Comment Absolutely against. Every definition of Animal Husbnadry ive looked up references domestic animals so i am not sure how that term would apply to wild cats. It also refers to breeding so unless they are all males there will eventually be more that 6 on the property. This property is to close to the public park. This also poses a safety issure for the animals as they are a "stones throw" from curios children at the park and kids walking from the high school. Very bad idea!
