**DEPARTMENT: OFFICE OF COMMUNICATIONS**  
**DIRECTOR: DAVID RIGGLEMAN**

**SUBJECT:**  
RECOGNITION OF THE EMPLOYEE OF THE MONTH

**BACKUP DOCUMENTATION:**

Submitted at Meeting - Copy of Employee of the Month Certificate for Carol Meyer

**Minutes:**

After inviting Municipal Court Director DANA HLAVAC to the podium, MAYOR GOODMAN announced CAROL MEYER as the Employee of the Month.

MAYOR GOODMAN stated MS. MEYER is a Senior Management Analyst in Municipal Court and has been with the City of Las Vegas since 1997. She is the supervisor of the Courts information system which tracks hundreds of thousands of cases. She and her team were instrumental in the creation and implementation of several projects which have increased convenience for customers, including the warrant search website. This allows the public to view all Municipal Court defendants currently in court. MS. MEYER is also responsible for the Specialty Court Resource Center which helps defendants search for employment, create resumes, hone computer skills and complete social media applications. Her commitment to quality and innovative ideas have improved operations, efficiency and customer service. A street sign with MS. MEYERS name will be posted on Main Street.

DIRECTOR HLAVAC also recognized JUDGES FREDERIC KERNS, BERT BROWN and CYNTHIA LEUNG who were in the audience, as well as Municipal Court CRIMINAL DIVISION CHIEF JACK MANNING who submitted the nomination. DIRECTOR HLAVAC noted one of MS. MEYERS most impressive achievements was that she not only worked across the divisions within Municipal Court, but across other City departments, such as the Department of Information Technologies and Detention and Enforcement, to complete many projects.

MS. MEYER thanked the Information Systems unit that she works with; Municipal Court; the judges; TIM SHATTLER, Detention and Enforcement Deputy Director; the City Marshals and Web Developer RANDY JONES. From her team, she thanked RICARDO MENDOZA-RAMOS, Senior Systems Analyst; AMANDA WILLIAMS, Technical Systems Analyst; and STEVE SHEAFFER, Technical Systems Analyst.
