ABEYANCE ITEM - Bill No. 2010-37 – Amends the City's Administrative Code to adopt new fee tables applicable to permits, inspections and other services performed in connection with the City's technical codes, and to make other permit-related adjustments. Sponsored by: Councilman Gary Reese

Fiscal Impact**No Impact****Augmentation Required****Budget Funds Available****Amount:****Funding Source:****Dept./Division:****PURPOSE/BACKGROUND:**

This bill will amend the City's Administrative Code to adopt new fee tables applicable to permits, inspections and other services performed in connection with the City's technical codes. The new tables are based on the cost of providing services rather than on the estimated value of construction. The tables include built-in adjustments for 2012 and 2013, unless it is determined that increases are not needed. The bill also requires a general contractor to obtain all permits and pay all related fees in the case of projects involving the work of more than one trade.

RECOMMENDATION:

This bill should be submitted to a Recommending Committee for review, hearing and recommendation to the City Council for final action.

10 THE CITY COUNCIL OF THE CITY OF LAS VEGAS DOES HEREBY ORDAIN
11 AS FOLLOWS:

12 SECTION 1: The document entitled "A Supplemental Document Amending the
13 Uniform Administrative Code, 1997 Edition," which was adopted by Ordinance No. 5884, is hereby
14 amended as set forth in Sections 2 to 6, inclusive, of this Ordinance.

15 SECTION 2: Section 6 of the Supplemental Document referred to in Section 1 is
16 hereby repealed and a new Section 6 is adopted in lieu thereof, reading as follows:

17
18 **Section 6: Section 301 is hereby amended by deleting Subsection 301.1 and**
19 **substituting therefor a new Subsection 301.1 and a new Subsection 301.1.1,**
20 **reading as follows:**

21 **301.1 Permits Required. Except as specified in Subsection 301.1.1 of this**
22 **Section or in Section 26 of this Supplemental Document, no building, structure,**
23 **building service equipment or onsite improvement regulated by this Code or any**
24 **of the technical codes shall be erected, constructed, enlarged, altered, repaired,**
25 **moved, improved, removed, converted, or demolished unless a separate,**
26 **appropriate permit for each building, structure, building service equipment or**
27 **onsite improvement has first been obtained from the Building Official. If work**
28 **is commenced before a necessary and appropriate permit for the work has been**

1 obtained, the Building Official is authorized to charge an additional fee in the
2 amount of the building permit fee (i.e., a double fee).

3 301.1.1 Licensing and Contractor Requirements. No building permits
4 shall be issued for building work which is required to be performed by a licensed
5 contractor under NRS Chapter 624 unless the applicant is appropriately licensed
6 by the State of Nevada and is licensed to do business within the City. Whenever
7 two or more trades (building, plumbing, mechanical, or electrical) are to perform
8 work on a project, a general contractor must be retained for the project, unless
9 this requirement is waived by the Building Official. Where the preceding
10 sentence requires that a general contractor be retained, the general contractor
11 shall be responsible for acquiring the permits for all the trades to be involved in
12 the work, and shall be responsible for paying all fees associated with the work in
13 accordance with Table Nos. 3-A, 3-B and 3-C. A general contractor to whom a
14 permit is issued shall be responsible for all work authorized for the project and
15 shall post at the job site a list of all subcontractors doing work on the job with
16 their names, their State subcontractor's license numbers and classifications and
17 their City business license numbers. Mechanical, electrical and plumbing
18 subcontractors shall register with the Department when all permits have been
19 taken out by the general contractor. The general contractor and subcontractors
20 must meet all applicable qualifications and requirements described in the
21 technical codes.

22 NOTE: Additional licensing requirements concerning plumbing work are
23 contained in Sections 23 to 30, inclusive, of this Supplemental Document.
24 Additional licensing requirements concerning mechanical work are contained in
25 Sections 31 to 34, inclusive, of this Supplemental Document.

26 SECTION 3: Sections 12, 13 and 14 of the Supplemental Document referred to in
27 Section 1 are hereby repealed and new Sections 12, 13 and 14 are adopted in lieu thereof, reading as
28 follows:

1 Section 12: Section 304 is hereby amended by deleting Subsection 304.1, 304.2,
2 and 304.3, and substituting therefor new Subsections 304.1, 304.2, and 304.3,
3 including their constituent parts, reading as follows:

4 **304.1 General Provisions.**

5 **304.1.1 Fees—Generally.** Fees shall be assessed in accordance with the
6 provisions of this Section and the fee tables adopted in connection with this
7 Supplemental Document, as amended by the City Council from time to time.
8 Political subdivisions which by law are exempt from the payment of building
9 permit fees are not exempt from:

- 10 1. The plan check fees described in this Section 304;
11 2. Sewer connection fees; or
12 3. Any other development-related fee, except to the extent provided
13 by law.

14 **304.1.2 Fee-Related Definitions.** For purposes of this Section 304:

- 15 1. “New construction” refers to new construction, remodels and
16 additions relating to the occupancies that are listed in Table No. 3-
17 A, as adopted in connection with this Supplemental Document.
18 2. “Included examination time,” with respect to a project and the fees
19 chargeable in relation thereto, means the amount of time
20 (measured in hours) that the Building Official has estimated as
21 necessary to complete the required review of plans by Building and
22 Safety staff for compliance with applicable codes relating to the
23 issuance of a building permit (plan check). The plan check fees
24 that have been set with respect to any particular type of project are
25 deemed to entitle the developer/contractor/owner of that particular
26 project to a level of effort and service from the Building and Safety
27 Department which reflects the “included examination time.” The
28 estimated hours of plan check time are represented in the base

1 plan check fee (calculated as the product of that number of hours
2 and the applicable hourly rate).

3 3. "Extraordinary examination time," with respect to a project and
4 the fees chargeable in relation thereto, means the time necessary to
5 conduct plan check that is in excess of the "included examination
6 time" for that project.

7 4. "Included inspection time," with respect to a project and the fees
8 chargeable in relation thereto, means the amount of time
9 (measured in hours) that the Building Official has estimated as
10 necessary to complete the required inspections of the on-site
11 construction work for completion of the project to a final
12 certificate of occupancy or completion. The fees that have been set
13 with respect to any particular type of permit are deemed to entitle
14 the developer/contractor/owner of that particular project to a level
15 of effort and service from the Building and Safety Department
16 which reflects the "included inspection time." The estimated hours
17 of building inspection time are represented in the base fee
18 (calculated as the product of that number of hours and the
19 applicable hourly rate).

20 5. "Extraordinary inspection time," with respect to a project and the
21 fees chargeable in relation thereto, means the time necessary to
22 inspect a project that is in excess of the "included inspection time"
23 for that project.

24 304.2 Plan Check Fees.

25 304.2.1 New Construction. For new construction, as defined in Subsection
26 304.1, the base plan check fee for each type of permit shall be the applicable base
27 plan check fee as set forth in Table No. 3-A under the heading "Effective July 1,
28 2010," determined with reference to the occupancy and the size basis thresholds

1 listed therein. Such base fees, which are subject to adjustment in accordance with
2 Sections 304.2.2 and 304.9, include plans examination to the extent represented
3 in the “included examination time” that has been established by the Building and
4 Safety Department for that project. Additional examination time (referred to as
5 “extraordinary examination time”) will be charged in accordance with Table No.
6 3-E.

7 **304.2.2 Size-Based Adjustment to Base Plan Check Fee.** For new
8 construction, as defined in Subsection 304.1, the applicable base plan check fee,
9 determined with reference to the occupancy and the size basis thresholds listed
10 therein, shall be increased, in accordance with Table No. 3-B, by the amount that
11 corresponds to the number of square feet by which the construction exceeds the
12 amount of the applicable threshold base plan check fee, taking into account the
13 applicable construction type listed in the various table columns.

14 **304.2.3 Other Construction.** For construction other than new
15 construction, as defined in Subsection 304.1, the plan check fee for each type of
16 permit shall be as set forth in Table No. 3-E under the heading “Effective July 1,
17 2010”. Those fees, which are subject to adjustment in accordance with Section
18 304.9, include plans examination to the extent represented in the “included
19 examination time” that has been established by the Building and Safety
20 Department for that project. Additional examination time (referred to as
21 “extraordinary examination time”) will be charged in accordance with Table No.
22 3-E.

23 **304.3 Permit and Inspection Fees**

24 **304.3.1 New Construction.** For new construction, as defined in Subsection
25 304.1, the base fee for each type of permit and the associated inspections shall be
26 the applicable base fee as set forth in Table No. 3-A under the heading “Effective
27 July 1, 2010,” determined with reference to the occupancy and the size basis
28 thresholds listed therein. Such base fees, which are subject to adjustment in

1 accordance with Sections 304.3.2 and 304.9, include:

- 2 1. The fees for the associated mechanical, plumbing and electrical
3 work;
- 4 2. Associated structural reviews; and
- 5 3. Inspections to the extent represented in the “included inspection
6 time” that has been established by the Building and Safety
7 Department for that project.

8 Additional inspection time (referred to as “extraordinary inspection time”) will
9 be charged in accordance with Table No. 3-E.

10 304.3.2 Size-Based Adjustment to Base Fee. For new construction, as
11 defined in Subsection 304.1, the applicable base fee, determined with reference
12 to the occupancy and the size basis thresholds listed therein, shall be increased,
13 in accordance with Table No. 3-C, by the amount that corresponds to the number
14 of square feet by which the construction exceeds the amount of the applicable
15 threshold base fee, taking into account the applicable construction type listed in
16 the various table columns.

17 304.3.3 Other Construction. For construction other than new
18 construction, as defined in Subsection 304.1, the fee for each type of permit and
19 the associated inspections shall be as set forth in Table No. 3-E. Those fees, which
20 are subject to adjustment in accordance with Section 304.9, do not include
21 necessary structural reviews, which shall be chargeable under Section 304.7, but
22 do include:

- 23 1. The fees for the associated mechanical, plumbing and electrical
24 work; and
- 25 2. Inspections to the extent represented in the “included inspection
26 time” that has been established by the Building and Safety
27 Department for that project.

28 Additional inspection time (referred to as “extraordinary inspection time”) will

1 be charged in accordance with Table No. 3-E.

2 **304.3.4 Mechanical/Plumbing/Electrical Work Only.** For work that is
3 limited to mechanical, plumbing, or electrical, the fee for each type of permit and
4 the associated inspections shall be as set forth in Table No. 3-D. Those fees,
5 which are subject to adjustment in accordance with Section 304.9, do not include
6 necessary structural reviews, which shall be chargeable under Section 304.7, but
7 do include inspections to the extent represented in the “included inspection time”
8 that has been established by the Building and Safety Department for that project.
9 Additional inspection time (referred to as “extraordinary inspection time”) will
10 be charged in accordance with Table No. 3-E.

11
12 **Section 13:** Section 304 is hereby amended by adding to Subsection 304.6 thereof
13 a new paragraph, reading as follows:

14 **304.6 Nonrefundable Fees.** Except with respect to fees erroneously
15 collected, the following fees will not be refunded:

- 16 1. Administrative issuance fees.
- 17 2. Zoning requirement review fees collected on behalf of the Planning
18 and Development Department.

19
20 **Section 14:** Section 304 is hereby amended by adding thereto four new
21 subsections, designated as Subsections 304.7, 304.8, 304.9 and 304.10, reading
22 respectively as follows:

23 **304.7 Miscellaneous and Other Fees.** The following fees are chargeable
24 to the extent not included elsewhere under applicable fee tables:

- 25 1. Administrative issuance fees, which are chargeable under Table
26 Nos. 3-D and 3-E and apply to every permit, in addition to any
27 other charge.
- 28 2. Hourly fees for extraordinary examination time and extraordinary

1 inspection time as described in this Section 304 and as set forth in
2 Table No. 3-E.

3 3. All other fees set forth in Table Nos. 3-E and 3-F.

4 304.8 Interpretation of Fee Tables. In connection with certain items of
5 work or construction (or combinations of such items), it may be necessary to
6 consult more than one fee table in order to determine the amounts of all
7 applicable fees. The determination of which fee table or fee tables apply in any
8 particular case shall be within the discretion of the Building Official or his
9 designee.

10 304.9 Fee Increases. Unless otherwise determined by future action of the
11 City Council pursuant to Section 304.10:

- 12 1. All fees set forth in Table Nos. 3-A, 3-D and 3-E under the columns
13 "Effective July 1, 2010" shall be increased on July 1, 2012, and on
14 July 1, 2013, respectively, as set forth under the corresponding
15 columns in those Tables; and
- 16 2. On those dates, there shall be corresponding percentage-based
17 increases in the amounts set forth in Tables 3-B, 3-C and 3-F.

18 304.10 Fee Review. Before July 1, 2012, the Building Official shall review
19 the current fiscal performance of the City of Las Vegas Building and Safety
20 Enterprise Fund to determine the need for the fee increases described in Section
21 304.9. If the Building Official determines that the fee increases are not needed,
22 an appropriate agenda item to remove the increases shall be presented to the City
23 Council for action to do so.

24 SECTION 4: Section 22 of the Supplemental Document referred to in Section 1 is
25 hereby repealed and a new Section 22 is adopted in lieu thereof, reading as follows:

26 Section 22: Table Nos. 3-A, 3-B, 3-C, and 3-D, previously adopted by Ordinance
27 No. 5884, are hereby deleted in their entirety, and new Table Nos. 3-A to 3-F,
28 inclusive, which are attached hereto and incorporated by this reference, are

1 **adopted in lieu thereof.**

2 SECTION 5: Section 30 of the Supplemental Document referred to in Section 1 is
3 hereby repealed and a new Section 30 is adopted in lieu thereof, reading as follows:

4 **Section 30: Fees. Fees related to plumbing permits and plumbing work shall be**
5 **as set forth in Table Nos. 3-A to 3-F, inclusive.**

6 SECTION 6: Section 34 of the Supplemental Document referred to in Section 1 is
7 hereby repealed and a new Section 34 is adopted in lieu thereof, reading as follows:

8 **Section 34: Fees. Fees related to mechanical permits and mechanical work shall**
9 **be as set forth in Table Nos. 3-A to 3-F, inclusive.**

10 SECTION 7: The Department of Building and Safety is authorized to republish the
11 attached fee tables to remove any reference to the word “draft” and to file the final tables with the City
12 Clerk.

13 SECTION 8: If any section, subsection, subdivision, paragraph, sentence, clause or
14 phrase in this ordinance or any part thereof is for any reason held to be unconstitutional or invalid or
15 ineffective by any court of competent jurisdiction, such decision shall not affect the validity or
16 effectiveness of the remaining portions of this ordinance or any part thereof. The City Council of the
17 City of Las Vegas hereby declares that it would have passed each section, subsection, subdivision,
18 paragraph, sentence, clause or phrase thereof irrespective of the fact that any one or more sections,
19 subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional,
20 invalid or ineffective.

BUSINESS IMPACT STATEMENT

BILL NO. 2010-37

(Amends the City's Administrative Code to adopt new fee tables applicable to permits, inspections and other services performed in connection with the City's technical codes, and to make other permit-related adjustments)

This business impact statement was prepared pursuant to NRS 237.090 to address the impact of a proposed ordinance, Bill No. 2010-37, that will amend the City's Administrative Code to adopt new fee tables applicable to permits, inspections and other services performed in connection with the City's technical codes, and to make other permit-related adjustments. Elements of the amendment include:

- Fees that are based on the cost of services provided rather than the estimated value of construction.
- Built-in adjustments in 2012 and 2013, unless the increases are not needed.
- In the case of projects involving the work of more than one trade, a requirement for the general contractor to obtain all permits and pay all related fees.

1. The following constitutes a description of the manner in which comment was solicited from affected businesses, a summary of their responses and an explanation of the manner in which other interested persons may obtain a copy of the summary.

A notice regarding the proposed changes, including an invitation to respond, was published on three consecutive days in the Las Vegas Review-Journal. In addition, a copy of the notice was provided to the Southern Nevada Home Builders Association and to the local chapters of the Associated General Contractors, American Institute of Architects (AIA), and National Association of Industrial and Office Properties (NAIOP). Written responses, including objections, were received from the local chapters of the AIA and NAIOP. A letter of no objection was received from the Structural Engineers Association of Southern Nevada.

Among the concerns raised by the local chapter of AIA were the following:

- That the fee structure's concepts of "included" examination and inspection time and "extraordinary" examination and construction time do not encourage accountability, competence or efficiency on the part of the City.
- That the fee structure should be valuation-based rather than size-based.
- That the fee structure should be more consistent and predictable, and less reliant on City interpretation and judgment.

Among the concerns raised by the local chapter of NAIOP were the following:

- That the fee table classifications should be more closely matched to International Building Code provisions,
- That the ordinance should contain clarifications regarding how fees are to be assessed for broadly based renovations, phased, and/or prototypical projects.
- That the fee tables should not differentiate between shell buildings with potentially different occupancies.
- That the ordinance should include provisions allowing an applicant to challenge the

classification of plans check and inspection fees.

–That fee increases should be accompanied by commensurate increases in service.

2. The estimated economic effect of the proposed rule on businesses, including, without limitation, both adverse and beneficial effects, and both direct and indirect effects:

Adverse effects:

–Increased costs of doing business and a less predictable process and result in fee determination

Beneficial effects:

–Enable the Department of Building and Safety to maintain service levels relating to plans review, inspections and related functions

Direct effects:

See adverse and beneficial effects above

Indirect effects:

None identified

3. The following constitutes a description of the methods the local government considered to reduce the impact of the proposed rule on businesses and a statement regarding whether any, and if so which, of these methods were used:

The Department of Building and Safety is actively considering ways to rework certain fee table categories during the ordinance process to reduce business impact

4. The estimate of the annual cost to the local government for enforcement of the proposed rule is:

No additional cost

5. If the proposed rule provides for a new fee or increases an existing fee, the total annual amount expected to be collected is:

Approximately \$7,786,815, representing a 25% increase over existing budgeted revenue levels for FY11.

6. If the proposed rule provides for a new fee or increases an existing fee, the money generated by the new fee or increase in existing fee will be used by the local government to:

Assist the Department of Building and Safety in maintaining service levels relating to plans review, inspections and related functions.

7. If the proposed rule includes provisions that duplicate or are more stringent than federal, state or local standards regulating the same activity, the following explains why such duplicative or more stringent provisions are necessary:

Not applicable

FIRST AMENDMENT

BILL NO. 2010-37

ORDINANCE NO. _____

AN ORDINANCE RELATING TO THE CITY'S ADMINISTRATIVE CODE; AMENDING THE SUPPLEMENTAL DOCUMENT TO THAT CODE TO ADOPT NEW FEE TABLES APPLICABLE TO PERMITS, INSPECTIONS AND OTHER SERVICES PERFORMED IN CONNECTION WITH THE CITY'S TECHNICAL CODES, AND TO MAKE OTHER PERMIT-RELATED ADJUSTMENTS; AND PROVIDING FOR OTHER RELATED MATTERS.

Sponsored by: Councilman Gary Reese

Summary: Amends the City's Administrative Code to adopt new fee tables applicable to permits, inspections and other services performed in connection with the City's technical codes, and to make other permit-related adjustments.

THE CITY COUNCIL OF THE CITY OF LAS VEGAS DOES HEREBY ORDAIN
AS FOLLOWS:

SECTION 1: The document entitled "A Supplemental Document Amending the Uniform Administrative Code, 1997 Edition," which was adopted by Ordinance No. 5884, is hereby amended as set forth in Sections 2 to 6, inclusive, of this Ordinance.

SECTION 2: Section 6 of the Supplemental Document referred to in Section 1 is hereby repealed and a new Section 6 is adopted in lieu thereof, reading as follows:

Section 6: Section 301 is hereby amended by deleting Subsection 301.1 and substituting therefor a new Subsection 301.1 and a new Subsection 301.1.1, reading as follows:

301.1 Permits Required. Except as specified in Subsection 301.1.1 of this Section or in Section 26 of this Supplemental Document, no building, structure, building service equipment or onsite improvement regulated by this Code or any of the technical codes shall be erected, constructed, enlarged, altered, repaired, moved, improved, removed, converted, or demolished unless a separate, appropriate permit for each building, structure, building service equipment or onsite improvement has first been obtained from the Building Official. If work

Submitted At Meeting

Date 8/17/10 Item 6

1 is commenced before a necessary and appropriate permit for the work has been
2 obtained, the Building Official is authorized to charge an additional fee in the
3 amount of the building permit fee (i.e., a double fee).

4 301.1.1 Licensing and Contractor Requirements. No building permits
5 shall be issued for building work which is required to be performed by a licensed
6 contractor under NRS Chapter 624 unless the applicant is appropriately licensed
7 by the State of Nevada and is licensed to do business within the City. Whenever
8 two or more trades (building, plumbing, mechanical, or electrical) are to perform
9 work on a project, a general contractor must be retained for the project, unless
10 this requirement is waived by the Building Official. Where the preceding
11 sentence requires that a general contractor be retained, the general contractor
12 shall be responsible for acquiring the permits for all the trades to be involved in
13 the work, and shall be responsible for paying all fees associated with the work in
14 accordance with Table Nos. 3-A, 3-B and 3-C. A general contractor to whom a
15 permit is issued shall be responsible for all work authorized for the project and
16 shall post at the job site a list of all subcontractors doing work on the job with
17 their names, their State subcontractor's license numbers and classifications and
18 their City business license numbers. Mechanical, electrical and plumbing
19 subcontractors shall register with the Department when all permits have been
20 taken out by the general contractor. The general contractor and subcontractors
21 must meet all applicable qualifications and requirements described in the
22 technical codes.

23 NOTE: Additional licensing requirements concerning plumbing work are
24 contained in Sections 23 to 30, inclusive, of this Supplemental Document.
25 Additional licensing requirements concerning mechanical work are contained in
26 Sections 31 to 34, inclusive, of this Supplemental Document.

27 SECTION 3: Sections 12, 13 and 14 of the Supplemental Document referred to in
28 Section 1 are hereby repealed and new Sections 12, 13 and 14 are adopted in lieu thereof, reading as

1 follows:

2
3 **Section 12: Section 304 is hereby amended by deleting Subsection 304.1, 304.2,**
4 **and 304.3, and substituting therefor new Subsections 304.1, 304.2, and 304.3,**
5 **including their constituent parts, reading as follows:**

6 **304.1 General Provisions.**

7 **304.1.1 Fees—Generally.** Fees shall be assessed in accordance with the
8 provisions of this Section and the fee tables adopted in connection with this
9 Supplemental Document, as amended by the City Council from time to time.
10 Political subdivisions which by law are exempt from the payment of building
11 permit fees are not exempt from:

- 12 1. The plan check fees described in this Section 304;
13 2. Sewer connection fees; or
14 3. Any other development-related fee, except to the extent provided
15 by law.

16 **304.1.2 Fee-Related Definitions.** For purposes of this Section 304:

- 17 1. “New construction” refers to new construction, remodels and
18 additions relating to the occupancies that are listed in Table No. 3-
19 A, as adopted in connection with this Supplemental Document.
20 2. “Included examination time,” with respect to a project and the fees
21 chargeable in relation thereto, means the amount of time
22 (measured in hours) that the Building Official has estimated as
23 necessary to complete the required review of plans by Building and
24 Safety staff for compliance with applicable codes relating to the
25 issuance of a building permit (plan check). The plan check fees
26 that have been set with respect to any particular type of project are
27 deemed to entitle the developer/contractor/owner of that particular
28 project to a level of effort and service from the Building and Safety

1 plan check fee as set forth in Table No. 3-A under the heading "Effective July 1,
2 2010," determined with reference to the occupancy and the size basis thresholds
3 listed therein. Such base fees, which are subject to adjustment in accordance with
4 Sections 304.2.2 and 304.9, include plans examination to the extent represented
5 in the "included examination time" that has been established by the Building and
6 Safety Department for that project. Additional examination time (referred to as
7 "extraordinary examination time") will be charged in accordance with Table No.
8 3-E.

9 304.2.2 Size-Based Adjustment to Base Plan Check Fee. For new
10 construction, as defined in Subsection 304.1, the applicable base plan check fee,
11 determined with reference to the occupancy and the size basis thresholds listed
12 therein, shall be increased, in accordance with Table No. 3-B, by the amount that
13 corresponds to the number of square feet by which the construction exceeds the
14 amount of the applicable threshold base plan check fee, taking into account the
15 applicable construction type listed in the various table columns.

16 304.2.3 Other Construction. For construction other than new
17 construction, as defined in Subsection 304.1, the plan check fee for each type of
18 permit shall be as set forth in Table No. 3-E under the heading "Effective July 1,
19 2010". Those fees, which are subject to adjustment in accordance with Section
20 304.9, include plans examination to the extent represented in the "included
21 examination time" that has been established by the Building and Safety
22 Department for that project. Additional examination time (referred to as
23 "extraordinary examination time") will be charged in accordance with Table No.
24 3-E.

25 304.3 Permit and Inspection Fees

26 304.3.1 New Construction. For new construction, as defined in Subsection
27 304.1, the base fee for each type of permit and the associated inspections shall be
28 the applicable base fee as set forth in Table No. 3-A under the heading "Effective

1 July 1, 2010,” determined with reference to the occupancy and the size basis
2 thresholds listed therein. Such base fees, which are subject to adjustment in
3 accordance with Sections 304.3.2 and 304.9, include:

- 4 1. The fees for the associated mechanical, plumbing and electrical
5 work;
- 6 2. Associated structural reviews; and
- 7 3. Inspections to the extent represented in the “included inspection
8 time” that has been established by the Building and Safety
9 Department for that project.

10 Additional inspection time (referred to as “extraordinary inspection time”) will
11 be charged in accordance with Table No. 3-E.

12 304.3.2 Size-Based Adjustment to Base Fee. For new construction, as
13 defined in Subsection 304.1, the applicable base fee, determined with reference
14 to the occupancy and the size basis thresholds listed therein, shall be increased,
15 in accordance with Table No. 3-C, by the amount that corresponds to the number
16 of square feet by which the construction exceeds the amount of the applicable
17 threshold base fee, taking into account the applicable construction type listed in
18 the various table columns.

19 304.3.3 Other Construction. For construction other than new
20 construction, as defined in Subsection 304.1, the fee for each type of permit and
21 the associated inspections shall be as set forth in Table No. 3-E. Those fees, which
22 are subject to adjustment in accordance with Section 304.9, do not include
23 necessary structural reviews, which shall be chargeable under Section 304.7, but
24 do include:

- 25 1. The fees for the associated mechanical, plumbing and electrical
26 work; and
- 27 2. Inspections to the extent represented in the “included inspection
28 time” that has been established by the Building and Safety

1 Department for that project.

2 Additional inspection time (referred to as “extraordinary inspection time”) will
3 be charged in accordance with Table No. 3-E.

4 304.3.4 Mechanical/Plumbing/Electrical Work Only. For work that is
5 limited to mechanical, plumbing, or electrical, the fee for each type of permit and
6 the associated inspections shall be as set forth in Table No. 3-D. Those fees,
7 which are subject to adjustment in accordance with Section 304.9, do not include
8 necessary structural reviews, which shall be chargeable under Section 304.7, but
9 do include inspections to the extent represented in the “included inspection time”
10 that has been established by the Building and Safety Department for that project.
11 Additional inspection time (referred to as “extraordinary inspection time”) will
12 be charged in accordance with Table No. 3-E.

13
14 Section 13: Section 304 is hereby amended by adding to Subsection 304.6 thereof
15 a new paragraph, reading as follows:

16 304.6 Nonrefundable Fees. Except with respect to fees erroneously
17 collected, the following fees will not be refunded:

- 18 1. Administrative issuance fees.
- 19 2. Zoning requirement review fees collected on behalf of the Planning
20 and Development Department.

21
22 Section 14: Section 304 is hereby amended by adding thereto four new
23 subsections, designated as Subsections 304.7, 304.8, 304.9 and 304.10, reading
24 respectively as follows:

25 304.7 Miscellaneous and Other Fees. The following fees are chargeable
26 to the extent not included elsewhere under applicable fee tables:

- 27 1. Administrative issuance fees, which are chargeable under Table
28 Nos. 3-D and 3-E and apply to every permit, in addition to any

1 other charge.

2 2. Hourly fees for extraordinary examination time and extraordinary
3 inspection time as described in this Section 304 and as set forth in
4 Table No. 3-E.

5 3. All other fees set forth in Table Nos. 3-E and 3-F.

6 304.8 Interpretation of Fee Tables. In connection with certain items of
7 work or construction (or combinations of such items), it may be necessary to
8 consult more than one fee table in order to determine the amounts of all
9 applicable fees. The determination of which fee table or fee tables apply in any
10 particular case shall be within the discretion of the Building Official or his
11 designee.

12 304.9 Fee Increases. Unless otherwise determined by future action of the
13 City Council pursuant to Section 304.10:

14 1. All fees set forth in Table Nos. 3-A, 3-D and 3-E under the columns
15 "Effective July 1, 2010" shall be increased on July 1, 2012, and on
16 July 1, 2013, respectively, as set forth under the corresponding
17 columns in those Tables; and

18 2. On those dates, there shall be corresponding percentage-based
19 increases in the amounts set forth in Tables 3-B, 3-C and 3-F.

20 304.10 Fee Review. Before July 1, 2012, the Building Official shall review
21 the current fiscal performance of the City of Las Vegas Building and Safety
22 Enterprise Fund to determine the need for the fee increases described in Section
23 304.9. Following the completion of the review, the Building Official will present
24 the results of the review to the City of Las Vegas Building and Safety Enterprise
25 Fund Committee for consideration in accordance with NRS 354.59893. If the
26 Building Official determines that the fee increases are not needed, an appropriate
27 agenda item to remove the increases shall be presented to the City Council for
28 action to do so.

1 SECTION 4: Section 22 of the Supplemental Document referred to in Section 1 is
2 hereby repealed and a new Section 22 is adopted in lieu thereof, reading as follows:

3 **Section 22: Table Nos. 3-A, 3-B, 3-C, and 3-D, previously adopted by Ordinance**
4 **No. 5884, are hereby deleted in their entirety, and new Table Nos. 3-A to 3-F,**
5 **inclusive, which are attached hereto and incorporated by this reference, are**
6 **adopted in lieu thereof.**

7 SECTION 5: Section 30 of the Supplemental Document referred to in Section 1 is
8 hereby repealed and a new Section 30 is adopted in lieu thereof, reading as follows:

9 **Section 30: Fees. Fees related to plumbing permits and plumbing work shall be**
10 **as set forth in Table Nos. 3-A to 3-F, inclusive.**

11 SECTION 6: Section 34 of the Supplemental Document referred to in Section 1 is
12 hereby repealed and a new Section 34 is adopted in lieu thereof, reading as follows:

13 **Section 34: Fees. Fees related to mechanical permits and mechanical work shall**
14 **be as set forth in Table Nos. 3-A to 3-F, inclusive.**

15 SECTION 7: If any section, subsection, subdivision, paragraph, sentence, clause or
16 phrase in this ordinance or any part thereof is for any reason held to be unconstitutional or invalid or
17 ineffective by any court of competent jurisdiction, such decision shall not affect the validity or
18 effectiveness of the remaining portions of this ordinance or any part thereof. The City Council of the
19 City of Las Vegas hereby declares that it would have passed each section, subsection, subdivision,
20 paragraph, sentence, clause or phrase thereof irrespective of the fact that any one or more sections,
21 subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional,
22 invalid or ineffective.

NAIOP Southern Nevada Chapter
Concerns Regarding City of Las Vegas
Proposed Building & Safety Permit Fee Increases
Tuesday, August 17, 2010 – Recommending Committee Meeting

1. Staff salaries have increased between 40% - 70% from 2007 to 2009
2. Staff salaries are much higher than any other municipality for the same position
3. City of Henderson staff took pay cuts in 2009, all salaries increased in City of Las Vegas for 2009
4. Fee increases are being proposed to offset increases to already bloated salary, but not to increase service delivery to the development and business community
5. There are fewer people allocated to do the work at a higher cost per person. Service delivery will not improve without property staff to handle the work load. The City can't keep laying off employees. Instead salaries need to be adjusted to market conditions of other jurisdictions at a minimum, but even more so to the building/construction industry private sector
6. If salaries can not be adjusted, the city should consider outsourcing the building & safety department functions to a private entity that will be contractually obligated to deliver their services in a timely manner according to existing codes or face being replaced.
7. Extraordinary plans check and inspection time should be eliminated. It is very vague and open to abuse of interpretation.
8. Appeals board to be created with industry and department staff. This would diminish cronyism and is a process used by many other jurisdictions.
9. Minimum standard turnaround time guidelines to be established for over the counter tenant improvements and building permits
10. Building inspections to be handled the next day
11. How can a completely revised "cost-based" fee structure provide a 25% increase in current fees across the board?
12. The Fee Types charts are virtually indecipherable and not consistent. For example, these three types of building shells should take a similar amount of time to plans check and inspect, but per the charts, the four walls of an office zoned property take 55% more time to inspect compared to a retail shell building, and 26% more time to plans review than an industrial building.

20,000 SF Shell Building	Plans Check	Hours	Permits/Inspections	Hours	Total Fees
Office	\$ 1,987	12.4	\$ 7,136	44.6	\$ 9,123
Retail	\$ 1,896	11.9	\$ 4,585	28.7	\$ 6,481
Industrial	\$ 1,574	9.8	\$ 3,815	23.8	\$ 5,389

****Warehouse/storage buildings are not allowed as shell buildings** Why not?**
Hours are calculated by dividing the fee by \$160 to derive number of hours associated with that service.

Submitted At Meeting

Date 8/17/10 Item 6

In this scenario, the same office building would cost more to permit if you built it as a shell building with common areas (expanded shell), than if you built it with all interior improvements done at the same time.

25,000 SF Office Building	Plans Check	Hours	Permits/Inspections	Hours	Total Fees
Shell Only	\$ 1,987	12.4	\$ 7,136	44.6	\$ 9,123
Shell & Common Areas	\$ 3,368	21.1	\$ 8,265	51.7	\$ 11,633
Shell & All Tenant Improvmts	\$ 2,613	16.3	\$ 8,793	55.0	\$ 11,406
25,000 SF TI Only (after shell)	\$ 1,454	9.1	\$ 3,672	23.0	\$ 5,126

Phasing of Interior Improvements & Changes to Permit/Inspection Costs					
Shell then TI's	\$ 3,441	21.5	\$ 10,808	67.6	\$ 14,249
Shell & C/A, then TI's	\$ 4,822	30.1	\$ 11,937	74.6	\$ 16,759
Shell & all TI's at same time	\$ 2,613	16.3	\$ 8,793	55.0	\$ 11,406

NAIOP has serious concerns about the increased fee proposal. It is merely a band-aid for a much deeper problem relating to staff pay. NAIOP does not oppose going to a "cost-based" structure and paying the "reasonable", industry standard fees that would be associated with those services.

PURPOSE/BACKGROUND:

This bill will establish time limits within which a member of the City Council may request reconsideration of Council action to deny a zoning-related application. The Planning and Development Department desires to have such time limits established by ordinance rather than having potential reconsiderations decided on a case-by-case basis. Under this bill, a Council request to reconsider must be made at the same meeting at which the denial occurs or within 14 days thereafter.

RECOMMENDATION:

This bill should be submitted to a Recommending Committee for review, hearing and recommendation to the City Council for final action.

ORDINANCE NO. _____

AN ORDINANCE TO ESTABLISH TIME LIMITS WITHIN WHICH A MEMBER OF THE CITY COUNCIL MAY REQUEST RECONSIDERATION OF COUNCIL ACTION TO DENY A ZONING-RELATED APPLICATION, AND TO PROVIDE FOR OTHER RELATED MATTERS.

Sponsored by: Councilman Steven D. Ross

Summary: Establishes time limits within which a member of the City Council may request reconsideration of Council action to deny a zoning-related application.

THE CITY COUNCIL OF THE CITY OF LAS VEGAS DOES HEREBY ORDAIN
AS FOLLOWS:

SECTION 1: Title 19, Chapter 18, Section 10, of the Municipal Code of the City of Las Vegas, Nevada, 1983 Edition, is hereby amended by adding thereto a new subsection, designated as Subsection (I), reading as follows:

(I) Reconsideration of Council Action to Deny an Application

(1) Action by the City Council to deny an application, where such action is "final action" under the provisions of this Chapter, shall be deemed final action for purposes of judicial review, subject to the provisions of Paragraph (2) below. However, for purposes other than judicial review, City Council action taken pursuant to this Paragraph (1) or Paragraph (2) below shall be subject to the provisions of Paragraphs (3) through (5) below.

(2) Any member of the City Council who voted with the majority regarding an application referred to in Paragraph (1) above may, at the same meeting at which the action was taken, request that the item be reconsidered at that meeting.

(3) During the period of fourteen calendar days following action taken pursuant to Paragraphs (1) or (2) above to deny an application, any member of the City Council who voted with the majority regarding the application may file with the City Clerk a written request for the item to be rescinded and reconsidered. If such a request is made (and subject to the provisions of Paragraph (4) below), an appropriate item to rescind the previous vote shall be put on the next available Council agenda, and a follow-up item to reconsider the vote may be put on that same agenda or the next available agenda.

1 (4) No agenda item to rescind or to reconsider an item under this Subsection (I) shall be
2 considered unless:

3 (a) Consideration of the item is in compliance with the requirements of NRS
4 Chapter 241; and

5 (b) Notice of consideration of the item has been provided to property owners (and
6 published) to the same extent as when the item was heard previously.

7 (5) The provisions of this Subsection (I) shall apply notwithstanding any other provision
8 of this Chapter, and notwithstanding any custom or procedural rule that governs or has governed
9 action by the City Council.

10 SECTION 2: For purposes of Section 2.100(3) of the City Charter, LVMC 19.18.010
11 is deemed to be a subchapter rather than a section.

12 SECTION 3: If any section, subsection, subdivision, paragraph, sentence, clause or
13 phrase in this ordinance or any part thereof is for any reason held to be unconstitutional or invalid or
14 ineffective by any court of competent jurisdiction, such decision shall not affect the validity or
15 effectiveness of the remaining portions of this ordinance or any part thereof. The City Council of the
16 City of Las Vegas hereby declares that it would have passed each section, subsection, subdivision,
17 paragraph, sentence, clause or phrase thereof irrespective of the fact that any one or more sections,
18 subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional,
19 invalid or ineffective.

11 THE CITY COUNCIL OF THE CITY OF LAS VEGAS DOES HEREBY ORDAIN
12 AS FOLLOWS:

13 SECTION 1: Title 13, Chapter 36, Section 10, of the Municipal Code of the City of
14 Las Vegas, Nevada, 1983 Edition, is hereby amended to read as follows:

15 **13.36.010:** The Director of the Department of [Parks and Leisure Activities] Leisure Services shall
16 exercise such powers and perform such duties as may be specified by the City Council or the City
17 Manager. As used in this Chapter, the term "Department" refers to the Department of Leisure
18 Services, and the term "Director" refers to the Director of that Department or the Director's designee.

19 SECTION 2: Title 13, Chapter 36, Section 80, of the Municipal Code of the City of
20 Las Vegas, Nevada, 1983 Edition, is hereby amended to read as follows:

21 **13.36.080:** (A) Any person who desires to use any park or recreational facility of the City for
22 [a group of twenty-five individuals or more, or any person who desires to conduct some event in which
23 it could reasonably be assumed that twenty-five or more persons might gather at a park or recreational
24 facility of the City to participate in or witness such event,] any demonstration, festival, fair, concert
25 or any other organized assemblage of seventy-five or more participants shall first apply and obtain a
26 permit from the Director. For purposes of this Subsection (A), "participant" means any individual
27 who, along with others, is gathered for a common purpose under the direction, control or invitation
28 of a person or group of people.

1 (B) This Section does not apply to any event which is sponsored by the Department.

2 SECTION 3: Title 13, Chapter 36, Section 90, of the Municipal Code of the City of
3 Las Vegas, Nevada, 1983 Edition, is hereby amended to read as follows:

4 **13.36.090:** The Director may deny or condition the issuance of any permit which is applied for
5 pursuant to Section 13.36.090 in order to:

6 (A) Protect the use and enjoyment of the park or facility for other members of the
7 public;

8 (B) Protect the health and safety of all persons who visit the park or facility;

9 (C) Ensure that there is adequate parking and sanitary facilities to accommodate all
10 persons who use the park or facility;

11 (D) Protect the grounds, equipment, vegetation, buildings, fences and other
12 amenities of the park or facility from damage, overuse or destruction;

13 (E) Provide that the park or facility and the surrounding area is kept clean and free
14 from debris;

15 (F) Ensure that the group use does not disturb [or annoy] persons who occupy land
16 which is nearby such park or facility.

17 SECTION 4: (A) The deputy marshals of the City may not, without due process
18 of law, remove a person from, or require a person to leave, a public park under the authority of any
19 statute or ordinance relating to trespassing.

20 (B) The City, including its deputy marshals, may ban a person from a public park
21 only when there is evidence of unlawful activity, and may do so only pursuant to:

22 (1) A lawful arrest or criminal citation and subsequent court order; or

23 (2) An ordinance providing for an administrative appeal hearing and the
24 availability of subsequent judicial review.

25 ...

26 ...

27 ...

28 ...

1 SECTION 5: (A) The following portion of James Gay Park, generally located at
2 the southeast corner of "B" Street and Harrison Avenue, shall be set aside for use by adults, whether
3 or not they are accompanying children:

4 **That portion of James Gay Park located south of Harrison Avenue and north of**
5 **the easterly extension of the centerline of West Van Buren Avenue.**

6 (B) The City shall erect a fence between the portion of James Gay Park described
7 in Subsection (A) of this Section and the remaining portion of the park, which will continue to operate
8 under LVMC Chapter 13.36 as a children's park. The City shall also install an entry gate in the fence
9 along Harrison Avenue to provide access to the portion described in Subsection (A).

10 SECTION 6: Title 13, Chapter 36, Section 55, of the Municipal Code of the City of
11 Las Vegas, Nevada, 1983 Edition, is hereby amended to read as follows:

12 **13.36.055:** (A) The following are prohibited within any City park:

- 13 (1) Fireworks, firearms or weapons of any kind;
- 14 (2) Fires, except in barbecue facilities;
- 15 (3) The hitting of golf balls;
- 16 (4) The use of metal detectors, except for surface finds; and
- 17 (5) The unauthorized sale of goods or services;]; and
- 18 (6) The providing of food or meals to the indigent for free or for a nominal
- 19 fee. For purposes of this Paragraph, an indigent person is a person whom a reasonable ordinary person
- 20 would believe to be entitled to apply for or receive assistance under NRS Chapter 428.]

21 (B) Pursuant to Subsection (B) of Section 13.36.050, a copy or summary of the
22 regulations listed in Subsection (A) of this Section shall be posted at each City park.

23 SECTION 7: If any section, subsection, subdivision, paragraph, sentence, clause or
24 phrase in this ordinance or any part thereof is for any reason held to be unconstitutional or invalid or
25 ineffective by any court of competent jurisdiction, such decision shall not affect the validity or
26 effectiveness of the remaining portions of this ordinance or any part thereof. The City Council of the
27 City of Las Vegas hereby declares that it would have passed each section, subsection, subdivision,
28 paragraph, sentence, clause or phrase thereof irrespective of the fact that any one or more sections,

1 subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional,
2 invalid or ineffective.

3 SECTION 8: All ordinances or parts of ordinances or sections, subsections, phrases,
4 sentences, clauses or paragraphs contained in the Municipal Code of the City of Las Vegas, Nevada,
5 1983 Edition, in conflict herewith are hereby repealed.
