June 20, 2011

Planning & Development Department,
City of Las Vegas,

Justification Letter.

I am happy to inform you that I, Sudarshini Wijekularatne, am currently having a state licensed family home day care at 6201, West Oakey Blvd., Las Vegas, Nevada - 89146.

Since I am successfully operating my day care for family home (for six children) for five years, I wish to apply for a special use permit for group home day care (for 7-12 children) and will be opened all the seven days of the week and 24 hours.

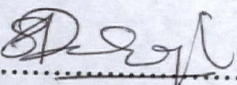

Further more, there will be two people working at the day care including me. Only my family is living in this home.

With reference to the Pre Application Conference on June 15, 2011 at the meeting committee agreed to give access to the facility from Verde Jardin way.

Since I have a two-car driveway and a garage, I can park my vehicle in the garage while the parents can drop-off the children at the front driveway or the back parking area according to their convenience.

I request for a waiver for the driveway fronting Oakey Boulevard.

Thank You,
Yours Faithfully,

.....
Sudarshini Wijekularatne.
