RE: Seeking information answers not available or not understood on selected 8/3/11 Agenda Items

>Agenda items on which we request information for clarity of how our monies are being utilized:

17. How many companies bid on this portable hospital?

What factors determined the choice of the chosen company?

Please provide the words for the acronym LVFR MMRS.

Will this hospital be used outside the LV city limits?

Where will this trailer be located when not in use?

Will quality and maintenance checks be scheduled so that if needed, all systems will properly function and medicines will not be out-dated?

Are more than one similar hospital in future budgets?

Has a similar facility been used near actual disaster-scene locations?

18. How is this money apportioned throughout the state, by eligible population only or ____?

Please share at least 4 ways a defendant may be eligible.

24. Must these total Title IIIB grant funds be used within a certain time-frame in order to obtain such funds for another time-frame?

What was the 2010 total expended?

How many individuals utilized that \$143,722.00 total?

36. What will be the total cost of the improvements in this area?

Are 'union wages' being paid for this areas improvements?

37. We understand much of these \$55,000.00 funds are being expended for ideas, plans, labor, talent, creativity, and individual initiative, which in our nation, are volunteered with the spirit of 'an opportunity' to serve. Taxpayers may cover materials, but common-goal bonding w/o \$ interference can foster a miraculous decrease in neighborhood crime and multiple community positives!

44. Bill No. 2011-31-CNP expressed opposition to the removal of term limits in any government position, especially those acquired by the appointment from an elected official, at the 8/2/11 Recommending Committee.

All residents have abilities which can serve.

The wisdom of providing term limits in a government appointed position is solid no matter how honorably intended the proposed reversal.

Land value and zoning are two actions having possibly the most monetary affects upon the population, which are key to 'planning commissioners'.

NO, needs to be Your Vote regarding the removal of term limits to elected City Council and Mayor appointed CLV Planning Commissioners, even though removal may seem 'justified'.

Please vote NO regarding Bill No. 2011-31.

Submitted at City Council

47. Bill No. 2011-33- We recognize this as yet another layer of tedious government.

With 7 council/mayor members, who appoints the 8th Board of Appeals member? JUANITA CLARK

On what basis are the 4 year terms and 3 year terms bestowed?

CNP wishes an Auspicious August to One and All !
