Regarding Item 49, SAUL S. THOMPSON referred to Ward 6 community meeting held last night and stated that he was surprised by the introduction of various stakeholders associated with the proposed stadium and the announcement of how some are fifth and third generation in Las Vegas, elected officials and so forth. He is second generation in this country; his grandparents came from Ireland and he pointed out that, while he is second generation in this country, his bona fides are that his family has served in every conflict war since 1917 and have done their part. He feels as though, while people felt it important to establish their plank ownership of the City, he has done his share. His family is well acquainted with the necessity to serve this country.
