This document is pertaining to the Official Notice of Public Hearing that we have received regarding the variance (VAR-53490) and site development plan review (SDR-53491) submitted by applicant Carlos Avemaria. We, the residents of Jernae Ct., oppose the construction of a trash enclosure at 5200 Vegas Drive. The following are the reasons for such opposition:

1. The North side of the area is already a frequent location for the abandonment of cars, and we feel this will only add to the frequency.
2. The wind blows trash that accumulates in front of this property into Jernae Ct. and the residents are forced to pick it up as it is blown onto our front yards and pavements. We feel that the addition of a trash enclosure will only increase the amount of trash that gets blown into Jernae Ct.
3. The addition of a trash enclosure is, to say the least, unsightly, and very aesthetically unpleasant. We prefer that such an enclosure be the minimum REQUIRED distance from residentially zoned property and that such an enclosure be as far south on the property as possible away from Marietta Ave.

The following is the names and signatures of the residents of Jernae Ct. that are opposed to such a trash enclosure and are in agreement with the aforementioned reasons for opposition.

Sincerely,

The residents of Jernae Ct.
