RE: JAYCEE PARK RENOVATION

Dear Planning:

The City of Las Vegas proposes to renovate Jaycee Park. Park renovation will be constructed with funding provided by SNPLMA. Site improvements include new armadas, a new lighted soccer field, parking lot, reconfigured pathways, new playground area with small water feature, expanded dog-park, upgrade pathway/security lights, minimize turf area and add native plantings.

RPA Landscape Architecture Inc. was the successful consultant selected by the City to perform the design planning. They are a landscape architectural firm specializing in recreation park development, and have been successful on similar types of projects in the valley. They bring many years of experience to the project.

The City of Las Vegas looks at this project as a winning solution that will assist with the growing demands for recreational park use in the Las Vegas Valley. This renovation to an older existing park will be a nice face-lift for the neighborhood. Please recommend the approval of this successful project development. Thank you.
