COUNCILMAN BARLOW declared the Public Hearing open.

JIM DiFIORE, Business Services Manager, detailed some of the elements of the proposed bill, which updates the City's licensing regulations governing ice cream trucks and includes provisions pertaining to the hours of operation and signage.

MR. DiFIORE explained for COUNCILMAN BARLOW that currently, there is no provision within the Code that requires the business name and contact information to be displayed on these

ice cream trucks. The bill, if approved, will now make this a requirement within the Code. Any complaint received by staff regarding an unlicensed truck can be investigated because the contact information will now be displayed on the truck, and the caller should have this information when contacting the City. In addition, the owner will now be required to list the City of Las Vegas as an additional insured. This will provide a level of comfort in that the City will not be held liable for any accident that takes place within city limits. MR. DiFIORE gave COUNCILMAN BARLOW an example of this type of situation where an individual may attempt to sue the City, but he believed it would be difficult to do so with this requirement in place.

CHIEF DEPUTY CITY ATTORNEY VAL STEEN added that this type of requirement is standard when entering into contracts and agreed that it is a form of protection for the City if ever named in a lawsuit.

COUNCILMAN BARLOW declared the Public Hearing closed.
