

AGENDA MEMO

DATE: JANUARY 24, 2013
TO: TRAFFIC AND PARKING COMMISSION
FROM: TRAFFIC ENGINEERING DIVISION
SUBJECT: ITEM 5

DISCUSSION FOR POSSIBLE ACTION REGARDING THE INSTALLATION
OF STREET LIGHTS ON BUNKER COMMONS COURT (Ward 5 – Barlow)

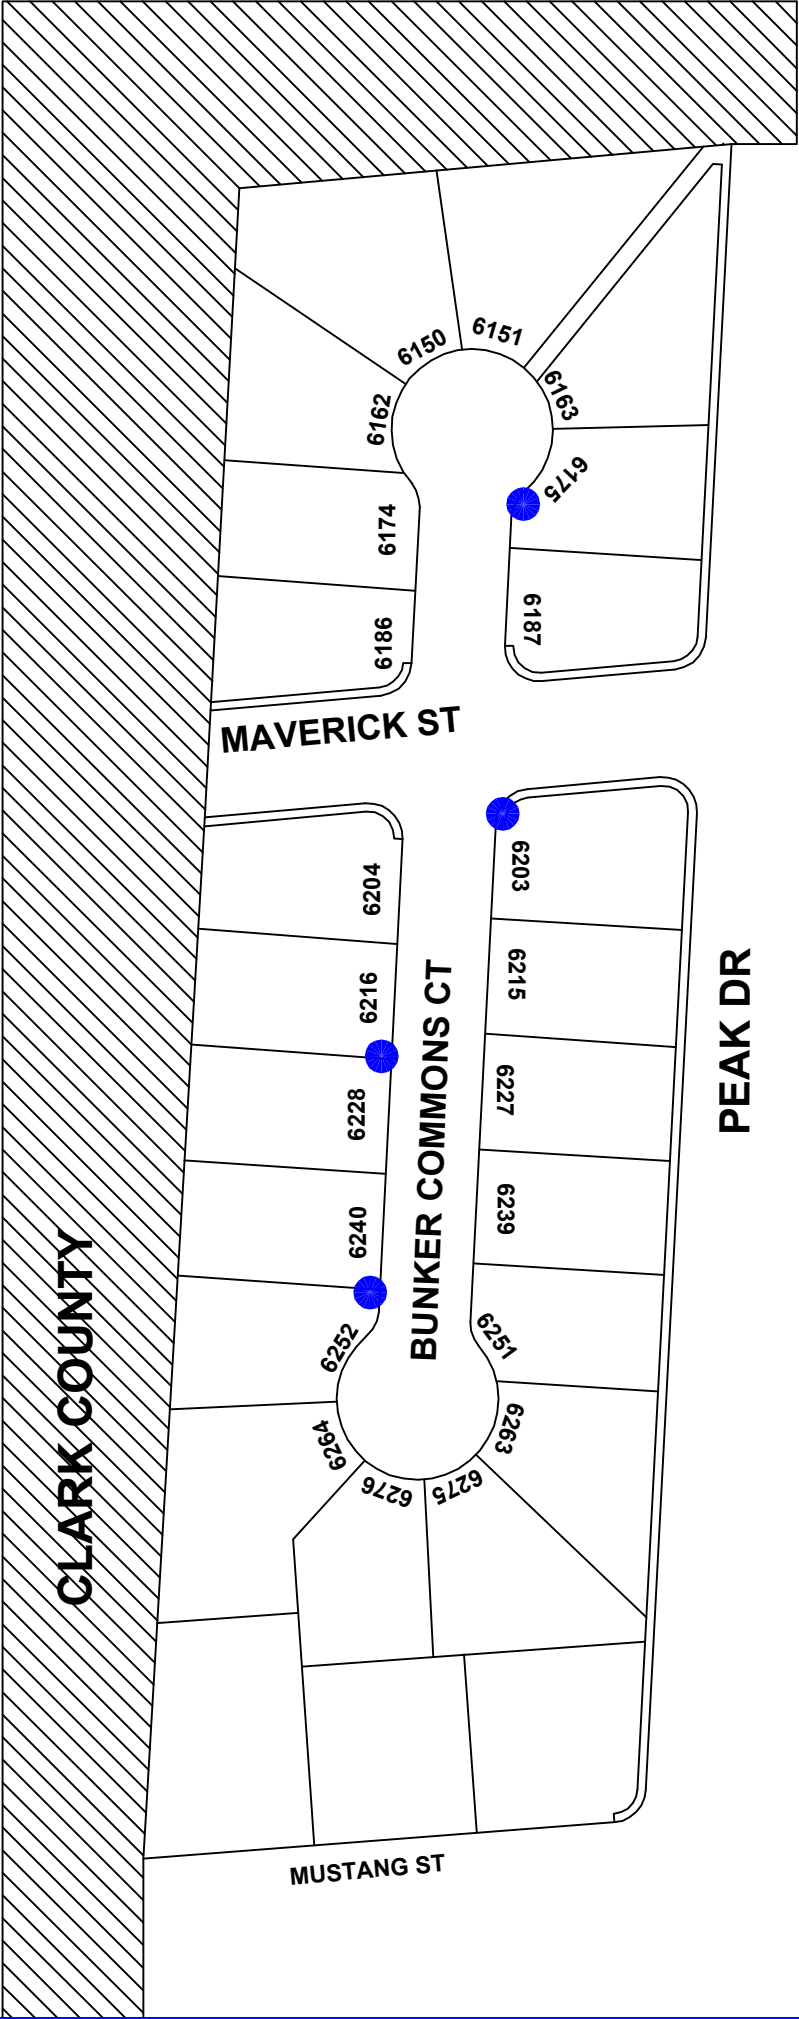

SITUATION

Some of the residents on Bunker Commons Court have requested the installation of street lights on their street. The Traffic Engineering Division sent a survey to the residents on Bunker Commons Court requesting their opinions. Since the response in favor of the street lights was not unanimous, staff is bringing the request before the Commission for discussion. Funds have already been set aside by the City of Las Vegas for the street lights, so the residents will not be responsible for paying for them.

RECOMMENDATION

The Traffic Engineering Division is in favor of the installation of street lighting on Bunker Commons Court.

BUNKER COMMONS COURT PROPOSED STREET LIGHTS
