7th Submittal: Revised Tentative Map (TMP-40762) Approved and Received for Unit #3

6th Submittal: Update #3 to reduce the number of lots from 56 to 47 in Unit #2

5th Submittal: Update #2 to reduce the number of lots from 74 to 50 in Unit #3

4th Submittal: Update #1 to replace drop inlet to a Neenah Precast Roll Type

The Drainage Study for the subject project has been reviewed and:

X	is approved subject to conformance to all City standards and the following conditions:
	must be resubmitted or supplemented including the following:
	is conditionally approved subject to Clark County Regional Flood Control District concurrence.

NOTE: Any future changes to the proposed design (or design assumptions) as outlined in the approved drainage study and attached preliminary grading plan which affect drainage must be addressed in a Drainage Study Amendment and accepted by the *City of Las Vegas Flood Control Section*. Additionally, conditional acceptance of a drainage study is valid for a period of one (1) year. If the proposed construction has not been completed in that time period, the *City of Las Vegas* reserves the right to require additional conditions and/or submission and acceptance of a complete drainage study update prior to further construction of a project.

NOTE: Please be advised that all land surface area disturbances over 1 acre or any area adjacent to a water way must submit to the Nevada Division of Environmental Protection a "Notice of Intent" to discharge that certifies a stormwater pollution prevention plan has been developed and is maintained on site; for inclusion in the Stormwater General Permit No. NVR100000. A phased construction unit in a contiguous subdivision is considered under construction until all stripped or disturbed surface areas have been covered by paving, building construction or planting. For more information, including forms and applications see <http://ndep.nv.gov/bwpc/storm01.htm> or call (775) 687-9429.

Subject: Update #2 to the Technical Drainage Study for
Madison Colony at Providence (POD 105) — UNIT 3
SEQ of Grand Teton Drive and Egan Crest Way

Mr. Sung:

This drainage update letter is for Madison Colony and concerns Unit 3 of that development. New plans are being submitted which change the lot width from 31' to 45' and also reduces the number of lots from 74 to 50. The street layout and design remains completely unchanged. Since there is absolutely no change to the streets there is no change to drainage at all. We accept the existing approved study for Madison Colony and we are including the grading plans to show changes to pads and Finish Floor elevations for public record. The new Finish Floor elevations conform to City requirements.

Sincerely,

James M. Pearce, P.E.
Sr. Vice President

**RE: TMP-40762 - TENTATIVE MAP - MADISON COLONY UNIT 3
PLANNING COMMISSION MEETING OF MARCH 8, 2011**

Dear Mr. Duenas:

Your request for a Tentative Map FOR A 50-LOT SINGLE-FAMILY RESIDENTIAL SUBDIVISION on 5.87 acres adjacent to the east side of Egan Crest Drive, approximately 600 feet south of Grand Teton Drive (APN 126-13-510-010), PD (Planned Development) Zone [RSL (Residential Small Lot) Cliff's Edge Special Land Use Designation], Ward 6 (Ross), was considered by the Planning Commission on March 8, 2011.

The Planning Commission voted to **APPROVE** your request, subject to the following:

Planning

1. Approval of the Tentative Map shall be for no more than four (4) years. If a Final Map is not recorded on all or a portion of the area embraced by the Tentative Map within four (4) years of the approval of the Tentative Map, this action is void.
2. Approval of and conformance to the Conditions of Approval for Waiver (WVR-40764) shall be required, if approved.
3. All development shall conform to the Cliff's Edge Master Development Plan and Design Guidelines as approved by the Cliff's Edge (Providence) Design Review Committee and as amended herein.
4. Street names must be provided in accordance with the City's Street Naming Regulations.

CITY OF LAS VEGAS
DEPARTMENT OF PLANNING
DEVELOPMENT SERVICES CENTER
333 NORTH RANCHO DRIVE
3RD FLOOR
LAS VEGAS, NEVADA 89106

VOICE 702.229.6301
FAX 702.474.0352
TTY 702.386.9108
www.lasvegasnevada.gov

5. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.
6. In conjunction with creation, declaration and recordation of the subject common-interest community, and prior to recordation of the Covenants, Codes and Restrictions ("CC&R"), or conveyance of any unit within the community, the Developer is required to record a Declaration of Private Maintenance Requirements ("DPMR") as a covenant on all associated properties, and on behalf of all current and future property owners. The DPMR is to include a listing of all privately owned and/or maintained infrastructure improvements, along with assignment of maintenance responsibility for each to the common interest community or the respective individual property owners, and is to provide a brief description of the required level of maintenance for privately maintained components. The DPMR must be reviewed and approved by the City of Las Vegas Department of Field Operations prior to recordation, and must include a statement that all properties within the community are subject to assessment for all associated costs should private maintenance obligations not be met, and the City of Las Vegas be required to provide for said maintenance. Also, the CC&R are to include a statement of obligation of compliance with the DPMR. Following recordation, the Developer is to submit copies of the recorded DPMR and CC&R documents to the City of Las Vegas Department of Field Operations.
7. All development is subject to the conditions of City Departments and State Subdivision Statutes.

Public Works

8. The private streets must be labeled on the Final Map for this site as Public Utility Easements (P.U.E.), City of Las Vegas Sewer Easements and Public Drainage Easements to be privately maintained by the Homeowner's Association.
9. A Homeowner's Association shall be established to maintain all perimeter walls, private roadways, landscaping and common areas created with this development. All landscaping shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

10. Prior to the release of a Final Map for recordation on this Site, the property owner must contact the Special Improvement District Section of the Department of Public Works (229-2136) and sign a notarized affidavit acknowledging and agreeing to a per lot assessment of all lots being created by this Final Map. The City shall prepare an apportionment report following recordation of the Final Map and this apportionment report must be signed by the property owner prior to the release of any building permits for this site.
11. Provide public sewer easements for all public sewers not located within existing public street right-of-way prior to the issuance of any permits as required by the Department of Public Works. Improvement Drawings submitted to the City for review shall not be approved for construction until all required public sewer easements necessary to connect this site to the existing public sewer system have been granted to the City.
12. The Final Map for this site shall properly identify the existing easements from Book/Page 141/34 and 138/23.
13. The submitted Drainage Plan and Technical Drainage Study must be approved by the Department of Public Works prior to the issuance of any building or grading permits, submittal of any construction drawings or the submittal of a Map subdividing this site, whichever may occur first. Provide and improve all drainageways recommended in the approved drainage plan/study. The developer of this site shall be responsible to construct such neighborhood or local drainage facility improvements as are recommended by the City of Las Vegas Neighborhood Drainage Studies and approved Drainage Plan/Study concurrent with development of this site.
14. Site development to comply with all applicable conditions of approval for previous zoning actions, Cliff's Edge Parent Map, Cliff's Edge Development Standards, Design Guidelines and Development Agreement, and all other applicable site-related actions.
15. The approval of all Public Works related improvements shown on this Tentative Map is in concept only. Specific design and construction details relating to size, type and/or alignment of improvements, including but not limited to street, sewer and drainage improvements, shall be resolved prior to approval of the construction plans by the City. No deviations from adopted City Standards shall be allowed unless specific written approval for such is received from the City Engineer prior to the recordation of a Final Map or the approval of subdivision-related construction plans, whichever may occur first. Approval of this Tentative Map does not constitute approval of any deviations. If such approval cannot be obtained, a revised Tentative Map must be submitted showing elimination of such deviations.

Mr. Eddie Duenas
TMP-40762 - Page Four
March 9, 2011

This action by the Planning Commission on **March 8, 2011** is final unless a written appeal is filed with the City Clerk within seven (7) days of the date of the Planning Commission's decision as allowed by code or there is a review action filed by the City Council within the same time period. For additional information on appeals or review requests please access <http://www.lasvegasnevada.gov/CheckStatus/DevelopmentApp.htm>, or contact the Department of Planning and Development at 702.229.6301 after **March 16, 2011**. No building permits or business licenses related to these items shall be issued prior to the expiration of the required ten day waiting period, or until any filed appeal is resolved pursuant to LVMC Title 19.18.

4th Submittal: Update #1 to replace drop inlet to a Neenah Precast Roll Type

The Drainage Study for the subject project has been reviewed and:

	is approved subject to conformance to all City standards and the following conditions:
X	must be resubmitted or supplemented including the following:
	is conditionally approved subject to Clark County Regional Flood Control District concurrence.

1. Provide a copy of the zoning/planning conditions associated with this site with the next submittal to verify compliance with conditions. It appears that this revision may require a new or amended tentative map. Contact Lucien Paet of *Development Coordination Section* (DevCo) at 229-6145 for direction through the process. *Flood Control* will not issue approval of the drainage study without the associated zoning/planning conditions. Any associated conditions of approval that revise the site drainage parameters will require that the drainage study be revised and resubmitted.

NOTE: Please be advised that all land surface area disturbances over 1 acre or any area adjacent to a water way must submit to the Nevada Division of Environmental Protection a "Notice of Intent" to discharge that certifies a stormwater pollution prevention plan has been developed and is maintained on site; for inclusion in the Stormwater General Permit No. NVR100000. A phased construction unit in a contiguous subdivision is considered under construction until all stripped or disturbed surface areas have been covered by paving, building construction or planting. RE: TMP-18348 - MADISON COLONY - TENTATIVE MAP

Dear Mr. Crockett:

Your request for a Tentative Map FOR A 201 LOT SINGLE FAMILY DEVELOPMENT on 17.90 acres approximately 660 feet south of the southeast corner of the Grand Teton Drive alignment and the Figan Crest Drive alignment (APN 126-13-510-002). PD (Planned Development) Zone, Ward 6 (Ross). was considered by the Planning Commission on January 11, 2007.

The Planning Commission voted to **APPROVE** your request, subject to the following:

1. Approval of the Tentative Map shall be for no more than two (2) years. If a Final Map is not recorded on all or a portion of the area embraced by the Tentative Map within two (2) years of the approval of the Tentative Map, this action is void.
2. All development shall conform to the Cliff's Edge Master Development Plan Standards.
3. Street names must be provided in accordance with the City's Street Naming Regulations.
4. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.
5. In conjunction with creation, declaration and recordation of the subject common-interest community, and prior to recordation of the Covenants, Codes and Restrictions ("CC&R"), or conveyance of any unit within the community, the Developer is required to record a Declaration of Private Maintenance Requirements ("DPMR") as a covenant on all associated properties, and on behalf of all current and future property owners. The DPMR is to include a listing of all privately owned and/or maintained infrastructure improvements, along with assignment of maintenance responsibility for each to the common interest community or the respective individual property owners, and is to

January 12, 2007

provide a brief description of the required level of maintenance for privately maintained components. The DPMR must be reviewed and approved by the City of Las Vegas Department of Field Operations prior to recordation, and must include a statement that all properties within the community are subject to assessment for all associated costs should private maintenance obligations not be met, and the City of Las Vegas be required to provide for said maintenance. Also, the CC&R are to include a statement of obligation of compliance with the DPMR. Following recordation, the Developer is to submit copies of the recorded DPMR and CC&R documents to the City of Las Vegas Department of Field Operations.

6. All development is subject to the conditions of City Departments and State Subdivision Statutes.

Public Works

7. The Special Improvement District section of the Department of Public Works must be contacted and appropriate written agreements (if necessary) must be executed by the property owner(s) of record prior to the recordation of a Final Map or the issuance of any building permits, whichever may occur first. The written agreements (if applicable) will allow the recalculation and/or the redistribution of all assessments of record on this site.
8. If not already constructed by the Master Developer, construct half street improvements on Egan Crest Drive, including appropriate overpaving adjacent to this site concurrent with development. In addition, a minimum of two lanes of paved, legal access to the nearest constructed public street shall be in place prior to final inspection of any units within this site. Extend all required underground utilities, such as electrical, telephone, etc., located within public rights-of-way, past the boundaries of this site prior to construction of hard surfacing (asphalt or concrete).
9. Provide public sewer easements for all public sewers not located within existing public street right-of-way prior to the issuance of any permits as required by the Department of Public Works. Improvement Drawings submitted to the City for review shall not be approved for construction until all required public sewer easements necessary to connect this site to the existing public sewer system have been granted to the City.
10. If not constructed at the time of development by the Master Developer, landscape and maintain all unimproved right-of-way, if any, adjacent to this site concurrent with development of this site.

Mr. David Crockett
TMP-18348 - Page Three
January 12, 2007

11. If not obtained at the time of development by the Master Developer, submit an Encroachment Agreement for all landscaping and private improvements, if any, in the public rights-of-way adjacent to this site.
12. The entrance drive as shown shall not be gated unless otherwise approved by the City Traffic Engineer prior to the submittal of a Final Map for this site.
13. Public drainage easements must be common lots or within private streets that are to be privately maintained by a homeowners' association for all public drainage not located within existing public street right-of-way.
14. Private streets must be public utility easements (P.U.E.), City of Las Vegas sewer easements and public drainage easements to be privately maintained by the Homeowners' Association.
15. Meet with the Fire Protection Engineering Section of the Department of Fire Services prior to submittal of a Final Map for this site. The design and layout of all onsite private circulation and access drives shall meet the approval of the Department of Fire Services.
16. A Homeowners' Association shall be established to maintain all private roadways, landscaping and common areas created with this development. All private improvements and landscaping shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.
17. Show and dimension the common lots and adjacent right-of-way on the Final Map for this site as recorded by the Cliff's Edge parent map and include the recorder's information (subdivision name, book and page number).
18. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits, submittal of any construction drawings or the recordation of a Map subdividing this site, whichever may occur first. Provide and improve all drainageways recommended in the approved drainage plan/study. The developer of this site shall be responsible to construct such neighborhood or local drainage facility improvements as are recommended by the City of Las Vegas Neighborhood Drainage Studies and approved Drainage Plan/Study concurrent with development of this site. In lieu of constructing improvements, in whole or in part, the developer may agree to contribute monies for the construction of

Mr. David Crockett
TMP-18348 - Page Four
January 12, 2007

neighborhood or local drainage improvements, the amount of such monies shall be determined by the approved Drainage Plan/Study and shall be contributed prior to the issuance of any building or grading permits, or the recordation of a Map subdividing this site, whichever may occur first, if allowed by the City Engineer.

19. Site development to comply with all applicable conditions of approval for previous zoning actions, Master Drainage Studies, Cliff's Edge Parent Map, Cliff's Edge Development Standards, Design Guidelines and Development Agreement and all other applicable site-related actions
20. The approval of all Public Works related improvements shown on this Tentative Map is in concept only. Specific design and construction details relating to size, type and/or alignment of improvements, including but not limited to street, sewer and drainage improvements, shall be resolved prior to approval of the construction plans by the City. No deviations from adopted City Standards shall be allowed unless specific written approval for such is received from the City Engineer prior to the recordation of a Final Map or the approval of subdivision-related construction plans, whichever may occur first. Approval of this Tentative Map does not constitute approval of any deviations. If such approval cannot be obtained, a revised Tentative Map must be submitted showing elimination of such deviations. We note that the private streets have been designed without knuckles.

This action by the Planning Commission on *January 11, 2007* is final unless a written appeal is filed with the City Clerk within seven days of the date of the Planning Commission's decision or there is a review action filed by the City Council within the same time period. The Notice of Final Action was filed with the Las Vegas City Clerk on *January 12, 2007*.

Sincerely,
