PURPOSE/BACKGROUND:

This bill would amend the business license fee applicable to transportation network companies. The current fee for such a company, as set forth in Code, is \$100 for each of the company's active drivers. That fee was challenged in court, and this bill has been proposed as part of an effort to settle the litigation. This bill would change the fee basis so that each company would pay \$17,500 annually, without regard to the number of drivers it engages.

RECOMMENDATION:

This bill should be submitted to a Recommending Committee for review, hearing and recommendation to the City Council for final action.
