

City of Las Vegas

Steven D. Ross
Councilman, Ward 6

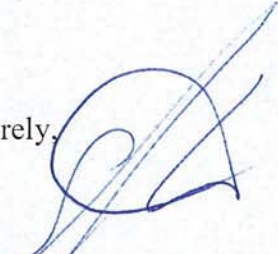

November 10, 2014

Dear: Mr. Tom Perrigo

The master planned community known as Kyle Canyon was adopted in 2007 and subsequently amended in 2011. During all of this time the master planned community has weathered both the economic growth and recession, but has continued to sit idle until recently. In light of the new momentum to develop a lasting master planned community of exceptional quality it is in the interest of the City to assist in that process to the best of our abilities. Through the use of street names that are in line with the branding of the master planned community one can create a more powerful perception of a sense of place. This perception plays an even more important part when dealing with the bifurcation of the community by the US 95. The new roadway names will create linkages between the two portions and create a cohesive sense of place.

As such it is this office's intention to initiate the changing of the street names of Horse Drive to W Skye Canyon Park Dr (between the US 95 and Iron Mountain Road); Fort Apache Road to N Skye Canyon Park Dr (between the US 95 and Moccasin Road); and Hualapai Way to Skye Village Road (between Grand Teton Drive and Moccasin Road). Additionally, it is the responsibility of the Master Developer to absorb all costs associated with the above mentioned street name changes.

Sincerely,

Steven D. Ross
Las Vegas City Councilman
Ward 6
