## ANALYSIS

- **General Plan and Zoning**

The subject site is located in the Centennial Hills Sector of the General Plan with a land-use designation of SC (Service Commercial). This designation allows for a variety of commercial uses that serve primarily local area patrons, including the proposed use. The subject site is under a Resolution of Intent to the C-1 (Limited Commercial) zoning district, within which the proposed Beer/Wine/Cooler Off-Sale Establishment use is permissible with a Special Use Permit.

- **Use**

The sale of beer/wine/coolers for consumption off-premise in conjunction with a car wash is an allowed use within the C-1 (Limited Commercial) Zoning District with the approval of a Special Use Permit. The reason for a special use permit is to ensure that a proposed use conducted in a manner that is harmonious and compatible with uses located on the same or surrounding properties. The process recognizes that, within a given zoning district, certain uses may be appropriate and compatible in some locations but not in others.

The Special Use Permit process allows a site-specific inquiry into the compatibility of a proposed use at a particular location, taking into account: the characteristics of the site and the surroundings; the relevant zoning and planning principles; and the input of the Planning Commission, City Council and other interested parties. The proposed Beer/Wine/Cooler Off-Sale Establishment use is not compatible with the surrounding neighborhoods because of the type, intensity and number of uses proposed on this site, in combination with the approved tavern. Therefore staff recommends denial.

- **Conditions**

The submitted documents indicate that the proposed use meets all of the applicable requirements for this special use from Title 19.04 listed below; however, the Beer/Wine/Cooler Off-Sale Establishment use is not appropriate at this particular location because of the type, intensity and number of uses proposed on this site.

The following conditions apply to the proposed use:

1. Except as otherwise provided in this Chapter, no retail establishment with accessory package liquor off-sale (hereinafter establishment) shall be located within four hundred feet of any church, synagogue, child care facility licensed for more than twelve children, or City park.
2. Except as otherwise provided in Paragraph 3 below, the distances referred to in Paragraph 1 shall be determined with reference to the shortest distance between two property lines, one being the property line of the proposed establishment which is closest to the existing use to which the measurement pertains, and the other being the property line of that existing use which is closest to the proposed establishment. The distance shall be measured in a straight line without regard to intervening obstacles. For purpose of measurement, the term property line refers to property lines of fee interest parcels and does not include the property line of:

- a. Any leasehold parcel; or
  - b. Any parcel which lacks access to a public street or has no area for on-site parking and which has been created so as to avoid the distance limitation described in Paragraph 1.
3. In the case of an establishment property to be located on a parcel of at least eighty acres in size, the minimum distances referred to in Paragraph 1 shall be measured in a straight line:
- a. From the nearest property line of the existing use to the nearest portion of the structure in which the establishment will be located, without regard to intervening obstacles; or
  - b. In the case of a proposed establishment which will be located within a shopping center or other multiple-tenant structure, from the nearest property line of the existing use to the nearest property lines of a leasehold or occupancy parcel in which the establishment will be located, without regard to intervening obstacles.
4. When considering a Special Use Permit application for an establishment which also requires a waiver of the distance limitation in Paragraph 1, the Planning Commission shall take into consideration the distance policy and shall, as part of its recommendation to the City Council, state whether the distance requirement should be waived and the reasons in support of the decision.
5. The minimum distance requirements in Paragraph 1 do not apply to:
- a. An establishment which has a nonrestricted gaming license in connection with a hotel having two hundred or more guest rooms on or before July 1, 1992 or in connection with a resort hotel having in excess of two hundred guest rooms after July 1, 1992; or
  - b. A proposed establishment having more than fifty thousand square feet of retail floor space.
6. All businesses which sell alcoholic beverages shall conform to the provisions of Chapter 6.50 of the Las Vegas Municipal Code.
7. The minimum distance requirements set forth in paragraph 1, which are otherwise nonwaivable under the provisions of this subdivision, maybe be waived:
- a. In accordance with the provisions of Section 19.040.050(A)(4) for any establishment which is proposed to be located on a parcel within the Downtown Casino Overlay District;
  - b. In accordance with the applicable provisions of the Town Center Development Standards Manual for any establishment which is proposed to be located within the T-C (Town Center) Zoning District and which is designated MS-TC (Main Street Mixed Use) in the Town Center Land Use Plan; or

- c. In connection with a retail establishment having less than twenty thousand square feet of retail floor space, if the area to be used for the sale, display or merchandising of alcoholic beverages and each use to be protected are separated by a highway or right-of-way with a width of at least one hundred feet.

## **FINDINGS**

**The following findings must be made for a Special Use Permit:**

- 1. The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

While the proposed project is compatible with the General Plan land-use designation for the area and satisfies the requirements of the Zoning Code with respect to minimum separation distance requirements, the intensity of a Beer/Wine/Cooler Off-sale Establishment use on this site in combination with an approved tavern is too intense to be harmonious and compatible with the surrounding area.

- 2. The subject site is physically suitable for the type and intensity of land use proposed.**

The intensity of the Beer/Wine/Cooler Off-Sale Establishment use, particularly in combination with the other proposed uses on this site are too intense in scope and number for the surrounding residential neighborhoods.

- 3. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

The proposed Beer/Wine/Cooler Off-Sale Establishment use will be accessed from Durango Drive and Grand Teton Drive, identified on the Master Plan of Streets and Highways as a 100-foot Primary Arterials and a 120-Foot Parkway Arterial, respectively. While these roads have adequate capacity, the proposed uses are too intense for this intersection.

**4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

The proposed Beer/Wine/Cooler Off-Sale Establishment use in combination with the other proposed and approved uses is too intense for the location; and therefore, staff finds that approval of the Special Use Permit will be inconsistent with the public health, safety, and welfare as well as the overall objectives of the General Plan.

**5. The use meets all of the applicable conditions per Title 19.04.**

The subject site meets all applicable conditions for a Beer/Wine/Cooler Off-Sale Establishment as per the requirements of Title 19.04; however, for the aforementioned reasons, this use is not appropriate for the subject site.
