The City and the CMAR are sometimes individually referred to herein as "Party" and collectively as "Parties."

RECITALS

WHEREAS, the Owner intends to construct Detention and Enforcement Security System Upgrade (the "Project"); and

WHEREAS, the Owner is authorized under NRS 338.169-338.1699 to contract with a qualified CMAR for an eligible public work following the selection procedures contained therein; and

WHEREAS, the Owner and CMAR have entered into an Agreement for Construction Manager at Risk Preconstruction Services for the Project; and

WHEREAS, the Owner desires to retain a contractor to perform construction services, and the CMAR desires to provide these services hereinafter set forth below;

NOW, THEREFORE, in consideration of the mutual covenants herein contained, the Parties hereto, intending to be legally bound, agree as follows:

1. **PROJECT DESCRIPTION.** The Project consists of the construction more fully set forth and described in the Contract Documents.
2. **CONSTRUCTION COVENANT.** The CMAR hereby covenants and agrees to undertake and complete the Work (defined in the Contract Documents) in a good, substantial and workmanlike manner. The CMAR further agrees to provide the materials, labor, tools, and equipment necessary to properly and expeditiously complete the Work in strict accordance with the requirements of the Contract and other Contract Documents and to accept payment of the Contract Amount, subject to any adjustments under the terms of the Contract, as complete compensation therefor (including all of the expenses, direct or indirect, incurred by the CMAR in connection therewith).
3. **CONTRACT AMOUNT.** For furnishing all labor, materials, equipment, tools and services and for doing everything required by this Contract and the other Contract Documents, the Owner will pay and the CMAR shall accept the Contract Price, as defined in the General Conditions, which in no event shall exceed the Guaranteed Maximum Price of \$1,192,697.

The CMAR's Guaranteed Maximum Price (GMP) for the entire Work on the Project consists of:

A. Cost of the Work (excluding General Conditions)	\$920,395
B. General Conditions	\$179,507
C. CMAR's Fee	\$56,795
D. CMAR's Contingency *	\$36,000
E. Total Guaranteed Maximum Price	\$1,192,697

Percentage Split of GMP Savings:	<u>Owner</u>	<u>CMAR</u>
	80%	20%

* The CMAR's contingency shall be used at the discretion of the CMAR; however, the CMAR shall notify the Owner in writing of the intent to utilize the CMAR's contingency prior to any expenditures.

Savings includes underrun of the total guaranteed maximum price, including CMAR's contingency remaining at the end of the project; however, savings does NOT include unused contract allowances in the total GMP. One hundred percent (100%) of the unused contract allowances as identified in the CMAR's proposal shall be retained by the Owner.

4. DOCUMENT INCORPORATION. The Contract consists of this three (3) page document and the following documents incorporated herein by this reference as a part hereof:

- A. General Conditions, Exhibit "A" attached hereto

5. COMMENCEMENT AND COMPLETION DEADLINE. Time is of the essence in the performance and completion of this Contract. The CMAR shall commence the Work on the date set by the City in the Notice to Proceed, and shall achieve Substantial Completion of the entire Work within **150 calendar days** thereafter, subject to adjustments of this Contract Time as provided in the Contract Documents.

6. LIQUIDATED DAMAGES. The CMAR agrees that time is of the essence of this Agreement and further agrees to satisfactorily complete the Work in accordance with the Contract Documents. If the CMAR shall neglect, fail, or refuse to complete the Work for any reason within the time specified for Substantial Completion in the Contract plus any adjustments to the Contract Time resulting from approved Change Orders, then the CMAR does hereby agree, as a part consideration for the awarding of this Contract, to pay to the Owner, as liquidated damages and not as a penalty, as follows:

Liquidated damages shall not accrue after the date of Substantial Completion provided the CMAR completes all punch-list work within the time limit stipulated in the Certificate of Substantial Completion. Liquidated damages shall accrue at the sum of **\$1,000 per calendar day** if the CMAR does not complete all punch-list work within the time limit stipulated in the Certificate of Substantial Completion.

The said amounts are fixed and agreed on by and between the CMAR and the Owner because of the impracticability and extreme difficulty of fixing and ascertaining the true value of the damages which the Owner will sustain by failure of the CMAR to complete the Work on time, such as architectural and engineering inspection, supervision and contract administration, loss of revenue, cancellation costs for schedule performances, interest charges, delays caused to other construction activities of Owner by failure to perform this Contract, and other damages, some of which are indefinite and not susceptible of easy proof, said amount is agreed to be a reasonable estimate of the amount of damages which the Owner will sustain and said amount shall be deducted from any monies due or that may become due to the CMAR.

The Superintendent shall represent the CMAR and all communications given to the Superintendent shall be as binding as if given to the CMAR. The Superintendent shall be available 24 hours a day and shall be on the construction site when there is any construction activity taking place on the Project. During day and night work schedules, the Superintendent may appoint additional deputy superintendents, as approved by the Owner.

The Superintendent shall be present at the progress meetings and be available as needed to meet with the Owner regarding the progress of the Work and related activities. Failure to maintain a Superintendent on the Project site at all times work is in progress shall be considered a material breach of this Contract, entitling the Owner to terminate the Contract or, alternatively, issue a stop Work order until the Superintendent is on Project site.

The Superintendent shall continue in that capacity for the duration of the Project, unless the Superintendent ceases to be on the CMAR's payroll or the Owner otherwise agrees to a substitution in writing.

Section 2.07 Responsibility for Uncovering and Correcting the Work

- a) If any portion of the Work has been covered contrary to the request of the Owner or contrary to the requirements stated in the Contract, the CMAR shall, if requested by the Owner, uncover for observation and, if unacceptable, shall be replaced and recovered at the CMAR's expense without any adjustment to the Contract Time.
- b) If any portion of the Work has been covered which the Owner has not specifically requested to observe prior to being covered, the CMAR shall, if requested by the Owner, uncover for observation and, if unacceptable, shall be replaced and recovered at the CMAR's expense without any adjustment to the Contract Time. If the uncovered Work is in compliance with the requirements of the Contract, the cost to recover shall be paid by the Owner.

Section 2.08 Responsibility for Permits and Fees

Unless otherwise provided in the Contract Documents to be the responsibility of the Owner, the CMAR shall secure all the necessary Permits and pay the required license and inspection fees associated therewith, which are necessary for the proper execution and completion of the Work.

Section 2.09 Responsibility for Record Documents

The CMAR shall keep a marked-up, up-to-date set of the Progress Record Documents subject to the provisions of Section 01700 of the Technical Specifications. The Progress Record Documents shall depict the as-built conditions of the Work as they occur during the course of construction as an accurate record of the deviations between the Work as designed and the Work as installed.

Section 2.10 Responsibility for Substitutions of Materials, Products or Services

a) **Criteria.** The CMAR may propose the substitution of any material, product or service in lieu of that required or specified by brand name or trade name under the Contract subject to the requirements set forth herein. Any material, product or service manufactured by a company other than the one specified, or is brand name, model number or generic species other than what is specified, will be considered a substitution.

Prior to proposing the substitution, the CMAR shall determine whether or not (i) the proposed material, product or service is, in fact, equal to that specified after considering the ease of operation, maintenance, repairs, appearance, longevity and any other pertinent factors and (ii) the substitution will result in a cost savings, reduced construction time or similar demonstrable benefit to the Owner. A substitution will not be permitted where the material or product is intended to match others in use, accommodate artistic design, specific function or economy of maintenance.

b) **Procedure.** The CMAR shall, within ten (10) days after award of the Contract submit to the Owner a written request for the substitution accompanied by drawings, samples, test data, certificates and any other pertinent documentation which will permit the Owner to make a fair and equitable decision concerning the proposed substitution. If the CMAR fails to submit the written request within the specified time, the substitution will not be allowed. If the substitution is acceptable to the Owner, a written authorization will be provided to the CMAR. No substitution will be allowed which will result in an increase in the Contract Amount.

c) **Burden of Proof.** The burden of proof in establishing the equality of the proposed substitution shall be upon the CMAR. Approval of a substitution shall not relieve the CMAR from responsibility for compliance with the other requirements of the Contract. The CMAR shall bear the expense for any changes in other parts of the Work caused by the substitution. The submission of a substitution incurs no obligation on the part of the Owner to accept or construe the proposed substitution to be an equal to that specified under the Contract. The Owner will be the sole judge of whether or not the substitution is equal in quality, utility and economy to that specified under the Contract. The Owner will have a reasonable amount of time to review each request for substitution.

d) **Required Certificates.** The substituted material, product or service shall be supported, by proper certification from the governmental agencies having jurisdiction over its use in the Work.

Section 2.11 Responsibility for the Delivery and Storage of Materials and Equipment

The CMAR shall receive, unload, store in a secure place, and deliver from storage to the Work site all materials and equipment required for the performance of the Contract. The storage facilities and methods of storing shall meet with the Owner's approval. Any materials and equipment subject to degradation by exposure shall be stored in a suitable enclosure provided by the CMAR.

Section 2.12 Responsibility for Emergencies

When emergencies affecting or threatening the safety of any person or property occur, the CMAR shall immediately act with diligence to prevent injury to such person, or damage or loss to such property. If the CMAR should fail to act, the Owner may, but is not obligated to, act immediately to prevent injury to such person, or damage or loss to property, whichever may be endangered by the emergency by whatever means or method the Owner deems appropriate, including, but not limited to, the use of other contractors, the Owner's own forces, and the CMAR's on-site equipment and materials, in which case, the CMAR shall pay the Owner for any such expenses incurred as provided in Section 10.05 (Owner's Right to Carry out the Work).

Section 2.13 Responsibility for Payment of Subcontractors and Other Parties

The CMAR is responsible for paying each Subcontractor constructing any portion of the Work, and other parties providing labor, material or supplies in connection with the Work in a timely manner.

Section 2.14 Responsibility for Schedule of Values

- a) The CMAR, if so requested by the Owner, shall have provided to the Owner a Schedule of Values allocated to various portions of the Work. The Schedule of Values shall be formed and supported by such data and information, acceptable to the Owner.
- b) Each line item of the Schedule of Values shall contain no more than reasonable and attributable costs applicable to the line item. The CMAR shall warrant the Schedule of Values to be reliable and accurate, and documents used in the preparation thereof shall be available for review by the Owner. Each line item on the schedule of values shall contain all costs attributable to that item with the exception of the CMAR Fee, which shall be separately listed at the bottom of the Schedule of Values as a lump sum total for the Project and payable as a percentage of overall work complete.

Section 2.15 Responsibility for Site Inspection

- a) The CMAR acknowledges that it has taken steps reasonably necessary to ascertain the nature and location of the Work, and that it has investigated and satisfied itself as to the general and local conditions which can affect the Work or its cost, including but not limited to (1) conditions bearing upon transportation, disposal, handling, and storage of materials; (2) the availability of labor, water, electric power, and roads; (3) uncertainties of weather or similar physical conditions at the site; (4) the conformation and conditions of the ground; and (5) the character of equipment and facilities needed preliminary to and during work performance.
- b) The CMAR also acknowledges that it has satisfied itself as to the character, quality, and quantity of surface and subsurface materials or obstacles to be encountered insofar as this information is reasonably ascertainable from an inspection of the site, including all exploratory work done by the Owner, as well as from the drawings and specifications made a part of this contract. Any failure of the CMAR to take the actions described and acknowledged in this Section will not relieve the CMAR from responsibility for estimating properly the difficulty and cost of successfully performing the work, or for proceeding to successfully perform the work without additional expense to the Owner.
- c) The Owner assumes no responsibility for any understanding reached or representation made concerning conditions which can affect the Work by any of the CMAR's officers or agents before the execution of the Contract, unless that understanding or representation is expressly stated in the Contract.

SECTION 3. OWNER'S RIGHTS AND RESPONSIBILITIES

Section 3.01 Owner's Designated Representative

- a) The Owner shall appoint a Designated Representative with respect to the Contract. The Designated Representative shall have complete authority to transmit instructions, receive information, interpret and define the policies of the Owner and to make other decisions on the part of the Owner. Following the issuance of the Notice to Proceed, the Designated Representative may perform any review, communications, notices or other act required on the part of the Owner.
- b) The Designated Representative shall not have any authority to change or interpret the Contract or Contract Documents, whether orally or in writing. Any ambiguity between the parties that require interpretation of the Contract or Contract Documents shall be resolved by written submission of a RFI by the CMAR. Any request for a change to the Contract or Contract Documents shall be resolved by written submission of a Change Order request by the CMAR. The Contract or Contract Documents shall not be changed without written confirmation from the Owner.
- c) Communications from the Owner's Representative may be verbal or written. Any verbal instruction or directive by the Owner's Representative to the CMAR that changes either the Contract Amount or Contract Time or that changes either the Contract or the Contract Documents shall not be valid unless confirmed in writing and acknowledged and accepted by the Owner 1) within five working days or 2) when the work that is subject to the verbal directive commences, whichever is earlier. Absent written confirmation of the Owner's Representative's verbal instruction to the CMAR, the parties agree that there is a strong presumption that no such verbal directive was ever given.

Section 3.02 Right to Perform or Award Separate Contracts for Portions of the Work

- a) **Coordination.** The Owner reserves the right to perform portions of the Work related to the Project with its own forces or to award a separate contract or contracts for portions of the Work under the same or similar conditions of the Contract. The Owner will provide for the coordination of the activities by its own forces and that of each separate contractor with the Work of the CMAR. The CMAR shall participate with the Owner and the other separate contractors in reviewing their construction schedules when so directed by the Owner.
- b) **Revisions to the Guaranteed Project Schedule.** The CMAR shall make the revisions to the Guaranteed Project Schedule deemed necessary after a joint review and mutual agreement. The Guaranteed Project Schedule as revised shall then constitute the schedule to be used by the CMAR. If the activities by the Owner or the other contractors are completed within the time reflected in the Guaranteed Project Schedule as revised or an extension is granted in the Contract Time, the CMAR shall be precluded from asserting any claim for delay or additional expenses resulting from the Owner exercising its rights granted herein.
- c) **Storage of Equipment and Materials.** The CMAR shall afford the Owner and separate contractors reasonable opportunity for introduction and storage of their materials and equipment and performance of their activities, and shall connect and coordinate the CMAR's construction and operations with theirs as required by the Contract.
- d) **Reporting of Separate CMAR Deficiencies.** If part of the Work depends on the proper execution of construction or operations by the Owner or a separate contractor, the CMAR shall, prior to proceeding with the Work and each portion thereof, promptly report to the Owner the apparent discrepancies or defects such other construction or operations that would render the Work unsuitable for proper execution by the CMAR. The CMAR's failure to report such discrepancy or defect shall constitute an acknowledgment that the Owner's or separate contractor's completed or partially completed construction or operations is fit and proper for the CMAR to proceed with the Work, except as to defects not then reasonably discoverable.
- e) **Delays and Damages to Separate CMARs.** The CMAR shall defend, indemnify and hold the Owner harmless pursuant to the provisions of Section 9.01 (General Indemnity) of the General Conditions for each claim asserted by a separate contractor for delay, improperly timed activity, defective construction or damage to the work of the separate contractor which is caused by the CMAR. The CMAR agrees to make no claim of cost or damages against the Owner for any delay, improperly timed activity, defective construction or damage to the Work of the CMAR which is caused (i) by the CMAR, or (ii) by a separate contractor unless such contractor is under contract to the Owner, or to a general contractor of the Owner.

The Owner shall pay each claim of cost incurred by the CMAR arising from the delay, improperly timed activity, defective construction or damage to the Work caused by a separate contractor acting under the direction or control of the Owner, or under the direction and control of a general contractor of the Owner, provided such claim meet the requirements contained in Section 01200 (Price and Payment Procedures) of the Technical Specifications.

The failure of either party to pay the costs as required herein shall entitle the other party to file a claim pursuant to Section 12 (Disputes between the Parties) of the Contract.

- f) **Repair of Damages.** The CMAR shall promptly repair any damage caused by the CMAR to the work of a separate contractor or to any property of the Owner or other property owner if so requested and permitted by the injured party. Such repair shall be in lieu of the payment of monetary damages to the injured party.

Section 3.03 Right to Perform Additional Work Within or Near the Project Site

- a) The Owner reserves the right at any time to contract with other contractors whose work may occur within or near the site of the Project. In such event, the CMAR agrees not to interfere with or hinder the progress of work by the other contractors, and the Owner agrees to require such contractors to coordinate their work with that of the CMAR. The CMAR agrees to cooperate and coordinate with such contractors as directed by the Owner.
- b) The CMAR shall arrange the Work and shall place and dispose of the materials being used so as not to interfere with the operations of other contractors within the limits of the same Project. The CMAR shall join the Work with that of the other contractors in an acceptable manner and shall perform it in proper sequence to that of the other contractors.

Section 3.04 Progress Meetings

The Owner shall chair the progress meetings between the parties to the Contract that shall include a representative from each major subcontractor if so requested by the Owner. The Owner shall take notes of the progress meeting and shall distribute copies to each party within five (5) days after completion of the meeting. The conference notes shall summarize decisions made at the meeting and reflect the weekly job progress in comparison to the Guaranteed Project Schedule. The attendees are responsible for remembering their own required action and the conference notes shall serve only as a reminder and record of the required action.

Section 3.05 Right of Suspension

The Owner may, without cause, order the CMAR in writing to suspend, delay or interrupt the Work, in whole or in part, for such period of time as determined by the Owner. An adjustment shall be made for the increase in the cost of performing the Contract (excluding therefrom any profit to the CMAR), on the increased cost of performance caused by the suspension, delay, or interruption. No adjustment shall be made to the extent that:

- i) The performance is, was or would have been so suspended, delayed or interrupted by another cause for which the CMAR is responsible; or
- ii) An equitable adjustment is made or denied under another provision of the Contract Documents, or
- iii) The CMAR could have mitigated the increase in cost to perform the Contract.

Section 3.06 Right of Termination for Convenience

- a) Prior to, or during the performance of the Work, the Owner reserves the right to terminate the Contract in whole or in part, for any reason whatsoever (including, but not necessarily limited to, funding limitations). Upon such an occurrence the Owner will immediately notify the design professional and the CMAR in writing specifying the effective termination date of the Contract.
- b) After receipt of the Notice of Termination, the CMAR shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due at the point in the Contract:
 - i) Stop all construction;
 - ii) Place no further orders for materials or services;
 - iii) Terminate all subcontracts;
 - iv) Cancel all material and equipment orders as applicable; and
 - v) Take whatever action is necessary to protect and preserve all property related to this Contract, which is in the possession of the CMAR.
- c) Within 180 days of the date of the Notice of Termination, the CMAR shall submit a final termination settlement proposal to the Owner based upon costs up to the date of termination, including reasonable profit as allowed by the Contract Documents on completed Work, and reasonable demobilization costs as allowed by the Contract Documents. If the CMAR fails to submit the proposal within the time allowed, the Owner may determine the amount due to the CMAR because of the termination and shall pay the determined amount to the CMAR.

Section 3.07 Right to Replace Subcontractor

The Owner shall have the right to require that the CMAR replace any Subcontractor at any time and for any reason by requesting such change in writing in accordance with the provisions of NRS 338.

SECTION 4. CONTRACT COMMENCEMENT, PROGRESS AND COMPLETION

Section 4.01 Notice to Proceed

- a) After receipt of all required submittals, the Owner will issue the Notice to Proceed. The CMAR shall not commence construction activities at the Work site prior to the date specified in the Notice to Proceed.
- b) If deemed appropriate, the Owner may issue a Material Notice to Proceed to the CMAR authorizing the ordering of supplies, materials, equipment or other items related to the Work prior to issuance of the Notice to Proceed.

Section 4.02 Guaranteed Project Schedule

Within the time provided in Section 01330 of the Technical Specifications, the CMAR shall submit the Guaranteed Project Schedule for the Work, which shall contain the appropriate milestones by which the Owner can judge and determine the progress thereof.

Section 4.03 Progress of the Work

- a) The CMAR shall provide sufficient labor, materials, facilities, and equipment and shall work such hours, including night shifts, overtime operations, Saturdays, Sundays and holidays, as may be necessary to insure the prosecution and completion of the Work or separable portions thereof, in accordance with the Guaranteed Project Schedule.
- b) If the progress of the Work falls behind or fails to proceed in accordance with the Guaranteed Project Schedule, or it becomes apparent to the Owner from the current schedule that the Work will not be substantially complete within the Contract Time (as adjusted by Owner approved Change Orders), in addition to the other requirements of the Contract and remedies available to the Owner, the CMAR agrees to take the following actions at no additional cost to the Owner to correct such tardiness:
 - i) Increase manpower in such quantities and crafts as will substantially eliminate, in the judgment of the Owner, the backlog of Work;
 - ii) Increase the number of working hours per shift, shifts per working day, working days per week, the amount of equipment, or any combination of the foregoing, sufficient to substantially eliminate, in the judgment of the Owner, the backlog of Work; and,
 - iii) Reschedule activities to achieve maximum practical concurrence of accomplishment of activities.
- c) The failure of the CMAR to comply with the requirements of this Section or to remedy the tardiness shall be grounds for a determination by the Owner that the CMAR is failing to diligently prosecute the Work, in which case the Owner may, after the notice of the breach has been provided to the CMAR pursuant to Section 10.01 (Definition of Breach) of the Contract, without prejudice to other remedies the Owner may have and regardless of whether the CMAR has taken or is taking corrective action, immediately correct the CMAR's failure at the CMAR's expense by exercising the right to perform and carry out the work as provided in Section 10.05 (Owner's Right to Carry Out the Work) including the use of the Owner's work forces, to award separate contracts, to supplement the CMAR's work forces, to prepare or have prepared schedules which shall be used to determine the provisions of the Contract to withhold actual and anticipated liquidated damages, and any other means the Owner deems appropriate.

Section 4.04 Contract Time

Time is of the essence in the performance and completion of this Contract. The CMAR shall commence the Work on the date set by the Owner in the Notice to Proceed, and shall achieve Substantial Completion of the Work within the Contract Time.

Section 4.05 Payment Terms and Definitions

a) Cost of the Work (and related terms)

- i) The Cost of the Work includes wages paid, but not bonuses paid, for labor in the direct employ of the CMAR in the performance of the Work, exclusive of the labor that is to be included in the General Conditions. Labor rates, including fringe benefits, shall be in conformance with the applicable Prevailing Wage Rates as published by the Nevada State Labor Commission for this Project. This includes labor and management of CMAR self-performed construction work.

d) CMAR's Contingency (and related terms)

- i) The CMAR's Contingency may be used to fund the following:
 - 1) Increases in the Cost of the Work identified through the refinement, development and completion of the Contract Documents or procurement of the Work, including increases in subcontractor or supplier costs, after acceptance by the Owner of the GMP and execution of this Contract. Decreases in the Cost of the Work shall transfer to the CMAR Contingency.
 - 2) Increases in the Cost of the Work for concealed conditions that can be reasonably inferred from the construction documents and/or the Work.
 - 3) Rework by the CMAR that is not a result of the CMAR's or Subcontractor's negligence or lack of coordination or communication with the Consultant or trade Subcontractors.
 - 4) Increase in the cost of the General Conditions. Decreases in the cost of the General Conditions shall transfer to the CMAR Contingency.
 - 5) Any deductible incurred as a result of a Builder's Risk Insurance claim.
- ii) The CMAR's Contingency shall not be used to fund the following:
 - 1) Increases in the Cost of the Work as a result of an omission or correction in the Contract Documents that should have been identified through a reasonable constructability check and coordination review of the construction documents by the CMAR during the discharge of the CMAR's pre-construction duties. Design omissions or corrections which the CMAR could have reasonably identified through a reasonable constructability check and coordination review will be resolved on a case-by-case basis.
 - 2) Increases in the Cost of the Work as a result of the CMAR's or subcontractor's negligence or lack of coordination or communication with the Consultant or trade Subcontractors.
- iii) The Owner's Contingency shall be used to fund the following:
 - 1) Increase in the Cost of the Work as a result of errors and omissions of the Consultant that could not have been reasonably discovered by the CMAR through a reasonable constructability check and coordination review of the construction documents by the CMAR during the discharge of the CMAR's pre-construction duties.
 - 2) Increases in the Cost of the Work as a result of Building Code compliance or outside agency requirements identified through the refinement, development and completion of the Contract Documents after acceptance by the Owner of the GMP and execution of this Contract or during construction of the Work, including increases in Subcontractor or Supplier costs.
 - 3) Increases in the Cost of the Work due to an unforeseen condition that could not be reasonably foreseeable from the Contract Documents.
 - 4) Increases in the Cost of the Work due to an unavoidable event, including weather, that arises and that could not have been anticipated from the Contract Documents.
- iv) For each use of the CMAR's Contingency, the CMAR shall:
 - 1) Notify the Owner in writing no later than fourteen (14) days after the event or first knowledge of the cause that results in a request to use the CMAR Contingency;
 - 2) Attempt to gain Owner approval of the use of the CMAR Contingency prior to the expenditure;
 - 3) Provide backup documentation as requested by the Owner to justify the use and amount of the CMAR Contingency request; and
 - 4) Document the approval of the expenditure of the CMAR Contingency through the use of a form acceptable to the Owner.
- v) Reference Division 1 of the Technical Specifications for the allowable CMAR's Contingency mark-ups, including subcontractor mark-up, for overhead and profit.

Section 4.06 Progress Payments and Retainage

- a) **Schedule of Values.** Within fourteen (14) days after the issuance of the Notice to Proceed, the CMAR shall submit to the Owner and the Consultant a schedule of values of the various portions of the Work, aggregating to the total Contract Sum, divided to facilitate payments to Subcontractors, prepared in a form acceptable to the Owner, and supported by such data to substantiate its correctness as the Owner may require. This schedule, when approved by the Owner and the Consultant, shall be the basis for each Progress Payment Application. The scheduled costs shall

be itemized in accordance with the breakdown listed in the CMAR GMP Proposal and according to the list of defined components included in Subsection b below.

- b) **Progress Bills and Payments.** The CMAR may submit a monthly progress bill requesting payment for the Work performed to-date after measuring the Work and estimating its value based upon the unit prices contained in the Contract or the approved Schedule of Values. The progress bill must be submitted and must be accompanied by photographs of the Work completed to date and other supporting documentation (such as material receipts and storage verifications). The quantities and value estimates must have the concurrence of the Owner. As permitted pursuant to Section 10.06 (Deduction from Progress Payments) of these General Conditions and NRS Chapter 338, the Owner may withhold from the progress payment an amount that is sufficient to protect the Owner for the CMAR's failure to comply with the requirements of the Contract or applicable building codes, laws or regulations.
- c) **Certified Payroll Reports.** The CMAR must submit certified payroll records each month as required by NRS Chapter 338. If the certified payroll records for the previous month have not been received, the Owner may withhold funds from the progress payment in accordance with NRS Chapter 338. The Owner requires the use of LCP Tracker software for the submission of certified payrolls by the CMAR and all of its Subcontractors.
- d) **Retainage.** From the progress payment to be made to the CMAR, the Owner shall deduct and retain an amount equal to five percent (5%) of the amount approved for payment through 50% completion of the work.
- e) **Payment for Stored Material.** The Owner may at its discretion pay the CMAR the cost of the material that is to be used in the performance of the Work provided the material complies with the requirements of the Contract and the following conditions are satisfied:
 - i) The CMAR stores the material in a manner acceptable to the Owner at the Work site or other site that is acceptable to the Owner.
 - ii) The CMAR furnishes evidence of the quantity and quality of the stored material that is acceptable to the Owner.
 - iii) The CMAR furnishes legal title (free of liens or encumbrances of any kind) for the stored material that is acceptable to the Owner.
 - iv) The CMAR furnishes evidence the stored material is insured against loss, damage or disappearance thereof prior to use in the Work that is acceptable to the Owner.

The transfer of title to, or the payment for, the stored material by the Owner shall in no way relieve the CMAR of responsibility for placing the material in accordance with the requirements of the Contract.

If payment is being sought for material not specifically purchased for the Work, but taken from the CMAR's stock, then in lieu of an invoice, the CMAR shall submit to the Owner a statement and accompanying affidavit certifying that the material was taken from the CMAR's stock and that the claimed material and transportation costs represent the actual costs to the CMAR.

The progress bill requesting payment for the stored material shall not exceed the Contract price for such material or the price for the Contract item comprising the material used by the CMAR.

SECTION 5. COMPLETION OF PROJECT

Section 5.01 Substantial Completion

- a) When the CMAR considers the Work or portion thereof has reached Substantial Completion, the CMAR shall so inform the Owner. The Owner shall schedule a walk-through to establish a punch list of items to be completed or corrected by the CMAR.
- b) If the Work or any designated portion thereof has reached Substantial Completion, and all applicable governmental authorities have granted final approval of the Work, the Owner will issue a Certificate of Substantial Completion establishing the date of Substantial Completion identifying responsibilities of the Owner and CMAR for security, maintenance, utilities, damage to the work and insurance, and fixing the time for the CMAR to finish the items on the punch list accompanying the Certificate. The Certificate of Substantial Completion shall be submitted to the Owner and CMAR for their written acceptance of responsibilities assigned to them in such Certificate.

- c) In the event the CMAR is unwilling to provide written acceptance of the Certificate of Substantial Completion, the Owner shall issue the Certificate without the CMAR's signature, and (i) the CMAR shall immediately comply with the provisions of the Certificate, and any dispute involving the CMAR's unwillingness to provide written acceptance shall be resolved in accordance with Section 12 (Disputes Between the Parties). In such event, the Owner may withhold Liquidated Damages based on the completion date shown on the issued Certificate of Substantial Completion until such time as the dispute is resolved between the parties.

Section 5.02 Punch List

- a) The CMAR shall complete or correct the Work identified on the punch list within the time specified on the Certificate of Substantial Completion or as otherwise directed. If the CMAR fails to satisfactorily complete or correct the punch list items, such failure shall constitute a breach of this Agreement and the Owner shall have the option to invoke any of the remedies provided for under Section 10.
- b) The time stated for completion of punch list items shall include final cleanup of the Work site.

Section 5.03 Final Inspection and Final Acceptance of the Work

When the CMAR considers the Work is complete, the CMAR shall so notify the Owner in writing. If, after inspection and testing, the Owner determines that the Work has been completed as required by the Contract and the Contract otherwise fully performed, the Owner shall inform the CMAR that application for final payment may be made. The Contract shall not be considered to be fully performed until the CMAR provides the Owner with the certificates, guaranties, releases, certified payroll records, affidavits, record documents and other documents required under the Contract. Final acceptance of the Work shall be confirmed by the making of final payment unless otherwise stipulated at the time such payment is made.

Section 5.04 Final Payment

- a) Provided the Contract has been fully performed pursuant to Section 5.03 (Final Inspection and Final Acceptance of the Work) of the Contract, the CMAR shall prepare and submit a final payment application for all Work performed under the Contract. The acceptance of final payment shall operate as a release to the Owner by the CMAR of all claims and liabilities for all things done or furnished in connection with the Work and for every act or omission, negligent or otherwise, of the Owner and others relating to or arising out of the Work.
- b) No payment, final or otherwise, shall operate to release the CMAR from any obligations under the Contract or the Sureties from any obligations under the Performance Bond, Labor and Material Payment Bond or the Guaranty Bond.

Section 5.05 Non-Conforming Work Not Accepted

Neither final acceptance, the making of final payment, nor the entire or partial occupancy of the completed Work by the Owner, shall constitute an acceptance of the Work, or any portion thereof, not completed in accordance with the requirements of the Contract.

SECTION 6. LIQUIDATED AND DELAY DAMAGES

Section 6.01 Owner's Recovery of Liquidated Damages

- a) The CMAR acknowledges that time is an essential element of this Contract and for that reason the Work needs to proceed and be prosecuted vigorously to completion. In the event that the Work is not completed within the Contract Time set forth in Section 5 (Commencement and Completion Deadline) of the Owner-CMAR Agreement of the Contract, the CMAR further acknowledges that the Owner will suffer damages which are difficult to ascertain, such as, but not necessarily limited to, the cost associated with additional architectural, engineering, inspection, supervision and contract administration.
- b) Because it is difficult and impractical to fix the amount of actual damages which would be suffered by the Owner if the CMAR fails to meet the completion deadline, the parties have agreed that the amount of liquidated damages set forth in Section 6 of the Owner-CMAR Agreement is a reasonable estimate of the damages to be suffered by the Owner.
- c) The CMAR agrees to pay the Owner Liquidated Damages for each day that the Work exceeds the completion deadline until the CMAR reaches Substantial Completion of the Work. The Liquidated Damages provided for therein pertain only to the failure to complete the Work by the completion deadline, and does not preclude recovering any increased costs incurred by the Owner in completing the Work. Liquidated Damages shall be in addition to any other remedies that may be available to the Owner. By executing the Owner-CMAR Agreement, the CMAR agrees that the amount of liquidated damages set forth therein is fair and reasonable.

- d) If the Owner permits the CMAR to complete the Work, or any part thereof, after the completion deadline or any extensions thereto, such permission shall not be construed as a waiver on the part of the Owner of any of its rights or remedies under the Contract.
- e) The Owner's right to withhold Liquidated Damages pursuant to the provisions of this Section, or any other section of the Contract, is self-executing, and is not subject to the notice of claim and dispute resolution procedures set forth in Section 12 (Disputes Between the Parties) of the Contract. If the CMAR disagrees with the assessment or withholding of any Liquidated Damages, such disagreement shall be treated as a dispute between parties subject to the notice of claim and alternative dispute resolution procedures set forth in that Section.

Section 6.02 Delay Damages

- a) The CMAR shall not make any claim against the Owner for an increase in the Contract Amount, or for any damages, losses or additional expenses which the CMAR may suffer as a result of any delay in the completion of the Work (regardless of the circumstances giving rise to the delay), with the exception of the following:
 - i) Delays so unreasonable in length as to amount to an abandonment of the Project,
 - ii) Delays caused by fraud, misrepresentation, concealment or other bad faith by the Owner,
 - iii) Delays caused by active interference by the Owner, or
 - iv) Delays caused by a decision by the Owner to significantly add to the scope or duration of the public work.
- b) If any of the exceptions set forth in (i) through (iv) above are determined by the Owner to be applicable, the Owner may grant a time extension commensurate with the delay, increase the Contract Amount and/or consider for payment a claim for damages, losses or additional expenses resulting from any delay in the completion of the Work provided such claim meets the requirements set forth in Section 01200 (Claims for Adjustment and Disputes) of the Technical Specifications. The Owner shall determine the validity of the claim and the amount to be paid, and such consideration or payment shall not invalidate, limit or otherwise waive the prohibition provisions of this Section with respect to any future delay claims of the CMAR.
- c) Without limiting the circumstances that may cause delays for which the CMAR is assuming the risk for his delay damages, the following possible delay circumstances are considered within the contemplation of the parties:
 - i. Unknown or uncertain conditions including, but not necessarily limited to, the discovery of caliche, ground water and all other subsurface conditions,
 - ii. Weather conditions (including, but not limited to, precipitation, flood, mud slides, sink holes, ice and snow resulting from precipitation, wind, temperature or humidity) and the resultant effects thereof regardless of the nature, duration, severity or abnormality of such weather condition,
 - iii. Unmarked utilities or utility interferences,
 - iv. Events of war, labor disputes, transportation delays, freight embargos, earthquakes, floods, epidemics, terrorist threats or acts, workplace violence, theft, vandalism damage to the Work (including fire and explosion), acts of God and all other events, acts or omissions resulting in the unavailability of labor, materials, equipment or utilities,
 - v. Acts or omissions of the Owner and other governmental authorities acting in their role as code and regulation enforcement regulators,
 - vi. Acts or omissions of contractors, subcontractors, suppliers and material manufacturers involved in the Work,
 - vii. Acts, omissions and coordination of other contractors regardless of the event location or contractual relationship between the parties, unless such contractors are under the direction or control of the Owner, or under the direction or control of a general contractor of the Owner, and
 - viii. Discovery of hazardous substances or substances suspected of being hazardous,
- d) This Section shall apply to any claim described as a "disruption," "acceleration," "suspension," "schedule change," "impact to the progress of the Work" or some other term avoiding use of the term "delay."
- e) No CMAR claim for delay and impact damages shall be computed or determined on the basis of the Eichleay formula or a related formula to allocate unabsorbed overhead costs or expenses. Any claim and impact damages shall be computed or determined on the basis of actual damages incurred by the CMAR.

Section 7.03 Failure to Maintain Bonds

If, for any reason, the bonds are not maintained in effect as required herein, the surety files for protection under the federal bankruptcy laws or similar state laws or the surety rating decreases from that required under Section 7.02 (Acceptable Surety) of the Contract, the Owner may require the CMAR to procure bonds from another surety to be substituted in lieu of the bonds originally provided to the Owner, and the failure to procure the substitute bonds shall constitute a breach of the Contract entitling the Owner to any of the remedies set forth in Section 10 (Breach of Contract and Remedies) of the Contract.

The CMAR shall, at its sole expense, promptly defend against any such claim or action unless directed otherwise by the Indemnitees; provided that the Indemnitees shall have notified the CMAR upon becoming aware of such claims or actions, and provided further that the CMAR's aforementioned obligations shall not apply to equipment, materials or processes furnished or specified by the Indemnitees.

- b) In order to avoid such claims or actions, the CMAR shall have the right, at its expense, to substitute non-infringing equipment, materials or processes, or to modify such infringing equipment, materials and processes so they become non-infringing, or to obtain the necessary licenses authorizing the use of the infringing equipment, material or processes, provided that such substituted and modified equipment, materials and processes shall meet the requirements of this Contract.

SECTION 10. BREACH OF CONTRACT AND REMEDIES

Section 10.01 Definition of Breach

- xiv) Fails to remedy any other material breach of the provisions of the Contract;

then the occurrence of any of the above shall constitute a breach of the Contract which if unremedied may constitute an Event of Default as described in Section 10.02 (Event of Default).

Section 10.02 Event of Default

- a) The CMAR and the Surety under the Performance Bond shall be entitled to seven (7) days' notice of each breach described in Section 10.01 (Definition of Breach) of the Contract and given the opportunity within such time to cure the breach, provided, however, such breach is capable of a cure. If such breach is capable of a cure but by its nature cannot be cured within the seven day period, the CMAR or Surety may be allowed such additional time as may be reasonably necessary to cure the breach provided the cure is commenced within the seven day period and is diligently pursued to completion.
- b) If any breach is not subject to cure, or is not cured as provided herein, the Owner may declare that an "Event of Default" has occurred and the Owner may, in addition to any other remedies available in law or equity, invoke any of the remedies provided for under this Section 10 (Breach of Contract and Remedies) of the Contract.

Section 10.03 Damages

Except for those breaches which are subject to Liquidated Damages set forth in Section 6.01 (Owner's Recovery of Liquidated Damages), if the CMAR fails to cure any Event of Default under this Agreement within the time provided in Section 10.02 (Event of Default), the Owner shall be entitled to damages resulting therefrom.

Section 10.04 Termination for Cause

- a) Upon the occurrence of an Event of Default, the Owner may terminate the Contract which shall take effect immediately upon service of the notice on the CMAR and the Surety under the Performance Bond unless a different effective date is specified therein. In the event of such termination, the Surety shall have the right to take over and perform the Contract.
- b) If the Surety does not commence performance of the Contract within ten (10) days of receipt of the notice, the Owner may do any and all of the following:
 - i) Take possession of the Project Site and the materials, equipment, tools, and construction equipment and machinery thereon owned by the CMAR;
 - ii) Accept the assignment of the CMAR's subcontracts pursuant to this Contract (Contingent assignment of subcontracts to Owner if Contract is terminated); and
 - iii) Finish the Work by whatever method deemed expedient by the Owner.
- c) The CMAR shall not be entitled to any further payment under the Contract until the Work is completed and accepted by the Owner. If the unpaid balance of the Contract Amount exceeds the cost of completing the Work, including compensation for any damages or expenses incurred by the Owner through the default of the CMAR, the excess shall be paid to the CMAR. If, however, the damages and expenses exceed the unpaid balance of the Contract Amount, the CMAR and the Surety under the Performance Bond shall pay the difference to the Owner.

Section 10.05 Owner's Right to Perform the Work

- a) If the CMAR fails to perform or proceed with the Work, or any part thereof, as required by the Contract, and fails within the seven (7) day notice required pursuant to Section 10.02 (Event of Default) of the Contract to remedy the breach, or to commence and continue correction of such breach with promptness and due diligence toward completion, the Owner may, without prejudice to any other right or remedy available to the Owner, and without terminating the Contract and relieving the CMAR from its obligations under the Contract, proceed to correct the breach, or applicable portion thereof, by any means or methods deemed appropriate (including use of the Owner's personnel).
- b) If the Owner discovers during the course of the corrective action that the breach is greater or otherwise different from, but nevertheless related to, the breach described in the seven-day notice, then the greater or different breach shall be deemed to have been included in the original seven-day notice and the Owner may proceed with the corrective action without having to provide any additional notice to the CMAR.
- c) If, after expiration of the seven-day notice period required pursuant to Section 10.02 (Event of Default) of the Contract, the CMAR proceeds to correct the breach and the Owner has already incurred certain expenses (such as, but not necessarily limited to, preparation of cost estimates or remedial plans and drawings, placement of material orders, demolition costs, rental costs, storage costs, trash removal expenses, utility expenses, scheduled commitments from contractors which cannot be canceled without the Owner incurring costs to the contractor, transportation costs of personnel or materials, and incurred cost of hiring technical personnel whether licensed or not) as part of an effort to remedy the breach, then the CMAR shall pay the Owner for such incurred expenses as provided herein.
- d) If, after issuance of the seven day notice of the breach required pursuant to Section 10.02 (Event of Default) of the Contract, the Owner decides not to take any action to correct the breach or fails in the effort to correct the breach, the CMAR remains responsible for the breach and any expenses incurred in any failed effort to correct the breach.
- e) In the event of a correction and expense as provided herein, the Contract Amount shall be reduced by the amount of the incurred expenses which amount the Owner shall be entitled to deduct from any payments then or thereafter due the CMAR (including the direct and indirect costs of using the Owner's personnel). If payments then or thereafter due the CMAR are not sufficient to cover the incurred expenses, the CMAR shall pay the difference to the Owner.

Section 10.06 Deduction From Progress Payments

- a) For each and every breach set forth in Section 10.01 (Definition of Breach) of the Contract, the Owner may decline to certify, in whole or in part, any pending application for payment which, in the opinion of the Owner, may be necessary to protect the Owner from the damages and expenses which are expected to be incurred, or which have been incurred, as a result of the breach. Based upon the opinion of the Owner, the Owner may withhold from any requested progress payment such sum as may be necessary to protect the Owner from such damages and expenses including, but not necessarily limited to, the Liquidated Damages permitted pursuant to Section 6.01 (Owner's Recovery of Liquidated Damages) of the Contract which the Owner anticipates will occur as a result in the delay in the Completion of the Project.
- b) If an agreement can be reached between the Owner and the CMAR concerning the request for payment, the CMAR may submit a revised application for certification. The Owner shall have the right to deny in whole or in part, or to require an adjustment to, any pending application if, as a result of new evidence or observations subsequent to the issuance of a previous certification, the Owner has determined that the amount paid exceeds the percentage of completion of the Work, the Work cannot be completed for the unpaid balance of the Contract or any other such certification was improperly issued.
- c) If the CMAR remedies the failure for which payment has been withheld, and the Owner verifies such correction, then the withheld money shall be included with the payment of the next application.

Section 10.07 Rights and Remedies are Cumulative

Except as otherwise expressly stated in the Contract, the rights and remedies of the parties are cumulative, and the exercise by any party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

In accordance with NRS 338.150, if the claim, dispute or controversy cannot otherwise be settled, the parties shall use an alternate dispute resolution method before initiation of any judicial action. For purposes of this Contract, alternate dispute resolution shall mean non-binding mediation before an independent private mediator agreed to by the parties. If the parties cannot agree upon an independent private mediator within forty-five (45) days after notice of the claim is provided pursuant to Section 12.04 below, the party may proceed to file a judicial action with the Eighth Judicial District Court, Clark County, Nevada. The written notice shall set forth with specificity the nature of the claim, dispute or controversy, the relief sought, and other matters properly relating thereto. The notification is important to the recipient of the notice so that proper measures can be taken to properly observe and record the progress of the Work, to properly document the impact that the claim, dispute or controversy may have thereon, and to enable that party to properly verify any costs incurred by the party asserting the claim, dispute or controversy in connection therewith. The failure of the party to provide proper notice to the other party as required herein shall forever bar that party from any

remedy thereon, including seeking any alternate dispute resolution and/or judicial action. The notice and time requirements set forth herein shall not apply to warranty claims or other construction defect claims that the Owner may have against the CMAR relating to the construction of the Work.
