade structure in the front yard area. If the total area designated for storage were not included in the parking calculation the total number of five spaces being provided would meet code, albeit with the exception of the number of compact spaces. The existing shade structure is the subject of the second Variance application as it does not meet the front setback requirement. Traffic Engineering has expressed some concerns about the ability to utilize these spaces within the guidelines of their standards, specifically in regard to turning radius. While it may not look like it on a paper drawing, these spaces are used every day and turning in to and out of them has posed no significant on-site problems, or more importantly, issues for traffic on Jones Boulevard.

At the present time there are a total of five employees (which includes the applicant) at this location, with one being part-time. It should also be noted that the applicant met with representatives of the Building Department and has agreed to resolve all electrical issues associated with the conversion immediately upon approval of the applications, and will meet all interior handicap requirements within one year of the approvals. Both of these items will require a significant monetary investment to complete but the applicant understands the requirements and is willing to do whatever is required.

As the applicants representative on these applications I will be happy to provide any additional information you may require or respond to any questions you may have. Thank you for your consideration.

Respectfully,

Robert S Genzer

March 24, 2011

City of Las Vegas
Attn: Planning Department
Re: Hostel Cat Justification Letter for Variance

Dear Sirs:

Please consider this request for a reduction in both the seperation and setback for a proposed streetside pole sign for Hostel Cat business located at: 1236 S. Las Vegas Blvd.

Hostel Cat is requesting approval to install a double sided neon illuminated cabinet atop of the existing pole located at 1236 S. Las Vegas Blvd. The dimensions of the proposed cabinet is 95" x 80" wide with an overall height of 26'.

Due to the fact that most signs in this corridor are in line and no setback from right of way, there are visibility issues with placing this sign any further back on the property than what is permtted currently for the surrounding properties. Therefore, a request for a 3 ½" setback from the standard 5' setback.

The parcel contains two separate businesses, one being the Hostel Cat. There is an existing sign on the south side of the parcel and within 92' of the existing pole that Hostel Cat wishes to utilize for its sign and requests consideration to allow for a reduced seperation from 100' which is standard code for two signs on one parcel, to 85'. The existing sign is owned by the second business located on the parcel.

We feel these variances from the standard are not substantial, and the benefits of approving this request will allow for a new sign that will revitalize the property, give it an newer look, a positive visual impact and is cohesive with the Las Vegas Blvd. Scenic By-way Overlay Districts intent of revitalizing the area. This will also encourage others to revitalize as well.

Thank you for your time in this matter,

Sincerely,

John Yurik
Applicant representing Hostel Cat

Justification Letter

I would like to apply for a size variance for a 32'x90' 2880 sq ft building. The height of the building will be 15'4" to the peak. The main house is a singe story and the height is 19'8" to the peak. The building will not contain a kitchen. It will be located to the rear of the property, 131 feet from the main house, and 6 feet from the properly line. The building will be used for storage of classic cars, a work shop, craft area, plus regular storage. The construction will be 2x6 walls and the exterior will be stucco like the main residence with a tile roof. The main residence is 2229 sq ft living and 660 sq ft garage totaling 2889 sq ft.

We have a semi trailer with tools that can not be used. We have a car trailer with vehicles. We have 4 wheelers and a ranger with no place to put them. We are paying for a storage room off site. We have friends that are storing our snow mobile that could sell their property at any time. I have antique furniture that is deteriorating in the heat. With getting older it is hard to get the holiday decorations out of the attic. We have 4 vehicles to get out of the elements.

Planning and Building Safety

Re: 5312 Elkhorn Road, Las Vegas, NV 89131

Dear Sirs:

I am writing this letter to provide you with information regarding a Citation I received from the Code Enforcement with regard to the above-referenced address. I have addressed your concerns as follows:

1. **Height of Shade Structure (on west side of house)**. The camping trailer I purchased is almost the same height as our house. With such a financial investment of that size, we wanted only to protect it from the elements as we all know how damaging the sun can be here in the Valley. In order to provide the shade we needed and still have the ability to park. The shade structure is slightly higher than the house but lower than the swamp cooler (which technically is the highest point of the house).

2. **Shade Structure; Off-set from House**. I was not aware of the set-back requirements. Attached are pictures showing the shade structure. It was our intent to be able to also park my personal truck for the protection as well. From the side of the house I have gone 4'0" (City requires 6'0") and then 20'0", allowing for access for hay delivery for the horses as well as being able to allow access to our well and other miscellaneous items.

3. **Material of Shade Structure**. The shade structure is composed of steel posts with an enhanced aluminum cover. This was the most economical way to protect our trailer from the elements, although still costly. We personally feel that the structure is aesthetically pleasing and adds significant value to our property. As with many of our neighbors, we bought this house for the land/acreage it provided for us to maintain our horses and keep our trailer on-site (our property) with us.

4. **Patio Cover Set-Back**. As you can see from both the hand sketch and pictures, I built the patio cover 5'0" past the edge of the house to provide as much shade as possible and covering the walk to the front door. My family and I enjoy spending time outside and the front patio provides a great gathering place for us. We are also able to see what is happening in our area as well as spend time together as a family.

RECEIVED
MAY 24 2011
VAR-41882

Please note that I have provided pictures of the house just east of us as well as a couple of others within walking distance on Elkhorn Road, only to show that we feel as though we have been singled out due to the other various violations.

We are asking the City to reconsider it's position. My wife and I want only to provide a house that our family and friends can enjoy as much as we do. We look forward to working with the City to resolve this Citation and be in compliance.

Please contact me should you need any further documentation or pictures.

Sincerely,

Don Newby

Re: Justification Letter for Side Yard Setback Variance
8129 Moonstone Circle, Las Vegas, Nevada 89128
APN# 138-16-312-058

Dear City of Las Vegas Planning Department,

On behalf of my client Ramon and Margie Sanchez, we are hereby requesting your review and recommendation for approval of a variance to allow for a side yard setback of 3'-0" where 5'-0" is required under Z-43-87 for Desert Shores.

This application is for an approximate 1,149.5-sf addition to an existing 3,980-sf residence with 564.5-sf on the first floor level and the remaining 585-sf at the basement level. The first floor level is to include a home theater with accessory spaces for a video library and snack bar. In order for circulation within the existing home to work with the new addition, some remodeling of the interior space adjacent to the new addition will be required as well. Due to this unique shaped lot that is located at the end of a cul-de-sac we are unable to fully utilize the lot and therefore are asking for a setback variance to allow a 3'-0" south side yard set back. This will allow this limited and odd shaped area to work with for this new home theater addition on the first level and make this space work and function as a theater space by allowing for the specific theater seating and aisle dimensions required, as well as allow for enough square footage to make this addition economically feasible.

Lot APN 138-16-312-058 resides within the Diamond Bay community of Desert Shores. This south side yard is not visible from the street (front setback), lake front (rear setback), nor the north side yard and meets governing City and Desert Shore setback requirements. It sits adjacent to the rear yard of the property to the northeast and is not directly adjacent to the residence. Its finish grade elevation is higher by a varying height between +/- 3'-0" to 5'-0" to this adjacent neighbor. An existing CMU retaining wall that between 4'-0" and 6'-6" high from our side of the property runs along the property line, thus having a total view obstruction between the two lots. The estimated total height of this new single story (above ground) addition is to be no more then 15'-0" A.F.G. Additionally, existing vegetation along the neighboring property line provides further obstruction from the neighbor's view. All other standards, options, and necessary structures meet and satisfy applicable City requirements.

After both the Diamond Bay and Desert Shore board presidents visited the site and per the e-mail attached herein, they have stated that they will allow the 3'-0" side yard setback. Due to the minimum impact of this revision, we are respectfully requesting that this issue could be handled administratively and appreciate your time and consideration.

Sincerely,

Amy Finchem, *RD*

NOTICE OF CONTINGENT APPROVAL

June 9, 2011

Ramon Sanchez
8129 Moonstone Circle
Las Vegas NV 89128

RE: 8129 Moonstone Circle

Dear Owner:

Your request for Architectural Change has been contingently approved.

Your application to build an addition onto the side of your home with a proposed one time 3' setback variance to the side property wall shared with 8125 Moonstone Circle has been approved contingent upon receipt of a variance permit from the City of Las Vegas. This contingent approval is based on the approval from the Diamond Bay BOD and ARC and a letter from the only affected neighbor that they understand and approve of this 3' variance.

We reserve the right to make a final inspection of the change to make sure it matches the approval. Please follow the plan you submitted or submit an additional Request form if you cannot follow the original plan.

You must follow all local building codes and setback requirements when making this change. A Building Permit may be needed.

Our approval here is only based on the aesthetics of your proposed change. This approval should not be taken as any certification as to the construction worthiness or structural integrity of the change you propose. Be aware that you are responsible for contacting the appropriate Utility Companies before digging.

We appreciate your cooperation in submitting this Request for Approval. An attractive Community helps all of us get the full value from our homes.

Sincerely,
For the Community Relations Committee

Linda Cravens
Chairman

Re: House addition on 8129 Moonstone Circle

We, Juan Garcia and Lynne Garcia, have had the opportunity to examine the plans for an addition to the home next to our residence located at 8129 Moonstone Circle. We are clear on the scope of the work and how it will ultimately affect our property. Furthermore, we are comfortable with the proposed setback of 3 feet from the wall between our property and the property owned by our neighbors, Ramon and Margaret Sanchez.

We have no opposition to a variance being granted by the City of Las Vegas, the Desert Shores Community Association and the Diamond Bay Homeowners Association. We also understand and agree that the variance was granted as a one-time exception to setback requirements in place by the Diamond Bay Association CC&Rs and is based on your approval as the only affected neighbor and the way the lot is situated within the community.

Sincerely,

_____ (Mr. Garcia)

_____ (Mrs. Garcia)

*The application will not be deemed complete until the submitted materials have been reviewed by the Planning and Development for consistency with applicable sections for the Zoning Ordinance.

General Notes

1. These Drawings and copies thereof are legal instruments of service for the use of the owner and authorized agents, on the designated property only.

2. Each trade shall be reponsible for knowledge of relative information contained in these documents and the conditions under which he will be expected to perform.

3. The general contractor and sub-contractors shall carefully and thoroughly examine the project site, field verify all conditions, grades, elevations and dimensions of the various features of the project site and shall compare the drawings with the existing site conditions. Discrepancies shall be reported immediately to the Residential Designer in writing, before beginning work.

4. The general contractor and sub-contractors shall carefully and thoroughly examine and familiarize themselves with all elements and conditions in the contract drawings and specifications. The general contractor and sub-contractor shall verify all dimensions on the drawings. Any discrepancies and/or conditions needing clarification shall be reported immediately to the Residential Designer, in writing, before beginning work.

5. All construction, fabrication and installations shall conform to the latest adopted edition of the I.B.C., I.R.C., U.M.C., U.P.C., N.E.C. & any federal, state and local codes, regulations and ordinances of the governing agency having jurisdiction over the project. Such applicable codes, etc. are those which are in effect at the time the permit application for the project is recorded.

6. Each sub-contractor is considered a specialist in his respective field/ trade and shall notify the general contractor and the Residential Designer, in writing, of any work called out on the drawings or in the specifications which cannot be fully guaranteed or constructed as designed and/or detailed.

7. Due to reprographic processes, these plans may not be accurate to scale. All dimensions shall take precedence over scale shown and in no case shall working dimensions be scaled from plans, sections, elevations or details.

8. The structural, mechanical, plumbing, and electrical drawings are supplementary to the architectural drawings. Should there be any discrepancy between the various drawings, it shall be brought to the Residential Designer's attention for clarification.

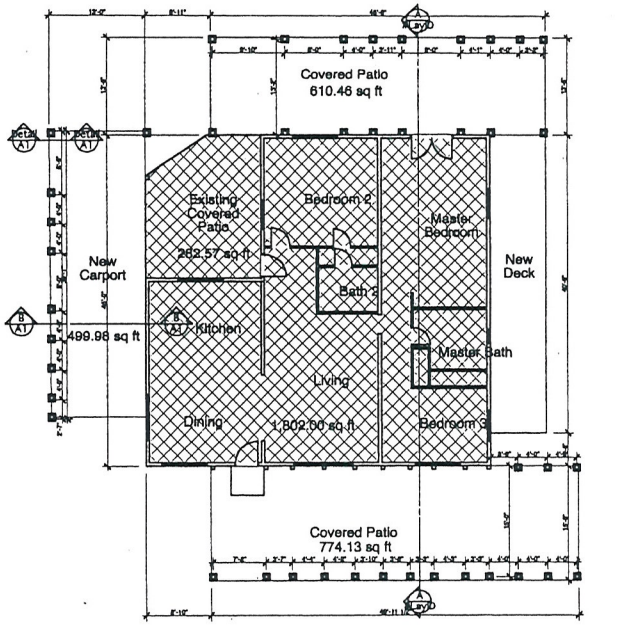

9. The contractor shall coordinate with the owner's representative for installation of special manufacturing equipment not shown in these drawings. The contractor shall verify equipment locations with the owner's representative and/or equipment manufacturer prior to forming the slab, for proper size and location of foundation depressions, drains, and warps.

10. Unless otherwise noted, manufacturer's items shall be provided. Contractor shall verify any substitutions with the owner and Residential Designer prior to bid and/or installation.

11. Where constuction details are not shown or noted for any part of the work, details shall be the same as for other similar first class work for the trade involved. The Residential Designer shall be notified immediately, in writing, of any alternate non-standard or untested method(s) proposed.

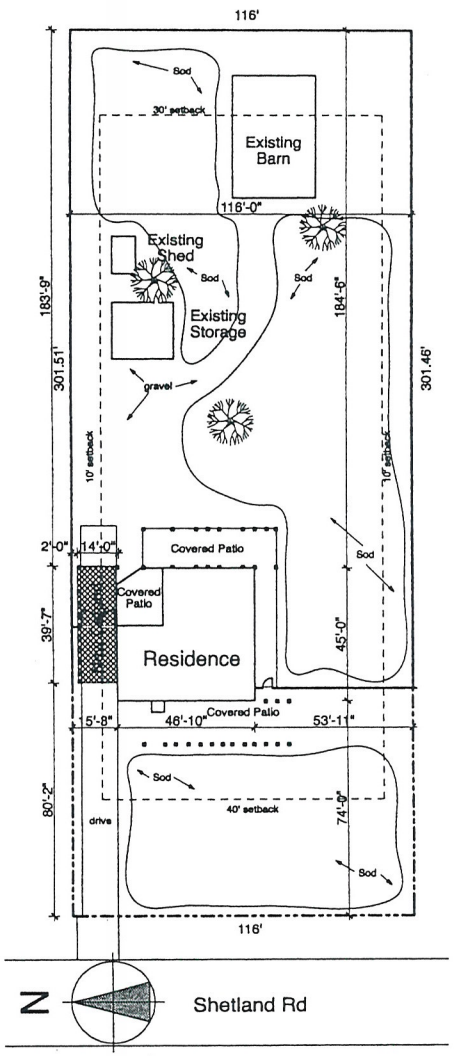

12. All existing utilities or structures are indicated on these plans based on information of record. The contractor shall take precautionary measures to protect the utility lines not of record or not shown on these plans. The contractor shall be responsible for any and all damages which occur due to his failure to locate and protect any and all underground utilities.

13. The general contractor and all sub-contractors shall be responsible for the enforcement of all requirements and regulations and shall perform all work on this project in compliance with the State of Nevada Occupational Safety and Health Act.

1 Floor Plan 1/8" = 1'-0"

Carport Addition

Applicable Codes

These drawings represent the intended design of the Residential Designer, the Engineer(s), and other consultants who have affixed their seal(s) and signatures. The Residential Designer, the Engineer(s),and other consultants will not assume responsibility for any changes in the form of additions, modifications, or other departure from the design, details, materials, and methods expressed in these drawings, unless those changes are approved and bear the valid professional seal(s) and signature(s) of the Residential Designer, and the appropriate Engineer(s) or other consultants.

All buildings and building elements shall be constructed in accordance with the 2006 International Residential Code (IRC). 2006 International Building Code. (IBC)

Power and electrical systems and installations shall conform to the 2005 National Electric Code (NEC)

All new heating, ventilation, and air conditioning systems shall comply with the 2006 Uniform Mechanical Code (UMC).

Plumbing, gas lines, water piping, drains, waste lines, vent lines, sewerage and septic systems shall comply with the 2006 Uniform Plumbing Code (UPC).

Conditioned buildings shall conform with the 2006 IECC

815 Shetland Road Justification Letter

To whom it may concern,

The justification for the proposed carport variance on the above mentioned property is to provide a covered parking space.

I purchased this ranch style property in a very run down condition and have since restored it (see attached before and after pictures). The existing house structure was built in the early 1950's and had no existing garage or any type of covered parking. The way the house was built along with the existing driveway and 2 main access doors logically put the place for a carport on the North side of the property. The proposed carport will provide protection for my vehicle and also improve the appearance of the property/neighborhood.

Thank you for your consideration in this matter.

Yours truly,

John J. Momot

May 26, 2011

City of Las Vegas
Development Services Center
731 South Fourth Street
Las Vegas, NV 89101

Purpose: **Variance Request for Signage**
APN: 140-30-411-001 (Near Pecos Rd and Bonanza Rd)
0.95 Gross Acres

To Whom It May Concern:

This serves as a justification letter for the above mentioned parcel for the existing McDonalds restaurant. We are proposing to revise the current drive thru configuration, exterior building elevations and modifications to the interior of the building to meet current McDonald's standards.

This request is for the approval of incidental directional signage that exceeds seven feet in height, per Title 19.14. The incidental directional signage includes the Welcome Point Gateway for the drive thru entrance, the Drive Thru Twin Pole Canopy with Built in COD, and the Freestanding Modular Outdoor Menu Board.

The Welcome Point Gateway and the Drive Thru Twin Pole Canopy with Built in COD are both approximately 11' – 0" in height. The Freestanding Modular Outdoor Menu Board is approximately 8' – 0" in height. Please see signage information included within this package.

Since these are standard McDonald's signage that are currently in use over the Las Vegas Valley, we are requesting that this variance request be approved for the overall height requirements set forth in Title 19.14.

In addition, we are requesting for a variance for the externally illuminated pole canopy based off of comments received from previous applications submitted for review.

If you have any further questions pertaining to this project, please feel free to contact me.

Thank You,

Samantha Johnston
Project Coordinator

Las Vegas, NV 89101

Purpose: **Site Development Review Request for**
APN: 140-30-411-001
(Near Pecos Rd and Bonanza Rd)
0.95 Gross Acres

To Whom It May Concern:

This serves as a justification letter for the above mentioned parcel for the existing McDonalds restaurant. We are proposing to revise the current drive thru configuration, exterior building elevations and modifications to the interior of the building to meet current McDonald's standards.

The McDonald's is within an overall commercial subdivision that has a shared parking agreement in place within Parcels: 140-30-411-002, 003, 004, 005 and 006. The overall commercial subdivision has 464 parking spaces, where 258 parking spaces are required therefore the overall parking is sufficient by 206 parking spaces.

The proposed modifications to the overall commercial subdivision has 458 parking spaces, where 258 parcels are required therefore the overall parking is sufficient by 200 parking spaces therefore the Site Development Review application exceeds the requirements of Title 19.

The proposed parking lot design will enhance the site and will permit safer vehicular and pedestrian access, while meeting compliance with the current regulations for ADA and loading standards. The proposed drive through reconfiguration will eliminate the previous stacking issues at the drive through entrance which caused delays for those parked in front, where those vehicles were unable to get out of the parking spaces. This also eliminates the stacking at the drive through exit where cars exiting the drive thru were unable to do so because of the stacking at the drive through entrance.

Overall the proposed site configuration will eliminate the stacking of vehicles along the front of the building and direct the stacking to the back half of the parking lot and allow for a better circulated parking lot.

VAR-41930
SDR-41929

RECEIVED
MAY 26 2011
City of Las Vegas

In addition, a variance request for the incidental directional signage height is being requested concurrently for signage within the drive-thru that exceeds the allowable 7'-0" allowable height and for externally illuminated signage.

Vehicular access to the property will remain off of Bonanza Road and Pecos Road with access to the surrounding parcels to the north and east. In addition, the intent of this site configuration updates will include designing certain ramps, sidewalks, etc. to meet the current ADA specifications.

The existing driveway configurations off both Bonanza Road and Pecos Road will remain with the current existing widths as indicated on the Site Plan and Landscape Plans.

Currently the existing landscaping does not meet the minimum requirements set forth in Title 19. The Perimeter Landscaping Requirements require 1-24" Box Tree per 20 lineal feet along Bonanza Road and Pecos Road, with four 5-gallon shrubs for each required tree. The required number of trees along Pecos Road and Bonanza Road is 21, where 6 currently exist. The required number of shrubs along Pecos Road and Bonanza Road is 84, where 21 exist. We are proposing a total of 19 trees and 72 shrubs along Pecos Road and Bonanza, which is a 15% reduction in the minimum requirements.

The Perimeter Landscaping Requirements require 1-24" Box Tree per 30 lineal feet along the north and east sides, with five 5-gallon shrubs for each tree. The required number of trees along the north and east sides is 14, where 0 exist. The required number of shrubs along the north and east sides are 70, where 18 exist. We are proposing a total of 11 trees and 61 shrubs along the north and east sides, which is a 14% reduction in the minimum requirements.

We are requesting an exception to allow for a 14% reduction to the minimum landscape requirements for both the required number of trees and required number of shrubs for all perimeters of the property. The reason for the request in this reduction is because this overall Site Development Review application is for modifications to the exterior, interior and site configurations, which is comparable to a small tenant improvement project therefore it is believed that these landscaping requirements should be proportional to the proposed tenant modifications to the building. Since the Site Development Review is not requesting a demolish and rebuild of the existing McDonald's, it should not be assumed that the landscaping requirements should be that of a complete new building.

VAR-41930

re: sdpr
de castroverde law
las vegas, nv
apn: 162.02.115.110 & 134

this submittal is to request a site development plan review for a two story addition to an existing office building at 1149 s. maryland pkwy. (162.02.115.110). the proposed project is a 2,177 s.f., two story addition developed to meet the needs of an expanding law practice that currently occupies the existing one story building at this address. the building's placement on the site yields one of the strong points of this proposal, more parking than is required.

to achieve the amount of parking proposed required a reduction in the required landscape buffer along the west side of the property. for this we request a waiver of the landscape standards to permit a reduction in the required landscaping along the right of way from 15'-0" to 13'-0" at one point along maryland parkway and from 15'-0" to 5'-0" along francis avenue. it is worth noting that the constructed state of francis avenue actually results in the landscape buffer along francis avenue being 12'-0".

and finally, we would request an exception be granted to section 19.10.010(J)(11)(e) of the city's zoning code to allow the parking lot to be 3'-0" away from the building where 5'-0" is typically required and 19.10.010(J)(11)(a) to allow no islands where two are typically required. the reduced separation between the parking lot and the building occurs along the north side of the building. we are requesting these due to our interest in providing additional parking.

four years ago our client undertook a substantial remodel of their existing building at this address. through their efforts, they contributed to the improvement of the visual character of the properties that surround the recently improved circle park. in the short time since that undertaking, our client has acquired the subject property and are actively pursuing its redevelopment. this is a clear indication of their dedication to the huntridge neighborhood and to the city of las vegas. if approved, this project will greatly contribute to the viability of their business and the surrounding properties for years to come.

the proposed use complies with applicable provisions of the development code and the general plan; is compatible with adjacent uses in terms of scale, site design and operating characteristics; and will not cause substantial diminution of the value of other properties in the area it is located. public safety, transportation and utility facilities/services will be available to the subject property having no effect on the availability of the same services to existing adjacent development.

please call if you have any questions or need additional information

thank you,

j. david ellertsen

SDR 41936
O & A Properties, LLC

1141 & 1149 S Maryland Parkway

Proposed 2.177 thousand square foot expansion of an existing office building.

Traffic produced by proposed development:

Proposed Use	DESCRIPTION	#UNIT	RATE/# UNIT	TOTAL
Average Daily Traffic (ADT)	GENERAL OFFICE BUILDING [1000 SF]	2.177	11.01	24
AM Peak Hour			1.55	3
PM Peak Hour			1.49	3

(heaviest 60 minutes)

Existing Use	DESCRIPTION	#UNIT	RATE/# UNIT	TOTAL
Average Daily Traffic (ADT)	GENERAL OFFICE BUILDING [1000 SF]	2.151	11.01	24
AM Peak Hour			1.55	3
PM Peak Hour			1.49	3

(heaviest 60 minutes)

Total	DESCRIPTION	#UNIT		TOTAL
Average Daily Traffic (ADT)	GENERAL OFFICE BUILDING [1000 SF]	4.328	11.01	48
AM Peak Hour			1.55	7
PM Peak Hour			1.49	6

Existing traffic on all nearby streets:

Maryland Parkway

Average Daily Traffic (ADT)	22,538
PM Peak Hour	1,803

(heaviest 60 minutes)

Charleston Avenue

Average Daily Traffic (ADT)	33,663
PM Peak Hour	2,693

(heaviest 60 minutes)

Traffic Capacity of adjacent streets:

	Existing Street Capacity
Maryland Parkway	51,800
Charleston Avenue	51,800

This project will add approximately 24 trips per day on Maryland Pkwy., Charleston Blvd., Francis Ave. and Jessica Ave. Maryland is currently at about 44 percent of capacity and Charleston is at about 65 percent of capacity. After this expansion, Maryland is expected to remain at about 44 percent of capacity and Charleston to remain at about 65 percent of capacity. Counts are not available for Francis Ave. or Jessica Ave., but they are believed to be under capacity.

Based on Peak Hour use, this development will add roughly 3 additional cars into the area, which works out to about one every twenty minutes.

Note that this report assumes all traffic from this development uses all named streets.

Re:

a. Site Development Review
b. Special Use Permit

Architecture
Engineering
Planning
Interiors
Landscape

To Whom It May Concern:

We respectfully submit this application for a Site Development Review and Special Use Permit for the project "The Royale at Casino Center" at Coolidge and Casino Center. This is a mixed use project containing ground floor commercial and "for-rent" residences above the ground floor. These parcels are currently zoned C-2 and are in the Downtown Centennial Plan, as well as the Arts District

This project proposes to have 330 apartments and 16,000 sf of commercial and an automated parking structure which has 336 parking spaces.

Access to the automated parking structure will be off of the alley from Coolidge to Hoover. All commercial tenants will be serviced from the front doors. There is no rear service access for the commercial tenants.

Downtown Centennial Plan standards are being met by way of landscaping and required amenity zone and wide pedestrian sidewalks, as well as alley and street corner paving and upgrades. However, the owner will defer the underground installation of the power poles until the remainder of the block is developed.

We are also requesting a waiver to allow the use of Mediterranean Fan Palms where Date Palms are required. The height of the palm trees will be per code at 25' and spaced at 30'-0" o.c.

With this application we are requesting an encroachment permit to allow for the awnings and trellises which compliment the façade and shelter storefront entrances to project out over the Right of way line.

Illuminated wall mounted signage is shown on the elevations, along with corresponding sizes and square footages.

The owners of this project will encourage all of its tenants to utilize and incorporate Green building strategies. For this project we will attempt to incorporate water and energy saving measures such as the utilization of occupancy sensors, drought tolerant landscaping, insulated windows, light colored paint and appropriately sized mechanical units. Also, the downtown location of this project encourages pedestrian usage which is enhanced by the proximity of the bus routes.

RECEIVED
MAY 20 2011
City of Las Vegas

SUP-41599
SDR-41829

The owner desires to provide much needed attainable rental housing within the downtown area of the city. To compliment the residential units will be ground floor commercial space. This residential and commercial development will be an asset to the city by helping to spur additional revitalization and reinforcing redevelopment in an area which has already begun a transformation.

We have made every attempt to try and follow City of Las Vegas Title 19 as well as the Centennial Plan as closely as possible in the design and layout of this site. Please join us in our attempt to bring much-needed high caliber product into downtown and to Las Vegas residents.

Respectfully Submitted,

Kristen G. Neuman, AIA

RE: SDR-20502 – SITE DEVELOPMENT PLAN REVIEW
CITY COUNCIL MEETING OF MAY 16, 2007
RELATED TO ZON-20507, SUP-20519, VAC-20522 AND SDR-20492

Dear Mr. Mitchell:

The City Council at a regular meeting held May 16, 2007 APPROVED the request for a Site Development Plan Review FOR A 12-STORY MIXED-USE DEVELOPMENT INCLUDING 58,000 SQUARE FEET OF COMMERCIAL SPACE AND 1,100 RESIDENTIAL CONDOMINIUM UNITS on 2.67 acres at the southwest corner of Charleston Boulevard and Fourth Street (APNs 162-03-115-001 and 002), P-R (Professional Office And Parking), C-1 (Limited Commercial) and C-2 (General Commercial) Zones [PROPOSED: C-1 (Limited Commercial)]. The Notice of Final Action was filed with the Las Vegas City Clerk on May 17, 2007. This approval is subject to:

Planning & Development

1. Approval of and conformance to the Conditions of Approval for Rezoning (ZON-20507), Special Use Permit (SUP-20519), and Vacation (VAC-20522) shall be required.

2. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. All development shall be in conformance with the site plan, date stamped 04/06/07, and the landscape plan and building elevations, date stamped 03/13/07, except as amended by conditions herein.

4. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications. The technical landscape plan shall include

SDR-41600

the following changes from the conceptual landscape plan: add two palm trees to the south of the South 4th Street entry drive to bring the number and maximum distance into compliance with the Downtown Centennial plan. Further, tabulate all tree heights along with the quantities and sizes.

5. Pre-planting and post-planting landscape inspections are required to ensure the appropriate plant material, location, size of planters, and landscape plans are being utilized. The Planning and Development Department must be contacted to schedule an inspection prior to the start of the landscape installation and after the landscape installation is completed. A certificate of occupancy will not be issued or the final inspection will not be approved until the landscape inspections have been completed.

6. Reflective glazing at the pedestrian level is prohibited. Glazing above the pedestrian level shall be limited to a maximum reflectance rating of 22% (as defined by the National Institute of Standards and Technology).

7. All mechanical equipment, air conditioners and trash areas shall be fully screened in views from the abutting streets.

8. All utility boxes exceeding 27 cubic feet in size shall meet the standards of LVMC Title 19.12.040.

9. Parking lot lighting standards shall be no more than 30 feet in height and shall utilize downward-directed lights with full cut-off luminaries. Lighting on the exterior of buildings shall be shielded and shall be downward-directed. Non-residential property lighting shall be directed away from residential property or screened, and shall not create fugitive lighting on adjacent properties.

10. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

11. A Comprehensive Construction Staging Plan shall be submitted to the Planning and Development Department for review and approval prior to the issuance of any building permits. The Construction Staging Plan shall include the following information: Design and location of construction trailer(s); design and location of construction fencing; all proposed temporary construction signage; location of materials staging area; and the location and design of parking for all construction workers.

12. Written approval by the Clark County Department of Aviation with no change in flight patterns shall be submitted to the City of Las Vegas prior to the issuance of building permits.

RECEIVED
APR 28 2011

13. Prior to the submittal of a building permit application, the applicant shall meet with Planning and Development Department staff to develop a comprehensive address plan for the subject site. A copy of the approved address plan shall be submitted with any future building permit applications related to the site.

14. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

15. Contact the City Engineer's Office at 229-6272 to coordinate the development of this project with the Casino Center/3rd Street Realignment Project, Casino Center Bus Rapid Transit Project and any other public improvement projects adjacent to this site. Comply with the recommendations of the City Engineer.

16. Submit a Petition of Vacation for all right-of-way and public access and/or utility easements in conflict with this site plan. The Order of Vacation must record prior to recordation of a Final Map for this site.

17. Prior to the submittal of a Tentative Map or civil construction drawings for this site, whichever occurs first, a sewer relocation and abandonment plan for all public sewers in conflict with this site shall be submitted and approved by the Collection Systems Section of the Department of Public Works. All existing public sewer easements in conflict with this site shall be vacated prior to the recordation of a Final Map for this site and new public sewer easements granted as necessary. Sewer service to existing downstream parcels shall be maintained during relocation.

18. Landscape and maintain all unimproved rights-of-way, if any, on 3rd Street, 4th Street and Charleston Boulevard adjacent to this site. All private improvements and landscaping installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

19. Submit an Encroachment Agreement for all landscaping, if any, located in the 3rd Street, 4th Street and Charleston Boulevard public right-of-way adjacent to this site prior to occupancy of this site.

20. Obtain an Occupancy Permit from the Nevada Department of Transportation for all landscaping and private improvements in the Charleston Boulevard public right-of-way adjacent to this site.

21. Submit an application for a deviation from Standard Drawing #222a for the driveways accessing this site from 3rd and 4th Streets.

22. Meet with the Clark County School District to discuss the impact this site plan has on the District's schools, and to identify possible methods to mitigate the impacts.

RECEIVED
APR 28 2011

SDR-41600

23. Site development to comply with all applicable conditions of approval for Zoning Reclassification ZON-20507 and all other applicable site-related actions.

Sincerely,

Angela Crolli

RE: SDR-20492 – SITE DEVELOPMENT PLAN REVIEW
CITY COUNCIL MEETING OF MAY 16, 2007
RELATED TO ZON-20507, SUP-20519, VAC-20522 AND SDR-20502

Dear Mr. Mitchell:

The City Council at a regular meeting held May 16, 2007 APPROVED the request for a Site Development Plan Review FOR A 120-FOOT HIGH 1,500 SPACE PARKING STRUCTURE WITH 12,000 SQUARE FEET OF GROUND FLOOR COMMERCIAL on 0.63 acres at the northeast corner of Casino Center Boulevard and Coolidge Avenue (APNs 139-34-410-056, 057, 058 and 059), C-2 (General Commercial) Zone and R-4 (High Density Residential) Zone under Resolution of Intent to C-2 (General Commercial) Zone. The Notice of Final Action was filed with the Las Vegas City Clerk on May 17, 2007. This approval is subject to:

Planning & Development

1. Conformance to the Conditions of Approval for Rezoning (Z-0100-64) shall be required, if approved.

2. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. All development shall be in conformance with the site plan, date stamped 04/06/07, and the landscape plan and building elevations, date stamped 03/13/07, except as amended by conditions herein.

4. Recordation of a reversionary parcel map or administrative joining consolidating the parcels on the site prior to issuance of any building or grading permits.

5. All proposed signage locations as depicted on the building elevations, date stamped 03/13/07, must be for on-premise advertising only. Off-premise advertising signs will require separate approval through the Special Use Permit application process. All signage must meet the applicable requirements of the Downtown Centennial Plan and Title 19. All signage requires the issuance of a building permit.

6. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications. The technical landscape plan shall include the following changes from the conceptual landscape plan: all tree heights are to be included in the landscape legend to ensure compliance with the Downtown Centennial Plan's minimum streetscape standards.

7. No turf shall be permitted in the non-recreational common areas, such as medians and amenity zones in this development.

8. Pre-planting and post-planting landscape inspections are required to ensure the appropriate plant material, location, size of planters, and landscape plans are being utilized. The Planning and Development Department must be contacted to schedule an inspection prior to the start of the landscape installation and after the landscape installation is completed. A certificate of occupancy will not be issued or the final inspection will not be approved until the landscape inspections have been completed.

9. Reflective glazing at the pedestrian level is prohibited. Glazing above the pedestrian level shall be limited to a maximum reflectance rating of 22% (as defined by the National Institute of Standards and Technology).

10. All mechanical equipment, air conditioners and trash areas shall be fully screened in views from the abutting streets.

11. All utility boxes exceeding 27 cubic feet in size shall meet the standards of LVMC Title 19.12.040.

12. Parking lot lighting standards shall be no more than 30 feet in height and shall utilize downward-directed lights with full cut-off luminaries. Lighting on the exterior of buildings shall be shielded and shall be downward-directed. Non-residential property lighting shall be directed away from residential property or screened, and shall not create fugitive lighting on adjacent properties.

13. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

14. A Comprehensive Construction Staging Plan shall be submitted to the Planning and Development Department for review and approval prior to the issuance of any building permits. The Construction Staging Plan shall include the following information: Design and location of construction trailer(s); design and location of construction fencing; all proposed temporary construction signage; location of materials staging area; and the location and design of parking for all construction workers.

RECEIVED

SDR-41600

15. Prior to the submittal of a building permit application, the applicant shall meet with Planning and Development Department staff to develop a comprehensive address plan for the subject site. A copy of the approved address plan shall be submitted with any future building permit applications related to the site.

16. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

17. Contact the City Engineer's Office at 229-6272 to coordinate the development of this project with the Casino Center/3rd Street Realignment Project, Casino Center Bus Rapid Transit Project and any other public improvement projects adjacent to this site. Comply with the recommendations of the City Engineer.

18. Remove all substandard public street improvements and unused driveway cuts adjacent to this site, if any, and replace with new improvements meeting current Las Vegas Downtown Centennial Plan Standards concurrent with development of this site, except as amended by Conditions of Approval herein.

19. Submit a Reversionary Map for this site or coordinate with the City Surveyor to determine an acceptable mapping method; comply with the recommendations of the City Surveyor.

20. Landscape and maintain all unimproved rights-of-way, if any, on Casino Center Boulevard and Coolidge Avenue adjacent to this site. All private improvements and landscaping installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

21. Submit an Encroachment Agreement for all landscaping, if any, located in the Casino Center Boulevard and Coolidge Avenue public right-of-way adjacent to this site prior to occupancy of this site.

22. Submit an application for a deviation from Standard Drawing #222a for the driveways accessing this site from Coolidge Avenue. Revise the on-site circulation pattern to ingress from the alley and egress onto Coolidge Avenue.

RECEIVED
APR 28 2011

23. Meet with the Flood Control Section of the Department of Public Works for assistance with establishing finished floor elevations and drainage paths for this site prior to submittal of construction plans, the issuance of any building or grading permits or the submittal of a map for this site, whichever may occur first. Provide and improve all drainage ways as recommended.

Sincerely,

Angela Crolli

We finished building the proposed business location approximately 3 years ago, since then as you know Las Vegas has fallen into hard times. We were not being able to lease the building, not even for 50% of the value of the rent.

We have decided to open a business for ourselves using the building, to cover the expenses.

This Business we will be selling, new Motorcycle Scooters The idea was based on the high gasoline prices.

We hope this business will bring comfort in these hard times.

Thank you again for your consideration and support.

JUSTIFICATION LETTER

May 3, 2011

ADDRESS: 4401 E Bonanza Rd Las Vegas NV 89110

BUSINESS: Vegas Express Gas Mart #2, LLC

OWNERS: Matt Ricciardella & Sabah Boles

RE: Special Use Permit for check cashing services

Since opening Vegas Express Gas Mart #2 (a gas station/convenience store) in March 10th 2010 we have had an overwhelming amount of our customers request for check cashing services. Additionally we would like to advertise our services as a check cashing location to the public which is only possible with a Special Use Permit. Since the fee we intend to charge our customers is 1% of the check amount it is vital that we cash a high volume of checks in order to make our efforts justifiable. Therefore we would like to respectfully request a special use permit for check cashing from the City of Las Vegas Planning Commission. To ensure the safety of our customers we will perform our check cashing services in a designated office within our store. In these economic times it is crucial that we can service our customers by providing them with the products and services they desire. Thank You in advance for your consideration of this issue.

Sincerely,

Matt Ricciardella/owner

Re: **JUSTIFICATION LETTER**
SUP, MSP and DDRC Applications re; APN's 139-34-510-019, 139-34-514-007 & 008 & 009 ,

Dear Mr. Fagg:

Please accept this as our official justification letter for the Master Sign Plan, SUP for Tall Wall Signage and the appropriate DDRC Review encompassing the expansion and remodel of the Lady Luck Hotel & Casino located on 3.12 acres at 206 North 3rd Street and 220 North 4th Street zoned C-2 (General Commercial). The Applications are FOR A MSP, SUP AND DDRC REVIEW FOR THE SIGNAGE ON A PROPOSED RENOVATION OF AN EXISTING NON-RESTRICTED GAMING FACILITY HOTEL/CASINO WITH A WAIVER TO ALLOW THREE SIGNS WITH LESS THAN 50% NEON OR ANNIMATED ILLUMINATION ALONG OGDEN AVENUE: A WAIVER TO ALLOW ONE SIGN WITH LESS THAN 50% NEON OR ANNIMATED ILLUMINATION ALONG 3RD STREET (A PRIVATE STREET); A WAIVER TO ALLOW A SIGN TO EXTEND ABOVE 20 FEET FROM A PARAPET ALONG 4TH STREET; AND A WAIVER TO ALLOW A SIGN TO HAVE 35% COVERAGE WHERE 20% IS ALLOWED ALONG OGDEN AVENUE.

Our request for the waivers for signs that do not comply with the 50% neon or animated illumination requirements are based on the overall Warehouse Era themed concept of the Lady Luck renovation. These signs are painted on in order to recreate the look and feel of the time when Warehouses were prevalent along major east coast cities in the downtown core. The request for a waiver for our porte-cochere sign to extend 21' - 8 3/4"above the parapet, where 20' is allowed and the waiver to allow a sign to have 35% coverage where 25% is allowed, are based on the "bigger is better' concept.

SUP-41904
MSP-41905
REVISED

The Master Sign Plan will further enhance the revitalization of Downtown by making it a destination that attracts tourists and locals as well as assist in the success of the Mob Museum. This will not change the history and culture that has been well established in Downtown, but will rather create more energy and help enhance the attractiveness of the Downtown Renaissance. We believe these applications is 'in-line' with the vision of the Centennial Plan and Title 19 and will further help change the face of downtown and spark the Renaissance that is currently stalled. Our renovation will be a crucial part of Downtown Las Vegas and will further enhance the beautification and revitalization of Downtown.

If you have any questions and/or concerns, please do not hesitate to contact me.

Sincerely,

Todd Kessler

BRIDGE
Counseling Associates

Reaching out to lives...Reaching up with hope.

May 21, 2011

City of Las Vegas
Business Licensing Division
Planning Department
400 Stewart Avenue, Third Floor
Las Vegas, NV 89101

To Whom It May Concern:

As Executive Director of Bridge Counseling Associates, I am hereby requesting a Special Use Permit for the following address:

1640 Alta Drive
Las Vegas, NV 89106

Bridge Counseling Associates provides Substance Abuse and Mental Health Services to adults and youth in Clark County since 1971. We have been at the following address since 1995:

1701 W. Charleston Blvd. #400
Las Vegas, NV 89102

We desire to move to the Alta address to expand our services, provide a more user-friendly environment for our clients, and to be in close proximity to our referral sources.

Bridge Counseling Associates currently provides services to the following client populations during the office hours of 8:30 am – 8:00 pm Monday through Friday and 8:30 am – 1:00 pm on Saturday. Bridge Counseling Associates is closed on Sunday. Bridge Counseling does not "close" for lunch, forcing clients to wait while staff are on break. Clients are assigned to individual, family and/or group therapy sessions. Clients are informed of their therapy schedule and attend accordingly. Clients of Bridge Counseling do not linger at the agency waiting for appointments or groups to start. Due to certification regulations, groups are limited to 15 clients per group. Dimensions of the proposed waiting room is 22x26 feet.

Bridge Counseling Associates currently has the following employees:
Full-time Mental Health/Substance Abuse Therapists: 18
Full-time Vocational Department Bi-Lingual Case Managers: 2
Full-time Administrative/Fiscal/Support Staff: 7
Part-time Co-Credentialed English speaking Contract Therapists: 8
Part-time Co-Credentialed Bi-Lingual Contract Therapists: 2
Note: Front Office is fully staffed with bi-lingual staff

RECEIVED
MAY 26 2011

SUP-41921

1701 W. Charleston Blvd., Suite 400 • Las Vegas, NV 89102 • Telephone (702) 474-6450 • Fax (702) 474-6463

Bridge Counseling Associates serves the following clients at our agency:

- Families In Transition (FIT) – Comprehensive (Mental Health & Substance Abuse) Treatment Services (individualized treatment – group, family, individual – up to multiple times per week) to families referred by Clark County Department of Family Services (CCDFS).
- United States Probation/Bureau of Prisons – Clients referred to substance abuse and mental health services who are residing in the federal halfway house, currently on probation or "pre-trial" (i.e. waiting for trial). Treatment multiple times per week.
- DUI Treatment Services – Bridge Counseling Associates provides an array of services and service levels to individuals with one time (DUI Assessment & Education); two time (Moderate Offenders); and three time (Felony DUI) DUI clients. Careful coordination of treatment services and case management of client care occurs with Clark County DUI courts. Sessions conducted 1-3x per week (model is a "step-down" system).
- Adult & Adolescent Treatment Services – Substance Abuse and Mental Health Treatment to adult & adolescent clients who are self-referred, school referred, court mandated or involved with the Clark County DJJS or the State of Nevada Youth Parole System. Individualized, multiple times per week – group/individual.
- Mental Health/Family Treatment Services – Comprehensive mental health, child, family & parenting services. Funded through MGM/Mirage Voice Foundation.
- Vocational Services – Comprehensive vocational assessment, individualized vocational program planning, job training, and job searches.
- Spanish Treatment Services – All of the aforementioned treatment and vocational services are offered in Spanish. Full-time staff and front office reception staff are able to meet the needs of bi-lingual clients who are involved in any other program area.

Adolescent clients are primarily served "off-site" at the Youth Parole or Juvenile Justice Probation Office.

As Executive Director of Bridge Counseling, I have been in the mental health and substance abuse services field for over 26 years. The first 15 years, I was employed at the Division of Child and Family Services. I have been with Bridge Counseling Associates for the last 11 years and Executive Director for the past 8 years. In addition to my background and expertise in working with court-mandated clients, I am dually licensed as a clinician in Marriage & Family Therapy and Alcohol & Drug Abuse. It is my personal philosophy that in working with mandated clients, it is imperative to extend to them the utmost respect and concern for their current situation, to provide the utmost in quality of services, as well as set non-negotiable boundaries for behavior that will and will not be allowed at the agency. It is my strong belief that based on how we approach our clients we have very few issues with compliance with expectations. There is a zero tolerance approach for behavior that would be problematic to my staff, other clients, and the facility in general.

RECEIVED
MAY 26 2011

Bridge Counseling Associates Board of Directors approved full-time security during business hours upon relocation to the new building at their board meeting on 5/17/11. We have engaged the current security company, ISS Security, that provides services to our current location to obtain bids for this service. This is an important and necessary service to our staff, clients, and the community.

I would appreciate the City of Las Vegas' support in our desire to meet the growing needs of our agency and client by approving the Special Use Permit for the Alta address.

Please let me know if I can provide any further clarification or information.

Sincerely Yours,

Jacqueline Harris, MA, MFT, LADC
Executive Director – Bridge Counseling Associates

BRIDGE
Counseling Associates

Reaching out to lives...Reaching up with hope

May 21, 2011

City of Las Vegas
Business Licensing Division
Planning Department
400 Stewart Avenue, Third Floor
Las Vegas, NV 89101

To Whom It May Concern:

As Executive Director of Bridge Counseling Associates, I am hereby requesting a Special Use Permit for the following address:

1640 Alta Drive
Las Vegas, NV 89106

Bridge Counseling Associates provides Substance Abuse and Mental Health Services to adults and youth in Clark County since 1971. We have been at the following address since 1995:

1701 W. Charleston Blvd. #400
Las Vegas, NV 89102

We desire to move to the Alta address to expand our services, provide a more user-friendly environment for our clients, and to be in close proximity to our referral sources.

Bridge Counseling Associates currently provides services to the following client populations during the office hours of 8:30 am – 8:00 pm Monday through Friday and 8:30 am – 1:00 pm on Saturday. Bridge Counseling Associates is closed on Sunday. Bridge Counseling does not "close" for lunch, forcing clients to wait while staff are on break. Clients are assigned to individual, family and/or group therapy sessions. Clients are informed of their therapy schedule and attend accordingly. Clients of Bridge Counseling do not linger at the agency waiting for appointments or groups to start. Due to certification regulations, groups are limited to 15 clients per group. Dimensions of the proposed waiting room is 22x26 feet.

Bridge Counseling Associates currently has the following employees:
Full-time Mental Health/Substance Abuse Therapists: 18
Full-time Vocational Department Bi-Lingual Case Managers: 2
Full-time Administrative/Fiscal/Support Staff: 7
Part-time Co-Credentialed English speaking Contract Therapists: 8
Part-time Co-Credentialed Bi-Lingual Contract Therapists: 2
Note: Front Office is fully staffed with bi-lingual staff

RECEIVED
JUN 02 2011
SUP-42006

1701 W. Charleston Blvd., #400, Las Vegas, NV 89102
Phone (702) 474-6450 Fax (702) 474-6463

Bridge Counseling Associates serves the following clients at our agency:

- Families In Transition (FIT) – Comprehensive (Mental Health & Substance Abuse) Treatment Services (individualized treatment – group, family, individual – up to multiple times per week) to families referred by Clark County Department of Family Services (CCDFS).
- United States Probation/Bureau of Prisons – Clients referred to substance abuse and mental health services who are residing in the federal halfway house, currently on probation or "pre-trial" (i.e. waiting for trial). Treatment multiple times per week.
- DUI Treatment Services – Bridge Counseling Associates provides an array of services and service levels to individuals with one time (DUI Assessment & Education); two time (Moderate Offenders); and three time (Felony DUI) DUI clients. Careful coordination of treatment services and case management of client care occurs with Clark County DUI courts. Sessions conducted 1-3x per week (model is a "step-down" system).
- Adult & Adolescent Treatment Services – Substance Abuse and Mental Health Treatment to adult & adolescent clients who are self-referred, school referred, court mandated or involved with the Clark County DJJS or the State of Nevada Youth Parole System. Individualized, multiple times per week – group/individual.
- Mental Health/Family Treatment Services – Comprehensive mental health, child, family & parenting services. Funded through MGM/Mirage Voice Foundation.
- Vocational Services – Comprehensive vocational assessment, individualized vocational program planning, job training, and job searches.
- Spanish Treatment Services – All of the aforementioned treatment and vocational services are offered in Spanish. Full-time staff and front office reception staff are able to meet the needs of bi-lingual clients who are involved in any other program area.

Adolescent clients are primarily served "off-site" at the Youth Parole or Juvenile Justice Probation Office.

As Executive Director of Bridge Counseling, I have been in the mental health and substance abuse services field for over 26 years. The first 15 years, I was employed at the Division of Child and Family Services. I have been with Bridge Counseling Associates for the last 11 years and Executive Director for the past 8 years. In addition to my background and expertise in working with court-mandated clients, I am dually licensed as a clinician in Marriage & Family Therapy and Alcohol & Drug Abuse. It is my personal philosophy that in working with mandated clients, it is imperative to extend to them the utmost respect and concern for their current situation, to provide the utmost in quality of services, as well as set non-negotiable boundaries for behavior that will and will not be allowed at the agency. It is my strong belief that based on how we approach our clients we have very few issues with compliance with expectations. There is a zero tolerance approach for behavior that would be problematic to my staff, other clients, and the facility in general.

Re: Only Money Loans
Proposed Location
7703 N. El Capitan Way
Suite 150
Las Vegas, NV 89143

To Whom It May Concern:

Only Money Loans intention is to open our second location at the Caroline's Court. At the proposed location OML will be making Auto Title Loans only. We feel that we can benefit our neighbors by adding rate competition as AAction Loans is their only other choice in the neighborhood. By AAction Loans having a monopoly in the area, borrowers cannot shop for the best rates, and are at a disadvantage.

What would be necessary to accomplish this is the Planning Departments help with two Waivers.

1. **A Waiver is needed for the 200 foot requirement for separation between residential uses. Note: Suite 150 is located in the shopping center as far away from neighborhood residential as possible.**
2. **A Waiver is needed for required 240 foot distance separation from any other auto title loan store. Note: As the crow flies there is well over a 1000 feet of separation between the two locations and the two stores can only be seen from the air. Also an 8 lane wide intersection separates the two shopping centers.**

If approved for this location OML would be hiring 2 to 3 new employees and have business hours of 9am to 6pm Mon – Sat. Sunday hours if deemed necessary.

Thank you for your consideration in this matter and feel free to contact me with any further questions or concerns.

Sincerely,

Kevin Matyas

Mr. Flinn Fagg, AICP
Acting Director – Development Services Center
City of Las Vegas Planning and Development
333 N. Rancho Drive
Las Vegas, NV 89106

RE: JUSTIFICATION LETTER – SUP/SDR
2ND BAPTIST CHURCH PARKING LOT
1113 E STREET

Dear Mr. Fagg;

The 2nd Baptist Church of Las Vegas is requesting to convert 4 existing parcels into one, and create a single paved and landscaped parking lot. The lots are currently known as APN: 139-27-210-026 through 029. Note that the Special Use Permit affects all of the land currently owned and used by the Church in the area, as all parcels are on residential lots.

Currently the four lots requesting to be paved are being utilized for parking, but only one (026) is currently paved. Previous work to expand the parking for the Church have been approved (U-159-92 and others). The Church feels that the paving and landscaping of the lots will enhance the beauty of the area, reduce dust pollution and provide a safer environment for evening services. A pedestrian crossing, with ramps, is to be added to allow safe passage across Madison Ave.

The Church desires to meet the current standards for landscaping (by area) and lighting. As there are sufficient handicap accessible stalls adjacent to the Sanctuary on the north side of Madison, no handicap spaces are proposed. Discussions with City Staff have yielded that the alleyway on the south side of the lots is permanent, and is suitable for use as a turn-thru for the parking lot.

The Las Vegas Valley Water District is requiring that the four lots be combined to allow a single meter to provide landscape water for the lot. The Church has no objections to this provision. Currently the sidewalks are attached along these lots, and throughout the neighborhood; the desire it to maintain the continuity of the sidewalks as attached.

This application is supported by previous City actions, SDR2040 and SUP2041. As the Church is not requesting any waivers in the landscape provisions, and the use is compatible with the area, we believe the action is justified. Full improvement plans have been prepared to convert the lots to the intended use, and permits will be requested upon approval of said plans.

Several times in the last few years, the 2nd Baptist Church has been lauded by City Officials as a leader in the community, and for the beauty of the Sanctuary. The leaders of the Church desire to continue to be a pillar of the community, and having the paved and landscaped lot is important to them.

Please feel free to contact me at 606-7613 should you have any questions.

Sincerely,
PREATOR CONSULTING, LLC

Lazell H. Preator, PE
Chief Engineer

344 S. Jones Boulevard

Proposed 1.488 square foot conversion of an existing house to an office.

Traffic produced by proposed development:

Existing Use	DESCRIPTION	#UNIT	RATE/# UNIT	TOTAL
Average Daily Traffic (ADT)	SINGLE FAMILY DETACHED [DWELL]	1	9.57	10
AM Peak Hour			0.75	1
PM Peak Hour			1.01	1

Proposed Change	DESCRIPTION	#UNIT	RATE/# UNIT	TOTAL
Average Daily Traffic (ADT)	GENERAL OFFICE BUILDING [1000 SF]	1.488	11.01	16
AM Peak Hour			1.55	2
PM Peak Hour			1.49	2

Net Change	DESCRIPTION	#UNIT	RATE/# UNIT	TOTAL
Average Daily Traffic (ADT)	GENERAL OFFICE BUILDING [1000 SF]	1.488	11.01	6
AM Peak Hour			1.55	1
PM Peak Hour			1.49	1

Existing traffic on all nearby streets:

Jones Boulevard	
Average Daily Traffic (ADT)	31,500
PM Peak Hour (heaviest 60 minutes)	2520

Alta Drive	
Average Daily Traffic (ADT)	10,413
PM Peak Hour (heaviest 60 minutes)	833

Traffic Capacity of adjacent streets:

	Adjacent Street ADT Capacity
Jones Boulevard	34,500
Alta Drive	16,300

This conversion is expected to add 6 additional trips per day on Jones Blvd. and Alta Dr. Currently, Jones is at about 91 percent of capacity and Alta is at about 64 percent of capacity. This project is not expected to significantly change these capacities.

Based on Peak Hour use, this conversion will add 1 additonal car into the area in the peak hour, or about one every sixty minutes.

Note that this report assumes all traffic from this development uses all named streets.

Re: JWB Office

To Whom It May Concern:

I am writing to you in reference to the correction file for the JWB Office dated March 13, 2011. Due to the limited amount of land available, we are unable to meet the required landscape requirements. For this reason, we are requesting the following:

1. Waive the 15' landscape requirement to 2' along front.
2. Waive the 8' landscape requirement to 2'-6" along front.
3. Waive requirement of trees in landscape behind parking lot.

In addition, we are also noting that all landscaping is noted on the plans but is also included in the backyard. The required 5 parking lots have also been constructed from the available 1488'. A trashcan with wheels will be stored in the garage and picked up on the specified days by the appropriate service provider. Than you for your time in this matter.

Sincerely,

Principal
JWB Language School

SDR 41771
JWB Nevada Investment Series C, LLC

404 S. Jones Boulevard

Proposed 1.648 square foot conversion of an existing house to an office.

Traffic produced by proposed development:

Existing Use	DESCRIPTION	#UNIT	RATE/# UNIT	TOTAL
Average Daily Traffic (ADT)	SINGLE FAMILY DETACHED [DWELL]	1	9.57	10
AM Peak Hour			0.75	1
PM Peak Hour			1.01	1

Proposed Change	DESCRIPTION	#UNIT	RATE/# UNIT	TOTAL
Average Daily Traffic (ADT)	GENERAL OFFICE BUILDING [1000 SF]	1.648	11.01	18
AM Peak Hour			1.55	3
PM Peak Hour			1.49	2

Net Change	DESCRIPTION	#UNIT	RATE/# UNIT	TOTAL
Average Daily Traffic (ADT)	GENERAL OFFICE BUILDING [1000 SF]	1.648	11.01	9
AM Peak Hour			1.55	2
PM Peak Hour			1.49	1

Existing traffic on all nearby streets:

Jones Boulevard	
Average Daily Traffic (ADT)	31,500
PM Peak Hour (heaviest 60 minutes)	2520

Alta Drive	
Average Daily Traffic (ADT)	10,413
PM Peak Hour (heaviest 60 minutes)	833

Traffic Capacity of adjacent streets:

	Adjacent Street ADT Capacity
Jones Boulevard	34,500
Alta Drive	16,300

This conversion is expected to add 9 additional trips per day on Jones Blvd. and Alta Dr. Currently, Jones is at about 91 percent of capacity and Alta is at about 64 percent of capacity. This project is not expected to significantly change these capacities.

Based on Peak Hour use, this conversion will add 2 additonal cars into the area in the peak hour, or about one every thirty minutes.

Note that this report assumes all traffic from this development uses all named streets.

Re: JWB School

To Whom It May Concern:

I am writing to you in reference to the correction file for the JWB Office dated March 13, 2011. This school is going to be for students in high school or college who are having trouble with their English. Since it is primarily going to only be for this purpose, there is not going to be any levels or difference in classes taught. For this reason, there will be no need to have more than one room that is handicap accessible. In addition, there is currently landscape planned on all sides of the building as well as the parking lot. Unfortunately, there is not enough room to meet the required measurements. Due to the before mentioned reasons, we are requesting the following:

1. Require only one room to be handicap accessible.
2. Waive the 8' requirement of landscape to 6' along rear.
3. Waive the 15' requirement of landscape to 9' along the front.
4. Waive the 8' requirement of landscape to 0' along sides.
5. Require only 3 trees in the parking lot landscape instead of 4.

In addition, we are addressing that a trashcan with wheels will be stored in the garage. It will be put on the sidewalk two times a week to be picked up by the appropriate service provider. We have also decided to acknowledge regulation number 3 under Table 2 in the Land Use Table stating that there should be a 2:1 student to teacher ratio; therefore there will not be more than 10 students at one time. Thank you for your time in this matter.

Sincerely,

Principal
JWB Language School
