Comments: This is a ludicrous request for a waiver. The spirit of allowing this waiver in certain instances does NOT apply here. Hualapai Way is THE only walkway home for hundreds of students from Centennial High School. There is no other way for them to get across the freeway. Due to how close they live, they have to walk home and cannot be bussed, and therefore would be subjected to the extremely high risk of drunk drivers during regular school days, as well as later in the evenings for school functions. The proximity to, and lack of, direct routes to and from the school make this not only a danger to children walking, but a nuisance to traffic during events at the school further placing lives in danger. There are several taverns located on Durango Dr less than 2 miles away that serve the area without the need to place it in direct conflict of a school zone. The point of this requirement is to keep children out of potential harms way, this request is a slap in the face to even caring about the safety of children.

Also not listed is a variance request for gaming, which said establishment will also be asking for. There is absolutely no need for this kind of establishment in the area. The proposed grocery store and gas station will more than likely have gaming machines if they are really needed that close, a gaming tavern is overkill. Current planning requests already have 2 gas stations and the grocery store.

The regulations are in place
for a reason. Uphold the laws!
We don't need this type of
establishment in our neighborhood.

Any liquor establishment
is not appropriate so close to
a high school & in the midst
of a family oriented neighborhood.
There is no ground swell for
such a business in this area & it
is totally out of line with the
values & standards of this
area of the N.W. Valley.
