NOTE: EFFECTIVE MARCH 13, 2012, THE PLANNING COMMISSION MEETING WILL BE RELOCATED TO THE COUNCIL CHAMBERS AT THE NEW CITY HALL LOCATED AT 495 SOUTH MAIN STREET

March 13, 2012

6:00 PM

ITEMS MAY BE TAKEN OUT OF THE ORDER PRESENTED AT THE DISCRETION OF THE CHAIRPERSON. TWO OR MORE AGENDA ITEMS FOR CONSIDERATION MAY BE COMBINED; AND ANY ITEM ON THE AGENDA MAY BE REMOVED OR RELATED DISCUSSION MAY BE DELAYED AT ANY TIME.

NOTICE: This meeting has been properly noticed and posted at the following locations:

City Hall Plaza, 400 Stewart Avenue, Vending Area
City Clerk's Bulletin Board, 400 Stewart Avenue, 2nd Floor Skybridge
Clark County Government Center, 500 South Grand Central Parkway
Las Vegas Library, 833 Las Vegas Boulevard North
Grant Sawyer Building, 555 East Washington Avenue
City of Las Vegas Development Services Center, 333 North Rancho Drive

ACTIONS: ALL ACTIONS EXCEPT GENERAL PLAN AMENDMENTS, REZONINGS AND RELATED CASES THERETO ARE FINAL UNLESS AN APPEAL IS FILED BY THE APPLICANT OR AN AGGRIEVED PERSON, OR A REVIEW IS REQUESTED BY A MEMBER OF THE CITY COUNCIL WITHIN TEN DAYS AND PAYMENT OF THOSE COSTS SHALL BE MADE UPON FILING OF THE APPLICATION.

ANY ITEM LISTED IN THIS AGENDA MAY BE TAKEN OUT OF ORDER IF SO REQUESTED BY THE APPLICANT, STAFF, OR A MEMBER OF THE PLANNING COMMISSION AND AGREED TO BY THE PLANNING COMMISSION. THE PLANNING COMMISSION MAY

IMPOSE TIME LIMITATIONS, AS NECESSARY, ON THOSE PERSONS WISHING TO BE HEARD ON ANY AGENDAED ITEM.

PLANNING COMMISSION MEETING RULES OF CONDUCT:

1. Staff will present each item to the Commission in order as shown on the agenda, along with a recommendation and suggested conditions of approval, if appropriate.

2. The applicant is asked to be at the public microphone during the staff presentation. When the staff presentation is complete, the applicant should state his name and address, and indicate whether or not he accepts staff's conditions of approval.

3. If areas of concern are known in advance, or if the applicant does not accept staff's condition, the applicant or his representative is invited to make a brief presentation of his item with emphasis on any items of concern.

4. Persons other than the applicant who support the request are invited to make brief statements after the applicant. If more than one supporter is present, comments should not be repetitive. A representative is welcome to speak and indicate that he speaks for others in the audience who share his view.

5. Objectors to the item will be heard after the applicant and any other supporters. All who wish to speak will be heard, but in the interest of time it is suggested that representatives be selected who can summarize the views of any groups of interested parties.

6. After all objectors' input has been received; the applicant will be invited to respond to any new issues raised.

7. Following the applicant's response, the public hearing will be closed; Commissioners will discuss the item amongst themselves, ask any questions they feel are appropriate, and proceed to a motion and decision on the matter.

8. Letters, petitions, photographs and other submissions to the Commission will be retained for the record. Large maps, models and other materials may be displayed to the Commission from the microphone area, but need not be handed in for the record unless requested by the Commission.

As a courtesy, we would ask those not speaking to be seated and not interrupt the speaker or the Commission. We appreciate your courtesy and hope you will help us make your visit with the Commission a good and fair experience.

RE: RQR-31290 – REQUIRED REVIEW
CITY COUNCIL MEETING OF DECEMBER 17, 2008

Dear Mr. Levine:

The City Council at a regular meeting held December 17, 2008 APPROVED the REQUIRED TWO YEAR REVIEW of a Special Use Permit (SUP-16947) FOR A 14 FOOT X 48 FOOT OFF-PREMISE SIGN (BILLBOARD) at 4600 Meadows Lane (APN 139-31-110-002), C-1 (Limited Commercial) Zone. The Notice of Final Action was filed with the Las Vegas City Clerk on December 18, 2008. This approval is subject to:

Planning & Development

1. Conformance to the Conditions of Approval for Special Use Permit (SUP-16947).

2. Landscaping shall meet plans approved 04/11/07 within 30 days and be continuously maintained.

3. The existing graffiti on the sign structure and trash accumulation shall be removed within 30 days of final approval by the City of Las Vegas.

4. This Special Use permit (SUP-16947) shall be reviewed in three (3) years at which time the City Council may require the Off-Premise Advertising (Billboard) Sign be removed. The applicant shall be responsible for notification costs of the review. Failure to pay the City for these costs may result in a requirement that the Off-Premise Advertising (Billboard) Sign is removed.

5. The Off-Premise Advertising (Billboard) Sign and its supporting structure shall be properly maintained and kept free of graffiti at all times. Failure to perform the required maintenance may result in fines and/or removal of the Off-Premise Advertising (Billboard) Sign.

RE: SUP-16947 – SPECIAL USE PERMIT
CITY COUNCIL MEETING OF DECEMBER 6, 2006

Dear Mr. Curran:

The City Council at a regular meeting held December 6, 2006 APPROVED the request for a Special Use Permit FOR A PROPOSED OFF-PREMISE ADVERTISING SIGN (BILLBOARD) at 4600 Meadows Lane (APN 139-31-110-002), C-1 (Limited Commercial) Zone. The Notice of Final Action was filed with the Las Vegas City Clerk on December 7, 2006. This approval is subject to:

Added condition

A. A landscaping plan must be submitted and approved prior to issuance of a Building Permit. Said plan shall be approved by Planning and Development staff to enhance landscaping at the base of the sign.

Planning and Development

1. The billboard face shall consist of static vinyl panels, or a similar material as approved by the Planning and Development Department

2. Animated and electronic message unit signage and digital signage is prohibited.

3. The billboard is limited to the exact height as specified in the public hearing notice. If the height of the adjacent freeway increases, the billboard is not entitled to any height increases allowed by Title 19 or Nevada Revised Statutes.

4. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.

5. This Special Use Permit shall be reviewed in two years at which time the City Council may require the Off-Premise Advertising (Billboard) Sign be removed. The applicant shall be responsible for notification costs of the review. Failure to pay the City for these costs may result in a requirement that the Off-Premise Advertising (Billboard) Sign is removed.

6. The Off-Premise Advertising (Billboard) Sign and its supporting structure shall be properly maintained and kept free of graffiti at all times. Failure to perform the required maintenance may result in fines and/or removal of the Off-Premise Advertising (Billboard) Sign.

7. Only one advertising sign is permitted per sign face.

8. If the existing off-premise sign is voluntarily demolished, this Special Use Permit shall be expunged and a new off-premise sign shall not be permitted in the same location unless a Special Use Permit is approved for the new structure by the City Council.

9. The Off-Premise Advertising (Billboard) Sign supporting structure shall be redesigned to include finish materials that complement the existing on-site building. The entire face-area of both sides of the Off-Premise Advertising (Billboard) Sign shall be signage area or its border framework; none of the supporting structure shall be visible aside from the support pole.

10. Bird deterrent devices shall be installed on the sign.

11. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

Public Works

12. The proposed off-premise advertising (billboard) shall not be located within the public right-of–way or interfere with Site Visibility Restriction Zones. The billboard base shall not be located within existing or proposed public sewer or drainage easements.

Re: 1110 Bonneville Ave.
APN – 139-34813-012

Issue Presented – Whether a Special Use Permit should be approved for 1110 Bonneville Ave. to allow for a Bail Bond Company (Rescue Bail Bonds) to conduct business at that location. Pursuant to Title 19.18, a Bail bond Company is an establishment that makes available to the public undertakings of bail in connection with judicial proceedings.

This request is made on behalf of the owner of Rescue Bail Bonds, Lamar Kruitbosch. Previously, Rescue Bail Bonds had been in operation for over a decade at 505 Bonneville Ave. Unfortunately, on February 9, 2011 that location burned in a fire.

Subsequent to the fire, Rescue Bail Bonds had a temporary office located in a competing bail bond office near Charleston and Mojave. Presently Rescue Bail Bonds would like to conduct business at 1110 Bonneville Ave. The location is less than a mile from Rescue's previous office at 505 Bonneville Ave. It is centrally located near the jail and near local attorney offices. Previous clients are familiar with the location.

Rescue Bail Bonds employs only one person.
The hours of operation are business hours 9am to 5pm. Thereafter by appointment.
Applicant owns no other Bail Bond Company.
Rescue Bail Bonds is licensed by the State of Nevada Division of Insurance. Proudly, Rescue Bail Bonds has never been disciplined by its regulatory body.

Most of the area around 1110 Bonneville is comprised of businesses. Attorney offices, accountants and medical professionals. The tenant prior was a paralegal. He was at the location for several years.

The proposed use is harmonious and compatible with the surrounding uses. Additionally, the subject site is physically suitable for the type and intensity of land use being proposed. The street facilities providing access to the property are adequate in size to meet the requirements of the proposed use. Finally, approval of the special use permit at this site will not be inconsistent with the public health, safety, and welfare of the overall objectives of the general plan.

The special use permit should be **APPROVED**.

Osvaldo Fumo
Representative of Rescue Bail Bonds.

Application Information

SUP-43979 - SPECIAL USE PERMIT - PUBLIC HEARING - APPLICANT: LAMAR KRUITBOSCH - OWNER: MELISSA F. MAXWELL - For possible action on a request for a Special Use Permit FOR A PROPOSED BAILBOND SERVICE USE at 1110 East Bonneville Avenue (APN 139-34-813-012), C-2 (General Commercial) Zone, Ward 3 (Coffin).

As owner of property at 1110 Bonneville AVE I OPPOSE this special use Permit for a Proposed Bailbond Service. I do not know Lamar KRUITBOSCH and want to keep my Properties C-2 Zone. A Bail Bond Service will NOT be a suitable business for this area. My neighbors and children do not want this business. sincerely Melissa Maxwell

Application Location

How can anyone change my buildings C-2 zone who IS NOT owner of said Property? UNBELIEVABLE!!

The proposed project may not pertain to the entire highlighted project site.

"I Agree", to having a BailBond Business at 1110-1112 Bonneville Ave. East, Las Vegas,Nv. 89101. Its proximity to downtowns's legal infrastructure makes referenced property an ideal location. I know Attorney Osvaldo E. Fumo to be a good citizen. Mr. Fumo has been paying me for referenced building since 2002 without any problems.
"I Agree" and approve changing the existing code and permiting a BailBond Business at 1110-1112 Bonneville Ave. East, Last Vegas, Nv. 89101.

RE: Conservation Element Update (GPA-43977)

Mr. Gebeke:

Please accept this letter as justification for a General Plan Amendment to adopt an updated Conservation Element and amend the 2020 Master Plan.

As a component of the Master Plan, the Conservation Element will satisfy NRS requirements for a Conservation Plan and recommend strategies and actions to facilitate the implementation of the goals, objectives, and policies contained in the Las Vegas 2020 Master Plan related to conservation. This document will replace the previous Conservation Element adopted on June 1, 2005.

Please do not hesitate to contact me at 229-5409 should you have any questions.

Re: Extreme Manufacturing
APN: 139-28-801-002

To Whom It May Concern:

Enclosed please find the required application materials associated with the following requests:

- Site Development Review for one new paint booth, one prep booth and two canopies
- Parking Variance

Extreme Manufacturing is currently operating from their site located on a 3.53 acre site located at 1415 Bonanza Road. The site is currently zoned M, Manufacturing. Extreme Manufacturing has been operating out of this location for approximately 24 months.

With this letter we are requesting the following applications:

A **Site Development Review** to allow the added paint booth and prep booth at the east end of the site which total 2,500 sf. Over the booths will be two open sided shade canopies of 4,900 sf each with 20' of separation. The existing primary structure will remain as is.

We are requesting that the:

- Existing chain link fence with barbed wire on the east side of the site remain.
- Existing wrought iron fence and chain link fence on the north side of the site remain
- North of the storage yard a new wrought iron fence with screening will be installed.

A **Parking Variance** to allow 62 parking spaces where 120 spaces are required. The business currently employs 31 people. There are no public sales or walk in retail sales at this location. All sales are by appointment only. Xtreme Manufacturing has not had any parking problems in the past, and does not expect any in the future. All handicapped parking and access will be provided.

If you have any questions or need additional information regarding anything with respect to these requests, please do not hesitate to contact my office.

Sincerely,

Kristen G. Neuman

Re: Justification Letter
Bassler Residence
3016 Yankee Clipper Drive
Las Vegas, NV 89117

This Justification Letter is being submitted in accordance with the requirements of the Pre-Application Conference Request Form.

On behalf of Mr. & Mrs. Bassler, I am requesting a rear yard set back variance for the construction of a Patio/Balcony for their home located at the above referenced address on Yankee Clipper Drive as reflected in the plans provided.

Upon purchasing their home, Mr. & Mrs. Bassler contacted our firm to look into the cost of adding a patio and balcony to the existing property so that they could better enjoy their rear yard, and take advantage of the city view available from the second floor of the home. After meeting with them, I put together some basic drawings of the proposed patio/balcony, and told them I would check with the Planning Department to make sure there were no set back issues.

In May of 2011, I met with Mr. Fred Solis, who indicated that the patio cover would be no problem with a 5' set back to the vertical plane, and a 2' roof overhand encroaching into the 5' set back requirement, however, the balcony posed an issue as it was considered habitable space, and was therefore subject to a different set back requirement. In pressing Mr. Solis on the issue, he looked further and brought up an exception where it was allowed if the property backed up to a park, golf course, etc. I told him the property backed up to a large right of way where Starboard Drive met Lake East Drive. He indicated he would have to consult his superior.

On June 1, 2011 I spoke with Mr. Rankins, who indicated that he had Spoken with Fred, and that there should not be a problem. With that, I moved forward with the plans and engineering on behalf of the homeowners, and submitted for HOA approval, which was granted. Upon submission of the plans and engineering for the purpose of obtaining a building permit, I was informed that the balcony posed a problem. In consulting Mr. Rankins again, he could not find any record of our conversation, and added that the provision I spoke with Mr. Solis about was one that only applied in parts of Summerlin. I can only assume that Mr. Solis provided

VAR-44447

Mr. Rankins with erroneous information about the zoning, or location of the property, that led him to believe we were discussing a property in Summerlin, thus with the property backing up to a right of way he indicated we would have no problem.

At this point Mr. & Mrs. Bassler have incurred considerable time and expense in obtaining an approval from the HOA, and the preparation of the plans and engineering necessary to obtain the building permit.

Taking into consideration the following:

1. The Basslers have obtained HOA approval for the project – copy attached.
2. The Basslers have obtained letters of approval from affected neighbors – copies attached.
3. The existing properties of the development were built with 2nd floor balconies that already allow property owners to look into adjoining neighbor's rear yards on either side of their property.
4. Their property backs up to a very large right of way where Starboard Drive, and Lake East Drive converge, which eliminates any impact the proposed balcony could have on a neighbor located directly behind their property.

We respectfully request a set back variance be provided for Mr. & Mrs. Bassler to allow the construction of the patio/balcony as reflected in the plans provided.

Accompanying this letter are several photographs of the property from the right of way, as well as views from the rear yard of the property.

In the event that you have any questions, or concerns that are not addressed in the plans provided, or this letter, or you should require any plans, drawings, or any additional information, please do not hesitate to contact my office and we will endeavor to provide you whatever additional information/documentation necessary.

Respectfully submitted,

VAR-44447

Las Vegas Planning Department:

I understand that the Bassler family would like to modify the rear of their property at 3016 Yankee Clipper Dr., Las Vegas, NV 89117. The property backs up to Lake East Drive, and has no neighbors directly behind it. Other houses in the community have balconies both small and large, some with patio covers for the second floor.

The property in question currently has a small second story balcony off the back of the house, facing Lake East Drive. There are no patio covers on the first or second floor to provide any shade during warmer weather.

The proposal for this house is to replace the existing small balcony with a patio cover the width of their house, and 15' from the rear of the house. This patio cover is to be sufficiently structural to also serve as a new, larger, balcony. Additionally, the existing roof line is to be extended to cover the new balcony. There are to be stuccoed railings that blend in with the design of the house around the perimeter of the balcony for safety. These railings are to include approximately 6" of lower clearance for water and other runoff. The overall width of the patio will not be any wider than the house, so it will not intrude into any set-backs to the north or south. However, it will result in less than the standard of 10' of set-back to the rear (east)vb.

This proposal does not create any new enclosed living space. But it does add a lot of new shaded outdoor area to enhance the quality of living. I understand that the Home Owner's Association has already approved this project.

I also support the Las Vegas Planning Commission's approval of this project.

Re: Special Use Permit for APN 139-31-601-001
Variance for APN 139-31-601-001

To Whom It May Concern,

The enclosed information is for the property located at 4141 Meadows Lane. The building is currently in use as the Heinrich YMCA. This proposal is to convert existing racquetball courts (7,600 sf) into six (6) classrooms. The rest of the YMCA building will be untouched by the renovation. The existing exterior features of the building will be untouched by the renovation. The new user intends to use the facility as a charter school for grades 9-12 to augment their current facility – Quest Academy at Grand Monticeto Parkway. Quest has outgrown their current facility and is in dire need of more classrooms to accommodate the students.

The current site does not meet City of Las Vegas parking requirements. The existing parking is 131 spaces short of requirements, but is supplemented by the parking lot to the east of the YMCA (no formal agreement is in place.) The classrooms will require 54 parking spaces, a parking analysis is shown on the site plan. The following justification is given for reduced parking:

- Most students are dropped off at school by parents. There are no busses for this school.
- Offset-time of uses between the school (weekdays 7AM – 4PM) and the YMCA (heavy use evenings, weekends)

The anticipated number of employees would be 8 (teachers, teachers' aides). After school activities will occur on the main campus at 6610 Grand Monticeto Parkway (which this facility would augment).

Quest Academy is an accredited charter school through the State of Nevada.

The project will fulfill an urgent need for school alternatives in the City of Las Vegas and Clark County. The growth of the existing student body as substantiated the need for the facility and the school is currently having to turn away applicants due to the limited size of their existing facility.

Sincerely,

SHARCHITECTURE

RE: Andre Agassi College Preparatory Academy, 1201 West Lake Mead Boulevard

Dear Mr. Fagg,

In 2001, the Andre Agassi Foundation for Education (the "Foundation") founded the Andre Agassi College Preparatory Academy ("Agassi Prep"), a tuition free public charter school, in partnership with the City of Las Vegas and the Clark County School District. Under a long term lease with City of Las Vegas, the Foundation constructed a $40 million facility in historical West Las Vegas. The mission of Agassi Prep is to provide an excellent education opportunity for the community where the school is located. The main tenets of the school are a longer school day, a longer school year, small class sizes, and the intent to ensure our students graduate from higher education.

Over the years, Agassi Prep has grown to a K-12 school with approximately 1050 students and three graduating classes. During the 2011-2012 school year, the school enrolled an additional 500 students to its prior enrollment of approximately 650 students. The school wanted to help meet the demand of our ever growing waiting list. A recently approved strategic plan by the Agassi Prep Governing Board includes a plan to expand the number of additional students by another 300 over the next three years. However, we are limited by the current layout of the facility and would need to reconfigure certain areas within the existing facility to allow for the increased classroom space. Thus, we are asking for a parking variance of The Las Vegas Zoning Code Chapter 19.04 Table 2 to allow for conversion of the existing space.

Parking is the barrier to the expansion and providing additional students an opportunity to enroll in Agassi Prep. We have hired Superior Engineering Services, Inc., a professional traffic engineer, to analyze our traffic flow and parking use. Prior to the findings of the analysis, the school has implemented a staggered school day for our younger, K-5 students, of 7:30 am to 3:30 pm and older, 6-12 students, of 8:00 am to 4:05 pm to help with traffic flow and parking. The Agassi Prep Governing Board is also in the process of implementing a policy to limit the number of students driving to Agassi

VAR-44455

Prep. Agassi Prep is located across the street from the Doolittle Recreation Center and has ample parking on J Street during school hours. In addition, the school is in discussions for a parking agreement with Doolittle and the West Las Vegas Library.

Currently, Agassi Prep has 100 employees which include the teachers, staff, and administrators. The school campus currently has 192 parking spaces for our employees, visitors, and parents. As a side note, Agassi Prep recently completed a roof top solar project which included a covered parking structure designating Agassi Prep one of the largest roof top solar projects in the State of Nevada with 465 kW photo-voltaic energy system. The school will create 50% of its energy use from solar.

We look forward to working with the Department of Planning and its staff on our request for a parking variance to further increase our enrollment of students and eliminate the extensive waiting list. Thank you for your time and please call if there are any questions. I can be reached at 702-227-5700 or cisco@agassi.net.

Sincerely,

Francisco V. Aguilar

Re: Westcliff Pines Senior Apartments
Set-Back Variance – Justification Letter
APN: 138-28-401-019

Dear Staff:

Please accept this correspondence as our Set-Back Variance submittal for our newest development, Westcliff Pines Senior Apartments located on the north side of Silver Sky Drive, approximately 450 ft. east of Roland Wiley., Las Vegas, Nevada.

We are proposing to develop 40 one and two-bedroom rental apartments in one building specifically designed for low-income senior citizens in the Las Vegas valley. Westcliff Pines is the first of a two-phase affordable housing development.

Due to the odd shape of this parcel as well as the existing site topography, a variance for front and rear set-backs is needed. We are requesting a reduction from the required 20 feet to 10 feet for the front yard set-back and we are asking for a reduction from the required 20 feet to 5 feet for the rear yard set-back. These setbacks are required for the allowance of parcel lines to be platted for financing purpoes. Therefore, we respectfully request that staff recommend approval of this application.

Please feel free to call me at (702) 739-3345 ext. 243 if you have any further questions. Thank you.

Sincerely,

Jacque Haas

Re: Westcliff Pines Senior Apartments
Site Development Plan Review – Justification Letter (Ref. SDR 33010)
APN: 138-28-401-019

Dear Staff:

Please accept this correspondence as our Site Development Plan Review submittal for our newest development, Westcliff Pines Senior Apartments located on the north side of Silver Sky Drive, approximately 450 ft. east of Roland Wiley., Las Vegas, Nevada.

We are proposing to develop 40 one and two-bedroom rental apartments in one two-story building specifically designed for low-income senior citizens in the Las Vegas valley. Westcliff Pines is the first phase of a two-phase project, which includes a 4,500 sq. ft. recreation building that can only be accessed by residents.

With the exception of the addition of a clubhouse and some minor site adjustment this application is very similar to the site approved with SDR 33010. The purpose of this SDR is to allow for parcel lines to be platted for financing purposes. We are also asking for a waiver of the perimeter landscaping requirements were the lot line cross parking and drive aisles.

We feel this development will be compatible and benefit the surrounding area, and is in conformance with the masterplan designation for this parcel. The parcel is currently zoned R-3, which allows 25.49 units per acre. Therefore, we respectfully request that staff recommend approval of this Site Development Plan Review application.

Please feel free to call me at (702) 739-3345 ext. 243 if you have any further questions. Thank you.

Sincerely,

FOR

INSTRUCTIONS FOR COMPLETING THIS FORM

The wording of all Jurats completed in California after January 1, 2008 must be in the form as set forth within this Jurat. There are no exceptions. If a Jurat to be completed does not follow this form, the notary must correct the verbiage by using a jurat stamp containing the correct wording or attaching a separate jurat form such as this one which does contain proper wording. In addition, the notary must require an oath or affirmation from the document signer regarding the truthfulness of the contents of the document. The document must be signed AFTER the oath or affirmation. If the document was previously signed, it must be re-signed in front of the notary public during the jurat process.

- State and County information must be the State and County where the document signer(s) personally appeared before the notary public.
- Date of notarization must be the date that the signer(s) personally appeared which must also be the same date the jurat process is completed.
- Print the name(s) of document signer(s) who personally appear at the time of notarization.
- Signature of the notary public must match the signature on file with the office of the county clerk.
- The notary seal impression must be clear and photographically reproducible. Impression must not cover text or lines. If seal impression smudges, re-seal if a sufficient area permits, otherwise complete a different jurat form.
  - ❖ Additional information is not required but could help to ensure this jurat is not misused or attached to a different document.
  - ❖ Indicate title or type of attached document, number of pages and date.
- Securely attach this document to the signed document

DEPARTMENT OF PLANNING JUSTIFICATION LETTER
Bachi Burger LLC dba Bachi Burger
9410 W. Sahara Avenue Ste 150
Las Vegas, NV 89117
Parcel: 163-06-816-037

Issue
We are requesting approval on an application for a Special Use Permit that allows for the sale of beer and wine. This is our second location for a casual dining full service family restaurant concept called Bachi Burger. The style of cuisine is regional Asian influenced bbq burgers, fries, salads and appetizers. We have an extensive beverage menu of house made sodas, teas and milkshakes. Craft beers, premium cold sake and wine are an existing and important part of our existing concept. There is a strong focus on local regional ingredients and sustainable proteins. The new location is located in the commercially zoned shopping center called Village Square at Peccole Ranch (opened 2004) directly to the left of the Regal Cinema Theatres and directly south of Summerlin.

Information
We currently have a special use permit for on sale establishment of beer and wine for our location in South Las Vegas. The existing first location at 470 East Windmill Lane Ste 100 Las Vegas, NV 89123 is zoned in Clark County.

Store hours run from 11:00am to 11:00pm seven days a week, closed on major holidays. The entire interior square footage of retail space is 4300 square feet. Intended occupancy is 116 seats, however the maximum occupancy load is 136. We will employ approximately 40 staff members. The population of Peccole Ranch neighborhood is 11,169. The tax ID number for Bachi Burger LLC is 45-4161440. The State Business License Number is NV20121007248.

Findings
The project is in the interior of the Village Square Shopping Promenade on the corner of a major thoroughfare, Sahara Avenue and Ft Apache. Our business will be a positive contribution to the community as there are few full service restaurants in the immediate vicinity of Peccole Ranch. Village Square is undergoing a revitalization with nearly 70% vacancies. We plan to serve the community as a family oriented restaurant that does not have gaming or an alcohol bar. The project is a new business enterprise that will further the City's economic development plans. Village Square had 236,823 feet of retail space and 60,683 feet of office space. The total number of parking stalls is 1600, 108 which are handicapped spaces.

Re: Justification Letter for Special Use Permit for APN 162-06-301-004

To Whom It May Concern,

I represent Decatur Car Care Associates LP, the owner of real property bearing Clark County Assessor's Parcel Number 162-06-301-004 (the "**Property**"). The Property was developed under zone change Z-16-89 establishing a C-2 designation and a use of Major Automotive Parts Exchange, Minor Automotive Repair and Maintenance, Car Rental Agency, Full Service Car Wash with Gas Sales and Retail Auto Parts Store. In conjunction with its "Major Automotive Parts Exchange" designation, the Property has been in operation for twenty years with tenants performing automotive repairs. In late 2011, the owner learned that new prospective tenants have been denied business licenses by the City due to a lack of a "Major Automotive Repair" designation. This has caused a hardship to the owner due to vacancies and difficulty in leasing units at the center. The owner was advised to seek a special use permit to allow "Major Automotive Repair" so that they may continue to add the same type of tenants that have been utilizing the Property since the early 1990's.

Automotive repair use has been ongoing for twenty years on the Property (under the "Major Automotive Parts Exchange" designation) and is congruent with established uses surrounding the Property as historically, there have been significant surrounding automotive uses. Adjacent to and south of the Property is a vacant commercial site that was formerly a Chrysler dealer with automotive repairs (2100 S. Decatur). Immediately across the street (Decatur) is an automotive dealer facility (2025 South Decatur). Adjacent to and north of the Property is the Indoor Swap Meet (1717 S. Decatur), and across the street from the swap meet is a major U Haul Facility with truck storage (1900 S. Decatur). East of the site is a post office (1801 S. Decatur).

The proposed Special Use Permit for Major Automotive Repair will also not compromise the general plan's health safety or the welfare objectives, it will not adversely affect traffic and the

RECEIVED
JAN 25 2012
City of Las Vegas

SUP-44428

site is suitable for such use as the use allowed by the Special Use Permit has been ongoing for twenty years as described above.

The Property has ten units and has experienced financial hardship because of the inability of new prospective tenants to obtain business licenses for automotive repair. The Property currently has two vacant units as well as one month-to-month tenancy. Many employees are employed at the Property at full lease up and the failure of the owner to obtain a Special Use Permit will cause an adverse economic impact to the area. Accordingly, we respectfully request the Special Use Permit for Major Automotive Repair for the Property.

Please also note that Clark County's Openweb incorrectly lists the Property as having an address of 2003 South Decatur. The actual address is 2005 through 2029 South Decatur and we are seeking a Special Use Permit for the entire parcel (APN 162-06-301-004). I have hand marked the City of Las Vegas Pre-Application Conference Notes accordingly as the address was listed as 2003 South Decatur.

If you have any questions, please feel free to contact me at 789-0911.

Sincerely,

Chris Vero

RE: Justification Letter

To whom it may concern:

Currently Opportunity Village's (OV) Thrift Store is located at 4600 S. Meadows Lane and we would like to relocate to 390 S. Decatur Blvd. This new location provides OV with a larger store and better street visibility to better serve our customers. This new location would provide an additional 11,800 square feet for a new overall square footage of 36,800 from 25,000 square feet.

The presence of this Thrift Store at this new location should revitalize the shopping center and bring spinoff customers to neighboring businesses. We will occupy a building that has been vacant for a few years, benefiting the neighborhood and the local businesses.

The approximate number of employees that will work at the thrift store is twenty with hours of operation of Monday thru Saturday 9:00 am to 6:00pm and Sunday 10:00am to 5:00pm. With this property replacing the store located at 4600 S. Meadows Lane, OV will continue to sell used clothing, house ware items and furniture, requiring a special use permit, but not a specific state license.

This facility has a three bay loading dock along the south property line and will be open for deliveries during the above mentioned hours of operation. OV will not have a donation drop box on this new property.

In summary, OV's Thrift Store will be the only thrift store on this parcel and we feel that this new location and added square footage will better serve the needs of our customers. I appreciate your time and efforts with our special use permit and licensing.

Sincerely,
OPPORTUNITY VILLAGE, ARC

January 27, 2012

Planning Department
City of Las Vegas
via fax: 474-7463
attn: Dan Donley

Dear Dan:

Please accept this as the required justification letter for special use permits at 2101 S. Decatur, as follows:

1. A special use permit is requested for beer, wine and cooler sales at the existing market in Suite 19; Suite 19 currently has an internal connection with Suite 20 which may cause the City to treat the two suites as a single unit.

Justification: The sale of beer, wine and coolers is a normal accessory use to a market; the facility is located within an existing shopping center zoned C-2 and master planned SC which allows intense commercial uses and can therefore be conducted in a manner compatible with its surroundings; the site within a long-standing center is obviously physically suitable for the requested land use and excellent access is provided by an arterial road (Decatur). There is no reason to believe the subject use compromises the public health, safety or welfare, or the overall objectives of the General Plan.

2. A special use permit for a service bar in conjunction with a restaurant in Suites 20 and 21 (Suite 21 represents an expansion of the previous restaurant plan) is requested.

Justification: The property is planned and zoned for intense commercial uses. The applicant intends to operate as a relatively high-end restaurant which typically requires the availability of alcohol services. The applicant understands that a service bar anticipates that alcohol would be served only with food and does not allow a tavern-type operation. As such, the use can be operated in a manner compatible with its surroundings and consistent with public health safety and welfare and the objectives of the General Plan. Adequate access is provided by Decatur Boulevard.

Sincerely,

Greg Borgel

Re: ***Justification Letter, Pre-Application***
APN-138-22-713-004 commonly known as 1931 North Rainbow Boulevard, Las Vegas, Nevada 89108 ("Property")
Special Use Permit for Auto Repair Garage, Minor on the Property ("Application")

Dear Flinn:

This office represents Francis M. Scandura, III, the applicant, on the Application. The applicant is the owner of Frank's Mercedes Service. The applicant has been in the repair and service of luxury cars and trucks for more than 21 years and has two other locations in the Las Vegas Valley (one located at 2695 South Decatur Boulevard in Las Vegas and one located at 704 West Sunset Road in Henderson). The applicant is requesting a special use permit to utilize a former Discount Tire Company building located at 1931 North Rainbow Boulevard, Las Vegas, Nevada 89108 as an Auto Repair Garage, Minor.

The Property is planned General Commercial in the Southwest Sector part of the City's General Plan and zoned C-1 (Limited Commercial District). The Property is a total of 1.61 acres and it located along Rainbow, just south of Lake Mead and just off the US-95 Lake Mead/Rainbow exit. The property to the north is planned Service Commercial in the Southwest Sector part of the City's General Plan and zoned C-1 (Limited Commercial District). The

SUP-44437

property to the south is planned Service Commercial in the Southwest Sector part of the City's General Plan and zoned C-2 (General Commercial District). To the west is the US-95 and to the east is Rainbow Boulevard, an 80 foot right-of-way.

The requested special use permit for an Auto Repair Garage, Minor, meets all of the requirements of the Las Vegas Unified Development Code ("LVUDC"). The repairs and service work will be performed within a completely enclosed building. There are no service bays on the building that face public rights-of-way. Cars will enter the building through a single roll up door on the east side of the building and they will exit the building through a single roll up door on the west side of the building. There shall be no used or discarded automotive parts or equipment stored outside of the building. There shall be no outside storage of stock or equipment outside of the building. Although cars that are being serviced may be parked in the Property's parking lot, disabled vehicles, if any, will be stored in the parking spots on the west side of the building which will screen the vehicles from Rainbow Boulevard. No vehicle shall be stored on the Property more than 45 days. The Property is an appropriate location for the requested use as it was previously used for a similar use and it is located along US-95 and Rainbow, which are heavily traveled right-of-ways where such uses should be located.

The building is a total of 12,173 square feet. The maximum building height is 23' 4". The building is painted concrete and cinder block construction with a flat roof. The LVUDC requires five parking spaces, plus one parking space for every 200 square feet of floor space (a total of 66 spaces). There are 88 parking spaces located on the Property, including 3 handicap accessible spots. The parking spaces provided meet and exceed the amount required by the LVUDC.

The Property has existing landscaping along Rainbow Boulevard, which is an attached sidewalk with palm trees, grass and other vegetation. The landscaping along the 95 consists of pine trees, shrubs and green and rock ground cover. There is also landscaping in the parking lot and on the east side of the building where the main entrance to the building is located. The east side landscaping consists of trees and shrubs. All of the landscaping is attractive and well-maintained.

The applicant respectfully requests your consideration and approval of the Application. Please do not hesitate to contact me at (702) 727-6258 (office), (702) 245-5075 (cell) or via email at esorokac@rsnvlaw.com if you have any questions regarding this matter.

Very Truly Yours,

Justification Letter

We plan to open a tattoo shop, Las Vegas Boulevard Tattoo, at 630 Las Vegas Blvd. S Las Vegas, NV 89013. Our hours of operation are projected to be from 10am to 2am. Within this location we plan on having a clean and friendly environment that is welcoming to all patrons. We will be providing tattoos and piercing and selling merchandise such as jewelry, shirts, hats etc. We are strictly a body art establishment and will not be selling any smoke products.

Our shop is going to be a drug and alcohol free working environment. Any artist found to be under the influence of any substance will be terminated immediately. We will hold high standards of cleanliness throughout according to health department regulations.

With the opening of the shop, we will be able to help give back to the community as well. We plan on teaming up with various charities and donating a percentage of the shops profit to each. We will be working with charities for children, the less fortunate, the U.S. military, breast cancer and so on.

In conclusion, our shop will be clean, classy and well maintained. With internet advertising and other marketing tools, we plan on drawing in not only tourists but also to be able to cater to the locals. Being that tattoo shops are in the top ten percent of business that succeed, we plan on doing what we can to help the city of Las Vegas continue to grow. Thank you for your time.

Sincerely,
Scott Petrony and Ryan Mortensen

Re: Use Permit with waivers for ~~Financial Institution, Specified.~~ Auto title 2233 Paradise Road #110

Dear Sir/Madam;

Please consider this request made by Paradise Loan and Gold Center to establish a ~~Financial Institution~~ Auto title, Specified at the above listed location.

The property was constructed in 2008 as a stand-alone building at the north east corner of the Sahara and Paradise intersection. It is well designed, maintained and landscaped. The only building on the property is a commercial duplex. Currently one tenant operates as a restaurant (coffee) with drive through service. The remaining suite (#110) has never been occupied.

The applicant requests permission to issue deferred loans, cash checks and issue auto title loans. Reselling items (e.g. "pawning") is not requested on this site.

In order to operate a ~~Financial Institute, Specified~~ Auto Title, the following waivers must be approved:

A) **Waiver of minimum floor area**: This use requires a minimum floor area of 1,500 SF. The unused portion of the subject building totals 1,296 SF. Although building's remaining leasable space is deficient by 204 SF the shape of the unit allows for a functional and attractive layout. Windows and doorways on two sides of the unit allow for a well lit, comfortable lobby with couches, desks and a counter with room for three tellers. The restroom is easily accessible to the clientele as well. As this space has never been occupied, the tenant improvements will ensure a completely new and attractive appearance.

B) **Waiver of distance separation:** There are two other businesses within a 1,000 foot vicinity that partially overlap the proposed services of this applicant. First, John's Loans & Jewelry is located in the shopping center to the north of Paradise Road (i.e. 100 foot separation). This business is a compilation of various services including auto title loans. Auto title loans is the only service offered by both establishments. Second, Star Loan Center has a similar business plan. Star Loan is located 900 feet east of the subject site.

The three establishments can co-exist without the appearance of over-saturation of the area. All businesses were permitted at a time when Title 19 limited signage, prohibited attention-getting devices and administered the color scheme of the building and signage. As a result, all three of these businesses are visually compatible and well integrated into the buildings they occupy as well as the surrounding area.

The operations will take place between 8:00 AM and 7:00 PM Monday through Saturday. Sunday will have reduced hours. Typically, two employees will be on-site. The applicant agrees to follow all guidelines for signage and window text.

Please note that this request is accompanied by a request for a Jewelry Store Class III to operate concurrently on the premises.

Please phone me at 598-1408 if you have concerns or suggestions.

Re: Special Use Permit – Accessory Package Liquor Off-Sale

To Whom It May Concern:

Please be advised that this law firm represents AK, Incorporated, a Nevada corporation (the "Applicant"), with regard to its request for a Special Use Permit to allow an Accessory Package Liquor Off-Sale use (the "Proposed Use") within an existing 2,640 square-foot convenience store located at 1705 S. Las Vegas Blvd., Las Vegas, NV (the "Property"). The Property is located within a C-2 (General Commercial) zoning district, which allows and permits the sale of accessory liquor with the approval of a Special Use Permit.

In order to approve a Special Use Permit application, per Title 19.16.110(L) of the Las Vegas Municipal Code (the "Code"), the Planning Commission and City Council must affirm the following:

1. The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.

- The Proposed Use can be conducted in a manner that is harmonious with the neighborhood because it conforms to the standard conditions and requirements as set-forth by the Code. In particular, the Proposed Use will, at all times, be ancillary to the retail use and less than ten percent (10%) of the retail floor space will be allocated for the display or merchandising of alcoholic beverages. Furthermore, there are no protected uses (churches, synagogues, schools, child care facilities licensed for more than 12 children, or City parks) within 400 feet of the Proposed Use. For the reasons stated above, we believe the proposed land use can be conducted in a manner that is harmonious and compatible with the existing and future surrounding land uses.

JAN 26 2012
SUP-44448
City of Las Vegas
Department of Planning

2. The subject site is physically suitable for the type and intensity of land use proposed.

- The Proposed Use will be located within an existing retail establishment, which is physically suitable for the type and intensity of the land use proposed. It is important to note that the area designated for the proposed accessory package liquor will be less than ten percent (10%) of the retail square footage and will, at all times, be located behind the payment counter. As a result, only employees of the retail establishment will have access to the package liquor products. If this request is approved, the Applicant will extend the length of the payment counter in a manner that would fully restrict the public's access to the package liquor products. *See* proposed floor plan attached to this request.

3. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.

- The Property has access to both Las Vegas Boulevard and Oakey Boulevard, which are of sufficient size to accommodate the Proposed Use. Furthermore, the Proposed Use does not create any additional parking requirements.

4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.

- As with any use, the Proposed Use will be subject to regular City inspections for licensing and will therefore not compromise the public health, safety and general welfare. Unlike On-Sale liquor establishments where the alcoholic beverages are purchased and consumed on-premises, the Proposed Use is an off-sale use where the alcoholic beverages are purchased on-premises but consumed off-premises. The off-sale use is an additional safeguard to protect the public health, safety and general welfare.

5. The use meets all of the applicable conditions per Title 19 of the Code.

- As previously indicated, the Proposed Use meets all the applicable conditions and requirements as set forth by Title 19 of the Code.

Based upon the foregoing, we hereby respectfully request your approval of the Applicant's request for a Special Use Permit to allow an Accessory Package Liquor Off-Sale use within an existing retail establishment located upon the Property.

Attention: Steve Gebeke, Planning Supervisor

RE: 125-27-222-009 Special Use Permits for Restricted Gaming and Beer/Wine/Cooler On-Sale

Dear Mr. Gebeke:

The above referenced site located at 7251 W. Azure Drive is approved through SDR 32534 and extended through SDR 39552 for the construction of an Arco AM-PM Convenience Store with gas canopy. The owner of the property, MFE Inc., had 2 approved Special Use Permits (SUP-10422 for Beer/Wine/Cooler On-Sale and SUP 10423 for Restricted Gaming) for this property. These 2 Special Use Permits had been renewed in 2008 but were inadvertently not renewed in January of 2010. The reason that the business license for the intended use of these Special Use Permits has not been applied for to date is due to the downturn in the economy in the Las Vegas Valley. MFE, Inc. made the decision to go forward with this project in 2010 and Building as well as Civil plans have been approved by all departments in the City of Las Vegas as of this date. MFE, Inc. has secured a loan for construction and it is their intention to start construction on this project within the next 30-45 days. Contractors have been selected and everyone is ready to start work on this project. Unfortunately, without these Special Use Permits for this facility, the project would no longer be a viable investment for MFE, Inc. Therefore we are asking that these Special Use Permits be re-approved so that MFE, Inc. can move forward with construction.

There is a requirement for one waiver. Gaming requires 330' from detached single family homes. A waiver of the distance separation will be needed. A Neighborhood Meeting is also required and has been scheduled for Tuesday, February 28, 2012 at 6:30 p.m. at the Centennial Hills YMCA located at 6601 N. Buffalo Drive, Las Vegas. Notices of this meeting will be sent to all property owners within 1000 feet of this subject property. The notification of the Neighborhood Meeting will be sent via Certified Mail, Return Receipt Requested, to all property owners who are within 330 feet of the subject property.

MFE, Inc. has put a considerable amount of time and has invested a large sum of money into this project to date, and we would ask that you please give them positive consideration for the re-approval of these two Special Use Permits.

Sincerely,

Ace Engineering

RE: SDR-8635 – SITE DEVELOPMENT PLAN REVIEW
CITY COUNCIL MEETING OF NOVEMBER 2, 2005
RELATED TO WVR-8638, MOD-8637, VAR-8636, AND VAR-8962

Dear Mr. Duenas:

The City Council at a regular meeting held November 2, 2005 APPROVED the request for a Site Development Plan Review FOR A PROPOSED 371-LOT SINGLE FAMILY RESIDENTIAL DEVELOPMENT; AND A WAIVER OF SECTION 3.5.3 OF THE LONE MOUNTAIN WEST MASTER DEVELOPMENT PLAN TO ALLOW A 3.5 FOOT SETBACK WHERE A SETBACK OF LESS THAN TWO FEET OR MORE THAN TEN FEET IS REQUIRED on 30.0 acres adjacent to the southwest corner of Alexander Road and the I-215 Beltway (APNs 137-12-101-004, 005, 006, 010, 012, 013 and 015); U (Undeveloped) Zone [MFM (Multi-Family Medium Density Residential) - Lone Mountain West Special Land Use Designation] under Resolution of Intent to PD (Planned Development) Zone [ML (Medium-Low Density Residential) Lone Mountain West Special Land Use Designation)] [PROPOSED: ML (Medium-Low Density Residential) Lone Mountain West Special Land Use Designation]. The Notice of Final Action was filed with the Las Vegas City Clerk on November 3, 2005. This approval is subject to:

Planning and Development

1. A Modification (MOD-8637) of the Lone Mountain West Master Plan from Multi-Family Medium Density Residential to Medium-Low Density Residential approved by the City Council.

2. This Site Development Plan Review shall expire two years from date of final approval unless it is exercised or an Extension of Time is granted by the City of Las Vegas

3. All development shall be in conformance with the site plan, date stamped 9/20/05, and building elevations and landscape plan, date stamped 8/09/05, except as amended by conditions herein.

4. A Waiver from Section 3.5.3 of the Lone Mountain West Master Plan is hereby approved, to allow setbacks of 3.5 feet where setback of less than two feet or greater than ten feet are required and a Waiver of Title 18.12.130 to allow 820-foot, 770-foot and 180-foot length private drives where 150 feet is the maximum length allowed.

5. The standards for this development shall include the following: Minimum lot size of 1,855 square feet, minimum distance between buildings of seven feet, and building height shall not exceed two stories or 35 feet, whichever is less. Three story buildings in this development may be permitted with the approval of a modification to Lone Mountain West Master Plan standard 2.3.4 to allow three story buildings.

6. The setbacks for this development shall be a minimum of 10 feet to the front of the house, 18 feet to the front of the garage as measured from back of sidewalk or from back of curb if no sidewalk is provided, 3.5 feet on the side, 3.5 feet on the corner side, and 5 feet in the rear.

7. The conceptual landscape plan shall be revised and approved by Planning and Development Department staff, prior to the time application is made for a building permit, to reflect minimum 24-inch box trees planted a maximum of 20 feet on-center and a minimum of four five gallon shrubs for each tree within provided planters.

8. A permanent underground sprinkler system shall be installed in all landscape areas as required by the City of Las Vegas and shall be permanently maintained in a satisfactory manner.

9. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. The landscape plan shall include irrigation specifications.

10. No turf shall be permitted in the non-recreational common areas, such as medians and amenity zones in this development.

11. Pre-planting and post-planting landscape inspections are required to ensure the appropriate plant material, location, size of planters, and landscape plans are being utilized. The Planning and Development Department must be contacted to schedule an inspection prior to the start of the landscape installation and after the landscape installation is completed.

12. Prior to approval of the Final Map Mylar, two final landscape plans must be submitted for review and approval by the Planning and Development Department in conformance with the conditions of approval.

13. Air conditioning units shall not be mounted on rooftops.

14. All utility boxes exceeding 27 cubic feet in size shall meet the standards of Municipal Code Section 19.12.050 and not be located within a required front yard.

15. Prior to the submittal of a building permit, the applicant shall meet with Planning and Development Department staff to develop a comprehensive address plan for the subject site. A copy of the approved address plan shall be submitted with any future building permit applications related to the site.

16. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

17. All City Code requirements and design standards of all City departments must be satisfied. In accordance with the requirements of the Lone Mountain West Master Plan, contribute $77,400.00 towards the development of "Park #2" within the Lone Mountain West Master Plan Area. Payment shall be collected by the Land Development Section prior to approval of construction drawings, the issuance of any permits or release of a Final Map related to this site, whichever may occur first.

18. The applicant shall contribute $102,196 toward the City of Las Vegas Parks CIP Fund or provide the additional 25,549 square feet of open space necessary for this development.

19. One 24-inch box tree per single-family front yard is required.

20. The front yard shall be designed so that a minimum of 60% coverage is achieved within two years under normal growing conditions. This includes shrubs and vegetative ground covers. Plantings shall be a minimum of five-gallon size, adequately spaced to provide full screen after two years growth.

21. Appropriate rock mulch, such as decomposed granite, shale, etc., shall be used in shrub beds, and shall be of earth tone (non-white).

22. Landscaping shall be provided in front and side yards of corner lots.

Public Works

23. Dedicate 40 feet of right-of-way adjacent to this site for Alexander Road and the full cul-de-sac termination for Gilmore Avenue.

24. Construct half-street improvements on Alexander Road adjacent to this site concurrent with development of this site and the full cul-de-sac termination for Gilmore Avenue.

25. Submit a Petition of Vacation all existing rights-of-way in conflict with the proposed site plan. The Order of Vacation must be recorded prior to recordation of a Final Map for this site.

26. The Final Map for this site shall be labeled as a "Merger and Resubdivision".

27. An update to the previously approved Master Traffic Impact Analysis must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits, submittal of any construction drawings or the recordation of a Map subdividing this site. Comply with the recommendations of the approved Traffic Impact Analysis prior to occupancy of the site. The Traffic Impact Analysis shall include a section addressing Standard Drawings #234.1 #234.2 and #234.3 to determine additional right-of-way requirements for bus turnouts adjacent to this site, if any; dedicate all areas recommended by the approved Traffic Impact Analysis. All additional rights-of-way required by Standard Drawing #201.1 for exclusive right turn lanes and dual left turn lanes shall be dedicated prior to or concurrent with the commencement of on-site development activities unless specifically noted as not required in the approved Traffic Impact Analysis. If additional rights-of-way are not required and Traffic Control devices are or may be proposed at this site outside of the public right-of-way, all necessary easements for the location and/or access of such devices shall be granted prior to the issuance of permits for this site. Phased compliance will be allowed if recommended by the approved Traffic Impact Analysis. No recommendation of the approved Traffic Impact Analysis, nor compliance therewith, shall be deemed to modify or eliminate any condition of approval imposed by the Planning Commission or the City Council on the development of this site.

28. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits, submittal of any construction drawings or the submittal of a Map subdividing this site, whichever may occur first. Provide and improve all drainageways recommended in the approved drainage plan/study. The developer of this site shall be responsible to construct such neighborhood or local drainage facility improvements as are recommended by the City of Las Vegas Neighborhood Drainage Studies and approved Drainage Plan/Study concurrent with development of this site. In lieu of constructing improvements, in whole or in part, the developer may agree to contribute monies for the construction of neighborhood or local drainage improvements, the amount of such monies shall be determined by the approved Drainage Plan/Study and shall be contributed prior to the issuance of any building or grading permits, or the recordation of a Map subdividing this site, whichever may occur first, if allowed by the City Engineer.

29. Provide public sewer easements for all public sewers not located within existing public street right-of-way prior to the issuance of any permits as required by the Department of Public Works. Improvement Drawings submitted to the City for review shall not be approved for construction until all required public sewer easements necessary to connect this site to the existing public sewer system have been granted to the City.

30. The distance from the face of the garage door to the back of sidewalk (or curb, if no sidewalk is proposed) shall be a minimum distance of 18 feet or a maximum distance of 5 feet to prevent a vehicle in the driveway from encroaching into the vehicular or pedestrian travel corridor.

31. A Homeowners' Association shall be established to maintain all private roadways, landscaping and common areas created with this development. All landscaping shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

32. Meet with the Fire Protection Engineering Section of the Department of Fire Services prior to submittal of a Tentative Map for this site. The design and layout of all onsite private circulation and access drives shall meet the approval of the Department of Fire Services.

33. Landscape and maintain all unimproved rights-of-way, if any, on Alexander Road adjacent to this site.

34. Submit an Encroachment Agreement for all landscaping and private improvements, if any, located in the Alexander Road public right-of-way adjacent to this site prior to occupancy of this site.

35. Site development to comply with all applicable conditions of approval for Zoning Reclassification Z-24-99, the Lone Mountain West Master Development Plan, MOD-8637 and all other applicable site-related actions.

36. The approval of all Public Works related improvements shown on this Site Development Plan Review is in concept only. Specific design and construction details relating to size, type and/or alignment of improvements, including but not limited to street, sewer and drainage improvements, shall be resolved prior to submittal of a Tentative Map or construction drawings, whichever may occur first. No deviations from adopted City Standards shall be allowed unless specific written approval for such is received from the City Engineer prior to the submittal of a Tentative Map or construction drawings, whichever may occur first. We note that this site has been designed without knuckles in several locations.

PLANNING COMMISSION MEETING OF SEPTEMBER 23, 2010

Dear Mr. Bracy:

Your request for a Major Amendment of a previously approved Site Development Plan Review (SDR-8635) TO ADD ALTERNATE MODEL HOME PLANS AND TO ALLOW AN EIGHT-FOOT GARAGE SETBACK WHERE SIX FEET OR LESS OR 18 FEET OR GREATER IS REQUIRED at the southwest corner of Alexander Road and Clark County 215 (APNs 137-12-114-001 thru 077,122 thru 126, 158 thru 304, 310 thru 371), PD (Planned Development) Zone [ML (Medium Low Density Residential) Lone Mountain West Special Land Use Designation], Ward 4 (Anthony), was considered by the Planning Commission on September 23, 2010.

The Planning Commission voted to ***APPROVE*** your request, subject to the following:

Planning and Development

1. Approval of and conformance to the Conditions of Approval for Site Development Plan Review (SDR-8635) shall be required, if approved, except as amended herein.

2. This approval shall be void two years from the date of final approval, unless a building permit has been issued for construction. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. All development shall be in conformance with the site plan date stamped 08/19/10, and building elevations, date stamped 08/19/10 and 08/26/10, except as amended by conditions herein.

4. Prior to occupancy, all necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Building and Safety Department.

5. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.

RE: Justification Letter: To request a Site Development Plan review to amend an existing Site Development Plan (SDR-39117) to allow 3 story home products and to add additional model home plans on 90 lots within an existing subdivision known as Hillside. APN: 137-12-114-175 – 190, 218-223, 230-236, 256-262, 282-299, 330-361 & 368-371

On behalf of Ryland homes, VTN Nevada respectfully submits this letter to request a Side Development Plan review to amend an existing SDR to allow 3 story home products and to add additional model home plans. The proposed site is located at the southwest corner of Alexander Road and I-215.

The applicant has recently went under contract with RB Hillside, LLC to purchase 90 lots within the Hillside Development and would like to offer different architectural house plans along with those originally approved with SDR-39117 and would like to revert back to the option of providing 3 story home products that were originally approved with SDR-8635. The applicant is proposing 3 different floor plans and believes that in today's economy the more housing options that are provided to home buyers will help home sales. The proposed additional floor plans will range in size from 1,810 sq. ft. to 1,909 sq. ft. and are all 35 feet and under. The proposed homes will be providing sprinkler systems to adhere to fire code. The applicant believes with the previous approved 2 story products and the proposed 3 story products will enhance the subdivision by giving it varying roof lines. The applicant believes these changes will not adversely affect the surrounding neighbors.

Should you have any questions or comments please feel free to contact me directly at 702-525-6166.

Sincerely,

Jason Kepple

RE: 3280 N RAINBOW BLVD/138-11-405-001

Dear Sir or Madam:

Please accept this letter as our justification for a site development review for the above referenced property. This site was originally approved in Clark County but annexed into the City of Las Vegas for water and sewer service. The property was zoned for C-P (office) with a waiver for off-sites on Atwood. I have attached copies of the documents with the Clark County approvals for your information. Once the property was annexed it became a legal non-conforming use.

This is a request to add additional parking to the south of the existing building, which will provide needed parking for clients and prevent parking on local streets, within the RNP to the east. There is an existing wall along the south property line, separating the doctors' office from the church parking lot and the day care. There is also an ocean container. The code requires an 8 foot landscape buffer along the south and east property line. There isn't adequate room to provide parking and landscaping so we are requesting a waiver form that condition. We have added landscape islands within the parking lot to provide shade for the cars within the lot and provided the required buffer where the parking lot ends along the southern boundary and also along the eastern boundary, adjacent to the single family home.

In addition, we are requesting a waiver for the sidewalk and street lights along Atwood. This is located on the edge of a Rural Neighborhood Preservation (RNP) within Clark County where rural street standards are built. We would like to keep the appearance of a house, as much as possible and believe this helps in that endeavor. In addition, this waiver was approved for this site when the property was still in Clark County.

This is a family care specialist and the additional parking will be an asset to the neighborhood so cars won't be parking along the residential street to the east.

Re: **JUSTIFICATION LETTER**
SDR Amendment Application re APN's 139-34-510-019, 139-34-514-007 & 008 & 009, 139-34-501-009

Dear Mr. Fagg:

Please accept this as our official justification letter for an Amendment to the previously approved SDR-37946 encompassing the expansion and remodel of the Lady Luck Hotel & Casino located at 3rd Street & Ogden on 3.12 acres at 206 North 3rd Street and 220 North 4th Street zoned C-2 (General Commercial).

The following is a summary of the changes to the previous SDR-37946:

1. Façade improvements on the elevations of the buildings;
2. A widening of the 4th & Stewart Entryway;
3. A small reduction in the number of surface parking stalls;
4. Removal of the Hotel entrance for the West Tower;
5. A change in the traffic flow of 3rd St. and the alley between 3rd St. and Casino Center Blvd.; and
6. An elevation change to the porte-cochere along 4th St.

RECEIVED
JAN 26 2012

SDR-44449

Many of the changes are minor architectural finish elements. The traffic flow deviations were made in order to attempt to alleviate some of the anticipated downtown traffic burdens given the impact of our re-opening. From a parking perspective, we have still added 24 new parking spaces while reducing the existing room base by 162 rooms from when the hotel was previously operated.

The proposed renovation will further enhance the revitalization of Downtown by making it a destination that attracts tourists and locals as well as assist in the success of the Mob Museum. This expansion will not change the history and culture that has been well established in Downtown, but will rather create more energy and help enhance the attractiveness of the Downtown Renaissance. Our renovation will be a crucial part of Downtown Las Vegas and will further enhance the beautification and revitalization of Downtown.

If you have any questions and/or concerns, please do not hesitate to contact me.

Sincerely,

Todd Kessler

RE: SDR-37946 – SITE DEVELOPMENT PLAN REVIEW
CITY COUNCIL MEETING OF AUGUST 18, 2010

Dear Mr. Rosen:

The City Council at a regular meeting held August 18, 2010 APPROVED the request for a Site Development Plan Review FOR PROPOSED FACADE MODIFICATIONS AND THE ADDITION OF A SERVICE YARD, A PORTE COCHERE, A SURFACE PARKING LOT AND A 25-FOOT ADDITION ON THE ROOF OF AN EXISTING HOTEL/CASINO WITH WAIVERS OF DOWNTOWN CENTENNIAL PLAN STREETSCAPE, UTILITY AND PARKING LOT LANDSCAPING AND SCREENING REQUIREMENTS on 3.94 acres at 220 North 4th Street (APNs 139-34-501-009; 139-34-510-019 and 139-34-514-007 through 009), C-2 (General Commercial) Zone. The Notice of Final Action was filed with the Las Vegas City Clerk on August 19, 2010. This approval is subject to:

Planning and Development

1. APN 139-34-510-014, also known as 215 N. 3rd Street, is not a part of this application.

2. This Site Development Plan Review (SDR-37946) does not modify the previously approved Site Development Plan Review (SDR-4835) with regard to travel lanes and on-street parking for the vacated 3rd Street. An application to modify SDR-4835, with signatures from all affected property owners, or full compliance with all plans and conditions of approval of Site Development Plan Review (SDR-4835) and Vacation (VAC-3926), as implemented by civil plan review #107V4327 approved on 03/31/05, shall be required prior to issuance of any building permits associated with SDR-37946.

3. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.

4. All development shall be in conformance with the site plan and landscape plan, date stamped 6/22/2010 and building elevations, date stamped 7/30/2010, except as amended by conditions herein. The landscape material and size on Third Street and Ogden Avenue shall be reviewed by Planning and Development staff and may be amended for compatibility with other existing streetscape material.

5. Prior to approval of a final inspection, the proposed alterations to the Third Street pedestrian bridge to reduce the parapet and soffit materials to a minimum and to replace the existing materials with a clear glazing system shall be completed in conformance with the building elevations date stamped 04/13/10.

6. A Waiver from Downtown Centennial Plan Section VII.B.1.e is hereby approved, to allow utilities to remain above ground where required to be underground along Stewart Avenue.

7. A Waiver from Downtown Centennial Plan Section VII.B.3.d is hereby approved, to allow block wall screening adjacent to the service yard where ornamental iron screening is required.

8. A Waiver from Downtown Centennial Plan Section VII.B.4.a is hereby approved, to allow a zero-foot amenity zone where a five-foot amenity zone is required along portions of Stewart Avenue between 3rd Street and east to the parking lot entrance.

9. A Waiver from Downtown Centennial Plan Section VII.B.4.c is hereby approved, to allow no additional trees along Stewart Avenue.

10. Prior to occupancy, the required number of handicap parking spaces shall be provided, in the existing parking structure, in the proposed parking lot, or a combination of structure and lot, in conformance with Title 19.10 requirements.

11. Prior to occupancy, all necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Building and Safety Department.

12. These Conditions of Approval shall be affixed to the cover sheet of the plan set submitted for building permit.

13. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner. The landscape plan shall be revised to include irrigation specifications.

14. Pre-planting and post-planting landscape inspections are required to ensure the appropriate plant material, location, size of planters, and landscape plans are being utilized. The Planning and Development Department must be contacted to schedule an

inspection prior to the start of the landscape installation and after the landscape installation is completed. A certificate of occupancy will not be issued or the final inspection will not be approved until the landscape inspections have been completed.

15. All proposed signage shall be subject to approval by the Downtown Design Review Committee prior to issuance of sign permits.

16. Reflective glazing at the pedestrian level is prohibited. Glazing above the pedestrian level shall be limited to a maximum reflectance rating of 22% (as defined by the National Institute of Standards and Technology).

17. All mechanical equipment, air conditioners and trash areas shall be fully screened in views from the abutting streets.

18. All utility boxes exceeding 27 cubic feet in size shall meet the standards of LVMC Title 19.12.040.

19. Parking lot lighting standards shall be no more than 30 feet in height and shall utilize downward-directed lights with full cut-off luminaries. Lighting on the exterior of buildings shall be shielded and shall be downward-directed. Non-residential property lighting shall be directed away from residential property or screened, and shall not create fugitive lighting on adjacent properties.

20. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

21. A Comprehensive Construction Staging Plan shall be submitted to the Planning and Development Department for review and approval prior to the issuance of any building permits. The Construction Staging Plan shall include the following information: Design and location of construction trailer(s); design and location of construction fencing; all proposed temporary construction signage; location of materials staging area; and the location and design of parking for all construction workers.

22. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

23. Provide a copy of a recorded joint access and parking agreement between this site and Assessor's Parcel #139-34-510-014 [Ace Loan Company, 215 N. Third Street] within the Third Street alignment prior to the issuance of any permits for this site.

24. Coordinate with the Building and Safety Department to determine if existing lot lines are in conflict with existing or the new proposed structures. If it is determined that a mapping or other lot consolidation is required, coordinate with the City Surveyor to determine the most appropriate lot consolidation method.

25. Dedicate a 10 foot radius on the southwest corner of Stewart Avenue and 4th Street prior to the issuance of any permits.

26. A Petition of Vacation to vacate the existing public sewer easement, such as VAC-27995, shall record prior to the issuance of any permits for improvements abutting or overlying the sewer easement.

27. Remove all substandard public street improvements and unused driveway cuts adjacent to this site and replace with new improvements meeting Downtown Centennial Plan Standards modified as necessary to accommodate existing physical obstructions and as amended by conditions herein per the approved Site Plan concurrent with development of this site. All existing paving damaged or removed by this development shall be restored at its original location and to its original width concurrent with the development of this site.

28. Prior to the approval of Construction drawings for this site, sign a Covenant Running with Land agreement for the possible future undergrounding of all existing overhead utility lines adjacent to this site not placed underground per requirements of the Downtown Centennial Plan. The Covenant agreement must be recorded with the County Recorder and a copy of the recorded document must be provided to the City prior to the issuance of building permits for this site.

29. Unless otherwise allowed by the City Engineer, construct sidewalk, where such does not exist, on at least one side of all access drives connecting this site to the adjacent public streets concurrent with development of this site. The connecting sidewalk shall extend from the sidewalk on the public street to the first intersection of the on-site roadway network and shall be terminated on-site with a handicap ramp.

30. Contact the City Engineer's Office (Lorrie Dunford) at 229-6272 to coordinate the development of this project with the Stewart Avenue Phase II project and any other public improvement projects adjacent to this site. Comply with the recommendations of the City Engineer.

31. Landscape and maintain all unimproved rights-of-way, if any, on 4th Street, Ogden Avenue and Stewart Avenue adjacent to this site. All landscaping and private improvements installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

32. Submit an Encroachment Agreement for all landscaping and private improvements, if any, located in the Ogden Avenue, Stewart Avenue and (where applicable) 4th Street public rights-of-way adjacent to this site prior to issuance of permits for this site.

33. Coordinate all driveway geometrics with the Traffic Engineer to determine final allowable widths and depths prior to the submittal of construction drawings or issuance of permits, whichever occurs first.

34. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits, submittal of any construction drawings or the submittal of a Map subdividing this site, whichever may occur first. Provide and improve all drainageways recommended in the approved drainage plan/study. The developer of this site shall be responsible to construct such neighborhood or local drainage facility improvements as are recommended by the City of Las Vegas Neighborhood Drainage Studies and approved Drainage Plan/Study concurrent with development of this site. Alternatively, meet with the Flood Control Section of the Department of Public Works to determine an acceptable alternative, if any, to the Drainage Plan and Technical Drainage Study.

The City Council at a regular meeting held August 18, 2010 APPROVED the request for a Site Development Plan Review FOR PROPOSED FACADE MODIFICATIONS AND THE ADDITION OF A SERVICE YARD, A PORTE COCHERE, A SURFACE PARKING LOT AND A 25-FOOT ADDITION ON THE ROOF OF AN EXISTING HOTEL/CASINO WITH WAIVERS OF DOWNTOWN CENTENNIAL PLAN STREETSCAPE, UTILITY AND PARKING LOT LANDSCAPING AND SCREENING REQUIREMENTS on 3.94 acres at 220 North 4th Street (APNs 139-34-501-009; 139-34-510-019 and 139-34-514-007 through 009), C-2 (General Commercial) Zone. The Notice of Final Action was filed with the Las Vegas City Clerk on August 19, 2010. This approval is subject to:

Planning and Development

1. APN 139-34-510-014, also known as 215 N. 3rd Street, is not a part of this application.

2. This Site Development Plan Review (SDR-37946) does not modify the previously approved Site Development Plan Review (SDR-4835) with regard to travel lanes and on-street parking for the vacated 3rd Street. An application to modify SDR-4835, with signatures from all affected property owners, or full compliance with all plans and conditions of approval of Site Development Plan Review (SDR-4835) and Vacation (VAC-3926), as implemented by civil plan review #107V4327 approved on 03/31/05, shall be required prior to issuance of any building permits associated with SDR-37946.

3. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.

4. All development shall be in conformance with the site plan and landscape plan, date stamped 6/22/2010 and building elevations, date stamped 7/30/2010, except as amended by conditions herein. The landscape material and size on Third Street and Ogden Avenue shall be reviewed by Planning and Development staff and may be amended for compatibility with other existing streetscape material.

5. Prior to approval of a final inspection, the proposed alterations to the Third Street pedestrian bridge to reduce the parapet and soffit materials to a minimum and to replace the existing materials with a clear glazing system shall be completed in conformance with the building elevations date stamped 04/13/10.

6. A Waiver from Downtown Centennial Plan Section VII.B.1.e is hereby approved, to allow utilities to remain above ground where required to be underground along Stewart Avenue.

7. A Waiver from Downtown Centennial Plan Section VII.B.3.d is hereby approved, to allow block wall screening adjacent to the service yard where ornamental iron screening is required.

8. A Waiver from Downtown Centennial Plan Section VII.B.4.a is hereby approved, to allow a zero-foot amenity zone where a five-foot amenity zone is required along portions of Stewart Avenue between 3rd Street and east to the parking lot entrance.

9. A Waiver from Downtown Centennial Plan Section VII.B.4.c is hereby approved, to allow no additional trees along Stewart Avenue.

10. Prior to occupancy, the required number of handicap parking spaces shall be provided, in the existing parking structure, in the proposed parking lot, or a combination of structure and lot, in conformance with Title 19.10 requirements.

11. Prior to occupancy, all necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Building and Safety Department.

12. These Conditions of Approval shall be affixed to the cover sheet of the plan set submitted for building permit.

13. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner. The landscape plan shall be revised to include irrigation specifications.

14. Pre-planting and post-planting landscape inspections are required to ensure the appropriate plant material, location, size of planters, and landscape plans are being utilized. The Planning and Development Department must be contacted to schedule an

inspection prior to the start of the landscape installation and after the landscape installation is completed. A certificate of occupancy will not be issued or the final inspection will not be approved until the landscape inspections have been completed.

15. All proposed signage shall be subject to approval by the Downtown Design Review Committee prior to issuance of sign permits.

16. Reflective glazing at the pedestrian level is prohibited. Glazing above the pedestrian level shall be limited to a maximum reflectance rating of 22% (as defined by the National Institute of Standards and Technology).

17. All mechanical equipment, air conditioners and trash areas shall be fully screened in views from the abutting streets.

18. All utility boxes exceeding 27 cubic feet in size shall meet the standards of LVMC Title 19.12.040.

19. Parking lot lighting standards shall be no more than 30 feet in height and shall utilize downward-directed lights with full cut-off luminaries. Lighting on the exterior of buildings shall be shielded and shall be downward-directed. Non-residential property lighting shall be directed away from residential property or screened, and shall not create fugitive lighting on adjacent properties.

20. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

21. A Comprehensive Construction Staging Plan shall be submitted to the Planning and Development Department for review and approval prior to the issuance of any building permits. The Construction Staging Plan shall include the following information: Design and location of construction trailer(s); design and location of construction fencing; all proposed temporary construction signage; location of materials staging area; and the location and design of parking for all construction workers.

22. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

23. Provide a copy of a recorded joint access and parking agreement between this site and Assessor's Parcel #139-34-510-014 [Ace Loan Company, 215 N. Third Street] within the Third Street alignment prior to the issuance of any permits for this site.

24. Coordinate with the Building and Safety Department to determine if existing lot lines are in conflict with existing or the new proposed structures. If it is determined that a mapping or other lot consolidation is required, coordinate with the City Surveyor to determine the most appropriate lot consolidation method.

25. Dedicate a 10 foot radius on the southwest corner of Stewart Avenue and 4th Street prior to the issuance of any permits.

26. A Petition of Vacation to vacate the existing public sewer easement, such as VAC-27995, shall record prior to the issuance of any permits for improvements abutting or overlying the sewer easement.

27. Remove all substandard public street improvements and unused driveway cuts adjacent to this site and replace with new improvements meeting Downtown Centennial Plan Standards modified as necessary to accommodate existing physical obstructions and as amended by conditions herein per the approved Site Plan concurrent with development of this site. All existing paving damaged or removed by this development shall be restored at its original location and to its original width concurrent with the development of this site.

28. Prior to the approval of Construction drawings for this site, sign a Covenant Running with Land agreement for the possible future undergrounding of all existing overhead utility lines adjacent to this site not placed underground per requirements of the Downtown Centennial Plan. The Covenant agreement must be recorded with the County Recorder and a copy of the recorded document must be provided to the City prior to the issuance of building permits for this site.

29. Unless otherwise allowed by the City Engineer, construct sidewalk, where such does not exist, on at least one side of all access drives connecting this site to the adjacent public streets concurrent with development of this site. The connecting sidewalk shall extend from the sidewalk on the public street to the first intersection of the on-site roadway network and shall be terminated on-site with a handicap ramp.

30. Contact the City Engineer's Office (Lorrie Dunford) at 229-6272 to coordinate the development of this project with the Stewart Avenue Phase II project and any other public improvement projects adjacent to this site. Comply with the recommendations of the City Engineer.

31. Landscape and maintain all unimproved rights-of-way, if any, on 4th Street, Ogden Avenue and Stewart Avenue adjacent to this site. All landscaping and private improvements installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

32. Submit an Encroachment Agreement for all landscaping and private improvements, if any, located in the Ogden Avenue, Stewart Avenue and (where applicable) 4th Street public rights-of-way adjacent to this site prior to issuance of permits for this site.

33. Coordinate all driveway geometrics with the Traffic Engineer to determine final allowable widths and depths prior to the submittal of construction drawings or issuance of permits, whichever occurs first.

Re: **JUSTIFICATION LETTER**
SDR Amendment Application re APN's 139-34-510-019, 139-34-514-007 & 008 & 009, 139-34-501-009

Dear Mr. Fagg:

Please accept this as our official justification letter for an Amendment to the previously approved SDR-37946 encompassing the expansion and remodel of the Lady Luck Hotel & Casino located at 3rd Street & Ogden on 3.12 acres at 206 North 3rd Street and 220 North 4th Street zoned C-2 (General Commercial).

The following is a summary of the changes to the previous SDR-37946:

1. Façade improvements on the elevations of the buildings;
2. A widening of the 4th & Stewart Entryway;
3. A small reduction in the number of surface parking stalls;
4. Removal of the Hotel entrance for the West Tower;
5. A change in the traffic flow of 3rd St. and the alley between 3rd St. and Casino Center Blvd.; and
6. An elevation change to the porte-cochere along 4th St.

SDR-44449

Many of the changes are minor architectural finish elements. The traffic flow deviations were made in order to attempt to alleviate some of the anticipated downtown traffic burdens given the impact of our re-opening. From a parking perspective, we have still added 24 new parking spaces while reducing the existing room base by 162 rooms from when the hotel was previously operated.

The proposed renovation will further enhance the revitalization of Downtown by making it a destination that attracts tourists and locals as well as assist in the success of the Mob Museum. This expansion will not change the history and culture that has been well established in Downtown, but will rather create more energy and help enhance the attractiveness of the Downtown Renaissance. Our renovation will be a crucial part of Downtown Las Vegas and will further enhance the beautification and revitalization of Downtown.

If you have any questions and/or concerns, please do not hesitate to contact me.

Sincerely,

Todd Kessler

Re:
Event Street Concessions

Dear Council Members,

The economy of Downtown Las Vegas has been built on the backs of small businesses in hospitality and food. Small restaurants that have not closed their doors, even in this tough economy, but have been the staple of East Fremont Street for many years. These small restaurants have provided unwavering support for Mayor Goodman in the clean-up of this area only to have business taken from them. These "event concession stands" are temporary set-ups that not only take money away from the local economy in the form of revenue to permanent businesses, but also create trash that must be cleaned up by the permanent business owners once the event is over. The restaurants on East Fremont Street have been able to serve the tourism by extending business hours to accommodate other local businesses in the area. Please reconsider using concession stands for these events and let the local restaurant owners provide the quality service and food that is part of the local economy day in and day out.

Thank you,

Dear Sir/Madam;

Re: Mobile Food Trucks on Fremont Blvd East (Entertainment District)

My name is Jose Calvino and I am the owner of Mamita's restaurant on Fremont Street. I will be representing all the restaurants on Fremont east and am listing some concerns we have come across this past year. Keep in mind this is **ONLY** about Fremont East the Entertainment District.

In March of 2011, the restaurant owners had written to the city concerning mobile food vendors. We were hoping that there would be some intervention from the city in this regards. Over the past few weeks we have come to the realization that things have got worse for us in this regards (proposal to allow mobile food vendors to park at a spot for 4 hrs as opposed to the previous 30 minutes rule, the possibility of making the distance between a restaurant and a mobile vendor be 100 ft which is literally nothing)

Here are some of the cons of having mobile food vendors on the streets of Fremont East.

Economy/Employment – We all know that Las Vegas is the number one effected city in the US be it employment or housing. In these tough times we restaurant owners are finding it hard to survive and have as many as 150 employees in the 13 restaurants in the 3 blocks. Letting food trucks on our street will mean us losing business and unable to keep our employees which in turn would affect multiple families. We have many single mothers and this would not be good for them.

No Parking for customers – Downtown does not have any parking for customers who visit our restaurants. Lack of this causes us to lose customers. We have customers who come to pick food, but do not find parking and leave, thus causing us loss of revenue. To top this mobile food vendors park in Loading/Unloading zone where customers are to pick up food and thus make it inaccessible.

Beautifying Downtown – The city did a good job of beautifying the downtown area, we still do suffer from homeless people, drug peddlers and sex workers making rounds of the street.

High rent – Restaurants pay through their nose, the rents range anywhere from $4000 USD through $10500 USD. With the rents this high businesses need to make

enough to survive and support employees, with the food trucks taking over the business during the weekend (specially) this causes us a lot of problems. We wait for Fridays and Saturday's as this is when we have a lot of customers, and then the trucks park on Fremont Street and take over our business. They do not have overheads like we do.

Traffic violation by food trucks – Every time the food truck vendors park on the loading-unloading and are told of the violation they ignore us, cops doing rounds say they cannot do anything in regards to this even when they are parked in the red zone. Multiple calls have been made in this regard. This also causes tourists and foot traffic to walk around these and onto traffic when these are blocking the pedestrian side walks. City rules **DO NOT** allow for anyone to park on this 10 minutes zone for more than 10 minutes, but these vendors are there for hours together and claim they have been invited there by some of the bars.

Unruly truckers smearing windows – Recently my restaurant saw the fury of a mobile food vendor. They smeared hot dog all across my front window and I have sent these pictures to the city as proof.

New Businesses – If the mobile food vendors are so interested in the downtown area the city should ask them to open restaurants on the street as there are many open locations on the block. This would help the city with additional taxes which can be used further for the city's development.

Long Haul – 15 years ago when no one wanted to step into the downtown area some of us risked it and opened restaurants. We are here for the long haul. We have weathered so many storms during this time. We want to stay in business and make Las Vegas downtown beautiful. We have so far done well with the help and support of the mayor, the city etc. However losing so much business when during peak time will just force us to shut down. Many restaurants have shut down due to lack of parking etc on here.

Bars - Bars ask for food trucks as they don't offer food, but we suffer due to this. City must do something to stop such permits from being issued on Fremont Street as there is **NO** place for these trucks to park legally. If the bars are given permission to invite mobile food vendors to Fremont, why can't we be given permission to invite a mobile bar? Why this bias? After all mobile food vendors sell their food for cheaper and take away our business; we could do the same to the bars. They claim there are no fast food options for customers thus they invite the mobile food vendors, but ALL of us on the street have fast food from burgers, to burritos to fries to gyros. So our question is **WHAT** do we lack on this street in terms of food options?

Tourists – When tourists are in downtown Las Vegas we hope they see the authentic restaurants we have setup with all this hard work. We do not wish them to see mobile food vendors on the streets. Taking pictures in a Cuban restaurant, in Maharaja with all the woodwork etc should be memorable, not taking pictures of mobile food trucks on Fremont Street.

Fremont Experience – When there are parties and events held IN the Fremont Experience why aren't there any trucks allowed there? Why can't the trucks park on

Las Vegas Blvd? The question is if they are not allowed there, then why are they allowed where there are already existing businesses? Traffic problems do occur on here as well, so why the bias AGAIN?

First Friday - Every month on Main street there are trucks, this is because there is only ONE restaurant on there and these mobile food vendors are allowed to stay there ONLY between 7pm-11pm. However when it comes to Fremont street they are parked here from anywhere between 9pm through 3am and **ON** Loading and Unloading zones or on curbs in red zones as there is no other place for them to park.

El Cortez – When El Cortez has events, there are many mobile food vendors they allow on there, when this happens all the businesses are dead.

Ordinance – We have been told that the distance from restaurant at which a mobile food vendor can park has been recommended to be 100 ft, it's barely anything, other cities have 200 ft for similar situations, why the difference? Earlier mobile food vendors were given 30 minute permits, now they may be able to park for 4 hrs at a stretch which is not good for us restaurants on Fremont Street.

The city was kind enough to provide us with free Liquor license. This helped us get a DJ and we made room for dancing in our restaurants so tourists can have a good time and we could be open till late. With the above mentioned issues we are not sure how long we can stay in business and if this continues we have no other option other than shutting down our businesses and rendering many employees jobless and many families affected by this move.

Thank you in advance for listening to our grievances and hope you will be able to remedy these problems. We have nothing against the mobile food vendors, they have other spots they can move to, but what can we do? Can we move our restaurants like them when business gets slow?

Sincerely,

Jose Calvino and ALL restaurant owners
