

AGENDA MEMO

DATE: JUNE 27, 2013
TO: TRAFFIC AND PARKING COMMISSION
FROM: TRAFFIC ENGINEERING DIVISION
SUBJECT: ITEM 6

DISCUSSION FOR POSSIBLE ACTION REGARDING THE INSTALLATION
OF A HANDICAP PARKING ZONE IN FRONT OF 5112 WAPITI POINT
COURT (Ward 6 – Ross)

SITUATION

The resident at 5112 Wapiti Point Court is applying for a handicap parking zone in front of her residence to allow for the bus pickup of her disabled daughter who receives curb to curb bus services due to her disabilities. This parking zone will allow the bus to pull directly in front of their home. Other residents park in this area, making it difficult for the bus to pick up her child. One of the residents living across the street is opposed to this parking zone, so we are bringing this item before the Commission for discussion and final action.

RECOMMENDATION

The Traffic Engineering Division approves the installation of the handicap parking zone.
