PURPOSE/BACKGROUND:

This bill will repeal LVMC Chapter 9.32, relating to the regulation of swimming pools. That chapter is no longer in use and no longer needed. The City's technical codes, in particular as they apply to swimming pools, adequately regulate the construction and safety aspects that are within the City's jurisdictional powers. Other health-related aspects are covered by the applicable regulations of the Southern Nevada Health District. The repeal is part of a project designed to identify and update obsolete and duplicative Code provisions.

RECOMMENDATION:

This bill should be submitted to a Recommending Committee for review, hearing and recommendation to the City Council for final action.

Minutes:

COUNCILMAN BARLOW declared the Public Hearing open.

DEPUTY CITY ATTORNEY VAL STEED recommended approving this action, as it is part of the ongoing efforts to repeal and update Code provisions that have become obsolete. Chapter 9 of the Code speaks to swimming pool regulations, which was adopted prior to a swimming pool code that now regulates construction and certain aspects, such as safety and public health.

COUNCILMAN BARLOW declared the Public Hearing closed.
