Facilities are provided throughout City Hall for convenience of persons with disabilities. For meetings held in the Council Chambers, sound equipment is available for persons with hearing impairments. If you need an accommodation to attend and participate in this meeting, please call the DEPARTMENT DESIGNEE at (702) 229-6301 and advise of your need at least 48 hours in advance of the meeting. The City's TDD number is (702) 386-9108.

March 12, 2013

6:00 PM

ITEMS MAY BE TAKEN OUT OF THE ORDER PRESENTED AT THE DISCRETION OF THE CHAIRPERSON. TWO OR MORE AGENDA ITEMS FOR CONSIDERATION MAY BE COMBINED; AND ANY ITEM ON THE AGENDA MAY BE REMOVED OR RELATED DISCUSSION MAY BE DELAYED AT ANY TIME.

NOTICE: This meeting has been properly noticed and posted at the following locations:

City Hall, 495 South Main Street, 1st Floor
Clark County Government Center, 500 South Grand Central Parkway
Grant Sawyer Building, 555 East Washington Avenue
City of Las Vegas Development Services Center, 333 North Rancho Drive

ACTIONS: ALL ACTIONS EXCEPT GENERAL PLAN AMENDMENTS, REZONINGS AND RELATED CASES THERETO ARE FINAL UNLESS AN APPEAL IS FILED BY THE APPLICANT OR AN AGGRIEVED PERSON, OR A REVIEW IS REQUESTED BY A MEMBER OF THE CITY COUNCIL WITHIN TEN DAYS AND PAYMENT OF THOSE COSTS SHALL BE MADE UPON FILING OF THE APPLICATION.

ANY ITEM LISTED IN THIS AGENDA MAY BE TAKEN OUT OF ORDER IF SO REQUESTED BY THE APPLICANT, STAFF, OR A MEMBER OF THE PLANNING COMMISSION AND AGREED TO BY THE PLANNING COMMISSION. THE PLANNING COMMISSION MAY IMPOSE TIME LIMITATIONS, AS NECESSARY, ON THOSE PERSONS WISHING TO BE HEARD ON ANY AGENDAED ITEM.

PLANNING COMMISSION MEETING RULES OF CONDUCT:

1. Staff will present each item to the Commission in order as shown on the agenda, along with a recommendation and suggested conditions of approval, if appropriate.

2. The applicant is asked to be at the public microphone during the staff presentation. When the staff presentation is complete, the applicant should state his name and address, and indicate whether or not he accepts staff's conditions of approval.

3. If areas of concern are known in advance, or if the applicant does not accept staff's condition, the applicant or his representative is invited to make a brief presentation of his item with emphasis on any items of concern.

4. Persons other than the applicant who support the request are invited to make brief statements after the applicant. If more than one supporter is present, comments should not be repetitive. A representative is welcome to speak and indicate that he speaks for others in the audience who share his view.

5. Objectors to the item will be heard after the applicant and any other supporters. All who wish to speak will be heard, but in the interest of time it is suggested that representatives be selected who can summarize the views of any groups of interested parties.

6. After all objectors' input has been received; the applicant will be invited to respond to any new issues raised.

7. Following the applicant's response, the public hearing will be closed; Commissioners will discuss the item amongst themselves, ask any questions they feel are appropriate, and proceed to a motion and decision on the matter.

8. Letters, petitions, photographs and other submissions to the Commission will be retained for the record. Large maps, models and other materials may be displayed to the Commission from the microphone area, but need not be handed in for the record unless requested by the Commission.

As a courtesy, we would ask those not speaking to be seated and not interrupt the speaker or the Commission. We appreciate your courtesy and hope you will help us make your visit with the Commission a good and fair experience.

BUSINESS ITEMS:

1. CALL TO ORDER

2. ANNOUNCEMENT: COMPLIANCE WITH OPEN MEETING LAW

3. ROLL CALL

4. PUBLIC COMMENT DURING THIS PORTION OF THE AGENDA MUST BE LIMITED TO MATTERS ON THE AGENDA FOR ACTION. IF YOU WISH TO BE HEARD, COME TO THE PODIUM AND GIVE YOUR NAME FOR THE RECORD. THE AMOUNT OF DISCUSSION, AS WELL AS THE AMOUNT OF TIME ANY SINGLE SPEAKER IS ALLOWED, MAY BE LIMITED

5. FOR POSSIBLE ACTION TO APPROVE THE FINAL MINUTES FOR THE PLANNING COMMISSION MEETING OF FEBRUARY 12, 2013

6. FOR POSSIBLE ACTION - Any Items from the Planning Commission, staff and/or the applicant wish to be stricken or held in abeyance to a future meeting may be brought forward and acted upon at this time.

CONSENT ITEMS:

CONSENT ITEMS ARE CONSIDERED ROUTINE BY THE PLANNING COMMISSION AND MAY BE ENACTED BY ONE MOTION. HOWEVER, ANY ITEM MAY BE DISCUSSED IF A COMMISSION MEMBER OR APPLICANT SO DESIRES.

ONE MOTION - ONE VOTE

THE FOLLOWING ARE ITEMS THAT MAY BE CONSIDERED IN ONE MOTION/ONE VOTE. THEY ARE CONSIDERED ROUTINE NON-PUBLIC AND PUBLIC HEARING ITEMS. ALL PUBLIC HEARINGS AND NON-PUBLIC HEARINGS WILL BE OPENED AT ONE TIME. ANY PERSON REPRESENTING AN APPLICATION OR A MEMBER OF THE PUBLIC OR A MEMBER OF THE PLANNING COMMISSION NOT IN AGREEMENT WITH THE CONDITIONS AND ALL STANDARD CONDITIONS FOR THE APPLICATION RECOMMENDED BY STAFF, SHOULD REQUEST TO HAVE THAT ITEM REMOVED FROM THIS PART OF THE AGENDA.

ITEM DESCRIPTION: APPLICANT: DR HORTON, INC. - OWNER: GREAT WESTERN BANK

** STAFF RECOMMENDATION(S) **

CASE NUMBER	*RECOMMENDATION*	*REQUIRED FOR APPROVAL*
TMP-48085	Staff recommends APPROVAL, subject to conditions:	

** CONDITIONS **

TMP-48085 CONDITIONS

Planning

1. Approval of the Tentative Map shall be for no more than four (4) years. If a Final Map is not recorded on all or a portion of the area embraced by the Tentative Map with four (4) years of the approval of the Tentative Map, this action is void.

2. All development shall conform to the Conditions of Approval for Site Development Plan Review (SDR-47230), the Grand Teton Village Development Agreement and Grand Teton Village Master Development Plan and Design Standards.

3. Street names must be provided in accordance with the City's Street Naming Regulations.

4. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

5. In conjunction with creation, declaration and recordation of the subject common-interest community, and prior to recordation of the Covenants, Codes and Restrictions ("CC&R"), or conveyance of any unit within the community, the Developer is required to record a Declaration of Private Maintenance Requirements ("DPMR") as a covenant on all associated properties, and on behalf of all current and future property owners. The DPMR is to include a listing of all privately owned and/or maintained infrastructure

improvements, along with assignment of maintenance responsibility for each to the common interest community or the respective individual property owners, and is to provide a brief description of the required level of maintenance for privately maintained components. The DPMR must be reviewed and approved by the City of Las Vegas Department of Field Operations prior to recordation, and must include a statement that all properties within the community are subject to assessment for all associated costs should private maintenance obligations not be met, and the City of Las Vegas be required to provide for said maintenance. Also, the CC&R are to include a statement of obligation of compliance with the DPMR. Following recordation, the Developer is to submit copies of the recorded DPMR and CC&R documents to the City of Las Vegas Department of Field Operations.

6. All development is subject to the conditions of City Departments and State Subdivision Statutes.

Public Works

7. The private streets for this site must be granted as Public Utility Easements, Public Sewer Easements, and Public Drainage Easements to be Privately Maintained.

8. Grant a minimum 20-foot wide public sewer easement across Common Element 3. The easement shall be labeled as such and include the note "No trees or vegetation taller than 3 feet will be allowed within the Public Sewer Easement."

9. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits, submittal of any construction drawings or the submittal of a Map subdividing this site, whichever may occur first. Provide and improve all drainageways recommended in the approved drainage plan/study. The developer of this site shall be responsible to construct such neighborhood or local drainage facility improvements as are recommended by the City of Las Vegas Neighborhood Drainage Studies and approved Drainage Plan/Study concurrent with development of this site.

10. Site development to comply with all applicable conditions of approval for SDR-47230 and all other applicable site-related actions.

11. The approval of all Public Works related improvements shown on this Tentative Map is in concept only. Specific design and construction details relating to size, type and/or alignment of improvements, including but not limited to street, sewer and drainage improvements, shall be resolved prior to approval of the construction plans by the City. No deviations from adopted City Standards shall be allowed unless specific written approval for such is received from the City Engineer prior to the recordation of a Final Map or the approval of subdivision-related construction plans, whichever may occur first. Approval of this Tentative Map does not constitute approval of any deviations. If such approval cannot be obtained, a revised Tentative Map must be submitted showing elimination of such deviations.

** STAFF REPORT **

PROJECT DESCRIPTION

A 17-lot single family residential subdivision is proposed within Grand Teton Village at the northeast corner of the Farm Road and Jensen Street alignments, west of Grand Canyon Drive. The lots are situated around a 44-foot wide private street that terminates on the north in a cul-de-sac bulb and on the south in a stub. Vehicular access is from Jensen Street, while pedestrians can access the internal street from Farm Road through a 20-foot wide linear park. As the proposed tentative map conforms to the approved Site Development Plan Review (SDR-47230) and the requirements of the Grand Teton Village Development Agreement, Master Development Plan and Design Standards, staff recommends approval of the request with conditions.

ISSUES

- Pursuant to Sections 1.1 (13) and 3.1 through 3.10 of the Development Agreement between the City of Las Vegas and GTV Development, LLC, City code standards that were in effect at the Effective Date of the agreement are the standards that apply to the site for the duration of the agreement.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
09/04/02	The City Council approved a Rezoning (Z-0014-02) from U (Undeveloped) [PCD (Planned Community Development) General Plan Designation] to PD (Planned Development) on approximately 160 acres adjacent to the southwest corner of Grand Teton Drive and Grand Canyon Drive, not including the subject site, for establishment of the Grand Teton Village Master Development Plan and Design Standards. The Planning Commission and staff recommended approval.
10/29/03	The City Council approved a Development Agreement (DIR-2863) between the City of Las Vegas and GTV Development, LLC for the Grand Teton Village planned development. The Planning Commission and staff recommended approval.

08/18/04	The City Council approved the Annexation (ANX-4437) of the subject site, consisting of five acres located on the north side of Farm Road, approximately 330 feet west of Grand Canyon Drive. The Planning Commission and staff recommended approval. The annexation became effective 08/27/04.
01/05/05	The City Council approved the Rezoning (ZON-5488) from U (Undeveloped) [PCD (Planned Community Development) General Plan Designation] to PD (Planned Development) on five acres at the northeast corner of Farm Road and Jensen Street. The Planning Commission and staff recommended approval.
	The City Council approved a Waiver (WVR-5603) of Title 18.12.160 to allow 180 feet between street intersections where 200 feet is the minimum separation distance required on five acres at the northeast corner of Farm Road and Jensen Street. The Planning Commission and staff recommended approval.
	The City Council approved a Site Development Plan Review (SDR-5490) for a proposed 21-lot single family residential development on five acres at the northeast corner of Farm Road and Jensen Street. The Planning Commission and staff recommended approval.
07/20/05	The City Council approved a Petition to Vacate (VAC-6646) U.S. Government Patent Easements generally located north of Farm Road, west of Grand Canyon Drive. The Planning Commission and staff recommended approval. The Order of Relinquishment of Interest was recorded 01/03/06.
11/03/05	The Planning Commission approved a Tentative Map (TMP-6603) for a 21-lot single family residential subdivision on 5.15 acres at the northeast corner of Farm Road and Jensen Street. Staff recommended approval. The map approval expired 11/03/07.
02/07/07	The City Council approved Extensions of Time (EOT-18956 and EOT-18957) of the approved Rezoning (ZON-5488) to PD (Planned Development) and Site Development Plan Review (SDR-5490) for a 21-lot single family residential development on five acres at the northeast corner of Farm Road and Jensen Street. Staff recommended approval of the requests.
05/02/07	The City Council approved an Extension of Time (EOT-18956) of the approved Rezoning (ZON-5488) to PD (Planned Development) on five acres at the northeast corner of Farm Road and Jensen Street after rescinding the previous approval of 02/07/07.
01/10/08	The Planning Commission approved a Tentative Map (TMP-25708) for a 21-lot single family residential subdivision on 5.15 acres at the northeast corner of Farm Road and Jensen Street. Staff recommended approval. The map approval expired 01/10/12.

02/04/09	The City Council approved Extensions of Time (EOT-32755 and EOT-32754) of the approved Rezoning (ZON-5488) to PD (Planned Development) and Site Development Plan Review (SDR-5490) for a 21-lot single family residential development on five acres at the northeast corner of Farm Road and Jensen Street. Staff recommended approval of the requests.
03/02/11	The City Council approved the Extension of Time (EOT-40654) of the approved Site Development Plan Review (SDR-5490) for a 21-lot single family residential development on five acres at the northeast corner of Farm Road and Jensen Street. Staff recommended approval. The approval expired 01/05/13.
01/08/13	The Planning Commission approved a Site Development Plan Review (SDR-47230) for a proposed 17-lot single family residential development on 5.15 gross acres adjacent to the north side of Farm Road, approximately 280 feet west of Grand Canyon Drive. Staff recommended approval.

Most Recent Change of Ownership	
08/29/11	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses
There are no building permits or business licenses associated with the subject site.

Pre-Application Meeting	
10/08/12	A pre-application meeting was held with the applicant to discuss submittal requirements for a Tentative Map. There were no major issues.

Neighborhood Meeting
A neighborhood meeting is not required, nor was one held.

Field Check	
01/31/13	The site is undeveloped but contains mounds of dirt and rocks with patches of weeds. Most of the site is above the existing residential developments to the north and east, and perimeter walls separate these areas from the subject site. Farm Road terminates at the edge of this site with no turnaround.

TOTAL SPACES REQUIRED			34		51		Y
Regular and Handicap Spaces Required			34	0	51	0	Y

ANALYSIS

The proposed development site is located within the Grand Teton Village Master Development Plan area. Development in this area is subject to both the 2003 Development Agreement between the City and the Master Developer and the development standards contained within the Grand Teton Village Master Development Plan and Design Standards Manual as updated from time to time. Sections 1.1 (13) and 3.1 through 3.10 of the Development Agreement stipulate that City standards that were in effect at the Effective Date of the agreement are the ones that apply to the site for the duration of the agreement. Therefore, Title 19.04 Complete Streets standards, which were adopted after the adoption of the Development Agreement, cannot be applied to this development.

The design of the development conforms to the Grand Teton Village Design Standards. All 17 proposed lots are configured along a single 44-foot wide private street with a five-foot sidewalk on the west side. Lots are typically 64 feet wide and range in size from 7,854 square feet to 9,412 square feet. Two of the lots will be served by the private street stub, which is acceptable for circulation purposes. The entry street to the development is 235 feet from Farm Road (centerline to centerline), meeting the intersection separation distance requirement in effect at the time of development agreement adoption. Walls on the perimeter consist of the required six-foot tall Grand Teton Village Theme Wall along Farm Road and a proposed six-foot screen wall along Jensen Street. There are existing screen and retaining walls along the north and east edges where existing residential lots abut the site. The land slopes down from west to east across the site, which will require extensive grading of the east sides of the lots and an escarpment adjoining the existing walls.

FINDINGS (TMP-48085)

As the proposed tentative map conforms to the Grand Teton Village Development Agreement rules, the Grand Teton Village Master Development Plan for density and the Grand Teton Village Design Standards for product compliance, staff recommends approval of the request with conditions.

RE: ABEYANCE - SDR-47230 - SITE DEVELOPMENT PLAN REVIEW PLANNING COMMISSION MEETING OF JANUARY 8, 2013

Dear Applicant:

Your request for a Site Development Plan Review FOR A PROPOSED 19-LOT SINGLE FAMILY RESIDENTIAL DEVELOPMENT AND A WAIVER TO ALLOW NO OPEN SPACE WHERE 5,736 SQUARE FEET IS REQUIRED on 5.15 acres adjacent to the north side of Farm Road, approximately 280 feet west of Grand Canyon Drive (APN 125-18-201-008), PD (Planned Development) Zone [L (Low Density Residential) Grand Teton Village Special Land Use Designation], Ward 6 (Ross), was considered by the Planning Commission on January 8, 2013.

The Planning Commission voted to ***APPROVE*** of your request, subject to the following:

Planning

1. Conformance to the Conditions of Approval for Rezoning (ZON-5488) shall be required.

2. Conformance to the requirements of the Grand Teton Village Master Development Plan and Design Standards.

3. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.

4. All development shall be in conformance with the site plan and landscape plan date stamped 12/05/12, and building elevations date stamped 10/22/12, except as amended by conditions herein.

5. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Department of Building and Safety.

City of Las Vegas
Dept. of Planning

TMP-48085

6. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.

7. The Tentative and Final Map shall indicate a pedestrian access easement for public use of the walkway through the open space area to Farm Road from the end of the proposed stub street.

8. The standards for this development shall include a minimum lot size of 7,800 square feet and building height shall not exceed two stories or 35 feet, whichever is less.

9. The setbacks for this development shall be a minimum of 12 feet to the front of the house, 18 feet to the front of the garage as measured from back of sidewalk or from back of curb if no sidewalk is provided, 5 feet on the side, 10 feet on the corner side, and 10 feet in the rear.

10. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time as Final Map submittal. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications. Installed landscaping shall not impede visibility of any traffic control device. The technical landscape plan shall include the following change from the conceptual landscape plan:

    A minimum of two (2) 15-gallon trees in the front yard of each lot shall be indicated on the landscape plan, in conformance with Section 5.4 of the Grand Teton Village Design Standards. These trees shall be installed at the time that the individual residences are constructed.

11. No turf shall be permitted in the non-recreational common areas, such as medians and amenity zones in this development.

12. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

13. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

14. Dedicate 40 feet of right-of-way adjacent to this site for Farm Road, 30 feet for Jensen Street, a 20-foot radius at the northeast corner of Farm Road and Jensen Street and an appropriate radius for the completion of the knuckle at the northwest corner of this site prior to the issuance of any permits.

15. Construct half-street improvements including appropriate overpaving (if legally able) on Farm Road and Jensen Street adjacent to this site concurrent with development of this site. Install all appurtenant underground facilities, if any, adjacent to this site needed for the future traffic signal system concurrent with development of this site. Extend all required underground utilities, such as electrical, telephone, etc., located within public rights-of-way, past the northern and western boundaries of this site prior to construction of hard surfacing (asphalt or concrete).

16. Provide a minimum of two lanes of paved, legal access to this site prior to occupancy of any "non-model" units within this development.

17. The private streets for this site must be granted as Public Utility Easements, Public Sewer Easements, and Public Drainage Easements to be Privately Maintained. All public sewer lines must be in a Public Sewer Easement. All Public Sewer Easements must meet the access criteria of the "Design and Construction Standards for Wastewater Collection Systems" Section 1.5.

18. Landscape and maintain all unimproved rights-of-way adjacent to this site. All landscaping and private improvements, installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

19. Grant Pedestrian Access Easements for all public sidewalk not located within the public right-of-way.

20. Meet with the Fire Protection Engineering Section of the Department of Fire Services to discuss fire requirements for the proposed use of this facility.

RECEIVED
JAN 22 2013
City of Las Vegas
Dept. of Planning

TMP-48085

21. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits, submittal of any construction drawings or the submittal of a Map subdividing this site, whichever may occur first. Provide and improve all drainageways recommended in the approved drainage plan/study. The developer of this site shall be responsible to construct such neighborhood or local drainage facility improvements as are recommended by the City of Las Vegas Neighborhood Drainage Studies and approved Drainage Plan/Study concurrent with development of this site.

22. Comply with all previous conditions of approval for ZON-5488 and all other subsequent site development review actions.

This action by the Planning Commission on **January 8, 2013** is final unless a written appeal is filed with the City Clerk within ten days of the date of the Planning Commission's decision as allowed by code or there is a review action filed by the City Council within the same time period. For additional information on appeals or review requests please access http://www.lasvegasnevada.gov/CheckStatus/DevelopmentApp.htm, or contact the Department of Planning and Development at 702.229.6301 after ***January 21, 2013***. No building permits or business licenses related to these items shall be issued prior to the expiration of the required ten day waiting period, or until any filed appeal is resolved pursuant to LVMC Title 19.18.

Re: Justification Letter for
Marble Canyon Estates, Tentative Map

Steve Swanton:

Impulse Civil Engineering represents D.R. Horton (the Applicant). We are respectfully requesting a Tentative Map for a proposed seventeen (17) lot single family residential development generally located on the northeast corner of Farm Road and Jensen Street, particularly known as APN: 125-18-201-008 (the Site). The Site is approximately 5.15 acres (gross) within the Grand Teton Village Special Area. This property was tentative mapped before with twenty one (21) 50-foot wide lots under SDR-5490 and WVR-6606. Most recently, SDR-47230 was approved at the January 8th, 2013 Planning Commission hearing.

Our proposal maintains the general configuration previously approved application except we are proposing seventeen (17) 64-foot wide lots. The required open space is 0.03 times the net area of the development (4.39 acres) which for this project would be 5,736 square feet. We are providing of all of the required open space (5,798.23 square feet) in the way of a 20-foot wide linear park along the entire southern edge of the property. Due to the size of the property, the size of the planned product, and the required density to make this a viable project, we feel this proposal is better than a small pocket park because there is an existing 8.68 acre park at the southeast corner of Hualapai Way and Gilcrease Avenue about one-half of a mile away. A small pocket park on this project site would not be big enough to be usable beyond minor uses. This request will allow us to provide larger back yards for each lot (up to 40-feet deep and 64-feet wide), which is almost half of the required open space for the entire project.

The south portion of the property is restricted to 3 dwelling units per acre (du/ac) which we are providing with 7 lots on 2.5± acres (2.8 du/ac). The northern portion of the site is restricted to 5.5 du/ac which we are providing with 10 lots on 2.5± acres (4.0 du/ac).

The existing ground slopes generally from west to east at 4%. In accordance with Title 18, a maximum retaining wall height of 6-feet is allowed which we do not exceed. In addition, Title 18 Section 18.12.510.A.1 requires "for each six feet of vertical wall height, a minimum of four-foot horizontal offset shall be provided". We are not providing retaining walls on the east side of the property.

RECEIVED
JAN 22 2013
City of Las Vegas
Dept. of Planning

TMP-48085

$$I = \int F \cdot dt$$

The perimeter walls proposed for this project will consist of smooth brown concrete masonry with split-faced on top of fluted as the top two courses which is consistent with the existing walls and the Grand Teton Master Plan. The western lots will be lower than Jensen Street while the eastern lots will be higher than the existing development to the east. While retaining walls could be utilized, we propose to mitigate the required wall heights by utilizing Type "B" grading on the western lots. The lot drainage will drain into a private drainage easement to be privately maintained and ultimately out to Farm Road. The worst case slope is 15% in the back yard which could easily be mitigated by creative landscape design.

This project will extend the 36" storm drain in Farm Road to our western boundary. Sewer and water are proposed in the proposed Marble Canyon Court. There are sewer and water stubs in Jensen Street and existing sewer and water mains in Farm Road. The existing sewer stub in Jensen Street does not need to be extended adjacent to our site because the parcel to the west is planned for a park and has sewer available in Farm Road. The existing water stub in Jensen Street is on the other side of the centerline so we are not proposing to extend it either. We are installing streets lights with this development on Farm Road, Jensen Street, and the internal site streets.

We thank you in advance for your time and consideration of this matter. Should you have any questions or concerns, please feel free to contact me.

Sincerely,
Impulse Civil Engineering

RE: ABEYANCE - SDR-47230 - SITE DEVELOPMENT PLAN REVIEW PLANNING COMMISSION MEETING OF JANUARY 8, 2013

Dear Applicant:

Your request for a Site Development Plan Review FOR A PROPOSED 19-LOT SINGLE FAMILY RESIDENTIAL DEVELOPMENT AND A WAIVER TO ALLOW NO OPEN SPACE WHERE 5,736 SQUARE FEET IS REQUIRED on 5.15 acres adjacent to the north side of Farm Road, approximately 280 feet west of Grand Canyon Drive (APN 125-18-201-008), PD (Planned Development) Zone [L (Low Density Residential) Grand Teton Village Special Land Use Designation], Ward 6 (Ross), was considered by the Planning Commission on January 8, 2013.

The Planning Commission voted to ***APPROVE*** of your request, subject to the following:

Planning

1. Conformance to the Conditions of Approval for Rezoning (ZON-5488) shall be required.

2. Conformance to the requirements of the Grand Teton Village Master Development Plan and Design Standards.

3. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.

4. All development shall be in conformance with the site plan and landscape plan date stamped 12/05/12, and building elevations date stamped 10/22/12, except as amended by conditions herein.

5. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Department of Building and Safety.

Public Works

14. Dedicate 40 feet of right-of-way adjacent to this site for Farm Road, 30 feet for Jensen Street, a 20-foot radius at the northeast corner of Farm Road and Jensen Street and an appropriate radius for the completion of the knuckle at the northwest corner of this site prior to the issuance of any permits.

15. Construct half-street improvements including appropriate overpaving (if legally able) on Farm Road and Jensen Street adjacent to this site concurrent with development of this site. Install all appurtenant underground facilities, if any, adjacent to this site needed for the future traffic signal system concurrent with development of this site. Extend all required underground utilities, such as electrical, telephone, etc., located within public rights-of-way, past the northern and western boundaries of this site prior to construction of hard surfacing (asphalt or concrete).

16. Provide a minimum of two lanes of paved, legal access to this site prior to occupancy of any "non-model" units within this development.

17. The private streets for this site must be granted as Public Utility Easements, Public Sewer Easements, and Public Drainage Easements to be Privately Maintained. All public sewer lines must be in a Public Sewer Easement. All Public Sewer Easements must meet the access criteria of the "Design and Construction Standards for Wastewater Collection Systems" Section 1.5.

18. Landscape and maintain all unimproved rights-of-way adjacent to this site. All landscaping and private improvements, installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

19. Grant Pedestrian Access Easements for all public sidewalk not located within the public right-of-way.

20. Meet with the Fire Protection Engineering Section of the Department of Fire Services to discuss fire requirements for the proposed use of this facility.

TMP-48085

21. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits, submittal of any construction drawings or the submittal of a Map subdividing this site, whichever may occur first. Provide and improve all drainageways recommended in the approved drainage plan/study. The developer of this site shall be responsible to construct such neighborhood or local drainage facility improvements as are recommended by the City of Las Vegas Neighborhood Drainage Studies and approved Drainage Plan/Study concurrent with development of this site.

22. Comply with all previous conditions of approval for ZON-5488 and all other subsequent site development review actions.

This action by the Planning Commission on **January 8, 2013** is final unless a written appeal is filed with the City Clerk within ten days of the date of the Planning Commission's decision as allowed by code or there is a review action filed by the City Council within the same time period. For additional information on appeals or review requests please access http://www.lasvegasnevada.gov/CheckStatus/DevelopmentApp.htm, or contact the Department of Planning and Development at 702.229.6301 after ***January 21, 2013***. No building permits or business licenses related to these items shall be issued prior to the expiration of the required ten day waiting period, or until any filed appeal is resolved pursuant to LVMC Title 19.18.

Sincerely,

Steve Gebeke, AICP

SUP-48149 CONDITIONS

Planning

1. Conformance to all Minimum Requirements under LVMC Title 19.12 for a Beer/Wine/Cooler On-Sale Establishment use.

2. Prior to issuance of a business license for the proposed use, the address of the subject tenant space shall match that of the building permit for a tenant improvement.

3. Approval of this Special Use Permit does not constitute approval of a liquor license.

4. This business shall operate in conformance to Chapter 6.50 of the City of Las Vegas Municipal Code.

5. Conformance to the approved conditions for Rezoning (Z-0017-90) and Site Development Plan Review [Z-0017-90(22)].

6. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.

7. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Department of Building and Safety.

8. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.

9. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

** STAFF REPORT **

PROJECT DESCRIPTION

The applicant is requesting to serve beer, wine and wine coolers with meals at a proposed 2,664 square-foot restaurant within an established Shopping Center at the southeast corner of Charleston Boulevard and Hualapai Way. The proposed use meets all applicable Title 19 requirements, and can be conducted in a manner that is harmonious and compatible with the other uses in the shopping center and on adjacent properties. Staff therefore recommends approval with conditions. If denied, the restaurant may continue, but no alcohol may be served to restaurant patrons.

ISSUES

- A Beer/Wine/Cooler On-Sale Establishment is a permitted use in the C-1 (Limited Commercial) zoning district with the approval of a Special Use Permit.
- The current posted address of the subject suite does not match the address of the tenant improvement for which a building permit has been issued. A condition of approval addresses this issue.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
11/24/97	The City Council approved a Site Development Plan Review [Z-0017-90(22)] for a proposed 109,195 square-foot shopping center on 11.40 acres at the southeast corner of Charleston Boulevard and Hualapai Way. The Planning Commission and staff recommended approval.
12/08/97	The City Council approved a request for a Special Use Permit (U-0101-97) for a proposed Liquor Establishment (Tavern) in conjunction with a proposed 109,195 square-foot shopping center at the southeast corner of Charleston Boulevard and Hualapai Way. The Planning Commission and staff recommended approval.
01/14/99	The Planning Commission approved a Site Development Plan Review [Z-0017-90(29)] for Phase 2 of the proposed shopping center at the southeast corner of Charleston Boulevard and Hualapai Way, containing 236,237 square feet on 16.46 acres. Staff recommended approval.
11/04/99	A four-lot Parcel Map (PM-0026-99) at the southeast corner of Charleston Boulevard and Hualapai Way was recorded.

Related Relevant City Actions by P&D, Fire, Bldg., etc	
06/14/11	The Planning Commission approved a request for a Special Use Permit for a proposed 3,840 square-foot Supper Club with 2,744 square feet of outdoor dining area at 9785 West Charleston Boulevard. Staff recommended approval.
09/13/11	The Planning Commission approved a Tentative Map (TMP-42673) for a one-lot commercial subdivision on 24.96 acres at the southeast corner of Charleston Boulevard and Hualapai Way. Staff recommended approval.
11/21/12	A Final Map (FMP-43761) was recorded for a one-lot commercial subdivision on 24.95 acres at the southeast corner of Charleston Boulevard and Hualapai Way.

Most Recent Change of Ownership	
06/22/07	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses	
10/15/98	A building permit (#98020666) was issued for a retail building shell at 9921 West Charleston Boulevard. A final inspection was approved 04/13/99.
01/18/00	A building permit (#00000913) was issued for a tenant improvement for a general retail store at 9921 West Charleston Boulevard, Suite #1, which included the subject location. A final inspection was approved 03/08/00.
01/16/13	A building permit (227156) was issued for a tenant improvement for a restaurant at 9921 West Charleston Boulevard, Suite #6. A final inspection has not been completed.
02/14/13	Application was made for a business license (L09-93655) for a Beer/Wine/Cooler On-Sale Establishment at 9921 West Charleston Boulevard, Suite #6. The license has not been issued and is pending approval of the Special Use Permit.
	Application was made for a business license (R09-93656) for a 72-seat restaurant at 9921 West Charleston Boulevard, Suite #6. The license has not yet been issued.

Pre-Application Meeting	
01/15/13	A pre-application meeting was held with the applicant to discuss submittal requirements for a Special Use Permit for on-premise beer sales within a proposed restaurant. It was noted that the building permit in for review for a tenant improvement in the subject location had the same suite number as an existing business. Business licensing reminded the applicant that a minimum of 30 seats must be available for the license to be issued.

Neighborhood Meeting
A neighborhood meeting is not required, nor was one held.

Field Check	
01/31/13	The site is located on the west side of an existing Shopping Center within a multitenant building. It was noted that the address of the tenant space was Suite #4.

TOTAL SPACES REQUIRED			1,048		1,203		Y
Regular and Handicap Spaces Required			1,027	21	1,166	37	Y

ANALYSIS

The subject site is located within the Peccole Ranch Master Plan Area; however, it is not subject to any additional zoning requirements beyond those contained within Title 19.08 for the C-1 (Limited Commercial) District.

The Beer/Wine/Cooler On-Sale Establishment use is defined as "An establishment whose license to sell alcoholic beverages is limited to the sale of beer, wine and coolers for consumption only in connection with a meal on the premises where the same is sold, and is operated in connection with a restaurant in which 30 or more people may be served with meals at any one time at tables or stools." The proposed use meets the definition, as the restaurant may seat up to 72 persons and only beer, wine and coolers will be served with meals in the restaurant. The floor plan indicates that seating will be accommodated by nine large tables with bench seating for four persons on each side. If the requested Special Use Permit is approved, alcoholic drinks may only be served in conformance with Title 6.50 requirements in addition to the Title 19.12 use requirements listed below.

The Minimum Special Use Permit Requirements for this use include:

1. Except as otherwise provided, no beer/wine/cooler on-sale establishment (hereinafter establishment") shall be located within 400 feet of any church, synagogue, school, child care facility licensed for more than 12 children, or City park.

   The proposed use meets this requirement, as there are no houses of worship, schools, Individual Care Centers or City parks within 400 feet of the subject property. A private school is located 408 feet from the property line of the subject property.

2. Except as otherwise provided in Requirement 3 below, the distances referred to in Requirement 1 shall be determined with reference to the shortest distance between two property lines, one being the property line of the proposed establishment which is closest to the existing use to which the measurement pertains, and the other being the property line of that existing use which is closest to the proposed establishment. The distance shall be measured in a straight line without regard to intervening obstacles. For purposes of measurement, the term "property line" refers to property lines of fee interest parcels and does not include the property line of:
   a. Any leasehold parcel; or
   b. Any parcel which lacks access to a public street or has no area for on site parking and which has been created so as to avoid the distance limitation described in Requirement 1.

   The proposed use meets this requirement, as the subject fee simple parcel has direct access to both Charleston Boulevard and Hualapai Way. The site was recently remapped to exclude the flood channel and greenbelt area to the south that separates the commercial center from single family dwellings. However, the greenbelt area had already been mapped as a separate lot and would not have affected calculation of distance separation as stipulated by Requirement 2.

3. In the case of an establishment proposed to be located on a parcel of at least 80 acres in size, the minimum distances referred to in Requirement 1 shall be measured in a straight line:
   a. From the nearest property line of the existing use to the nearest portion of the structure in which the establishment will be located, without regard to intervening obstacles; or
   b. In the case of a proposed establishment which will be located within a shopping center or other multiple tenant structure, from the nearest property line of the existing use to the nearest property line of a leasehold or occupancy parcel in which the establishment will be located, without regard to intervening obstacles.

   This requirement does not apply to the proposed use, as the existing Shopping Center property in which it is proposed is less than 80 acres in size.

4. When considering a Special Use Permit application for an establishment which also requires a waiver of the distance limitation in Requirement 1, the Planning Commission shall take into consideration the distance policy and shall, as part of its recommendation to the City Council, state whether the distance requirement should be waived and the reasons in support of the decision.

   This requirement does not apply to the proposed use, as no distance separation waiver is necessary.

5. The minimum distance requirements in Requirement 1 do not apply to:
   a. An establishment which has a nonrestricted gaming license in connection with a hotel having 200 or more guest rooms on or before July 1, 1992 or in connection with a resort hotel having in excess of 200 guest rooms after July 1, 1992; or
   b. A proposed establishment having more than 50,000 square feet of retail floor space.

   Neither condition applies to the proposed use.

6. All businesses which sell alcoholic beverages shall conform to the provisions of LVMC Chapter 6.50 [Non-Waivable].

The proposed use meets this requirement, as beer, wine and wine coolers would be served to patrons by employees of the establishment only where meals would be served in the restaurant area. A standard condition of approval requires conformance to this section of the code.

The proposed use would be located within a proposed 2,664 square-foot restaurant that is within an established Shopping Center equipped to handle commercial uses of various intensities. The Shopping Center contains several similar uses that have operated harmoniously with each other and with uses on surrounding properties.

Pursuant to Title 19.16.010, the Special Use Permit request has been deemed a "Project of Regional Significance." An assessment of potential impacts this use may have to area utilities and services and to jurisdictions outside the boundary of the City of Las Vegas was sent to various agencies for review. No comments were received.

As the use can be conducted in a manner that is harmonious and compatible with surrounding uses and all minimum Title 19 requirements are met by the use, staff recommends approval with conditions.

FINDINGS (SUP-48149)

In order to approve a Special Use Permit application, per Title 19.16.110(L) the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed Beer/Wine/Cooler On-Sale Establishment will be part of a restaurant in an established multitenant building with various uses that are compatible. The existing Shopping Center is buffered from single family residential uses by a Primary Arterial on the north and a flood channel/recreational path on the south.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The proposed use will be located within a Shopping Center that contains uses of similar intensity, all of which are permitted uses in the C-1 (Limited Commercial) zoning district. Sufficient parking is available throughout the site for use by patrons of the proposed establishment.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Charleston Boulevard and Hualapai Way, both 100-foot Primary Arterials as classified by the Master Plan of Streets and Highways Map, provide multiple access points to the property.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   The proposed Beer/Wine/Cooler On-Sale Establishment will be subject to licensing and regular inspection and thus will not compromise the public health, safety and general welfare.

5. **The use meets all of the applicable conditions per Title 19.12.**

   All minimum distance separation requirements and licensing requirements listed in Title 19.12 are satisfied by the proposal.

1. DO NOT SCALE DRAWINGS. VERIFY ALL LOCATIONS OF ALL EQUIPMENT, DEVICES, FIXTURES, ETC., IF DIMENSIONS ARE NOT ON PLAN. ADDITIONALLY, EVERY OUTLET HEIGHT SHALL BE VERIFIED ON EACH WALL IF NOT STATED ON ELECTRICAL PLAN. ALL SYMBOLS OR NOTES ARE NOT NECESSARILY USED IN THIS PROJECT.

2. WATER RESISTANT GYPSUM BOARD IS REQUIRED AROUND TOILETS, SINKS, AND WATER PRODUCING AREAS PER IBC 2509.2

3. IT IS THE INTENT OF THESE DRAWINGS TO ESTABLISH A STANDARD OF QUALITY. ALL WORK SHALL BE PERFORMED IN A WORKMAN LIKE MANNER IN ACCORDANCE WITH ALL APPLICABLE CODES. ALL WORK MATERIALS AND EQUIPMENT SHALL CONFORM TO THE LATEST EDITIONS OF ALL APPLICABLE CODES AND ORDINANCES.

4. ALL SYSTEMS SHALL BE TESTED FOR PROPER OPERATION. IF TESTS SHOW THAT WORK IS DEFECTIVE, CONTRACTOR SHALL MAKE ALL NECESSARY CORRECTIONS AT NO ADDITIONAL COSTS TO THE OWNER/TENANT(S).

5. CONTRACTOR SHALL VISIT JOB SITE PRIOR TO BID AND VERIFY EXISTING CONDITIONS AND INCLUDE IN BASE BID ALL COSTS REQUIRED FOR BUILDING PERMITS AND INSPECTIONS. OWNER TO PROVIDE AND PAY FOR ALL HEALTH DISTRICT & UTILITY CONNECTIONS FEES AND DEPOSITS, AND NV ENERGY COST FOR WORK DONE FROM THE MAIN GEAR TO POWER POLE (THESE COSTS WILL BE ESTIMATED AT TIME OF NV ENERGY PLAN APPROVAL, IF REQUIRED)

6. CONTRACTOR WILL BE RESPONSIBLE FOR ALL DEMOLITION AND REMOVAL OF ALL CONSTRUCTION DEBRIS, AS WELL AS, DAILY CLEAN-UP REQUIREMENTS. INCLUDE ALL COSTS FOR DUST CONTROL, TRASH BOX, AND BARRIERS AS REQUIRED FOR THE DURATION OF THE PROJECT. PERFORM ALL WORK PER PLAN.

7. CONTRACTOR SHALL GUARANTEE ALL WORK AGAINST DEFECTS IN MATERIALS PROVIDED BY CONTRACTOR AND WORKMANSHIP WHICH MAY OCCUR UNDER NORMAL USE FOR A PERIOD OF ONE YEAR AFTER OWNERS ACCEPTANCE. ALL DEFECTS SHALL BE PROMPTLY CORRECTED BY CONTRACTOR WITHOUT ADDITIONAL CHARGE TO OWNER.

8. AT BUILDING FINAL & PRIOR TO COMPLETION, CONTRACTOR SHALL SWEEP AND WASH ALL STAGING AREAS, ETC., TO REMOVE ALL CONSTRUCTION DEBRIS AND PRESSURE CLEAN ALL SIDEWALKS IN FRONT OF BUILDING.

9. GENERAL CONTRACTOR SHALL INCLUDE IN BASE BID ALL COSTS TO PROVIDE A CERTIFICATE OF GENERAL LIABILITY INSURANCE. AT OWNERS REQUEST AND TO BE PAID FOR BY OWNER, CONTRACTOR IS TO SECURE A BUILDERS RISK INSURANCE POLICY COVERING THE FULL VALUE OF THE PROJECT AND BETTERMENT'S (AMOUNT OF CONSTRUCTION CONTRACT) NAMING THE OWNER AS ADD INSURED.

10. ALL DIMENSIONS ARE TO FACE OF STUDS – UNLESS NOTED OTHERWISE. CLEAR DIMENSIONS ARE TO FACE OF FINISH.

11. CONTRACTOR SHALL CHECK AND VERIFY SIZE AND LOCATION OF MECHANICAL & ELECTRICAL DEVICES & OPENINGS AND PLUMBING RUNS BEFORE FRAMING WALLS, ROOFS, ETC.

12. CONTRACTOR SHALL CHECK AND VERIFY LOCATION OF TELEPHONE BOARD, ELECTRICAL PANELS, ETC. PROVIDE BLOCKING IN WALL AND SUPPORT. PROVIDE WALL BACKING AND SUPPORT IN WALLS AND CEILING FOR ALL WALL HUNG AND CEILING MOUNTED, FURNITURE EQUIPMENT, FIXTURES, ACCESSORIES AND CASEWORK COORDINATE OWNER FURNISHED ITEMS WITH OWNER.

13. COORDINATE DOOR AND FRAME FINISH WITH BUILDING OWNER. DOOR HARDWARE, CONTRACTOR GRADE OR BETTER. PROVIDE PANIC HARDWARE AS REQUIRED BY CODE. COORDINATE ALL KEYING REQUIREMENTS WITH BUILDING OWNER. ALL DOORS IN MEANS OF EGRESS SYSTEM TO BE OPENABLE FROM THE INSIDE WITHOUT USE OF KEY OR SPECIAL KNOWLEDGE OR EFFORT. THE MAXIMUM EFFORT TO OPERATE DOORS CANNOT EXCEED 8.5 POUNDS FOR EXTERIOR DOORS AND 5.0 POUNDS FOR INTERIOR DOORS. THE BOTTOM 10" ON THE PUSH SIDE OF THE DOOR SHALL HAVE A SMOOTH, UNINTERRUPTED SURFACE THAT ALLOWS THE DOOR TO BE OPENED BY A WHEEL CHAIR FOOTREST WITHOUT CREATING TRAP OR HAZARDOUS CONDITIONS. DOOR TO RESTROOM TO BE 34" CLEAR PER A.N.S.I. STANDARDS – FIELD VERIFY AND REPLACE IF NECESSARY. ALL SURFACE MOUNTED CLOSER/HINGES FOR THE EXTERIOR DOORS SHALL BE INSTALLED ON THE INSIDE OF THE BUILDING TYPICAL 1/4" DOOR UNDERCUT, UNLESS NOTED OTHERWISE. (UNDERCUT AT LABELED DOORS SHALL CONFORM TO THE STATE FIRE MARSHAL REQUIREMENTS).

14. SEE EQUIPMENT SCHEDULE FOR INFORMATION ON EQUIPMENT CALLED OUT ON PLANS.

15. ANSI SEC. 902 SEATING AT TABLES, COUNTERS, AND WORK SURFACES: 902.1 GENERAL, ACCESSIBLE SEATING AT FIXED TABLES, COUNTERS, AND WORK SURFACES, SHALL COMPLY WITH SECTIONS 902, 902.2.

902.3 HEIGHT: THE TOPS OF TABLES, COUNTERS, AND WORK SURFACES SHALL BE 28" MIN. AND 34" MAX. FROM THE FLOOR OR THE GROUND

CLEAR FLOOR OR GROUND SPACE: CLEAR FLOOR OR GROUND SPACE SHALL COMPLY WITH SEC. 305 KNEE AND TOE CLEARANCE COMPLYING WITH SECTION 306 SHALL BE PROVIDED.

16. RESTROOM NOTES:
a. FIXTURES, FINISHES & COLORS TO BE SELECTED BY OWNER
b. TOILETS AND URINALS TO BE AMERICAN STANDARD WITH SLOAN AUTO FLUSH VALVES
c. SLOAN AUTOMATIC FAUCET AT LAV
d. HAND DRYER TO BE BOBRICK – 115V, 16 AMPS
e. SWITCH FOR LIGHT FIXTURE AT NEW MENS ROOM TO HAVE MOTION SENSOR.
f. DOOR AT RESTROOMS TO HAVE KICK PLATE AT PUSH SIDE.
g. TOWEL, SOAP DISPENSER TO BE SELECTED BY OWNER.

INTERIOR FINISHES

1. UNLESS NOTED OTHERWISE, ALL SELECTIONS AND SPECIFICATIONS FOR FINISH MATERIALS TO BE BY OWNER.

2. WALL BEHIND HOOD IN KITCHEN TO BE STAINLESS STEEL. ALL OTHER KITCHEN WALLS TO BE WHITE SUBWAY STYLE CERAMIC TILE. FLOOR IN KITCHEN TO BE QUARRY TILE.

3. RESTROOMS TO HAVE 48" HIGH CERAMIC TILE WAINSCOT AND CERAMIC TILE FLOOR, ALL 2 X 2 TILE.

4. FLOOR IN DINING ROOM TO BE CERAMIC TILE. WALLS AT DINING AND BAR AREAS TO HAVE 48" CERAMIC TILE WAINSCOT WITH WOOD CHAIR RAIL AT TOP.

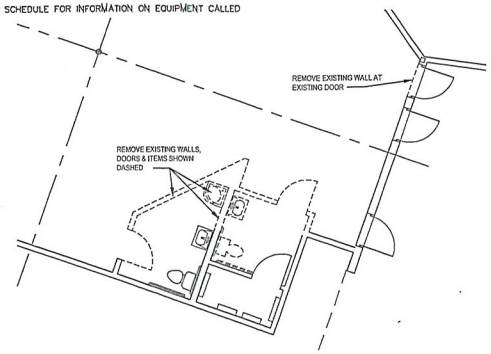

5. ALL FLOOR MATERIALS TO BE SLIP RESISTANT AND MEET OR EXCEED THE CODE REQUIREMENT FOR COEFFICIENT OF FRICTION.

6. EXPOSED STRUCTURE AND DUCTS TO BE PAINTED FLAT BLACK.

7. COUNTERTOPS TO BE SOLID OAK. VERIFY CASEWORK SPECIFICATIONS WITH OWNER.

8. WALLS TO BE PAINTED GYPSUM BOARD OR WALL PAPER ON GYPSUM BOARD AS DIRECTED BY OWNER. ALL GYP BOARD CEILINGS AND AND EXPOSED STRUCTURE TO BE PAINTED.

9. SHELVING WILL INCLUDE SOLID OAK BOTTLE DISPLAY SHELVES AND A 3 STEP OAK UNIT AT THE BACK BAR.

Re: Application for Special Use Permit for a Beer/Wine/Cooler On-Sale Establishment Use

Applicant: **Gallagher and Associates, LLC**
APN: **163-06-111-008**
Business/Address: **9921 W. Charleston Ave., Suite #6**
Las Vegas, NV 89117

Dear Sir/Madam:

This firm represents Gallagher and Associates, LLC (the "Applicant") with respect to liquor licensing matters in Nevada. Enclosed, please find a Special Use Permit Application (the "Application") to allow the sale of beer, wine and coolers for on premises consumption at the above-referenced business location (the "Premises").

The Applicant proposes to open a restaurant known as "Posh Burger Bistro" (the "Business") within the tenant space at the Hualapai Commons Shopping Center (the "Shopping Center") located at the Southeast Corner of Charleston and Hualapi. The Premises contains a total lease area of 2,664 square feet and provides occupancy for 120 persons. The Business will provide table seating for up to 72 customers. Please note that alcohol service will be provided to customers by servers and the Business will not include self-service of alcohol products. The Applicant is committed to ensuring compliance with all local and State laws regarding the sale of alcoholic beverages for on-premises consumption.

The introduction of on-sale beer, wine and coolers at the Business will not affect the environment or character of the immediate community, nor will it have a detrimental impact on adjacent properties or other tenants located within the Shopping Center. No additional public services, utilities or parking accommodations will be necessary to accommodate the proposed use at the Business within the Shopping Center. There is adequate employee and customer parking available and the site provides adequate pedestrian and vehicle ingress/egress to and from the

SUP-48149

Shopping Center from Hualapai and Charleston. The Business currently anticipates operating 7 days a week, from 11:00 AM until 11:00 PM, and will employ approximately 10-15 employees.

Please note that a waiver of the 400 foot distance separation requirement between the Premises and Faith Lutheran School (the "School") is not required. Final Map #FMP-43761, recorded on November 21, 2012, reduced the size of the shopping center parcel and thereby increased the distance between the Premises and the School to approximately 406 feet. As such, a waiver is not required.

In the event you have any questions with regard to the foregoing, please do not hesitate to contact us. Thank you.

Very truly yours,

KOLESAR & LEATHAM

SUP-48167 CONDITIONS

Planning

1. Conformance to the approved conditions for Site Development Plan Reviews (SDR-3764 and all subsequent site-related actions, and SDR-47027).

2. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Department of Building and Safety.

4. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.

5. Approval of this Special Use Permit does not constitute approval of a liquor license.

6. This business shall operate in conformance to Chapter 6.50 of the City of Las Vegas Municipal Code.

7. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

** STAFF REPORT **

PROJECT DESCRIPTION

The applicant proposes Beer Sales and Wine Sales within a proposed 2,490 square-foot restaurant in the Montecito Town Center area. The use includes an outdoor patio on the north side of the existing building. This request can be conducted in a compatible and harmonious manner with the surrounding land uses; therefore, staff recommends approval, with conditions. If the application is denied

ISSUES

- Beer Sales and Wine Sales are permitted uses in Montecito Town Center with the approval of a Special Use Permit. There are no minimum conditions for the use in Montecito Town Center, including distance separation requirements. However, the City Council may consider the concentration and spacing of on- and off-premise alcohol sales and/or restricted gaming uses as part of its deliberation of the Special Use Permit.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
12/07/98	The City Council approved a Rezoning (Z-0076-98) to T-C (Town Center) of a 1,468-acre portion of the Northwest, including the east 40-acre portion of the overall subject site. The Planning Commission and staff recommended approval.
03/06/02	The City Council approved a Development Agreement (DA-0002-01) for the Montecito Shopping Center. The Planning Commission and staff recommended approval. The agreement was recorded on 05/01/02.
12/19/02	The Planning Commission approved a request for a Tentative Map (TMP-1244) for a three-lot commercial subdivision on 80 acres on the east side of the El Capitan Way alignment (Durango Drive) between Elkhorn Road and Deer Springs Way. Staff recommended approval.
12/11/03	A Final Map (FMP-2819) for a three-lot commercial subdivision was recorded adjacent to the southeast corner of Elkhorn Road and Durango Drive.

Related Relevant City Actions by P&D, Fire, Bldg., etc	
04/07/04	The City Council approved a Site Development Plan Review (SDR-3764) related to a Major Modification of the Montecito Town Center Development Agreement (MOD-3763) and Rezoning (ZON-3840) for a proposed 587,750 square-foot mixed-use commercial development on 45.6 acres in Montecito Town Center, adjacent to the southeast corner of Elkhorn Road and Durango Drive. Additionally, the following Special Use Permits were also approved: (SUP-3765) for liquor sales on Pad A, (SUP-3767) for gaming (incidental) on Pad A, (SUP-3769) for a drive-through facility on Pad A, (SUP-3770) for a drive-through facility on Pad O, (SDR-3771) for a tavern on Pad P, (SUP-3773) for gaming (incidental) on Pad P, (SDR-3764) for gasoline sales on Pad Q, (SUP-3776) for a car wash on Pad Q, (SUP-3777) for gaming (incidental) on Pad Q, (SUP-3778) for liquor sales on Pad Q, (SUP-3779) for a tavern on Pad Z, (SUP-3780) for gaming (incidental) on Pad Z, (SUP-3781) for a drive-through on Pad F, (SUP-3783) for liquor sales on Pad HH, (SUP-3785) for gaming (incidental) on Pad HH, (SUP-3786) for a drive-through facility on Pad HH, (SUP-3788) for a drive-through facility on DD, and (SUP-3789) for a drive-through facility on EE. The Planning Commission and staff recommended approval.
02/16/05	The City Council approved a Site Development Plan Review (SDR-5731) for a 380,000 square foot development that includes the subject site. The Planning Commission and staff recommended approval.
07/25/05	Planning and Development Department staff administratively approved a Minor Amendment to the approved Site Development Plan Review (SDR-5731) that changed the parking layout of Building F and added five parking spaces.
04/19/06	The City Council approved a Site Development Plan Review (SDR-11702) request for a Major Amendment to an approved Site Development Plan Review (SDR-5731) to allow the modification of pads G, I through O, R, U, and V on 21.48 acres at the southeast corner of Durango Drive and Elkhorn Road and a companion Variance (VAR-11710) to allow 1,032 parking spaces where 1,209 spaces is the minimum required for Phases I and II of the Montecito Marketplace commercial development. The Planning Commission recommended approval; staff recommended denial.
06/07/06	The City Council approved a Special Use Permit (SUP-12595) for a Beer/Wine/Cooler On-Sale Establishment at 7160 North Durango Drive, Suites #130-150. The Planning Commission and staff recommended approval.
12/06/06	The City Council approved a Special Use Permit (SUP-16948) for a Supper Club and a waiver of the 400-foot distance separation requirement from a City park at 7070 North Durango Drive. The Planning Commission and staff recommended approval.

Related Relevant City Actions by P&D, Fire, Bldg., etc	
10/11/11	The Planning Commission approved a Special Use Permit (SUP-42974) for a Beer/Wine/Cooler On-Sale Establishment within a proposed 6,371 square-foot restaurant at 7070 North Durango Drive. Staff recommended approval.
11/01/12	Department of Planning staff approved a Minor Site Development Plan Review (SDR-47027) for a proposed 320 square-foot covered patio for a proposed 2,460 square-foot restaurant at 7010 North Durango Drive, Suite #140.

Most Recent Change of Ownership	
09/07/11	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses	
07/13/06	A building permit (#06004606) was issued for a retail shell building (Pad T) at 7010 North Durango Drive. A final inspection was approved 06/01/07.
10/02/07	A building permit (95359) was issued for a tenant improvement for certificate of occupancy for an office use at 7010 North Durango Drive, Suite #140. A final inspection was approved 12/06/07.
07/22/08	A business license was issued for a Tutoring Center at 7010 North Durango Drive, Suite #140. The license was marked out of business on 07/16/12.
09/17/12	Application was made (219909) for a building permit to change the occupancy of the subject tenant space (at 7010 North Durango Drive, Suite #140) from office to restaurant. A permit has not yet been issued.

Pre-Application Meeting	
01/07/13	A pre-application meeting was held with the applicant to discuss submittal requirements for a Special Use Permit for a Beer/Wine/Cooler On-Sale Establishment. Staff originally required a waiver to be requested along with the Special Use Permit, due to the proximity of the commercial subdivision to a City park; however, Montecito Town Center does not mandate distance separation requirements for alcoholic beverage uses and the park is separated from the use by the Town Center Loop Road and medical office and the waiver was not needed.

Neighborhood Meeting
A neighborhood meeting is not required; however, the applicant is planning to conduct a voluntary meeting. No notice of the meeting has been provided to staff.

Field Check	
01/31/13	The proposed location of the use is located in a well maintained multitenant building within an existing shopping center. The address of the use was verified as Suite #140.

ANALYSIS

The subject site is located within the Montecito Town Center area of the Centennial Hills Town Center master planned area. The Montecito Town Center was developed as a multi-use urban environment for larger mixed-use projects within Centennial Hills Town Center. The Montecito Town Center Land Use and Design Standards apply within its boundaries. Where this document is silent, the Town Center Development Standards apply. Where the Town Center Development Standards are silent, Title 19 then applies. The UC-TC (Urban Cener Mixed Use – Town Center) designation allows for a mix of land uses including multi-family, commercial, cultural, recreational and meeting facilities that provide most of the daily support services and activities for the area. The proposed use conforms to the intent of this designation.

The Town Center Parkway Town Center Loop Trails were constructed as part of the roadway improvements adjacent to the subject site.

The Beer Sales and Wine Sales uses in Montecito Town Center are defined in Title 19 under the Beer/Wine/Cooler On-Sale Establishment heading, which is described as "An establishment whose license to sell alcoholic beverages is limited to the sale of beer, wine and coolers for consumption only in connection with a meal on the premises where the same is sold, and is operated in connection with a restaurant in which 30 or more people may be served with meals at any one time at tables or stools." The proposed use meets the definition, as the subject tenant space is being remodeled for a restaurant in which about 800 square feet of indoor floor area and 300 square feet of outdoor patio area is available to accommodate the requisite number of patrons.

There are no minimum Special Use Permit Requirements for this use within Montecito Town Center. Had this project been elsewhere within the Town Center, it would have been subject to Title 19.12 distance separation requirements. However, the City Council (or Planning Commission) may consider the concentration of alcohol and gaming uses within this area as part of its deliberation of the Special Use Permit. As with any establishment proposing to serve alcohol, the business must operate in conformance with Title 6.50.

As the proposed use will be located within an established shopping center with similar existing uses, meets the definition of the proposed use and is in conformance with the Montecito Town Center Standards, staff recommends approval.

FINDINGS (SUP-48167)

In order to approve a Special Use Permit application, per Title 19.16.110(L) the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed Beer Sales and Wine Sales uses will be located within an established shopping center with similar existing uses adjacent. The proposed use would be located 950 feet away from an existing City park and separated from the park by the Town Center Loop Road.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The proposed use will be located within a Shopping Center that contains uses of similar intensity, all of which are permitted uses in Montecito Town Center. Sufficient parking is available throughout the site for use by patrons of the proposed establishment.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Durango Drive and Grand Montecito Parkway both contain adequate capacity to serve the requirements of the proposed Beer and Wine Sales uses.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   The proposed Beer Sales and Wine Sales will be subject to licensing and regular inspection and thus will not compromise the public health, safety and general welfare.

5. **The use meets all of the applicable conditions per Title 19.12.**

   There are no minimum Special Use Permit Requirements for this use within Montecito Town Center.

Re: Special Use Permit for Beer/Wine/Cooler On-Sale Establishment
7010 N. Durango, Suite 140 Las Vegas, NV 89149

JUSTIFICATION LETTER

Rachel's Kitchen Restaurants have three existing locations. One on Hualapai Way, and one at The District in Green Valley, and a third location at 9691 Trailwood Dr. There is a fourth location opening soon at The Ogden downtown. This location at 7010 N. Durango will be the 5th location in the area. The space is within the existing Montecito Marketplace Phase II in a unit of 2490 square feet.

Other restaurants in the Montecito Marketplace serve beer and wine, as does the Rachel's Kitchen at The District. Therefore, this offering should be consistent with the expectations of customers in at the Marketplace as well as the Rachel's Kitchen menu. The sale of beer and wine has been approved by the landlord, NP/I&G Montecito Marketplace Phase II, LLC.

Respectfully,

Kent J. Asaki
Owner, Asaki Restaurant Two, LLC

Planning

1. Conformance to all Minimum Requirements under Town Center Development Standards Manual, Section B.4.B for a Secondhand Dealer use.

2. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Department of Building and Safety.

4. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.

5. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

** STAFF REPORT **

PROJECT DESCRIPTION

The applicant proposes to relocate a 13,761 square-foot Secondhand Dealer (Home Consignment) use currently located at 5760 Centennial Center Boulevard, to 5643 Centennial Center Boulevard, Suite #110. The new 11,000 square-foot location will continue to resell home furnishings from a 397,244 square-foot Shopping Center south of its current location. The proposed use is compatible with the surrounding area and meets the minimum Special Use Permit requirements for a Secondhand Dealer use, set listed in the Town Center Development Standards Manual. Therefore, staff recommends approval of this request with conditions.

ISSUES

- A Secondhand Dealer (Home Consignment) use is permitted in the SC-TC (Service Commercial- Town Center) land use district with the approval of a Special Use Permit.
- The applicant currently operates a Secondhand Dealer in the Shopping Center on a separate parcel just north of Centennial Center Boulevard.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
12/07/98	The City Council approved a Rezoning (Z-0076-98) to T-C (Town Center) of a 1,468-acre portion of the Northwest.
11/07/01	The City Council approved the Town Center Development Standards Manual through Bill No. 2001-100.
06/03/03	The Centennial Hills Architectural Review Committee approved a Master Sign Plan (CHR-0009-03) at the Centennial Gateway commercial development at the northwest corner of U.S. 95 and Ann Road. Staff recommended approval.
06/12/03	The Planning Commission approved a request for a Tentative Map (TMP-2202) for a 2-lot commercial subdivision on 36.5 acres adjacent to the northeast and northwest corner of Ann Road and Centennial Center Boulevard. Staff recommended approval.
05/16/07	The City Council approved Bill No. 2007-17 amending the Town Center Development Standards Manual with respect to Secondhand Dealer establishments.

08/06/03	The City Council approved a request for a Site Development Plan Review (SDR-2208) for a proposed 397,244 square-foot commercial development with waivers of the Town Center Development Standards Manual on 36.5 acres adjacent to the northeast and northwest corners of Ann Road and Centennial Center Boulevard. The Planning Commission and staff recommended approval.
02/04/09	The City Council adopted Ordinance #6027 which amended the Town Center Development Standards Manual Secondhand Dealer use to allow on a nonconsignment basis the dealing in secondhand personal computers, laptop computers and other similar computer devices. The Planning Commission and staff recommended approval of the Text Amendment (TXT-31179) which was heard at the City Council as Bill Number 2009-2.
05/06/09	The City Council approved a request for a Special Use Permit (SUP-33491) for a Secondhand Dealer (Portable Computers) at 5765 Centennial Center Boulevard, Suite 160. The Planning Commission recommended approval.
05/08/12	The Planning Commission approved a request for a Special Use Permit (SUP-44890) for a proposed 2,932 square-foot Secondhand Dealer (wearing apparel) use at 5643 Centennial Center Boulevard, Suite #105. Staff recommended approval.
02/12/13	The Planning Department administratively approved a Minor Amendment to Special Use Permit (SUP-48172) to relocate a Secondhand Dealer use from 5643 Centennial Center Boulevard, Suite #105 to 5643 Centennial Center Boulevard, Suite #130.

Most Recent Change of Ownership	
04/15/03	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses	
05/21/12	A business license (#S25-00155) was issued for a Secondhand Dealer at 5643 Centennial Center Boulevard, Suite #105. This Secondhand Dealer use is relocating from Suite #105 to Suite #130, 5643 Centennial Center Boulevard in order to accommodate the relocation associated with this request.

Pre-Application Meeting	
01/22/13	A pre-application was held with the applicant's representative to discuss the submittal process for a Special Use Permit for a proposed Secondhand Dealer use in the Town Center District.

Neighborhood Meeting
A neighborhood meeting is not required for this request, nor was one held.

Field Check	
01/31/13	A field inspection was conducted by staff. The subject property was noted as a well maintained commercial center with an established Secondhand Dealer use at 5643 Centennial Center Boulevard, Suite #105.

			Regular	Handi-capped	Regular	Handi-capped	
Shopping Center	211,606 SF	1:250 SF					
TOTAL SPACES REQUIRED			862		1,014		
Regular and Handicap Spaces Required			846	16	990	24	Y

ANALYSIS

The Minimum Special Use Permit Requirements listed in the Town Center Special Area Plan for the Secondhand Dealer use are distinct from the Minimum Special Use Permit Requirements listed in Title 19.12 of the Unified Development Code.

Additionally, the Town Center Special Area Plan does not provide a definition of the proposed use; therefore, the following Title 19.18 definition of the Secondhand Dealer use is provided as follows: "A specialty shop which deals solely in one kind of used commodity with no new commodities, or a business in which the sale of secondhand or used articles is incidental to the sale of new articles of the same kind. For purposes of this definition, the sale of secondhand or used articles is deemed to be incidental to the sale of new articles. Used articles may include wearing apparel, furniture, fixtures, appliances, tableware, offices supplies, pictures, paintings, jewelry, cutlery or guns. The term includes the sale of jewelry (Class III type) and scrap precious metals as defined in LVMC Chapter 6.74, but does not include the sale of junk as defined in that Chapter, the sale of used cars or the sale of other items which the City Council determines do not fit within the intent of this term. The term does not include the buying and selling of foreign or domestic coins for numismatic purposes or used books, which shall be allowed where retail sales of new merchandise, is permitted. The term also does not include a thriftshop or nonprofit thriftshop."

The proposed use meets the definition, as the provided justification letter states that the applicant requests to relocate an existing Secondhand Dealer use that sells, on a consignment basis, secondhand goods such as jewelry, furniture and other housing accessories to the proposed location at 5643 Centennial Center Boulevard, Suite #110. The proposed location remains compatible with the surrounding area and the use continues to meet the minimum Special Use Permit requirements for a Secondhand Dealer use, set forth by the Town Center Development Standards Manual. Therefore, staff recommends approval of this Special Use Permit. If denied, the applicant will not be allowed to operate a Secondhand Dealer use at this location.

MH

FINDINGS (SUP-48171)

In order to approve a Special Use Permit application, per Title 19.16.110(L) the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed Secondhand Dealer use will be located within an approximate 11,000 square-foot commercial suite, located in a shopping center in the SC-TC (Service Commercial – Town Center) special land use area. The proposed use can be conducted in a manner that is harmonious and compatible with the uses on the existing site and with the commercial uses on the adjacent properties.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site is suitable for the type and intensity associated with the Secondhand Dealer use. The proposed Secondhand Dealer use will occupy an existing suite and will not require any additional parking beyond what has been provided for the existing shopping center.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Site access is provided from Centennial Center Boulevard, a 90-foot Town Center Frontage Road, a sufficient size to accommodate the needs of the proposed Secondhand Dealer use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   Approval of a Special Use Permit for this use at this location will not compromise the public health, safety, or welfare, as the use is subject to licensing and inspections by the City of Las Vegas. The use is consistent with the existing SC-TC (Service Commercial - Town Center) special land use designation.

5. **The use meets all of the applicable conditions per Title 19.12.**

   The proposed Secondhand Dealer use meets the applicable conditions per Town Center and Title 19.12.

Re: Relocation of Home Consignment Center within Centennial Gateway

Dear Dan:

Please be advised, this office represents the applicant in the above referenced matter. On behalf of the applicant, we are submitting this justification letter requesting a special use permit for Home Consignment Center which sells, on a consignment basis, secondhand goods such as jewelry, furniture and other housing accessories.

Home Consignment Center currently operates a 13,761 sf space inside the Centennial Gateway Commercial Center on the north side of Centennial Center Blvd. (5760 Centennial Center Blvd.). The new location will be south of Centennial Center Blvd., in an approximately 11,000 sf space which is adjacent to Sportman's Warehouse (5643 Centennial Center Blvd., Suite 110). Both locations are within the SC-TC zoning district of Town Center.

This use has operated harmoniously within the Centennial Gateway shopping center for several years. The proposed location will continue to be harmonious with the surrounding area and will not have a detrimental impact on adjacent properties.

We respectfully request that the special use permit application be placed on the March 12, 2013 Planning Commission agenda.

Sincerely,

KAEMPFER CROWELL RENSHAW
GRONAUER & FIORENTINO

March 12, 2013 - Planning Commission Meeting

** STAFF REPORT **

PROJECT DESCRIPTION

This is a request for a Special Use Permit to allow for a Beer/Wine/Cooler On-Sale Establishment within a proposed restaurant at 1126 Fremont Street. The restaurant is 3,310 square feet in size with seating for 59 people. The Beer/Wine/Cooler On-Sale use will be ancillary to the proposed restaurant. As this request meets all the Minimum Special Use Requirements and can be conducted in a compatible and harmonious manner within the existing retail center, staff is recommending approval of this application.

ISSUES

- A Beer/Wine/Cooler On-Sale Establishment use requires a Special Use Permit in a C-2 (General Commercial) zone. Staff supports this request.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
12/16/64	The City Council approved a Rezoning (Z-0100-64) to reclassify property, including the subject parcels, in the area generally bounded by Main Street, Bonanza Road, Las Vegas Boulevard and Charleston Boulevard from R-1 (Single Family Residential), R-4 (High Density Residential), C-1 (Limited Commercial) and C-V (Civic) to C-2 (General Commercial).

Most Recent Change of Ownership	
07/03/99	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses	
11/28/12	A Building Permit (#224755) was issued for interior demolition at 1126 Fremont Street. The permit remains open.
12/24/12	A Business License (R10-92618) for a restaurant at 1126 Fremont Street was marked as Out-of-Business.

Pre-Application Meeting	
01/14/13	Staff met with the applicant and reviewed the requirements for a Beer/Wine/Cooler On-Sale Establishment in conjunction with a proposed restaurant Special Use Permit. It was noted that detailed floor plans showing the entire square footage of the project, including the outside dining area, needs to be provided with the application.

Neighborhood Meeting
No neighborhood meeting was required, nor was one held.

Field Check	
01/31/13	Staff visited the site and found a vacant space in a retail building. The space was secure and the parking lot was clean. It was noted that the existing free standing sign on the site appeared to be used as an Off-Premise sign.

ANALYSIS

The Beer\Wine\Cooler On-Sale Establishment use is defined by Title 19.12 as "an establishment whose license to sell alcoholic beverages is limited to the sale of beer, wine and coolers for consumption only in connection with a meal on the premises where the same is sold, and is operated in connection with a restaurant in which 30 or more people may be served with meals at any one time at tables or stools." The applicant has indicated that they will be performing the proposed use in conjunction with an existing restaurant.

Minimum Special Use Permit Requirements for a Beer\Wine\Cooler On-Sale Establishment use in a C-2 (Limited Commercial) zoning district are:

1.) Except as otherwise provided, no beer/wine/cooler on-sale establishment (hereinafter establishment) shall be located within 400 feet of any church, synagogue, school, child care facility licensed for more than 12 children, or City park. *There are no protected uses within 400 feet of the proposed location.*

2.) Except as otherwise provided in Requirement 3 below, the distances referred to in Requirement 1 shall be determined with reference to the shortest distance between two property lines, one being the property line of the proposed establishment which is closest to the existing use to which the measurement pertains, and the other being the property line of that existing use which is closest to the proposed establishment. The distance shall be measured in a straight line without regard to intervening obstacles. For purposes of measurement, the term "property line" refers to property lines of fee interest parcels and does not include the property line of:

a. Any leasehold parcel; or

b. Any parcel which lacks access to a public street or has no area for on-site parking and which has been created so as to avoid the distance limitation described in Requirement 1.

This condition does not apply.

3.) In the case of an establishment proposed to be located on a parcel of at least 80 acres in size, the minimum distances referred to in Requirement 1 shall be measured in a straight line:

a. From the nearest property line of the existing use to the nearest portion of the structure in which the establishment will be located, without regard to intervening obstacles; or

b. In the case of a proposed establishment which will be located within a shopping center or other multiple-tenant structure, from the nearest property line of the existing use to the nearest property line of a leasehold or occupancy parcel in which the establishment will be located, without regard to intervening obstacles.

This condition does not apply.

4.) When considering a Special Use Permit application for an establishment which also requires a waiver of the distance limitation in Requirement 1, the Planning Commission shall take into consideration the distance policy and shall, as part of its recommendation to the City Council, state whether the distance requirement should be waived and the reasons in support of the decision. *No waivers are required for this application*.

5.) The minimum distance requirements in Requirement 1 do not apply to:

a. An establishment which has a non-restricted gaming license in connection with a hotel having 200 or more guest rooms on or before July 1, 1992 or in connection with a resort hotel having in excess of 200 guest rooms after July 1, 1992; or

b. A proposed establishment having more than 50,000 square feet of retail floor space.

This condition does not apply for this application.

*6.) All businesses which sell alcoholic beverages shall conform to the provisions of LVMC Chapter 6.50. *The applicant states that they will maintain all appropriate licenses.*

Pursuant to Title 19.12, these are the Minimum Special Use Permit Requirements. The proposed Beer\Wine\Cooler On-Sale Establishment use meets the Minimum Special Use Permit Requirements per Title 19.12. There are no outstanding issues with the request therefore; staff is recommending approval of this Special Use Permit.

FINDINGS (SUP-48179)

The following findings must be made for a Special Use Permit:

1. **"The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan."**

   The proposed land use is compatible with the C (Commercial) General Plan designation and is located within an existing retail center. The Beer\Wine\Cooler On-Sale Establishment use can be conducted in a manner that is harmonious and compatible with the surrounding uses.

2. **"The subject site is physically suitable for the type and intensity of land use proposed."**

   The proposed Beer\Wine\Cooler On-Sale Establishment use will be accessory to a proposed restaurant within an existing retail center. The subject site is physically suitable for the type and intensity of the land use proposed.

3. **"Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use."**

   Site access is provided from Fremont Street and Maryland Parkway, both 80-foot Secondary Collectors, as designated in the Master Plan of Streets and Highways. These streets provide adequate access to and from the subject property.

4. **"Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan."**

   Approval of this Special Use Permit should not compromise public health, safety, or welfare as the proposed Beer\Wine\Cooler On-Sale Establishment use will be subject to regular inspections.

5. The use meets all of the applicable conditions per Title 19.12.

The proposed Beer\Wine\Cooler On-Sale Establishment use complies with the minimum Special Use Permit requirements set forth by Title 19.12.

Re: JUSTIFICATION LETTER
SUP Application

Dear Mr. Fagg:

Please accept this letter as our official Justification Letter for a Special Use Permit for a Beer Wine Cooler On-Sale license in conjunction with our Restaurant business operation to be located at 1126 Fremont Street. The Restaurant is located within the East Village District and is part of the Downtown Overlay District as defined by Map 17 of the Downtown Centennial Plan. The Application is for a **SUP FOR A BEER WINE COOLER ON-SALE ESTABLISHMENT** on 1.72 acres at 1126 Fremont Street, Las Vegas, Nevada 89101 zoned C-2 (General Commercial).

We intend to serve beer, wine and coolers in conjunction with meals on the premises and will also provide outdoor seating. The proposed use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan. The Restaurant is approximately 3,100 square feet and we plan to employee approximately 10 to 15 employees. The hours of operation will be from 6:00am to 11:00pm Monday through Sunday. The Restaurant will not increase the demand for parking, as the prior use was also a restaurant operation.

We are requesting a Waiver to allow for a Beer Wine Cooler On-Sale business, which is approximately 330 feet from a protected use (Church located at 1229 E. Carson Avenue) where 400 feet is required. While the request is to allow 330 feet where 400 feet is required, the area of the parcel that is within the 400 feet distance separation area is a portion of the parking lot located at the southwest corner of the parcel. The actual distance from the Church parcel to our tenant space is approximately 475 feet, and over 500 feet when measuring to our closest entrance. Our parcel is also separated from the Church by two major roadways, Maryland Parkway and Carson Avenue. For these reasons, we believe this Waiver request is meeting the spirit of the 400 feet distance separation requirement.

This Restaurant will further enhance the various revitalization efforts underway in Downtown Las Vegas by adding what we believe is an additional element in not only attracting visitors to Downtown, but

adding to the quality of life for current and future Downtown residents. We appreciate your support for this project and look forward to working with the City of Las Vegas Staff during the entitlement process. If you have any questions and / or concerns, please do not hesitate to contact me.

With Kind Regards,

Nicholas PK Akiona

Public Works

7. A Drainage Study update must be submitted to and approved by the Department of Public Works prior to the recordation of a Final Map for this site. Provide and improve all drainageways recommended in the approved drainage study update.

Staff Report Page One
March 12, 2013 - Planning Commission Meeting

** STAFF REPORT **

PROJECT DESCRIPTION

The applicant is request a Site Development Plan Review for a proposed 1,044 square-foot addition to the rear of an existing 4,821 square-foot Financial Institution, General (Bank). The proposed addition is located at the east end of the building and will feature a seamless finish with the existing façade. There are no changes to the building height, front and side setbacks, or the existing perimeter landscaping. Staff recommends approval of this request, as the proposed expansion remains compatible with the surrounding commercial development.

ISSUES

- The proposed 1,044 square-foot expansion of the 4,821 square-foot building constitutes an approximate 22% increase in the original floor plan approved by Site Development Plan Review (SD-0026-97). Per Title 19.16.100(H)(2), this constitutes a Major Amendment to an approved Site Development Plan Review.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
12/26/62	The Board of City Commissioners approved the rezoning of this property to C-2 (General Commercial).
12/04/97	Staff administratively approved a request for a Site Development Plan Review (SD-0026-97) on property located approximately 300 feet south of Charleston Boulevard on Las Vegas Boulevard, South for a proposed 4,821 square-foot banking facility.

Most Recent Change of Ownership	
09/19/97	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses	
02/10/98	A building permit (#98-002703) was issued for a new bank building at 1121 South Las Vegas Boulevard. A final inspection was completed on 05/13/98.
06/15/98	A business license (#B03-00124) issued for a Bank at 1121 South Las Vegas Boulevard. This license is active.

Pre-Application Meeting	
01/10/13	A pre-application meeting was held with the applicant to discuss the submittal requirements for a Major Amendment to the approved Site Development Plan Review (SD-0026-97), as the proposal is greater than 10% of the floor area for the previous approval.

Neighborhood Meeting
A neighborhood meeting is not required, nor was one held.

Field Check	
01/31/13	Staff visited the site and found a well maintained commercial property.

TOTAL SPACES REQUIRED			30		50		
Regular and Handicap Spaces Required			28	2	48	2	Y

ANALYSIS

The proposed 1,044 square-foot expansion is located at the rear of an existing 4,821 square-foot Financial Institution, General (Bank), which was originally entitled by Site Development Plan Review (SD-0026-97). Because the proposed expansion exceeds a 10 percent expansion of the existing building floor area, a Major Amendment to the approved Site Development Plan Review (SD-0026-97) is required.

The existing building predates the effective date of the Las Vegas Downtown Centennial Plan and does not conform to the requirement to have 70 percent of the front building facade align along the front property line; however, the proposed expansion does not affect the front or side setbacks, building height, or perimeter landscaping. The proposed elevations and materials are specified to match the existing structure and minimal alteration to the site is proposed.

The net result of the proposed expansion consists of a loss of four parking spaces adjacent to the rear of the building and a new gross floor area of 5,865 square feet. There are 50 remaining parking spaces where 30 spaces are now required.

Staff recommends approval of this request, as there is no change in use and the proposed expansion remains harmonious and compatible with the surrounding development.

FINDINGS (SDR-48152)

In order to approve a Site Development Plan application, per Title 19.16.100(E) the Planning Commission and/or City Council must affirm the following:

1. **The proposed development is compatible with adjacent development and development in the area;**

   This proposal is consistent with the surrounding commercial and office uses and provides a suitable infill project for the developable portion of the parcel.

2. **The proposed development is consistent with the General Plan, this Title, the Design Standards Manual, the Landscape, Wall and Buffer Standards, and other duly-adopted city plans, policies and standards;**

   The proposed development is consistent with the C (Commercial) General Plan land use designation and the C-2 (General Commercial) zoning district development standards. The

3. **Site access and circulation do not negatively impact adjacent roadways or neighborhood traffic;**

   Primary site access is from Las Vegas Boulevard with secondary access provided from Charleston Boulevard, via a cross access agreement. There are no proposed changes to the site access and the proposed development will not increase traffic demands from current levels.

4. **Building and landscape materials are appropriate for the area and for the City;**

   The building materials are specified to match the existing façade of the bank and the only proposed change to the site landscaping is a minor relocation of trees in the parking lot.

5. **Building elevations, design characteristics and other architectural and aesthetic features are not unsightly, undesirable, or obnoxious in appearance; create an orderly and aesthetically pleasing environment; and are harmonious and compatible with development in the area;**

   The elevations and design characteristics of the proposed expansion remain consistent with the existing bank's design while retaining the orderly and aesthetically pleasing environment. The proposed expansion is in context with the neighboring light commercial and office developments and is sensitive to the nearby residential properties to the southeast.

6. **Appropriate measures are taken to secure and protect the public health, safety and general welfare.**

   The proposed expansion will be subject to permit review and inspection; therefore, appropriate measures will be taken to protect the health, safety, and general welfare.

Re: Wells Fargo Bank
1121 S. Las Vegas Blvd
APN: 162-03-114-003
Major Amendment
Nadel #:12338

Planning Department:

On behalf of our client Wells Fargo, this letter is to serve as a statement of justification for a major amendment to the approved site plan review for the property at 1121 S. Las Vegas Blvd.

Project Description:

Site:

The project site is zoned for commercial use (C-2) and is the location of an existing 4,821 SF Wells Fargo Bank. The original site development review, SD-26-97, for the bank was approved on December the 4th 1997.

Proposed Development:

The purpose of this application is to amend the original site development review to add a 1,044 SF addition to the existing 4,821 SF Wells Fargo Bank. As part of this addition a total of four parking spaces are being removed and the existing electrical service is being relocated. Wells Fargo must continue to provide their services to the community while the addition is being constructed so they will require a temporary generator be located on the site until permanent power is restored to the building.

We feel that this addition will have a minimal impact to the site and while four of the original fifty four parking spaces are lost, twenty spaces will be provided in addition to the required thirty parking spaces. We also feel that the use of the temporary generator will not have a dramatic impact to the site and the surrounding areas.

We respectfully submit the above requests for your consideration. Nadel Architects and Wells Fargo mutually look forward to working with the City of Las Vegas Planning to obtain the necessary approvals and are available at your convenience to answer any questions or to provide additional information.

Respectfully,
NADEL NEVADA, INC

Mark Mikelson – AIA, LEED AP

Planning

1. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.

2. All development shall be in conformance with the site plan, floor plans, and building elevations date stamped 02/05/13, and the landscape plan date stamped 02/19/13, except as amended by conditions herein.

3. A Waiver from 19.06.110 is hereby approved, to allow a zero-foot wide landscape buffer along the south property line where a six-foot wide landscape buffer is required.

4. An Exception from Title 19.06.040 is hereby approved, to allow 63 trees where 70 trees are required.

5. An Exception from the Title 19.06.040 is hereby approved to allow 15-gallon sized trees where specified on the landscape plan date stamped 02/19/13.

6. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Department of Building and Safety.

7. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.

8. The applicant shall coordinate with the City Surveyor and other city staff to determine the most appropriate mapping action necessary to consolidate the existing lots. The mapping action shall be completed and recorded prior to the issuance of any building permits.

9. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications. Installed landscaping shall not impede visibility of any traffic control device.

10. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

11. Sign and record a deed restriction with language determined to be satisfactory by the City Attorney which restricts the use of the site to an age-restricted community for those persons 55 years of age or older, to the full extent of the law.

12. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

13. Dedicate the appropriate right-of-way on Silver Sky Drive to complete the cul-de-sac bulb and any other portions required to complete the full 60-foot width prior to the issuance of any permits for public infrastructure.

14. Construct half-street improvements including the remainder of the cul-de-sac bulb on Silver Sky Drive adjacent to this site concurrent with development of this site. All existing paving damaged or removed by this development shall be restored at its original location and to its original width concurrent with development of this site.

15. Contact the City Engineer's Office at 229-6272 to coordinate the development of this project with the "Summerlin Parkway Widening Improvement Project" (H#12970) and any other public improvement projects adjacent to this site. Comply with the recommendations of the City Engineer.

16. All private improvements and landscaping installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

17. A Drainage Study update must be submitted to and approved by the Department of Public Works prior to issuance of any building or grading permits. Provide and improve all drainageways recommended in the approved drainage study update.

** STAFF REPORT **

PROJECT DESCRIPTION

This Site Development Plan Review request is for a proposed three-story, 80-unit Senior Citizen Apartment building located on 3.38 acres, adjacent to the south side of Summerlin Parkway at the west end of Silver Sky Drive, between two multi-family residential developments. This application is in response to the applicant's request to subdivide the property, thus creating two distinct entitlements for the proposed Senior Citizen Apartment buildings. This proposal is consistent with the existing multi-family residential uses in the area and is substantially compliant with all other plans and policies; therefore, staff recommends approval.

ISSUES

- The scope of this entitlement review is for the northern 3.38-acre portion of the previous 4.7-acre site approved by Site Development Plan Review (SDR-44166).
- This Site Development Plan Review is accompanied with a waiver request to allow a zero-foot landscape buffer where a six-foot wide landscape buffer is required.
- Senior Citizen Apartments is a conditional use in the R-3 (Medium Density Residential) zoning district; this proposal meets all minimum conditions.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
08/16/06	The City Council approved a request for a Site Development Plan Review (SDR-13866) for a 125-unit Senior Citizen Apartment facility and a Rezoning (ZON-13867) from U (Undeveloped) [M (Medium Density Residential) General Plan Designation] to R-3 (Medium Density Residential) on 5.0 acres, approximately 335 feet west of the intersection of Silver Sky Drive and Roland Wiley Road. The Planning Commission recommended denial with staff recommending approval.
12/05/07	The City Council approved request for a Site Development Plan Review (SDR-24254) for a proposed three-story, 125-unit senior living apartment facility on 5.0 acres adjacent to the south side of Summerlin Parkway, at the west end of Silver Sky Drive. The Planning Commission and staff recommended approval.

08/06/08	The City Council approved request for an Extension of Time (EOT-28526) of a previously approved Rezoning (ZON-13867) from U (Undeveloped) [M (Medium Density Residential) General Plan Designation] to R-3 (Medium Density Residential) on 5.0 acres approximately 335 feet west of the intersection of Silver Sky Drive and Roland Wiley Road.
02/14/12	The Planning Commission approved the request for a Site Development Plan Review (SDR-44166) for a proposed three-story, 120-unit Senior Citizen Apartment development on 5.16 acres adjacent to the south side of Summerlin Parkway at the west end of Silver Sky Drive (APN 138-28-401-015), U (Undeveloped) Zone [M (Medium Density Residential) General Plan Designation] under Resolution of Intent to R-3 (Medium Density Residential)
01/07/13	The applicant submitted for a two-lot Parcel Map (PMP-47948) on 5.16 acres adjacent to the south side of Summerlin Parkway, at the west end of Silver Sky Drive. The technical map review has not been approved.

Most Recent Change of Ownership	
04/19/12	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses
No building permits or business licenses relate to this proposal have been issued at this time.

Pre-Application Meeting	
01/30/13	A pre-application meeting was held with the applicant and his representatives to discuss the requirements for new entitlements stemming from the proposed subdivision of an entitled parcel. The applicant was informed that two separate Site Development Plan Reviews each with a waiver for the required landscape buffer created with the new property line would be required. Various aspects of the proposed landscape requirements were also discussed.

Neighborhood Meeting
A neighborhood meeting is not required, nor has one been held.

Field Check	
01/31/13	A field check was conducted on site. The site is currently undeveloped with a 100-foot wide utility easement running northeast, beginning near the southwest corner of the subject site. Access to the property is provided solely the cul-de-sac located at the terminus of Silver Sky Drive.

**The applicant has requested an exception to allow an alternative landscape design that provides 89 trees and 356 shrubs where 70 trees and 280 shrubs are required by code.*

MH

Pursuant to Title 19.08 and 19.12, the following parking standards apply:

Parking Requirement							
Use	***Gross Floor Area or Number of Units***	***Required***			***Provided***		***Compliance***
		Parking Ratio	*Parking*		*Parking*		
			Regular	Handi-capped	Regular	Handi-capped	
Senior Citizen Apartments	80 Units	0.75 Spaces per Unit					
TOTAL SPACES REQUIRED			60		73		
Regular and Handicap Spaces Required			54	6	66	9	Y

Waivers		
Requirement	***Request***	***Staff Recommendation***
A six-foot wide landscape buffer is required along the south interior property line.	To allow a zero-foot wide landscape buffer along the south interior property line.	Approval

Exceptions		
Requirement	***Request***	***Staff Recommendation***
Fifty-seven 24-inch box trees are required within the perimeter landscape buffer and thirteen 24-inch box trees are required within the parking lot landscape planters.	To allow forty-three 24-inch box trees within the perimeter landscape buffer and to allow ten 24-inch box trees within the parking lot landscape planters.	Approval
24-inch box trees are required within the perimeter landscape buffer and parking lot landscape planters.	To allow 15-gallon shade trees where specified on the proposed landscape plan date stamped 02/19/13.	Approval

ANALYSIS

The subject site is located within the R-3 (Medium Density Residential) zoning district with a proposed residential density of 23.70 units per acre and is in compliance with the 25.49 units per acre allowed by the M (Medium Density Residential) General Plan land use designation. This proposal consists of one 80-unit Senior Citizen Apartment building located north of a 100-foot wide utility easement running northeasterly through the site. A second building that provides 40 units of Senior Citizen Apartments is located immediately to the south half of the site on a proposed separated parcel. Access to the site is from the 24-foot wide entrance off of Silver Sky Drive.

The proposed Senior Apartment building consists of 80 one and two-bedroom units in a three-story building. The proposed development has approximately 38,345 square-feet of floor area distributed between the 30,823 square-foot apartment building and a 7,522 square-foot recreation building. Each building façade is finished with light-colored stucco with dark earth colored trim and roofing materials composed of terra cotta tiles. There are porches and balconies spread out amongst select units for each building.

The required parking for Senior Citizen Apartments is 0.75 spaces per unit. At 80 units, the required parking for this proposal is 60 parking spaces with a minimum of three handicapped accessible spaces available. The applicant has provided 73 parking spaces, including 9 handicap accessible spaces.

The proposed landscape plan does not fully comply with the required perimeter landscape buffer requirements listed in Title 19.06.040, as evidenced by the requested waiver to allow a zero-foot wide landscape buffer along the southern property line where a six-foot wide landscape buffer is required. Staff recommends approval of the requested waiver, as the area in question is utilized by a landscaped parking lot located between two buildings within a 100-foot wide utility line easement.

The applicant has also requested an exception to the required perimeter tree counts with an alternative design that offsets the deficiency by providing a surplus of trees to the overall site. Staff recommends approval of the requested waiver and exception, as the proposed landscape plan meets the desired intent of the code landscape requirements and has provided an attractive scheme that responds more appropriately to the particular site.

The proposed development is compatible in use, density, and design with the adjacent multi-family residential properties located to the east, west, and south. Staff recommends approval of this request as it satisfies the need for infill development by means of providing additional housing units for the growing senior population. If denied, the Senior Apartments will be allowed to proceed as approved by the original Site Development Plan Review (SDR-44166).

FINDINGS (SDR-48272)

In order to approve a Site Development Plan application, per Title 19.16.100(E) the Planning Commission and/or City Council must affirm the following:

1. **The proposed development is compatible with adjacent development and development in the area;**

   The proposed development meets Policy 2.2.2 of the Las Vegas 2020 Master Plan, which states, “That senior citizens’ and assisted living housing be encouraged to develop, both to meet the needs of community residents who wish to age in place in their neighborhoods, and as a means of increasing residential densities in these areas.” Also, this proposal is consistent with the surrounding multi-family residential uses and provides a suitable infill project for the area.

2. The proposed development is consistent with the General Plan, this Title, the Design Standards Manual, the Landscape, Wall and Buffer Standards, and other duly-adopted city plans, policies and standards;

The proposed development is consistent with the M (Medium Density Residential) General Plan land use designation and the R-3 (Medium Density Residential) zoning district development standards for residential density, and is in compliance with all other plans and policies. The applicant has requested a waiver, which staff supports, to allow no landscaping along the south property line.

3. Site access and circulation do not negatively impact adjacent roadways or neighborhood traffic;

Silver Sky Drive, a 60-foot wide local street, terminates at a cul-de-sac at the entrance of the site. The provided roadway provides adequate vehicular access to the site.

4. Building and landscape materials are appropriate for the area and for the City;

The building materials are typical of the neighboring multi-family developments and within the city. The provided landscape plans specify 15-gallon trees in the parking lot landscape islands and in the east and west landscape buffers. The proposed landscape plan includes an exception to the Title 19.06.040 requirements to utilize an alternative landscape plan that provides 89 trees where 70 trees are required. Staff recommends approval of the waiver and exception, since the applicant is providing a substantially more plant materials throughout the site than the minimum requirements.

5. Building elevations, design characteristics and other architectural and aesthetic features are not unsightly, undesirable, or obnoxious in appearance; create an orderly and aesthetically pleasing environment; and are harmonious and compatible with development in the area;

The elevations and design characteristics are compatible with the design characteristics of the existing medium density development in the area. The proposed design utilizes a three-story building with a 35-foot high pitched roof, which is lower in height than the allowable five-story, 55-foot height limit. The proposed buildings create an orderly and aesthetically pleasing environment that is in context with the neighboring multi-family developments.

6. Appropriate measures are taken to secure and protect the public health, safety and general welfare.

The proposed Senior Apartments will not compromise the public health or general welfare.

Attn: Mike Howe

Re: Westcliff Pines Phase 2 – Senior Apartments
(SDR-44166)
APN# 138-28-401-021 (portion of)

Dear Mr. Howe,

On behalf of our client Nevada H.A.N.D., Inc. we are pleased to submit this justification letter for a Site Development Plan Review for the proposed Westcliff Pines Phase 2 development. Westcliff Pines Phase 2 is a proposed 3.375 acre 80-unit (23.70 du) senior apartment building located on the north side of Silver Sky Drive approximately 330 ft. West of Roland Wiley Drive.

Nevada H.A.N.D. is proposing to develop 80 one and two-bedroom senior rental apartments in one three-story building specifically designed for low-income senior citizens in the Las Vegas valley. Westcliff Pines Phase 2 is the second phase of a three phase project which includes Westcliff Pines a 40-unit building and a 4,500 s.f. recreational building that serves only the residents. Westcliff Pines exists approximately 900 feet to the east. Westcliff Pines Phase 2 will have its own 5,456 s.f. recreation building.

Nevada H.A.N.D. is requesting waivers of some landscape requirements. (see attached letter). These waivers are being requested base on experience with Nevada H.A.N.D.s existing developments in the Vegas area. We feel that this development will be compatible with the surrounding area, and is in conformance with the master plan designation for this parcel. The parcel is currently zoned R-3 which allows up to 25.49 units per acre. Therefore we respectfully request that staff recommend approval for this Site Development Plan Review.

If you have any questions or comments, please feel free to contact me at your earliest convenience.

Sincerely,
L. R. NELSON CONSULTING ENGINEERS, INC.

Dept. of Planning

SDR-48272

We consider landscaping to be one of the most important features of our apartment communities, both from an aesthetics point of view, but also as a green or sustainable element.

We have been creating communities in the Las Valley for seventeen years, and have learned many things. For example, there is a plant palette that thrives in the desert environment; there are long term issues that can be ameliorated with attention to detail at the time of front-end planning; you need patience to let plants grow healthily; and your resident needs and behaviors should be taken into account.

For these reasons we are requesting exceptions and waivers by way of reductions from requirements related to landscape islands, plant quantities, and spacing.

This site development includes three building; an 80 unit senior apartment building, a 40 unit apartment building, and a recreational leasing building commonly shared by all. The 100' wide diagonal utility easement across the site presents challenges.

We have been before you several times already as this development was evolved. The parcel map split is a condition of financing and which we're working towards finalizing this spring. As this plan has taken final shape, we have had new constraints place on the property. For example, NVEnergy informed us that there are planting limitations within their overhead transmission easement. Additionally, they notified us of service vehicle pad zones that have restrictions. This has caused us to revisit the landscape design in its entirety, and take into account all utilities, structures, and the City of Las Vegas Unified Development Code-Title 19.

So we started over and went through the following process:

1. A specific plant palette was established; plants that do well in this climate; variety in size and shape; deciduous and evergreen; fall color show; seasonal flowering; pest resistance; low maintenance.
2. We plotted in background all underground utilities to avoid planting over top of piping that may need servicing in the future.
3. Identified areas where it was desirable for shade, privacy, and screening.
4. Plant size "at maturity" was determined and that sizing is shown on the plans.
5. Security issues expressed by seniors were taken into account, thus shrub hedging has been discouraged (see photo #).

City of Las Vegas Unified Development Code Title 19 requirements:

Code reference	Description	Area	Required Tree/Shrub		Proposed Tree/Shrub	
			W2	W3	W2	W3
19.06.040 F.8.a	Buffer 20'oc	South perimeter	0/0	12/48	0/0	8/32
19.06.040 F.8.a	Buffer 20'oc	East perimeter	17/68	15/60	17/68	5/20
19.06.040 F.8.a	Buffer 30'oc	North perimeter	12/48	0/0	10/40	0/0
19.06.040 F.8.a	Buffer 20'oc	West perimeter	28/112	5/20	16/64	11/44

19.08.110 C.12.a.i.B	One per six	Uncovered parking	3/12	6/24	4/16	6/24
19.08.110 C.12.a.i.A	One each end	End of parking row	10/40	8/32	6/24	6/24
N/A	Not required	Interior areas	0/0	0/0	36/144	10/40
		Totals	70/280	46/184	89/356	46/184

Please consider for approval of the following items:

1. Relocate 50% of the required perimeter landscape buffer shrubs to interior spaces. *Most of the shrubs selected have a mature width of 4' to 6' when matured and non-shaped. We're discouraging hedging for security reasons. If canopy coverage is the under-riding theme, we'll accomplish this by maintaining the overall count.*
2. Increase the west perimeter landscape buffer tree spacing from 20'oc to 40'oc, adjacent (400lf+-) to neighboring carports. *There is sufficient separation (160lf+-) between residential structures.*
3. Eliminate east perimeter landscape buffer tree requirements from the first 80lf (south to north) due to utility, drainage, and marketing view from street. *This area is full of underground utilities and drainage channels, thus root and utility service damaged can be reduced.*
4. Eliminate south perimeter landscape buffer tree and shrub requirements from the first 30lf (east to west) due to utility conflicts. *This area is full of underground utilities, thus root and utility service damage can be reduced.*
5. Waive requirement for landscape buffer requirements between two parcels. *Whereas there are two legal owners, the property is operated as one with cross access agreements and sharing of common facilities. The intent of landscape buffering is not applicable.*

SDR-48273 CONDITIONS

Planning

1. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.

2. All development shall be in conformance with the site plan, floor plans, and building elevations date stamped 02/05/13, and the landscape plan date stamped 02/19/13, except as amended by conditions herein.

3. A Waiver from 19.06.110 is hereby approved, to allow a zero-foot wide landscape buffer along the north property line where a six-foot wide landscape buffer is required.

4. An Exception from 19.06.040 is hereby approved, to allow 26 trees where 36 trees are required.

5. An Exception from the Unified Development Code 19.06.040 is hereby approved to allow 15-gallon sized trees for the parking lot landscape islands and where specified along the east and west perimeter.

6. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Department of Building and Safety.

7. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.

8. The applicant shall coordinate with the City Surveyor and other city staff to determine the most appropriate mapping action necessary to consolidate the existing lots. The mapping action shall be completed and recorded prior to the issuance of any building permits.

9. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications. Installed landscaping shall not impede visibility of any traffic control device.

10. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

11. Sign and record a deed restriction with language determined to be satisfactory by the City Attorney which restricts the use of the site to an age-restricted community for those persons 55 years of age or older, to the full extent of the law.

12. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

13. Dedicate the appropriate right-of-way on Silver Sky Drive to complete the cul-de-sac bulb and any other portions required to complete the full 60-foot width prior to the issuance of any permits for public infrastructure.

14. Construct half-street improvements including the remainder of the cul-de-sac bulb on Silver Sky Drive adjacent to this site concurrent with development of this site. All existing paving damaged or removed by this development shall be restored at its original location and to its original width concurrent with development of this site.

15. Contact the City Engineer's Office at 229-6272 to coordinate the development of this project with the "Summerlin Parkway Widening Improvement Project" (H#12970) and any other public improvement projects adjacent to this site. Comply with the recommendations of the City Engineer.

16. All private improvements and landscaping installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

17. A Drainage Study update must be submitted to and approved by the Department of Public Works prior to issuance of any building or grading permits. Provide and improve all drainageways recommended in the approved drainage study update.

** STAFF REPORT **

PROJECT DESCRIPTION

This Site Development Plan Review request is for a proposed three-story, 40-unit Senior Citizen Apartment building located on 1.79 acres, adjacent to the south side of Summerlin Parkway at the west end of Silver Sky Drive, between two multi-family residential developments. This application is in response to the applicant's request to subdivide the property, thus creating two distinct entitlements for the proposed Senior Citizen Apartment buildings. This proposal is consistent with the existing multi-family residential uses in the area and is substantially compliant with all other plans and policies; therefore, staff recommends approval.

ISSUES

- The scope of this entitlement review is for the southern 1.79-acre portion of the previous 4.7-acre site approved by Site Development Plan Review (SDR-44166).
- This Site Development Plan Review is accompanied with a waiver request to allow a zero-foot landscape buffer where a six-foot wide landscape buffer is required.
- Senior Citizen Apartments is a conditional use in the R-3 (Medium Density Residential) zoning district; this proposal meets all minimum conditions.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
08/16/06	The City Council approved a request for a Site Development Plan Review (SDR-13866) for a 125-unit Senior Citizen Apartment facility and a Rezoning (ZON-13867) from U (Undeveloped) [M (Medium Density Residential) General Plan Designation] to R-3 (Medium Density Residential) on 5.0 acres, approximately 335 feet west of the intersection of Silver Sky Drive and Roland Wiley Road. The Planning Commission recommended denial with staff recommending approval.
12/05/07	The City Council approved request for a Site Development Plan Review (SDR-24254) for a proposed three-story, 125-unit senior living apartment facility on 5.0 acres adjacent to the south side of Summerlin Parkway, at the west end of Silver Sky Drive. The Planning Commission and staff recommended approval.

Related Relevant City Actions by P&D, Fire, Bldg., etc	
08/06/08	The City Council approved request for an Extension of Time (EOT-28526) of a previously approved Rezoning (ZON-13867) from U (Undeveloped) [M (Medium Density Residential) General Plan Designation] to R-3 (Medium Density Residential) on 5.0 acres approximately 335 feet west of the intersection of Silver Sky Drive and Roland Wiley Road.
02/14/12	The Planning Commission approved the request for a Site Development Plan Review (SDR-44166) for a proposed three-story, 120-unit Senior Citizen Apartment development on 5.16 acres adjacent to the south side of Summerlin Parkway at the west end of Silver Sky Drive (APN 138-28-401-015), U (Undeveloped) Zone [M (Medium Density Residential) General Plan Designation] under Resolution of Intent to R-3 (Medium Density Residential).
01/07/13	The applicant submitted for a two-lot Parcel Map (PMP-47948) on 5.16 acres adjacent to the south side of Summerlin Parkway, at the west end of Silver Sky Drive. The technical map review has not been approved.

Most Recent Change of Ownership	
04/19/12	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses
No building permits or business licenses relate to this proposal have been issued at this time.

Pre-Application Meeting	
01/30/13	A pre-application meeting was held with the applicant and his representatives to discuss the requirements for new entitlements stemming from the proposed subdivision of an entitled parcel. The applicant was informed that two separate Site Development Plan Reviews each with a waiver for the required landscape buffer created with the new property line would be required. Various aspects of the proposed landscape requirements were also discussed.

Neighborhood Meeting
A neighborhood meeting is not required, nor has one been held.

Field Check	
01/31/13	A field check was conducted on site. The site is currently undeveloped with a 100-foot wide utility easement running northeast, beginning near the southwest corner of the subject site. Access to the property is provided solely the cul-de-sac located at the terminus of Silver Sky Drive.

Thirty-two 24-inch box trees are required within the perimeter landscape buffer and fourteen 24-inch box trees are required within the parking lot landscape planters.	To allow twenty-four 24-inch box trees within the perimeter landscape buffer and to allow twelve 24-inch box trees within the parking lot landscape planters.	Approval
24-inch box trees are required within the perimeter landscape buffer and parking lot landscape planters.	To allow 15-gallon shade trees where specified on the proposed landscape plan date stamped 02/19/13.	Approval

ANALYSIS

The subject site is located within the R-3 (Medium Density Residential) zoning district. The proposed development is in compliance with the 25.49 units per acre allowed by the M (Medium Density Residential) General Plan land use designation with a proposed residential density of 21.46 units per acre and. This proposal consists of one 40-unit Senior Citizen Apartment building located just south of a 100-foot wide utility easement running northeasterly through the site and facing a 24-foot wide entrance off of Silver Sky Drive.

The proposed Senior Apartment building is approximately 40 feet tall with three stories and an approximate 18,500 square-foot building footprint. The proposed development features approximately 2,288 square feet of programmed recreation/community space available on each floor. Each building façade is finished with light-colored stucco with dark earth colored trim and roofing materials composed of terra cotta tiles. There are porches and balconies spread out amongst select units for each building.

The required parking for Senior Citizen Apartments is 0.75 spaces per unit. At 40 units, the required parking for this proposal is 30 parking spaces with a minimum of three handicapped accessible spaces available. The applicant has provided 33 parking spaces, including four handicap accessible spaces.

The proposed landscape plan does not fully comply with the required perimeter landscape buffer requirements listed in Title 19.06.040, as evidenced by the requested waiver to allow a zero-foot wide landscape buffer along the northern property line where a six-foot wide landscape buffer is required. Staff recommends approval of the requested waiver, as the area in question is utilized by a landscaped parking lot located between two buildings within a 100-foot wide utility line easement.

The applicant has also requested an exception to the required perimeter tree and parking lot tree counts with an alternative design that offsets the deficiency by providing a meeting the overall demand for trees covering the site. Staff recommends approval of the requested waiver and exception, as the proposed landscape plan meets the desired intent of the code landscape requirements and has provided an attractive scheme that responds more appropriately to the particular site.

The applicant has provided an appealing proposal that is compatible in use, density, and design with the adjacent multi-family residential properties located to the east, west, and south. Staff recommends approval of this request as it satisfies the need for infill development by means of providing additional housing units for the growing senior population. If denied, the Senior Apartments will be allowed to proceed as originally approved (SDR-44166)

FINDINGS (SDR-48272)

In order to approve a Site Development Plan application, per Title 19.16.100(E) the Planning Commission and/or City Council must affirm the following:

1. **The proposed development is compatible with adjacent development and development in the area;**

The proposed development meets Policy 2.2.2 of the Las Vegas 2020 Master Plan, which states, "That senior citizens' and assisted living housing be encouraged to develop, both to meet the needs of community residents who wish to age in place in their neighborhoods, and as a means of increasing residential densities in these areas." Also, this proposal is consistent with the surrounding multi-family residential uses and provides a suitable infill project for the area.

2. The proposed development is consistent with the General Plan, this Title, the Design Standards Manual, the Landscape, Wall and Buffer Standards, and other duly-adopted city plans, policies and standards;

The proposed development is consistent with the M (Medium Density Residential) General Plan land use designation and the R-3 (Medium Density Residential) zoning district development standards for residential density, and is in compliance with all other plans and policies. The applicant has requested a waiver, which staff supports, to allow no landscaping along the south property line.

3. Site access and circulation do not negatively impact adjacent roadways or neighborhood traffic;

Silver Sky Drive, a 60-foot wide local street, terminates at a cul-de-sac at the entrance of the site. The provided roadway provides adequate vehicular access to the site.

4. Building and landscape materials are appropriate for the area and for the City;

The building materials are typical of the neighboring multi-family developments and within the city. The proposed landscape plan includes an exception to the Title 19.06.040 requirements, as it is deficient by two and the applicant proposes 15-gallon trees where specified on the landscape plans date stamped 2/19/13. Staff recommends approval of the waiver and exception, since the applicant is providing a substantial amount of plant materials throughout the site that meets the minimum requirements.

5. Building elevations, design characteristics and other architectural and aesthetic features are not unsightly, undesirable, or obnoxious in appearance; create an orderly and aesthetically pleasing environment; and are harmonious and compatible with development in the area;

The elevations and design characteristics are compatible with the design characteristics of the existing medium density development in the area. The proposed design utilizes a three-story building with a 35-foot high pitched roof, which is lower in height than the allowable five-story, 55-foot height limit. The proposed buildings create an orderly and aesthetically pleasing environment that is in context with the neighboring multi-family developments

6. Appropriate measures are taken to secure and protect the public health, safety and general welfare.

The proposed Senior Apartments will not compromise the public health or general welfare.

Attn: Mike Howe

Re: Westcliff Pines Phase 3 – Senior Apartments
(SDR-44166)
APN# 138-28-401-021 (portion of)

Dear Mr. Howe,

On behalf of our client Nevada H.A.N.D., Inc. we are pleased to submit this justification letter for a Site Development Plan Review for the proposed Westcliff Pines Phase 3 development. Westcliff Pines Phase 3 is a proposed 1.786 acre 40-unit (22.40 du) senior apartment building located on the north side of Silver Sky Drive approximately 330 ft. West of Roland Wiley Drive.

Nevada H.A.N.D. is proposing to develop 40 one and two-bedroom senior rental apartments in one three-story building specifically designed for low-income senior citizens in the Las Vegas valley. Westcliff Pines Phase 3 is the third phase of a three phase project which includes Westcliff Pines a 40-unit building and a 4,500 s.f. recreational building that serves only the residents. Westcliff Pines exists approximately 900 feet to the east and Westcliff Pines Phase 2 an 80-unit building which has its own 5,456 s.f. recreation building. Westcliff Pines Phase 3 will share amenities with Westcliff Pines Phase 2.

Nevada H.A.N.D. is requesting waivers of some landscape requirements. (see attached letter). These waivers are being requested base on experience with Nevada H.A.N.D.s existing developments in the Vegas area. We feel that this development will be compatible with the surrounding area, and is in conformance with the master plan designation for this parcel. The parcel is currently zoned R-3 which allows up to 25.49 units per acre. Therefore we respectfully request that staff recommend approval for this Site Development Plan Review.

If you have any questions or comments, please feel free to contact me at your earliest convenience.

Sincerely,
L. R. NELSON CONSULTING ENGINEERS, INC.

SDR-48273

We consider landscaping to be one of the most important features of our apartment communities, both from an aesthetics point of view, but also as a green or sustainable element.

We have been creating communities in the Las Valley for seventeen years, and have learned many things. For example, there is a plant palette that thrives in the desert environment; there are long term issues that can be ameliorated with attention to detail at the time of front-end planning; you need patience to let plants grow healthily; and your resident needs and behaviors should be taken into account.

For these reasons we are requesting exceptions and waivers by way of reductions from requirements related to landscape islands, plant quantities, and spacing.

This site development includes three building; an 80 unit senior apartment building, a 40 unit apartment building, and a recreational leasing building commonly shared by all. The 100' wide diagonal utility easement across the site presents challenges.

We have been before you several times already as this development was evolved. The parcel map split is a condition of financing and which we're working towards finalizing this spring. As this plan has taken final shape, we have had new constraints place on the property. For example, NVEnergy informed us that there are planting limitations within their overhead transmission easement. Additionally, they notified us of service vehicle pad zones that have restrictions. This has caused us to revisit the landscape design in its entirety, and take into account all utilities, structures, and the City of Las Vegas Unified Development Code-Title 19.

So we started over and went through the following process:

1. A specific plant palette was established; plants that do well in this climate; variety in size and shape; deciduous and evergreen; fall color show; seasonal flowering; pest resistance; low maintenance.
2. We plotted in background all underground utilities to avoid planting over top of piping that may need servicing in the future.
3. Identified areas where it was desirable for shade, privacy, and screening.
4. Plant size "at maturity" was determined and that sizing is shown on the plans.
5. Security issues expressed by seniors were taken into account, thus shrub hedging has been discouraged (see photo #).

City of Las Vegas Unified Development Code Title 19 requirements:

Code reference	Description	Area	Required Tree/Shrub		Proposed Tree/Shrub	
			W2	W3	W2	W3
19.06.040 F.8.a	Buffer 20'oc	South perimeter	0/0	12/48	0/0	8/32
19.06.040 F.8.a	Buffer 20'oc	East perimeter	17/68	15/60	17/68	5/20
19.06.040 F.8.a	Buffer 30'oc	North perimeter	12/48	0/0	10/40	0/0
19.06.040 F.8.a	Buffer 20'oc	West perimeter	28/112	5/20	16/64	11/44

SDR-48273

19.08.110 C.12.a.i.B	One per six	Uncovered parking	3/12	6/24	4/16	6/24
19.08.110 C.12.a.i.A	One each end	End of parking row	10/40	8/32	6/24	6/24
N/A	Not required	Interior areas	0/0	0/0	36/144	10/40
		Totals	70/280	46/184	89/356	46/184

Please consider for approval of the following items:

1. Relocate 50% of the required perimeter landscape buffer shrubs to interior spaces. *Most of the shrubs selected have a mature width of 4' to 6' when matured and non-shaped. We're discouraging hedging for security reasons. If canopy coverage is the under-riding theme, we'll accomplish this by maintaining the overall count.*
2. Increase the west perimeter landscape buffer tree spacing from 20'oc to 40'oc, adjacent (400lf+-) to neighboring carports. *There is sufficient separation (160lf+-) between residential structures.*
3. Eliminate east perimeter landscape buffer tree requirements from the first 80lf (south to north) due to utility, drainage, and marketing view from street. *This area is full of underground utilities and drainage channels, thus root and utility service damaged can be reduced.*
4. Eliminate south perimeter landscape buffer tree and shrub requirements from the first 30lf (east to west) due to utility conflicts. *This area is full of underground utilities, thus root and utility service damage can be reduced.*
5. Waive requirement for landscape buffer requirements between two parcels. *Whereas there are two legal owners, the property is operated as one with cross access agreements and sharing of common facilities. The intent of landscape buffering is not applicable.*

1. Approval of and conformance to the Conditions of Approval for Variance (VAR-47839) and Tentative Map (TMP-47838) shall be required, if approved.

2. This approval shall be void four (4) years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Department of Building and Safety.

4. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.

5. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

Public Works

6. Construct private street improvements interior to this site to include a 40 foot width with rolled curb, no sidewalk or streetlights. No gating of this street is required.

WVR-47976 CONDITIONS

Planning

1. Approval of and conformance to the Conditions of Approval for Variances (VAR-47839), (VAR-47840) and Tentative Map (TMP-47838) shall be required, if approved.

2. This approval shall be void four (4) years from date of final approval, unless a building permit has been issued for new construction. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

TMP-47838 CONDITIONS

Planning

1. Approval of and conformance to the Conditions of Approval for Variances (VAR-47839), (VAR-47840) and Waiver (WVR-47976) shall be required, if approved.

2. Approval of the Tentative Map shall be for no more than four (4) years. If a Final Map is not recorded on all or a portion of the area embraced by the Tentative Map within four (4) years of the approval of the Tentative Map, this action is void.

3. Street names must be provided in accordance with the City's Street Naming Regulations.

4. In conjunction with creation, declaration and recordation of the subject common-interest community, and prior to recordation of the Covenants, Codes and Restrictions ("CC&R"), or conveyance of any unit within the community, the Developer is required to record a Declaration of Private Maintenance Requirements ("DPMR") as a covenant on all associated properties, and on behalf of all current and future property owners. The DPMR is to include a listing of all privately owned and/or maintained infrastructure improvements, along with assignment of maintenance responsibility for each to the common interest community or the respective individual property owners, and is to provide a brief description of the required level of maintenance for privately maintained components. The DPMR must be reviewed and approved by the City of Las Vegas Department of Field Operations prior to recordation, and must include a statement that all properties within the community are subject to assessment for all associated costs should private maintenance obligations not be met, and the City of Las Vegas be required to provide for said maintenance. Also, the CC&R are to include a statement of obligation of compliance with the DPMR. Following recordation, the Developer is to submit copies of the recorded DPMR and CC&R documents to the City of Las Vegas Department of Field Operations.

5. All development is subject to the conditions of City Departments and State Subdivision Statutes.

Public Works

6. Dedicate 30 feet of right-of-way adjacent to this site for Hickam Avenue, 30 feet for Juliano Road, and dedicate a 15 foot radius at the southeast corner of Hickam Avenue and Juliano Road.

7. Construct half-street improvements on Juliano Road and Hickam Avenue, including appropriate overpaving if legally able, adjacent to this site concurrent with associated on-site development activities. Extend all required underground utilities, such as electrical, telephone, traffic signal system, etc., located within public rights-of-way, prior to construction of hard surfacing (asphalt or concrete). All existing paving damaged or removed by this development shall be restored at its original location and to its original width concurrent with development of this site.

8. Private streets must be granted and labeled on the Final Map for this site as Public Utility Easements (P.U.E.), City of Las Vegas Sewer Easements and Public Drainage Easements to be privately maintained by the Homeowner's Association. Additionally, the Final Map for this site shall clearly state who is responsible for surface maintenance of the public drainage easement shown on Lot 2 (i.e. Owner of Lot 2 or HOA).

9. A Homeowner's Association or other similar Maintenance Organization shall be established to maintain all private roadways, public easements, and common areas created with this development. All landscaping shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

10. A minimum of two lanes of asphalt pavement on the major access street(s) adjacent to this site, and a working sanitary sewer connection shall be in place prior to final inspection of any units within this development. All off-site improvements adjacent to this site, including all required landscaped areas between the perimeter walls and adjacent public streets, shall be constructed and accepted prior to issuance of building permits beyond 75%. The above thresholds notwithstanding, all required improvements shall be constructed within 24 months of approval of construction drawings. No partial bond releases will be allowed until all perimeter roadway improvements are in place.

11. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits, submittal of any construction drawings or the submittal of a Map subdividing this site, whichever may occur first. Provide and improve all drainageways recommended in the approved drainage plan/study. The developer of this site shall be responsible to construct such neighborhood or local drainage facility improvements as are recommended by the City of Las Vegas Neighborhood Drainage Studies and approved Drainage Plan/Study concurrent with development of this site.

12. The approval of all Public Works related improvements shown on this Tentative Map is in concept only. Specific design and construction details relating to size, type and/or alignment of improvements, including but not limited to street, sewer and drainage improvements, shall be resolved prior to approval of the construction plans by the City. No deviations from adopted City Standards shall be allowed unless specific written approval for such is received from the City Engineer prior to the recordation of a Final Map or the approval of subdivision-related construction plans, whichever may occur first. Approval of this Tentative Map does not constitute approval of any deviations. If such approval cannot be obtained, a revised Tentative Map must be submitted showing elimination of such deviations.

** STAFF REPORT **

PROJECT DESCRIPTION

The applicant is proposing a five-lot residential subdivision on 2.5 acres zoned R-E (Residence Estates) near the southeast corner of Juliano Road and Hickam Avenue. The proposed lots do not meet the minimum design standards for the zoned district, which requires a Variance. In addition, a Variance is required to address the proposed private street that doesn't adhere to minimum design standards. The proposed location of the private street is within 220 feet of an existing intersection, which triggers the need for a Waiver. The development of this parcel as presented is not compatible with the surrounding area. This vacant land has no physical abnormities that would require any deviations from code in order to be fully developed; therefore, staff recommends denial of all requested applications. If denied, the parcel would remain undeveloped.

ISSUES

- A Variance is required to allow a 15,260 square-foot lot where the minimum allowed is 20,000 square feet, to allow an 85-foot lot width where the minimum required is 100 feet and to allow a 28-foot front yard setback on Lots 1 and 5 where the minimum required is 30 feet. Staff does not support this request.
- A Variance is required to allow a private street to not comply with minimum standards including no sidewalks or streetlights and a width of 40 feet where a minimum of 47 feet is required. Staff does not support this request.
- A Waiver is required to allow an intersection to be located 175 feet from another intersection where a 220-foot minimum distance separation is required. Staff does not support this request.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
01/16/02	The City Council approved a petition to annex 2.5 acres of property generally located at the intersection of Juliano Road and Hickam Avenue. The Planning Commission and staff recommended approval.

01/12/06	The Planning Commission denied a request for a Rezoning (ZON-10495) from: U(Undeveloped) Zone [RE (Rural Estates) General Plan Designation] to R-PD2 (Residential Planned Development – 2 units per acre) on 2.50 acres at the Southeast corner of Juliano Road and Hickam Avenue. Staff Recommended denial. The applicant withdrew the request prior to being heard by City Council.
	The Planning Commission denied a request for a Variance (VAR-10496) to allow a proposed residential planned development on 2.50 acres where the minimum allowed is 5 acres at the Southeast corner of Juliano Road and Hickam Avenue. Staff Recommended denial. The applicant withdrew the request prior to being heard by City Council.
	The Planning Commission denied a request for a Waiver (WVR-10947) of Title 18.12 to allow 175 feet between centerline intersections where 220 feet is the minimum allowed on 2.50 acres at the Southeast corner of Juliano Road and Hickam Avenue. Staff Recommended denial. The applicant withdrew the request prior to being heard by City Council.
	The Planning Commission denied a request for a Site Development Plan Review (SDR-10494) for a five-lot residential subdivision on 2.50 acres at the Southeast corner of Juliano Road and Hickam Avenue. Staff Recommended denial. The applicant withdrew the request prior to being heard by City Council.
02/12/13	The Planning Commission voted to hold related items VAR-47839, VAR-47840, WVR-47976 and TMP-47838 in abeyance to the March 13, 2013 Planning Commission meeting at the request of the applicant.

Most Recent Change of Ownership	
08/16/12	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses
No related permits have been issued for this site.

Pre-Application Meeting	
12/13/12	Staff reviewed the requirements to subdivide this property into five separate parcels. It was noted that the proposed street does not meet code requirements, since it is only 40 feet wide and does not have sidewalks or streetlights. It was also noted that the lots are smaller then allowed and Lots 1 and 5 do not meet the minimum front yard setbacks. These will require Variance applications. A Tentative Map is also required.

Neighborhood Meeting
No neighborhood meeting is required, nor was one held.

Field Check	
01/02/13	Staff visited the site and found an undeveloped lot that was clean and free of trash and debris. A large for sale sign has been erected.

To have a minimum of 220 feet between street intersections.	To allow a minimum of 175 feet between street intersections.	Denial

ANALYSIS

This is a similar request for this site that was proposed in 2006. At that time, the proposed five-lot residential subdivision was denied by the Planning Commission and staff. The applicant chose to withdraw the project prior to it being heard by City Council. The conditions in the area have not changed substantially and the project still doesn't meet the minimum code standards required.

The two Variance requests are needed due to the proposed fifth lot. The project could be designed within minimum code requirements if only four lots were proposed. The added fifth lot does not allow for the minimum lot size and lot widths to meet code requirements. The deviation from minimum lot size per code is nearly 25% smaller and is 15% smaller from minimum lot width requirements. There are no physical topography issues that would require a deviation from code requirements; therefore, these deviations are self-created and do not meet the requirements for relief via the variance process. Staff does not support these requests.

If there were no fifth lot proposed with the project a Waiver would not be required, since the private street would be considered a private driveway. However, as proposed, it is a private street that does not meet the minimum distance separation requirements from another intersection. The required Waiver to address this issue is not supported by staff. Furthermore, The Department of Public Works states, "That such a Waiver of public street standards may only be approved if the improvements are located behind a gated entrance per 19.04.070A. As no gate is proposed, we cannot support the proposed reduction in street requirements."

Although this project is not part of any Special Districts, it is an excepted area of the Inter Local Agreement. The Inter Local Agreement indicates that the maximum number of residential units per acre is two. This project is proposed at two dwelling units per acre, which is in compliance with the Inter Local Agreement.

The site plan as proposed does not reflect the intent of the R-E (Residence Estates) District, as it does not provide for homogeneity of land use patterns. The surrounding area has developed as larger lot, low-density-residential and this proposal would change the overall characteristic of the neighborhood. A redesign of the project with four lots would better meet the development factors in the area and could meet all minimum development standards. For these reasons, staff recommends denial. If approved, attached conditions are required to be met for this project.

FINDINGS (VAR-47839)

In accordance with the provisions of Title 19.16.140(B), Planning Commission and City Council, in considering the merits of a Variance request, shall not grant a Variance in order to:

1. Permit a use in a zoning district in which the use is not allowed;
2. Vary any minimum spacing requirement between uses;
3. Relieve a hardship which is solely personal, self-created or financial in nature."

Additionally, Title 19.16.140(L) states:

> "Where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of enactment of the regulation, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of the piece of property, the strict application of any zoning regulation would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardships upon, the owner of the property, a variance from that strict application may be granted so as to relieve the difficulties or hardship, if the relief may be granted without substantial detriment to the public good, without substantial impairment of affected natural resources and without substantially impairing the intent and purpose of any ordinance or resolution."

No evidence of a unique or extraordinary circumstance has been presented, in that the applicant has created a self-imposed hardship by proposing lots that do not meet the minimum code requirements. The project could be designed to code requirements by eliminating one lot. In view of the absence of any hardships imposed by the site's physical characteristics, it is concluded that the applicant's hardship is preferential in nature, and it is thereby outside the realm of NRS Chapter 278 for granting of Variances.

FINDINGS (VAR-47830)

In accordance with the provisions of Title 19.16.140(B), Planning Commission and City Council, in considering the merits of a Variance request, shall not grant a Variance in order to:

1. Permit a use in a zoning district in which the use is not allowed;
2. Vary any minimum spacing requirement between uses;
3. Relieve a hardship which is solely personal, self-created or financial in nature."

Additionally, Title 19.16.140(L) states:

> "Where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of enactment of the regulation, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of the piece of property, the strict application of any zoning regulation would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardships upon, the owner of the property, a variance from that strict application may be granted so as to relieve the difficulties or hardship, if the relief may be granted without substantial detriment to the public good, without substantial impairment of affected natural resources and without substantially impairing the intent and purpose of any ordinance or resolution."

No evidence of a unique or extraordinary circumstance has been presented, in that the applicant has created a self-imposed hardship by proposing a private street that does not meet minimum design standards. Alternative is to meet the minimum design standards that would allow conformance to the Title 19 requirements. In view of the absence of any hardships imposed by the site's physical characteristics, it is concluded that the applicant's hardship is preferential in nature, and it is thereby outside the realm of NRS Chapter 278 for granting of Variances.

FINDINGS (WVR-47976)

The Unified Development Code Title 19 has recently been updated to include a Complete Street Design Standards section this project does not meet; therefore, staff recommends denial.

FINDINGS (TMP-47474)

All Title 19 zoning and technical requirements regarding tentative maps are satisfied. However, Staff recommends denial of the subject tentative map due to the required Variances and Waiver that are associated with the application.

RE: Justification letter for Tentative Map and Variance Request for Juliano & Hickam (APN: 138-05-801-006; 5 lots on 2.5 gross acres)

To Whom It May Concern:

Taney Engineering, on behalf of the applicant, Astoria Residential, respectfully submits this justification letter in support of a Tentative Map and a Variance on the subject site. The subject site is generally located southeast of Juliano & Hickam right-of-ways.

The purpose of this Tentative Map is to develop the site to a single family residential development. The proposed development consists of 5 single family homes on 2.5 gross acres with a density of 2.0 units per acre. The proposed site is currently zoned R-E which is consistent with the proposed developments density. The proposed development will require a variance for minimum lot size, setbacks, and street improvements.

Requested waivers and justifications:

1). Required: Minimum lot size of 20,000-sf

Proposed: Minimum lot size 15,260-sf

Justification: If the area of the adjacent private roadway was included in the lot sizes (as Clark County allows on adjacent properties) the lots would be comparable in size to the adjacent county properties. A 5-lot cul-de-sac very similar to the one proposed, exists at the northwest corner of Helena & El Captain in Clark County, approx. 1300-ft from the proposed development.

Required: Minimum Front Setback 30.0'

Proposed: Front Setback 28.0' (Lots 1 and 5 only)

Justification: Providing a 6.0' landscape easement on the north side of the project reduces the usable lot depth. This request is a 6.7% deviation from the required setback. Many homes on adjacent lots are setback 20' from back of curb to the home. Based on this a 28.0' front setback is being requested on 2 of the 5 lots in the subdivision.

RECEIVED
DEC 20 2012
City of Las Vegas
Department of Planning

TMP-47838
VAR-47839
VAR-47840

2). Required: Private streets to be built to public street standards.

Proposed: 40.0' wide Private street with roll curb not meeting public street standards, (i.e: No sidewalk, streetlights).

Justification: In the surrounding subdivisions the private streets are built without sidewalk, streetlights, and with roll curb. We are requesting this variance to match the surrounding subdivisions & maintain a consistent look to the rural neighborhood.

If you have any questions or need any additional information please do not hesitate to contact this office.

Sincerely,

Michael Cunningham, PE
Taney Engineering

RE: Justification letter for Waiver Request for Juliano & Hickam (APN: 138-05-801-006; 5 lots on 2.5 gross acres)

To Whom It May Concern:

Taney Engineering, on behalf of the applicant, Astoria Residential, respectfully submits this justification letter in support of a Tentative Map and a Waiver on the subject site. The subject site is generally located southeast of Juliano & Hickam right-of-ways.

The purpose of this Tentative Map is to develop the site to a single family residential development. The proposed development consists of 5 single family homes on 2.5 gross acres with a density of 2.0 units per acre. The proposed site is currently zoned R-E which is consistent with the proposed developments density. The proposed development will require a waiver for street intersection offset.

Requested waivers and justifications:

1). Required: 220-ft between intersections

Proposed: 175-ft between intersections

Justification: Based on the size and location of the lot the entrance road to the subdivision is less than the required 220-ft. This layout has been proposed to be consistent with the other 2.5-acre subdivision within the area and to match the intersection directly across from the project. There are multiple 2.5 acre cul de sacs in the surrounding area with approximately the same distance between intersections.

If you have any questions or need any additional information please do not hesitate to contact this office.

Sincerely,

Michael Cunningham, PE
Taney Engineering

Astoria Residential

SEC Juliano & Hammer

Proposed 5 unit single family residential development.

Traffic produced by proposed development:

Proposed Use	DESCRIPTION	#UNIT	RATE/# UNIT	TOTAL
Average Daily Traffic (ADT)	SINGLE FAMILY DETACHED [DWELL]	5	9.57	48
AM Peak Hour			0.75	4
PM Peak Hour			1.01	5

Existing traffic on all nearby streets:

Alexander Road	
Average Daily Traffic (ADT)	6,413
PM Peak Hour (heaviest 60 minutes)	513

El Capitan Way	
Average Daily Traffic (ADT)	1,888
PM Peak Hour (heaviest 60 minutes)	151

	Adjacent Street ADT Capacity
Alexander Road	34,500
El Capitan Way	16,300

This project is expected to add about 48 trips per day on Juliano Rd., Hammer Ave., Alexander Rd. & El Capitan Way. Currently, Alexander is at about 19 percent of capacity and El Capitan is at about 12 percent of capacity. With this project, Alexander is expected to remain at about 19 percent of capacity and El Capitan to remain at about 12 percent of capacity. Counts are not available in this vicinity for Juliano or Hammer, but they are believed to be under capacity.

Based on Peak Hour use, this project will add about 5 trips in the peak hour, or about one every twelve minutes.

Note that this report assumes all traffic from this development uses all named streets.

Planning

1. Conformance to all Minimum Requirements under LVMC Title 19.12 for a Retail Establishment with Accessory Package Liquor Off-Sale use.

2. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Department of Building and Safety.

4. Approval of this Special Use Permit does not constitute approval of a liquor license.

5. This business shall operate in conformance to Chapter 6.50 of the City of Las Vegas Municipal Code.

6. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

** STAFF REPORT **

PROJECT DESCRIPTION

This application is a request for a Special Use Permit for a proposed Accessory Package Liquor Off-Sale use within an existing 3,000 square-foot Retail Establishment at 2212 East Charleston Boulevard. Staff recommends approval of the requested Special Use Permit, as the development is in compliance with the minimum Special Use Permit requirements listed in Title 19.12 for the Retail Establishment with Accessory Package Liquor Off-Sale use and the use is complementary to wide variety of commercial uses within the existing retail building. If denied, the use will only be allowed to operate as a Convenience Store with no alcohol sales.

ISSUES

- A Retail Establishment with Accessory Package Liquor Off-Sale use is permitted in the C-2 (General Commercial) zoning district with the approval of a Special Use Permit.
- The provided floor plans show 74 square feet of total floor area dedicated to the retail display and sales of alcohol.
- The applicant has granted a 20-foot wide perpetual, non-revocable public access easement connecting the existing public alley to the existing driveway accessing Charleston Boulevard, as required by Condition #3 of Special Use Permit (U-0143-97).

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
02/23/98	The City Council approved a Special Use Permit (U-0143-97) for the sale of beer and wine in conjunction with an existing convenience store. The Planning Commission and staff recommended approval.
06/19/02	The City Council denied an Appeal of the Planning Commission's decision to deny a request for a Special Use Permit (U-0031-02) for Package Liquor sales in conjunction with an existing convenience store. Staff had recommended denial.
03/01/06	The City Council approved a Special Use Permit (SUP-10786) for a proposed Financial Institution, Specified (Check Cashing) and waivers of the 200-foot separation requirement from a parcel zoned for a residential use, and the 1,000-foot separation requirement from other Financial Institution, Specified uses at 2212 East Charleston. The Planning Commission recommended approval and staff recommended denial.
02/12/13	The Planning Commission voted to this item in abeyance to the March 13, 2013 Planning Commission meeting at the request of the applicant.

Most Recent Change of Ownership	
10/12/12	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses	
10/23/98	A business license was issued for cigarette sales (#C05-01907) and a convenience store (#C15-00241) at 2212 East Charleston Boulevard. This license remains active.
08/09/06	A business license (#N02-00132) was issued for non-depository lender services at 2212 East Charleston Boulevard. This license remains active.
11/09/09	A business license was issued for beer/wine/cooler off sale (#L10-00300) and for gaming (#G01-02374).

Pre-Application Meeting	
06/19/12	A pre-application meeting was held and the applicant's representative to discuss the requirements for adding off premise liquor sales. A brief follow-up meeting was held with the applicant to discuss the current proposal on 11/20/12.

Neighborhood Meeting
A neighborhood meeting is not required for this type of request, nor was one held.

Field Check	
11/29/12	Staff conducted a field check of the subject property and noted the proposed location for the use will be within an existing Convenience Store within a maintained strip mall.

DEVELOPMENT STANDARDS

Pursuant to Title 19.12, the following parking standards apply:

Parking Requirement							
Use	***Gross Floor Area or Number of Units***	***Required***			***Provided***		***Compliance***
		Parking Ratio	*Parking*		*Parking*		
			Regular	Handi-capped	Regular	Handi-capped	
General Retail, Other Than Listed	14,085 SF	1:175 SF					
TOTAL SPACE REQUIRED			81		34		
Regular and Handicap Spaces Required			77	4	32	2	Y*

**Pursuant to Title 19.18.030(D)(1), the subject site is parking impaired, as the property and the adjacent parcel were developed in 1953 and provided only 47spaces at the time of construction.*

ANALYSIS

The subject property is located within a 3,000 square-foot Convenience Store and is complementary to the commercial uses and other existing retail establishments found on site. The submitted floor plans show 50 square feet of cooler space and 24 square feet of shelf space dedicated to the retail display of alcohol. The proposed use complies with all Minimum Special Use Permit Requirements, as there are no protected uses within 400 feet of this proposal. This proposal is deemed to be a "Project of Regional Significance" because the Special Use Permit request is located within 500 feet of unincorporated Clark County limits. The applicant has submitted a Project of Regional Significance report and no comments from the participating agencies were made. No additional parking required beyond that which is required for the principal use on the site, as parking requirements were addressed during the original construction of this site and there are no increases to the current parking demand from the proposed use.

The Retail Establishment with Accessory Package Liquor Off-Sale use is defined as, "A retail establishment:

1. Whose license to sell alcoholic beverage authorizes their sale to consumers only and not for resale, in original sealed or corked containers, for consumption off the premises where the same are sold; and
2. In which the sale of alcoholic beverages is ancillary to the retail use, and which no more than 10 percent of the retail floor space is regularly devoted to the display or merchandising of alcoholic beverages.

The proposed use meets the definition above, as the provided floor plans show a 3,000 square foot Convenience Store with 74 square feet dedicated to the retail sale of alcohol.

The Minimum Special Use Permit Requirements for this use include:

1. Except as otherwise provided, no retail establishment with accessory package liquor off-sale (hereinafter "establishment") shall be located within 400 feet of any church, synagogue, school, child care facility licensed for more than 12 children, or City park.

There are no protected uses within 400 feet of this proposal.

2. Except as otherwise provided in Requirement 3 below, the distances referred to in Requirement 1 shall be determined with reference to the shortest distance between two property lines, one being the property line of the proposed establishment which is closest to the existing use to which the measurement pertains, and the other being the property line of that existing use which is closest to the proposed establishment. The distance shall be measured in a straight line without regard to intervening obstacles. For purposes of measurement, the term "property line" refers to property lines of fee interest parcels and does not include the property line of:

a. Any leasehold parcel; or

b. Any parcel which lacks access to a public street or has no area for on-site parking and which has been created so as to avoid the distance limitation described in Requirement 1.

This condition is not applicable.

3. In the case of an establishment proposed to be located on a parcel of at least 80 acres in size, the minimum distances referred to in Requirement 1 shall be measured in a straight line:

a. From the nearest property line of the existing use to the nearest portion of the structure in which the establishment will be located, without regard to intervening obstacles; or

b. In the case of a proposed establishment which will be located within a shopping center or other multiple-tenant structure, from the nearest property line of the existing use to the nearest property line of a leasehold or occupancy parcel in which the Retail Establishment with Accessory Package Liquor Off-Sale will be located, without regard to intervening obstacles.

This condition is not applicable.

4. When considering a Special Use Permit application for an establishment which also requires a waiver of the distance limitation in Requirement 1, the Planning Commission shall take into consideration the distance policy and shall, as part of its recommendation to the City Council, state whether the distance requirement should be waived and the reasons in support of the decision.
This condition is not applicable.

5. The minimum distance requirements in Requirement 1 do not apply to:

a. An establishment which has a nonrestricted gaming license in connection with a hotel having 200 or more guest rooms on or before July 1, 1992 or in connection with a resort hotel having in excess of 200 guest rooms after July 1, 1992; or

b. A proposed establishment having more than 50,000 square feet of retail floor space.

This condition is not applicable.

*6. All businesses which sell alcoholic beverages shall conform to the provision of LVMC Chapter 6.50.

The proposed use will be subject to ongoing licensing inspections to ensure that this condition is met.

*7. The minimum distance requirements set for in Requirement 1, which are otherwise nonwaiveable under the provision of LVMC 19.12.050(C), may be waived.

This condition is not applicable.

Staff recommends approval of this request, as the use conforms to the Minimum Special use Permit Requirements and is a compatible use for the proposed location. If denied, the applicant would be allowed to operate the Convenience Store with Beer/Wine/Cooler Off sale, but will not be allowed to sell package liquor.

FINDINGS (SUP-47591)

In order to approve a Special Use Permit application, per Title 19.16.110(L) the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed Retail Establishment with Accessory Package Liquor Off-Sale use is compatible with the C (Commercial) General Plan land use designation and the C-2 (General Commercial) zoning district permissible uses, upon the approval of a Special Use Permit. The proposed use is located within an existing commercial center with a substantial concentration of major commercial development. The proposed use can be conducted in a manner that is harmonious and compatible with the surrounding uses.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The proposed use will consist of 74 square feet of alcoholic beverage retail display area and will operate within a 3,000 square-foot Convenience Store. There is no evidence of a physical constraint to the proposed use on the subject site.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

The site is accessed from Charleston Boulevard, which is adequate in size to meet the requirements of the proposed use. The subject site was developed in 1953 and is parking impaired, as described in Title 19.18.030(D)(1). The proposed Retail Establishment with Accessory Package Liquor Off-Sale use will be located within the existing Convenience Store, and will not constitute an increase in onsite parking.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   The site will be subject to regular inspection and will not compromise the public health, safety, and welfare or the overall objectives of the General Plan.

5. **The use meets all of the applicable conditions per Title 19.12.**

   The proposed use in conjunction with an existing Convenience Store complies with the Minimum Special Use Permit Requirements listed for the Retail Establishment with Accessory Package Liquor Off-Sale use in Title 19.12.

Re: Use Permit to allow retail use with Off-sale Accessory Packaged Liquor. 162-01-101-004

Dear Madam/Sir:

Please consider this request to sell packaged liquor within a convenience store located at 2212 East Charleston Blvd. The proprietor, Khoshaba Israel has been an owner/manager of this store since 1998. The site currently sells beer and wine and has operated well within the community. The property is currently zoned C-2 which allows the sale of accessory packaged liquor with a use permit. While a business across the street sells beer and wine, there is no identifiable vendor of packaged liquor in the nearby vicinity. At this time there have been no protected uses identified within a 400 foot radius. All constraints in terms of operations and floor area will conform to title 6. For example, less than 10% of retail area will be dedicated to alcohol display.

The site plan indicates the parcel is parking impaired however, this use will not add to the parking requirement.

Please call me at (702) 598-1408 if you have concerns or questions.

Very truly yours,

Lora Dreja

RE: Special use permit

SUP-10786

Item #89

Gordon family trust-rosman Elliot trust.

In regards to the request for a check cashing business to be located in the Maxi mart, The parking problem will not go away by adding a service that requires an even lengthier stay to complete paperwork. My tenant C J tile has but about 4 spaces to service its customers, as you may be aware it is a time consuming ordeal to pick out tile.

I believe any further impact on my tenant may impose upon his ability to prosper, being trapped between two financial institutions may cause grievous harm.

If we were to receive some relief from the city to allow parking on the east side of 2216 e. Charleston it might cure some of the problem, but I think it would have to be as a condition before approval is given.

I believe this was a condition that was approved once before when the Maxi Mart was first allowed to open, but I have no documentation on this.

Respectfully yours
Gordon trust Rosman Elliot trust

May 10, 2011

To: Shawn N Barashy
PO box 80652
Las Vegas Nevada 89180

Regarding: 2216 E. Charleston, Las Vegas Nevada

Dear Shawn,

Per our conversation a few months back regarding the owners of 2216 East Charleston compensating you for our proposed tenant using the driveway to the East of our space. We agreed on $ 150 per month,on a month to month basis. The tenant was just approved by the Business Licensing Department and has just opened. If he makes it to his fist months rent, the end of June, we will start that process.

I want to be very clear that we are not responsible to pay you anything and are agreeing to do so, to not create a conflict and just to make life easier. I have attached a copy of you approval in 1998 saying you had to provide an Access easement through that area.

Respectfully Yours,

David Mason

California Tire & Accessories
Ishmael Zubia
2216 E Charleston Blvd
Las Vegas, NV 89104

Re: Unauthorized activities on Tuesday Properties LLC Parcel.

Mr. Zubia,

On multiple occasions over the past few months I have asked you to stop working, displaying tires, bumper and other goods on my property and not to park in any other place but along the east wall of 2216 E Charleston. We had an agreement that for $150 per month you are permitted to park three vehicles on my property along the east wall of 2216 E Charleston only. I received a letter from Dave Mason that he decided to reduce the $150 to $120 due to rent reduction your landlord granted you. Since then I received no payment.

On Friday January 27, 2012 I posted violation stickers on your vehicles and placed a new sign for unauthorized parking giving you until Monday January 30th, 2012 to remove all vehicles and displayed material from my lot. I spoke to you that day and asked you to remove all vehicles and material from my lot. You asked for a written notice. Although I have no obligation to give you any written notice for the unauthorized parking on my lot I am giving this courtesy notice one time. **Please remove all tires and material from my property, remove all your trucks and other vehicles immediately. Do not perform any automotive or other work on my lot. Any vehicle on my property will be towed at your expense by Monday February 6, 2012. Any of your products remaining on my property will be removed.**

Sincerely,

Tuesday Properties LLC

RE: U-143-97 - SPECIAL USE PERMIT

Dear Mr. Barashy:

The City Council at a regular meeting held February 23, 1998 APPROVED the request for a Special Use Permit on property located at 2224 East Charleston Boulevard FOR THE OFF-PREMISE SALE OF BEER AND WINE IN CONJUNCTION WITH A PROPOSED CONVENIENCE STORE, C-2 (General Commercial) Zone, subject to:

1. The sale of quart beer containers is prohibited.

2. Two of the parking spaces located along East Charleston Boulevard shall be removed and replaced with landscaping. Landscaping shall be installed in conformance with the Landscape, Wall, and Buffer Standards of the Urban Design Guidelines and Standards within one (1) year of the approval of this application. Failure to install and maintain the landscaping shall result in the revocation of the operator's business license.

3. Grant a 20 foot wide perpetual, non-revocable public access easement through the parking lot (Parcel 162-01-101-006 of this application) connecting the existing public alley to the existing driveway accessing Charleston Boulevard prior to occupancy of this site as required by the Department of Public Works.

4. All mechanical equipment, air conditioners and trash areas shall be screened from view from the abutting streets (excluding single family development).

5. All City Code requirements and design standards of all City departments must be satisfied.

CITY OF LAS VEGAS NEVADA

400 E. STEWART AVENUE • LAS VEGAS, NEVADA 89101-2986
(702) 229-6011 (VOICE) • (702) 386-9108 (TDD)

6. Parking and driveway plans must be approved by the Traffic Engineer prior to the issuance of any permits.

7. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

8. Provide plans showing accessible exterior routes from public transportation stops, accessible parking, passenger loading zones and public sidewalks to the accessible building entrance(s) with submittal of plans for building permits as required by the Planning and Development Department. Accessible routes shall have running slopes and cross slopes in accordance with the applicable code.

Sincerely,

DECLARATION OF RECIPROCAL EASEMENT

THIS DECLARATION OF EASEMENT is made this _____ day of June, 2002, by and between NIMROD BARASHY, 7708 Wolfcreek Road, Las Vegas, Nevada 89128, hereafter referred to as "Barashy," and the GORDON TRUST, 3113 Conners Drive, Las Vegas, Nevada 89107, hereafter referred to as "the Trust," involving three (3) parcels of real property located on East Charleston near Fremont Street, more particularly described below.

Recitals:

1. Barashy is the owner of certain land in Las Vegas, Clark County, Nevada, more particularly described as Assessor Parcel Nos. 16201101006 and 16201101004.
2. Barashy operates a market with beer and wine sales on APN 16201101004 (the "Market Parcel"). The front of the Market Parcel contains parking for the store.
3. Barashy uses APN 16201101006 for parking (the "Parking Parcel").
4. The Gordon Trust is the owner of that certain land in Las Vegas, Clark County, Nevada, more particularly described as Assessor Parcel No. 16201101005 (the "Gordon Parcel"). The Gordon Parcel has parking in front of its store, which area is necessary for ingress and egress by the Market Parcel and for access to the market from the Parking Parcel.
5. Attached as Exhibit "1" is a diagram of the parcels owned by the parties. The diagram illustrates the common driveway for ingress and egress, as well as a common front parking areas of the Parcels. The highlighted areas represent the access used by the Gordon Parcel for its loading door and rear exits.
6. In 1997, Barashy applied for a special use permit with the City of Las Vegas for the sale of beer and wine on the Market Parcel, which was approved by the Las Vegas City Council on February 23, 1998.

7. The Gordon Trust and Barashy agreed that if the Gordon Trust did not object to the special use application, Barashy would not interfere with the access to the loading door on the East side or the back doors on the South side of the Gordon Parcel. See the highlighted areas of Exhibit "1."

8. It is essential to the value of the parcels that the parties enter into this reciprocal easement agreement for the benefit of the parcels and their respective tenants.

NOW, THEREFORE, in consideration for the mutual promises set forth herein and other good and valuable consideration, the parties agree as follows:

1. *Easement*. The parties hereby create mutual easements across and onto the Barashy Parcel, the Market Parcel and the Gordon Parcel for ingress and egress, as well as access to the side and rear doors of the Gordon Parcel, as highlighted on Exhibit "1."

2. *Repair and Maintenance of Easement*. Each party shall maintain the area used for vehicular traffic on its parcel in good condition and at its own cost.

3. *Amendments*. The provisions of this agreement may be amended only by a written agreement signed by all of the parties.

4. *Binding Agreement*. The Easement rights and responsibility set forth in this agreement shall be perpetual and shall run with the land, and shall be binding on the successors and assigns of the parcel owners.

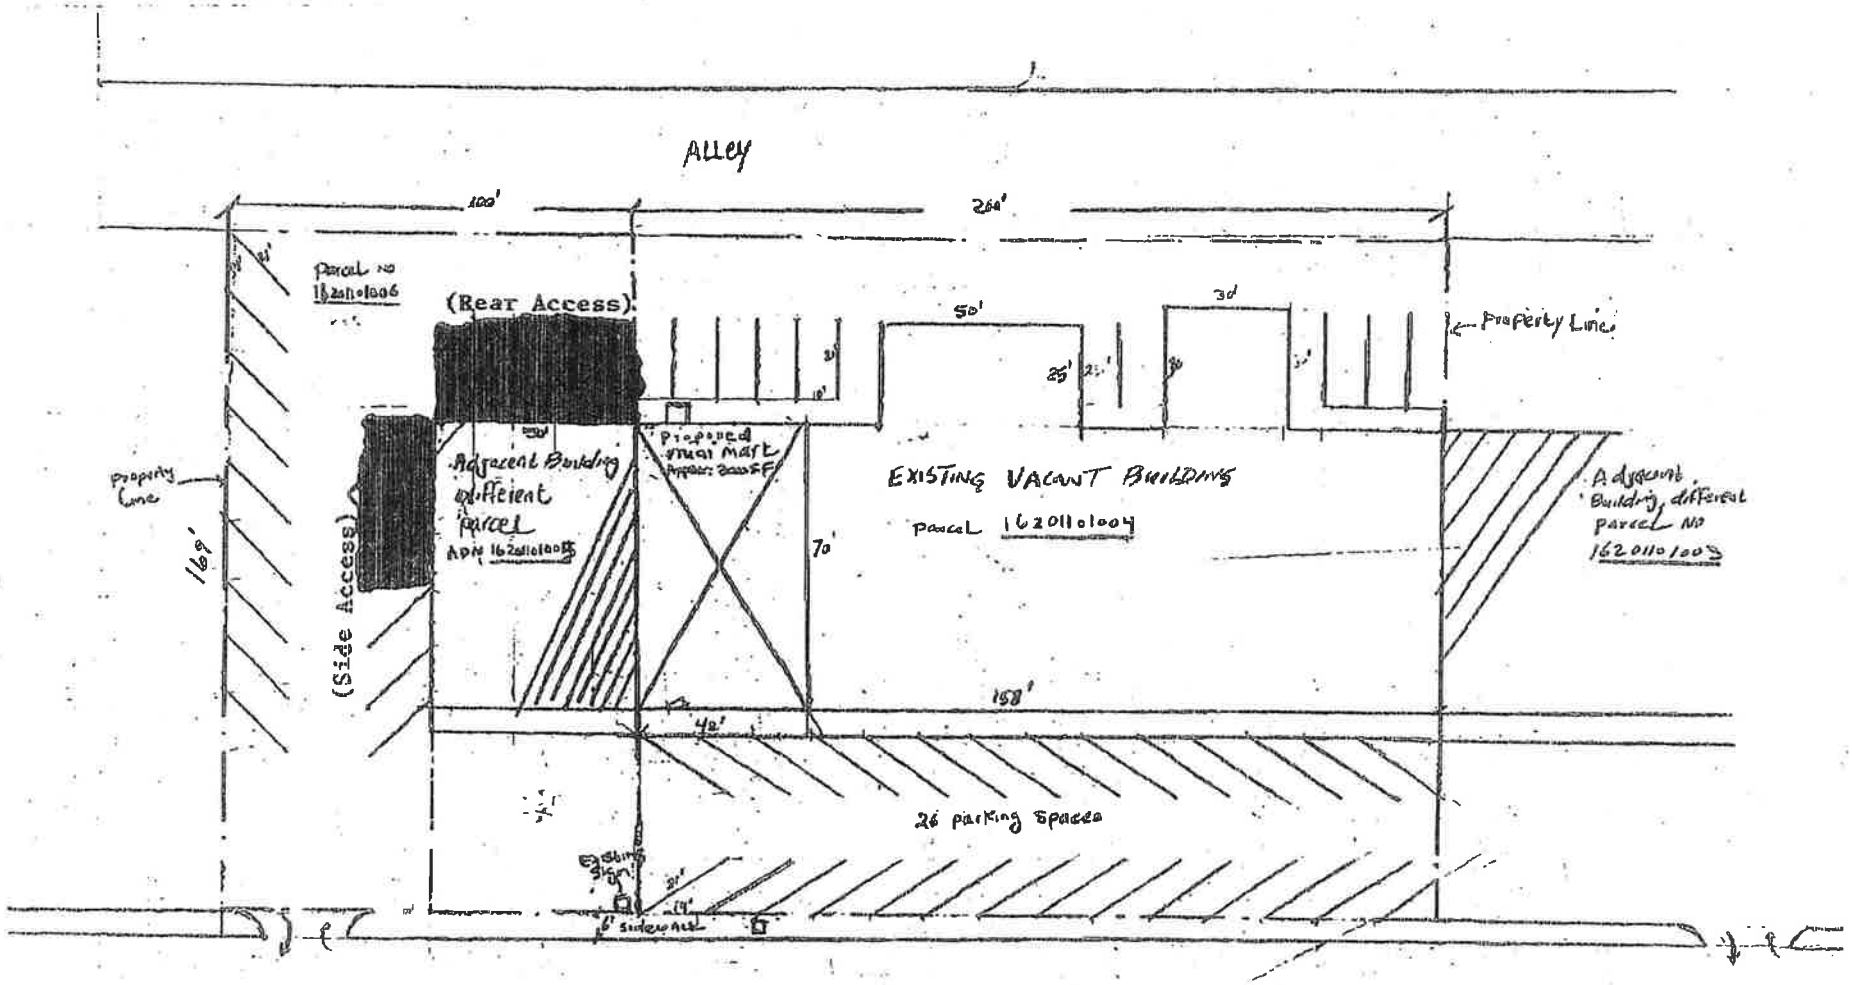

IN WITNESS WHEREOF, the parties have executed this Declaration of Reciprocal Easement on the date first above written.

8. It is essential to the value of the parcels that the parties enter into this reciprocal easement agreement for the benefit of the parcels and their respective tenants.

9. This Agreement is necessary to prevent the parties from disrupting the flow of traffic and access that has existed between these parcels for more than thirty years.

10. This Agreement is also necessary to prevent costly and protracted litigation regarding prescriptive easements and easements by contract among the various parties.

NOW, THEREFORE, in consideration for the mutual promises set forth herein and other good and valuable consideration, the parties agree as follows:

1. *Easement*. The parties hereby create mutual easements across and onto the Barashy Parcel, the Market Parcel and the Gordon Parcel for ingress and egress, as well as access to the side and rear doors of the Gordon Parcel, as highlighted on Exhibit "1."

2. *Repair and Maintenance of Easement*. Each party shall maintain the area used for vehicular traffic on its parcel in good condition and at its own cost.

3. *Amendments*. The provisions of this Agreement may be amended only by a written agreement signed by all of the parties.

4. *Binding Agreement*. The easement rights and responsibility set forth in this Agreement shall be perpetual and shall run with the land, and shall be binding on the successors and assigns of the parcel owners.

IN WITNESS WHEREOF, the parties have executed this Declaration of Reciprocal Easement on the date first above written.

Attention City council

RE: Special use permit

SUP-10786

Item #89

Gordon family trust-rosman Elliot trust.

In regards to the request for a check cashing business to be located in the Maxi mart, The parking problem will not go away by adding a service that requires an even lengthier stay to complete paperwork. My tenant C J tile has but about 4 spaces to service its customers, as you may be aware it is a time consuming ordeal to pick out tile.

I believe any further impact on my tenant may impose upon his ability to prosper, being trapped between two financial institutions may cause grievous harm.

If we were to receive some relief from the city to allow parking on the east side of 2216 e. Charleston it might cure some of the problem, but I think it would have to be as a condition before approval is given.

I believe this was a condition that was approved once before when the Maxi Mart was first allowed to open, but I have no documentation on this.

Respectfully yours
Gordon trust Rosman Elliot trust

To: Shawn N Barashy
PO box 80652
Las Vegas Nevada 89180

Regarding: 2216 E. Charleston, Las Vegas Nevada

Dear Shawn,

Per our conversation a few months back regarding the owners of 2216 East Charleston compensating you for our proposed tenant using the driveway to the East of our space. We agreed on $ 150 per month,on a month to month basis. The tenant was just approved by the Business Licensing Department and has just opened. If he makes it to his fist months rent, the end of June, we will start that process.

I want to be very clear that we are not responsible to pay you anything and are agreeing to do so, to not create a conflict and just to make life easier. I have attached a copy of you approval in 1998 saying you had to provide an Access easement through that area.

Respectfully Yours,

David Mason

Re: Unauthorized activities on Tuesday Properties LLC Parcel.

Mr. Zubia,

On multiple occasions over the past few months I have asked you to stop working, displaying tires, bumper and other goods on my property and not to park in any other place but along the east wall of 2216 E Charleston. We had an agreement that for $150 per month you are permitted to park three vehicles on my property along the east wall of 2216 E Charleston only. I received a letter from Dave Mason that he decided to reduce the $150 to $120 due to rent reduction your landlord granted you. Since then I received no payment.

On Friday January 27, 2012 I posted violation stickers on your vehicles and placed a new sign for unauthorized parking giving you until Monday January 30th, 2012 to remove all vehicles and displayed material from my lot. I spoke to you that day and asked you to remove all vehicles and material from my lot. You asked for a written notice. Although I have no obligation to give you any written notice for the unauthorized parking on my lot I am giving this courtesy notice one time. **Please remove all tires and material from my property, remove all your trucks and other vehicles immediately. Do not perform any automotive or other work on my lot. Any vehicle on my property will be towed at your expense by Monday February 6, 2012. Any of your products remaining on my property will be removed.**

Sincerely,

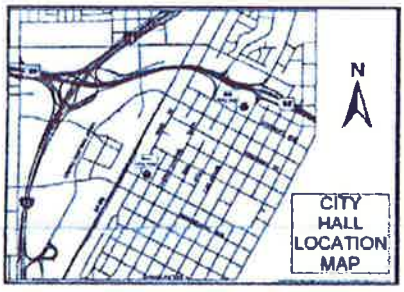

Tuesday Properties LLC

** STAFF RECOMMENDATION(S) **

CASE NUMBER	*RECOMMENDATION*	*REQUIRED FOR APPROVAL*
VAR-48169	Staff recommends DENIAL, if approved subject to conditions:	
TMP-48166	Staff recommends DENIAL, if approved subject to conditions:	VAR-48169

** CONDITIONS **

VAR-48169 CONDITIONS

Planning

1. Approval of and conformance to the Conditions of Approval for a Tentative Map (TMP-48166) shall be required, if approved.

2. Conformance to the approved conditions for Rezoning (ZON-12235).

3. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.

4. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Department of Building and Safety.

5. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.

6. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

TMP-48166 CONDITIONS

Planning

1. Approval of the Tentative Map shall be for no more than four (4) years. If a Final Map is not recorded on all or a portion of the area embraced by the Tentative Map with four (4) years of the approval of the Tentative Map, this action is void.

2. All development shall conform to the Conditions of Approval for Variance (VAR-48169).

3. Street names must be provided in accordance with the City's Street Naming Regulations.

4. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

5. In conjunction with creation, declaration and recordation of the subject common-interest community, and prior to recordation of the Covenants, Codes and Restrictions ("CC&R"), or conveyance of any unit within the community, the Developer is required to record a Declaration of Private Maintenance Requirements ("DPMR") as a covenant on all associated properties, and on behalf of all current and future property owners. The DPMR is to include a listing of all privately owned and/or maintained infrastructure improvements, along with assignment of maintenance responsibility for each to the common interest community or the respective individual property owners, and is to provide a brief description of the required level of maintenance for privately maintained components. The DPMR must be reviewed and approved by the City of Las Vegas Department of Field Operations prior to recordation, and must include a statement that all properties within the community are subject to assessment for all associated costs should private maintenance obligations not be met, and the City of Las Vegas be required to provide for said maintenance. Also, the CC&R are to include a statement of obligation of compliance with the DPMR. Following recordation, the Developer is to submit copies of the recorded DPMR and CC&R documents to the City of Las Vegas Department of Field Operations.

6. All development is subject to the conditions of City Departments and State Subdivision Statutes.

Public Works

7. The Final Map for this site should be labeled as a "Merger and Resubdivision".

8. Dedicate the proposed public streets and appropriate radius corners on the Final Map for this site.

9. Construct half-street improvements on Donald Road and Dorrell Lane to City Standards including appropriate transition paving to match the existing improvements adjacent to this site concurrent with development of this site. Extend widened pavement west on Dorrell Lane to prevent a "sawtooth" road configuration on Dorrell Lane. Extend all required underground utilities, such as electrical, telephone, etc., located within public rights-of-way, past the boundaries of this site prior to construction of hard surfacing (asphalt or concrete). All existing paving damaged or removed by this development shall be restored at its original location and to its original width concurrent with development of this site.

10. A working sanitary sewer connection shall be in place prior to final inspection of any units within this development. Full permanent improvements on all major access streets, including all required landscaped areas between the perimeter wall and adjacent public street, shall be constructed and accepted by the City prior to issuance of any building permits beyond 50% of all units within this development. All off-site improvements adjacent to this site, including all required landscaped areas between the perimeter walls and adjacent public streets, shall be constructed and accepted prior to issuance of building permits beyond 75%. The above thresholds notwithstanding, all required improvements shall be constructed within 24 months of approval of construction drawings.

11. Site Visibility Restriction Zones (S.V.R.Z.) adjacent to public streets shall be indicated on civil improvement plans, not on Final Maps, and shall include the following note: "No walls, fences, trees, shrubs, utility appurtenances or any other object, other than traffic control devices and street light poles, may be constructed or installed within the Sight Visibility Restriction Zone (S.V.R.Z.) unless said object is maintained at less than 24 inches in height measured from adjacent top of curb, or where no curb exists, a height of 27 inches measured from the top of adjacent asphalt, gravel, or pavement street surface". Area shall be labeled as "Privately Maintained". All landscaping shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

12. A common lot shall be created with a Public Drainage Easement over the entire common lot for drainage purposes between Lots 28 and 29 to be privately maintained by the Homeowners Association. Alternatively, the drainage easement between Lots 28 & 29 shall be labeled as a "Public Drainage Easement to be Privately Maintained" and specifically indentify who owns the underlying property and improvements, and who is responsible for perpetual maintenance, prior to recordation of a Final Map for this site.

13. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits, submittal of any construction drawings or the submittal of a Map subdividing this site, whichever may occur first. Provide and improve all drainageways recommended in the approved drainage plan/study. The developer of this site shall be responsible to construct such neighborhood or local drainage facility improvements as are recommended by the City of Las Vegas Neighborhood Drainage Studies and approved Drainage Plan/Study concurrent with development of this site.

14. The approval of all Public Works related improvements shown on this Tentative Map is in concept only. Specific design and construction details relating to size, type and/or alignment of improvements, including but not limited to street, sewer and drainage improvements, shall be resolved prior to approval of the construction plans by the City. No deviations from adopted City Standards shall be allowed unless specific written approval for such is received from the City Engineer prior to the recordation of a Final Map or the approval of subdivision related construction plans, whichever may occur first. Approval of this Tentative Map does not constitute approval of any deviations. If such approval cannot be obtained, a revised Tentative Map must be submitted showing elimination of such deviations.

** STAFF REPORT **

PROJECT DESCRIPTION

The applicant is requesting approval of a proposed 31-lot single family residential development on 7.40 gross acres of undeveloped land on the north side of Dorrell Lane, approximately 420 feet west of Decatur Boulevard. As the site is already zoned R-1 (Single Family Residential), only a Tentative Map is needed for approval. The lots will front on 47-foot wide public streets that will have access to both Dorrell Lane and Donald Road. The street and lot configuration meets Title 19 connectivity and Complete Streets requirements but requires a variance for lot width and setbacks in order to accommodate the design of the proposed dwellings. As the characteristics of the subject site do not warrant narrower lots and the proposed products are not all designed to fit on these lots, staff recommends denial of the variance and the tentative map based on it. If denied, the site would remain undeveloped with a zoning designation of R-1.

ISSUES

- Per Nevada Revised Statutes Chapter 278, land proposed to be subdivided into five or more lots requires Planning Commission approval of a Tentative Map prior to subdividing. Staff does not support the applicant's request, as a self-imposed variance from Title 19 is necessary to allow the proposed subdivision design.
- Prior to approval of a tentative map for the proposed subdivision, a Variance is required to allow a minimum lot width of 60 feet for all proposed lots where 65 feet is required in the R-1 (Single Family Residential) District. Additionally, a variance is needed to allow a front yard setback of 10 feet where 20 feet is required on Lots 1, 10 and 11 and to allow a corner side yard setback of 10 feet where 15 feet is required on Lots 1, 24, 25 and 31. Staff does not support the variance requests.
- The proposed product for this development will be subject to a lot fit analysis to determine conformance with the approved setbacks and with standard lot coverage standards.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
06/07/06	The City Council approved a General Plan Amendment (GPA-12234) to change the land use designation from ML (Medium Low Density Residential) to L (Low Density Residential) on 12.9 acres adjacent to the north side of Dorrell Lane, approximately 450 feet west of Decatur Boulevard. The Planning Commission and staff recommended approval.

Related Relevant City Actions by P&D, Fire, Bldg., etc	
06/07/06	The City Council approved a Rezoning (ZON-12235) from R-E (Residence Estates) and R-E under Resolution of Intent to R-PD3 (Residential Planned Development – 3 Units per Acre) to R-1 (Single Family Residential) on 12.9 acres adjacent to the north side of Dorrell Lane, approximately 450 feet west of Decatur Boulevard. The Planning Commission and staff recommended approval.
	The City Council approved a Special Use Permit (SUP-12705) for Private Streets in conjunction with a proposed 64-lot single family residential development adjacent to the north side of Dorrell Lane, approximately 450 feet west of Decatur Boulevard. The Planning Commission and staff recommended approval.
07/27/06	The Planning Commission approved a Tentative Map (TMP-14244) for a 64-lot single family residential subdivision on 12.90 acres adjacent to the north side of Dorrell Lane, approximately 450 feet west of Decatur Boulevard. Staff recommended approval. The map expired 07/27/08.
09/28/06	Code Enforcement processed a case (46694) involving a complaint about weeds, trash, garbage, debris and dangerous structures on undeveloped property at 4920 West Dorrell Lane. The case was resolved 10/18/06.
06/04/08	The City Council approved Extensions of Time (EOT-27874 and EOT-27873) for the previously approved Rezoning (ZON-12235) and Special Use Permit (SUP-12705) on 12.9 acres adjacent to the north side of Dorrell Lane, approximately 450 feet west of Decatur Boulevard. Staff recommended approval of all requests. The approval for SUP-12705 expired 06/07/10. Parcels on the subject site were hard zoned R-1 (Single Family Residential) on 07/01/09 through Ordinance 6046.
06/26/08	The Planning Commission approved a Tentative Map (TMP-28062) for a 64-lot single family residential subdivision on 12.90 acres adjacent to the north side of Dorrell Lane, approximately 450 feet west of Decatur Boulevard. Staff recommended approval. The map expired 06/26/12.

Most Recent Change of Ownership	
07/21/10	A deed was recorded for a change in ownership on APN 125-24-503-011.
09/02/10	A deed was recorded for a change in ownership on APN 125-24-503-017.
03/01/11	A deed was recorded for a change in ownership on APN 125-24-503-008, 009.
05/24/12	A deed was recorded for a change in ownership on APN 125-24-503-004.

Related Building Permits/Business Licenses
There are no related building permits or business licenses associated with the subject property.

Pre-Application Meeting	
01/21/13	A pre-application meeting was held with the applicant to discuss submittal requirements for a Tentative Map. It was determined that variances could be combined for a reduction in lot width and for setbacks on individual parcels. The applicant was able to obtain City Traffic Engineer approval for an intersection offset of 159 feet from Dorrell Lane, as it was a secondary, gated access. The variances must be approved before the tentative map can be approved.

Neighborhood Meeting	
02/27/13	A neighborhood meeting is not required for the requested applications; however, the applicant intends to conduct a voluntary neighborhood meeting prior to the meeting of the Planning Commission at 6:00 p.m. in the Aliante Library, 2400 West Deer Springs Way in North Las Vegas.

Field Check	
01/31/13	The site is undeveloped and gently slopes up from east to west. Portions contain weeds and mounds of dirt and debris.

ANALYSIS

A portion of the site is located within 330 feet of a Rural Preservation Neighborhood as defined by Title 19.18 and identified by the Land Use and Rural Neighborhoods Preservation Element of the Las Vegas 2020 Master Plan. As the subject site is already zoned R-1 (Single Family Residential) and the General Plan Land Use designation is L (Low Density Residential), no action needs to be taken regarding the maintenance of the area's rural character. The net density of the proposed subdivision is 4.56 dwelling units per acre, well below the maximum for the L designation.

The proposed subdivision features lots ranging in size from 6,549 square feet to 11,309 square feet. Lot coverage cannot be determined by this map; however, not all of the proposed floor plans will adequately fit on the lots with every option available. A lot-fit analysis will be needed if approved. The streets are public and conform to the Narrow Lot Residential Street section referenced in Title 19.04, including the five-foot amenity zones on private lots with one tree to be planted per lot. Paradise Encore Street is a through street, so access can be taken from either

Dorrell Lane on the south or from Donald Road on the north. The required connectivity ratio is met by the proposal, due to the internal street turning northward from a knuckle. The westernmost street segment must either be given the suffix "Court" and the adjacent street the suffix "Avenue," or alternatively, the two segments together may contain the suffix "Way." As a condition of approval, all street names must adhere to the City's Street Naming Standards.

Walls proposed on the perimeter are a maximum of six feet screening, with 2.5 feet of retaining in the worst-case scenario along portions of the north and east perimeter. These walls are in conformance with Title 19.06 requirements and no variance is required. Landscaping is not required along perimeter streets that are less than 80 feet wide; however, trees and shrubs will be provided along both Dorrell Lane and Donald Road, providing balance to the tree-lined interior streets.

All of the requested setback variances are on corner lots, which in several cases also require the narrower lots. The typical lot width is 60 feet, although most of the corner lots are wider. There is nothing regarding the land itself that prevents subdividing into 65-foot wide lots or more in conformance with Title 19.06. Staff has previously supported a less restrictive front yard setback in the instances where the dwelling has met the required 20 feet but a side-loaded garage encroaches into that setback. However, in this case, the requested lots are narrower in addition to the closer garage, which creates a less desirable compact development that was not intended for this area of the city. Staff therefore recommends denial of the requests, with conditions.

FINDINGS (VAR-48169)

In accordance with the provisions of Title 19.16.140(B), Planning Commission and City Council, in considering the merits of a Variance request, shall not grant a Variance in order to:

1. Permit a use in a zoning district in which the use is not allowed;
2. Vary any minimum spacing requirement between uses;
3. Relieve a hardship which is solely personal, self-created or financial in nature."

Additionally, Title 19.16.140(L) states:

> "Where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of enactment of the regulation, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of the piece of property, the strict application of any zoning regulation would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardships upon, the owner of the property, a variance from that strict application may be granted so as to relieve the difficulties or hardship, if the relief may be granted without substantial detriment to the public good, without substantial impairment of affected natural resources and without substantially impairing the intent and purpose of any ordinance or resolution."

No evidence of a unique or extraordinary circumstance has been presented. The applicant has created a self-imposed hardship by providing narrower lots that require less restrictive setbacks to accommodate the proposed product design. Designing fewer lots, with 65-foot widths and dwelling footprints that would allow for at least 20 feet of space in the front and 15 feet on the corner sides would conform to Title 19 requirements. In view of the absence of any hardships imposed by the site's physical characteristics, it is concluded that the applicant's hardship is preferential in nature, and it is thereby outside the realm of NRS Chapter 278 for granting of Variances.

FINDINGS (TMP-48166)

The proposed map is in conformance with Title 19 and NRS requirements for tentative maps, except Title 19.16.050, which states that, "No application for a tentative map is eligible for approval unless it is determined that the proposed subdivision will be in conformance with all applicable zoning regulations, including all applicable provisions of this Title; the zoning classification of the site; and all zoning, master plan or site plan approvals for the site, including all applicable conditions that are in effect." In this case, the proposed subdivision does not meet the minimum lot width, front and corner side setback requirements of Title 19.06, and staff does not support the related variance to allow less restrictive standards for the proposed lots.

RE: Justification letter for Tentative Map and Variance Request for Decatur & Dorrell (APN: 125-24-503-004, 008, 009, 011, & 017; 31 lots on 7.4 gross acres)

To Whom It May Concern:

Taney Engineering, on behalf of the applicant, D.R. Horton, respectfully submits this justification letter in support of a Tentative Map and a Variance on the subject site. The subject site is generally located northwest of Decatur Blvd and Dorrell Lane. The Assessor's Parcel Numbers are 125-24-503-004, 008, 009, 011 & 017 and contains approximately 7.4 gross acres.

The purpose of this Tentative Map is to develop the site to a single family residential development. The proposed development consists of 31 single family homes on 7.4 gross acres with a density of 4.19 units per acre. The proposed site is currently zoned R-1 which is consistent with the proposed development. The proposed development will have typical lot sizes of 60X110 with a minimum lot size of 6,600 square feet. The proposed development meets the City of Las Vegas connectivity Ratio of 1.33. The development complies with R-1 lot square footage and front, rear, and side setbacks. The proposed development will require a variance for minimum lot width, corner yard setbacks and front yard setbacks.

Requested waivers and justifications:

1). Required: Minimum lot width of 65 feet

Proposed: Minimum lot width of 60 feet

Justification: the proposed typical lot size is 60 X 110 which with an average lot size of 7,000 square feet. Although the minimum lot width is 60 feet the proposed development minimum lot size exceeds the R-1 zone districts minimum lot square footage of 6,500 square feet.

VAR-48169
TMP-48166

2). Required: Corner yard setback of 15 feet

Proposed: Corner yard setback of 10 feet

Justification: the proposed waiver will impact 4 lots (Lot 1, 24, 25, and 31) approx. 12.9% of the 31 lot development. The side corners will be landscaped to provide buffering from the corner wall. Additionally, the corner walls will be constructed of decorative masonry wall to enhance the block and conditions.

3). Required: Front yard setback of 20 foot

Proposed: Front yard setback of 10 feet

Justification: These variance is requested only on 3 lots (1, 10 & 11) approx. 10% of the total lots in the development. These lots have a slightly irregular shape; they are all side corner lots that don't have parallel side property lines. This results in the lots being narrower at one end. We are requesting the variance to allow a 10-ft front setback, this will allow the side loaded garage portion of the home to be at a 10-ft setback and still provide a 20-ft deep driveway to the non-side loaded garage.

If you have any questions or need any additional information please do not hesitate to contact this office.

Sincerely,

Robert D. Cunningham, PE
Taney Engineering

CASE NUMBER	*RECOMMENDATION*	*REQUIRED FOR APPROVAL*
SUP-48035	Staff recommends APPROVAL, subject to conditions:	

** CONDITIONS **

SUP-48035 CONDITIONS

Planning

1. Conformance to the approved conditions for Rezoning (Z-0006-66) and Site Development Plan Review [Z-0006-66(42)].

2. Prior to issuance of a full business license for the use, noise impacts to surrounding properties shall be mitigated in conformance with the requirements of Title 9.16.

3. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.

4. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Department of Building and Safety.

5. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.

6. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

** STAFF REPORT **

PROJECT DESCRIPTION

The applicant proposes to add a Night Club use to a proposed 5,775 square-foot restaurant at 5900 West Charleston Boulevard, Suite #8. The tenant space currently operates as a Banquet Facility with no alcohol service. With adequate soundproofing the use can be conducted in a manner that is harmonious and compatible with surrounding properties. Staff therefore recommends approval with conditions. If denied, the existing banquet facility may remain without the entitlement for live entertainment and dancing.

ISSUES

- A Night Club use is permitted in the C-1 (Limited Commercial) zoning district with approval of a Special Use Permit. There are no minimum requirements associated with this use.
- The applicant is also requesting approval of a Special Use Permit (SUP-48036) for a Supper Club in the same tenant space, under separate application.
- The proximity of residential uses to the north of this site must be given special attention, given the impacts of the proposed use to surrounding properties. A condition of approval will require noise attenuation to meet the requirements of Title 9.16 of the Las Vegas Municipal Code.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
03/02/66	The Board of City Commissioners approved a Rezoning (Z-0006-66) to C-1 (Limited Commercial) on the subject site as part of a larger request. The Planning Commission recommended approval.
10/18/99	The Planning Commission approved a Site Development Plan Review [Z-0006-66(42)] for a proposed single-story, 24,160 square-foot retail development on 2.12 acres on the north side of Charleston Boulevard, approximately 300 feet east of Jones Boulevard. Staff recommended approval.
02/16/05	The City Council approved a Special Use Permit (SUP-5659) for a proposed Beer/Wine/Cooler On-Sale Establishment at 5900 West Charleston Boulevard, Suite #4. The Planning Commission and staff recommended approval.
12/17/12	Business Licensing Enforcement processed a case (123271) regarding a complaint about an event at 5900 West Charleston Boulevard, Suite #8 that would be allowing minors to attend. The case was closed by Licensing Enforcement on 01/08/13.

Most Recent Change of Ownership	
04/13/06	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses	
08/10/00	A building permit (#00014909) was issued for a retail shell building at 5900 West Charleston Boulevard. A final inspection was completed 08/03/01.
08/23/02	A business license (R10-00773) was issued for a Deli/Market at 5900 West Charleston Blvd., Suite #4. The license is still active.
11/08/02	A business license (L09-00192) was issued for a Beer/Wine/Cooler On-Sale Establishment at 5900 West Charleston Boulevard, Suite #10. The license is still active.
	A business license (R09-01175) was issued for a Restaurant at 5900 West Charleston Boulevard, Suite #10. The license is still active.
01/12/04	A building permit (#04000582) was issued for a retail shell building at 5950 West Charleston Boulevard. A final inspection was completed 07/12/04.
03/22/12	A building permit (204198) was issued for a restaurant tenant improvement at 5900 West Charleston Blvd., Suite #8, combining Suites 5 through 9 into one suite. A final inspection was completed on 06/29/12.
05/02/12	A conditional temporary business license (D19-98417) was issued for a Night Club at 5900 West Charleston Blvd., Suite #8. The approval was conditioned on no alcohol sales or service, no teen dances or any other business requiring an additional license, submittal of a Special Use Permit application within 30 days, and voidance of the permit if complaints are made. On 01/28/13, the temporary license was extended to 04/17/13.
	A temporary business license (C05-98413) was issued for Tobacco Sales at 5900 West Charleston Blvd., Suite #8. The license is still active, and has been extended to 04/30/13.
12/11/12	A conditional temporary business license (B23-92775) was issued for a Banquet Facility at 5900 West Charleston Boulevard, Suite #8. The approval was conditioned on no alcohol sales or service, no teen dances or any other business requiring an additional license. The license is still active, and will expire 06/11/13.

Pre-Application Meeting	
12/26/12	A pre-application meeting was held with the applicant to discuss submittal requirements for two Special Use Permits—one for a Night Club and one for a Supper Club—within the subject restaurant. The applicant was provided with the minimum requirements for the Supper Club use and reminded that the requirements listed in the definition of the use are non-waivable.

Neighborhood Meeting
A neighborhood meeting is not required, nor was one held.

Field Check	
01/31/13	The site contains two in-line retail buildings, parking and landscaping in good condition. The proposed use would be located in the larger north building, closest to existing apartment buildings. The existing restaurant occupies five tenant spaces.

Loading Spaces	25,200 SF	10,000-29,999 SF	2		2		Y

ANALYSIS

The subject site is located within the Airport Overlay District with regulations limiting height to 200 feet. The existing in-line commercial buildings are each one story and conform to the overlay district requirements. The site is also located within Redevelopment Area 2 with a MXU (Mixed Use) land use designation, which allows the proposed Night Club use.

The Night Club use is defined as "An establishment, other than a teen dance center, that is operated as a place of entertainment, characterized by any or all of the following as a principal use:

1. Live, recorded, or televised entertainment, including but not limited to performance by magicians, musicians or comedians.
2. Dancing."

The proposed use meets the definition, as the southwest portion of the tenant space is proposed to be reserved for a deejay and dancing. There are no minimum Special Use Permit requirements for this use.

At this time, the tenant space is operating as a Banquet Facility, a permitted use in the C-1 (Limited Commercial) District. Business activities are limited to the conditions of temporary licenses for a banquet facility, night club and tobacco sales until such time as a Special Use Permit is approved for a Night Club as required by Title 19.12. The stated hours of operation are from 11:00 a.m. to 2:00 a.m. Sunday through Thursday and 11:00 a.m. to 4:00 a.m. Friday and Saturday, concurrent with the hours of the proposed restaurant. The Night Club activities will not begin until 10:00 p.m. nightly. Alcohol service and sales are not a part of this use; however, the applicant is also requesting a Supper Club within the tenant space as part of the restaurant operations.

The building where the Night Club use is proposed is located approximately 100 feet from existing apartment dwellings to the north of the site. The area in between contains landscaping, a perimeter wall, accessory garages, parking and parking canopies. Even with these buffers in place, there is concern that unwanted sound could pose a nuisance threat to the residents. A condition of approval requires any mitigation necessary to conform with the City's noise ordinance.

As the proposed use can be conducted in a manner that is harmonious and compatible with surrounding properties with implementation of the conditions of approval, staff recommends approval of the Special Use Permit with conditions.

FINDINGS (SUP-48035)

In order to approve a Special Use Permit application, per Title 19.16.110(L) the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed Night Club would be compatible with the existing commercial developments to the east and west and the multi-family residential developments to the north and south as long as noise is abated to conform with Title 9 regulations.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The building in which the use is proposed is located within a Shopping Center with adequate parking facilities. The employment of techniques for the attenuation of sound emanating from the building may be necessary in order to comply with the minimum requirements of the Title 9 noise ordinance.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Charleston Boulevard, a 100-foot Primary Arterial as classified by the Master Plan of Streets and Highways Map, provides adequate access to the property by way of a single driveway.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   The Night Club will be subject to licensing and regular inspection and thus will not compromise the public health, safety and general welfare.

5. **The use meets all of the applicable conditions per Title 19.12.**

   There are no minimum requirements for the Night Club use in Title 19.12.

Justification Letter

To Whom It May Concern:

I would like to request Special Use Permits for a Night Club and Supper Club for Hookah Master's Lounge located at 5900 W Charleston Blvd #8. Seating for restaurant is approximately ~130 seats with hours of operation Sunday-Thursday of 11:00am-2:00am; Friday & Saturday 11:00am-4:00am. I feel that this use would be harmonious with existing surrounding land uses and a benefit to the community.

Original license for Night Club approved on April 17, 2012 LIC#D19-98417-4-159198 (currently in good standing). Night Club activities start from 10pm nightly and ALL other businesses in the shopping center are CLOSED by 10pm. Since opening in July 2012 we have never had a parking space problem in the shopping center as we are the ONLY business open after 10pm.

Thank you,

Sarkis Arshakuni - CEO

7. This business shall operate in conformance to Chapter 6.50 of the City of Las Vegas Municipal Code.

8. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

** STAFF REPORT **

PROJECT DESCRIPTION

The applicant is proposing a Supper Club use within a proposed 5,775 square-foot restaurant at 5900 West Charleston Boulevard, Suite #8. The tenant space currently operates as a Banquet Facility with no alcohol service. The proposed use meets all Title 19.12 requirements and can be conducted in a manner that is harmonious and compatible with surrounding properties. Staff therefore recommends approval with conditions. If denied, the existing banquet facility may remain without the entitlement for a Supper Club.

ISSUES

- A Supper Club use is permitted in the C-1 (Limited Commercial) zoning district with approval of a Special Use Permit
- The applicant is also requesting approval of a Special Use Permit (SUP-48036) for a Night Club in the same tenant space, under separate application.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
03/02/66	The Board of City Commissioners approved a Rezoning (Z-0006-66) to C-1 (Limited Commercial) on the subject site as part of a larger request. The Planning Commission recommended approval.
10/18/99	The Planning Commission approved a Site Development Plan Review [Z-0006-66(42)] for a proposed single-story, 24,160 square-foot retail development on 2.12 acres on the north side of Charleston Boulevard, approximately 300 feet east of Jones Boulevard. Staff recommended approval.

Related Relevant City Actions by P&D, Fire, Bldg., etc	
02/16/05	The City Council approved a Special Use Permit (SUP-5659) for a proposed Beer/Wine/Cooler On-Sale Establishment at 5900 West Charleston Boulevard, Suite #4. The Planning Commission and staff recommended approval.
12/17/12	Business Licensing Enforcement processed a case (123271) regarding a complaint about an event at 5900 West Charleston Boulevard, Suite #8 that would be allowing minors to attend. The case was closed by Licensing Enforcement on 01/08/13.

Related Building Permits/Business Licenses	
08/10/00	A building permit (#00014909) was issued for a retail shell building at 5900 West Charleston Boulevard. A final inspection was completed 08/03/01.
08/23/02	A business license (R10-00773) was issued for a Deli/Market at 5900 West Charleston Blvd., Suite #4. The license is still active.
11/08/02	A business license (L09-00192) was issued for a Beer/Wine/Cooler On-Sale Establishment at 5900 West Charleston Boulevard, Suite #10. The license is still active.
	A business license (R09-01175) was issued for a Restaurant at 5900 West Charleston Boulevard, Suite #10. The license is still active.
01/12/04	A building permit (#04000582) was issued for a retail shell building at 5950 West Charleston Boulevard. A final inspection was completed 07/12/04.
03/22/12	A building permit (204198) was issued for a restaurant tenant improvement at 5900 West Charleston Blvd., Suite #8, combining Suites 5 through 9 into one suite. A final inspection was completed on 06/29/12.
05/02/12	A conditional temporary business license (D19-98417) was issued for a Night Club at 5900 West Charleston Blvd., Suite #8. The approval was conditioned on no alcohol sales or service, no teen dances or any other business requiring an additional license, submittal of a Special Use Permit application within 30 days, and voidance of the permit if complaints are made. On 01/28/13, the temporary license was extended to 04/17/13.
	A temporary business license (C05-98413) was issued for Tobacco Sales at 5900 West Charleston Blvd., Suite #8. The license is still active, and has been extended to 04/30/13.
12/11/12	A conditional temporary business license (B23-92775) was issued for a Banquet Facility at 5900 West Charleston Boulevard, Suite #8. The approval was conditioned on no alcohol sales or service, no teen dances or any other business requiring an additional license. The license is still active, and will expire 06/11/13.

Pre-Application Meeting	
12/26/12	A pre-application meeting was held with the applicant to discuss submittal requirements for two Special Use Permits—one for a Night Club and one for a Supper Club—within the subject restaurant. The applicant was provided with the minimum requirements for the Supper Club use and reminded that the requirements listed in the definition of the use are non-waivable.

Neighborhood Meeting
A neighborhood meeting is not required, nor was one held.

Field Check	
01/31/13	The site contains two in-line retail buildings, parking and landscaping in good condition. The proposed use would be located in the larger north building, closest to existing apartment buildings. The existing restaurant occupies five tenant spaces.

ANALYSIS

The subject site is located within the Airport Overlay District with regulations limiting height to 200 feet. The existing in-line commercial buildings are each one story and conform to the overlay district requirements. The site is also located within Redevelopment Area 2 with a MXU (Mixed Use) land use designation, which allows the proposed Supper Club use.

The Supper Club use is defined as "A restaurant and bar operation with alcoholic beverage sales in which:

1. The bar area is separated from the restaurant area by a barrier sufficient to prevent access to the bar by minors;
2. The actual seating available at all times within the dining area will accommodate at least 125 persons. For purposes of this requirement, the 'dining area' does not include bar stool seating at the bar or lounge seating, but may include table or booth seating within the bar area and table seating within a patio area;
3. Alcoholic beverages are served in the restaurant area only in conjunction with the service of food;
4. Full-course meals are available during all hours the bar area is open to the public;
5. A cook and food server, other than a bartender, are available at all times the bar area is open to the public; and
6. The restaurant operation is the principal portion of the business."

The proposed use meets the definition, as the establishment is primarily a restaurant that is proposed to contain 130 restaurant seats, 43 lounge seats, and 8 bar stools. The floor plan indicates that a seating barrier is constructed between the restaurant and the lounge/club area. Alcoholic beverages would be served to patrons by employees of the supper club only where meals would be served, such as in the restaurant area.

The Minimum Special Use Permit Requirements for this use include:

1. No supper club use shall be located within 400 feet of any church, synagogue, school, child care facility licensed for more than 12 children, or City park.

   The proposed use meets this requirement, as there are no houses of worship, schools, Individual Care Centers or City parks within 400 feet of the subject property.

2. Except as otherwise provided in Requirement 3 below, the distances referred to in Requirement 1 shall be determined with reference to the shortest distance between two property lines, one being the property line of the proposed establishment which is closest to the existing use to which the measurement pertains, and the other being the property line of that existing use which is closest to the proposed establishment. The distance shall be measured in a straight line without regard to intervening obstacles. For purposes of measurement, the term "property line" refers to property lines of fee interest parcels and does not include the property line of:

   a. Any leasehold parcel; or
   b. Any parcel which lacks access to a public street or has no area for on site parking and which has been created so as to avoid the distance limitation described in Requirement 1.

   The proposed use meets this requirement, as the subject fee simple parcel has direct access to Rainbow Boulevard.

3. In the case of a supper club proposed to be located on a parcel of at least 80 acres in size, the minimum distances referred to in Requirement 1 shall be measured in a straight line:
    a. From the nearest property line of the existing use to the nearest portion of the structure in which the supper club will be located, without regard to intervening obstacles; or
    b. In the case of a proposed supper club which will be located within a shopping center or other multiple-tenant structure, from the nearest property line of the existing use to the nearest property line of a leasehold or occupancy parcel in which the supper club will be located, without regard to intervening obstacles.

    This requirement does not apply to the proposed use, as the property on which the multitenant complex is located is less than 80 acres in size.

4. When considering a Special Use Permit application for a supper club which also requires a waiver of the distance limitation in Requirement 1, the Planning Commission shall take into consideration the distance policy and shall, as part of its recommendation to the City Council, state whether the distance requirement should be waived and the reasons in support of the decision.

    This requirement does not apply to the proposed use, as no distance separation waiver is necessary.

5. In the O District, a supper club is permitted only as an accessory use. [Non-waivable]

    This requirement does not apply to the proposed use, as the proposed use is located in the C-1 (Limited Commercial) zoning district.

6. All businesses which sell alcoholic beverages shall conform to the provisions of LVMC Chapter 6.50. [Non-waivable]

    The proposed use meets this requirement, as alcoholic beverages would be served to patrons by employees of the supper club only where meals would be served, such as in the restaurant area. A standard condition of approval requires conformance to this section of the code.

At this time, the tenant space is operating as a Banquet Facility, a permitted use in the C-1 (Limited Commercial) zoning district. Business activities are limited to the conditions of temporary licenses for a banquet facility, night club and tobacco sales until such time as a Special Use Permit is approved for a Night Club and Supper Club as required by Title 19.12. The stated hours of operation are from 11:00 a.m. to 2:00 a.m. Sunday through Thursday and 11:00 a.m. to 4:00 a.m. Friday and Saturday.

The site is located within an established Shopping Center. All activities would be within the enclosed building (no outdoor dining). Impact to neighboring properties should be minimal, as deliveries can only be made from the front and there is adequate buffering between uses on the north side of the property. As the proposed Supper Club meets the applicable Title 19.12 use requirements and can be conducted in a manner that is harmonious and compatible with surrounding properties, staff recommends approval of the Special Use Permit with conditions.

FINDINGS (SUP-48036)

In order to approve a Special Use Permit application, per Title 19.16.110(L) the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed Supper Club will be compatible with the existing commercial developments to the east and west and the multi-family residential developments to the north and south.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The site is located within a Shopping Center that has sufficient parking facilities. Other uses in the center are less intense neighborhood commercial uses.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Charleston Boulevard, a 100-foot Primary Collector as classified by the Master Plan of Streets and Highways Map, provides adequate access to the property by way of a single driveway.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   The Supper Club will be subject to licensing and regular inspection and thus will not compromise the public health, safety and general welfare.

5. **The use meets all of the applicable conditions per Title 19.12.**

   All applicable Title 19.12 minimum use requirements for a Supper Club are satisfied by the proposal.

Staff Report Page One
March 12, 2013 - Planning Commission Meeting

** STAFF REPORT **

PROJECT DESCRIPTION

This is a request for a Special Use Permit to add the Retail Establishment with Accessory Package Liquor Off-Sale Establishment use to an existing 2,326 square-foot Convenience Store at 6955 North Durango Drive, Suite #1114. The proposed use consists of the addition of 20 square feet of shelf display for liquor located behind the front counter. The use will operate in addition to the existing Beer/Wine/Cooler Off-Sale use. There are no waivers required as a part of this request. The proposed use meets all Title 19.12 standards for a Retail Establishment with Accessory Package Liquor Off-Sale Establishment use, and can be conducted in a manner that is harmonious and compatible with existing surrounding land uses; therefore, staff recommends approval. If this request is denied, the proposed use will not be permitted at this location.

ISSUES

- The Package Liquor Off-Sale Establishment use is permitted within the UC-TC (Urban Center Mixed Use – Town Center) Special Land Use district only in conjunction with the approval of a Special Use Permit.
- The Convenience Store currently operates a Beer/Wine/Cooler Off-Sale use at this location.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
05/01/02	The City Council approved a request for a Site Development Plan Review [Z-0099-01(1)] for a proposed 274-unit multi-family residential development and 16,000 square feet of commercial floor space on 15.16 acres located adjacent to the west side of El Capitan Way, approximately 660 feet south of Elkhorn Road. The Planning Commission and staff recommended approval.
05/19/04	The City Council approved a request for a Development Agreement (DIR-4432) for a condominium conversion for a 284-unit development including 10 retail units on 15.2 acres adjacent to the southwest corner of Durango Drive and Dorrell Lane.
06/10/04	The Planning Commission approved a Tentative Map (TMP-3991) for a 284-lot condominium development, to include 10 retail units. Staff recommended approval.
12/01/04	The City Council approved a request for a Special Use Permit (SUP-5230) for Beer and Wine Sales, Off-Premise located at 6955 North Durango Drive, Suites #1114. The Planning Commission and staff recommended approval.

12/01/04	The City Council approved a request for a Special Use Permit (SUP-5231) for package liquor sales located at 6955 North Durango Drive Suites #1115 and #1116. The Planning Commission and staff recommended approval. This entitlement was not exercised and expired 12/01/05.
06/24/10	The Planning Commission, at the request of the applicant, struck a request for a Special Use Permit (SUP-37739) for a Package Liquor Off-Sale use within an existing 2,326 square-foot retail establishment at 6955 North Durango Drive, Suite #1114.
10/20/10	The City Council approved request for a Special Use Permit (SUP-38909) for a Package Liquor Off-Sale use within an existing 2,326 square-foot retail establishment at 6955 North Durango Drive, Suite #1114. The Planning Commission and staff recommended approval. This entitlement expired on 10/20/12.

Most Recent Change of Ownership	
01/03/11	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses	
05/10/05	A Building Permit (#05-003055) was issued for a tenant improvement build out at 6955 North Durango, Suite #1114. The project was completed 10/07/05.
08/16/11	A business license was issued for a Convenience Store (#C15-00407) and a Tobacco Dealer (#C05-02803) at 6955 North Durango Drive, Suite #1114. These licenses are still active.
09/14/11	A business license (#L10-00332) was issued for Beer/Wine/Cooler Off-Sale at 6955 North Durango Drive, Suite #1114. This license is still active.
03/27/12	A business license was issued for Restricted Gaming (#G01-02442) at 6955 North Durango Drive, Suite #1114. This license is still active.

Pre-Application Meeting	
01/03/13	A pre-application meeting was held with the applicant to discuss the requirements for submitting a Special use Permit required for the addition of off-premise package liquor sales.

Neighborhood Meeting
A neighborhood meeting is not required, nor was one held.

Field Check	
01/30/13	Staff visited the site and found a Convenience Store operating with an approved Beer/Wine/Cooler Off-Sale use. It is noted that the window signage is not in conformance with the General Sign Design Guidelines listed in the Town Center Development Standards Manual.

ANALYSIS

The Retail Establishment with Accessory Package Liquor Off-Sale use is defined as, "A retail establishment:

> 1. Whose license to sell alcoholic beverage authorizes their sale to consumers only and not for resale, in original sealed or corked containers, for consumption off the premises where the same are sold; and
>
> 2. In which the sale of alcoholic beverages is ancillary to the retail use, and which no more than 10 percent of the retail floor space is regularly devoted to the display or merchandising of alcoholic beverages.

This use includes an establishment that provide on-premises wine, cordial and liqueur tasting if the licensee holds a wine, cordial, and liqueur tasting license for that location."

The proposed use meets the definition above, as the provided floor plans show 20 square feet of shelf space dedicated to liquor display and sales located behind the front counter, in addition to the approximately 80 square feet dedicated to the existing Beer/Wine/Cooler Off-Sale use.

The Minimum Special Use Permit Requirements for this use include:

*1. Except as otherwise provided, no retail establishment with accessory package liquor off-sale (hereinafter "establishment") shall be located within 400 feet of any church, synagogue, school, child care facility licensed for more than 12 children, or City park.

*2. Except as otherwise provided in Requirement 3 below, the distances referred to in Requirement 1 shall be determined with reference to the shortest distance between two property lines, one being the property line of the proposed establishment which is closest to the existing use to which the measurement pertains, and the other being the property line of that existing use which is closest to the proposed establishment. The distance shall be measured in a straight line without regard to intervening obstacles. For purposes of measurement, the term "property line" refers to property lines of fee interest parcels and does not include the property line of:

a. Any leasehold parcel; or

b. Any parcel which lacks access to a public street or has no area for on-site parking and which has been created so as to avoid the distance limitation described in Requirement 1.

*3. In the case of an establishment proposed to be located on a parcel of at least 80 acres in size, the minimum distances referred to in Requirement 1 shall be measured in a straight line:

a. From the nearest property line of the existing use to the nearest portion of the structure in which the establishment will be located, without regard to intervening obstacles; or

b. In the case of a proposed establishment which will be located within a shopping center or other multiple-tenant structure, from the nearest property line of the existing use to the nearest property line of a leasehold or occupancy parcel in which the Retail Establishment with Accessory Package Liquor Off-Sale will be located, without regard to intervening obstacles.

4. When considering a Special Use Permit application for an establishment which also requires a waiver of the distance limitation in Requirement 1, the Planning Commission shall take into consideration the distance policy and shall, as part of its recommendation to the City Council, state whether the distance requirement should be waived and the reasons in support of the decision.

5. The minimum distance requirements in Requirement 1 do not apply to:

   a. An establishment which has a nonrestricted gaming license in connection with a hotel having 200 or more guest rooms on or before July 1, 1992 or in connection with a resort hotel having in excess of 200 guest rooms after July 1, 1992; or

   b. A proposed establishment having more than 50,000 square feet of retail floor space.

*6. All businesses which sell alcoholic beverages shall conform to the provision of LVMC Chapter 6.50.

*7. The minimum distance requirements set for in Requirement 1, which are otherwise nonwaiveable under the provisions of LVMC 19.12.050(C), may be waived:

   a. In accordance with the provisions of LVMC 19.12.050(C) for any establishment which is proposed to be located on a parcel within the Downtown Casino Overlay District;
   b. In accordance with the applicable provisions of the "Town Center development Standards Manual" for any establishment which is proposed to be located within the TC (Town Center) Zoning District and which is designated MS-TC (Main Street Mixed Use) in the Town Center Land Use Plan;
   c. In connection with a proposed establishment having between 20,000 square feet and 50,000 square feet of retail floor space; or
   d. In connection with a retail establishment having less than 20,000 square feet or retail floor space, if the area to be used for the sale, display or merchandising of alcoholic beverages and each use to be protected are separated by a highway or right of way with a width of at least 100 feet.

The proposed use complies with all Minimum Special Use Permit Requirements; there are no protected uses within 400 feet of this proposal. The proposed use is complementary to the existing Convenience Store and other existing retail establishments found on site.

The proposed use is located within a larger mixed use development, which provides cross-access and shared parking throughout the entire commercial and residential development. Two handicap spaces are located adjacent to front of the building along with numerous parking spaces adjacent to the building. No additional parking required beyond that which is required for the principal use on the site, as parking requirements were addressed during the Site Development Plan Review for this site.

Staff recommends approval of this request, as the use conforms to the Minimum Special use Permit Requirements and is a compatible use for the proposed location. If denied, the applicant would be allowed to operate a Convenience Store with Beer/Wine/Cooler Off-Sale.

MH

FINDINGS (SUP-48083)

In order to approve a Special Use Permit application, per Title 19.16.110(L) the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed Retail Establishment with Accessory Package Liquor Off-Sale is compatible with the UC-TC (Urban Center Mixed Use) Town Center special land use designation and is located within an existing commercial center. The proposed use can be conducted in a manner that is harmonious and compatible with the surrounding uses.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The proposed use will operate within a convenience store within a portion of a multi-tenant retail building. There is no evidence of a physical constraint to the proposed use on the subject site.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Site access is provided from Durango Drive, a primary arterial that provides adequate capacity to serve proposed use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   The proposed Retail Establishment with Accessory Package Liquor Off-Sale use is subject to regular inspections by regulatory agencies for business licensing and will therefore not compromise the public health, safety and welfare, or the overall objectives of the General Plan.

5. **The use meets all of the applicable conditions per Title 19.12.**

   The proposed use in conjunction with an existing restaurant complies with the conditions per Title 19.12. The provided floor plans shows 60 square feet of cooler space, 20 square feet of wine display, and 20 square feet of shelf space for liquor display.

7. This business shall operate in conformance to Chapter 6.50 of the City of Las Vegas Municipal Code.

8. All beer and wine coolers shall remain in the original manufacturer's configuration intended for off-sale resale.

9. All signage shall be permitted and meet minimum code requirements within 30 days of final approval.

10. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

** STAFF REPORT **

PROJECT DESCRIPTION

The applicant is seeking a Special Use Permit to operate a proposed Package Liquor Off-Sale Establishment use within a 1,176 square-foot commercial space located at 311 Main Street. There are no churches, schools, child care facilities or city parks within the required 400-foot distance separation radius. The proposed use will not add parking beyond that which is required for the principal use on the site. The site location is compatible with surrounding land uses and all minimum requirements for the proposed use are being met, therefore; staff recommends approval. If this request is denied, no Packaged Liquor may be sold on the premises.

ISSUES

- The Package Liquor Off-Sale Establishment use is permitted in the C-2 (General Commercial) zoning district with the approval of a Special Use Permit.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
12/16/64	The City Council approved a request for rezoning (Z-0100-64) from R-1 (Single Family Residential), R-4 (High Density residential), C-1 (Limited Commercial), C-2 (General Commercial), and C-V (Civic), to C-2 (General Commercial) on 230 acres on property bounded by Main Street to the west, Bonanza Road to the north, and Las Vegas Boulevard to the east, and Charleston Boulevard to the south. The Planning Commission and staff recommended approval.
02/28/08	The applicant withdrew without prejudice the requests for a Special Use Permit (SUP-23586) for a Rescue Mission (Shelter for the Homeless) and a Special Use Permit (SUP-23594) for a Social Service Provider. Staff recommended denial

Most Recent Change of Ownership	
10/30/08	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses
There are no building permits or active business licenses associated with the subject site.

MH

Pre-Application Meeting	
01/15/13	A pre-application meeting was held with the applicant to discuss the submittal requirements for a proposed Package Liquor Off-Sale use at 311 South Main Street.

Neighborhood Meeting
A neighborhood meeting is not required, nor was one held.

Field Check	
01/30/13	Staff visited the site and found a commercial location with a vacant hotel and general retail building sharing the same parcel. It is noted that there is non-conforming abandoned signage and razor wire along the rooftop that must be removed. Also, it is noted that the parking lot will require restriping, to include one van accessible handicapped parking space.

ANALYSIS

The Package Liquor Off-Sale Establishment use is defined as, "An establishment, other than a retail establishment with package liquor off-sale, whose license to sell alcoholic beverages authorizes their sale to consumers only and not for resale, in original sealed or corked containers, for consumption off the premises where the same are sold. This use includes an establishment that provides on-premises wine, cordial and liqueur tasting if the licensee also holds a wine, cordial and liqueur tasting license for that location.

The proposed use meets the definition above, as the provided floor plans show a 1,176 square-foot retail space with area dedicated to the display and sale of alcohol. As stated in the justification letter, the applicant proposes to provide the Package Liquor Off-Sale use in conjunction with a General Retail, Other Than Listed use. The Minimum Special Use Permit Requirements for this use include:

*1. Except as otherwise provided, no package liquor off-sale establishment (hereinafter "establishment") shall be located within 400 feet of any church, synagogue, school, child care facility licensed for more than 12 children, or City park.

*2. Except as otherwise provided in Requirement 3 below, the distances referred to in Requirement 1 shall be determined with reference to the shortest distance between two property lines, one being the property line of the proposed establishment which is closest to the existing use to which the measurement pertains, and the other being the property line of that existing use which is closest to the proposed establishment. The distance shall be measured in a straight line without regard to intervening obstacles. For purposes of measurement, the term "property line" refers to property lines of fee interest parcels and does not include the property line of:

a. Any leasehold parcel; or

b. Any parcel which lacks access to a public street or has no area for on-site parking and which has been created so as to avoid the distance limitation described in Requirement 1.

*3. In the case of an establishment proposed to be located on a parcel of at least 80 acres in size, the minimum distances referred to in Requirement 1 shall be measured in a straight line:

a. From the nearest property line of the existing use to the nearest portion of the structure in which the establishment will be located, without regard to intervening obstacles; or

b. In the case of a proposed establishment which will be located within a shopping center or other multiple-tenant structure, from the nearest property line of the existing use to the nearest property line of a leasehold or occupancy parcel in which the Retail Establishment with Accessory Package Liquor Off-Sale will be located, without regard to intervening obstacles.

4. The minimum distance requirements in Requirement 1 do not apply to:

a. An establishment which has a nonrestricted gaming license in connection with a hotel having 200 or more guest rooms on or before July 1, 1992 or in connection with a resort hotel having in excess of 200 guest rooms after July 1, 1992; or

b. A proposed establishment having more than 50,000 square feet of retail floor space.

*5. All businesses which sell alcoholic beverages shall conform to the provision of LVMC Chapter 6.50.

The proposed Package Liquor Off-Sale use complies with all Minimum Special Use Permit Requirements and there are no protected uses within 400 feet of this proposal.

The proposed use is located within a larger commercial development with cross-access and shared parking with the non-operating hotel located on site and is complementary to the variety of commercial uses and other existing retail establishments found in the immediate area. The proposed use is located within the Las Vegas Downtown Centennial Plan area and is not subject to the automatic application of parking requirements. The applicant has stated in the provided justification letter that he is providing 17 parking spaces on the adjacent parcel he owns to the south. The recommend parking for the proposed use is considerably low and there is adequate parking available in the immediate area; however, a condition of approval has been included to provide a handicap parking space located onsite.

Staff recommends approval of this request, as the use conforms to the Minimum Special use Permit Requirements and is a compatible use for the proposed location.

FINDINGS (SUP-48091)

In order to approve a Special Use Permit application, per Title 19.16.110(L) the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The Package Liquor Off-Sale use can be conducted in a manner that is harmonious and compatible with the surrounding C (Commercial) General Plan land uses and is in conformance with the requirements for such use located in the C-2 (General Commercial) zoning district.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site contains an existing General Retail, Other Than Listed use and an unoccupied hotel. This site is physically suitable for a Package Liquor Off-Sale use within an existing 1,176 square-foot commercial space.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

Primary site access is from Main Street with secondary access provided from a 20-foot wide alley. Both rights of way provide adequate access for the proposed Package Liquor Off-Sale Establishment use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   This proposal will be subject to licensing requirements and will therefore not compromise the public health, welfare or safety or overall objectives of the General Plan.

5. **The use meets all of the applicable conditions per Title 19.12.**

   The use meets all of the applicable conditions per Title 19.12

Re: Justification Letter:

Dear Planning and Development Department:

We are submitting a special use permit application for a convenience liquor store for our property at 311 Main Street, Downtown, and Las Vegas.

Prior to our closing of the property, the previous owner had the tenants vacate the property, which we did not understand as the convenience store was a successful sales and tax generator for business.

With the entire New City Hall next store, the area is in dire need of more open businesses to revitalize the area.

Previously I had a meeting with Councilman Coffin, who represents the above stated ward. At that time, he had stated that he had no objection to a convenience store opening again at that location.

We are anxious to return the properties we own on the 300 block of Main Street to viable businesses instead of vacant boarded up buildings. This is just one step of that process. The adjacent parking lot shown on our site plan will be utilized for parking (17 plus spaces).

If you have any questions or comments, please feel free to call me at 1-847-609-4663.

Respectfully,

Kevin M. Plencner

Staff Report Page One
March 12, 2013 - Planning Commission Meeting

** STAFF REPORT **

PROJECT DESCRIPTION

The applicant is requesting a Special Use Permit to operate a proposed Bailbond Service use within a 770 square-foot office suite located at 316 East Bridger Avenue, Suite #101. The proposed Bailbond Service use can be conducted in a manner compatible with the surrounding development and land uses. There are no Minimum Special Use Permit requirements listed in Title 19.12 for the proposed use. Staff recommends approval of this request. If the Special Use Permit is denied, the applicant will not be allowed to operate a Bailbond Service at this location.

ISSUES

- The Bailbond service use is permitted in the C-2 (General Commercial) zoning district with the approval of a Special Use Permit.
- The proposed use is located within close proximity to the Regional Justice Center and the detention facilities.

TOTAL SPACES REQUIRED			3		0		
Regular and Handicap Spaces Required			2	1	0	0	Y*

**Per Title 19.18.030(D), the subject site is parking impaired. As the proposed use will occupy an existing office suite, there is no net change in the recommended parking. Additionally, pursuant to Title 19.10.110(C), projects located within the Las Vegas Downtown Centennial Plan are not subject to the automatic application of parking requirements.*

ANALYSIS

The Bailbond Service use is defined in Title 19.18, as "An establishment that makes available to the public undertakings of bail in connection with judicial proceedings."

The proposed use meets the definition, as stated in the applicant's justification letter of his intent to operate such use from 316 East Bridger Avenue, Suite #101. The Bailbond Service use requires a Special Use Permit in the C-2 (General Commercial) zoning district; however, there are no Minimum Special Use Permit Requirements for this use.

The proposed use is located in close proximity with other Bailbond Service uses and the court and detention facilities. The subject site, an office building with no onsite provided parking, is parking impaired, per Title 19.18.030(D). The proposed Bailbond Service use will occupy an available office suite and will not constitute an increase in parking demand. The proposed use can be conducted in a manner that us harmonious and compatible with the existing development; therefore, staff recommends approval of this request. If denied, the applicant will not be allowed to operate a Bailbond Service at this location.

FINDINGS (SUP-48141)

In order to approve a Special Use Permit application, per Title 19.16.110(L) the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed Bailbond Service is compatible with the surrounding commercial land uses. There are similar uses are located on adjacent properties and within the Downtown Centennial Plan area.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The proposed Bailbond Service use is located within the C-2 (General Commercial) zoning district and will operate within an existing office building. The subject site can accommodate the proposed use, as it is consistent in nature with other office and Bailbond Services in the area.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Primary access to the site is adequately provided from Bridger Avenue and Fourth Street, with an alley adjacent to the west side of the site. The proposed use will not increase the traffic load for the building, as the use will occupy an existing office suite.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   Approval of the Special Use Permit is consistent with the General Plan, and will not compromise the public health, safety, or welfare.

5. **The use meets all of the applicable conditions per Title 19.12.**

   There are no applicable requirements listed by Title 19.12 for a proposed Bailbond Service use.

Re: Justification Letter – Brooks Brothers Bail Bonds
Special Use Permit for Bail Bonds Services
316 E. Bridger Ave., STE 101; APN 139-34-210-078

Ladies and Gentlemen:

Please be advised that our office represents Byron Brooks, an individual, d/b/a Brooks Brothers Bail Bonds (the "Applicant") in connection with this request for a special use permit to operate a bail bonds service (the "Proposed Use") from a certain 770 square foot first floor retail premise (the "Premises") located at 316 E. Bridger Ave., STE 101, Las Vegas, Nevada 89101, as more particularly described Assessor's Parcel number 139-34-210-078 (the "Property). The Property is zoned General Commercial (C-2) and the Purposed Use requires a special use permit pursuant to Chapter 19.04, Table 2 of the Las Vegas Zoning Code.

The Proposed Use at the Property is justified for the following reasons:

a) The Premises were previously occupied from January 2004 through October 2008 by a bail bonds services business without incident or occurrence;
b) Other bail bonds business that are located nearby in similarly situated properties as the Property have received special use permits from the City of Las Vegas, i.e., Aardvark, freedom and Godfather's Bail Bonds;
c) The Property's C-2 General Commercial zoning classification allows for the broadest scope of compatible uses for both the general and travelling public that are likely to use bail bonds services at a location nearby the state and federal courts and associated detention centers; and
d) Applicant is of good moral character and fitness as a military veteran to operate a bail bonds service from the Premises.

Should you have any questions or require additional information, please contact me to discuss.

Respectfully,

Field Law, limited

Jon E. Field

c.c. Byron Brooks

SUP-48146 CONDITIONS

Planning

1. The previous approval for a Special Use Permit (SUP-47041) for a Supper Club on this site shall be expunged upon final approval of SUP-48146.

2. Conformance to all Minimum Requirements under LVMC Title 19.12 for a Beer/Wine/Cooler On-Sale Establishment use.

3. Approval of this Special Use Permit does not constitute approval of a liquor license.

4. This business shall operate in conformance to Chapter 6.50 of the City of Las Vegas Municipal Code.

5. Conformance to the approved conditions for Rezoning (Z-0100-87) and Site Development Plan Review [Z-0174-94(1) and Z-0100-87(7)].

6. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.

Conditions Page Two
March 12, 2013 - Planning Commission Meeting

7. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Department of Building and Safety.
8. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.

9. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

** STAFF REPORT **

PROJECT DESCRIPTION

The applicant is requesting to serve beer, wine and sake only with meals at a proposed 4,992 square-foot restaurant within a Shopping Center. A more intense Supper Club use was approved for this location in December 2012, but the applicant no longer wishes to be restricted by the requirements of the Supper Club use. The proposed use meets all minimum Title 19.12 use requirements and can be conducted in a manner that is harmonious and compatible with surrounding uses. Staff therefore recommends approval with conditions. If denied, the approved Supper Club use will remain valid until 12/19/14 unless a business license is issued.

ISSUES

- A Beer/Wine/Cooler On-Sale Establishment is a permitted use in the C-1 (Limited Commercial) District with the approval of a Special Use Permit.
- The existing entitlement for a Supper Club on this site will be expunged upon final approval of the proposed Beer/Wine/Cooler On-Sale Establishment.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
11/18/87	The City Council approved a Rezoning (Z-0100-87) of the subject site from N-U (Non-Urban) to C-1 (Limited Commercial) on approximately 22.00 acres located on the west side of Rainbow Boulevard, between Lake Mead Boulevard and Smoke Ranch Road. The Planning Commission and staff recommended approval.
02/15/95	The City Council approved a Rezoning (Z-0174-94) from N-U (Non-Urban) to C-1 (Limited Commercial) on 7.41 acres located at the southwest corner of Rainbow Boulevard and Smoke Ranch Road. The Planning Commission and staff recommended approval.
08/10/95	The Planning Commission approved a request for a Site Development Plan Review [Z-0174-94(1) and Z-0100-87(7)] for a 227,276 square-foot Shopping Center on 20.03 acres at 2051 North Rainbow Boulevard. Staff recommended approval.
04/07/04	The City Council approved a request for a Special Use Permit (SUP-3746) to allow a Restaurant Service Bar at 2051 North Rainbow Boulevard, Suite 102. The Planning Commission and staff recommended approval.

12/19/12	The City Council approved a Special Use Permit (SUP-47041) for a 4,992 square-foot Supper Club at 2051 North Rainbow Boulevard, Suite #102. The Planning Commission and staff recommended approval. The entitlement has not been exercised.

Most Recent Change of Ownership	
01/22/07	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses	
11/13/96	A building permit (#96022677) was issued for a Tenant Improvement at 2051 North Rainbow Boulevard, Suite #102. A final inspection was approved 03/07/97.
02/25/97	A business license (R09-00772) was issued for a Restaurant at 2051 North Rainbow Boulevard, Suite #102. This license was marked out on 05/09/11.

Pre-Application Meeting	
11/15/12	A pre-application meeting was held with the applicant to discuss submittal requirements for a Special Use Permit for a Beer/wine/Cooler On-Sale Establishment. Staff was clear that the use had to meet the Title 19 definition, and the floor plans needed to specify the function of the various bars within the restaurant, as alcohol could only be served to patrons with meals.

Neighborhood Meeting
A neighborhood meeting is not required, nor was one held.

Field Check	
01/31/13	The subject suite is located in a multitenant building that is part of a larger shopping center with several restaurant uses. Tables and chairs were located inside, but no business appeared to be in operation.

Regular and Handicap Spaces Required			891	19	1,365	28	Y

SS

ANALYSIS

The subject site is located within the Airport Overlay District, with a 140-foot height restriction. All buildings on the site, including the one at the subject address, meet the requirements. The site is not located within any special plan areas and is thus not subject to any additional zoning requirements beyond those contained within Title 19.08 for the C-1 (Limited Commercial) District.

The Beer/Wine/Cooler On-Sale Establishment use is defined as "An establishment whose license to sell alcoholic beverages is limited to the sale of beer, wine and coolers for consumption only in connection with a meal on the premises where the same is sold, and is operated in connection with a restaurant in which 30 or more people may be served with meals at any one time at tables or stools." The proposed use meets the definition, as the restaurant may seat approximately 170 persons and only beer, wine and sake will be served with meals in the restaurant. The floor plan indicates that a juice bar will be located at the center of the suite that will only serve non-alcoholic drinks. Behind the juice bar will be a sushi bar in which sushi will be prepared and served to patrons on stools. If the requested Special Use Permit is approved, alcoholic drinks may only be served in conformance with Title 6.50 requirements in addition to the Title 19.12 use requirements listed below.

The Minimum Special Use Permit Requirements for this use include:

1. Except as otherwise provided, no beer/wine/cooler on-sale establishment (hereinafter establishment") shall be located within 400 feet of any church, synagogue, school, child care facility licensed for more than 12 children, or City park.

   The proposed use meets this requirement, as there are no houses of worship, schools, Individual Care Centers or City parks within 400 feet of the subject property.

2. Except as otherwise provided in Requirement 3 below, the distances referred to in Requirement 1 shall be determined with reference to the shortest distance between two property lines, one being the property line of the proposed establishment which is closest to the existing use to which the measurement pertains, and the other being the property line of that existing use which is closest to the proposed establishment. The distance shall be measured in a straight line without regard to intervening obstacles. For purposes of measurement, the term "property line" refers to property lines of fee interest parcels and does not include the property line of:
   a. Any leasehold parcel; or
   b. Any parcel which lacks access to a public street or has no area for on site parking and which has been created so as to avoid the distance limitation described in Requirement 1.

The proposed use meets this requirement, as the subject fee simple parcel has direct access to Rainbow Boulevard.

3. In the case of an establishment proposed to be located on a parcel of at least 80 acres in size, the minimum distances referred to in Requirement 1 shall be measured in a straight line:
    a. From the nearest property line of the existing use to the nearest portion of the structure in which the establishment will be located, without regard to intervening obstacles; or
    b. In the case of a proposed establishment which will be located within a shopping center or other multiple tenant structure, from the nearest property line of the existing use to the nearest property line of a leasehold or occupancy parcel in which the establishment will be located, without regard to intervening obstacles.

    This requirement does not apply to the proposed use, as the existing Shopping Center property in which it is proposed is less than 80 acres in size.

4. When considering a Special Use Permit application for an establishment which also requires a waiver of the distance limitation in Requirement 1, the Planning Commission shall take into consideration the distance policy and shall, as part of its recommendation to the City Council, state whether the distance requirement should be waived and the reasons in support of the decision.

    This requirement does not apply to the proposed use, as no distance separation waiver is necessary.

5. The minimum distance requirements in Requirement 1 do not apply to:
    a. An establishment which has a nonrestricted gaming license in connection with a hotel having 200 or more guest rooms on or before July 1, 1992 or in connection with a resort hotel having in excess of 200 guest rooms after July 1, 1992; or
    b. A proposed establishment having more than 50,000 square feet of retail floor space.

    Neither condition applies to the proposed use.

6. All businesses which sell alcoholic beverages shall conform to the provisions of LVMC Chapter 6.50 [Non-Waivable].

    The proposed use meets this requirement, as beer, wine and sake would be served to patrons by employees of the establishment only where meals would be served, such as in the restaurant area and at the sushi bar. A standard condition of approval requires conformance to this section of the code.

The proposed use would be located within a proposed Japanese restaurant that is within an established Shopping Center equipped to handle commercial uses of various intensities. No outdoor seating is proposed. The Shopping Center contains several similar uses that have operated harmoniously with each other and with uses on surrounding properties. The location is ideal, as the U.S. 95 Freeway is situated to the west and south, and other commercial uses are to the north and east of the site. The Shopping Center can easily accommodate the required parking for all onsite uses, including the proposed Beer/Wine/Cooler On-Sale Establishment. The subject tenant suite was recently entitled for a Supper Club use, which is intended for larger restaurants where full alcohol service will be anticipated with meals; although the existing restaurant can accommodate up to 170 persons, the applicant does not intend to obtain a Supper Club license in the future. A condition of approval will expunge the approved entitlement that has not been exercised, upon final approval of the Special Use Permit.

As the use can be conducted in a manner that is harmonious and compatible with surrounding uses and all minimum Title 19 requirements are met by the use, staff recommends approval with conditions.

FINDINGS (SUP-48146)

In order to approve a Special Use Permit application, per Title 19.16.110(L) the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed Supper Club use is located within a shopping center with similar uses and can be operated in a manner that is harmonious and compatible with existing surrounding commercial uses. The site is also adjacent to the U.S. 95 Freeway right-of-way.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   No significant changes are proposed to the existing structure or the site with this application. The proposed intensity of the land use is suitable for this location, which contains a large shopping center designed for this and similar uses.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   The property is accessed by Rainbow Boulevard, a Major Collector as designated by the city's Planned Streets and Highways Map. The roadway facilities are adequate to serve a Supper Club use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   Approval of a Special Use Permit for the Beer/Wine/Cooler On-Sale Establishment use at this location will not compromise the public health, safety and welfare or the primary objectives of the General Plan, as the use will be subject to regular inspections and licensing requirements.

5. **The use meets all of the applicable conditions per Title 19.12.**

   The proposed use meets all applicable conditions of Title 19.12 for a Beer/Wine/Cooler On-Sale Establishment.

Re: zoning application for Beer/Wine/Cooler on sale establishment

To Whom It May Concern:

This letter is to request approval of Beer/Wine/Cooler on sale zoning for above location of a Japanese Steakhouse Sushi & Hibachi.

This restaurant is located at corner of N. Rainbow Blvd. / W. Lake Mead Blvd. Total square feet is 4992 inside with Dining area around 2992 SQ Ft., Kitchen area around 1100 SQ Ft., Restrooms, storage & Hallway total around 900 SQ Ft. Total seating is around 170. Hours operation is 11 am to 11pm.There are about12 Employees on site all the time.

We serve beer, wine and sake (fewer than 22% alcohol level) with food by our servers. There is a sushi bar where sushi chefs make sushi inside the bar. There is a juice bar where servers make boba tea, thai tea, fresh fruit juice, red/green beans drinks and where draft beer, non-alcoholic drinks are stored.

I have a NYE County, NV Liquor license since 03/08/2010 and a Clark County, NV Liquor Business license (2002377 LIQ-143) since 11/15/2011 for the similar Japanese Restaurants. And we have never had any problems with all liquor licenses.

Please kindly approve our zoning request so we can better serve our customers.

Thanks.

Sincerely,

Zhi Gang Wang

SUP-48160	Staff recommends APPROVAL, subject to conditions:	SDR-48158
SDR-48158	Staff recommends APPROVAL, subject to conditions:	SUP-48160

** CONDITIONS **

SUP-48160 CONDITIONS

Planning

1. Approval of and conformance to the Conditions of Approval for Site Development Plan Review (SDR-48158) shall be required, if approved

2. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Department of Building and Safety.

4. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.

5. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

MH

SDR-48158 CONDITIONS

Planning

1. Approval of and conformance to the Conditions of Approval for Special Use Permit (SUP-48160) shall be required, if approved.

2. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. All development shall be in conformance with the enlarged site and landscape plan labeled "ST2", floor plans, and building elevations, date stamped 01/24/13, except as amended by conditions herein.

4. Prior to the time application is made for a building permit, a sign plan that meets the criteria set forth in the Centennial Centre Development Criteria and Guidelines shall be approved by staff of the Planning and Development Department

5. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Department of Building and Safety.

6. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.

7. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications. Installed landscaping shall not impede visibility of any traffic control device.

8. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

9. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

10. A Drainage Study update must be submitted to and approved by the Department of Public Works prior to the recordation of a Final Map for this site. Provide and improve all drainageways recommended in the approved drainage study update.

11. Comply with all previous conditions of approval for Z-76-98(1) and all other subsequent site development review actions.

** STAFF REPORT **

PROJECT DESCRIPTION

The applicant is proposing to develop a 3,195 square-foot Restaurant (with drive-through) at the southwest corner of Tropical Parkway and Centennial Center Boulevard, located within the Town Center Special Area Plan. The proposed restaurant is part of a larger Shopping Center located on the same lot to the south. The drive-through component of the Restaurant requires a Special Use Permit. Staff recommends approval of both requests, as the use is compatible and harmonious with the surrounding commercial uses.

ISSUES

- A Special Use Permit is required for a Restaurant (with drive-through) in Service Commercial Town Center districts.
- The specific location of the proposed Restaurant is currently used as additional parking for the existing Shopping Center; the proposed Special Use Permit is required for the Drive-Through component of the restaurant.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
12/07/98	The City Council approved a Rezoning (Z-0076-98) to T-C (Town Center) on this site as part of a larger request.
01/14/99	The Planning Commission approved the Centennial Center Tentative Map (TM-0066-98) on this site as part of a larger request.
02/08/99	The City Council approved a Site Development Plan Review [Z-0076-98(1)] for a proposed 1,217,000 square-foot retail commercial development with seven auto dealerships on this site as part of a larger request.
08/26/99	The Planning Commission approved the Centennial Center Unit-1 Final Map (FM-0068-99) on this site as part of a larger request.
12/05/01	The City Council approved a Special Use Permit (U-0138-01) for a proposed Outdoor Sales Lot for a farmers market on property located adjacent to the southwest corner of Centennial Center Boulevard and Tropical Parkway. The Planning Commission and staff recommended approval.

Most Recent Change of Ownership	
12/28/12	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses
There are no building permits or business licenses for the subject site related to this proposal.

Pre-Application Meeting	
01/07/13	A pre-application meeting was held with the applicant's representative to discuss the development requirements for a proposed Restaurant (with drive-through) use in the Town Center Master Plan Area. It was determined that a Site Development Plan Review would be required for the proposed structure and that a Special Use Permit would be required for the drive-through component of the Restaurant.

Neighborhood Meeting
A neighborhood meeting is not required for this request, nor was one held.

Field Check	
01/31/13	A field inspection was conducted by staff. The subject property was noted as a well maintained Shopping Center with a mature landscaping installed.

Regular and Handicap Spaces Required			25		1,702	55	Y
Loading Spaces	>10,000 SF		1		1		Y

ANALYSIS

There are no Minimum Special Use Permit Requirements listed in the Town Center Special Area Plan for the Restaurant (with drive-through) use, nor is there a definition listed for this particular use listed in Title 19.18; however, the Town Center Special Area Plan requires that a Restaurant (with drive-through) use be reviewed on a case-by-case basis by means of a Special use Permit.

Included with the requested Special Use Permit is a Site Development Plan Review for the proposed construction of a 3,195 square-foot Restaurant (with drive-through) located at the northernmost tip of the commercial subdivision. The applicant proposes to develop a portion of the lot currently underutilized as parking overage for the Shopping Center. It is noted that the proposed building is close to a Las Vegas Valley Water District (LVVWD) easement. It is recommended that the applicant coordinate any work within the LVVWD easement with the Water District prior to submitting construction drawings to the City. The existing perimeter landscaping will remain and only minor changes to the parking lot landscape islands will occur. The proposed development meets all criteria specifically listed for the Fast Food Restaurant, as set forth by the Town Center Development Standards Manual.

The proposed development is typical of the surrounding retail and restaurant uses and meets the development requirements listed for the SC-TC (Service Commercial – Town Center) special land use district; therefore, staff recommends approval of this request.

FINDINGS (SUP-48160)

In order to approve a Special Use Permit application, per Title 19.16.110(L) the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed 3,195 square-foot Restaurant (with drive-through) is located within a Shopping Center in the SC-TC (Service Commercial – Town Center) special land use area. The proposed use can be conducted in a manner that is harmonious and compatible with the uses on the existing site and with the commercial uses on the adjacent properties.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site is suitable for the type and intensity associated with the Restaurant (with drive-through) use, which will occupy the developable northern portion of the existing Shopping Center parking overflow.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Site access is provided from Centennial Center Boulevard, a 90-foot Town Center Frontage Road, a sufficient size to accommodate the needs of the proposed Restaurant (with drive-through) use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   Approval of a Special Use Permit for the proposed Restaurant (with drive-through) will not compromise the public health, safety, or welfare, as the use is subject to licensing and inspections by the City of Las Vegas. The use is consistent with the existing SC-TC (Service Commercial - Town Center) special land use designation.

5. **The use meets all of the applicable conditions per Title 19.12.**

   There are no applicable conditions listed in Title 19.12 or the Town Center Development Standards Manual for the drive-through component of the proposed Restaurant; however, the Town Center Development Standards Manual does require a Restaurant (with drive-through) use to be reviewed and conditioned on a case-by-case basis.

FINDINGS (SDR-48158)

In order to approve a Site Development Plan application, per Title 19.16.100(E) the Planning Commission and/or City Council must affirm the following:

1. **The proposed development is compatible with adjacent development and development in the area;**

   The proposed Restaurant (with drive-through) is located within the northern portion of a parking lot that serves an existing Shopping Center. The surrounding area is used for both large and small commercial developments featuring various restaurant and retail uses. The development is compatible to adjacent land uses and in the architectural style of buildings in the area.

2. **The proposed development is consistent with the General Plan, this Title, the Design Standards Manual, the Landscape, Wall and Buffer Standards, and other duly-adopted city plans, policies and standards;**

   The proposed development is consistent with the Town Center Development Standards Manual. Development conditions specific to the Restaurant (with drive-trough) use have been met; particularly that the drive-through lane does not wrap around more than two side of the building.

3. **Site access and circulation do not negatively impact adjacent roadways or neighborhood traffic;**

   The subject property is accessed from Centennial Center Boulevard, a Town Center Frontage Road with a designed right-of-way width of 90 feet. The street is adequate to meet the requirements of the proposed use.

4. **Building and landscape materials are appropriate for the area and for the City;**

   The proposed building materials are in compliance with standards and are appropriate for the area. The applicant is proposing a modest storefront with masonry veneer base topped with a smooth-coat stucco finish. Although there are no proposed changes to the existing perimeter landscape materials, the applicant has provided ample landscaping that surrounds the structure.

5. **Building elevations, design characteristics and other architectural and aesthetic features are not unsightly, undesirable, or obnoxious in appearance; create an orderly and aesthetically pleasing environment; and are harmonious and compatible with development in the area;**

   The proposed building design characteristics are typical of the surrounding commercial development and are in conformance with the Centennial Centre requirements. The applicant has provided a covered drive-through service window that is incorporated into the design of the remaining building.

6. Appropriate measures are taken to secure and protect the public health, safety and general welfare.

The proposed Restaurant (with drive-though) will be subject to building inspections throughout construction and will continue with ongoing business licensing reviews; therefore, the development will not compromise public health or safety.

Re: Justification Letter –Site Development Plan Review and Special Use Permit
Proposed Farmer Boys Restaurant with drive through service
South corner of Centennial Center Blvd. & Tropical Parkway
Tax Assessor's Parcel No.: 125-28-713-007

The Site Development Plan Review request we are submitting for today depicts a proposed single story Farmer Boys restaurant with drive through service. The approximate 3,195 square foot structure is intended to be fully consistent with the architectural design of the Centennial Center Shopping Center within which it will be located. This application is fully consistent with the intended uses at this site and parking provided is far in excess of what is required by the City of Las Vegas. The site will be landscaped in accordance with City requirements and will match back to that of the existing center.

The Special Use Permit request is to allow drive through service at this convenience restaurant. This request is also fully compatible with the intended uses at the center.

We respectfully request your consideration in this matter. If you have any questions or comments, please call.

Sincerely,

JOHN DAVID BURKE, Architect

SUP-48168	Staff recommends APPROVAL, subject to conditions:	

** CONDITIONS **

SUP-48168 CONDITIONS

Planning

1. Conformance to all Minimum Requirements under LVMC Title 19.12 for a Building & Landscape Material/Lumber Yard use.

2. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Department of Building and Safety.

4. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.

5. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

YK

** STAFF REPORT **

PROJECT DESCRIPTION

The applicant is applying for a Special Use Permit for a Building & Landscape Material/Lumber Yard use in an existing shopping center at 232 North Jones Boulevard. This project will include a 19,592 square-foot outside storage and display area in the southeast corner of the parking lot. The proposal meets all requirements for such a use therefore; staff is recommending approval with conditions. If denied, the Building & Landscape Material/Lumber Yard use would not be allowed at this location.

ISSUES

- A Special Use Permit is required for a Building & Landscape Material/Lumber Yard in a C-1 (Limited Commercial) district.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
03/28/62	The Board of City Commissioners approved a Rezoning (Z-0014-62) from R-1 (Single Family Residence) to C-1 (Limited Commercial) on 21.44 acres at the northeast corner of Jones Boulevard and Fremont Street [U.S. 95] as part of a larger request. The Planning Commission and staff recommended approval.
01/08/13	The Planning Commission approved a Tentative Map (TMP-47474) for a one-lot commercial subdivision of an existing shopping center site on 14.53 acres at 240 North Jones Boulevard. Staff recommended approval.

Most Recent Change of Ownership	
09/20/00	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses	
10/11/12	A Building Permit (#216313) was issued for a Tenant Improvement at 232 N. Jones Boulevard. The permit was finalized on 02/06/13.
12/18/12	A Building Permit (#226201) was issued for a fence at 232 N. Jones Boulevard. The permit is pending.
02/06/13	A Business License (G50-93729) for Retail Sales was applied for. The license has not been issued pending a Special Use Permit Approval.

Pre-Application Meeting	
01/10/13	Staff met with the applicant and discussed the differences between Outdoor Storage and Building & Landscape Material/Lumber Yard. It was decided that the best application process to meet the needs of the applicant was to apply for a Special Use Permit for a Building & Landscape Material/Lumber Yard use and to meet the Accessory Outdoor Storage requirements.

Neighborhood Meeting
No neighborhood meeting was required, nor held.

Field Check	
01/31/13	Staff visited the site and found that the applicant has installed a seven-to-eight foot tall wrought iron fence around the proposed outside storage/display area. This fence does not meet the required 20-foot rear yard setback nor the required solid screening along the east perimeter.

YK

ANALYSIS

The applicant is proposing to open a new retail store with outside storage that caters to consumers who live the Farm, Ranch and Western lifestyles. The proposed outside storage area is located on the southeast corner of the shopping center parking lot. This area will be secured and locked when an employee is not present.

The Building & Landscape Material/Lumber Yard use is defined as "A facility for the sale of home, lawn and garden supplies and construction materials such as brick, lumber and other similar materials." The proposed use meets the definition as outlined in the applicant's justification letter.

The Minimum Special Use Permit Requirements for this use include:

* 1. Accessory outdoor storage must meet all requirements of LVMC 19.08.040(E)(4)(e), irrespective of whether or not for purposes of LVMC 19.08.040(E)(4)(e) a Variance from its requirements is granted pursuant to that provision and LVMC 19.16.140.

The outdoor storage area will be secured by an eight-foot tall, black wrought iron fence with the east perimeter screened using a matching mesh attached to the fence. The applicant is meeting all conditions by screening the east side of the outside storage. Staff recommends approval.

FINDINGS (SUP-48168)

In order to approve a Special Use Permit application, per Title 19.16.110(L) the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed Building & Landscape Material/Lumber Yard is located within a shopping center that can accommodate a variety of uses including retail sales, medical and professional offices, personal services, and restaurants. The addition of a Building & Landscape Material/Lumber Yard within this shopping center is compatible with the existing and future land uses as specified by the SC (Service Commercial) General Plan designation.

2. The subject site is physically suitable for the type and intensity of land use proposed.

The proposed site is a shopping center that was designed to accommodate a variety of uses, including a Building & Landscape Material/Lumber Yard use, and conforms to both the General Plan and Title 19 land use designations of the site with the approval of a Special Use Permit.

3. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.

The proposed Building & Landscape Material/Lumber Yard is located within a shopping center that is adequately served by Jones Boulevard, a 80-foot Secondary Collector, as designated by the Master Plan of Streets and Highways.

4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.

The proposed Special Use Permit will not be inconsistent with or comprise the public health, safety or welfare as a Building & Landscape Material/Lumber Yard is subject to licensing and inspections by the City of Las Vegas. The proposed use is consistent with the existing SC (Service Commercial) General Plan designation.

5. The use meets all of the applicable conditions per Title 19.12.

The site meets all applicable conditions per Title 19.12 for a Building & Landscape Material/Lumber Yard. The use conforms to Title 19 as conditioned.

RE: C-A-L Ranch Store Located at 232 N. Jones Blvd., Las Vegas NV 89107 – Special Use Permit for Outdoor Display and Sales Area

~~To Whom It May Concern,~~

C-A-L Ranch Stores is a chain of retail stores founded in 1959 in Idaho Falls Idaho. We currently operate in Idaho, Utah, Nevada and Arizona. Now, after 54 years of business, we are happy to open our 20th store located in Las Vegas.

C-A-L Ranch Stores appeals to consumers who live the Farm, Ranch and Western lifestyle. Our mix of merchandise includes ranch and farm supplies, livestock, equine, pet feed and accessories, work & western apparel and footwear as well as shop equipment, tools, hardware, lawn & garden supplies, and outdoor sporting goods.

One of the great ways that we draw customers into our stores is by displaying some of the more bulky merchandise that is difficult to display inside, outside, in a fenced in area. In the case of our new Las Vegas store, we plan to have this area located in the southeast corner of our parking lot. In this outdoor display and sales area we will have fencing panels, lawn and garden tools and equipment, animal kennels, livestock water tanks, feed equipment and so on.

This area is monitored by our staff and remains locked unless there is an employee accompanying a customer. We make a point of keeping it neat and orderly at all times and have had great success from this marketing method.

Thank you for your consideration

Sincerely,

Kevin Bell

March 12, 2013 - Planning Commission Meeting

** STAFF REPORT **

PROJECT DESCRIPTION

The applicant has applied for a Special Use Permit for an Auto Sales, New and/or Used use in the Employment Center land use area of the Summerlin Master Plan at 10050 Banburry Cross Drive, Suites 157 and 210. One, two-story office building is located on the site that is designed to allow flexible office and warehouse space. The proposed use would take place in suite 157, with the business offices located in suite 210. The project meets all the minimum requirements for such use therefore; staff recommends approval with conditions. If denied, no Auto Sales, New and/or Used use would be allowed on the site.

ISSUES

- An Auto Sales, New and/or Used use is allowed in the Employment Center of Summerlin with an approved Special Use Permit. Staff supports this request.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
03/06/02	The City Referral Group approved a Site Development Plan Review via (SV-0002-02) for a 55,000 Square foot Office-Warehouse building on 2.37 acres near the northwest corner of Banburry Cross Drive and Town Center Drive. Staff recommended approval.

Most Recent Change of Ownership	
01/26/05	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses	
08/00/12	A Building Permit Checklist (#169915) to install commercial sound board and drywall was issued for 10050 Banburry Cross Drive, Suite 157. The permit has not been finalized.
06/06/07	A Building Permit (#91218) for an Occupancy Investigation of storage spaced that is now being occupied was issued for 10050 Banburry Cross Drive, Suite 157.

Related Building Permits/Business Licenses	
03/27/12	A Building Permit (#207673) was issued for the Inspection Management Program of Las Vegas Machine and Fabrication at 10050 Banburry Cross Drive, Suite 210.

Pre-Application Meeting	
01/15/13	Staff met with the applicant and reviewed the requirements of a Special Use Permit for an Auto Sales, New and/or Used use in the Employment Center land use area of Summerlin. The applicant was directed to specify if any manufacturing would take place and if so, to call the area out on the floor plan.

Neighborhood Meeting
No neighborhood meeting was required, nor was one held.

Field Check	
01/31/13	Staff visited the site and found a well maintained office building. The building is designed with several roll-up doors for use as a warehouse for some of the tenants.

ANALYSIS

The Auto Sales, New and /or Used use is defined respectfully by the Summerlin Development Standards as "A facility that sells new automobiles and a facility that sells used automobiles." The proposed use meets the definition as stated in the justification letter, "the Applicant is proposing and desires to utilize a portion of the property for the display and sale or leasing of new and/or used motor vehicles, including custom built trikes."

The Minimum Summerlin Development Standards Special Use Permit Requirements for this use include:

1. The installation and use of an outside public address or bell system is prohibited.
   The applicant states in the justification letter that no outside public address or bell system will be installed or used.
2. Any used or discarded automotive parts or equipment located in any open area outside an enclosed building must be screened from view.
   The applicant states in the justification letter that all parts and equipment will be located wholly within the enclosed building.
3. All exterior lighting shall be screened or otherwise designed so as not to shine directly onto any adjacent parcel of land.
   The applicant states in the justification letter that all exterior lighting will be screened from adjacent parcels.
4. All new and/or used auto sales facilities shall be closed for business between the hours of 10:00 p.m. and 7:00 a.m.
   The applicant states in the justification letter that the business will be closed for business between the hours of 10:00 p.m. and 7:00 a.m.

As all minimum requirements of the Summerlin Master Plan for new and used motor sales is being met, staff recommends approval, with conditions.

FINDINGS (SUP-48174)

In order to approve a Special Use Permit application, per Title 19.16.110(L) the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The Auto Sales, New and /or Used use can be conducted in a manner that is harmonious with the neighborhood since all minimum requirements for said use are being met.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The proposed Auto Sales, New and /or Used use will be conducted wholly within an enclosed building and meets the minimum parking requirements established by the Summerlin Development Standards.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   The proposed use has direct access to Banburry Cross Drive, a Secondary Collector Street as designated by the Master Plan of Streets and highways that is adequate to meet the needs of an Auto Sales, New and /or Used use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   The proposed Auto Sales, New and /or Used use is not inconsistent with the P-C (Planned Community) General Plan designation for Summerlin.

5. **The use meets all of the applicable conditions per the Summerlin Development Standards.**

   All minimum conditions for an Auto Sales, New and /or Used use under the Summerlin Development Standards are being met.

Re: Justification Letter for Special Use Permit
Motor Vehicle Sales (New and/or Used)

To Whom It May Concern:

Please be advised that this law firm represents Custom Motor Creations, LLC, a Nevada limited liability company (the "Applicant" or "CMC"), with regard to its request for a Special Use Permit to allow Motor Vehicle Sales (New and/or Used) on a portion of 2.38 acres in a P-C (Planned Community) District. The real property is located at 10050 Banburry Cross Drive, Las Vegas, Nevada (the "Property"), as further described as Assessor's Parcel Number 138-30-218-002. The Applicant, with the property owner's consent, hereby requests a special use permit that would entitle the Property to conduct new and/or used motor vehicle sales at the subject location.

In particular, the Applicant is proposing and desires to utilize a portion of the Property for the display and sale or leasing of new and/or used motor vehicles, including custom built trikes (the "Proposed Use"). The Proposed Use will be conducted wholly within Suite 157 (the "Suite") while the business office for the Proposed Use will be located in Suite 210, as identified on the plans submitted herewith. No operations will take place outside the leased premises. The suite utilized for the Proposed Use contains approximately 5,000 square feet of gross floor space of which up to 4,000 square feet will be utilized by the Applicant as the sales and display area for the business. The Applicant will not perform any auto mechanical repairs and/or related services in conjunction with its business operations, and the anticipated hours of operation are Monday through Saturday from 8:00 a.m. to 7:00 p.m. It is important to note that the Proposed Use targets a niche market of adventuresome clients with discretionary income. Generally, a trike is customized to a buyer's specifications; therefore, the Applicant does not anticipate displaying

SUP-48174

and maintaining a large inventory of custom trikes on the sales floor. Due to its unique clientele, there is ample onsite parking to accommodate the limited traffic that may be generated by the Proposed Use.

Although not part of this application, the Applicant would like to disclose that the remaining gross floor space of the Suite will be utilized by Las Vegas Trikes ("LVT"), a company that currently holds an active City of Las Vegas motorcycle assembly license at the Suite. Essentially, LVT assembles/manufactures the custom trikes that will be sold at retail by CMC. As you may be aware, the Summerlin Development Standards (the "SDS") define light manufacturing as operations that are permitted to produce products for retail sale and such use is permitted by right on the Property. Since LVT's use is permitted by right, this application only pertains to the approval of the Proposed Use.

Pursuant to the SDS, the Proposed Use is permitted in the Employment Center land use district with the approval of a Special Use Permit. In order to approve a Special Use Permit application, per Title 19.16.110(L), the Planning Commission must affirm the following:

1. The proposed use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.

- The Proposed Use can be conducted in a manner that is harmonious with the neighborhood because the Proposed Use will conform to all the standard conditions/requirements as set-forth by the SDS, including the following: (a) the Applicant will not install nor use an outside public address or bell system; (b) all used or discarded motorcycle parts or equipment will be located wholly within an enclosed building; (c) all exterior lighting will be screened or otherwise designed so as not to shine directly onto any adjacent parcel of land; and (d) the facility will be closed for business between the hours of 10:00 p.m. and 7:00 a.m.

2. The subject site is physically suitable for the type and intensity of land use being proposed.

- The Property meets or exceeds the parking standards as set forth by the SDS and the business operations can and will be conducted wholly within an enclosed building; therefore, the Property is physically suitable for the type and intensity of the Proposed Use.

3. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.

- The Proposed Use has direct access to Banburry Cross Drive, which is a 60 foot right-of-way. The Proposed Use will not generate an inordinate amount of traffic and the street providing access to and from the Property is adequate in size to handle any additional traffic that may be generated by the Proposed Use.

4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.

- As with any use, the Proposed Use will be subject to regular City and County inspections for licensing and will therefore not compromise the public health, safety and welfare.

It is important to note that all existing site improvements, exterior building elevations and landscape improvements are to remain the same.

For the reasons provided above, the Applicant respectfully requests that Staff recommends approval of the Special Use Permit to allow the Proposed Use to be conducted on a portion of the Property.

Thank you in advance for your consideration with regards to this application. If you have any questions, please do not hesitate to contact me.

Sincerely,

FENNEMORE CRAIG JONES VARGAS

8. The parking lot shall be re-striped before a business license for a Retail Establishment with Accessory Package Liquor Off-Sale use is issued.

9. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

** STAFF REPORT **

PROJECT DESCRIPTION

This is a request for a Special Use Permit for a Retail Establishment with Accessory Package Liquor Off-Sale use within an existing 2,684 square-foot convenience store at 2558 Valley View Boulevard. This location does not have any churches, schools, child care facilities or city parks within the required 400-foot distance separation radius. The proposed use will not add parking beyond that which is required for the principal use on the site. No more than 10 percent of the retail floor space will be used for the display and sale of Package Liquor. The site location is compatible with surrounding land uses and all minimum requirements for the proposed use are being met, therefore; staff recommends approval. If this request is denied, no Packaged Liquor may be sold on the premises.

ISSUES

- A Retail Establishment with Accessory Package Liquor Off-Sale use is allowed in a C-1 (Limited Commercial) zoning district with an approved Special Use Permit. Staff supports this request.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
05/18/94	The City Council approved a request for a Special Use Permit (U-0072-94) for a Beer/Wine/Cooler On-and Off-Sale Establishment at 2558 South Valley View Boulevard. The Board of Zoning Adjustment recommended approval.
11/19/08	The City Council approved a request for a Variance (VAR-29873) to allow for 21 parking spaces where 35 parking spaces are required for a proposed beauty salon at 2558 - 2564 S. Valley View Boulevard. The Planning Commission recommended approval and staff recommended denial.

Most Recent Change of Ownership	
04/10/03	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses	
10/24/12	A business license (C20-91993) for a Convention Hall Tax was applied for at 2558 South Valley View Boulevard. The license is pending background approval.
	A business license (G01-91992) for Restricted Gaming was applied for at 2558 South Valley View Boulevard. The license is pending background approval.
01/16/13	A business license (C2-05-02840) for a Tobacco Dealer was issued for at 2558 South Valley View Boulevard. The license is active.
	A business license (C15-00414) for a Convenience Store was issued for at 2558 South Valley View Boulevard. The license is active.
	A business license (L11-00013) for Beer/Wine/Cooler On-and Off-Sale was issued for at 2558 South Valley View Boulevard. The license is active.

Pre-Application Meeting	
01/16/13	Staff met with the applicant and reviewed the requirements for a Special Use Permit for a Retail Establishment with Accessory Package Liquor Off-Sale use. If was noted that the existing Beer/Wine/Cooler On-Off Sale use shall remain active if served with meals. It was noted that a detailed floor plan showing the existing restaurant seating area and all other uses be included with the application.

Neighborhood Meeting
No neighborhood meeting was required, nor was one held.

Field Check	
01/31/13	Staff visited the site and found a small commercial center with 22 parking spaces and one loading space. The lot needed to be re-painted or striped. The interior of the convenience store was setup to function as a small restaurant with seating for 30.

*Per VAR-29873

ANALYSIS

This application is in conjunction with an existing convenience store and restaurant. The request meets all minimum requirements and the activity can be conducted in a manner that is harmonious and compatible with existing uses in the area.

The center has a Variance (VAR-29873) to allow 21 parking spaces, where 35 are required. The proposed Retail Establishment with Accessory Package Liquor Off-Sale use does not require additional parking. The center exceeds the minimum Variance requirement by one space therefore, the parking is adequate. However, the parking lot is in need of restriping and a condition has been added to address this issue.

The Retail Establishment with Accessory Package Liquor Off-Sale use is defined as "A retail establishment: 1. Whose license to sell alcoholic beverages authorizes their sale to consumers only and not for resale, in original sealed or corked containers, for consumption off the premises where the same are sold; and 2. In which the sale of alcoholic beverages is ancillary to the retail use, and in which no more than 10 percent of the retail floor space is regularly devoted to the display or merchandising of alcoholic beverages. This use includes an establishment that provides on-premises wine, cordial and liqueur tasting if the licensee also holds a wine, cordial and liqueur tasting license for that location." The proposed use meets the definition as the applicant states in the justification letter

The Minimum Special Use Permit Requirements for this use include:

* 1. Except as otherwise provided, no retail establishment with accessory package liquor off-sale hereinafter "establishment") shall be located within 400 feet of any church, synagogue, school, child care facility licensed for more than 12 children, or City park. *There are no protected uses within the 400-foot separation buffer requirement.*

* 2. All businesses which sell alcoholic beverages shall conform to the provisions of LVMC Chapter 6.50. *The applicant shall obtain an appropriate business license for the use.*

FINDINGS (SUP-48177)

In order to approve a Special Use Permit application, per Title 19.16.110(L) the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The Retail Establishment with Accessory Package Liquor Off-Sale use can be conducted in a manner that is harmonious and compatible with the existing surrounding land uses.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site contains an existing retail center. This site is adequate to handle the Retail Establishment with Accessory Package Liquor Off-Sale use within an existing 2,684 square-foot General Retail Store.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   The site is served by Valley View Boulevard, an 80-foot Secondary Collector that has adequate access for the requirements of the proposed accessory Package Liquor Off-Sale Establishment use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   This use will be subject to licensing requirements and will therefore not compromise the public health, welfare or safety or overall objectives of the General Plan. In order to exercise the Special Use Permit the applicant has one year to apply and receive a business license related to the accessory Package Liquor Off-Sale Establishment.

5. **The use meets all of the applicable conditions per Title 19.12.**

   The use meets all of the applicable conditions per Title 19.12

RE: 2558 Valley View, 162-08-101-005

Dear Sir or Madam:

Please accept this letter as our justification for a Special Use Permit (SUP) for the above referenced property. We are requesting a permit to allow the sale of liquor in conjunction with an existing convenience store. Title 19.12 requires;

– "Minimum Special Use Permit Requirements:

** 1. Except as otherwise provided, no package liquor off-sale establishment (hereinafter "establishment") shall be located within 400 feet of any church, synagogue, school, child care facility licensed for more than 12 children, or City park.*

** 2. Except as otherwise provided in Requirement 3 below, the distances referred to in Requirement 1 shall be determined with reference to the shortest distance between two property lines, one being the property line of the proposed establishment which is closest to the existing use to which the measurement pertains, and the other being the property line of that existing use which is closest to the proposed establishment. The distance shall be measured in a straight line without regard to intervening obstacles. For purposes of measurement, the term "property line" refers to property lines of fee interest parcels and does not include the property line of:*

a. Any leasehold parcel; or

SUP-48177

b. Any parcel which lacks access to a public street or has no area for on site parking and which has been created so as to avoid the distance limitation described in Requirement"

This property meets the separation requirements. The store currently sells beer and wine and the owner has cameras installed in the store and outside the store. The cameras allow him to police activities in the parking lot. The owner has a policy that if it appears a customer is attempting to purchase beer or wine for a minor, they are permanently banned from the store.

Many of the current clientele walk to the store and have asked about the ability to purchase liquor at this location. The store is beginning to stock items geared towards seniors, and is they are researching the possibility of delivering items to the seniors (not liquor).

By including liquor sales as part of the service provided to its customers, the convenience store can only display 10% of its display area as alcohol sales, including beer and wine. The square footage of the convenience store would allow for 154 square feet of display area. The display area that is shown is 90 square feet. The liquor display will be behind the counter a customer will have to request their liquor and purchase it before they take possession of it.

Within the convenience store is a fried chicken restaurant in conjunction with the store. They intend to keep the restaurant active and know they need to acquire an additional liquor license for the off-premise sales of liquor. They are indicating 50 seats for the restaurant portion on their floor plan.

We believe this to be a good use of the property and provide an additional service to our customers. Thank you for your consideration in this matter; please do not hesitate to contact me with any questions.

Yours truly,

Lucy Stewart

Planning

1. Conformance to all Minimum Requirements under LVMC Title 19.12 for a Retail Establishment with Accessory Package Liquor Off-Sale use.

2. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Department of Building and Safety.

4. All signage shall be permitted and meet minimum code requirements within 30 days of final approval.

5. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.

6. Approval of this Special Use Permit does not constitute approval of a liquor license.

7. This business shall operate in conformance to Chapter 6.50 of the City of Las Vegas Municipal Code.

8. All beer and wine coolers shall remain in the original manufacturer's configuration intended for off-sale resale.

9. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

** STAFF REPORT **

PROJECT DESCRIPTION

This is a request for a Special Use Permit for a Retail Establishment with Accessory Package Liquor Off-Sale use within an existing 2,300 square-foot convenience store at 1000 South Torrey Pines Drive, Suite A. This location does not have any churches, schools, child care facilities or city parks within the required 400-foot distance separation radius. The proposed use will not add parking beyond that which is required for the principal use on the site. No more than 10 percent of the retail floor space will be used for the display and sale of Package Liquor. The site location is compatible with surrounding land uses and all minimum requirements for the proposed use will be met, therefore; staff recommends approval. If this request is denied, no Packaged Liquor may be sold on the premises.

ISSUES

- A Retail Establishment with Accessory Package Liquor Off-Sale use is allowed in a C-1 (Limited Commercial) zoning district with an approved Special Use Permit. Staff supports this request.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
06/06/60	The City Council approved Rezoning (Z-0026-60) from R-E (Residence Estates) to C-1 (Limited Commercial) on the subject parcel located at 1000 South Torrey Pines Drive.
04/18/12	The City Council approved General Plan Amendment (GPA-43991) to establish Redevelopment Area 2 and change the future land use designation on various parcels within this area to Commercial or Mixed Use in Ward 1. The Planning Commission and staff recommended approval.

Most Recent Change of Ownership	
11/19/10	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses	
10/23/12	A Business License (C15-00410) was issued for a Convenience Store at 1000 South Torrey Pines Drive, Suite A. The permit is still active.
	A Business License (L10-00339) was issued for a Beer/Wine/Cooler Off-Sale at 1000 South Torrey Pines Drive, Suite A. The permit is still active.
	A Business License (C05-02829) was issued for a Tobacco Dealer at 1000 South Torrey Pines Drive, Suite A. The permit is still active.
01/02/13	A Business License (G01-02485) was issued for Restricted Gaming at 1000 South Torrey Pines Drive, Suite A. The permit is still active.

Pre-Application Meeting	
01/16/13	Staff met with the applicant and reviewed the requirements for a Retail Establishment with Accessory Package Liquor Off-Sale use. It was determined that no waivers would be required since all minimum requirements were being met.

Neighborhood Meeting
No neighborhood meeting was required, nor was one held.

Field Check	
01/31/13	Staff visited the site and found a convenience store with excessive signage on the windows and walls. The parking area was clean and maintained.

ANALYSIS

This application is in conjunction with an existing convenience store. The current owners re-established a Beer/Wine/Cooler Off-Sale use on 10/23/12 that was first issued in 1951. This was less than six months after the previous holder went out-of-business in June of 2012. The use is therefore considered legal non-conforming since it does not have an approved Special Use Permit. The request to add a Package Liquor use at this location meets all minimum requirements and can be conducted in a manner that is harmonious and compatible with existing uses in the area.

The Retail Establishment with Accessory Package Liquor Off-Sale use is defined as "A retail establishment: 1. Whose license to sell alcoholic beverages authorizes their sale to consumers only and not for resale, in original sealed or corked containers, for consumption off the premises where the same are sold; and 2. In which the sale of alcoholic beverages is ancillary to the retail use, and in which no more than 10 percent of the retail floor space is regularly devoted to the display or merchandising of alcoholic beverages. This use includes an establishment that provides on-premises wine, cordial and liqueur tasting if the licensee also holds a wine, cordial and liqueur tasting license for that location." The proposed use meets the definition as the applicant states in the justification letter that they will adhere to all requirements.

The Minimum Special Use Permit Requirements for this use include:

* 1. Except as otherwise provided, no retail establishment with accessory package liquor off-sale hereinafter "establishment") shall be located within 400 feet of any church, synagogue, school, child care facility licensed for more than 12 children, or City park. *There are no protected uses within the 400 feet buffer radius.*

* 2. All businesses which sell alcoholic beverages shall conform to the provisions of LVMC Chapter 6.50. *The applicant has indicated that they will obtain the proper business license as required.*

FINDINGS (SUP-48178)

In order to approve a Special Use Permit application, per Title 19.16.110(L) the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The Retail Establishment with Accessory Package Liquor Off-Sale use can be conducted in a manner that is harmonious and compatible with the existing surrounding land uses.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site contains an existing retail strip center. This site is adequate to handle the Retail Establishment with Accessory Package Liquor Off-Sale use within an existing 2,300 square-foot General Retail Store.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   The site is served by Torrey Pines Drive, an 80-foot Secondary Collector as categorized by the City's Master Streets and Highways Plan. This street will provide adequate access for the requirements of the proposed Retail Establishment with Accessory Package Liquor Off-Sale within an existing 2,300 square-foot General Retail Store.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   This use will be subject to licensing requirements and will therefore not compromise the public health, welfare or safety or overall objectives of the General Plan.

5. The use meets all of the applicable conditions per Title 19.12.

The use meets all of the applicable conditions per Title 19.12 for a Retail Establishment with Accessory Package Liquor Off-Sale use.

RE: 1000 Torrey Pines

Dear Sir or Madam:

Please accept this letter as our justification for a Special Use Permit (SUP) for the above referenced property. We are requesting a permit to allow the sale of liquor in conjunction with an existing convenience store. Title 19.12 requires:

– *"Minimum Special Use Permit Requirements:*

** 1. Except as otherwise provided, no package liquor off-sale establishment (hereinafter "establishment") shall be located within 400 feet of any church, synagogue, school, child care facility licensed for more than 12 children, or City park.*

** 2. Except as otherwise provided in Requirement 3 below, the distances referred to in Requirement 1 shall be determined with reference to the shortest distance between two property lines, one being the property line of the proposed establishment which is closest to the existing use to which the measurement pertains, and the other being the property line of that existing use which is closest to the proposed establishment. The distance shall be measured in a straight line without regard to intervening obstacles. For purposes of measurement, the term "property line" refers to property lines of fee interest parcels and does not include the property line of:*

a.Any leasehold parcel; or
b. Any parcel which lacks access to a public street or has no area for on site parking and which has been created so as to avoid the distance limitation described in Requirement"

This property meets the separation requirements. Across Charleston, approximately a quarter mile is a high school. Charleston provides a natural barrier to the high students

SUP-48178

and this store. The store currently sells beer and wine and the owner has cameras installed in the store and outside the store. The cameras allow him to police activities in the parking lot. The owner has a policy that if it appears a customer is attempting to purchase beer or wine for a minor, they are permanently banned from the store.

Many of the current clientele walk to the store and have asked about the ability to purchase liquor at this location (see attached supporting petitions). Lee's Liquor, at Oakey and Rainbow, is the nearest location for liquor and is not convenient to the patrons who are walking.

By including liquor sales as part of the service provided to its customers, the convenience store can only display 10% of its display area as alcohol sales, including beer and wine. The square footage of the convenience store would allow for 234 square feet of display area. The display area that is shown is 217 square feet. The liquor display will be behind the counter, behind the glass so a customer will have to request their liquor and purchase it before they take possession of it.

We believe this to be a good use of the property and provide an additional service to our customers. Thank you for your consideration in this matter; please do not hesitate to contact me with any questions.

Yours truly,

Lucy Stewart

Planning

1. Conformance to all Off-Premise Sign use Minimum Requirements under LVMC Title 19.12.

2. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Department of Building and Safety.

4. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.

5. This Special Use Permit shall be reviewed in five (*5*) year(s), at which time the City Council may require the Off-Premise Sign be removed. The applicant shall be responsible for notification costs of the review. Failure to pay the City for these costs may result in a requirement that the Off-Premise Sign be removed.

6. The Off-Premise Sign and its supporting structure shall be properly maintained and kept free of graffiti at all times. Failure to perform the required maintenance may result in fines and/or removal of the Off-Premise Sign.

7. The property owner shall keep the property properly maintained and graffiti-free at all times. Failure to perform required maintenance may result in fines and/or removal of the Off-Premise Sign.

8. Only one advertising sign is permitted per sign face.

9. Bird deterrent devices shall be installed on the sign.

10. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

** STAFF REPORT **

PROJECT DESCRIPTION

The applicant is applying for a Special Use Permit to install an Off-Premise Sign at the Mike Morgan Park, a C-V (Civic) zoned, City property at 3951 East Bonanza Road. The proposed Off-Premise Sign meets all minimum code requirements. Staff recommends approval. If denied, no Off-Premise Sign would be allowed on this site.

ISSUES

- A Special Use Permit is required for an Off-Premise Sign in a C-V (Civic) district. Staff supports this request.

Other	All Off-Premise Signs shall be detached and permanently secured to the ground and shall not be located on property used for residential purposes.	Sign is permanently attached to the ground and detached from any other structures.	Y

ANALYSIS

The Off-Premise Sign use is defined as "Off-premise signs are to be considered primarily a specific type of land use rather than as an incidental use to an existing land use. Off-premise signs generally produce revenue to the property owner(s) as a land use as compared to on-premise signs which in themselves do not produce revenue but are incidental to a revenue producing land use. However, because of the special characteristics of off-premise signs as compared to other types of land uses and structures, certain qualifications and requirements are set forth in connection with off-premise signs as a permitted use in certain zoning districts." The proposed use meets the definition, since the property owner will be obtaining revenue from the proposed signage.

The Minimum Special Use Permit Requirements for this use include:

1. No off-premise signs shall be erected in the public right-of-way. *The proposed sign is not located in the public right-of-way.*

2. No off-premise sign certificate of any kind shall be issued for an existing or proposed sign unless the sign is consistent with all requirements of this Title (including those protecting existing signs). *The proposed sign meets all minimum requirements for an Off-Premise Sign.*

3. Except as provided in Paragraph (12) below, off premise signs are permitted in the C-1, C-2, C-M and M Zoning Districts only. *Per Paragraph (12), an Off-Premise Sign is permitted in the C-V (Civic) zoning district if it is controlled by a local government. The parcel meets this criteria.*

4. No off-premise sign shall have a surface area greater than 672 square feet, except that an embellishment of not to exceed five feet above the regular rectangular surface of the sign may be added if the additional area contains no more than 128 square feet. Any embellishment may include lettering, text, numerals or images, but only to the extent that such items do not exceed fifty percent of any linear side of the sign. *The proposed sign is 525 square-feet, with no embellishments.*

5. Off-premise signs which are within 660 feet of the right-of-way and which can be read from Interstate 15, US 95 from the north city limits to the Oran K. Gragson Highway, the Oran K. Gragson Highway or Interstate 515 shall be no closer than 750 feet (measured along the highway frontage) to any other off-premise sign along the same frontage. Each side of the highway shall be considered a separate frontage. The sign and all other off-premise signs not oriented toward the same highway shall be no closer than 300 feet in any direction to any other off premise sign, wherever located, including an off premise sign that is situated outside the corporate boundaries of the City. *The nearest Off-Premise Sign is more than 1,700 feet to the west of the proposed sign.*

6. Off-premise signs shall be no higher than 40 feet from grade at the point of construction, except that an off-premise sign within 60 feet of the right-of-way line of the street to which it is oriented which, at a height of 40 feet, will have a significant portion of its display surface obscured from view from the travel lanes of the street may be increased to a maximum of 55 feet when authorized by the City Council. *The proposed sign is 28 feet in height and is less than the maximum height allowed.*

7. Off-premise signs shall not be located closer than 10 feet to the right-of-way line of a freeway nor closer than 50 feet to the intersection of the present or future rights-of-way of any two public roads, streets or highways. *The proposed sign is more than 500 feet from the nearest intersection.*

8. No off-premise sign shall be allowed within 300 feet from the nearest property line of a lot in the "U" zoning district or any "R" zoning district. *The nearest "R" zoned property is located 315 feet to the northeast of the proposed sign, on the north side of Bonanza Road.*

9. An off-premise sign may be permitted in the C-V District if in each case the parcel or use is operated or controlled by an agency of local, state or federal government, or by any fraternal, veteran, civic or service organization. *The proposed sign is located in a public park owned and controlled by the City of Las Vegas.*

The proposed Off-Premise Sign is aesthetically pleasing in that it has elements of the "Welcome to Las Vegas" sign, famously located on Las Vegas Boulevard. Some of the elements include the words, "City of Las Vegas" and the atomic star. The sign blends into the surrounding area, since it is only 28 feet in height instead of the allowed 40 feet, which is standard. The two faces of the sign will have full color message units in LED. The overall color scheme of the frame and casing is red, white and blue, with a ribbon of yellow.

The proposed Off-Premise Sign is designed within all Title 19 code standards, is aesthetically pleasing and compatible with the area. The Las Vegas 2020 Master Plan, Fiscal Management Policy 6.1.6 states: "That the City, where possible use public/private partnerships to pay for public capital improvements." This project supports this policy as a revenue source. For these reasons, staff recommends approval, with conditions.

FINDINGS (SUP-48180)

In order to approve a Special Use Permit application, per Title 19.16.110(L) the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed Off-Premise Sign use can be conducted in a manner that is harmonious and compatible with the existing site.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The C-V (Civic) zoned, public park site is suitable for the proposed use.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Site access is provided from Bonanza Road, a 100-foot Primary Arterial Street and is adequate in size to accommodate the proposed Off-Premise Sign use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   Approval of the proposed Special Use Permit will be consistent with and not compromise the public health, safety and general welfare as the use will be subject to regular inspections by business licensing staff.

5. **The use meets all of the applicable conditions per Title 19.12.**

   The proposed Off-Premise Sign use complies with all minimum Special Use Permit requirements.

Mr. Doug Rankin
Manager
495. S. Main St.
Las Vegas, NV 89101

Subject: JUSTIFICATION LETTER FOR SPECIAL USE PERMIT

Reference: Digital Parquees™ - Mike Morgan Family Park, 391 East Bonanza Road

Dear Mr. Rankin,

Issue:
To obtain the necessary Planning Department approval and permits to move forward with the project in regards to the approved Digital Parquee™ License Agreement between the City of Las Vegas, the State of Nevada and Elite Media, Inc regarding advertising, sponsorship and other items related thereto for the above location.

Per the agreement Elite Media will be installing on a total of 4 sites, 5 digital Parquee™ structures with 9 total LED screens, the above location listed as one of the four sites. The below lists all of the locations as per the approved agreement with the City of Las Vegas.

- **Mike Morgan Family Park**: One double sided digital Parquee™ sign with LED sizes 18'9"W x 28'H (two total LED screens)
- **Ed Fountain Park**: One double sided digital Parquee™ sign with LED sizes 18'9"W x 28'H (two total LED screens)
- **Dula Center**: Two double sided digital Parquee™ signs with LED sizes 34'10"W x 65'H (four total LED screens)
- **East Service Yard**: One single sided digital Parquee™ sign with LED sizes 18'9"W x 28'H (One total LED screen)

Information:
Elite Media has 5 employees that provide sales and administrative functions only. Elite Media will contract Yesco Electronics with specialization in the fabrication and installation of these signs. These Parquee™ structures will be the first of their kind in the City of Las Vegas. Yesco has over 100 years of experience in fabrication and installation of signs. (See attached information on Yesco).

Required State Licenses: YESCO NV Contractors License Nos.0074289,0074290,0075739

SUP-48180

Sustainability: The Parquee TM structures are designed with the latest in LED technology. These displays provide energy efficiencies requiring 36%+ less power than older displays.

Findings: Pursuant to the contract with the City, this project meets/supports existing City regulations whereas this site and surrounding uses are harmonious and compatible.

a. The proposed digital Parquees™ have an exciting design that complements the City of Las Vegas properties, by emulating the design of the famous "Welcome to Las Vegas" sign originally designed by Yesco. These signs will bring important City information to the public as well as sponsorship opportunities that generate revenue for the City.

b. The physical site locations for the Parquee™ structures have been preliminary evaluated according to the City maps and zoning restrictions. These sites are determined to be in compliance with the appropriate restrictions.

c. Street and highway access to the physical site locations is adequate in size to meet the requirements.

d. The Digital Parquees™ have no impact on public health, safety and welfare.

Thank you for this opportunity. Please let me know if you require any additional information for this special use request.

Sincerely,

Chad McCullough
Elite Media, Inc

SUP-48181	Staff recommends APPROVAL, subject to conditions:	

** CONDITIONS **

SUP-48181 CONDITIONS

Planning

1. Conformance to all Off-Premise Sign use Minimum Requirements under LVMC Title 19.12.

2. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Department of Building and Safety.

4. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.

5. This Special Use Permit shall be reviewed in five (*5*) year(s), at which time the City Council may require the Off-Premise Sign be removed. The applicant shall be responsible for notification costs of the review. Failure to pay the City for these costs may result in a requirement that the Off-Premise Sign be removed.

6. The Off-Premise Sign and its supporting structure shall be properly maintained and kept free of graffiti at all times. Failure to perform the required maintenance may result in fines and/or removal of the Off-Premise Sign.

7. The property owner shall keep the property properly maintained and graffiti-free at all times. Failure to perform required maintenance may result in fines and/or removal of the Off-Premise Sign.

8. Only one advertising sign is permitted per sign face.

9. Bird deterrent devices shall be installed on the sign.

10. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

** STAFF REPORT **

PROJECT DESCRIPTION

The applicant is applying for a Special Use Permit to install an Off-Premise Sign at the Maintenance and Storage Yard, a C-V (Civic) zoned, City property at 650 North Mohave Road. The proposed Off-Premise Sign meets all minimum code requirements. Staff recommends approval. If denied, no Off-Premise Sign would be allowed on this site.

ISSUES

- A Special Use Permit is required for an Off-Premise Sign in a C-V (Civic) district. Staff supports this request.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
08/17/07	Planning Department staff administratively approved a Site Development Plan Review (SDR-23623) to allow a proposed 80-foot tall Wireless Communications Facility, Stealth at 650 North Mojave Road.
09/05/07	The City Council approved a Site Development Plan Review (SDR-22839) for a proposed 4,000 square foot maintenance building on the eastern portion of a 30.4 acre site located at 3104 East Bonanza Road. The Planning Commission and staff recommended approval.

Most Recent Change of Ownership	
Circa 1961	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses
No related permits/licenses on file.

Pre-Application Meeting	
01/16/13	Staff met with the applicant and reviewed the requirements for an Off-Premise Sign Special Use Permit application. No issues were noted.

YK

Neighborhood Meeting
No neighborhood meeting was required, nor was one held.

Field Check	
01/31/13	Staff visited the site and found a clean, well maintained City Maintenance Yard.

DEVELOPMENT STANDARDS

Street Name	*Functional Classification of Street(s)*	*Governing Document*	*Actual Street Width (Feet)*	*Compliance with Street Section*
Bonanza Road	Primary Arterial	Master Plan of Streets and Highways	100	Y
Mohave Road	Primary Arterial	Master Plan of Streets and Highways	100	Y

Standards	Code Requirements	Provided	Compliance
Location	No Off-Premise Sign may be located within public right-of-way	The sign is not in public right-of-way, nor is it in the Off-Premise Exclusionary Sign Zone	Y
Zoning	Off-Premise Signs are permitted in C-V (Civic) district if the parcel is operated or controlled by an agency of local, state or federal government.	The sign is located in a C-V (Civic) zoning district and is controlled by the City of Las Vegas.	Y
Area	No Off-Premise Sign shall have a surface area greater than 672 square feet, except that an embellishment of not to exceed five feet above the regular rectangular surface of the sign may be added if the additional area contains no more than 128 square feet.	The sign is 525 square feet in size and has no embellishments.	Y
Height	No higher than 40 feet from grade at the point of construction: may be raised to be 30 feet above an adjacent elevated freeway.	The sign is 28 feet tall.	Y
Screening	All structural elements of an Off-Premise Sign to which the display panels are attached shall be screened from view.	All structural elements of the sign are screened from public view.	Y

Standards	Code Requirements	Provided	Compliance
Off-Premise Sign	At least 750 feet to another Off-Premise Sign along US-95 or at least 300 feet to another Off-premise Sign (if not along US-95)	The sign is more than 2,200 feet from another Off-Premise Sign.	Y
Off-Premise Sign	At least 300 feet to the nearest property line of a lot in any "R" or U" zoned districts.	Sign is more than 575 feet from any property line zoned either "R" or "U."	Y
Other	All Off-Premise Signs shall be detached and permanently secured to the ground and shall not be located on property used for residential purposes.	Sign is permanently attached to the ground and detached from any other structures.	Y

ANALYSIS

The Off-Premise Sign use is defined as "Off-premise signs are to be considered primarily a specific type of land use rather than as an incidental use to an existing land use. Off-premise signs generally produce revenue to the property owner(s) as a land use as compared to on-premise signs which in themselves do not produce revenue but are incidental to a revenue producing land use. However, because of the special characteristics of off-premise signs as compared to other types of land uses and structures, certain qualifications and requirements are set forth in connection with off-premise signs as a permitted use in certain zoning districts." The proposed use meets the definition, since the property owner will be obtaining revenue from the proposed signage.

The Minimum Special Use Permit Requirements for this use include:

1. No off-premise signs shall be erected in the public right-of-way. *The proposed sign is not located in the public right-of-way.*

2. No off-premise sign certificate of any kind shall be issued for an existing or proposed sign unless the sign is consistent with all requirements of this Title (including those protecting existing signs). *The proposed sign meets all minimum requirements for an Off-Premise Sign.*

3. Except as provided in Paragraph (12) below, off premise signs are permitted in the C-1, C-2, C-M and M Zoning Districts only. *Per Paragraph (12), an Off-Premise Sign is permitted in the C-V (Civic) zoning district if it is controlled by a local government. The parcel meets the criteria.*

4. No off-premise sign shall have a surface area greater than 672 square feet, except that an embellishment of not to exceed five feet above the regular rectangular surface of the sign may be added if the additional area contains no more than 128 square feet. Any embellishment may include lettering, text, numerals or images, but only to the extent that such items do not exceed fifty percent of any linear side of the sign. *The proposed sign is 525 square-feet, with no embellishments.*

5. Off-premise signs which are within 660 feet of the right-of-way and which can be read from Interstate 15, US 95 from the north city limits to the Oran K. Gragson Highway, the Oran K. Gragson Highway or Interstate 515 shall be no closer than 750 feet (measured along the highway frontage) to any other off-premise sign along the same frontage. Each side of the highway shall be considered a separate frontage. The sign and all other off-premise signs not oriented toward the same highway shall be no closer than 300 feet in any direction to any other off premise sign, wherever located, including an off premise sign that is situated outside the corporate boundaries of the City. *The nearest Off-Premise Sign is more than 2,200 feet to the west of the proposed sign.*

6. Off-premise signs shall be no higher than 40 feet from grade at the point of construction, except that an off-premise sign within 60 feet of the right-of-way line of the street to which it is oriented which, at a height of 40 feet, will have a significant portion of its display surface obscured from view from the travel lanes of the street may be increased to a maximum of 55 feet when authorized by the City Council. *The proposed sign is 28 feet in height and is less than the maximum height allowed.*

7. Off-premise signs shall not be located closer than 10 feet to the right-of-way line of a freeway nor closer than 50 feet to the intersection of the present or future rights-of-way of any two public roads, streets or highways. *The proposed sign is 50 feet from the nearest intersection.*

8. No off-premise sign shall be allowed within 300 feet from the nearest property line of a lot in the "U" zoning district or any "R" zoning district. *The nearest "R" zoned property is located 575 feet to the west of the proposed sign, on the south side of Bonanza Road.*

9. An off-premise sign may be permitted in the C-V District if in each case the parcel or use is operated or controlled by an agency of local, state or federal government, or by any fraternal, veteran, civic or service organization. *The proposed sign is located in a public service yard owned and controlled by the City of Las Vegas.*

The proposed Off-Premise Sign is aesthetically pleasing in that it has elements of the "Welcome to Las Vegas" sign, famously located on Las Vegas Boulevard. Some of the elements include the words, "City of Las Vegas" and the atomic star. The sign blends into the surrounding area, since it is only 28 feet in height instead of the allowed 40 feet, which is standard. The two faces of the sign will have full color message units in LED. The overall color scheme of the frame and casing is red, white and blue, with a ribbon of yellow.

The proposed Off-Premise Sign is designed within all Title 19 code standards, is aesthetically pleasing and compatible with the area. The Las Vegas 2020 Master Plan, Fiscal Management Policy 6.1.6 states: "That the City, where possible use public/private partnerships to pay for public capital improvements." This project supports this policy as a revenue source. For these reasons, staff recommends approval, with conditions.

FINDINGS (SUP-48181)

In order to approve a Special Use Permit application, per Title 19.16.110(L) the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed Off-Premise Sign use can be conducted in a manner that is harmonious and compatible with the existing site.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The C-V (Civic) zoned, City Maintenance Yard site is suitable for the proposed use.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Site access is provided from Bonanza Road, a 100-foot Primary Arterial Street and is adequate in size to accommodate the proposed Off-Premise Sign use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   Approval of the proposed Special Use Permit will be consistent with and not compromise the public health, safety and general welfare as the use will be subject to regular inspections by business licensing staff.

5. **The use meets all of the applicable conditions per Title 19.12.**

   The proposed Off-Premise Sign use complies with all minimum Special Use Permit requirements.

Subject: JUSTIFICATION LETTER FOR SPECIAL USE PERMIT

Reference: Digital Parquees™ - City of Las Vegas | East Service Yard, 3415 East Bonanza Road

Dear Mr. Rankin,

Issue:
To obtain the necessary Planning Department approval and permits to move forward with the project in regards to the approved Digital Parquee™ License Agreement between the City of Las Vegas, the State of Nevada and Elite Media, Inc regarding advertising, sponsorship and other items related thereto for the above location.

Per the agreement Elite Media will be installing on a total of 4 sites, 5 digital Parquee™ structures with 9 total LED screens, the above location listed as one of the four sites. The below lists all of the locations as per the approved agreement with the City of Las Vegas.

- **Mike Morgan Family Park**: One double sided digital Parquee™ sign with LED sizes 18'9"W x 28'H (two total LED screens)
- **Ed Fountain Park**: One double sided digital Parquee™ sign with LED sizes 18'9"W x 28'H (two total LED screens)
- **Dula Center**: Two double sided digital Parquee™ signs with LED sizes 34'10"W x 65'H (four total LED screens)
- **East Service Yard**: One single sided digital Parquee™ sign with LED sizes 18'9"W x 28'H (One total LED screen)

Information:
Elite Media has 5 employees that provide sales and administrative functions only. Elite Media will contract Yesco Electronics with specialization in the fabrication and installation of these signs. These Parquee™ structures will be the first of their kind in the City of Las Vegas. Yesco has over 100 years of experience in fabrication and installation of signs. (See attached information on Yesco).

Required State Licenses: YESCO NV Contractors License Nos.0074289,0074290,0075739

SUP-48181

RECEIVED
JAN 24 2013

Sustainability: The Parquee TM structures are designed with the latest in LED technology. These displays provide energy efficiencies requiring 36%+ less power than older displays.

Findings: Pursuant to the contract with the City, this project meets/supports existing City regulations whereas this site and surrounding uses are harmonious and compatible.

a. The proposed digital Parquees™ have an exciting design that complements the City of Las Vegas properties, by emulating the design of the famous "Welcome to Las Vegas" sign originally designed by Yesco. These signs will bring important City information to the public as well as sponsorship opportunities that generate revenue for the City.

b. The physical site locations for the Parquee™ structures have been preliminary evaluated according to the City maps and zoning restrictions. These sites are determined to be in compliance with the appropriate restrictions.

c. Street and highway access to the physical site locations is adequate in size to meet the requirements.

d. The Digital Parquees™ have no impact on public health, safety and welfare.

Thank you for this opportunity. Please let me know if you require any additional information for this special use request.

Sincerely,

Chad McCullough
Elite Media, Inc

** STAFF RECOMMENDATION(S) **

CASE NUMBER	*RECOMMENDATION*	*REQUIRED FOR APPROVAL*
SUP-48182	Staff recommends APPROVAL, subject to conditions:	

** CONDITIONS **

SUP-48182 CONDITIONS

Planning

1. Conformance to all Off-Premise Sign use Minimum Requirements under LVMC Title 19.12.

2. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Department of Building and Safety.

4. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.

5. This Special Use Permit shall be reviewed in five (*5*) year(s), at which time the City Council may require the Off-Premise Sign be removed. The applicant shall be responsible for notification costs of the review. Failure to pay the City for these costs may result in a requirement that the Off-Premise Sign be removed.

6. The Off-Premise Sign and its supporting structure shall be properly maintained and kept free of graffiti at all times. Failure to perform the required maintenance may result in fines and/or removal of the Off-Premise Sign.

7. The property owner shall keep the property properly maintained and graffiti-free at all times. Failure to perform required maintenance may result in fines and/or removal of the Off-Premise Sign.

8. Only one advertising sign is permitted per sign face.

9. Bird deterrent devices shall be installed on the sign.

10. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

** STAFF REPORT **

PROJECT DESCRIPTION

The applicant is applying for a Special Use Permit to install an Off-Premise Sign at Fountain Park, a C-V (Civic) zoned, City property at 1400 North Decatur Boulevard. The proposed Off-Premise Sign meets all minimum code requirements. Staff recommends approval. If denied, no Off-Premise Sign would be allowed on this site.

ISSUES

A Special Use Permit is required for an Off-Premise Sign in a C-V (Civic) district. Staff supports this request.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
02/23/05	The Planning Commission approved a Site Development Plan Review (SDR-1327) for park improvements, including soccer fields, basketball courts, picnic areas and concession/restroom area at 1400 North Decatur Boulevard. Staff recommended approval.

Most Recent Change of Ownership	
Circa 1955	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses
No related permits or business licenses are currently active.

Pre-Application Meeting	
01/16/13	Staff met with the applicant and reviewed the requirements for an Off-Premise Sign Special Use Permit application. No issues were noted.

Neighborhood Meeting
No neighborhood meeting was required, nor was one held.

YK

Field Check	
01/31/13	Staff visited the site and found a well maintained, clean public park.

Decatur Boulevard	Primary Arterial	Master Plan of Streets and Highways	100	Y

Standards	Code Requirements	Provided	Compliance
Location	No Off-Premise Sign may be located within public right-of-way	The sign is not in public right-of-way, nor is it in the Off-Premise Exclusionary Sign Zone	Y
Zoning	Off-Premise Signs are permitted in C-V (Civic) district if the parcel is operated or controlled by an agency of local, state or federal government.	The sign is located in an C-V (Civic) zoning district and is controlled by the City of Las Vegas.	Y
Area	No Off-Premise Sign shall have a surface area greater than 672 square feet, except that an embellishment of not to exceed five feet above the regular rectangular surface of the sign may be added if the additional area contains no more than 128 square feet.	The sign is 525 square feet in size and has no embellishments.	Y
Height	No higher than 40 feet from grade at the point of construction: may be raised to be 30 feet above an adjacent elevated freeway.	The sign is 28 feet tall.	Y
Screening	All structural elements of an Off-Premise Sign to which the display panels are attached shall be screened from view.	All structural elements of the sign are screened from public view.	Y
Off-Premise Sign	At least 750 feet to another Off-Premise Sign along US-95 or at least 300 feet to another Off-premise Sign (if not along US-95)	The sign is more than 960 feet from another Off-Premise Sign.	Y
Off-Premise Sign	At least 300 feet to the nearest property line of a lot in any "R" or U" zoned districts.	Sign is more than 390 feet from any property line zoned either "R" or "U."	Y
Other	All Off-Premise Signs shall be detached and permanently secured to the ground and shall not be located on property used for residential purposes.	Sign is permanently attached to the ground and detached from any other structures.	Y

ANALYSIS

The Off-Premise Sign use is defined as "Off-premise signs are to be considered primarily a specific type of land use rather than as an incidental use to an existing land use. Off-premise signs generally produce revenue to the property owner(s) as a land use as compared to on-premise signs which in themselves do not produce revenue but are incidental to a revenue producing land use. However, because of the special characteristics of off-premise signs as compared to other types of land uses and structures, certain qualifications and requirements are set forth in connection with off-premise signs as a permitted use in certain zoning districts." The proposed use meets the definition, since the property owner will be obtaining revenue from the proposed signage.

The Minimum Special Use Permit Requirements for this use include:

1. No off-premise signs shall be erected in the public right-of-way. *The proposed sign is not located in the public right-of-way.*

2. No off-premise sign certificate of any kind shall be issued for an existing or proposed sign unless the sign is consistent with all requirements of this Title (including those protecting existing signs). *The proposed sign meets all minimum requirements for an Off-Premise Sign.*

3. Except as provided in Paragraph (12) below, off premise signs are permitted in the C-1, C-2, C-M and M Zoning Districts only. *Per Paragraph (12), an Off-Premise Sign is permitted in the C-V (Civic) zoning district if it is controlled by a local government. The parcel meets the criteria.*

4. No off-premise sign shall have a surface area greater than 672 square feet, except that an embellishment of not to exceed five feet above the regular rectangular surface of the sign may be added if the additional area contains no more than 128 square feet. Any embellishment may include lettering, text, numerals or images, but only to the extent that such items do not exceed fifty percent of any linear side of the sign. *The proposed sign is 525 square-feet, with no embellishments.*

5. Off-premise signs which are within 660 feet of the right-of-way and which can be read from Interstate 15, US 95 from the north city limits to the Oran K. Gragson Highway, the Oran K. Gragson Highway or Interstate 515 shall be no closer than 750 feet (measured along the highway frontage) to any other off-premise sign along the same frontage. Each side of the highway shall be considered a separate frontage. The sign and all other off-premise signs not oriented toward the same highway shall be no closer than 300 feet in any direction to any other off premise sign, wherever located, including an off premise sign that is situated outside the corporate boundaries of the City. *The nearest Off-Premise Sign is more than 960 feet to the northwest of the proposed sign.*

6. Off-premise signs shall be no higher than 40 feet from grade at the point of construction, except that an off-premise sign within 60 feet of the right-of-way line of the street to which it is oriented which, at a height of 40 feet, will have a significant portion of its display surface obscured from view from the travel lanes of the street may be increased to a maximum of 55 feet when authorized by the City Council. *The proposed sign is 28 feet in height and is less than the maximum height allowed.*

7. Off-premise signs shall not be located closer than 10 feet to the right-of-way line of a freeway nor closer than 50 feet to the intersection of the present or future rights-of-way of any two public roads, streets or highways. *The proposed sign is 860 feet from the nearest intersection.*

8. No off-premise sign shall be allowed within 300 feet from the nearest property line of a lot in the "U" zoning district or any "R" zoning district. *The nearest "R" zoned property is located 390 feet to the west of the proposed sign, on the west side of Decatur Boulevard.*

9. An off-premise sign may be permitted in the C-V District if in each case the parcel or use is operated or controlled by an agency of local, state or federal government, or by any fraternal, veteran, civic or service organization. *The proposed sign is located in a public park owned and controlled by the City of Las Vegas.*

The proposed Off-Premise Sign is aesthetically pleasing in that it has elements of the "Welcome to Las Vegas" sign, famously located on Las Vegas Boulevard. Some of the elements include the words, "City of Las Vegas" and the atomic star. The sign blends into the surrounding area, since it is only 28 feet in height instead of the allowed 40 feet, which is standard. The two faces of the sign will have full color message units in LED. The overall color scheme of the frame and casing is red, white and blue, with a ribbon of yellow.

The proposed Off-Premise Sign is designed within all Title 19 code standards, is aesthetically pleasing and compatible with the area. The Las Vegas 2020 Master Plan, Fiscal Management Policy 6.1.6 states: "That the City, where possible use public/private partnerships to pay for public capital improvements." This project supports this policy as a revenue source. For these reasons, staff recommends approval, with conditions.

FINDINGS (SUP-48182)

In order to approve a Special Use Permit application, per Title 19.16.110(L) the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

The proposed Off-Premise Sign use can be conducted in a manner that is harmonious and compatible with the existing site.

2. The subject site is physically suitable for the type and intensity of land use proposed.

The C-V (Civic) zoned, public park site is suitable for the proposed use.

3. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.

Site access is provided from Decatur Boulevard, a 100-foot Primary Arterial Street and is adequate in size to accommodate the proposed Off-Premise Sign use.

4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.

Approval of the proposed Special Use Permit will be consistent with and not compromise the public health, safety and general welfare as the use will be subject to regular inspections by business licensing staff.

5. The use meets all of the applicable conditions per Title 19.12.

The proposed Off-Premise Sign use complies with all minimum Special Use Permit requirements.

Subject: JUSTIFICATION LETTER FOR SPECIAL USE PERMIT

Reference: Digital Parquees™ - Ed Fountain Family Park, 1400 N.Decatur Blvd

Dear Mr. Rankin,

Issue:
To obtain the necessary Planning Department approval and permits to move forward with the project in regards to the approved Digital Parquee™ License Agreement between the City of Las Vegas, the State of Nevada and Elite Media, Inc regarding advertising, sponsorship and other items related thereto for the above location.

Per the agreement Elite Media will be installing on a total of 4 sites, 5 digital Parquee™ structures with 9 total LED screens, the above location listed as one of the four sites. The below lists all of the locations as per the approved agreement with the City of Las Vegas.

- **Mike Morgan Family Park**: One double sided digital Parquee™ sign with LED sizes 18'9"W x 28'H (two total LED screens)
- **Ed Fountain Park**: One double sided digital Parquee™ sign with LED sizes 18'9"W x 28'H (two total LED screens)
- **Dula Center**: Two double sided digital Parquee™ signs with LED sizes 34'10"W x 65'H (four total LED screens)
- **East Service Yard**: One single sided digital Parquee™ sign with LED sizes 18'9"W x 28'H (One total LED screen)

Information:
Elite Media has 5 employees that provide sales and administrative functions only. Elite Media will contract Yesco Electronics with specialization in the fabrication and installation of these signs. These Parquee™ structures will be the first of their kind in the City of Las Vegas. Yesco has over 100 years of experience in fabrication and installation of signs. (See attached information on Yesco).

Required State Licenses: YESCO NV Contractors License Nos.0074289,0074290,0075739

RECEIVED
JAN 24 2013
City of Las Vegas
Dept. of Planning

SUP-48182

Sustainability: The Parquee TM structures are designed with the latest in LED technology. These displays provide energy efficiencies requiring 36%+ less power than older displays.

Findings: Pursuant to the contract with the City, this project meets/supports existing City regulations whereas this site and surrounding uses are harmonious and compatible.

a. The proposed digital Parquees™ have an exciting design that complements the City of Las Vegas properties, by emulating the design of the famous "Welcome to Las Vegas" sign originally designed by Yesco. These signs will bring important City information to the public as well as sponsorship opportunities that generate revenue for the City.

b. The physical site locations for the Parquee™ structures have been preliminary evaluated according to the City maps and zoning restrictions. These sites are determined to be in compliance with the appropriate restrictions.

c. Street and highway access to the physical site locations is adequate in size to meet the requirements.

d. The Digital Parquees™ have no impact on public health, safety and welfare.

Thank you for this opportunity. Please let me know if you require any additional information for this special use request.

Sincerely,

Chad McCullough

Planning

1. Conformance to all Minimum Requirements under LVMC Title 19.12 for a Horse Corral or Stable (Commercial) use.

2. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Department of Building and Safety.

4. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.

5. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

** STAFF REPORT **

PROJECT DESCRIPTION

This request is for a Special Use Permit to allow a Horse Corral or Stable (Commercial) use for 15 horses, on 4.14 acres, located at 6666 West Ann Road. The applicant proposes to see clients by appointment only, with the anticipated hours of 7 a.m. to 5 p.m. Staff finds the subject site is physically suitable for the type and intensity of land use and recommends approval of this request for a Special Use Permit to allow a Horse Corral or Stable (Commercial) use.

ISSUES

- A Special Use Permit is required for the Horse Corral or Stable (Commercial) use in the R-E (Residential Estates) zoning.
- The applicant proposes to have no more than a maximum of 15 horses on site.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
05/01/92	The Board of Zoning Adjustment approved a Variance (V-0053-92) for the keeping of six (6) emu birds where only certain domestic animals are permitted on property located at 6666 West Ann Road. Staff recommended approval.
05/05/04	The City Council approved a Petition to Vacate (VAC-3932) portions of Rebecca Road between Ann Road and El Campo Grande Avenue. This vacation moved the east property line of the adjacent residential neighborhood thirty feet to the west of the subject site.
12/11/12	A Code Enforcement Case (#123140) was opened for operating a Horse Corral or Stable (Commercial) use without Special Use Permit.

Most Recent Change of Ownership	
03/20/12	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses	
1966	A single family dwelling with a stable and corrals was constructed.

Pre-Application Meeting	
01/14/13	A pre-application meeting was held with the applicant to discuss the submittal requirements for Special use Permit to operate a proposed Horse Corral or Stable (Commercial) Use at 6666 West Ann Road.

Neighborhood Meeting
A neighborhood meeting is not required, nor was one held.

Field Check	
01/31/13	Staff visited the site and found a well maintained single family residence with corrals and stables located at the rear of the property. It was noted that the applicant was in the process of performing dust-abatement measures and that there were no discernible odors or pests with the existing privately owned horses on site. There was adequate space for parking and drop-off, with an space dedicated for handicapped parking.

Details of Application Request	
Site Area	
Net Acres	4.14

		Parking Ratio	*Parking*		*Parking*		
			Regular	Handi-capped	Regular	Handi-capped	
Horse Corral or Stable (Commercial)	15 horses	1 space per 5 horses					
TOTAL SPACES REQUIRED			3		10		
Regular and Handicap Spaces Required			2	1	9	1	Y

ANALYSIS

The Horse Corral or Stable (Commercial) use is defined in Title 19.18 as, "A structure for the keeping of horses, mules or ponies which are boarded for compensation or for use in providing instructional or recreational activities for persons other than occupants of the premises."

The proposed use meets the definition in that the applicant seeks to operate a private corral for professional horseback riding instruction on a by-appointment basis.

The proposed Special Use Permit request has been deemed a "Project of Regional Significance," as it concerns property located within 500 feet of the city boundary with Clark County. A questionnaire describing the impacts of the project to the area was submitted to various regional agencies for review with no comments received.

There are no Minimum Special Use Permit Requirements for this use. The stables have been in place since the development of the primary residence in 1966. The existing stables and corrals are legally non-conforming.

The proposed Horse Corral or Stable (Commercial) use is located within the RP-O Rural Preservation Overlay It is the intent of the RP-O Rural Preservation Overlay to ensure that the rural character of each rural preservation neighborhood is preserved by providing resources typical of rural living without making any increase in residential density or traffic. Surrounding the site are large lot residential properties with similar horse-related uses located within the area to the north. Client parking is located in the rear of the property with a dedicated handicap space to the south of the stable. The subject site can readily accommodate the 15 horses requested of the applicant.

Staff recommends approval of this request as the use is compatible with the surrounding rural land uses. If denied, the applicant will not be allowed to operate the Horse Corral or Stable (Commercial) use at this location.

FINDINGS (SUP-48191)

In order to approve a Special Use Permit application, per Title 19.16.110(L) the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed Horse Corral or Stable (Commercial) use is appropriate and harmonious with the surrounding area. Most of the adjacent residential parcels have large horse-related structures and facilities, and the subject site is close to similar horse-related uses north of the subject site.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site is physically suitable for the type and intensity of land use and has maintained the stables and corrals on site since the construction of the primary residence in 1966. Access to the corrals located at the back of the property is made by a 20-foot wide unpaved road located along the west side of the property.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   The subject site is primarily accessed via Ann Road, a 100-foot Primary Arterial, with access to the corrals and parking located at the rear of the property by a 20-foot wide unpaved road. This provides adequate access to the subject site with no negative traffic impact.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   The approval of this Special Use Permit on the subject site will not be inconsistent with nor will it compromise the public health, safety and welfare as the property will be subject to business licensing requirements and inspections. The proposed use supports the overall objectives of the General Plan for this location.

5. **The use meets all of the applicable conditions per Title 19.12.**

   There are no Minimum Special Use Permit requirements for the Horse Corral or Stable (Commercial) Use.

Subject: Justification Letter for Restivo Performance Horses Business Location

Issue

The subject property (6666 West Ann Road) will be used as a business location for Restivo Performance Horses. This property is owned and leased by Barbara Zink to Ashley and Joe Restivo for the purpose of training performance horses. The property already has all the necessary accommodations to conduct the said business. This special use permit determination justification letter is being submitted to request use of the property for its original design purpose; a site layout or plan is attached.

Information

- No employees only the Restivo's living in the Residential home.
- Hours of operation- By appointment only
- Any existing similar uses owned or operated by the applicant and their location- None in Las Vegas
- Any required state licenses specific to the use requested- Business license.

Sustainability (if applicable – if yes, please explain)	Yes	No
Will this project participate in the City of Las Vegas Green Building Program? (Not Applicable: There are no new constructed buildings)		X
Will this project be constructed to LEED or other equivalent standards? (Not Applicable: There are no new constructed buildings)		X
Will this project utilize alternative energy sources or water savings measures?		X
Is there connectivity to adjacent parcels?		X
Will the proposed project qualify as a walkable community (for Residential and mixed Use projects only)? (Not Applicable)		X
Is the project using any means of sustainable construction? (Not Applicable)		X
Will the project meet the intent of the Urban Forestry Initiative? (No landscape wavier has been requested)		X
Will the project provide any bicycle parking? (yes we provide parking for anyone willing to ride a bicycle to our property)		X
Will the project provide any electric vehicle recharging stations? (The property currently doesn't have any electrical hook-ups for cars)		X

Findings

The said property has been operated as a training facility for horses periodically over the past ~30 years and is therefore inherently harmonious and compatible with existing surroundings. It should also be

SUP-48191
REVISED

RECEIVED
FEB 6 2013
CITY OF LAS VEGAS
PLANNING & DEVELOPMENT

noted that there are several multiple horse facilities and general live stock in the general and neighboring area and has been for decades. Las Vegas provides a diversified and entertaining environment to attract a broad cross section of individuals bolstering the infrastructure of this community.

This property is zoned for 24 horses and our plan is to possibly have fifteen horses on property considering nine of the existing horses are my own personal horses and we plan on having only five to six select horses in training at our residence here in Las Vegas. We are by appointment only and close down when it gets it dark outside to conserve on energy and our costs. We plan on having appointments running typically in the range between 7am- 5pm. Many things have been done to help with any dust pollution such as; watering the arenas daily and all driveways that are used to help with dust control, we have also groomed the landscaping and provided tree lines along our neighboring properties as a barrier, we have also brought in new gravel and added wood chips in horses corrals for added dust control and smell reduction. With removal of animal waste stalls are cleaned twice a day and disposed of twice a week, aiding in keeping the smell down that is associated with having livestock and the production of flies down as well. All animals are sprayed with fly spray twice a day for our fly system and we use fly predators to aide us in keeping the environment friendly to our animals and neighbors.

Providing horse training and riding lessons expands the community's diversification and entertainment to include clients interested in an American fundamental pastime and competitive sport (horseback riding of all types). Equine activities also create an atmosphere that teaches children and adults' self-help, responsibility, leadership, communication, teamwork, and self-respect, adding to this community greatly. Being part of a equine training facility is also very therapeutic and has helped many people achieve things they never thought possible such as; empowering abused women and children and children/adults with disabilities by proving themselves to be" set free", emotionally, spiritually, and become physically independent, with the help of our equines. Having this equine business available to the public of Las Vegas would create stronger community bonds and teach people the ability of leadership and communication amongst their peers.

This facility has ample parking and appropriate egress (see attached site layout) behind large walls for the clients vehicles making it well suited for this business. West Ann Road has four lanes and ample space to facilitate the negligible egress needed for this facility; rarely are there more than one or two vehicles needing the egress at one time.

Sincerely,

Ashley Restivo

Planning

1. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.

2. All development shall be in conformance with the site plan, landscape plan, and building elevations, date stamped 01/23/13 except as amended by conditions herein.

3. A Waiver from 19.08.070 is hereby approved, to allow:

    a. To allow a zero-foot wide landscape buffer along a 116-foot portion and an eight-foot wide landscape buffer along a 102-foot portion of the of the north property line where a 15-foot wide landscape buffer is required.
    b. To allow a zero-foot wide landscape buffer along a 66-foot portion of the south property line where an eight-foot wide landscape buffer is required.
    c. To allow an eight-foot wide landscape buffer along the east and along a 52-foot portion of the west property line where a 15-foot wide landscape buffer is required.

4. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Department of Building and Safety.

5. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.

6. The applicant shall coordinate with the City Surveyor and other city staff to determine the most appropriate mapping action necessary to consolidate the existing lots. The mapping action shall be completed and recorded prior to the issuance of any building permits.

7. A revised site plan for phase one shall be submitted to and approved by the Department of Planning Department, prior to the time application is made for a building permit, to reflect the changes herein:

    a. An onsite trash enclosure shall be provided in conformance with Title 19.08.040(E)(4)(b) and 19.08.040(H)(4).
    b. The handicapped accessible spaces shall be provided in accordance with the dimensional requirements listed in Title 19.08.110.
    c. An onsite loading and delivery space shall be provided in accordance with Title 19.08.110(D).

8. A revised site plan for phase two shall be submitted to and approved by the Department of Planning Department, prior to the time application is made for a building permit, to reflect the changes herein:

    a. A perimeter wall, at a minimum of six feet in height, shall be provided at the southern property line adjacent to the residential property to the south, in conformance with Title 19.08.040(G)(2).

9. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications. Installed landscaping shall not impede visibility of any traffic control device. The technical landscape plan shall include the following changes from the conceptual landscape plan covering both phase one and two:

    a. One 24-inch box tree shall be planted for every six uncovered parking spaces within a landscape island having a minimum width of five feet and minimum length equal to the adjacent parking space or a seven-foot by seven foot landscape diamond, as required by Title 19.08.110(C)(12).

10. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

11. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

12. A Parcel Map, such as PMP-46752, shall record prior to the issuance of any building permits.

13. Meet with the Flood Control Section of the Department of Public Works for assistance with establishing finished floor elevations and drainage paths for this site prior to submittal of construction plans, the issuance of any building or grading permits or the submittal of a map for this site, whichever may occur first. Provide and improve all drainage ways as recommended

Staff Report Page One
March 12, 2013 - Planning Commission Meeting

** STAFF REPORT **

PROJECT DESCRIPTION

The applicant is request a Site Development Plan Review for a proposed 1,900 square-foot addition to an existing 9,471 square-foot General Retail, Other Than Listed building. The proposed addition is located at the north end of the building and will expand inline with the existing façade. The applicant has proposed two phases of development; the first phase consists of the construction of the proposed 1,900 square-foot building addition and the creation of additional surface parking in the northwest quarter of the subject site. In addition to the parking lot, the applicant has proposed eight-foot wide landscape planters to match the existing landscaping at the west property line along Martin L. King Boulevard where a 15-foot landscape buffer is required. The second phase of development consists only of additional surface parking with additional non-conforming landscape buffers proposed for the remaining north, east, and south property lines. Staff recommends denial of the proposed development, as it does not meet the Title 19.08 commercial landscaping requirements.

ISSUES

- A Parcel Map (PMP-46752) combining the two commercial lots has not been recorded.
- The proposed development has requested a waiver to the commercial landscape buffer requirement along all property lines and does not meet the intent of the West Las Vegas Plan to provide streetscape and median improvements.
- This request has been conditioned to provide revised plans showing the appropriate trash enclosure, commercial loading space, parking lot trees, and appropriate handicap space.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
09/19/12	The City Council approved the request for a Rezoning (ZON-45966) of 0.89 acres from the R-E (Residential Estates) zoning district to the C-1 (Limited Commercial) zoning district at the southeast corner of Martin L. King Boulevard and Madison Avenue. The Planning Commission and staff recommended approval.
09/05/12	The applicant submitted for a one-lot Parcel Map (PMP-46752) for 1.77 acres located at 1100 North Martin L. King Boulevard. The technical map review was approved on 01/30/13 and released for recordation on 02/05/13.

Most Recent Change of Ownership	
08/17/79	A deed was recorded for a change in ownership (139-28-604-003)
12/15/06	A deed was recorded for a change in ownership (139-28-604-001)

Related Building Permits/Business Licenses	
09/10/12	The applicant submitted for a building permit (#46790), but was denied pending approval of required Site Development Plan Review and recordation of the one-lot parcel map.

Pre-Application Meeting	
01/09/13	A pre-application meeting was held with the applicant and his representatives to discuss the submittal requirements for a 1,900 square-foot addition to an existing commercial building. The applicant was informed that a Major Site Development Plan Review would be required along with multiple waiver requests for landscaping requirements.

Neighborhood Meeting
A neighborhood meeting is not required, nor was one held.

Field Check	
01/31/13	Staff visited the site and found a well maintained commercial property with existing eight-foot wide landscape planters along Martin L. King Boulevard. The northern and the eastern half of the property is currently undeveloped.

Waivers		
Requirement	***Request***	***Staff Recommendation***
A 15-foot wide landscape buffer is required along Madison Avenue.	To allow a zero-foot wide landscape buffer along a 116-foot portion and an eight-foot wide landscape buffer along a 102-foot portion of the north property line.	Denial
An eight-foot landscape buffer is required along the south property line.	To allow a zero-foot wide landscape buffer along a 66-foot portion of the south property line.	Denial
A 15-foot wide landscape buffer is required along N Street.	To allow an eight-foot wide landscape buffer along the east.	Denial
A 15-foot wide landscape buffer is required along Martin L. King Boulevard.	To allow an eight-foot wide landscape buffer along a 52-foot portion of the west property line.	Denial

ANALYSIS

This is a request for a Site Development Plan Review for a proposed 1,900 square-foot addition to an existing 7,571 square-foot commercial building on 1.61 acres of C-1(Limited Commercial) zoned property located in the West Las Vegas Plan area. The proposed addition will provide two 950 square-foot commercial suites, oriented towards Martin L. King Boulevard, and will be architecturally treated to appear as a seamless addition to the existing commercial building.

The proposed development is in conformance with the Title 19.08.040 Residential Adjacency Standards, as the 13-foot rear setback is greater than the required 10-foot side yard setback for the adjacent protected residential property. Also, the proposed addition meets the setback, height, and lot coverage requirements for the C-1 (Limited Commercial) zoning district.

The on-site parking is more than sufficient to meet the minimum number of spaces required by Title 19.12; however, a condition requiring a revised site plan be submitted at the time of building permits providing for the correct handicap space design, a required commercial loading space, and the required amount of parking lot landscaping.

The proposed development is accompanied with a waiver of the Title 19.08.070 Landscape Buffers standards to allow a zero-foot wide landscape buffer along a 116-foot portion and an eight-foot wide landscape buffer along a 102-foot portion of the north property line, an eight-foot wide landscape buffer along the east and west property line where a minimum 15-foot wide buffer is required, and a zero-foot wide landscape buffer along a portion of the south property line where an eight-foot landscape buffer is required. The requested waiver is not necessary, as an alternative landscape design that utilizes the space dedicated to an oversupply of parking would meet the minimum requirements of Title 19.08 to provide a buffer to the neighboring residential development to the east. Also, the requested waiver to the required landscape buffer requirement demonstrates a deficient landscape design that does not "Improve the physical character and enhance the visual image of West Las Vegas through streetscape improvements", as recommended by Action Item #15 in the West Las Vegas Plan.

Staff recommends denial of the requested waiver and the proposed Site Development Plan Review, as the proposed development does not provide a site plan that is harmonious and contextually sensitive to the neighboring residential neighborhood to the east.

FINDINGS (SDR-48148)

In order to approve a Site Development Plan application, per Title 19.16.100(E) the Planning Commission and/or City Council must affirm the following:

1. **The proposed development is compatible with adjacent development and development in the area;**

   The proposed Site Development Plan Review is not fully compatible with the adjacent development, as the applicant has provided deficient landscaping or screening to mitigate the development's impact to the single family, detached uses located to the east.

2. The proposed development is consistent with the General Plan, this Title, the Design Standards Manual, the Landscape, Wall and Buffer Standards, and other duly-adopted city plans, policies and standards;

The proposed expansion aesthetically matches the existing commercial storefront; however, the proposed site improvement do not conform to the C-1 (Limited Commercial) zoning district development standards, as demonstrated by the requested waiver to the required perimeter landscape requirements.

3. Site access and circulation do not negatively impact adjacent roadways or neighborhood traffic;

Site access is currently provided solely from Martin L. King Boulevard, which is adequate for the proposed 1,900 square feet of additional retail floor space. The submitted phase plan II shows that the site will be accessed in the future from a single curb cut on Madison and two curb cuts on N Street where no such access currently exists. There will be a traffic increase with the location of the parking lot on the east side of the property, adjacent to the residential neighborhood to the east.

4. Building and landscape materials are appropriate for the area and for the City;

The building materials area specified to seamlessly match the existing retail storefront. The applicant proposes to match the existing eight-foot wide landscape buffer where a 15-foot wide landscape buffer is required along Martin Luther King Boulevard. The second phase plan shows an eight-foot wide landscape buffer that continues 102 feet from the west property line and follows the east property line all the way to the south. The applicant has requested a waiver to allow the eight-foot wide landscape buffer where a 15-foot wide landscape buffer is required adjacent to the rights-of-way, which staff recommends denial of.

5. Building elevations, design characteristics and other architectural and aesthetic features are not unsightly, undesirable, or obnoxious in appearance; create an orderly and aesthetically pleasing environment; and are harmonious and compatible with development in the area;

The building façade for the proposed expansion is designed to seamlessly match the existing retail storefront in material finish and color. The addition features architectural treatments on all visible sides and creates an orderly and aesthetically pleasing environment. The proposed landscape plan does not provide adequate aesthetic screening to the residential neighborhood to the east or provide an improvement to the physical character of the sidewalks along Martin L. King Boulevard, Madison Avenue, or N Street.

6. Appropriate measures are taken to secure and protect the public health, safety and general welfare.

The proposed 1,900 square-foot addition of retail space will not compromise the public health or general welfare, as the proposed development will be subject to building permit inspection and business licensing regulations.

Re: Justification Letter for Application

APN 139-28-604-003 – 1100 N. Martin Luther King

Phase I
We are planning on expanding the existing building to the North. The building is currently against the property line and we have rezoned the adjacent property to be compatible with this parcel. We are currently in review for a One (1) Lot Parcel Map to combine both parcels into a single parcel.

The improvements will be identical to the existing building and enable the existing business to expand into the additional (19000 Sqft) space created by the building expansion. It would also help to create additional jobs for the existing business and enable them to serve more customer's. This in turn would bring more people into the area, helping other business's in the area

Phase II
We are also intending to do future expansion on the vacant site and will incorporate some of our future plans into the site development additional parking ,New landscape that will match existing landscape on Martin L King Blvd, New Driveways, utility services and improvements.

The intended expansion is compatible with properties that are similar and fronting onto Martin Luther King. Future development is both needed and wanted in this area of Las Vegas (Ward 5). This parcel would also be considered some what of and in fill parcel, since the property to the north and south are developed.

If I can be of further assistance, please contact me at your earliest convenience.

Thank you,

Lonnie Walston
Property Owner

ITEM DESCRIPTION: APPLICANT/OWNER: CITY OF LAS VEGAS

** STAFF RECOMMENDATION(S) **

CASE NUMBER	*RECOMMENDATION*	*REQUIRED FOR APPROVAL*
TXT-46131	Staff recommends APPROVAL.	n/a

** PROPOSED AMENDMENTS **

1. The first paragraph of Section A.2. of the Town Center Development Standards Manual, "Purpose of this Manual," is hereby amended as follows:

   The Town Center (T-C) District (Section ~~19.06.110~~ 19.10.060 of the ~~Zoning Ordinance~~ Unified Development Code) requires a Land Use Plan which identifies general land use designations, transportation networks, open space and community facilities for developments within Town Center. The T-C District also requires the development of standards which establish requirements for commercial intensities, residential densities, building height and setbacks, signage, landscaping, parking and open space requirements, as well as procedures for site plan review.

2. The second paragraph of Section A.3. of the Town Center Development Standards Manual, "Relationship to Other Documents," is hereby amended as follows:

   All development plans shall comply with the adopted Town Center Development Standards as well as all other applicable regulations in the city, county, state and federal jurisdictions. These Standards are not intended to override or contradict the ~~City of Las Vegas codes~~ Las Vegas Municipal Code or any other requirements. Where differences occur, the most stringent shall apply in all cases. Any items not covered in this manual shall adhere to the Unified Development Code of the City of Las Vegas.

RTS

3. Section A.4. of the Town Center Development Standards Manual, "Procedures," is hereby amended as follows:

4. PROCEDURE

The Town Center Development Standard Manual shall be on file in the office of the City Clerk and in the ~~Planning & Development~~ Department.

A. Revisions to Development Standards

The Town Center Development Standards Manual may be amended from time to time by ordinance or by resolution of the City Council per LVMC ~~19.18.120~~ 19.16.220.

B. Modification of the Land Use Map

Any request by or on behalf of the property owner, or any proposal by the City, to modify a land use district as depicted on Map 4 Town Center Land Use, shall be filed with the of ~~Planning & Development~~ Department in accordance with the procedures and standards applicable to a rezoning application as set forth in LVMC ~~19.18.040~~ 19.16.090.

C. Waiver – Distance Separation

Distances referred to in these standards shall be measured in a straight line from the property line of the use that may be adversely affected, to the property line of the use that may cause the adverse effect.

A waiver of required separation requirements ~~by the Director of the Planning & Development Department~~ may be requested by the submission of the following:

1. ~~Certified Return/Receipt by U.S. Mail notification of the ownership of all the property within 330-feet of the subject property indicating that a request for a waiver is being made to the City of Las Vegas of the Town Center Development Standards and a description of the use that requires the waiver.~~

~~2.~~ A neighborhood meeting to be held prior to the ~~request for a waiver~~ public hearing by the applicant at a place and time approved by the ~~Planning & Development~~ Department.

~~3~~2. The applicant shall provide notice to all property owners within 1000 feet, or 1500 feet if alcohol related, of the subject property, the time, place and purpose of the neighborhood meeting by U.S. Mail.

The above requirements must be met prior to submission of an application for a Waiver and a Special Use Permit to the ~~Planning & Development~~ Department.

D. Waiver – Development Standards

The standards set forth in the Town Center Development Standards Manual are minimum requirements. A waiver of any of these standards may be approved upon the request of an applicant if the applicant can show through convincing and substantial evidence that the waiver will not be contrary to the overall purpose and intent of the standards or the Town Center Land Use Plan. ~~Such a waiver may be granted by the Director in connection with the approval of a Site Development Plan Review. In cases where the Director does not approve a requested waiver, the request may be acted upon by the Planning Commission or City Council as part of a Site Development Plan Review. In the case of action by the Planning Commission or City Council, the waiver request need not be identified as a separate action item, and disposition of the request may be incorporated into the action on the Site Development Plan Review. Notice of action on the waiver request may be incorporated into the notice of decision regarding the Site Development Plan Review.~~ An applicant may request a waiver by following the procedures outlined in LVMC 19.16.130.

E. Non-Conformity Resulting from City Action

Refer to ~~Section in~~ LVMC ~~19.16~~ 19.14.090.

4. Section A.5. of the Town Center Development Standards Manual, "Land Use Hierarchy," is hereby amended by amending Subsection (F), "Employment Center Mixed Use (EC-TC)," to read as follows:

F. Employment Center Mixed Use (EC-TC):

The Employment Center Mixed Use District ~~is~~ was intended to accommodate needed non-polluting and non-nuisance services which, under normal circumstances, would not otherwise be found in a Central Business District. Given the land use constraints of the Centennial Hills Sector Plan, few opportunities for light manufacturing uses ~~exist~~ existed within the Centennial Hills sector of the City. ~~Given the propensity for visual pollution, all uses within the district are required to be completely self-contained within a structure, thus giving a business park appearance. The Employment Center Mixed Use District permits the broadest spectrum of uses within the Town Center. However, residential development opportunities are minimal.~~ As of the approval of MOD-47016, all EC-TC designated parcels have been converted to some other Special Land Use Designation. Therefore, new development under this designation is no longer anticipated and will not be available under this Manual.

~~Local supporting land uses such as parks, other public recreational facilities, some schools and churches are also allowed in this district.~~

5. The third paragraph of Section A.6. of the Town Center Development Standards Manual, "Montecito Development Agreement," is hereby amended as follows:

   With regard to any issue pertaining to land use and development that may arise in connection with the Montecito Development Agreement Development Standards, and that are not addressed or provided for specifically in these standards or a development agreement entered into pursuant to LVMC ~~19.18.090~~ 19.16.150 and NRS 278.0201 through NRS 278.0207), the applicable regulations and standards contained in the city of Las Vegas ~~Zoning~~ Unified Development Code will apply.

6. Paragraph (A) of Section B.1. of the Town Center Development Standards Manual, "Permitted Uses," is hereby amended as follows:

   A. With regard to any issue pertaining to land use and development that may arise in connection with these Development Standards and that are not addressed or provided for specifically in these standards or a development agreement entered into pursuant to LVMC ~~19.18.090~~ 19.16.150 and NRS 278.0201 through NRS 278.0207), the applicable regulations and standards contained in the city of Las Vegas ~~Zoning~~ Unified Development Code will apply.

7. Paragraph (C) of Section B.1. of the Town Center Development Standards Manual, "Permitted Uses," is hereby amended as follows:

   C. Other uses may be added by following the procedures found in LVMC ~~19.18.120~~ 19.16.220.

8. Paragraph (D) of Section B.2. of the Town Center Development Standards Manual, "Permitted Uses Matrix Legend," is hereby amended as follows:

   D. Special Use Permits (S):
   Certain uses may be permitted in the designated Land Use district only after obtaining a Special Use Permit in accordance with LVMC ~~19.18.060~~ 19.16.110 and compliance with specific conditions. These conditions are listed following the Permitted Use Matrix in Section B.4 of these standards, labeled "Special Use Permits."

9. Paragraph (E) of Section B.2. of the Town Center Development Standards Manual, "Permitted Uses Matrix Legend," is hereby amended as follows:

   E. Temporary Commercial Permits (TCP):
   An application for a Temporary Commercial Permit must be made in accordance with ~~Section 19.18.100 of Title 19~~ LVMC 19.16.160.

10. Table 1 of the Town Center Development Standards Manual, "Permitted Uses – Table 1," is hereby amended as follows:

11. Paragraph (B) of Section B.3. of the Town Center Development Standards Manual, "Conditions," is hereby amended by deleting therefrom the entries for the following uses, together with their respective conditions as applicable:

    - Amphitheater
    - Auto Body Paint and Body Repair Shop
    - Public or Private School, Primary and Secondary

12. Paragraph (B) of Section B.3. of the Town Center Development Standards Manual, "Conditions," is hereby amended by amending condition (a) for the "Auto Parts (Accessory Installation)" entry as follows:

    a. All conditions for this use as specified under LVMC ~~19.04.040~~ Chapter 19.12 must be satisfied for ~~the issuance of a Special Use Permit for~~ conditional approval of this use. In addition, the following conditions must also be satisfied.

13. Paragraph (B) of Section B.3. of the Town Center Development Standards Manual, "Conditions," is hereby amended by amending condition (e) for the "Auto Smog Check" entry as follows:

    e. Any permanent structure shall have a Site Development Plan Review, per LVMC ~~19.18.050~~ 19.16.100.

14. Paragraph (B) of Section B.3. of the Town Center Development Standards Manual, "Conditions," is hereby amended by amending condition (a) for the "Car Wash, Full Service or Auto Detailing" entry as follows:

    a. ~~The use shall comply with all minimum conditions, standards and requirements applicable to the use "Car Wash, Full Service or Auto Detailing," as that use is permitted by means of conditional approval under LVMC 19.04.010~~. The use shall comply with all minimum conditions, standards and requirements applicable to the use "Car Wash, Full Service or Auto Detailing," as that use is permitted by means of conditional approval under LVMC Chapter 19.12.

15. Paragraph (B) of Section B.3. of the Town Center Development Standards Manual, "Conditions," is hereby amended by amending the conditions for the "Cemetery/Mausoleum" entry as follows:

    a. ~~A decorative masonry and/or wrought iron fence with a minimum height of six feet shall be constructed around the perimeter of the cemetery site. The wall along the primary street frontage shall be set back a minimum of 35 feet from the front property line. The front yard area shall not be used for interment and shall be landscaped.~~ The use shall comply with all minimum conditions, standards and requirements applicable to the use "Cemetery/Mausoleum," as that use is permitted by means of conditional approval under LVMC Chapter 19.12.

    ~~b. Cemeteries shall only be allowed on parcels abutting and having access to an 80-foot street or larger.~~

16. Paragraph (B) of Section B.3. of the Town Center Development Standards Manual, "Conditions," is hereby amended by amending the conditions for the "Church/House of Worship" entry as follows:

    a. Activities such as religious services, religious instruction, church club activities and similar activities are allowed.

    b. Functions, such as child care facilities, formal educational programs, preschool classes and similar related activities which, in the opinion of the Director ~~of Planning & Development~~, are ancillary to the primary use are also permitted; provided, however, that all proposed uses shall be specifically stated in the application.

    c. If, after the approval of the Conditional Use Permit, additional uses not specifically covered by the existing Conditional Use Permit are proposed, an additional review by the Director ~~of Planning & Development~~ shall be required to add the uses.

17. Paragraph (B) of Section B.3. of the Town Center Development Standards Manual, "Conditions," is hereby amended by amending condition (a) for the "Home Occupation" entry as follows:

    a. Requirements within LVMC ~~19.18.110~~ 19.16.180 shall apply.

18. Paragraph (B) of Section B.3. of the Town Center Development Standards Manual, "Conditions," is hereby amended by amending condition (b) for the "Outdoor Storage, Accessory" entry as follows:

    b. All outdoor storage areas shall be contained within a definable area and shall be aesthetically screened as determined by the Director ~~of Planning & Development~~.

19. Paragraph (B) of Section B.3. of the Town Center Development Standards Manual, "Conditions," is hereby amended by amending the conditions for the "Pet Shop" entry as follows:

    a. ~~All animals shall be confined within an enclosed building at all times.~~ The use shall comply with all minimum conditions, standards and requirements applicable to the use "Pet Shop," as that use is permitted by means of conditional approval under LVMC Chapter 19.12.

    ~~b. The building shall be designed to provide complete sound barriers and odor protection for the adjacent property.~~

20. Paragraph (B) of Section B.3. of the Town Center Development Standards Manual, "Conditions," is hereby amended by amending condition (a) for the "Temporary Real Estate Sales Office" entry as follows:

    a. The use shall comply with all minimum conditions, standards and requirements applicable to the use "Temporary Real Estate Sales Office," ~~as set forth in Table 2 of LVMC 19.04.010~~ as that use is permitted by means of conditional approval under LVMC Chapter 19.12.

21. Paragraph (B) of Section B.3. of the Town Center Development Standards Manual, "Conditions," is hereby amended by amending the conditions for the "Thrift Shop" entry as follows:

    a. ~~No outdoor display, sales or storage of any merchandise shall be permitted.~~ The use shall comply with all minimum conditions, standards and requirements applicable to the use "Thrift Shop," as that use is permitted by means of conditional approval under LVMC Chapter 19.12.

    ~~b. The use shall comply with the applicable requirements of Title 6 of the Las Vegas Municipal Code.~~

22. Paragraph (B) of Section B.3. of the Town Center Development Standards Manual, "Conditions," is hereby amended by amending condition (a) for the "Utility Transmission Lines" entry as follows:

    a. ~~The location of routes for lines that are 15,000 volts or above must first be approved by the Planning Commission.~~ The use shall comply with all minimum conditions, standards and requirements applicable to the use "Utility Transmission Lines," as that use is permitted by means of conditional approval under LVMC Chapter 19.12.

23. Paragraph (B) of Section B.4. of the Town Center Development Standards Manual, "Minimum Requirements," is hereby amended by deleting therefrom the entries for the following uses, together with their respective minimum requirements as applicable:

    - Amphitheater
    - Auto Body Paint and Body Repair Shop

24. Paragraph (B) of Section B.4. of the Town Center Development Standards Manual, "Minimum Requirements," is hereby amended by amending minimum requirement (a) for the "Auto Parts (Accessory Installation)" entry as follows:

    a. All conditions for this use as specified under ~~Table 2 of~~ LVMC ~~19.04.010~~ Chapter 19.12 must be satisfied for the issuance of a Special Use Permit for this use. In addition, the following ~~conditions~~ minimum requirements must also be satisfied.

25. Paragraph (B) of Section B.4. of the Town Center Development Standards Manual, "Minimum Requirements," is hereby amended by amending minimum requirement (a) for the "Auto Title Loan" entry as follows:

    a. The use shall comply with all minimum conditions, standards and requirements applicable to the use "Auto Title Loan" under ~~Table 2 of~~ LVMC ~~19.04.010~~ Chapter 19.12.

26. Paragraph (B) of Section B.4. of the Town Center Development Standards Manual, "Minimum Requirements," is hereby amended by amending minimum requirement (a) for the "Automobile Rental" entry as follows:

    a. The use shall comply with all minimum conditions, standards and requirements applicable to the use "Automobile Rental" under ~~Table 2 of~~ LVMC ~~19.04.010~~ Chapter 19.12.

27. Paragraph (B) of Section B.4. of the Town Center Development Standards Manual, "Minimum Requirements," is hereby amended by amending minimum requirement (a) for the "Beer/Wine/Cooler/Off-Sale Establishment" entry as follows:

    a. The use shall comply with all minimum conditions, standards and requirements applicable to the use "Beer/Wine/Cooler/Off-Sale Establishment" under ~~Table 2 of~~ LVMC ~~19.04.010~~ Chapter 19.12.

28. Paragraph (B) of Section B.4. of the Town Center Development Standards Manual, "Minimum Requirements," is hereby amended by amending minimum requirement (a) for the "Beer/Wine/Cooler/On and Off-Sale Establishment" entry as follows:

    a. The use shall comply with all minimum conditions, standards and requirements applicable to the use "Beer/Wine/Cooler/On and Off-Sale Establishment" under ~~Table 2 of~~ LVMC ~~19.04.010~~ Chapter 19.12.

29. Paragraph (B) of Section B.4. of the Town Center Development Standards Manual, "Minimum Requirements," is hereby amended by amending minimum requirement (a) for the "Beer/Wine/Cooler/On-Sale Establishment" entry as follows:

    a. The use shall comply with all minimum conditions, standards and requirements applicable to the use "Beer/Wine/Cooler/On-Sale Establishment" under ~~Table 2 of~~ LVMC ~~19.04.010~~ Chapter 19.12.

30. Paragraph (B) of Section B.4. of the Town Center Development Standards Manual, "Minimum Requirements," is hereby amended by amending minimum requirement (a) for the "Car Wash, Full Service or Auto Detailing" entry as follows:

    a. The use shall comply with all minimum conditions, standards and requirements applicable to the use "Car Wash, Full Service or Auto Detailing," ~~as that use is permitted by means of special use permit~~ under LVMC ~~19.04.010~~ Chapter 19.12.

31. Paragraph (B) of Section B.4. of the Town Center Development Standards Manual, "Minimum Requirements," is hereby amended by amending the title and minimum requirements for the "Child Care – Group Home (7-12 Children)" use as follows:

~~Child~~ Individual Care – Group Home ~~(7-12 Children)~~

a. The minimum size lot shall be 6,500 square feet.
b. The site shall be designed so that all discharging or loading of passengers from a vehicle is accomplished on the site.
c. The use of outdoor ~~play~~ recreation shall be limited to the hours between 6:00 a.m. and 10:00 p.m.
d. Outdoor lighting shall be designed so as not to shine directly onto any abutting residential property.
e. ~~The use is subject to the childcare regulations and standards of the Department of Finance and Business Services.~~
~~f.~~ In order for this use to be conducted on a parcel developed with multi-family housing, the child care center must be provided within a separate structure.

32. Paragraph (B) of Section B.4. of the Town Center Development Standards Manual, "Minimum Requirements," is hereby amended by amending the minimum requirements for the "Church/House of Worship" entry as follows:

a. Activities such as religious services, religious instruction, church club activities and similar activities are allowed.

b. Functions, such as child care facilities, formal educational programs, preschool classes and similar related activities which, in the opinion of the Director ~~of Planning & Development~~, are ancillary to the primary use are also permitted; provided, however, that all proposed uses shall be specifically stated in the application.

c. If, after the approval of the ~~Conditional~~ Special Use Permit, additional uses not specifically covered by the existing ~~Conditional~~ Special Use Permit are proposed, an additional ~~review by the Director of Planning & Development~~ public hearing process shall be required to add the uses.

33. Paragraph (B) of Section B.4. of the Town Center Development Standards Manual, "Minimum Requirements," is hereby amended by amending minimum requirement (a) for the "Financial Institution, Specified" entry as follows:

a. The use shall comply with all minimum conditions, standards and requirements applicable to the use "Financial Institution, Specified" under ~~Table 2 of~~ LVMC ~~19.04.010~~ Chapter 19.12.

34. Paragraph (B) of Section B.4. of the Town Center Development Standards Manual, "Minimum Requirements," is hereby amended by amending the minimum requirements for the "Massage Establishment" entry as follows:

    a. ~~The use shall comply with all applicable requirements of LVMC 6.~~ The use shall comply with all minimum conditions, standards and requirements applicable to the use "Massage Establishment" under LVMC Chapter 19.12.
    ~~b. The use must be located on a secondary thoroughfare or larger.~~
    ~~c. The use may not be located within 400 feet of any church, synagogue, school, city park, child care facility or any parcel zoned for residential use.~~
    ~~d. The use may not be located within 1,000 feet of any other massage establishment.~~
    ~~e. The hours of operation shall be limited to the period between 8:00 a.m. and 9:00 p.m.~~

35. Paragraph (B) of Section B.4. of the Town Center Development Standards Manual, "Minimum Requirements," is hereby amended by amending minimum requirement (b) for the "Outdoor Storage, Accessory" entry as follows:

    b. All outdoor storage areas shall be contained within a definable area and shall be aesthetically screened as determined by the Director ~~of Planning & Development~~.

36. Paragraph (B) of Section B.4. of the Town Center Development Standards Manual, "Minimum Requirements," is hereby amended by amending minimum requirement (a) for the "Package Liquor Off-Sale Establishment" entry as follows:

    a. The use shall comply with all minimum conditions, standards and requirements applicable to the use "Package Liquor Off-Sale Establishment" under ~~Table 2 of~~ LVMC ~~19.04.010~~ Chapter 19.12.

37. Paragraph (B) of Section B.4. of the Town Center Development Standards Manual, "Minimum Requirements," is hereby amended by amending minimum requirement (a) for the "Package Liquor Off-Sale Establishment" entry as follows:

    a. The use shall comply with all minimum conditions, standards and requirements applicable to the use "Package Liquor Off-Sale Establishment" under ~~Table 2 of~~ LVMC ~~19.04.010~~ Chapter 19.12.

38. Paragraph (B) of Section B.4. of the Town Center Development Standards Manual, "Minimum Requirements," is hereby amended by amending minimum requirement (a) for the "Retail Establishment with Accessory Package Liquor Off-Sale" entry as follows:

    a. The use shall comply with all minimum conditions, standards and requirements applicable to the use "Retail Establishment with Accessory Package Liquor Off-Sale" under ~~Table 2 of~~ LVMC ~~19.04.010~~ Chapter 19.12.

39. Paragraph (B) of Section B.4. of the Town Center Development Standards Manual, "Minimum Requirements," is hereby amended by amending minimum requirement (a) for the "Wedding Chapel" entry as follows:

    a. ~~The use shall comply with all minimum conditions, standards and requirements applicable to the use "Wedding Chapel" under Table 2 of LVMC 19.04.010.~~ Reviewed and conditioned on a case-by-case basis.

40. Paragraph (B) of Section B.4. of the Town Center Development Standards Manual, "Minimum Requirements," is hereby amended by amending minimum requirement (b) for the "Wireless Communication Facility" entry as follows:

    b. Towers and mono-poles are subject to LVMC ~~19.08.060~~ 19.08.040 (H).

41. The first paragraph of Section C.1.B. of the Town Center Development Standards Manual, "Exterior Features," is hereby amended to read as follows:

    The use of visually interesting features such as awnings, signage, windows and doors are required, particularly along primary pedestrian routes. Such features are subject to review and approval by the ~~Planning & Development~~ Department. At a minimum, all proposed applications shall adhere to the following standards.

42. Paragraph (b) of Section C.1.C.1. of the Town Center Development Standards Manual, "Standards applicable for Figures 38 only," is hereby amended to read as follows:

    b. As shown in Figure 8, buildings along primary pedestrian corridors must abut the build-to-line on the side of the building facing the street. Minor variations may be approved by the Department ~~of Planning & Development~~ to allow the articulation of decorative features such as columns and pillars.

43. Paragraph (c) of Section C.1.C.2. of the Town Center Development Standards Manual, "Standards Applicable to Specific Land Use Districts," is hereby amended to read as follows:

    c. Urban Center Mixed-Use (UC-TC)
    Development within this land use designation will typically be multi-storied having ground floor offices and/or retail, with similar or residential uses utilizing the upper floors. Minimum development shall be two stories in height. Developments in excess of twelve (12) stories along the Durango corridor are possible with a Special Use Permit (SUP). Within the UC-TC District, there are no density limitations, and the provisions of LVMC Chapter 19.06 and 19.08 shall not apply.

44. Paragraph (e) of Section C.1.C.2. of the Town Center Development Standards Manual, "Standards Applicable to Specific Land Use Districts," is hereby amended to read as follows:

    e. Main Street Mixed-Use (MS-TC):
    Because of the intensive pedestrian orientation of the Main Street Mixed-Use designation, buildings in this district are required to be a maximum of two stories or 35 feet in height, whichever is less, in those areas that are across from or adjacent to Low Density Residential. ~~Uses such as automobile services, outdoor sales yards, drive-in businesses and other similar uses are prohibited from locating within this district.~~

45. Section C.2.A. of the Town Center Development Standards Manual, "Fences and Walls," is hereby amended to read as follows:

    1. ~~Screen walls,~~ Perimeter walls, fences, screen and retaining walls shall be designed and constructed in conformance with Town Center setback requirements.

    2. ~~Screen~~ Perimeter and retaining walls shall be composed of 100 percent decorative material in accordance with the standards of the city of Las Vegas and shall include 20 percent contrasting material and color. Neither contrasting texture of the same material nor light to dark variations of the same color are permitted.

    3. A combination of a 2'-10" low masonry wall with a 3'-2" wrought iron fence is the required design in ~~residential~~ commercial districts ~~when privacy is not compromised~~ (See Figure 11).

    4. Chain link fences are not permitted within the Town Center except on temporary construction sites after obtaining a Temporary Commercial Permit.

    5. Razor wire and barbed wire are not permitted within the Town Center.

6. Subdivision perimeter walls with retaining walls with a height of greater than six feet shall be designed with a minimum five foot wide landscape planter as a buffer (Figure 10).

7. When abutting I-215 or U.S. 95, the requirement for offset between the screen wall and retaining wall is not required.

8. Wall height shall be in accordance with LVMC ~~19.12.075~~ 19.08.040 (G).

46. The third paragraph of Section C.2.B. of the Town Center Development Standards Manual, "Landscaping," is hereby amended to read as follows:

All landscaped areas shall be landscaped with a combination of plant materials tolerant of the Las Vegas climate. The ~~booklet, "Desert Demonstration Gardens, Self Guided Tour and Southern Nevada Plant List" (1996) by the Las Vegas Valley Water District~~ Southern Nevada Regional Planning Coalition Regional Plant List is recommended to designers as a resource of climate tolerant plant materials.

47. Paragraph (10) of Section C.2.B. of the Town Center Development Standards Manual, "Landscaping," is hereby amended to read as follows:

10. Open air courtyards, plazas, open space, patios and gathering places, together with public amenities such as fountains, arbors, arcades, cloisters and landscaped corridors, paths or lanes, will be required of all projects. Combinations of such features will satisfy, in part, the 20 percent open space requirement in LVMC ~~19.06.110~~ 19.10.060 (E). The parking lot landscaping, landscaped areas, buffers and landscaping in setback areas, together with the above, will account for the required open space. Developments shall be designed to enhance pedestrian activity.

Plans submitted for development review shall include analysis of proposed landscaping to ascertain compliance with LVMC ~~19.06.110~~ 19.10.060 (E).

48. Paragraph (11) of Section C.2.B. of the Town Center Development Standards Manual, "Landscaping," is hereby amended to read as follows:

11. The 20 percent open space requirement in LVMC ~~19.06.110~~ 19.10.060 (E) shall be applied to the GC-TC, SC-TC, UC-TC, SX-TC, and MS-TC ~~and EC-TC~~ districts of Town Center.

49. Section E.1.B. of the Town Center Development Standards Manual, "Standards Applicable to All Town Center Streets," is hereby amended by adding thereto and new paragraph (7) to read as follows:

    7. Within the Trails Element of the Las Vegas 2020 Master Plan, Multi-Use Transportation Trail alignments are identified within the Town Center plan area on Map 8. In instances where a Multi-Use Trail alignment is adjacent to any proposed development within the Town Center plan area, the Multi-Use Trail standards contained within the Trails Element shall supersede and replace the required streetscape treatment as prescribed in Section E of this document. In conjunction with this action, no waiver of the standards of this Manual shall be required to replace the prescribed streetscapes with a multi-use trail. Conversely, a General Plan Amendment, as provided for in LVMC 19.16.030, shall be required to modify any Multi-Use Transportation Trail alignment or development standards prescribed in the Trails Element of the Las Vegas 2020 Master Plan.

50. The Town Center Development Standards Manual is hereby amended by updating all Table of Contents entries; section references; numbering of lists, figures, maps, tables, or illustration; alphabetical lists or table entries; and page numbers as necessary to facilitate the modifications made above.

** STAFF REPORT **

PROJECT DESCRIPTION

This is a request to update the Town Center Development Standards to make various clarifications and update code references related to changes made to LVMC Title 19 with the adoption of the Unified Development Code.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc.	
03/16/11	The City Council adopted Ordinance #6135 which adopted a new Title 19 - the Unified Development Code of the City of Las Vegas - by merging the Subdivision Regulations and Zoning Code. The Planning Commission and staff recommended approval of the Text Amendment (TXT-39750) which was heard at the City Council as Bill Number 2011-7.
09/05/12	The City Council adopted Ordinance #6210 which amended the Unified Development Code by revising the zoning district applicability, titles, descriptions, definitions, standards and requirements of various uses in an effort to consolidate categories and streamline standards and requirements. The Planning Commission and staff recommended approval of the Text Amendment (TXT-44511) which was heard at the City Council as Bill Number 2012-29.
01/08/13	The Planning Commission accepted the applicant's request for this item to be held in abeyance to the 02/12/13 Planning Commission meeting.
02/12/13	The Planning Commission recommended approval to a planned community modification (MOD-47016) to change the last 36.36 acres of EC-TC (Employment Center Mixed Use - Town Center) within the Town Center Land Use Plan to ML-TC (Medium-Low Density Residential - Town Center). City Council will hear this request at their March 20, 2013 meeting. Staff recommended approval.
02/12/13	The Planning Commission accepted the applicant's request for this item to be held in abeyance to the 03/12/13 Planning Commission meeting.

In addition to the full range of development standards, the Town Center Development Standards Manual establishes the list of permitted uses in the Town Center area. Many of these standards rely on the various provisions of Title 19 by providing numerous references to applicable code sections for standards that are the same as those provided by the Unified Development Code (UDC).

ANALYSIS

In late 2010, the Planning Commission recommended adoption of a Unified Development Code (UDC) for the city of Las Vegas to consolidate the city's subdivision and zoning codes into one comprehensive development code. Further the UDC was amended in 2012 to consolidate use categories and streamline standards and requirements. This proposed amend will update the Town Center Development Standards Manual to reflect the changes and corrected references to properly mirror the updated Title 19 (aka the UDC).

The proposed amendment will also eliminate standards and use listings for the EC-TC (Employment Center Mixed Use - Town Center) special land use designation since this land use category has been effectively eliminated by a series of planned community modifications over the years culminating in the most recent, MOD-47016, which removes the last 36 acres from this designations. EC-TC was intended to accommodate needed non-polluting and non-nuisance services which, under normal circumstances, would not otherwise be found in a Central Business District. Given the land use constraints of the Centennial Hills Sector Plan, few opportunities for light manufacturing uses existed within the Centennial Hills sector of the City.

FINDINGS

The proposed text amendment will accomplish the following:

- Make various corrections and clarification as a result of the adoption of the Unified Development Code and subsequent Title 19 amendments.
- Eliminate standards for the EC-TC (Employment Center Mixed Use - Town Center) special land use designation as the recent Planning Commission recommendation on MOD-47016 effectively eliminates the designation.

AGENDA MEMO - PLANNING

PLANNING COMMISSION MEETING DATE: MARCH 12, 2013
DEPARTMENT: PLANNING
ITEM DESCRIPTION: THE BOARD OF REGENTS OF THE NEVADA SYSTEM OF HIGHER EDUCATION

** STAFF REPORT **

PROJECT DESCRIPTION

The request is for possible action regarding the reestablishment of the Development Agreement between the College of Southern Nevada (CSN) and city of Las Vegas on approximately 42.02 acres at the northwest corner of Elkhorn Road and Grand Montecito Parkway.

ISSUES

There have been no significant changes to the site development standards, density, or permitted use table. The following list highlights the primary changes between the original and proposed development agreements.

- Section 2.07 - Identifies potential courses of action given the outcome of the proposed federal legislation.
- Section 3.02 – Requires the construction of at least one building within five years from the effective date.
- Section 5.01 – Removes the requirement for CSN to provide land to the US Postal Service for a post office.
- Section 7.02 – Modify Grand Montecito Parkway construction responsibilities. Since the majority of the Parkway adjacent to the site has been constructed in conjunction with the existing Regional Transportation Commission (RTC) park and ride facility, the college will now be required to construct amenity zones for portions of Grand Montecito Parkway within 60 days of obtaining the property from the BLM.
- Section 7.06 – Encourage shared parking with the existing RTC park and ride facility.
- Section 12.01 – Add language to account for failure of legislation to become law or failure to commence construction by the college within five years.
- Section 13.01 – Allows for a 30-year agreement term, with the possibility of a 15 year extension.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
02/20/08	The City Council approved a Director's Report (DIR-26231) for a Development Agreement between the city of Las Vegas and the College of Southern Nevada.
09/02/09	The City Council approved a Director's Report (DIR-35636) for a six-month extension to the Development Agreement between the city of Las Vegas and the College of Southern Nevada.
02/03/10	The City Council approved a Director's Report (DIR-37018) for a second six-month extension to the Development Agreement between the city of Las Vegas and the College of Southern Nevada.
02/03/10	The City Council approved Director's Report (DIR-37158) for an amendment to the Development Agreement between the College of Southern Nevada and the city of Las Vegas to allow for additional extensions of time.
03/03/10	The City Council approved the first 24-month development review report (DIR-37342) between the College of Southern Nevada and the City of Las Vegas.

On February 20, 2008, the College of Southern Nevada (CSN) and the city of Las Vegas entered into a development agreement to build an academic urban village in the northwest area of town. Section 2.07 of the original development agreement established an 18-month deadline from the February 20, 2008 effective date of the agreement for the College to obtain a federal land patent for the subject site, with the opportunity for a one-time six-month extension. When the patent was not obtained within the initial 18 months, a six-month extension was granted by the City Council on September 2, 2009.

When it became apparent that land patent would not be obtained within the six-month period granted by the extension, an amendment to the original development agreement was approved on February 3, 2010 to allow for an unlimited number of six-month extensions provided that each was approved by the City Council. A six-month extension was approved concurrently with the amended development agreement and a new expiration date of August 3, 2010 was established.

On March 3, 2010, a 24-month development report was reviewed and approved by the City Council as required by Section 11.01 of the development agreement. Upon submittal of the second report in early 2012, it was discovered that the College had not yet obtained the required land patent and there had been no subsequent six-month extensions of time requested since August of 2010. Since the land patents had not been obtained and there were no additional extensions of time requests submitted, the College was deemed to be in noncompliance with the terms of the agreement per the provisions outlined in Section 2.07 and therefore the agreement was expired.

Section 2.07 further states that the only obligation or liability between the City and College in event that the patent was not obtained within the prescribed timeframe was that both parties attempt to negotiate a new agreement to accomplish the goals established by the expired document, which is the purpose of this request.

ANALYSIS

This request is an effort between the City and College to negotiate a new agreement in order to accomplish the goals and objectives that were established by the original development agreement. The intent of the document is the development of a mixed-use college campus, which will include complimentary commercial and residential facilities in addition to typical academic functions. The commercial functions are intended to provide on-site training opportunities for students as well as the necessary services for student life. The inclusion of residential units will make it possible for students, faculty and employees to live onsite and reduce vehicle trips to and from the campus. While there will be commercial and residential uses included on the campus, CSN will retain ownership of the land, and the bulk of the square footage will be dedicated to academic uses.

Development Agreement Statutory Requirements

The Nevada Revised Statues (NRS) govern the content of Development Agreements. NRS §278.0201 establishes the minimum requirements for Development Agreements, which are as follows:

- Description of the land that is the subject of the agreement;
- Duration of the agreement;
- Permitted uses of the land;
- Density or intensity of use;
- Maximum height and size of proposed buildings; and
- Any provisions for the dedication of any portion of the land for public use.

The following analysis demonstrates the proposed development agreement's compliance with the minimum standards as required by NRS.

Description of the Land

The legal description of the land being utilized by CSN for the proposed campus is defined in Exhibit B of the development agreement.

Duration of the Agreement

Per Section 13.01, the agreement expires five years from the document's effective date, unless extended or terminated earlier pursuant to the terms of the agreement. If at least one building has commenced construction within five years, the agreement is automatically extended for a total term of 30 years from the effective date.

Permitted Uses of Land

The list of permitted uses is attached as Exhibit C and includes a mix of residential, commercial and civic uses.

Density/Intensity of Use

Section Three of the Development Agreement lists the maximum residential density, maximum commercial square footage and maximum educational square footage allowed for the site. The maximum number of residential units is 500, the maximum amount of commercial square footage is 475,000 square feet, and there is no limit for educational uses.

Maximum Height and Size of Proposed Buildings

Figures 9, 10 and Map 2 (Northwest Campus Site Plan) identify the maximum building heights for the subject site. Depending on the location of the structure, the maximum permissible height is between seven and 12 stories. The site plan depicted on Map 2, however, indicates that all proposed buildings will be between one and four stories in height. All residential adjacency 3 to 1 proximity slopes are required to be maintained from the residential dwellings adjacent to the west property line.

Any Provisions for the Dedication of any Portion of the Land for Public Use

Section Five addresses land for public use. There is no requirement in this agreement for the College to provide any land for public use.

College of Southern Nevada Northwest Campus Design Standards Manual

The College Of Southern Nevada Northwest Campus Design Standards document, which is included as Exhibit D, outlines the minimum development standards for the subject site. These standards, in conjunction with Section Three of the development agreement, will serve to guide the development of the campus. The development standards for the site are based on the Town Center Design Standards Manual, so that the campus will fit seamlessly into the Town Center area. The site will be built in phases with the goal of creating a sustainable, low energy and low water use development with a distinct campus feel.

The site plans for the campus, shown on Maps 1 and 2, depict multi-story buildings along both sides of Durango Drive and along the north side of Elkhorn Road. The Agreement states the College is required to commence construction of the first building within five years of the effective date, however the details of the type or use of the first building is not identified and the specifics are to be negotiated in the future. If the construction of the first building is started within five years of the effective date, the agreement is automatically extended for a total of 30 years and the remainder of the campus will be built at the discretion of CSN.

Figures 9, 10 and the Map 2 "Northwest Campus Site Plan" identify the maximum building heights for the subject site. Depending on the location of the structure, the maximum permissible height is between seven and 12 stories. The site plan depicted on Map 2, however, indicates that all proposed buildings will be between one and four stories in height. All residential adjacency 3 to 1 proximity slopes are required to be maintained from the residential dwellings adjacent to the west property line. Architectural standards such as building façade, exterior features, exterior building materials and exterior colors generally replicate the existing requirements for the Town Center plan area.

Street standards for the subject site will match the dimensions and landscape standards specified in the Town Center manual. Access to the academic and commercial buildings will be served by an interior campus road network. Plaza areas provide open and gathering space for users of the site and are linked together by a campus wide pedestrian network.

Parking will be provided by a pair of surface lots located adjacent to the east side of Grand Montecito Parkway and a planned parking structure adjacent to the west boundary of the campus. Parking ratios have been included in the design standards to account for the reduced parking requirements of mixed-use developments. There is currently an existing Regional Transportation Commission (RTC) park-and-ride facility located adjacent to the proposed campus. It is encouraged that CSN enter into a shared parking agreement with the RTC to maximize parking opportunities. The mass transit option for students and employees of the campus will assist in further reducing the campus's parking demand.

The landscaping of the campus is required to be comprised of drought tolerant plants and trees. Approved ground covers include Purple Verbena, Green Dalia, Trailing Yellow Lantana, and Dwarf Coyote Bush. Approved shrubs include the Texas Sage, Sage, Deer Grass, and Cassia. Four specific 36-inch box trees, the Rio Grande Ash, Mexican Fan Palm, Chitalpa and Purple Robe Locust, are to be used in combination throughout the campus.

Signage standards for the campus are similar to exiting Town Center standards and prohibit signage that is not allowed per Title 19.06 and the Town Center Development Standards Manual.

Revisions to Proposed Development Agreement

The proposed agreement introduces new language that better reflects the conditions present in 2013 that affect the subject site. The bulleted list provides an overview of the major changes to the document. The subsequent table describes each change line by line and the proposed language for that section.

- Recital changes
- Section 2.07 - Identifies potential courses of action given the outcome of the proposed federal legislation.
- Section 3.02 – Requires the construction of at least one building within five years from the effective date.
- Section 5.01 – Removes the requirement for CSN to provide land to the US Postal Service for a post office.
- Section 7.02 – Modify Grand Montecito Parkway construction responsibilities. Since the majority of the Parkway adjacent to the site has been constructed in conjunction with the existing Regional Transportation Commission (RTC) park and ride facility, the college will now be required to construct amenity zones for portions of Grand Montecito Parkway within 60 days of obtaining the property from the BLM.
- Section 7.06 – Encourage shared parking with the existing RTC park and ride facility.
- Section 12.01 – Add language to account for failure of legislation to become law or failure to commence construction
- Section 13.01 – Allows for a 30-year agreement term, with the possibility of a 15 year extension.

Section	Previous/Proposed Language
Recital A Previous	The City and the College entered into a Memorandum of Understanding ("MOU") on April 5, 2006 so that the College could acquire the City's interest in and develop certain real property described in Exhibit "A" attached hereto and incorporated herein (hereinafter the "Property") as the College's Northwest Campus. The MOU expired on October 5, 2007; and
Recital A Proposed	On February 20, 2008, the City Council approved a development agreement between the City and NSHE concerning the Property located within the boundaries of the City, which is currently leased to the City by the Bureau of Land Management through Lease number N-61839 under the Recreation And Public Purposes Act;

Section	Previous/Proposed Language
Recital B Previous	The Parties have been working together pursuant to the MOU and are in the final stages of reaching full accord on the terms of the acquisition and development of the Property; and
Recital B Proposed	The purpose of such agreement was to memorialize an agreement between the City and NSHE regarding the ultimate development of such land as the College of Southern Nevada Northwest Campus, requiring the College to design and construct the campus in accordance with mutually agreed-upon design standards and to permit and prohibit certain uses upon the property in accordance with such agreement;
Recital C Previous	The Parties entered into an Exclusive Negotiating Agreement ("ENA") on October 3, 2007 in order to continue such negotiations beyond the expiration of the MOU, and to enter into a formal development agreement pursuant to NRS 278.0201, which will encompass the Parties' final understanding of the development of the Property; and
Recital C Proposed	Such agreement required the College to obtain a land patent for the Property from the Federal Government by August 19, 2009, or the agreement would expire;
Recital D Previous	The Property is located within the boundaries of the City and is leased to the City by the Bureau of Land Management (BLM) in Lease number N-61839 ("Lease") under the Recreation And Public Purposes Act ("R&PP Act"); and
Recital D Proposed	On February 3, 2010, the City approved an amendment to such agreement that permitted NSHE another 18 months, until August 2, 2011 to secure a land patent from the BLM for the Property, or that agreement was null and void, unless an extension of a 18 month period was granted prior to the August 2, 2011 expiration;
Recital E Previous	The College also submitted a request to lease the Property from the BLM under the R& PP Act; and
Recital E Proposed	No extension of time was granted by the City prior to August 2, 2011, and as such, that agreement expired by its terms;
Recital F Previous	The City entered into a Cooperative Agreement with the Regional Transportation Commission of Southern Nevada ("RTC") on October 3, 2007 to allow the RTC to utilize approximately fifteen (15) acres of the Property for a Park 'n Ride facility and other related uses. A description of the RTC area is attached hereto as Exhibit "B"; and

Section	Previous/Proposed Language
Recital F Proposed	Congressman Mark Amodei introduced a bill to the United States House of Representatives known as the Las Vegas Public Land and Tule Springs Fossil Beds and National Monument Act of 2012, which in Section 9 delineates a transfer of the Property on behalf of the College for the express purpose of construction the Northwest Campus by the College ("Federal Legislation"). The Federal Legislation, as introduced, indicates at Section 9(b)(1)(A(i)(II), that: "as a precondition of the conveyance, the Board of Regents shall, by mutual assent, enter into a binding development agreement with the City of Las Vegas that: (aa) provides for the orderly development of the Federal land to be conveyed under this subclause; and (bb) complies with State law;"
Recital G Previous	The United States Postal Service ("USPS") is exploring the need for approximately 5 acres of the Site for a postal facility in the Northwest area and the Parties desire to facilitate such need and incorporate a postal facility in the development of the Site; and
Recital G Proposed	This Agreement is intended by the Parties to comply with such requirement. If the Federal Legislation does not become law, then the Parties intend for this Agreement to be terminable by the City;
Recital H Previous	The College intends to coordinate with the RTC and USPS as adjacent neighbors to maximize the benefits and efficiencies under this Agreement and the Cooperative Agreement; and
Recital H Proposed	Upon passage of the Federal Legislation, The City intends, pursuant to the terms of this Agreement, to relinquish Lease number N-61839 in favor of NSHE, once the Transferred Property is conveyed to NSHE;
Recital I Previous	The City intends, pursuant to the terms of this Agreement, to relinquish Lease number N -61839 in favor of the College receiving the patent from the United States on the Property less: 1) the acreage governed by the aforementioned Cooperative Agreement with the RTC, and 2) the area needed for the postal facility if the City grants that use prior to the grant of the federal land patent to the College; and
Recital I Proposed	The City derives its authority, pursuant to NRS 278.0201 through 278.0207 and 19.16.150 of the Las Vegas Municipal Code, to enter into development agreements with entities having a legal or equitable interest in real property to establish long-range plans for the development of such property;
Recital J Previous	With the exclusion of the RTC area, the Property will hereinafter be referred to as the "Site" for development by the College as the Northwest Campus and possibly the postal facility area. A description of the Site is attached hereto as Exhibit "C"; and

Section	Previous/Proposed Language
Recital J Proposed	The Board of Regents of NSHE is a Nevada constitutional body and has authority to enter into this Agreement to provide for the higher educational needs of the citizens of the State of Nevada;
Recital K Previous	The City of Las Vegas zoned the Property T -C Town Center District under section 19.06.l10 of Title 19 of the Las Vegas Municipal Code; and
Recital K Proposed	The City desires to enter into this Agreement in conformance with the requirements of NRS 278.0201 through NRS 278.0207 and LVMC 19.16.150 and as otherwise permitted by law and this Agreement, to provide for public services, public uses and urban infrastructure, to further the goals and values of the City's Centennial Hills Sector Plan and the Las Vegas 2020 Master Plan, to promote the health, safety and general welfare of the City and its inhabitants, to minimize uncertainty in planning for and securing the orderly development of the College's Northwest Campus, to insure attainment of the maximum efficient utilization of resources within the City at the least economic cost to its citizens and otherwise achieve the goals and purposes for which the State statute and City ordinance authorizing development agreements were enacted. As a result of the development of the Property as proposed by College, the City will receive needed educational facilities and opportunities, jobs, sales and other tax revenues, and substantial improvements to the public infrastructure. The City will additionally receive a greater degree of certainty with respect to the phasing, timing and orderly development of the City infrastructure by agreeing to the use and development of the Site by College;
Recital L Previous	The City has authority, pursuant to NRS 278.0201 through 278.0207 and 19.18.090 of the Las Vegas Municipal Code, to enter into development agreements with entities having a legal or equitable interest in real property to establish long-range plans for the development of such property; and
Recital L Proposed	In exchange for these and other benefits to the City, and in accordance with the legislative intent evidenced by the State statutes authorizing development agreements and the intent of the City in adopting an ordinance allowing development agreements, College will receive reasonable assurances that it may develop the Northwest Campus in accordance with this Agreement. Because of the nature of the Northwest Campus and the many constituents that it will serve while also balancing its development with the other needs of NSHE and College, the development of the Northwest Campus will take a long period of time to fully complete. The College's decision to commence development of the Northwest Campus is based on expectations of proceeding with the Northwest Campus to completion;
Recital M Previous	The Board of Regents of NSHE is a Nevada constitutional body and has authority to enter into this Agreement to provide for the higher educational needs of the citizens of the State of Nevada; and

Section	Previous/Proposed Language
Recital M Proposed	In the absence of this Agreement, the College believes it would have no assurance that it could complete the Northwest Campus and would therefore be exposed to significant economic risk. For any number of currently foreseeable and unforeseeable reasons, including, without limitation, regional traffic and related impacts (for example, impacts on air quality) resulting from development outside the jurisdiction of the City and issues relating to water use and availability, pressures on the City could be created to (i) halt the Northwest Campus at a point short of total build out, (ii) reduce the scope of the Northwest Campus, (iii) defer or delay completion of the Northwest Campus, or (iv) apply new rules or requirements in such a manner as to significantly increase the cost of the Northwest Campus or to otherwise burden its development. The burden of interest carrying costs, the difficulty of obtaining financing or funding, the risk of losing existing financing commitments and the potential loss of anticipated revenues associated with these development risks and uncertainties would, in the absence of this Agreement, deter and discourage the College from making a long-term commitment to the development of the Northwest Campus. In addition, the cost of certain improvements to be constructed by the College will be substantial and may not match the timing of the revenue or appropriations associated with the Northwest Campus which is a necessary element of the overall provision of educational opportunities. Accordingly, the College cannot prudently commence the development of the Northwest Campus without reasonable assurance from the City that it will be able to complete the Northwest Campus
Recital N Previous	The City desires to enter into this Agreement in conformance with the requirements of NRS 278.0201 through NRS 278.0207 and LVMC 19 and 18.090 and as otherwise permitted by law and this Agreement, to provide for public services, public uses and urban infrastructure, to further the goals and values of the City's Centennial Hills Sector Plan and the Las Vegas 2020 Master Plan, to promote the health, safety and general welfare of the City and its inhabitants, to minimize uncertainty in planning for and securing the orderly development of the College's Northwest Campus, to insure attainment of the maximum efficient utilization of resources within the City at the least economic cost to its citizens and otherwise achieve the goals and purposes for which the State statute and City ordinance authorizing development agreements were enacted. As a result of the development of the Property as proposed by the College subject to the Cooperative Agreement between City and RTC, the City will receive needed educational facilities and opportunities, jobs, sales and other tax revenues, and substantial improvements to the public infrastructure. The City will additionally receive a greater degree of certainty with respect to the phasing, timing and orderly development of the City infrastructure by agreeing to the use and development of the Site by the College; and

Section	Previous/Proposed Language
Recital N Proposed	The Parties are aware of the provisions of NRS 341, which governs the State Public Works Board, and the Parties understand that the State Public Works Board has final authority to approve and inspect all development of state-owned buildings within Nevada, such as the Northwest Campus. The Parties agree that this Agreement is not meant under any circumstance to circumvent the authority of the State Public Works Board, but that this Agreement is in the best interest of the residents living near the Transferred Property, and is meant to complement the actions of the State Public Works Board by permitting NSHE to work cooperatively with the City and its residents by presenting its development plans to the Las Vegas City Council prior to submission to the State Public Works Board, and to design and construct its Northwest Campus in accordance with the land uses and development standards approved herein.
Recital O Previous	In exchange for these and other benefits to the City, and in accordance with the legislative intent evidenced by the State statutes authorizing development agreements and the intent of the City in adopting an ordinance allowing development agreements, the College will receive reasonable assurances that it may develop the Northwest Campus in accordance with this Agreement. Because of the nature of the Northwest Campus and the many constituents that it will serve while also balancing its development with the other needs of NSHE and the College, the development of the Northwest Campus will take a long period of time to fully complete. The College's decision to commence development of the Northwest Campus is based on expectations of proceeding with the Northwest Campus to completion; and
Recital O Proposed	NSHE has given notice as required by the relevant law, and brought this Agreement for approval at a public meeting of the Board of Regents. The Board of Regents found this Agreement to be in the public interest and lawful in all respects, and approved the execution of this Agreement by the Chancellor of NSHE and the President of the College.

Section	Previous/Proposed Language
Recital P Previous	In the absence of this Agreement, because NSHE does not own the Property and the Property is currently leased to the City; the College believes it would have no assurance that it could complete the Northwest Campus and would therefore be exposed to significant economic risk. For any number of currently foreseeable and unforeseeable reasons, including, without limitation, regional traffic and related impacts (for example, impacts on air quality) resulting from development outside the jurisdiction of the City and issues relating to water use and availability, pressures on the City could be created to (i) halt the Northwest Campus at a point short of total build out, (ii) reduce the scope of the Northwest Campus, (iii) defer or delay completion of the Northwest Campus, or (iv) apply new rules or requirements in such a manner as to significantly increase the cost of the Northwest Campus or to otherwise burden its development. The burden of interest carrying costs, the difficulty of obtaining financing or funding, the risk of losing existing financing commitments and the potential loss of anticipated revenues associated with these development risks and uncertainties would, in the absence of this Agreement, deter and discourage the College from making a long-term commitment to the development of the Northwest Campus. In addition, the cost of certain improvements to be constructed by the College will be substantial and may not match the timing of the revenue or appropriations associated with the Northwest Campus which is a necessary element of the overall provision of educational opportunities. Accordingly, the College cannot prudently commence the development of the Northwest Campus without reasonable assurance from the City that it will be able to complete the Northwest Campus; and

Recital Q Previous	NSHE has given notice as required by the relevant law, and brought this Agreement for approval at a public meeting of the Board of Regents. The Board of Regents found this Agreement to be in the public interest and lawful in all respects, and approved the execution of this Agreement by the Chancellor of NSHE and the President of the College.
Recital Q Proposed	N/A

Section	Previous/Proposed Language
2.07 Previous	Relinquishment of R&PP Act Lease. The College is pursuing legislation in Congress that would grant a federal land patent for the Site to the College, subject to the requirements of this Agreement. In order that the College is able to finance the development of its Northwest Campus in the manner currently envisioned and on a time table which would justify the City to relinquish its Lease on the entire Site, the patent cannot be restricted so as to prevent private entities from leasing portions of the Site or leasing space within buildings for profitable ventures. The Parties agree that this Agreement shall be effective for its Term notwithstanding the grant of the federal land patent for the Site to the College. The College will notify the City in the event the College determines that it is unlikely to obtain the land patent. College shall have 18 months from the Effective Date of this Agreement to secure such patent, or this Agreement shall be null and void and the parties shall have no further liability or obligation to each other, except for the obligation to attempt to negotiate a new development agreement as set forth below. Such 18-month period may be extended for additional Period of 6 months upon the written approval of the City Council and College. The College may not commence work on the Site until it obtains such a land patent and is in compliance with the terms of this Agreement. The City will when and where requested indicate its willingness to relinquish its R&PP lease as to the Site, subject to the terms of this Agreement, as a final condition to the grant of patent to the College so long as the patent will allow the development of the Northwest Campus as envisioned by this Agreement. Thereafter, the City will file when appropriate a relinquishment of its R&PP lease with the BLM for the Site in order for the College to receive the land patent. In the event the College is unable to secure a patent of the Site that is unrestricted as referenced above: 1) the parties shall attempt to enter into a new development agreement to accomplish the goals of the parties set forth herein, and 2) the City shall not be under any obligation to relinquish its Lease of the Site unless and until a mutually acceptable agreement is executed.

Section	Previous/Proposed Language
2.07 Proposed	Disposition of the Property. The College is pursuing the Federal Legislation in Congress that would act to convey the Property to the College, upon the execution of a binding development agreement between the Parties. The Parties acknowledge that the Federal Legislation may become law, and it may fail. The following options are available to the Parties regarding disposition of the Property: (a) Federal Legislation Becomes Law. If the Section 9 of the Federal Legislation becomes law, the City shall, when appropriate, process a relinquishment of its R&PP lease N-61839 with the BLM for the Property in order for the College to hold the land conveyance free of the encumbrance of such lease. (b) Federal Legislation does not become law within a time certain. If the Federal Legislation does not become law within two years from the Effective Date of this Agreement, the City may terminate this Agreement in its entirety pursuant to the provisions of paragraph (insert paragraph # here), herein. (c) Federal Legislation Fails. If the Federal Legislation does not survive the legislative process, the City may terminate this Agreement in its entirety upon failure of the Federal Legislation pursuant to the provisions of paragraph (insert paragraph # here), herein. (d) Disposition of Property without Federal Legislation. If the Federal Legislation either does not become law within a time certain or the Federal Legislation fails, and the City does not act to terminate this Agreement, the City Council, in its sole discretion, may direct City staff to process a relinquishment of its R&PP lease N-61839 with the BLM for the Property in order for the College to obtain a some other property interest in the Property pursuant to existing laws. If such an event occurs, NSHE understands and acknowledges that the Property will continue to be encumbered by this Agreement and the entirety of NSHE's and the College's obligations remain effective.
3.02 Previous	Time for Construction and Completion of the Site. The Parties acknowledge and agree that it is in their respective best interests that development of the Site be accomplished to best support the College's objectives and purpose, but on a reasonable time table within the abilities of the College that justifies the City's relinquishment of the Site. In light of this mutual objective, and subject to the terms of the Applicable Rules, the College shall have the discretion as to the time of commencement, construction and completion of the Site, with the exception of the construction of Grand Montecito Parkway.

Section	Previous/Proposed Language
3.02 Proposed	Time for Construction and Completion of the Site. The Parties acknowledge and agree that it is in their respective best interests that development of the Site be accomplished to best support the College's objectives and purpose, but on a reasonable time table within the abilities of the College that justifies the City's relinquishment of the Site. In light of this mutual objective, and subject to the terms of the Applicable Rules, the College shall commence construction upon at least one building (details re: size and use to be negotiated) within five years of the Effective Date, or the City may terminate/cancel this Agreement pursuant to paragraph 13.02. The City understands that build-out of the entire Northwest Campus will take many years and an amount of financing that may not be available at commercially reasonable rates, so completion of the Northwest Campus shall be at the discretion of the College.
Section 5.01 Previous	Post Office. The College acknowledges that the City committed a portion of the Site to the USPS to be used as a post office. The USPS has requested five (5) acres of land within the Site. Although the final location of the post office has not been determined, the College will provide such land to the USPS in a current "as is" condition and in a location that is mutually agreeable to the City, the College and the USPS. If USPS needs to acquire such location prior to College obtaining the patent for the Site, the City shall cooperate with USPS and BLM in relinquishing such location in favor of USPS. Neither the City nor the College will be responsible for any on-site grading, paving, utilities or construction of the post office. Nothing herein limits the College's ability to negotiate with the USPS for contribution for road improvements or any other costs or fees incurred by the College under this Agreement. If the post office has not pulled a building permit for its facility within six (6) years from the Effective Date, this section 5.01 shall cease to be effective and the five acres committed to the USPS can be developed by the College. In the event the USPS determines that it does not need a post office on the Site as evidenced in writing, the College is relived of its obligation to provide land for a post office within the Site.
Section 5.01 Proposed	Other Public Facilities. City agrees that College shall have no obligation, other than those identified in this Agreement, to participate in, pay, contribute or otherwise provide for any land, facilities, equipment or physical improvements for public or civic buildings, inside or outside of the Site or otherwise provide or pay any further exaction, including, special assessment district assessments, other assessments or development fees, as a substitute therefore, including, without limitation, sites and related improvements and equipment for fire stations, police stations, schools and libraries. The College agrees that the City shall have no obligation, other than those identified in this Agreement and its normal and customary duties as a municipal corporation providing services to its constituents, to participate in, pay, contribute or otherwise provide for any land, facilities, equipment or physical improvements for the development of the Site.

Section	Previous/Proposed Language
Section 7.02 Previous	Grand Montecito Parkway. (a) Grand Montecito Parkway is that road designed to go north and then west across the Site to Durango Drive from its current termination point at the intersection of Elkhorn Road. In general, the extension of Grand Montecito Parkway has been approved by the City. (b) Grand Montecito Parkway ultimately may include, without limitation, curb, gutter, drainage and sewer facilities, sidewalk, street lights, pavement, striping, medians, landscaping, trails, amenity zones, and traffic control devices, including conduits and foundations and signage. The cost of the Grand Montecito Parkway will be allocated as follows: The College shall be responsible for and pay for half of the costs of the extension of Grand Montecito Parkway on the Site for any part of that extension where Grand Montecito Parkway is adjacent to land patented to and occupied by the College and where the RTC does not hold the right of occupancy on both sides of the proposed Grand Montecito Parkway. As long as the College has received the land patent for the Site, the College: (i) shall fulfill its obligations of this sub-section when the College or the RTC is prepared to commence the construction of the extension of Grand Montecito Parkway, whichever may occur first. (ii) RTC shall be responsible for and pay for half of the costs of the extension of Grand Montecito Parkway except that RTC shall pay for all of the costs of the extension adjacent to the land where RTC holds the right of occupancy on both sides of the proposed Grand Montecito Parkway. (iii) The City shall cause a supplement to the Cooperative Agreement to be executed with and by the RTC which memorializes the cost responsibilities for the extension of the Grand Montecito Parkway as set forth in (i) and (ii) above. (c) After road dedication to the City, the College shall submit to the City encroachment agreements for maintenance of the landscaping within the public right-of-way. (d) In the event the RTC commences construction of the extension of Grand Montecito Parkway prior to the time the College has obtained the land patent for the Site, the City will be responsible for the costs of the extension which are not the obligation of RTC, and the College will reimburse the City those costs which the City has expended pursuant to this provision within sixty days of obtaining the land patent for the Site, or the City will defer the improvements to be completed by the College until the land patent is issued, and the College will commence these improvements within 60 days of obtaining the land patent for the Site.

Section	Previous/Proposed Language
Section 7.02 Proposed	Grand Montecito Parkway. (a) Grand Montecito Parkway is the road that goes north from Elkhorn Road to Osa Blanca Road as shown on Exhibit "B." (b) Grand Montecito Parkway ultimately may include, without limitation, curb, gutter, drainage and sewer facilities, sidewalk, street lights, pavement, striping, medians, landscaping, trails, amenity zones, and traffic control devices, including conduits and foundations and signage. Grand Montecito Parkway has been substantially constructed through the Property as a part of the RTC Park and Ride Project.The RTC constructed the full-width (curb-to curb) of Grand Montecito Parkway, and constructed the amenity zone, including sidewalk and streetlights on all portions of the Property abutting the RTC Park and Ride Facility. The remaining unconstructed portion of Grand Montecito Parkway amenity zone, including, without limitation, landscaping, sidewalk and streetlights and including additional paving, curb and gutter for a dedicated right-turn lane at Elkhorn Road in accordance with Exhibit "B" shall be constructed by the College within 60 days of obtaining a conveyance of the Property from the BLM. (c) The City shall cause a supplement to the Cooperative Agreement to be executed with and by the RTC which memorializes the cost responsibilities for the extension of the Grand Montecito Parkway as set forth in (i) and (ii) above. (d) After road dedication to the City, the College shall submit to the City encroachment agreements for maintenance of the landscaping within the public right-of-way. (e) The College shall enter into an agreement with the RTC for the shared use and maintenance of the existing private perimeter roadways on the west and south sides of the RTC facility west of Grand Montecito Parkway.
Section 7.06 Previous	N/A

Section	Previous/Proposed Language
Section 7.06 Proposed	Shared Parking Facilities. The College and the RTC will jointly use and maintain the shared parking aisles that have been constructed on the boundary between the land to be developed by the College and the RTC Park and Ride Facility. The College and the RTC are encouraged to permit joint use of the parking facilities adjacent to those parking aisles.
Section 8.01 Previous	Flood Control Facilities and Technical Drainage Studies. The College shall submit a Master Drainage Study addressing the overall drainage impacts to the Site and adjacent roadways. The phased development of the Site will require that a Technical Drainage Study be required for each phase of development. The Master Drainage Study and the Technical Drainage Studies for each phase of development shall be prepared in accordance with the Clark County Regional Flood Control District (CCRFCD) Hydraulic Criteria and Drainage Design Manual. The College agrees to implement the drainage study requirements and follow the recommendations of approval from the City of Las Vegas, with concurrence by the Clark County Regional Flood Control District and the Nevada Department of Transportation (NDOT). Drainage study updates may be required based upon the development phasing. The drainage studies shall identify the necessary storm drain system and/or other mitigation measures needed to protect the Site development from the existing condition flows and the ultimate condition flows for both the 10-year and 100year storms. The facilities identified in the drainage studies must be designed and constructed by the College with each phase of development and may include both on-site and adjacent off-site facilities. The College agrees that Grand Montecito Parkway may include storm drain facilities as determined by the drainage study for the Site. The College shall be responsible for paying the costs of constructing any facilities necessary, whether interim or ultimate, and shall comply with Section 7.05 of this Agreement regarding Acquisitions of Rights of Way and Easements to accommodate such facilities. All interim and on-site storm drain facilities must be maintained by the College. The College will not be responsible for the technical drainage studies for the USPS or RTC sites.
Section 8.01 Proposed	Flood Control Facilities and Technical Drainage Studies. The College shall submit a Master Drainage Study addressing the overall drainage impacts to the Site and adjacent roadways. The phased development of the Site will require that a Technical Drainage Study be required for each phase of development. The Master Drainage Study and the Technical Drainage Studies for each phase of development shall be prepared in accordance with the CCRFCD Hydraulic Criteria and Drainage Design Manual. The College agrees to implement the drainage study requirements and follow the recommendations of approval from the City of Las Vegas, with concurrence by the Clark County Regional Flood Control District and the Nevada Department of Transportation. Drainage study updates may be required based upon the development phasing.

Section	Previous/Proposed Language
Section 11.01 Previous	Frequency of Reviews. As required by NRS 278.0205 and the Development Agreement Ordinance, at least once every twenty-four (24) months during the Term, the College shall provide and the City shall review in good faith a report submitted by the College documenting the extent of the Parties' material compliance with the terms of this Agreement during the preceding twenty-four (24) months. If at the time of review an issue not previously identified in writing is required to be addressed, the review, at the request of either party, shall be continued to afford sufficient time for response. The Parties shall be permitted an opportunity to be heard before the City Council regarding their performance under this Agreement in the manner set forth in the Development Agreement Ordinance.
Section 11.01 Proposed	Frequency of Reviews. As required by NRS 278.0205 and the Development Agreement Ordinance, at least once every twenty-four (24) months during the Term, the College shall provide and the City shall review in good faith a report submitted by the College documenting the extent of the Parties' material compliance with the terms of this Agreement during the preceding twenty-four (24) months. If at the time of review an issue not previously identified in writing is required to be addressed, the review, at the request of either party, shall be continued to afford sufficient time for response. The Parties shall be permitted an opportunity to be heard before the City Council regarding their performance under this Agreement in the manner set forth in the Development Agreement Ordinance. In addition, if the City desires to terminate/cancel the agreement based upon the failure by the College to construct a building upon the Property in conformance with paragraph 3.02, herein, or the City desires to terminate/cancel this Agreement upon a failure of the Federal Legislation or a failure of the Federal Legislation to become law two years from the Effective Date of this Agreement, the City may require a hearing to review the status of the development contemplated by this Agreement, and take any action as provided by NRS 278.0205.

Section	Previous/Proposed Language
Section 12.01 Previous	Opportunity to Cure; Default. In the event of any noncompliance with any provision of this Agreement, the Party alleging such noncompliance shall deliver to the other by certified mail a thirty (30) day notice of default and opportunity to cure. The time of notice shall be measured from the date of certified mailing. The notice of default shall specify the nature of the alleged default and the manner in which it may be satisfactorily corrected, during which thirty (30) day period the party alleged to be in default shall not be considered in default for the purposes of termination or institution of legal proceedings. If the default cannot be reasonably cured within the thirty (30) day cure period, the non-compliant Party may timely cure the default for purposes of this Section Twelve if it commences the appropriate remedial action within the thirty (30) cure period and thereafter prosecutes such action to completion within a reasonable period of time. If no agreement between the Parties is reached regarding the appropriate timeframe for remedial action, the cure period shall not be longer than sixty (60) days from the date the sixty (60) day notice of default and opportunity to cure was mailed to the non-compliant party. If the default is corrected, then no default shall exist and the noticing party shall take no further action. If the alleged default is not corrected within the relevant cure period, the party alleging non-compliance may elect anyone or more of the following courses: (a) City Manager/ President Resolution. The City Manager and the President of the College shall meet to discuss the alleged default and seek to resolve the matter in a mutually agreeable time frame. (b) Mediation. The Parties shall submit the issues to mediation to attempt resolution.

Section	Previous/Proposed Language
Section 12.01 Proposed	Opportunity to Cure; Default. Except for a termination/cancellation of this Agreement for a failure by the College to commence construction of a building upon the Property within the requisite time period as provided by paragraph 3.02, or a failure of the Federal Legislation to become law two years from the Effective Date of this Agreement, or the Federal Legislation otherwise dies, in the event of any noncompliance with any other provision of this Agreement, the Party alleging such noncompliance shall deliver to the other by certified mail a thirty (30) day notice of default and opportunity to cure. The time of notice shall be measured from the date of certified mailing. The notice of default shall specify the nature of the alleged default and the manner in which it may be satisfactorily corrected, during which thirty (30) day period the party alleged to be in default shall not be considered in default for the purposes of the institution of legal proceedings. If the default cannot be reasonably cured within the thirty (30) day cure period, the non-compliant Party may timely cure the default for purposes of this Section Twelve if it commences the appropriate remedial action within the thirty (30) cure period and thereafter prosecutes such action to completion within a reasonable period of time. If no agreement between the Parties is reached regarding the appropriate timeframe for remedial action, the cure period shall not be longer than sixty (60) days from the date the sixty (60) day notice of default and opportunity to cure was mailed to the non-compliant party. If the default is corrected, then no default shall exist and the noticing party shall take no further action. If the alleged default is not corrected within the relevant cure period, the party alleging non-compliance may elect anyone or more of the following courses: (a) City Manager/ President Resolution. The City Manager and the President of the College shall meet to discuss the alleged default and seek to resolve the matter in a mutually agreeable time frame. (b) Mediation. The Parties shall submit the issues to mediation to attempt resolution. (c) Litigation.
Section 12.07 Previous	Default by City. In the event the City substantially defaults under this Agreement, the College shall have the right to terminate this Agreement as set forth in Section 12.0l. Notwithstanding the forgoing, the College shall have the option, in its sole discretion, to maintain this Agreement in effect, and seek to enforce all of the City's obligations herein under the provisions set forth in Sections 12.01 and
Section 12.07 Proposed	Section not included

Section	Previous/Proposed Language
Section 13.01 Previous	Term. The term of this Agreement shall commence upon the Effective Date and shall expire on the thirtieth (30th) anniversary of the Effective Date, unless extended by written agreement executed by the City and the College or unless terminated earlier pursuant to the terms hereof. City agrees that the College shall have the right to request extension of the term of this Agreement for an additional fifteen (15) years upon the following conditions: (a) the College provides written notice of such extension to the City at least one hundred-eighty (180) days prior to the expiration of the original thirty (30) year term of this Agreement; (b) the College is not in default of this Agreement; and (c) the College and the City enter into an amendment to this Agreement memorializing the extension of the term.
Section 13.01 Proposed	Term. Except as otherwise provided below, the term of this Agreement shall commence upon the Effective Date and shall expire on the Fifth (5th) anniversary of the Effective Date, unless extended by amendment to this Agreement or terminated earlier pursuant to the terms hereof. Provided that the College has commenced construction of at least one building in conformance with paragraph 3.02, above, the term of this Agreement shall be automatically extended to a total term of thirty (30) years from the Effective Date of this Agreement
Section 13.02 Previous	Financing. The College has previously provided financing commitments and options to the City in compliance with the MOU. The College shall have the sole discretion as to the amount and conditions of financing throughout the term of this Agreement. No obligation or requirement for financing is placed on the City.
Section 13.02 Proposed	Termination. Notwithstanding the provisions of Section 12, herein, if the College does not commence construction of at least one building pursuant in conformance with paragraph 3.02 of this Agreement, or the Federal Legislation does not become law within two years of the Effective Date of this Agreement, or the Federal Legislation otherwise dies, the City may terminate/cancel this Agreement pursuant to the provisions of Section 11, herein, and NRS 278.0205.

Section	Previous/Proposed Language
Section 13.03 Previous	Assignment to a Third Party. Assignment or a transfer of rights or obligations under this Agreement to a third person other than as provided herein is not a contemplated transaction under this Agreement. The College shall not sell or transfer any or all of its rights or obligations under this Agreement to a third person other than as provided herein without the approval of the City Council and any such unapproved transfer is void and is an immediate default of this Agreement notwithstanding the cure provisions of Section Twelve. (a)To an Affiliate of College. Except as otherwise provided by Section l3.02(e), below, the rights of the College under this Agreement may be freely transferred or assigned to an Affiliate of the College provided that such entity shall assume in writing all obligations of the College hereunder in a form acceptable to the City, to be accepted by the City Manager. (b)Transfer Not to Relieve the College of its Obligation. Except as expressly provided herein, no assignment or transfer of any portion of the Site shall relieve the College of its obligations hereunder as to the portion of the Site so assigned or transferred, and such assignment or transfer shall be subject to all of the terms and conditions of this Agreement, provided, however, that no such transferee shall be deemed to be the College hereunder. This subsection shall have no effect upon the validity of obligations recorded as covenants, conditions, restrictions or liens against parcels of real property. (c) In Connection with Financing Transactions. Following its receipt of a patent for the Site, the College shall have full discretion and authority to encumber the Site or portions thereof, in connection with financing transactions, without limitation to the size or nature of any such transaction, the amount of land involved or the use of the proceeds there from, and may enter into such transactions at any time and from time to time without permission of or notice to City. All such financing transactions shall be subject to the terms and conditions of this Agreement.
Section 13.03 Proposed	Financing. The College shall have the sole discretion as to the form, amount and conditions of financing throughout the term of this Agreement. No obligation or requirement for financing is placed on the City
Section 13.04 Previous	Amendment or Cancellation of Agreement. Except as otherwise permitted by NRS Chapter 278 and this Agreement, this Agreement may only be amended or canceled upon the mutual consent of the College and the City Council. Any proposed amendments shall be considered solely by the City Council.

Section	Previous/Proposed Language
Section 13.04 Proposed	Assignment to a Third Party. Assignment or a transfer of rights or obligations under this Agreement to a third person other than as provided herein is not a contemplated transaction under this Agreement. The College shall not sell or transfer any or all of its rights or obligations under this Agreement to a third person other than as provided herein without the approval of the City Council and any such unapproved transfer is void and is an immediate default of this Agreement notwithstanding the cure provisions of Section Twelve. However, following a conveyance of the Property, or lease to the College from the BLM, if the City chooses to relinquish its RP&P lease upon a failure of the Federal Legislation, the College shall have full discretion and authority to encumber the Site or portions thereof, in connection with financing transactions, without limitation to the size or nature of any such transaction, the amount of land involved or the use of the proceeds there from, and may enter into such transactions at any time and from time to time without permission of or notice to City. All such financing transactions shall be subject to the terms and conditions of this Agreement.

FINDINGS

It has been determined that the proposed Development Agreement complies with the minimum standards mandated by NRS §278.0201. Furthermore, the development of the mixed-use college campus will allow the Town Center to be increasingly more self-sustaining by providing educational and employment opportunities within walking distance or minimal driving distance of area residents.

** STAFF REPORT **

PROJECT DESCRIPTION

This is a request to amend the Las Vegas Downtown Centennial Plan to add Tavern-Limited Establishment to the list of permitted uses within the 18b The Las Vegas Arts District and Symphony Park District, a sub-district of the Parkway Center District.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
07/05/00	The City Council adopted (Ordinance #5238) the Las Vegas Downtown Centennial Plan. The Planning Commission recommended the document be adopted on 04/27/00.
12/04/02	The City Council adopted Ordinance No. 5550 that updated various design standards as part of the Downtown Centennial Plan and applicable to the Downtown Overlay District.
01/03/07	The City Council adopted Ordinance No. 5875 that adopted an updated version of the Las Vegas Downtown Centennial Plan.
10/17/07	The City Council adopted Ordinance No. 5941 which amended various sections of the Las Vegas Downtown Centennial Plan to update land use, detailed graphics, clarify verbiage, edit chapter numbering and revise maps and tables. The Planning Commission and staff recommended approval.
08/05/09	The City Council adopted Bill No. 2009-29, to adopt a revised Downtown Centennial Plan. The Planning Commission and Staff recommended approval.
11/04/09	The City Council adopted Bill No. 2009-42, to adopt a revised Downtown Centennial Plan. The Planning Commission and Staff recommended approval.
08/04/10	The City Council adopted Ordinance No. 6101, to adopt a revised Downtown Centennial Plan. The Planning Commission and Staff recommended approval.
11/03/10	The City Council adopted Bill No. 2010-43, to adopt a revised Downtown Centennial Plan. The Planning Commission and Staff recommended approval.
02/02/11	The City Council adopted Bill No. 2011-1, to make various corrections and updates to the Downtown Centennial Plan. The Planning Commission and Staff recommended approval.
08/03/11	The City Council approved a Text Amendment (TXT-41610) that would allow outdoor dining without a Site Development Plan Review application in the Downtown Centennial Plan boundaries. Planning Commission and Staff recommended approval.
10/11/11	The Planning Commission recommended approval of a Text Amendment (TXT-43042) that would extend hours for outdoor events in the Downtown Centennial Plan boundaries. Staff recommended approval.

11/08/11	The Planning Commission recommended approval of a Text Amendment (TXT-43393) to amend the Downtown Centennial Plan to clarify that the Symphony Park District is a subdistrict of the Parkway Center District and to amend Map 14 to include the Symphony Park District. Staff recommended approval.
03/13/12	The Planning Commission recommended approval of a Text Amendment (TXT-44368) to expand the Downtown Centennial Plan boundaries, to clarify district goals and to amend Figure 1 of Title 19.10.110 to reflect the expanded boundaries.
06/12/12	The Planning Commission recommended approval of a Text Amendment (TXT-45385) to amend the Downtown Centennial Plan to revise the development standards for parking lots.
01/23/13	The City Council adopted Bill No. 2012-58 (Ordinance 6252), to update the City's regulations regarding tavern-limited licensure and expand the prohibition on restricted gaming for tavern-limited licensees.

ANALYSIS

This amendment brings 18b The Las Vegas Arts District and Symphony Park District, a sub-district of the Parkway Center District in conformance with Ordinance 6252, which allowed tavern-limited licenses throughout the Downtown Centennial Plan area subject to certain conditions and limitations. Title 6.50.250 states a tavern limited license (2) may only be issued for premises located entirely within the Downtown Centennial Plan overlay district.

This use is defined in Title 19 as the following:

Tavern-Limited Establishment. An establishment that is licensed with a tavern-limited license in accordance with LVMC Chapter 6.50.

A Special Use Permit for a tavern-limited establishment in 18b The Las Vegas Arts District and Symphony Park District, a sub-district of the Parkway Center District shall be processed in accordance with the Special Use Permit provisions of LVMC 19.16.110. A Special Use Permit for this use may be approved if it meets the Special Use Permit criteria generally, the criteria for a tavern-limited establishment, and the criteria set forth in this Subsection (G).

FINDINGS

The following table summarizes all proposed changes:

Code Requirements	Existing Regulations	Proposed Regulations
Las Vegas Downtown Centennial Plan – VII (D)(2)(5) Retail and Personal Services	• No allowance is made for Tavern-Limited establishment use	• Added: Tavern-Limited establishment use to the list of permitted uses.
Section 5.0 of the Symphony Park Design Standards, "Permitted Uses – Parkway Center Development Standards – Permitted Land Uses	• No allowance is made for Tavern-Limited establishment use	• Added: Tavern-Limited establishment use to the list of permitted uses.

AGENDA MEMO - PLANNING

PLANNING COMMISSION MEETING DATE: MARCH 12, 2013
DEPARTMENT: PLANNING
ITEM DESCRIPTION: APPLICANT/OWNER: CITY OF LAS VEGAS

PROPOSED AMENDMENTS

1. Title 19.12 is hereby amended by adding section 19.12.140 to read as follows:

19.12.140: Auto Repair Garages, Test-Driving Route Plans. In order to facilitate the enforcement of LVMC 11.22.160, each Auto Repair Garage (Major and Minor) within the City shall file with the Department, for administrative approval, a test-driving plan showing which streets are proposed to be used for the test-driving of customer vehicles by principals or employees of the garage. This requirement shall be considered to have been satisfied by new or existing Auto Repair Garage uses that file such a plan in connection with a condition of zoning approval. For other new or existing Auto Repair Garage uses, the requirement must be satisfied within six months after notice from the City to file such a plan. Any changes to an approved plan must be submitted to and approved by the Department. The failure of an Auto Repair Garage use to comply with the provisions of this Section shall be grounds for disciplinary action against the associated business license.

** STAFF REPORT **

PROJECT DESCRIPTION

The request is to amend LVMC Title 19 to prohibit auto repair facility employees from test driving customer vehicles on a residential street.

ANALYSIS

The proposed text amendment aims to provide enhanced safety and reduced traffic for residential areas by prohibiting Auto Repair Garages (Major and Minor) from utilizing residential streets to test drive customer vehicles. If an Auto Repair Garage wishes to utilize a residential street for automobile test drives, they would be required to file a test drive plan with the Department of Planning for consideration. There is a separate related request to modify LVMC 11.22.160 to prohibit test driving on residential streets by auto repair facilities.

FINDINGS

The following table summarizes all proposed changes:

Code Requirement	Existing Regulations	Proposed Regulations
19.12.140	N/A	19.12.140: Auto Repair Garages, Test-Driving Route Plans. In order to facilitate the enforcement of LVMC 11.22.160, each Auto Repair Garage (Major and Minor) within the City shall file with the Department, for administrative approval, a test-driving plan showing which streets are proposed to be used for the test-driving of customer vehicles by principals or employees of the garage. This requirement shall be considered to have been satisfied by new or existing Auto Repair Garage uses that file such a plan in connection with a condition of zoning approval. For other new or existing Auto Repair Garage uses, the requirement must be satisfied within six months after notice from the City to file such a plan. Any changes to an approved plan must be submitted to and approved by the Department. The failure of an Auto Repair Garage use to comply with the provisions of this Section shall be grounds for disciplinary action against the associated business license.
