PURPOSE/BACKGROUND:

This bill would establish licensing regulations for mobile car wash/auto detail businesses. The regulations include limitations on where, when and how such businesses can operate. The primary purpose of the measure is to assist the City in protecting its stormwater system and related State-issued permits, as well as helping conserve and preserve precious water resources. An additional purpose is to better limit and monitor those who engage in this type of business.

RECOMMENDATION:

This bill should be submitted to a Recommending Committee for review, hearing and recommendation to the City Council for final action.
