To Who It May Concern:

We are writing to ask for your consideration about granting GRIND MODE LLC to help and do the good business with our community with "2 U-Haul" Truck/Trailers Share and Moving Supplies.

U-Haul has many benefits to the City of Las Vegas and small businesses. At U-Haul we are committed to sustainable development through environmental protection, social responsibility and economic efficiency. For us, sustainability means embracing our responsibility to act as a good corporate citizen. We are continually developing our products, services and activities to meet the needs of the present without compromising the ability of future generations to meet their own needs.

Thank You very much in advance for your help!

Regards,
Kewal Bains
