2017/05/15 2:58:16 PM MDT	Against	There needs to be an understanding that there is difference between Owner Occupied Short Term Rentals and Non owner occupied. When the owner of the home lives in the home, its not a buiness and more someone trying to make ends meet. I agree these kind of regulations are needed for Non owner occupied properties. Currently Owner occupied short term rentals do not require a license, the current measure would change this. Requiring home owners with more than 2 bedrooms or homes that have someone with a license within 660 feet to get a lincense and follow all the same rules as these business owners. My suggestion is simple Owner Occupied short term rentals shouldn't require a license. They are not buinesses, they are not party homes, they obviously can not expand beyond one house, and if there is any issues the owner is right there. Owner occupied short term rental hosts are people vested in the neighborhood that are trying to make ends meet, so they should not be subject to same rules/ordinances as buiness owners trying to buy up entire blocks. 2017/05/15 4:05:42 PM MDT	Against	How can we ever hope to sustain DTLV as a vibrant urban core if we continue to treat it as no more than a place for tourists to stop for a moment before moving on to the next place that will become nothing more but faded memories in the recesses of their minds? We need the people who own and rent downtown properties to care about downtown. To live here, play here and shop here. To become a part of our vibrant community and lend their uniqueness to it. Why is it so difficult to grow the local downtown base? Because the city treats the area like a tourist's playground.	Steph Grimes	230 S Maryland Parkway #28, Las Vegas	stphgrimes@gmail.com

		Two issues need to be fixed in the ordinance: 1) Owner-occupied short term rentals with 2 bedrooms should not need to get a business license or Special Use Permit if another short term rental is within 660 feet. As the ordinance is written now, this owner-occupied short term renter only needs to get a SUP if another rental starts up within 660 feet. However, once a new short term rental starts operating then the original owner-occupied short term renter will not be eligible for a SUP because of the 660 foot rule. The original owner-occupied short term renter of a 2 bedroom home should be protected in this situation. The solution would be not to require an owner-occupied short term rental to get a business license or SUP. 2) I am concerned that this ordinance invades on the property rights of owner-occupied short term rental homes. No one should be able to regulate who is and who is not allowed to come into someone's home and this ordinance does just that for owner-occupied short term rentals. There needs to be some verbage in place that protects the property rights of owner-occupied short term renters. I am concerned that once we start regulating who is and who is not allowed in someone's home while it is owner occupied then that leaves the doorway open for a further invasion of a homeowner's property rights. The solution here would be not to require SUPs for owner-occupied homes. I support regulation and I like Airbnb so I understand that owner-occupied rentals are a commercial business and need to be taxed like one. I suggest treating owner-occupied homes as you would any home-based business. This means no SUPs for owner-occupied short term rentals.

2017/05/15 4:53:32 PM MDT	Against in its current form	Someone renting out a spare room in there house that they live in, regardless of the number of bedrooms is NOT the same as renting out the entire house. They shouldn't be held to the 660 ft rule nor have to apply for A SUP. Forcing a current permit holder go through the scrutiny of a SUP when they are already in good standing is unfair. The neighborhood will always vote no. You have a mechanism in place to revoke the condition use permit already. Requiring a log on premise which shares previous guest personal information is wrong. Having a sign on the property is basically letting robbers as well as neighbors know that the house is empty. A 24 hour hotline could be a good answer for this. Decreasing the allowable guests from the rated occupancy according to the building code is unfair to guests with family or groups of responsible guests who just want to stay together. Thank you for embracing the concept of vacation rentals and home shares, it is the way the newer generations are choosing to travel and will happen regardless. Getting ahead with the regulation is the most prudent thing you can do. There is a way to have balance, I pray that you will craft legislation to reflect a balance.	Brian Griffiths	2125 Glen Heather way Las Vegas NV 89102	briankeithgriffiths@yahoo.com
2017/05/15 6:59:20 PM MDT	Fine with it as long as they are registered and pay required fees. And then the city follows up to enforce licenses and registrations	See above. As long as the city can enforce regulations, then fine. But my hoa is currently trying to battle one that is not registered. Since the city does not know about it, they aren't able to do anything about it.	Phil Cory	9813 Turtle Walk Ave 89149	philip_cory@yahoo.com
2017/05/15 2:53:55 PM MDT	For	Short-term rentals are bad for our neighborhoods. They are businesses, not residences! They must have strict regulations!	Ellen Scott	epmscott@hotmail.com	epmscott@hotmail.com

2017/05/15 2:54:46 PM MDT	For	I believe the most important thing is for some sort of on property management, or strong consequences for violating neighborhood rules. I generally don't have an issue with folks who want to rent out a room to visitors for extra income. But the homes where there is no permanent resident have been very problematic. Also, there should be stronger consequences for those operating illegally. Many property owners have been denied the special use permit, but continue to operate as an AirBnb regardless. As a neighborhood resident, I prefer to love among and know my neighbors. A community of strangers is not a good community.	Michelle Larime	556 Ellen Way Las Vegas NV 89104	michelle.larime@gmail.com
2017/05/15 3:22:19 PM MDT	For	Please allow us to make money off our properties if we do chose.	Jose vazquez	1241 s 7th st, lv nv 89104	Jose.luis.vazquezii@gmail.com
2017/05/15 3:26:51 PM MDT	For	While I do not support short-term rentals in my neighborhood, I live in Southridge and own a home in Rancho Manor, I understand that they are now a part of the community. I support special use permits for all licenses so that each and every neighbor can have the opportunity to comment on applications. I believe that the City needs to be prioritizing enforcement with the many stipulations that this license includes.	Rae	913 E Hassett LV NV 89104, 34 Jade Cir LV NV 89106	rae.lathrop@gmail.com
2017/05/15 3:58:48 PM MDT	For	Each neighborhood should have as loud a voice as possible in determining what happens within them. I support the SUP provision as it gives more power to the residents. I know, however, that market demand is strong for these uses and it will likely not be totally denied. I support the allowance of a limited number of these properties with higher taxes placed upon them so they can pay for their own, proper regulation, like every other business does.	Mark Scott	1508 Kirkland Ave	toonkee@yahoo.com
2017/05/15 4:01:13 PM MDT	For	I chose not to live next to a motel, that's why I bought a home in a residential neighborhood!	Mary Rusch	2200 Kirkland Avenue	Marerusch@gmail.com

2017/05/15 4:07:04 PM MDT	For	Increase the 660 foot distance requirement to 1,000 feet; every rental has to have an SUP; home owners must be accountable for tenants within 30 minutes, not two hours; no street parking; no commercial vehicles; no music after 10 pm; no large gatherings ie wedding receptions, etc. Contact information for property owner must be displayed for neighbors. This must be enforceable with actual penalties that will deter this behavior. For example, for the first offense, a penalty of \$2,500, second offense is a penalty of \$5,000 and third offense is \$10,000. If more than three offenses, the SUP is revoked.	Nicholas Bennett	2116 Kirkland Avenue, Las Vegas, NV	indytrashman@yahoo.com
