RE: Recommending Committee Item #5. Bill No. 2011-31

Councilman Barlow, respectfully we request your recommendation that this Bill No. 2011-31 NOT be recommended to the CLV Council for passage on 8/2/11 because of the very fact that the length of time we do a thing, the more knowledgeable we may become and misuse such, especially in a government/power position.

Knowing this Our First President refused to serve another term, as have many other leaders at varying levels of governmental power. We know that you also, are aware of the tendency for one to feel that because of inside/certain specific information learned due to previous service, one may have the inclination to purport the ability to make 'better' decisions, pose 'better' questions, 'better' assess the future, etc..

However, human nature, being human nature with sure intent to do the best for all mankind, either cannot or frequently does not 'do the best' for the freedom of all mankind, especially when serving or planning to serve in government power positions.

We have a citizen representative PLANNING COMMISSION due to the wisdom of providing an ordinance with term limits specified.

Please, Recommending Committeeman Barlow, change your previously voiced intentions, by not recommending this Bill No. 2011-31 for approval at the CLV City council meeting August 2, 2011 so that openness in government will be more readily assured.

Thanking you and the entire committee for their due consideration of our concern(s).

June Ingram, President Charleston Neighborhood Preservation and BOARD
