RE: MASTER PLAN OF STREETS & HIGHWAYS AMENDMENT
– SHEEP MOUNTAIN PARKWAY

Dear Mr. Rankin:

Please accept this letter as justification to amend the City's Master Plan of Streets & Highways for the realignment of Sheep Mountain Parkway between Grand Teton Drive and Fort Apache Road as well as the removal of the prior roadway network in Kyle Canyon Gateway. The modification is needed to move the Sheep Mountain Parkway alignment back to the original southern alignment where right-of-way already exists. This change is due to the insolvency of the Kyle Canyon Gateway project which modified the alignment to the north. The current owner of the Kyle Canyon Development is not able to acquire the extra private property to provide for the North Alignment of Sheep Mountain Parkway. This amendment will also delete adopted Master Planned roadways that were within the previous Kyle Canyon Gateway project. This realignment of Sheep Mountain Parkway and the deletion of the prior roadway network has been coordinated with the owner of the Kyle Canyon Master Planned Community. Once the new development agreement has been approved, a new roadway network will be added to the Master Plan of Streets & Highways.

Please feel free to contact me at 229-6541 should you have any questions regarding our request.

Respectfully,

Randy L. Fultz, P.E., C.F.M.
Acting City Engineer
Public Works
