To whom it may concern,

I, Alexander Alexandrov, owner of The Crêpe, am requesting a special use permit allowing me to provide alcohol beverages with meals in the confines of my leased space under the permitted use of the Beer, Wine and Cooler On-sale permit.

The Crêpe specializes in gourmet crêpes and provides nightly entertainment to our guests who are accustomed to and expects us to provide them a selection of beer and wine along with their food. We are a small restaurant completely funded by my wife and I, thus the additional profits from selling alcohol will allow us fund an expansion, hire more people, attract more customers and provide better service to our guests.

We provide unique events and entertainment to our guests such as weekly live jazz sessions on Fridays and Saturdays. We feature local musicians and support the UNLV jazz program graduates by giving them a place to perform. We host an art night on Wednesdays where local artists and beginners come and paint. We host art exhibits featuring a new artist every few weeks. Mondays we work with an improv group where local actors come and perform clean comedy.

All of the events we host provide different entertainment to suit the diverse population of Summerlin and Las Vegas. By providing beer and wine we will attract more people to our nightly events helping support local artists, musicians and creating more jobs.

Sincerely yours,

Alex Alexandrov
