Facilities are provided throughout City Hall for convenience of persons with disabilities. For meetings held in the Council Chambers, sound equipment is available for persons with hearing impairments. If you need an accommodation to attend and participate in this meeting, please call the DEPARTMENT DESIGNEE at (702) 229-6301 and advise of your need at least 48 hours in advance of the meeting. The City's TDD number is (702) 386-9108.

March 12, 2013

6:00 PM

ITEMS MAY BE TAKEN OUT OF THE ORDER PRESENTED AT THE DISCRETION OF THE CHAIRPERSON. TWO OR MORE AGENDA ITEMS FOR CONSIDERATION MAY BE COMBINED; AND ANY ITEM ON THE AGENDA MAY BE REMOVED OR RELATED DISCUSSION MAY BE DELAYED AT ANY TIME.

NOTICE: This meeting has been properly noticed and posted at the following locations:

City Hall, 495 South Main Street, 1st Floor
Clark County Government Center, 500 South Grand Central Parkway
Grant Sawyer Building, 555 East Washington Avenue
City of Las Vegas Development Services Center, 333 North Rancho Drive

ACTIONS: ALL ACTIONS EXCEPT GENERAL PLAN AMENDMENTS, REZONINGS AND RELATED CASES THERETO ARE FINAL UNLESS AN APPEAL IS FILED BY THE APPLICANT OR AN AGGRIEVED PERSON, OR A REVIEW IS REQUESTED BY A MEMBER OF THE CITY COUNCIL WITHIN TEN DAYS AND PAYMENT OF THOSE COSTS SHALL BE MADE UPON FILING OF THE APPLICATION.

ANY ITEM LISTED IN THIS AGENDA MAY BE TAKEN OUT OF ORDER IF SO REQUESTED BY THE APPLICANT, STAFF, OR A MEMBER OF THE PLANNING COMMISSION AND AGREED TO BY THE PLANNING COMMISSION. THE PLANNING COMMISSION MAY IMPOSE TIME LIMITATIONS, AS NECESSARY, ON THOSE PERSONS WISHING TO BE HEARD ON ANY AGENDAED ITEM.

PLANNING COMMISSION MEETING RULES OF CONDUCT:

1. Staff will present each item to the Commission in order as shown on the agenda, along with a recommendation and suggested conditions of approval, if appropriate.
2. The applicant is asked to be at the public microphone during the staff presentation. When the staff presentation is complete, the applicant should state his name and address, and indicate whether or not he accepts staff's conditions of approval.
3. If areas of concern are known in advance, or if the applicant does not accept staff's condition, the applicant or his representative is invited to make a brief presentation of his item with emphasis on any items of concern.
4. Persons other than the applicant who support the request are invited to make brief statements after the applicant. If more than one supporter is present, comments should not be repetitive. A representative is welcome to speak and indicate that he speaks for others in the audience who share his view.
5. Objectors to the item will be heard after the applicant and any other supporters. All who wish to speak will be heard, but in the interest of time it is suggested that representatives be selected who can summarize the views of any groups of interested parties.
6. After all objectors' input has been received; the applicant will be invited to respond to any new issues raised.
7. Following the applicant's response, the public hearing will be closed; Commissioners will discuss the item amongst themselves, ask any questions they feel are appropriate, and proceed to a motion and decision on the matter.
8. Letters, petitions, photographs and other submissions to the Commission will be retained for the record. Large maps, models and other materials may be displayed to the Commission from the microphone area, but need not be handed in for the record unless requested by the Commission.

As a courtesy, we would ask those not speaking to be seated and not interrupt the speaker or the Commission. We appreciate your courtesy and hope you will help us make your visit with the Commission a good and fair experience.

CONSENT ITEMS:

CONSENT ITEMS ARE CONSIDERED ROUTINE BY THE PLANNING COMMISSION AND MAY BE ENACTED BY ONE MOTION. HOWEVER, ANY ITEM MAY BE DISCUSSED IF A COMMISSION MEMBER OR APPLICANT SO DESIRES.

ONE MOTION - ONE VOTE

THE FOLLOWING ARE ITEMS THAT MAY BE CONSIDERED IN ONE MOTION/ONE VOTE. THEY ARE CONSIDERED ROUTINE NON-PUBLIC AND PUBLIC HEARING ITEMS. ALL PUBLIC HEARINGS AND NON-PUBLIC HEARINGS WILL BE OPENED AT ONE TIME. ANY PERSON REPRESENTING AN APPLICATION OR A MEMBER OF THE PUBLIC OR A MEMBER OF THE PLANNING COMMISSION NOT IN AGREEMENT WITH THE CONDITIONS AND ALL STANDARD CONDITIONS FOR THE APPLICATION RECOMMENDED BY STAFF, SHOULD REQUEST TO HAVE THAT ITEM REMOVED FROM THIS PART OF THE AGENDA.

**Re: Justification Letter for
Marble Canyon Estates, Tentative Map**

Steve Swanton:

Impulse Civil Engineering represents D.R. Horton (the Applicant). We are respectfully requesting a Tentative Map for a proposed seventeen (17) lot single family residential development generally located on the northeast corner of Farm Road and Jensen Street, particularly known as APN: 125-18-201-008 (the Site). The Site is approximately 5.15 acres (gross) within the Grand Teton Village Special Area. This property was tentatively mapped before with twenty one (21) 50-foot wide lots under SDR-5490 and WVR-6606. Most recently, SDR-47230 was approved at the January 8th, 2013 Planning Commission hearing.

Our proposal maintains the general configuration previously approved application except we are proposing seventeen (17) 64-foot wide lots. The required open space is 0.03 times the net area of the development (4.39 acres) which for this project would be 5,736 square feet. We are providing of all of the required open space (5,798.23 square feet) in the way of a 20-foot wide linear park along the entire southern edge of the property. Due to the size of the property, the size of the planned product, and the required density to make this a viable project, we feel this proposal is better than a small pocket park because there is an existing 8.68 acre park at the southeast corner of Hualapai Way and Gilcrease Avenue about one-half of a mile away. A small pocket park on this project site would not be big enough to be usable beyond minor uses. This request will allow us to provide larger back yards for each lot (up to 40-foot deep and 64-foot wide), which is almost half of the required open space for the entire project.

The south portion of the property is restricted to 3 dwelling units per acre (du/ac) which we are providing with 7 lots on 2.5± acres (2.8 du/ac). The northern portion of the site is restricted to 5.5 du/ac which we are providing with 10 lots on 2.5± acres (4.0 du/ac).

The existing ground slopes generally from west to east at 4%. In accordance with Title 18, a maximum retaining wall height of 6-feet is allowed which we do not exceed. In addition, Title 18 Section 18.12.510.A.1 requires "for each six feet of vertical wall height, a minimum of four-foot horizontal offset shall be provided". We are not providing retaining walls on the east side of the property.

The perimeter walls proposed for this project will consist of smooth brown concrete masonry with split-faced on top of fluted as the top two courses which is consistent with the existing walls and the Grand Teton Master Plan. The western lots will be lower than Jensen Street while the eastern lots will be higher than the existing development to the east. While retaining walls could be utilized, we propose to mitigate the required wall heights by utilizing Type "B" grading on the western lots. The lot drainage will drain into a private drainage easement to be privately maintained and ultimately out to Farm Road. The worst case slope is 15% in the back yard which could easily be mitigated by creative landscape design.

This project will extend the 36" storm drain in Farm Road to our western boundary. Sewer and water are proposed in the proposed Marble Canyon Court. There are sewer and water stubs in Jensen Street and existing sewer and water mains in Farm Road. The existing sewer stub in Jensen Street does not need to be extended adjacent to our site because the parcel to the west is planned for a park and has sewer available in Farm Road. The existing water stub in Jensen Street is on the other side of the centerline so we are not proposing to extend it either. We are installing streets lights with this development on Farm Road, Jensen Street, and the internal site streets.

We thank you in advance for your time and consideration of this matter. Should you have any questions or concerns, please feel free to contact me.

Sincerely,
Impulse Civil Engineering

**RE: ABEYANCE - SDR-47230 - SITE DEVELOPMENT PLAN REVIEW
PLANNING COMMISSION MEETING OF JANUARY 8, 2013**

Dear Applicant:

Your request for a Site Development Plan Review FOR A PROPOSED 19-LOT SINGLE FAMILY RESIDENTIAL DEVELOPMENT AND A WAIVER TO ALLOW NO OPEN SPACE WHERE 5,736 SQUARE FEET IS REQUIRED on 5.15 acres adjacent to the north side of Farm Road, approximately 280 feet west of Grand Canyon Drive (APN 125-18-201-008), PD (Planned Development) Zone [L (Low Density Residential) Grand Teton Village Special Land Use Designation], Ward 6 (Ross), was considered by the Planning Commission on January 8, 2013.

The Planning Commission voted to **APPROVE** of your request, subject to the following:

Planning

1. Conformance to the Conditions of Approval for Rezoning (ZON-5488) shall be required.
2. Conformance to the requirements of the Grand Teton Village Master Development Plan and Design Standards.
3. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.
4. All development shall be in conformance with the site plan and landscape plan date stamped 12/05/12, and building elevations date stamped 10/22/12, except as amended by conditions herein.
5. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Department of Building and Safety.

6. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.
 7. The Tentative and Final Map shall indicate a pedestrian access easement for public use of the walkway through the open space area to Farm Road from the end of the proposed stub street.
-
8. The standards for this development shall include a minimum lot size of 7,800 square feet and building height shall not exceed two stories or 35 feet, whichever is less.
 9. The setbacks for this development shall be a minimum of 12 feet to the front of the house, 18 feet to the front of the garage as measured from back of sidewalk or from back of curb if no sidewalk is provided, 5 feet on the side, 10 feet on the corner side, and 10 feet in the rear.
 10. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time as Final Map submittal. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications. Installed landscaping shall not impede visibility of any traffic control device. The technical landscape plan shall include the following change from the conceptual landscape plan:

A minimum of two (2) 15-gallon trees in the front yard of each lot shall be indicated on the landscape plan, in conformance with Section 5.4 of the Grand Teton Village Design Standards. These trees shall be installed at the time that the individual residences are constructed.
 11. No turf shall be permitted in the non-recreational common areas, such as medians and amenity zones in this development.
 12. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.
 13. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

14. Dedicate 40 feet of right-of-way adjacent to this site for Farm Road, 30 feet for Jensen Street, a 20-foot radius at the northeast corner of Farm Road and Jensen Street and an appropriate radius for the completion of the knuckle at the northwest corner of this site prior to the issuance of any permits.
15. Construct half-street improvements including appropriate overpaving (if legally able) on Farm Road and Jensen Street adjacent to this site concurrent with development of this site. Install all appurtenant underground facilities, if any, adjacent to this site needed for the future traffic signal system concurrent with development of this site. Extend all required underground utilities, such as electrical, telephone, etc., located within public rights-of-way, past the northern and western boundaries of this site prior to construction of hard surfacing (asphalt or concrete).
16. Provide a minimum of two lanes of paved, legal access to this site prior to occupancy of any "non-model" units within this development.
17. The private streets for this site must be granted as Public Utility Easements, Public Sewer Easements, and Public Drainage Easements to be Privately Maintained. All public sewer lines must be in a Public Sewer Easement. All Public Sewer Easements must meet the access criteria of the "Design and Construction Standards for Wastewater Collection Systems" Section 1.5.
18. Landscape and maintain all unimproved rights-of-way adjacent to this site. All landscaping and private improvements, installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.
19. Grant Pedestrian Access Easements for all public sidewalk not located within the public right-of-way.
20. Meet with the Fire Protection Engineering Section of the Department of Fire Services to discuss fire requirements for the proposed use of this facility.

21. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits, submittal of any construction drawings or the submittal of a Map subdividing this site, whichever may occur first. Provide and improve all drainageways recommended in the approved drainage plan/study. The developer of this site shall be responsible to construct such neighborhood or local drainage facility improvements as are recommended by the City of Las Vegas Neighborhood Drainage Studies and approved Drainage Plan/Study concurrent with development of this site.
22. Comply with all previous conditions of approval for ZON-5488 and all other subsequent site development review actions.

This action by the Planning Commission on **January 8, 2013** is final unless a written appeal is filed with the City Clerk within ten days of the date of the Planning Commission's decision as allowed by code or there is a review action filed by the City Council within the same time period. For additional information on appeals or review requests please access <http://www.lasvegasnevada.gov/CheckStatus/DevelopmentApp.htm>, or contact the Department of Planning and Development at 702.229.6301 after **January 21, 2013**. No building permits or business licenses related to these items shall be issued prior to the expiration of the required ten day waiting period, or until any filed appeal is resolved pursuant to LVMC Title 19.18.

RE: Justification letter for Tentative Map and Variance Request for Decatur & Dorrell (APN: 125-24-503-004, 008, 009, 011, & 017; 31 lots on 7.4 gross acres)

To Whom It May Concern:

Taney Engineering, on behalf of the applicant, D.R. Horton, respectfully submits this justification letter in support of a Tentative Map and a Variance on the subject site. The subject site is generally located northwest of Decatur Blvd and Dorrell Lane. The Assessor's Parcel Numbers are 125-24-503-004, 008, 009, 011 & 017 and contains approximately 7.4 gross acres.

The purpose of this Tentative Map is to develop the site to a single family residential development. The proposed development consists of 31 single family homes on 7.4 gross acres with a density of 4.19 units per acre. The proposed site is currently zoned R-1 which is consistent with the proposed development. The proposed development will have typical lot sizes of 60X110 with a minimum lot size of 6,600 square feet. The proposed development meets the City of Las Vegas connectivity Ratio of 1.33. The development complies with R-1 lot square footage and front, rear, and side setbacks. The proposed development will require a variance for minimum lot width, corner yard setbacks and front yard setbacks.

Requested waivers and justifications:

1). Required: Minimum lot width of 65 feet

Proposed: Minimum lot width of 60 feet

Justification: the proposed typical lot size is 60 X 110 which with an average lot size of 7,000 square feet. Although the minimum lot width is 60 feet the proposed development minimum lot size exceeds the R-1 zone districts minimum lot square footage of 6,500 square feet.

VAR-48169

TMP-48166

2). Required: Corner yard setback of 15 feet

Proposed: Corner yard setback of 10 feet

Justification: the proposed waiver will impact 4 lots (Lot 1, 24, 25, and 31) approx. 12.9% of the 31 lot development. The side corners will be landscaped to provide buffering from the corner wall. Additionally, the corner walls will be constructed of decorative masonry wall to enhance the block and conditions.

3). Required: Front yard setback of 20 foot

Proposed: Front yard setback of 10 feet

Justification: These variance is requested only on 3 lots (1, 10 & 11) approx. 10% of the total lots in the development. These lots have a slightly irregular shape; they are all side corner lots that don't have parallel side property lines. This results in the lots being narrower at one end. We are requesting the variance to allow a 10-ft front setback, this will allow the side loaded garage portion of the home to be at a 10-ft setback and still provide a 20-ft deep driveway to the non-side loaded garage.

If you have any questions or need any additional information please do not hesitate to contact this office.

Sincerely,

A handwritten signature in blue ink, appearing to read "Robert D. Cunningham".

Robert D. Cunningham, PE
Taney Engineering

JAN 15 2013

To Whom It May Concern:

I would like to request Special Use Permits for a Night Club and Supper Club for Hookah Master's Lounge located at 5900 W Charleston Blvd #8. Seating for restaurant is approximately ~130 seats with hours of operation Sunday-Thursday of 11:00am-2:00am; Friday & Saturday 11:00am-4:00am. I feel that this use would be harmonious with existing surrounding land uses and a benefit to the community.

Original license for Night Club approved on April 17, 2012 LIC#D19-98417-4-159198.

Thank you,

Sarkis Arshakuni - CEO

Re: Justification Letter:

Dear Planning and Development Department:

We are submitting a special use permit application for a convenience liquor store for our property at 311 Main Street, Downtown, and Las Vegas.

Prior to our closing of the property, the previous owner had the tenants vacate the property, which we did not understand as the convenience store was a successful sales and tax generator for business.

With the entire New City Hall next store, the area is in dire need of more open businesses to revitalize the area.

Previously I had a meeting with Councilman Coffin, who represents the above stated ward. At that time, he had stated that he had no objection to a convenience store opening again at that location.

We are anxious to return the properties we own on the 300 block of Main Street to viable businesses instead of vacant boarded up buildings. This is just one step of that process. The adjacent parking lot shown on our site plan will be utilized for parking (17 plus spaces).

If you have any questions or comments, please feel free to call me at 1-847-609-4663.

Respectfully,

Kevin M. Plencner

**Re: Justification Letter – Brooks Brothers Bail Bonds
Special Use Permit for Bail Bonds Services
316 E. Bridger Ave., STE 101; APN 139-34-210-078**

Ladies and Gentlemen:

Please be advised that our office represents Byron Brooks, an individual, d/b/a Brooks Brothers Bail Bonds (the "Applicant") in connection with this request for a special use permit to operate a bail bonds service (the "Proposed Use") from a certain 770 square foot first floor retail premise (the "Premises") located at 316 E. Bridger Ave., STE 101, Las Vegas, Nevada 89101, as more particularly described Assessor's Parcel number 139-34-210-078 (the "Property"). The Property is zoned General Commercial (C-2) and the Purposed Use requires a special use permit pursuant to Chapter 19.04, Table 2 of the Las Vegas Zoning Code.

The Proposed Use at the Property is justified for the following reasons:

- a) The Premises were previously occupied from January 2004 through October 2008 by a bail bonds services business without incident or occurrence;
- b) Other bail bonds business that are located nearby in similarly situated properties as the Property have received special use permits from the City of Las Vegas, i.e., Aardvark, freedom and Godfather's Bail Bonds;
- c) The Property's C-2 General Commercial zoning classification allows for the broadest scope of compatible uses for both the general and travelling public that are likely to use bail bonds services at a location nearby the state and federal courts and associated detention centers; and
- d) Applicant is of good moral character and fitness as a military veteran to operate a bail bonds service from the Premises.

Should you have any questions or require additional information, please contact me to discuss.

Respectfully,

Field Law, limited

Jon E. Field

Re: zoning application for Beer/Wine/Cooler on sale establishment

To Whom It May Concern:

This letter is to request approval of Beer/Wine/Cooler on sale zoning for above location of a Japanese Steakhouse Sushi & Hibachi.

This restaurant is located at corner of N. Rainbow Blvd. / W. Lake Mead Blvd. Total square feet is 4992 inside with Dining area around 2992 SQ Ft., Kitchen area around 1100 SQ Ft., Restrooms, storage & Hallway total around 900 SQ Ft. Total seating is around 170. Hours operation is 11 am to 11pm. There are about 12 Employees on site all the time.

We serve beer, wine and sake (fewer than 22% alcohol level) with food by our servers. There is a sushi bar where sushi chefs make sushi inside the bar. There is a juice bar where servers make boba tea, thai tea, fresh fruit juice, red/green beans drinks and where draft beer, non-alcoholic drinks are stored.

I have a NYE County, NV Liquor license since 03/08/2010 and a Clark County, NV Liquor Business license (2002377 LIQ-143) since 11/15/2011 for the similar Japanese Restaurants. And we have never had any problems with all liquor licenses.

Please kindly approve our zoning request so we can better serve our customers.

Thanks.

Sincerely,

Zhi Gang Wang

**Re: Application for Special Use Permit for a Beer/Wine/Cooler On-Sale
Establishment Use**

Applicant: Gallagher and Associates, LLC
APN: 163-06-111-008
Business/Address: 9921 W. Charleston Ave., Suite #6
Las Vegas, NV 89117

Dear Sir/Madam:

This firm represents Gallagher and Associates, LLC (the "Applicant") with respect to liquor licensing matters in Nevada. Enclosed, please find a Special Use Permit Application (the "Application") to allow the sale of beer, wine and coolers for on premises consumption at the above-referenced business location (the "Premises").

The Applicant proposes to open a restaurant known as "Posh Burger Bistro" (the "Business") within the tenant space at the Hualapai Commons Shopping Center (the "Shopping Center") located at the Southeast Corner of Charleston and Hualapi. The Premises contains a total lease area of 2,664 square feet and provides occupancy for 120 persons. The Business will provide table seating for up to 72 customers. Please note that alcohol service will be provided to customers by servers and the Business will not include self-service of alcohol products. The Applicant is committed to ensuring compliance with all local and State laws regarding the sale of alcoholic beverages for on-premises consumption.

The introduction of on-sale beer, wine and coolers at the Business will not affect the environment or character of the immediate community, nor will it have a detrimental impact on adjacent properties or other tenants located within the Shopping Center. No additional public services, utilities or parking accommodations will be necessary to accommodate the proposed use at the Business within the Shopping Center. There is adequate employee and customer parking available and the site provides adequate pedestrian and vehicle ingress/egress to and from the

SUP-48149

City of Las Vegas Department of Planning and Development
January 23, 2013
Page 2

Shopping Center from Hualapai and Charleston. The Business currently anticipates operating 7 days a week, from 11:00 AM until 11:00 PM, and will employ approximately 10-15 employees.

Please note that a waiver of the 400 foot distance separation requirement between the Premises and Faith Lutheran School (the "School") is not required. Final Map #FMP-43761, recorded on November 21, 2012, reduced the size of the shopping center parcel and thereby increased the distance between the Premises and the School to approximately 406 feet. As such, a waiver is not required.

In the event you have any questions with regard to the foregoing, please do not hesitate to contact us. Thank you.

Very truly yours,

KOLESAR & LEATHAM

Benjamin J. Volmer, Esq.

STATEMENT OF FINANCIAL INTEREST

Case Number: SUP-48160 APN: 125-28-713-007

Name of Property Owner: Inland Diversified Las Vegas Centennial Center, LLC

Name of Applicant: Farmer Boy's Food, Inc.

Name of Representative: John David Burke, Architect

To the best of your knowledge, does the Mayor or any member of the City Council or Planning Commission have any financial interest in this or any other property with the property owner, applicant, the property owner or applicant's general or limited partners, or an officer of their corporation or limited liability company?

☐ Yes

☒ No

If yes, please indicate the member of the City Council or Planning Commission who is involved and list the name(s) of the person or persons with whom the City Official holds an interest. Also list the Assessor's Parcel Number if the property in which the interest is held is different from the case parcel.

January 23, 2013

**CITY OF LAS VEGAS
DEPARTMENT OF PLANNING & DEVELOPMENT**

333 North Rancho Drive
Las Vegas, Nevada

**Re: Justification Letter –Site Development Plan Review and Special Use Permit
Proposed Farmer Boys Restaurant with drive through service
South corner of Centennial Center Blvd. & Tropical Parkway
Tax Assessor's Parcel No.: 125-28-713-007**

The Site Development Plan Review request we are submitting for today depicts a proposed single story Farmer Boys restaurant with drive through service. The approximate 3,195 square foot structure is intended to be fully consistent with the architectural design of the Centennial Center Shopping Center within which it will be located. This application is fully consistent with the intended uses at this site and parking provided is far in excess of what is required by the City of Las Vegas. The site will be landscaped in accordance with City requirements and will match back to that of the existing center.

The Special Use Permit request is to allow drive through service at this convenience restaurant. This request is also fully compatible with the intended uses at the center.

We respectfully request your consideration in this matter. If you have any questions or comments, please call.

Sincerely,

JOHN DAVID BURKE, Architect

Re: Special Use Permit for Beer/Wine/Cooler On-Sale Establishment
7010 N. Durango, Suite 140 Las Vegas, NV 89149

JUSTIFICATION LETTER

Rachel's Kitchen Restaurants have three existing locations. One on Hualapai Way, and one at The District in Green Valley, and a third location at 9691 Trailwood Dr. There is a fourth location opening soon at The Ogden downtown. This location at 7010 N. Durango will be the 5th location in the area. The space is within the existing Montecito Marketplace Phase II in a unit of 2490 square feet.

Other restaurants in the Montecito Marketplace serve beer and wine, as does the Rachel's Kitchen at The District. Therefore, this offering should be consistent with the expectations of customers in at the Marketplace as well as the Rachel's Kitchen menu. The sale of beer and wine has been approved by the landlord, NP/I&G Montecito Marketplace Phase II, LLC.

Respectfully,

Kent J. Asaki
Owner, Asaki Restaurant Two, LLC

Las Vegas NV 89106

RE: C-A-L Ranch Store Located at 232 N. Jones Blvd., Las Vegas NV 89107 –
Special Use Permit for Outdoor Display and Sales Area

To Whom It May Concern,

C-A-L Ranch Stores is a chain of retail stores founded in 1959 in Idaho Falls Idaho. We currently operate in Idaho, Utah, Nevada and Arizona. Now, after 54 years of business, we are happy to open our 20th store located in Las Vegas.

C-A-L Ranch Stores appeals to consumers who live the Farm, Ranch and Western lifestyle. Our mix of merchandise includes ranch and farm supplies, livestock, equine, pet feed and accessories, work & western apparel and footwear as well as shop equipment, tools, hardware, lawn & garden supplies, and outdoor sporting goods.

One of the great ways that we draw customers into our stores is by displaying some of the more bulky merchandise that is difficult to display inside, outside, in a fenced in area. In the case of our new Las Vegas store, we plan to have this area located in the southeast corner of our parking lot. In this outdoor display and sales area we will have fencing panels, lawn and garden tools and equipment, animal kennels, livestock water tanks, feed equipment and so on.

This area is monitored by our staff and remains locked unless there is an employee accompanying a customer. We make a point of keeping it neat and orderly at all times and have had great success from this marketing method.

Thank you for your consideration

Sincerely,

Kevin Bell
C-A-L Ranch Stores

Re: Relocation of Home Consignment Center within Centennial Gateway

Dear Dan:

Please be advised, this office represents the applicant in the above referenced matter. On behalf of the applicant, we are submitting this justification letter requesting a special use permit for Home Consignment Center which sells, on a consignment basis, secondhand goods such as jewelry, furniture and other housing accessories.

Home Consignment Center currently operates a 13,761 sf space inside the Centennial Gateway Commercial Center on the north side of Centennial Center Blvd. (5760 Centennial Center Blvd.). The new location will be south of Centennial Center Blvd., in an approximately 11,000 sf space which is adjacent to Sportman's Warehouse (5643 Centennial Center Blvd., Suite 110). Both locations are within the SC-TC zoning district of Town Center.

This use has operated harmoniously within the Centennial Gateway shopping center for several years. The proposed location will continue to be harmonious with the surrounding area and will not have a detrimental impact on adjacent properties.

We respectfully request that the special use permit application be placed on the March 12, 2013 Planning Commission agenda.

Sincerely,

KAEMPFER CROWELL RENSHAW
GRONAUER & FIORENTINO

Jennifer Lazovich

Las Vegas, NV 89106

Re: Justification Letter for Special Use Permit
Motor Vehicle Sales (New and/or Used)

To Whom It May Concern:

Please be advised that this law firm represents Custom Motor Creations, LLC, a Nevada limited liability company (the "Applicant" or "CMC"), with regard to its request for a Special Use Permit to allow Motor Vehicle Sales (New and/or Used) on a portion of 2.38 acres in a P-C (Planned Community) District. The real property is located at 10050 Banburry Cross Drive, Las Vegas, Nevada (the "Property"), as further described as Assessor's Parcel Number 138-30-218-002. The Applicant, with the property owner's consent, hereby requests a special use permit that would entitle the Property to conduct new and/or used motor vehicle sales at the subject location.

In particular, the Applicant is proposing and desires to utilize a portion of the Property for the display and sale or leasing of new and/or used motor vehicles, including custom built trikes (the "Proposed Use"). The Proposed Use will be conducted wholly within Suite 157 (the "Suite") while the business office for the Proposed Use will be located in Suite 210, as identified on the plans submitted herewith. No operations will take place outside the leased premises. The suite utilized for the Proposed Use contains approximately 5,000 square feet of gross floor space of which up to 4,000 square feet will be utilized by the Applicant as the sales and display area for the business. The Applicant will not perform any auto mechanical repairs and/or related services in conjunction with its business operations, and the anticipated hours of operation are Monday through Saturday from 8:00 a.m. to 7:00 p.m. It is important to note that the Proposed Use targets a niche market of adventuresome clients with discretionary income. Generally, a trike is customized to a buyer's specifications; therefore, the Applicant does not anticipate displaying

SUP-48174

FENNEMORE CRAIG JONES VARGAS

City of Las Vegas
Department of Planning
January 24, 2013
Page 2

and maintaining a large inventory of custom trikes on the sales floor. Due to its unique clientele, there is ample onsite parking to accommodate the limited traffic that may be generated by the Proposed Use.

Although not part of this application, the Applicant would like to disclose that the remaining gross floor space of the Suite will be utilized by Las Vegas Trikes ("LVT"), a company that currently holds an active City of Las Vegas motorcycle assembly license at the Suite. Essentially, LVT assembles/manufactures the custom trikes that will be sold at retail by CMC. As you may be aware, the Summerlin Development Standards (the "SDS") define light manufacturing as operations that are permitted to produce products for retail sale and such use is permitted by right on the Property. Since LVT's use is permitted by right, this application only pertains to the approval of the Proposed Use.

Pursuant to the SDS, the Proposed Use is permitted in the Employment Center land use district with the approval of a Special Use Permit. In order to approve a Special Use Permit application, per Title 19.16.110(L), the Planning Commission must affirm the following:

1. The proposed use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.

- The Proposed Use can be conducted in a manner that is harmonious with the neighborhood because the Proposed Use will conform to all the standard conditions/requirements as set-forth by the SDS, including the following: (a) the Applicant will not install nor use an outside public address or bell system; (b) all used or discarded motorcycle parts or equipment will be located wholly within an enclosed building; (c) all exterior lighting will be screened or otherwise designed so as not to shine directly onto any adjacent parcel of land; and (d) the facility will be closed for business between the hours of 10:00 p.m. and 7:00 a.m.

2. The subject site is physically suitable for the type and intensity of land use being proposed.

- The Property meets or exceeds the parking standards as set forth by the SDS and the business operations can and will be conducted wholly within an enclosed building; therefore, the Property is physically suitable for the type and intensity of the Proposed Use.

3. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.

SUP-48174

FENNEMORE CRAIG JONES VARGAS

City of Las Vegas
Department of Planning
January 24, 2013
Page 3

- The Proposed Use has direct access to Banburry Cross Drive, which is a 60 foot right-of-way. The Proposed Use will not generate an inordinate amount of traffic and the street providing access to and from the Property is adequate in size to handle any additional traffic that may be generated by the Proposed Use.

4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.

- As with any use, the Proposed Use will be subject to regular City and County inspections for licensing and will therefore not compromise the public health, safety and welfare.

It is important to note that all existing site improvements, exterior building elevations and landscape improvements are to remain the same.

For the reasons provided above, the Applicant respectfully requests that Staff recommends approval of the Special Use Permit to allow the Proposed Use to be conducted on a portion of the Property.

Thank you in advance for your consideration with regards to this application. If you have any questions, please do not hesitate to contact me.

Sincerely,

FENNEMORE CRAIG JONES VARGAS

Mark Hawkins

RE: Justification Letter – Dotty's Tavern at Centennial Center Blvd & Ann
Request SUP & Waivers: Liquor Establishment with Restricted Gaming
At 5643 Centennial Center Boulevard, Suite 160
APN#s: 125-27-411-013

Dear Mr. Fagg:

On behalf of our client, Nevada Restaurant Services Inc., please accept this justification letter for a Special Use Permit to allow a Liquor Establishment with Restricted Gaming in an existing shopping center on the northwest corner of Centennial Center Boulevard and Ann Road.

The site is a SC-TC (Service Commercial -Town Center) zoned site located within a 16.79 +/- net acre fully developed commercial parcel. The location of the Liquor Establishment is within the in-line building which backs up along Ann Road but faces Centennial Center Blvd. The tenant space is a little less than 3,000 square feet and depicted on the attached site plan.

The requested use requires waivers to the Town Center Development Standards for 50 acres for a Tavern and property line distance separation of 330 feet to residential but will otherwise conform to the Code requirements of the City.

Approval Criteria for a Special Use Permit LVMC 19.16.110

L. Special Use Permit Determinations—Approval

In order to approve a proposed SUP, the Planning Commission or City Council must determine that:

1. In order to approve a proposed Special Use Permit application, the Planning Commission or City Council must determine that:
 - a. The proposed use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan;

The use would be part of a well-established commercial shopping center that has ample parking, approved design, on-going property management and recognized ability to have multiple commercial uses operating in a harmonious manner. The actual tenant space is about double the minimum distance from any residential use. The substantial intervening commercial buildings act as a major buffer as does the major arterial, golf course and orientation of the commercial to Centennial Center Blvd. Additionally, this particular tenant does not have any greater impact than other retail establishments.

SUP-48175

SUP-48176

GCGARCIA

RECEIVED

JAN 24 2013

**City of Las Vegas
Dept. of Planning**

A Planning & Development Services Corporation

1711 Whitney Mesa Drive, Suite 110, Henderson, Nevada 89014-2158

Telephone: 702 435 9909 Facsimile: 702 435 0457 E-Mail: ggarcia@gcgarciainc.com

Furthermore, the use will help sustain and promote the existing commercial facilities and other businesses. The use is done in a manner consistent with the zoning and General Plan. The use and design will therefore comply with the SUP, conditions of approval and other Code requirements.

- b. The subject site is physically suitable for the type and intensity of land use being proposed;

The site is planned and zoned for the existing shopping center. The location will fill an existing tenant space so no major external changes are anticipated. The location of the approved use is near a major freeway interchange; is designed and suitable for the use with ample parking, major surface streets and regional roadways; within a major commercial node and not abutting any residential; buffered by buildings and roads; and offering goods and services where liquor establishments are typically and suitably located. The use will be done in compliance with City requirements.

- c. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use; and

The use does not generate any higher level of traffic than tenants typically found in a shopping center of this size, type and location and will not create any additional demand on the street or highway infrastructure. All necessary off-site infrastructures to serve use are already built, in place and approved.

- d. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety and welfare or the overall objectives of the General Plan.

The proposed business will not compromise the health, safety and welfare or objectives of the Plan. It meets the spirit and intent of Town Center as there is no concentration of Taverns. It meets the requirements for separation from any church, school or daycare for twelve children. IT will comply with the provisions of 6.50 of the Municipal Code.

This specific user has no greater impact than other retail uses and less than many as to parking, noise, light and traffic. The new investment into the building will help maintain the economic vitality of property and promote business economic well being and not visibly impact the residential or infrastructure of the City and will thus serve to protect the health, safety and welfare.

WAIVERS REQUESTED: Waiver of Town Center Design Standards

D. Waiver – Development Standards

Approval Criteria: A waiver of any of these standards may be approved upon the request of an applicant if the applicant can show through convincing and substantial evidence that the waiver will not be contrary to the overall purpose and intent of the standards or the Town Center Land Use Plan.

Request to Waive Town Center Development Uses – Special Use Permit Requirements:

- 1) #26 Gaming Establishment, Restricted License: May not locate within 330 feet of any single-family detached dwelling.

Request & Justification: *The shopping center parcel line is less than the minimum distance from residential. The actual tenant space is substantially greater than the minimum at nearly twice the distance.*

JAN 24 2013

Additionally, there is a substantial buffering provided by commercial buildings, golf course and arterial roads. Additionally the site activity is oriented along a major commercial corridor so as to minimize any residential impacts.

- 2) #33(e) Liquor Establishment (Tavern): No tavern shall be located within and Service Commercial District unless it is part of a development with an aggregate exceeding 50 acres with a majority of the acreage located within a zone that allows taverns.

Request & Justification: The shopping center is nearly 17 acres in size and in an intense commercial node close to a freeway interchange. This location is less than the 50 acre minimum but the entire area north of Ann along Centennial Center is all Service Commercial and collectively exceeds the minimum although no individual property does.

Based on the above, there is convincing and substantial evidence that the proposed use and waivers meet the intent of the Town Center Land Use Plan and not contrary to the intended purpose.

SUMMARY JUSTIFICATION

In summary, we believe the requested SUP for a Liquor Establishment with restricted gaming will help enhance the commercial center and provide additional goods and services to the area and help attract customers that help support other business.

We respectfully request your favorable consideration of this request. Please contact me if you have any questions or need additional information.

Sincerely,

for George Garcia,
President

RE: 2558 Valley View, 162-08-101-005

Dear Sir or Madam:

Please accept this letter as our justification for a Special Use Permit (SUP) for the above referenced property. We are requesting a permit to allow the sale of liquor in conjunction with an existing convenience store. Title 19.12 requires;

– *“Minimum Special Use Permit Requirements:*

** 1. Except as otherwise provided, no package liquor off-sale establishment (hereinafter “establishment”) shall be located within 400 feet of any church, synagogue, school, child care facility licensed for more than 12 children, or City park.*

** 2. Except as otherwise provided in Requirement 3 below, the distances referred to in Requirement 1 shall be determined with reference to the shortest distance between two property lines, one being the property line of the proposed establishment which is closest to the existing use to which the measurement pertains, and the other being the property line of that existing use which is closest to the proposed establishment. The distance shall be measured in a straight line without regard to intervening obstacles. For purposes of measurement, the term “property line” refers to property lines of fee interest parcels and does not include the property line of:*

a. Any leasehold parcel; or

SUP-48177

b. Any parcel which lacks access to a public street or has no area for on site parking and which has been created so as to avoid the distance limitation described in Requirement"

This property meets the separation requirements. The store currently sells beer and wine and the owner has cameras installed in the store and outside the store. The cameras allow him to police activities in the parking lot. The owner has a policy that if it appears a customer is attempting to purchase beer or wine for a minor, they are permanently banned from the store.

Many of the current clientele walk to the store and have asked about the ability to purchase liquor at this location. The store is beginning to stock items geared towards seniors, and is they are researching the possibility of delivering items to the seniors (not liquor).

By including liquor sales as part of the service provided to its customers, the convenience store can only display 10% of its display area as alcohol sales, including beer and wine. The square footage of the convenience store would allow for 154 square feet of display area. The display area that is shown is 90 square feet. The liquor display will be behind the counter a customer will have to request their liquor and purchase it before they take possession of it.

Within the convenience store is a fried chicken restaurant in conjunction with the store. They intend to keep the restaurant active and know they need to acquire an additional liquor license for the off-premise sales of liquor. They are indicating 50 seats for the restaurant portion on their floor plan.

We believe this to be a good use of the property and provide an additional service to our customers. Thank you for your consideration in this matter; please do not hesitate to contact me with any questions.

Yours truly,

Lucy Stewart

RE: 1000 Torrey Pines

Dear Sir or Madam:

Please accept this letter as our justification for a Special Use Permit (SUP) for the above referenced property. We are requesting a permit to allow the sale of liquor in conjunction with an existing convenience store. Title 19.12 requires:

– *“Minimum Special Use Permit Requirements:*

** 1. Except as otherwise provided, no package liquor off-sale establishment (hereinafter “establishment”) shall be located within 400 feet of any church, synagogue, school, child care facility licensed for more than 12 children, or City park.*

** 2. Except as otherwise provided in Requirement 3 below, the distances referred to in Requirement 1 shall be determined with reference to the shortest distance between two property lines, one being the property line of the proposed establishment which is closest to the existing use to which the measurement pertains, and the other being the property line of that existing use which is closest to the proposed establishment. The distance shall be measured in a straight line without regard to intervening obstacles. For purposes of measurement, the term “property line” refers to property lines of fee interest parcels and does not include the property line of:*

- a. Any leasehold parcel; or*
- b. Any parcel which lacks access to a public street or has no area for on site parking and which has been created so as to avoid the distance limitation described in Requirement”*

This property meets the separation requirements. Across Charleston, approximately a quarter mile is a high school. Charleston provides a natural barrier to the high students

SUP-48178

and this store. The store currently sells beer and wine and the owner has cameras installed in the store and outside the store. The cameras allow him to police activities in the parking lot. The owner has a policy that if it appears a customer is attempting to purchase beer or wine for a minor, they are permanently banned from the store.

Many of the current clientele walk to the store and have asked about the ability to purchase liquor at this location (see attached supporting petitions). Lee's Liquor, at Oakey and Rainbow, is the nearest location for liquor and is not convenient to the patrons who are walking.

By including liquor sales as part of the service provided to its customers, the convenience store can only display 10% of its display area as alcohol sales, including beer and wine. The square footage of the convenience store would allow for 234 square feet of display area. The display area that is shown is 217 square feet. The liquor display will be behind the counter, behind the glass so a customer will have to request their liquor and purchase it before they take possession of it.

We believe this to be a good use of the property and provide an additional service to our customers. Thank you for your consideration in this matter; please do not hesitate to contact me with any questions.

Yours truly,

Lucy Stewart

Re: JUSTIFICATION LETTER
SUP Application

Dear Mr. Fagg:

Please accept this letter as our official Justification Letter for a Special Use Permit for a Beer Wine Cooler On-Sale license in conjunction with our Restaurant business operation to be located at 1126 Fremont Street. The Restaurant is located within the East Village District and is part of the Downtown Overlay District as defined by Map 17 of the Downtown Centennial Plan. The Application is for a **SUP FOR A BEER WINE COOLER ON-SALE ESTABLISHMENT** on 1.72 acres at 1126 Fremont Street, Las Vegas, Nevada 89101 zoned C-2 (General Commercial).

We intend to serve beer, wine and coolers in conjunction with meals on the premises and will also provide outdoor seating. The proposed use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan. The Restaurant is approximately 3,100 square feet and we plan to employ approximately 10 to 15 employees. The hours of operation will be from 6:00am to 11:00pm Monday through Sunday. The Restaurant will not increase the demand for parking, as the prior use was also a restaurant operation.

We are requesting a Waiver to allow for a Beer Wine Cooler On-Sale business, which is approximately 330 feet from a protected use (Church located at 1229 E. Carson Avenue) where 400 feet is required. While the request is to allow 330 feet where 400 feet is required, the area of the parcel that is within the 400 feet distance separation area is a portion of the parking lot located at the southwest corner of the parcel. The actual distance from the Church parcel to our tenant space is approximately 475 feet, and over 500 feet when measuring to our closest entrance. Our parcel is also separated from the Church by two major roadways, Maryland Parkway and Carson Avenue. For these reasons, we believe this Waiver request is meeting the spirit of the 400 feet distance separation requirement.

This Restaurant will further enhance the various revitalization efforts underway in Downtown Las Vegas by adding what we believe is an additional element in not only attracting visitors to Downtown, but

SUP-48179

adding to the quality of life for current and future Downtown residents. We appreciate your support for this project and look forward to working with the City of Las Vegas Staff during the entitlement process. If you have any questions and / or concerns, please do not hesitate to contact me.

With Kind Regards,

Nicholas PK Akiona

Mr. Doug Rankin
Manager
495. S. Main St.
Las Vegas, NV 89101

Subject: JUSTIFICATION LETTER FOR SPECIAL USE PERMIT

Reference: Digital Parquees™ - Mike Morgan Family Park, 391 East Bonanza Road

Dear Mr. Rankin,

Issue:

To obtain the necessary Planning Department approval and permits to move forward with the project in regards to the approved Digital Parquee™ License Agreement between the City of Las Vegas, the State of Nevada and Elite Media, Inc regarding advertising, sponsorship and other items related thereto for the above location.

Per the agreement Elite Media will be installing on a total of 4 sites, 5 digital Parquee™ structures with 9 total LED screens, the above location listed as one of the four sites. The below lists all of the locations as per the approved agreement with the City of Las Vegas.

- **Mike Morgan Family Park:** One double sided digital Parquee™ sign with LED sizes 18'9"W x 28'H (two total LED screens)
- **Ed Fountain Park:** One double sided digital Parquee™ sign with LED sizes 18'9"W x 28'H (two total LED screens)
- **Dula Center:** Two double sided digital Parquee™ signs with LED sizes 34'10"W x 65'H (four total LED screens)
- **East Service Yard:** One single sided digital Parquee™ sign with LED sizes 18'9"W x 28'H (One total LED screen)

Information:

Elite Media has 5 employees that provide sales and administrative functions only. Elite Media will contract Yesco Electronics with specialization in the fabrication and installation of these signs. These Parquee™ structures will be the first of their kind in the City of Las Vegas. Yesco has over 100 years of experience in fabrication and installation of signs. (See attached information on Yesco).

Required State Licenses: YESCO NV Contractors License Nos.0074289,0074290,0075739

SUP-48180

Sustainability: The Parquee TM structures are designed with the latest in LED technology. These displays provide energy efficiencies requiring 36%+ less power than older displays.

Findings: Pursuant to the contract with the City, this project meets/supports existing City regulations whereas this site and surrounding uses are harmonious and compatible.

- a. The proposed digital Parquees™ have an exciting design that complements the City of Las Vegas properties, by emulating the design of the famous “Welcome to Las Vegas” sign originally designed by Yesco. These signs will bring important City information to the public as well as sponsorship opportunities that generate revenue for the City.
- b. The physical site locations for the Parquee™ structures have been preliminary evaluated according to the City maps and zoning restrictions. These sites are determined to be in compliance with the appropriate restrictions.
- c. Street and highway access to the physical site locations is adequate in size to meet the requirements.
- d. The Digital Parquees™ have no impact on public health, safety and welfare.

Thank you for this opportunity. Please let me know if you require any additional information for this special use request.

Sincerely,

Chad McCullough
Elite Media, Inc

RECEIVED

JAN 24 2013

Subject: JUSTIFICATION LETTER FOR SPECIAL USE PERMIT

Reference: Digital Parquees™ - City of Las Vegas | East Service Yard, 3415 East Bonanza Road

Dear Mr. Rankin,

Issue:

To obtain the necessary Planning Department approval and permits to move forward with the project in regards to the approved Digital Parquee™ License Agreement between the City of Las Vegas, the State of Nevada and Elite Media, Inc regarding advertising, sponsorship and other items related thereto for the above location.

Per the agreement Elite Media will be installing on a total of 4 sites, 5 digital Parquee™ structures with 9 total LED screens, the above location listed as one of the four sites. The below lists all of the locations as per the approved agreement with the City of Las Vegas.

- **Mike Morgan Family Park:** One double sided digital Parquee™ sign with LED sizes 18'9"W x 28'H (two total LED screens)
- **Ed Fountain Park:** One double sided digital Parquee™ sign with LED sizes 18'9"W x 28'H (two total LED screens)
- **Dula Center:** Two double sided digital Parquee™ signs with LED sizes 34'10"W x 65'H (four total LED screens)
- **East Service Yard:** One single sided digital Parquee™ sign with LED sizes 18'9"W x 28'H (One total LED screen)

Information:

Elite Media has 5 employees that provide sales and administrative functions only. Elite Media will contract Yesco Electronics with specialization in the fabrication and installation of these signs. These Parquee™ structures will be the first of their kind in the City of Las Vegas. Yesco has over 100 years of experience in fabrication and installation of signs. (See attached information on Yesco).

Required State Licenses: YESCO NV Contractors License Nos.0074289,0074290,0075739

SUP-48181

RECEIVED

JAN 24 2013

Sustainability: The Parquee TM structures are designed with the latest in LED technology. These displays provide energy efficiencies requiring 36%+ less power than older displays.

Findings: Pursuant to the contract with the City, this project meets/supports existing City regulations whereas this site and surrounding uses are harmonious and compatible.

- a. The proposed digital Parquees™ have an exciting design that complements the City of Las Vegas properties, by emulating the design of the famous "Welcome to Las Vegas" sign originally designed by Yesco. These signs will bring important City information to the public as well as sponsorship opportunities that generate revenue for the City.
- b. The physical site locations for the Parquee™ structures have been preliminary evaluated according to the City maps and zoning restrictions. These sites are determined to be in compliance with the appropriate restrictions.
- c. Street and highway access to the physical site locations is adequate in size to meet the requirements.
- d. The Digital Parquees™ have no impact on public health, safety and welfare.

Thank you for this opportunity. Please let me know if you require any additional information for this special use request.

Sincerely,

Chad McCullough
Elite Media, Inc

City of Las Vegas
Planning Division
Mr. Doug Rankin
Manager
495. S. Main St.
Las Vegas, NV 89101

Subject: JUSTIFICATION LETTER FOR SPECIAL USE PERMIT

Reference: Digital Parquees™ - Dula Center, 441 East Bonanza Road

Dear Mr. Rankin,

Issue:

To obtain the necessary Planning Department approval and permits to move forward with the project in regards to the approved Digital Parquee™ License Agreement between the City of Las Vegas, the State of Nevada and Elite Media, Inc regarding advertising, sponsorship and other items related thereto for the above location.

Per the agreement Elite Media will be installing on a total of 4 sites, 5 digital Parquee™ structures with 9 total LED screens, the above location listed as one of the four sites. The below lists all of the locations as per the approved agreement with the City of Las Vegas.

- **Mike Morgan Family Park:** One double sided digital Parquee™ sign with LED sizes 18'9"W x 28'H (two total LED screens)
- **Ed Fountain Park:** One double sided digital Parquee™ sign with LED sizes 18'9"W x 28'H (two total LED screens)
- **Dula Center:** Two double sided digital Parquee™ signs with LED sizes 34'10"W x 65'H (four total LED screens)
- **East Service Yard:** One single sided digital Parquee™ sign with LED sizes 18'9"W x 28'H (One total LED screen)

Information:

Elite Media has 5 employees that provide sales and administrative functions only. Elite Media will contract Yesco Electronics with specialization in the fabrication and installation of these signs. These Parquee™ structures will be the first of their kind in the City of Las Vegas. Yesco has over 100 years of experience in fabrication and installation of signs. (See attached information on Yesco).

Required State Licenses: YESCO NV Contractors License Nos.0074289,0074290,0075739

SUP-48183

Sustainability: The Parquee TM structures are designed with the latest in LED technology. These displays provide energy efficiencies requiring 36%+ less power than older displays.

Findings: Pursuant to the contract with the City, this project meets/supports existing City regulations whereas this site and surrounding uses are harmonious and compatible.

- a. The proposed digital Parquees™ have an exciting design that complements the City of Las Vegas properties, by emulating the design of the famous “Welcome to Las Vegas” sign originally designed by Yesco. These signs will bring important City information to the public as well as sponsorship opportunities that generate revenue for the City.
- b. The physical site locations for the Parquee™ structures have been preliminary evaluated according to the City maps and zoning restrictions. These sites are determined to be in compliance with the appropriate restrictions.
- c. Street and highway access to the physical site locations is adequate in size to meet the requirements.
- d. The Digital Parquees™ have no impact on public health, safety and welfare.

Thank you for this opportunity. Please let me know if you require any additional information for this special use request.

Sincerely,

Chad McCullough
Elite Media, Inc

RE: 2620 Regatta

Dear Sir or Madam:

Please accept this letter as our justification for a Special Use Permit (SUP) for the above referenced property. This site was originally approved as a shopping center with a tavern, and subsequently two restaurants have been approved and built with a service and also a Chabad (place of worship) was built on a pad site on the corner.

One of the restaurants (Garfields) has expanded and would like to convert to a supper club. The banquet facility holds private parties and the center has a wedding chapel license and holds receptions on site through a caterer's license.

The request is for:

An SDR for the areas of the building that have been enclosed.

Expansion of the restaurant (Garfields) to a Supper Club to include additional space, and including a waiver of separation from the Chabad.

The parking for the site will remain the same, but the parking is calculated using the uses and the various times the individual places are busy (see plan). The center is the social focus of the community (Desert Shores) and many of the patrons of the tenants walk to the center or drive over to the community center and walk over to the shopping center. In addition, the Chabad requires no parking because all attendees are forbidden to drive their cars within a certain distance of the place of worship and they tend to park some distance away and walk towards the facility.

**SUP-48184
SDR-48185**

The architect has been working with the building department to try and get permits for all of the unpermitted work that has occurred (see attached minutes from meeting).

We believe this to be a good use of the property; it clarifies the uses of the property and gets all work permitted. Thank you for your consideration in this matter; please do not hesitate to contact me with any questions.

Yours truly,

A handwritten signature in dark ink, appearing to read 'Lucy Stewart', written over a horizontal line.

Lucy Stewart

Restivo Performance Horses, Las Vegas Site Layout

Restivo Performance Horses, Las Vegas Site Layout

Ashley Restivo
6666 West Ann Road
Las Vegas, NV

City of Las Vegas
Department of Planning

Subject: Justification Letter for Restivo Performance Horses Business Location

Issue

The subject property (6666 West Ann Road) will be used as a business location for Restivo Performance Horses. This property is owned and leased by Barbara Zink to Ashley and Joe Restivo for the purpose of training performance horses. The property already has all the necessary accommodations to conduct the said business. This special use permit determination justification letter is being submitted to request use of the property for its original design purpose; a site layout or plan is attached.

Information

- No employees only the Restivo's living in the Residential home.
- Hours of operation- By appointment only
- Any existing similar uses owned or operated by the applicant and their location- None in Las Vegas
- Any required state licenses specific to the use requested- Business license.

Sustainability (if applicable – if yes, please explain)	Yes	No
Will this project participate in the City of Las Vegas Green Building Program? (Not Applicable: There are no new constructed buildings)		X
Will this project be constructed to LEED or other equivalent standards? (Not Applicable: There are no new constructed buildings)		X
Will this project utilize alternative energy sources or water savings measures?		X
Is there connectivity to adjacent parcels?		X
Will the proposed project qualify as a walkable community (for Residential and mixed Use projects only)? (Not Applicable)		X
Is the project using any means of sustainable construction? (Not Applicable)		X
Will the project meet the intent of the Urban Forestry Initiative? (No landscape waiver has been requested)		X
Will the project provide any bicycle parking? (yes we provide parking for anyone willing to ride a bicycle to our property)		X
Will the project provide any electric vehicle recharging stations? (The property currently doesn't have any electrical hook-ups for cars)		X

Findings

The said property has been operated as a training facility for horses periodically over the past ~30 years and is therefore inherently harmonious and compatible with existing surroundings. It should also be

SUP-48191

noted that there are several multiple horse facilities and general live stock in the general and neighboring area and has been for decades. Las Vegas provides a diversified and entertaining environment to attract a broad cross section of individuals bolstering the infrastructure of this community.

Many things have been done to help with any dust pollution such as; watering the arenas daily and all driveways that are used to help with dust control, we have also groomed the landscaping and provided tree lines along our neighboring properties as a barrier, we have also brought in new gravel and added wood chips in horses corrals for added dust control and smell reduction. With removal of animal waste stalls are cleaned twice a day and disposed of twice a week, aiding in keeping the smell down that is associated with having livestock and the production of flies down as well. All animals are sprayed with fly spray twice a day for our fly system and we use fly predators to aide us in keeping the environment friendly to our animals and neighbors.

Providing horse training and riding lessons expands the community's diversification and entertainment to include clients interested in an American fundamental pastime and competitive sport (horseback riding of all types). Equine activities also create an atmosphere that teaches children and adults' self-help, responsibility, leadership, communication, teamwork, and self-respect, adding to this community greatly. Being part of a equine training facility is also very therapeutic and has helped many people achieve things they never thought possible such as; empowering abused women and children and children/adults with disabilities by proving themselves to be "set free", emotionally, spiritually, and become physically independent, with the help of our equines. Having this equine business available to the public of Las Vegas would create stronger community bonds and teach people the ability of leadership and communication amongst their peers.

This facility has ample parking and appropriate egress (see attached site layout) behind large walls for the clients vehicles making it well suited for this business. West Ann Road has four lanes and ample space to facilitate the negligible egress needed for this facility; rarely are there more than one or two vehicles needing the egress at one time.

Sincerely,

Ashley Restivo

Re: Justification Letter for Application

APN 139-28-604-003 – 1100 N. Martin Luther King

Phase I

We are planning on expanding the existing building to the North. The building is currently against the property line and we have rezoned the adjacent property to be compatible with this parcel. We are currently in review for a One (1) Lot Parcel Map to combine both parcels into a single parcel.

The improvements will be identical to the existing building and enable the existing business to expand into the additional (19000 Sqft) space created by the building expansion. It would also help to create additional jobs for the existing business and enable them to serve more customer's. This in turn would bring more people into the area, helping other business's in the area

Phase II

We are also intending to do future expansion on the vacant site and will incorporate some of our future plans into the site development additional parking ,New landscape that will match existing landscape on Martin L King Blvd, New Driveways, utility services and improvements.

The intended expansion is compatible with properties that are similar and fronting onto Martin Luther King. Future development is both needed and wanted in this area of Las Vegas (Ward 5). This parcel would also be considered some what of and in fill parcel, since the property to the north and south are developed.

If I can be of further assistance, please contact me at your earliest convenience.

Thank you,

**Lonnie Walston
Property Owner**

On behalf of our client Wells Fargo, this letter is to serve as a statement of justification for a major amendment to the approved site plan review for the property at 1121 S. Las Vegas Blvd.

Project Description:

Site:

The project site is zoned for commercial use (C-2) and is the location of an existing 4,821 SF Wells Fargo Bank. The original site development review, SD-26-97, for the bank was approved on December the 4th 1997.

Proposed Development:

The purpose of this application is to amend the original site development review to add a 1,044 SF addition to the existing 4,821 SF Wells Fargo Bank. As part of this addition a total of four parking spaces are being removed and the existing electrical service is being relocated. Wells Fargo must continue to provide their services to the community while the addition is being constructed so they will require a temporary generator be located on the site until permanent power is restored to the building.

We feel that this addition will have a minimal impact to the site and while four of the original fifty four parking spaces are lost, twenty spaces will be provided in addition to the required thirty parking spaces. We also feel that the use of the temporary generator will not have a dramatic impact to the site and the surrounding areas.

We respectfully submit the above requests for your consideration. Nadel Architects and Wells Fargo mutually look forward to working with the City of Las Vegas Planning to obtain the necessary approvals and are available at your convenience to answer any questions or to provide additional information.

Respectfully,
NADEL NEVADA, INC
