Formstack Submission for form Planning Application Comments Form

Submitted at 10/11/16 12:39 AM

Planning Application Number:	PRJ-66309	VAP-66443 SUP-66444 SUP-66445 SUP-66446
Position:	I Oppose	
Name:	Adam Shepherd	SDR-66447
Residential or Business Address:	6797 Bristle Falls St Las Vegas, NV 89149	
Phone:	(702) 759-2203	
Email:	theelfprincess@hotmail.com	

Comments:	My first concern is that they only provided a plan for 2 of the 3 lots adjacent to the Bristle Falls community. Without knowing what they intend to do with all 3 lots, it would be unfair to the residents of the community to allow these plans to go forward. They will eventually want to do something with that lot, and may end up forcing an undesirable plan for the 3rd lot because they have no other choice of what will fit in that lot. My second concern is the orientation and height for the shopping center itself. Many of us in the community have a unique feature of a rooftop deck. The proposed layout would severely (and in some cases completely) obstruct our scenic views of the mountains to the west. I myself have already lost my East/Southeast views due to my lot having to be dug deeper than planned. Allowing this height and orientation would be costly to the value of the home I just purchased. Also my concern with a proposed grocery store at that orientation would create a smell in the neighborhood due to the rotting food and trash that stores of this type produce. I have lived near and worked in such stores and can tell you the smell is very unpleasant as well as a potential health hazard due to unwanted pests and animals. All of these things would add to the devaluation of our neighborhood. My third concern has to do with the proposed businesses for the shopping center. I'll start with the bar/tavern/gaming establishment. The first part has to do with how close the establishment would be to Centennial HS and Escobedo MS. The establishment would be less than 1/4 mile from the High School and about 1/2 mile from the Middle School, and essentially on the same street, as once Inyo/Echelon Point is connected and completed. The second concern with this establishment is the fact that it would more than likely bring an increase in crime and a possibility of an increase in danger to children walking to and from school due to drunk drivers. It could also allow extra unwanted access to alcohol and exposure to gaming that some parents may not be comfortable with. The other business I am
-----------	--

concerned with is the proposed carwash. My first concern is that it will waste more valley water. There is a carwash 1 mile down Deer Springs Way if people need to wash their cars, we don't need a second water waster in the area. My second concern is the direction of exit. I believe that this will cause a dangerous situation with traffic if it is allowed to exit on or toward the street. A car wash will also cause poor traffic flow in the shopping area, causing a potentially dangerous situation.

My fourth concern has to do with the proposed 3 curb cuts on Deer Springs Way. A great many children must walk this way to school everyday. Currently there is only 1 controlled crosswalk, which is across the east/west crossing on the south side of the intersection of Hualapai and Deer Springs Way. That means children would now have to walk thru 3 more uncontrolled crossings between Grand Canyon and Hualapai, adding to the fact that Grand Canyon is also not a controlled crosswalk. I have already witnessed a few near misses with children walking to and from school down Deer Springs with people not watching and speeding down the street. I am also concerned that these curb cuts will add much more traffic and noise to the area. Deer Springs is a feeder street, with these proposed curb cuts, it would inevitably make it as busy or busier then a main arterial, which is what Hualapai is considered to be.

My fifth concern has to do with traffic in general. The main concern is the safety of children (including my own) walking to and from school. When I put the deposit on my lot, most of those lots were still listed as residential. It was close to the school, and with little commercial in the way, I figured that my children would be fine walking to and from school. With the heavy amount of commercial they are proposing, it make the walk extremely more dangerous due to the heavy increase in traffic. A perfect example of the horrible traffic would be the shopping center at Durango and Elkhorn. The traffic there is extremely dangerous due to the lack of controls on the exits as well as lack of controls on surrounding streets, on top of the fact that everyone can only exit turning right, which causes excessive traffic even IN the shopping center. Drivers will get impatient and not pay attention, possibly putting lives in danger.

In finishing, I have paid attention to what the developer of these lots has been proposing since wanting and getting them changed from residential to commercial. They got them all changed to C-1 to make it a combined shopping center, and yet have not laid out plans for all 3 parcels, which leads me to believe that they are trying to attempt to game the system to put in place something the area residents will not be able to object to by only planning out 2 parcels. I believe they are withholding information valuable to the residents and commission itself. I also believe that their planned business will have little to no value to the area residents as there is already for instance several gaming taverns, liquor stores, grocery stores, and gas stations within 2 miles of the area at Centennial Center, Montecito Marketplace, and Montecito Center, not to mention all of the other shopping, food service, etc on Durango Drive between 215 and US 95.
