PUBLIC HEARING ITEMS

21. ABEYANCE - GPA-77994 - GENERAL PLAN AMENDMENT - PUBLIC HEARING - APPLICANT: EPIC MOUNTAINS EDGE, LLC AND MOUNTAIN SUNRISE VIEW II LIMITED PARTNERSHIP - OWNER: UNITED STATES OF AMERICA - For possible action on a request for a General Plan Amendment FROM: PF (PUBLIC FACILITIES) TO: GC (GENERAL COMMERCIAL) on 4.93 acres on the west side of Hammer Lane, approximately 338 feet east of Shaumber Road (APN 126-36-101-017), Ward 6 (Fiore) [PRJ-77918]. Staff recommends DENIAL. [NOTE: THE REQUEST CHANGED TO: SC (SERVICE COMMERCIAL) AND STAFF RECOMMENDATION CHANGED TO APPROVAL]
- Minutes:
CHAIR DE SALVIO declared the Public Hearing open for Items 21 and 22.
- ERIC McCAMMOND, Senior Management Analyst, reported the original application was to amend the General Plan designation from Public Facilities to General Commercial and to Rezone the subject parcel from Civic to General Commercial. The applicant had since changed their request to a General Plan designation of Service Commercial and Rezoning to Limited Commercial, both of which are less intense than the original proposal. Staff found the revised proposal to be compatible with surrounding properties and recommended approval of both applications.
- LARRY BITTON, Horrocks Engineers, was present representing the applicant and said he had been working with staff and COUNCILWOMAN FIORE, and the revised application is in conformance with her wishes.
- CHAIR DE SALVIO declared the Public Hearing closed for Items 21 and 22.

23. ABEYANCE - GPA-77939 - GENERAL PLAN AMENDMENT - PUBLIC HEARING - APPLICANT: EAB AND ELB FAMILY TRUST - OWNER: ALEXANDER & ESTHER WHITE LIVING TRUST - For possible action on a request for a General Plan Amendment FROM: O (OFFICE) TO: M (MEDIUM DENSITY RESIDENTIAL) on 3.66 acres at the northeast and southeast corners of Gowan Road and Durango Drive (APNs 138-09-201-020 and 138-09-301-001), Ward 4 (Anthony) [PRJ-77867]. Staff recommends DENIAL.

Minutes:

CHAIR DE SALVIO declared the Public Hearing open for Items 23-26.

ERIC McCAMMOND, Senior Management Analyst, reported the proposed General Plan designation and Rezoning would allow a density that is more intense than surrounding properties. Additionally, no evidence of a unique or extraordinary circumstance had been presented, in that the applicant created a self-imposed hardship by proposing a residential subdivision that does not meet Title 19 Public Streets and Connectivity Standards. Staff therefore recommended denial of all applications, and he noted additional letters of protest had been received since publication.

ATTORNEY STEPHANIE ALLEN explained they are proposing 58 townhome units, and the rezoning is necessary because the site is currently zoned for Office use. She confirmed the neighbors were happy with the zone change and they believe the proposed townhomes are more appropriate for the area. She explained they need the Medium General Plan Amendment designation because their project equates to 15 and a half units to the acre. One of their variance requests is for stub streets which are needed due to the parcel size, and the other variance is with respect to connectivity. The overall product type is three stories and all units have two-car garages. The maximum height would be 35 feet and they were in agreeance with the conditions set forth by the Public Works Department.

COMMISSIONER TOUSSAINT confirmed there was a Town Hall meeting, and the residents were excited about the project.

COMMISSIONERS CHATTAH and SCHLOTTMAN thought this would be a great project and liked how the site was broken up.

Staff recommends DENIAL.

Minutes:

CHAIR DE SALVIO declared the Public Hearing open.

ERIC McCAMMOND, Senior Management Analyst, explained the required waivers reinforce the unsuitability of this site for the Auto Title Loan use with the surrounding neighborhood. Staff found the use cannot be conducted in a harmonious and compatible manner with the existing neighborhood and recommended denial. He also informed the Commissioners of a Special Map located in their supplemental information packet.

COMMISSIONER ROGAN was in agreeance with staff's findings and did not think this business could be conducted in a harmonious and compatible manner.

CHAIR DE SALVIO declared the Public Hearing closed.

29. GPA-78218 - GENERAL PLAN AMENDMENT - PUBLIC HEARING - APPLICANT/OWNER: CITY OF LAS VEGAS - For possible action on a request for a General Plan Amendment to amend portions of the Southeast Sector Land Use Map of the General Plan FROM: L (LOW DENSITY RESIDENTIAL), O (OFFICE) AND SC (SERVICE COMMERCIAL) TO: FBC (FORM-BASED CODE) on approximately 40 acres in the Las Vegas Medical District generally located south of Charleston Boulevard, east of Rancho Drive (APNs Multiple), Ward 1 (Knudsen) [PRJ-78477]. Staff recommends APPROVAL.

Minutes:

CHAIR DE SALVIO declared the Public Hearing open for Items 29 and 30.

MICHAEL HOWE, Planning Section Manager, explained this form-based code effort is an extension of the Vision 2045 Downtown Master Plan. This rezoning effort started in February 2018, and there have been seven public meetings held. During these meetings, concerns and challenges were found on the south side of Charleston Boulevard and Rancho Drive. In January 2019, staff developed the Las Vegas Medical District Pilot Plan Area, which covered the form-based code rezoning of the entire district with the omission of all the property south of Charleston Boulevard and west of Rancho Drive. Since then, the Fremont East District has been rezoned and staff has begun drafting the Historic Westside form-based code. On March 9th, staff held a public meeting where they presented a regulating plan to the neighbors and had a discussion on how the form-based code would affect these areas.

MR. HOWE explained the form-based code will appropriately place insensitive building development in a robust Medical District with sensitive residential neighborhoods. It will also improve walkability, which puts the pedestrian at the primary design element, including individuals who use crutches and wheelchairs. These development codes would put an emphasis on placing vehicular impacts in the back of the buildings, and putting

the prominence at the building entrances to create a walkable street environment. Staff presented a map with eight properties that were removed to remain consistent with what was originally presented at the meeting. Due to COVID-19, staff lost capacity to hold open discussions, but they want property owners to know there are still avenues for other development plans. Lastly, he noted that five-story buildings along Charleston Boulevard would be at a height less than what is seen across the street.

PHILIP HALVERSON, said he lives in the area and pointed out that many residents did not hear about the March 9th neighborhood meeting. Additionally, they were afraid to come to this meeting, and he asked the Commissioners to abey the item until the Governor lifts the lockdown.

DOUG RANKIN appeared on behalf of MR. and MRS. DiBELLA, who own six properties along Charleston Boulevard and Pahor Drive. The proposed changes along Charleston Boulevard and the residential adjacency standards would negatively impact their businesses. They would like the opportunity to work with staff and find a better solution. MR. DiBELLA wrote a letter to the Commission asking for a better solution, which MR. RANKIN read into the record.

ATTORNEY STANLEY PARRY, appeared representing the DiBELLAS. He recognized this was a difficult task, and thanked the Commissioners for their service. DiBella Flowers opened their business 36 years ago, and the DiBELLAS are wonderful people who know how to develop and grow a flower business. The proposed changes would ruin their business and eliminate their market. MR. PARRY understood the City's intent, but thought this would result in many vacant properties. He requested help from the Commission and wants to have more in-depth conversations.

COMMISSIONER TOUSSAINT said she has purchased flowers from the DiBELLAS in the past and voiced her support for small, family-owned businesses. She said she would not be able to support his item until they find a better solution.

COMMISSIONER ROGAN appreciated the comments from the public and thanked those who contacted him through COUNCILMAN KNUDSEN'S office. He clarified that this item relates to form-based code and not for any sidewalk widening that would affect the property on Charleston Boulevard. Additionally, this Commission is only making a recommendation for final action to the City Council, and he was not in support of an abeyance. COMMISSIONER ROGAN noted he spoke with COUNCILMAN KNUDSEN, who said this would be abeyed at the City Council meeting regardless of the Planning Commission's recommendation to allow time for another neighborhood meeting.

COMMISSIONER CHATTAH echoed comments made by the Commissioners and noted she has been a customer of DiBella Flowers for 30 years. She was concerned the neighbors were precluded from attending a meeting due to the pandemic and would like to see more participation from the neighbors. She requested the Planning Commission hearing be held in abeyance for 30 days.

COMMISSIONER CHERRY asked if the maximum height of a building was five stories, and MR. HOWE said that was correct, and if someone wanted anything higher it would require a Site Development Plan review. COMMISSIONER CHERRY said he has been an advocate for creating consistency on both sides of the street and was glad the maximum height is five stories.

DONALD MOSLEY appreciated the consideration for an abeyance, but asked the Commission to make sure the neighborhood meeting be held in a facility that would accommodate a large number of people.

COMMISSIONER SCHLOTTMAN wanted to make sure Planning staff works with the DiBELLAS. In addition, he had been working on this plan with MR. HOWE for five years, and this has been a contentious area. He thought uniformity on both sides of the street would benefit the neighborhood and noted that owners can ask for a rezoning if the City's zoning code does not fit.

COMMISSIONER ROGAN said traffic was a point of opposition, and asked MR. HOWE to be prepared to address those concerns when they hold a neighborhood meeting. Referencing the parcels on the northwest corner of Rancho Drive, COMMISSIONER ROGAN said seven-story buildings are not appropriate, and five-story buildings are not appropriate for the parcels located on Rancho Drive. He asked MR. HOWE to prepare other options to be discussed at the neighborhood meeting. With regard to the DiBELLA properties, staff needs to be prepared to protect those neighborhoods so there is not an overwhelming sense of commercial

development. Lastly, COMMISSIONER ROGAN noted that he is willing to hold the neighborhood meeting in a larger facility.

31. ZON-78454 - REZONING - PUBLIC HEARING - APPLICANT/OWNER: LDR PARTNERS - For possible action on a request for a Rezoning FROM: U (UNDEVELOPED) [MXU (MIXED USE) GENERAL PLAN DESIGNATION)] TO: C-1 (LIMITED COMMERCIAL) on 0.52 acres at the southeast corner of Charleston Boulevard and Westwind Drive (APN 163-01-103-001), Ward 1 (Knudsen) [PRJ-78379]. Staff recommends APPROVAL.

Minutes:

CHAIR DE SALVIO declared the Public Hearing open for Items 31-34.

ERIC McCAMMOND, Senior Management Analyst, reported the proposed Rezoning is consistent with the site's current Mixed Use Land Use Designation and the remaining portion of the subject site which is also zoned Limited Commercial and staff recommended approval of the Rezoning request. However, no evidence of a unique or extraordinary circumstance was presented to support the requested Variances and staff recommended denial of all other related applications. He noted additional letters of protest and support were received since publication.

JOHN CURRAN, Dapper Companies, explained this is a two and a half acre urban infill redevelopment project on the southeast corner of Charleston Boulevard and Westwind Road. The tap house tavern will stay, but the L-shaped single story retail space will be demolished to make room for a new 10,010 square foot single tenant retail store. The requested Rezoning to C-1 is needed to align with the rest of the site, and the requested Variances are for parking in order to accommodate the retail spaces. He added the dumpster is an improvement to the status quo, and the applicant accepted the condition to add 36-inch box trees to give buffer to the residential. MR. CURRAN noted the applicant could not accommodate Condition 5 set forth by staff because it would be too impactful to the residence located to the south who has built a parking garage into that wall. In addition, the applicant cannot accommodate the amended condition to install a bus turn-in because there is no room on the site and it would require an underground structure to be moved. MR. CURRAN said he could commit to working with the Public Works Department to find a solution that meets the intention of the request over the next 30 days.

ROBERT SUMMERFIELD, Planning Director, pointed out that the applicant is requesting to not comply with Condition 5, therefore they would need to request a Variance for the wall to remain as-is.

COMMISSIONER ROGAN noted this site borders city and Clark County lines, and was not sure if the Commission could determine whether the property is subject to city regulations. MR. SUMMERFIELD said the wall is on the subject property, and the applicant would need to get a surveyor because this a commercial use adjacent to a residential use, and the applicant is obligated to put in a perimeter wall to separate the properties. If that wall is not on the subject site, the applicant would need to construct a code-compliant wall on their site to provide appropriate screening from the residential zone. COMMISSIONER ROGAN asked if the applicant could seek a variance at a later date, and MR. SUMMERFIELD said the Variance would need to be approved before any further action can be taken on this property. He cautioned the applicant because there does not appear to be any building permits issued for the wall, and there may be additional work on the engineering side. MR. CURRAN said he understood, and they would be willing to move forward with a Variance. MR. SUMMERFIELD advised seeking an engineer to determine if this wall is structurally sound prior to seeking the Variance.

With reference to the comments made by MR. CURRAN regarding the bus turn-in condition, LUCIEN PAET, Engineering Project Manager, clarified staff is only asking for a bus pull-out right turn lane combination, and staff could work with the applicant to modify the minimum standard and make something work. CHAIR DE SALVIO asked if this requirement would result in less parking on the site, and MR. PAET said some of the parking spots along Charleston Boulevard do not function once a code compliant sidewalk is in place on Charleston Boulevard, so he deferred to Planning staff on what was being counted for parking.

NICOLE EDDOWES, Senior Planner, explained that when staff evaluated the site plan, they took into account the bus turnout lane would only impact the undeveloped portion of the site; therefore, it would not affect the parking Variance.

COMMISSIONER ROGAN said this is an area that desperately needs redevelopment, and JAY DAPPER is committed to infill projects that are turning aging properties into something beautiful. COMMISSIONER ROGAN said he spoke with the residential property owner, and they are fine with this project. He wanted to ensure that no lights on the south side wall are going to interfere with that residence, and MR. CURRAN confirmed. COMMISSIONER ROGAN said the south side wall is an unresolved issue, and the proposed change to Condition 17 was to allow the applicant and Planning staff to work through the remaining issues between now and the City Council meeting. He added that he would be leaving in Conditions 5 and 17 because they are unresolved issues.

Staff recommends DENIAL.

Minutes:

CHAIR DE SALVIO declared the Public Hearing open for Items 35-37.

NICOLE EDDOWES, Senior Planner, said staff found the requested Variances to be self-imposed hardships and the waivers requested create an undesirable design characteristic for the Design District and do not support the Vision 2045 Downtown Master Plan. Therefore, staff recommended denial of all applications, and she noted a letter of support was received after publication.

ATTORNEY STEPHANIE ALLEN said this property owner is also the owner of the parcel located immediately to the east, Jewelers of Las Vegas, who have successfully operated on this property since 1976. Referring to an aerial view of the subject site, MS. ALLEN explained MR. YERUSHALMI built a carport for his employees on this parcel, and there is a wrought iron fence that splits the parcel in half. Everything in this area is zoned industrial and there is a lot of barbed wire and other intense industrial uses. MR. YERUSHALMI is currently using half of the parcel for his operations, and an auto repair licensee occupies the other half for overflow storage. He is willing to remove the barbed and razor wire if the Commission required such.

COMMISSIONER TOUSSAINT said she was concerned with the barbed wire and would like it taken down.

COMMISSIONER SCHLOTTMAN said he wanted the barbed and razor wire taken down and the storage unit painted.

ERIC McCAMMOND, Senior Management Analyst, and LUCIEN PAET, Engineering Project Manager, read two new conditions for the Site Development Plan Review into the record which required the removal of the barbed wire and razor wire within 60 days and a recorded Covenant agreement before any building permits are issued.

CHAIR DE SALVIO declared the Public Hearing open for Items 38 and 39.

ERIC McCAMMOND, Senior Management Analyst, reported that no evidence of a unique or extraordinary circumstance had been presented, in that the applicant created a self-imposed hardship by proposing the use of hammerheads in lieu of the cul-de-sac which meets Title 19.04 development standards. Staff therefore recommended denial of both applications, and he noted additional letters of protest were received since publication.

ATTORNEY STEPHANIE ALLEN said DR Horton did not ask her firm to represent this item tonight, and requested an abeyance on their behalf.

Minutes:

CHAIR DE SALVIO declared the Public Hearing open.

ROBERT SUMMERFIELD, Planning Director, reported the subject site has no topographical conditions that would warrant the requested Variance. Staff found this to be a self-imposed hardship and therefore recommended denial.

MARIA VAN DEN OUDEN, DHS Signs, said the sign is 20 feet tall, and the applicant is requesting an additional eight foot increase because of a median in the middle of the road. She said the request is in conformance with Title 19 and there is no exposure to residential units. There are businesses on both sides of the street, and there is a sign of similar height going south on Jones Boulevard. The company is a dental implant center that would be leasing out units inside their building, and the electronic message board would be used to advertise those companies and services.

COMMISSIONER ROGAN was concerned about the electronic message board and the sign's overall height. He understood the intent, but noted there is no justification for a sign this size with electronic messaging. MS. VAN DEN OUDEN asked if the Commission would approve something with a lower-profile, and COMMISSIONER ROGAN said they could abey the item for 60 days, and he would work with the applicant

Staff recommends DENIAL.

Minutes:

CHAIR DE SALVIO declared the Public Hearing open.

NICOLE EDDOWES, Senior Planner, reported that staff was not able to support the requested waiver of distance separation and recommended denial of the application. She noted a letter of protest was received after publication

ROBERTO LEPE, property owner, explained he has owned this business for eight years with four hair stations and two makeup stations, and would like to add a massage service.

COMMISSIONER SCHLOTTMAN said this was not a traditional massage establishment and would not have a large impact to the surrounding area.

CHAIR DE SALVIO declared the Public Hearing closed.

45. SDR-78441 - SITE DEVELOPMENT PLAN REVIEW - PUBLIC HEARING - APPLICANT/OWNER: SPRING LT APT 1, LLC - For possible action on a request for a Site Development Plan Review FOR A PROPOSED TWO-STORY, 16-UNIT MULTI-FAMILY DEVELOPMENT WITH A WAIVER TO ALLOW 10 PARKING SPACES WHERE 28 ARE REQUIRED on 0.34 acres at 405 South 10th Street (APN 139-34-712-124), R-4 (High Density Residential) Zone, Ward 3 (Diaz) [PRJ-78340]. Staff recommends DENIAL.

Minutes:

CHAIR DE SALVIO declared the Public Hearing open.

NICOLE EDDOWES, Senior Planner, reported the applicant was proposing to quadruple the size of the existing complex while requesting to reduce the amount of required parking by 64 percent. Staff found the proposed multi-family development to be overbuilt for the size of the site and is recommended denial of the application. She noted a letter of protest was received after publication

JAMES SMITH appeared representing the applicant and explained this is a remodel of an existing 16-unit complex that is currently zoned R-4 (High Density Residential). They have worked with staff to be in compliance with the landscape and required setbacks. There are currently ten parking spots and five additional spaces on 10th Street. They do not feel it is overbuilt, and said there was a similar application approved by the Commission in December. MR. SMITH recalled comments COMMISSIONER SCHLOTTMAN made several months ago where he wished there was more development like this in the area.

DEPUTY CITY ATTORNEY SETH FLOYD, read e-comments submitted online, which were submitted and attached as backup.

RON WELCH said he works at the church located across from Las Vegas Academy where there is private parking. He was concerned this development would result in illegal parking in their lot and requested that the Commission deny the request.

COMMISSIONER SCHLOTTMAN recalled the comments MR. SMITH referred to, but said he had denied projects because they did not have adequate parking. He agreed that more housing is needed, but this is a location where 28 spots are needed, and the applicant only presented ten. He expressed his support for the overall plan, but thought it was overbuilt.

COMMISSIONER CHERRY agreed with comments made by COMMISSIONER SCHLOTTMAN, and said although he has supported projects that have less than a one to one unit to parking ratio, those applicants had other transit plans. He asked if the minimum standard for parking would be met if this was further north in the form-based code area. ROBERT SUMMERFIELD, Planning Director, said it would not because part of what allows a reduction is other amenities such as a transit facility or bike share. COMMISSIONER CHERRY said he could not support this application as-is.

CHAIR DE SALVIO recalled the application that was approved in December, and said it was across from a transit facility. Additionally, the applicant reduced the size of the dwelling in order to accommodate for parking.

COMMISSIONER TOUSSAINT agreed that there was not enough parking and could not support the application.

COMMISSIONER WILLIAMS echoed previous comments, and said the parking was an issue.

COMMISSIONER SCHLOTTMAN said he could not support this application, and suggested the applicant hold a neighborhood meeting and find a way to meet the parking requirement such as forming a parking agreement with a lot in the area or reducing the number of units.

MR. SMITH said they may look into changing the complexity of the units and they are willing to work with staff.

COMMISSIONER SCHLOTTMAN said ERIC McCAMMOND, Senior Management Analyst, was a good resource if the applicant needs additional assistance.

CHAIR DE SALVIO declared the Public Hearing closed.

DIRECTOR'S BUSINESS:

47. TXT- 78519 - TEXT AMENDMENT - PUBLIC HEARING - APPLICANT/OWNER: CITY OF LAS VEGAS - For possible action on a request to amend the Conditional Use Regulations and Minimum Special Use Permit Requirements for the Secondhand Dealer use in LVMC Title 19.12 Permissible Uses, and to provide for other related matters. Staff has NO RECOMMENDATION.

Minutes:

CHAIR DE SALVIO declared the Public Hearing open.

ERIC McCAMMOND, Senior Management Analyst, reported the proposed Text Amendment would allow a Secondhand Dealer use to be established on either side of Fremont Street between Las Vegas Boulevard and 8th Street, where the use is currently prohibited along either side of Fremont Street for its entire length. Staff had no recommendation.

COMMISSIONER ROGAN said he was not sure what the purpose of this was or why the change was needed; therefore, he could not support this without further clarification.

ROBERT SUMMERFIELD, Planning Director, explained this amendment was brought as a result of a Councilperson's request that they received from constituency who asked to have an opportunity to perform secondhand activity on Fremont Street between Main Street and Las Vegas Boulevard. If approved, the applicant would need to comply conditionally or within the special use requirements depending on the proposed activity.

CHAIR DE SALVIO questioned who was considered a Secondhand Dealer, and MR. SUMMERFIELD used examples of a consignment store, secondhand baby shops, vintage clothing stores and secondhand book stores. He noted that it does not include antiques, which is a separate activity. CHAIR DE SALVIO wanted to clarify the perimeter of this amendment, and MR. SUMMERFIELD said it would be on either side of Fremont Street between Las Vegas Boulevard and 8th Street.

COMMISSIONER CHERRY asked if someone would need a Special Use Permit if they wanted to have a permanent business since this only applies on a temporary basis, and MR. SUMMERFIELD said there is a conditional use and a special use requirement, and both have a limitation. The treatment would depend on the proposed district. Additionally, he added that this is in the form-based code area, but the form-based code refers back to standard Title 19.12, which is why this is being amended rather than Title 19.09.

COMMISSIONER SCHLOTTMAN said although he did not have first-hand knowledge as to what type of secondhand activity would be taking place, he could support it knowing that the perimeter was limited.

COMMISSIONER ROGAN said he was not making a recommendation for approval without knowing the intentions behind this amendment. COMMISSIONER SCHLOTTMAN said he did not share the same fears as COMMISSIONER ROGAN because he believed the type of establishment would be high caliber.

MR. SUMMERFIELD clarified the definition of a secondhand dealer, which is a retail facility that deals solely in used commodities with no new commodities or in which the sale of secondhand or used articles is incidental to the sale of new articles of the same kind. For purposes of this description, the sale of secondhand or used articles is deemed to be incidental to the sale of new articles. Used articles may include furniture, fixtures, appliances, tableware, paintings, cutlery, jewelry, pictures, office supplies, guns, precious or semi-precious gemstones or scrapped precious metals. It does not include the sale of junk or the sale of used vehicles. This use does not include a thrift shop or the following: the buying, selling or trading of any wearing apparel, child items, general household furnishings or specified liquid waste; the buying and selling of foreign or domestic coins for numismatic purposes; the buying and selling of antique used books, newspapers or periodicals; or the buying and selling of collectibles including those that consist of phonographic records or audio recordings and the equipment necessary to listen to those recordings. Collectibles also include any kind of cabinet or other furnishings whose sale would otherwise fall within the definition of secondhand dealer and only if those items are on display.

COMMISSIONER TOUSSAINT said she did not have any concerns, and agreed with COMMISSIONER SCHLOTTMAN'S comments.

CHAIR DE SALVIO declared the Public Hearing closed.
