Southern Nevada Public Lands Management Act (SNPLMA)
Special Account Nominations Round 14
Parks, Trails and Natural Areas
AGENDA MEMO

SNPLMA Project Nominations	Tentative Costs
1. Floyd Lamb Park Trails Upgrades	\$360,000
2. Childrens Memorial Park Splash Pad Water Feature	\$330,000

Project Descriptions:

1. Floyd Lamb Park Trails Upgrades

Two environmental enhancement areas (EEAs) containing approximately four miles of trails were recently constructed at Floyd Lamb Park at Tule Springs with Clark County Regional Flood Control District (CCRFCD) and SNPLMA funding. The City has identified subsequent projects to enhance the new trail systems.

The City of Las Vegas is requesting SNPLMA Round 14 funding for upgrades to enhance the EEA trails by providing a restroom convenient to trail users, internal trail segments connecting the EEA trails to the park core, safety fencing to protect trail users from drainage ditches and trail directional and kiosk signage.

2. Childrens Memorial Park Splash Pad Water Feature

The City of Las Vegas is requesting SNPLMA Round 14 funding to provide a splash pad water feature at the Childrens Memorial Park located at Gowan Road and Torrey Pines Drive. A water feature at this park would be an ideal location since existing parks that offer non-pool water features are four miles apart leaving a vastly underserved area for this type of feature.
