CEREMONIAL MATTERS

1. Call to Order

Minutes:

MAYOR GOODMAN called the meeting to order at 9:04 a.m.

PRESENT: MAYOR GOODMAN and COUNCILMEMBERS ANTHONY, FIORE, CREAR (excused from 11:05 a.m. to 11:42 a.m.), KNUDSEN, SEAMAN, and DIAZ

ALSO PRESENT: CHIEF FINANCIAL OFFICER GARY AMELING, ASSISTANT CITY ATTORNEY JEFF DOROCK, DEPUTY CITY ATTORNEY JAMES B. LEWIS, and CITY CLERK LUANN D. HOLMES

2. Announcement Regarding: Compliance with Open Meeting Law

Minutes:

ANNOUNCEMENT MADE: This meeting has been properly noticed and posted at the following locations in accordance with the noticing standards as outlined in NRS 241.020: City Hall, 495 South Main Street, 1st Floor; The City of Las Vegas website – www.lasvegasnevada.gov; and The Nevada Public Notice website – notice.nv.gov.

3. Invocation - Reverend Vincent Jordan, Victory Missionary Baptist Church

Minutes:

REVEREND VINCENT JORDAN, Victory Missionary Baptist Church, gave the invocation.

4. Pledge of Allegiance

Minutes:

MAYOR GOODMAN led the audience in the Pledge of Allegiance.

5. Recognition of the Employee of the Month

Minutes:

MAYOR GOODMAN invited JERRY WALKER, Operations and Maintenance Director, to the podium to recognize MAGGIE BUCHANAN, Management Analyst II, as the May Employee of the Month. She has been with the City since 2007, and she transferred to Operations and Maintenance from the Finance Department in 2012 to help with the oversight of the Fleet Services Division. The City has hundreds of vehicles, and MS. BUCHANAN is the lead on implementation of fueling and operational software packages to monitor the entire fleet, and the new software has saved the City over \$250,000. In addition, she has served a critical role in

providing oversight of the City's fuel contract. An example of her efficiencies occurred when MS. BUCHANAN realized the City had been wrongly charged a federal excise tax on an invoice. If she had not caught this, it could have become an accepted standard and cost the taxpayers. Instead, she stopped the fee on approximately 300,000 gallons of fuel per year, netting the City an annual savings of \$57,000. The Mayor thanked her for all she does to serve the community and presented her with a recognition plaque.

MR. WALKER said MS. BUCHANAN oversees about 80,000 transactions per year, and she reconciles them to make sure the money is balanced. Speaking to the error with the federal excise tax, he noted that this occurred with a new vendor. MS. BUCHANAN not only informed the vendor of the applicable section from the Code of Federal Regulations, she also spent the next two months making sure the tax would be removed from all past and future invoices.

MS. BUCHANAN thanked everyone who helped her get to where she is today, and said they make a formidable team.

6. Recognition of Carpenters Union Local 1977

Minutes:

COUNCILWOMAN DIAZ recognized Carpenters Union Local 1977 for their tremendous contribution to the city through more than 1,000 hours of community service to beautify City parks and open spaces. Over the years, members and their families have volunteered to clean parks and trails, plant trees, and they even installed a playground at Bruce Trent Park. Thanks to their help, over 1,000 pounds of trash have been removed from parks and trails through 159 volunteer hours, and they were eligible for the Bronze Presidential Award of Service. The Councilwoman said the City is proud of the partnerships they have with other agencies and non-profits, and she introduced the members of Carpenters Union Local 1977 that were in attendance and named some of the top volunteers that were not able to attend. She closed by presenting a Certificate of Recognition to the group, a copy of which was submitted and attached as backup, and thanked them for their hard work.

JOVAN JOHNSON thanked the City Council, and said they are proud to be partners with the City and Get Outdoors Nevada. They do as much as they can as often as they can, and they appreciated the recognition.

DISCUSSION/ACTION ITEMS

ECONOMIC AND URBAN DEVELOPMENT - DISCUSSION

30. Discussion for possible action regarding activating and operating a temporary program by which fines for qualifying parking infractions may be paid by means of the donation of school supplies in lieu of the payment of money pursuant to LVMC 11.10.150 - All Wards

Minutes:

BILL ARENT, Deputy Director of Economic and Urban Development, explained this item would activate and operate a temporary program for school supply donations in lieu of parking fines. The program would run for any citations issued between May 23rd through June 23rd, with the exception of public safety or handicap violations. The purpose of the program is to support a local non-profit charity, The Teacher's EXCHANGE, which is part of the Public Education Foundation. It was started in 2002 to bring much needed resources and school supplies to Clark County School District classrooms while helping the environment. The EXCHANGE is a surplus resource center available to all Southern Nevada public school teachers that can help them save hundreds of dollars annually. They serve over 400 public schools and 18,000 teachers working with over 320,000 students in a school district that covers 7,910 square miles. MR. ARENT said donations must be received by Friday, July 22nd.

COUNCILMAN KNUDSEN requested a summary of this campaign to break down how many supplies were received. MR. ARENT said he would provide that going forward and noted that during the last program, the City received approximately \$5,000 in school supplies.

Minutes:

MAYOR GOODMAN declared the Public Hearing open for Items 49-49c.

Applicants BRIAN and JORGE HUERTA said they are proposing a 12-unit, multi-family apartment complex. They will be adding additional landscaping, and believed they had a sufficient amount of parking.

PETER LOWENSTEIN, Deputy Planning Director, indicated that an updated landscape plan was included in the Council's backup materials. He said although the proposed development represents a much needed resource

of in-fill multi-family residential housing within the Master Plan 2050 - East Las Vegas District area, staff found that the requested Variances and Waiver of required setbacks, parking spaces, landscape buffers and exceptions of required planting materials further reinforce the unsuitability of the proposed development to the surrounding area. Staff recommended denial of all applications. MR. LOWENSTEIN read the proposed conditions of approval, to which the HUERTAS agreed.

COUNCILWOMAN DIAZ thanked the HUERTAS for working with her, and expressed that the City is participating in the Go Green initiative. She has heard nothing but great things about their flexibility, and she also appreciated the multi-family approach of this project.

Subsequent to the motion and vote, MAYOR GOODMAN inquired about the timeline of the project, to which they said construction should start in about six months.

Staff recommends DENIAL on the entire Land Use Entitlement project. The Planning Commission (7-0 vote) recommends APPROVAL on the entire Land Use Entitlement project.

Minutes:

MAYOR GOODMAN declared the Public Hearing open for Items 50-50e.

ATTORNEY LIZ OLSON said this 2.5-acre site is located west of Decatur Boulevard. The property was recently annexed into the City and currently has a zoning of R-E (Residence Estates), and she described the various zoning designations and uses of the immediate area. The applicant is requesting a zone change and General Plan Amendment to R-1 (Single Family Residential) to allow for a 12-lot subdivision. All homes would be two story, and the price point would start at the high \$400's or low \$500's. A waiver is being requested on lot 12 due to the road slanting. MS. OLSON presented renderings of the homes, and she felt this development would be harmonious and compatible for the area.

PETER LOWESNTEIN, Deputy Planning Director, explained staff found the requested General Plan designation and zoning district to be incompatible with existing properties to the north and south. Additionally, staff found that the applicant created a self-imposed hardship by proposing lot sizes that do not meet Title 19 standards and therefore recommended denial of all applications.

BARRY KATZ introduced himself as the President of the Northwest Area Smoke Ranch Neighborhood Association, which was officially formed January 6, 2022, and he described their boundaries. He said they are in the process of applying for Rural Preservation District Overlay status with Clark County. The applicant initially wanted to skip three zoning categories, and these two-story units are inconsistent with the standards. During a neighborhood meeting held on February 22, 2022, a proposal was made to reduce the project from 16 units to 10, but he felt that R-D (Single Family Residential-Restricted) was the only acceptable zoning designation for this property. This is a long-established community, and they opposed the application.

DANNY BARNETT, resident of the Northwest Area Smoke Ranch Neighborhood Association, expressed that R-D is the standard by protocol and precedent. Just last year, there were three examples in Ward 5 to validate this, which he named. He said accepting anything less than DR (Desert Rural Density Residential) zoning would be a double standard and discrimination from precedent, and he asked the applicant to reconsider.

JULIE KATZ, resident of the Northwest Area Smoke Ranch Neighborhood Association, viewed this request as a duplication of an item heard in 2018. The applicant had a 2.49-acre parcel annexed from Clark County into the City with an endorsement for high-density housing. The result was an approval for a 12-unit medium-low, single-story development. This R-1 zoning was justified at the dais due to the need for affordable housing where R-D was the standard. This application has a similar profile, as the applicant has annexed their parcel into the city of Las Vegas from Clark County for 16 two-story, high-density units, although it has since been reduced to 12 units. She reiterated that this is next to a long-established R-E neighborhood. She said without DR zoning, their rural preservation integrity will be compromised, and it is the only zoning category that will be compatible with their neighborhood. She asked the applicant to reconsider the zoning, and expressed her opposition.

FRANCES SWARTZ, resident of the Northwest Area Smoke Ranch Neighborhood Association, said at the Planning Commission meeting, the applicant insisted that it was important to consider all four sides of the parcel. After four years, the 12-unit single-story R-1 development on Roberta Lane only has two houses partially completed. They are 15 feet from their R-E east boundary, and only 11 feet apart from each other. The only aspect about this project that profiles it as 'transitional zoning' is its single-story housing buffer profile. The 115-unit Smoke Ranch Villas Homeowners Association to the west is all single story, and their 24 units that face Apricot Lane are separated by a block wall and landscaping. She said they have had no negative impact on their community. They agree with the applicant that you need to consider all four sides of this property, and with that, she requested that only DR zoning and single-story homes be considered for this parcel.

BRENT BULLOCH said his house was built in 1952, and he recently completed a \$250,000 restoration to keep the vintage feel. He said Roberta Lane and Apricot Lane do not grant any access to the R-1 lots to the north or the west, and he was under the impression that the R-1 development to the east was approved due to mistakes made by City staff. He hoped this did not create a precedent for those who have lived in the area, and he reiterated the investment he made into his property. MR. BULLOCH asked the application to be denied, and that only 10,000 square-foot, single-story homes be considered.

COUNCILWOMAN FIORE asked if this development would be part of the Northwest Area Smoke Ranch Association, which is located in Clark County. COUNCILMAN CREAR said he was not sure, but he noted that the Association does not currently exist; rather, they have only applied for the designation within Clark County. SETH FLOYD, Community Development Director, clarified that generally, neighborhood associations are not regulatory.

MR. KATZ said they sent notifications to the City and Clark County regarding their informal homeowners association. They do not charge dues, and they formed it to give cohesiveness. He also presented a list of the parcels located on Apricot Lane along with their respective acreage.

MS. OLSON said this site is different, in that they are not directly transitioning from R-E to R-1 because they are already buffered by the Boys Town property to the south and condominiums to the west. Therefore, the R-1 is compatible due to the surrounding properties.

COUNCILMAN CREAR congratulated the residents on the potential forming of the Northwest Area Smoke Ranch Neighborhood Association. He was familiar with this property, and he noted that the area is filled with various types of development. He said not many projects have come forward for this parcel, and he felt the zoning transition was fitting. The Councilman understood where the residents were coming from, but he felt this development would work well for the area.

Subsequent to the motion and vote, MAYOR GOODMAN acknowledged the challenges that this parcel brings; however, she felt this would be a good project for the area, and she trusted COUNCILMAN CREAR'S judgement.

Staff recommends DENIAL on 21-0762-SDR1. The Planning Commission (7-0 vote) and Staff recommend APPROVAL on the entire Land Use Entitlement project. [NOTE: Printed agenda reflects Staff's recommendation is for DENIAL on 21-0762-SDR1, which is incorrect. Both the Planning Commission (7-0 vote) and Staff recommend APPROVAL on the entire Land Use Entitlement project.]

Minutes:

MAYOR GOODMAN declared the Public Hearing open for Items 51-51c.

GLENN PLANTONE appeared with his partner DAVID RENON, and said this is their second project in the area. The development will consist of four, 350 square-foot studio units. He said they will be keeping the integrity of the building along with the existing landscaping, and there will be five parking spaces.

SETH FLOYD, Community Development Director, said prior to the Planning Commission's recommendation, updated plans were submitted that remedied a parking deficiency. As such, 21-0762-VAR1 was removed and staff's recommendation changed to approval for the Site Development Plan Review. The General Plan Amendment and Rezoning requests of the subject site are appropriate for this location based on the periphery to Downtown Las Vegas. The proposed office conversion meets several goals and objectives set forth in the 2050 Master Plan regarding adaptive reuse conversion and increasing affordable housing near employment centers. As such, staff recommended approval of all applications.

COUNCILWOMAN DIAZ confirmed through the applicants that they were keeping the mid-century modern aesthetic of the building, which is very important to the neighbors.

52. 21-0772 - PUBLIC HEARING - APPLICANT: GEORGE GEKAKIS, INC. - OWNER: DECATUR COMMERCIAL, LLC - For possible action on the following Land Use Entitlement project requests on 1.57 acres at 450 South

Decatur Boulevard (APN 138-36-613-008), C-2 (General Commercial) Zone, Ward 1 (Knudsen). Staff recommends DENIAL on the entire Land Use Entitlement project. The Planning Commission (7-0 vote) recommends APPROVAL on the entire Land Use Entitlement project.

Minutes:

MAYOR GOODMAN declared the Public Hearing open for Items 52-52c.

ATTORNEY JOHN SULLIVAN explained this 1.57-acre parcel is part of a larger project that applicant GEORGE GEKAKIS has been working on with Nevada HAND. The parcel to the north has been converted to a senior housing project, and the parcel to the west is an affordable housing complex. They have spent time marketing the subject parcel, and they felt a 685-unit mini-storage facility would be the best fit. Due to the shape of the site, there will be 13 parking stalls where 19 are required. Studies show that those who utilize a mini-storage only visit six to 12 times per year, which averages to approximately 18 trips per day. Further, he believed there will be many walking trips from those living in the nearby housing developments. Speaking to the Special Use Permit request, MR. SULLIVAN said they are not meeting the requirement to install decorative block wall on the residential-facing sides. Instead, they plan on using a multi-color, contemporary stucco product that is very similar to what is being used on the nearby senior housing. He felt this would be more compatible with the neighborhood. The units will range from 25- to 350-square feet, and the facility will be equipped with cameras and offsite security. He noted that there is only one tree in the parking area where six are required, but there are 49 trees around the perimeter. Lastly, he confirmed that the sidewalks will be ADA (Americans with Disabilities) compliant.

MAYOR GOODMAN asked how the Fire Department would access the site if there was a fire in the northwest units, and MR. SULLIVAN said the primary building meets all fire codes. He further clarified that developments must provide access points if a location exceeds the distance of a fire hose, which this development does provide.

SETH FLOYD, Community Development Director, explained staff could not support the requested Variance and, therefore, recommended denial of the request and the associated dependent applications.

MR. SULLIVAN clarified for the Mayor that cameras would be installed outside of the buildings and within the interior corridor areas.

COUNCILMAN KNUDSEN said when he was approached by MR. GEKAKIS about a mini-storage facility, he was not sure it would be the best fit. Over the next four months, MR. GEKAKIS and Nevada HAND worked to identify other opportunities, but he realized that a storage facility would be better than having vacant land. The Councilman reached out to Nevada HAND, who expressed to him that there is a greater need for self-storage as more apartment units get built. Although it was not his first choice, it is a good fit for the area, and he felt the stucco request was consistent with what the other developments have.

MAYOR GOODMAN asked if the residents in the surrounding developments would have first priority for the storage units before the general public. Further, she asked that another entrance be placed off of Alta Drive to assist the elderly in gaining access to the site. COUNCILMAN KNUDSEN was unsure, but he felt these were good ideas and he would speak with MR. GEKAKIS.

54. 22-0015 - PUBLIC HEARING - APPLICANT/OWNER: GOLD LT RE, LLC #6 - For possible action on the following Land Use Entitlement project requests on 1.06 acres on the east side of Rainbow Boulevard approximately 520 feet south of Ann Road (APN 125-35-101-007), C-1 (Limited Commercial) Zone, Ward 6 (Fiore). Staff recommends DENIAL on entire the Land Use Entitlement project. The Planning Commission (7-0 vote) recommends APPROVAL on the entire Land Use Entitlement project.

Minutes:

MAYOR GOODMAN declared the Public Hearing open for Items 54-54d.

Applicant/Owner ERAN GOLD said he was originally planning to build a drive-through facility, but the pandemic changed his plans. He felt a boat and RV (Recreational Vehicle) parking facility would be suitable, especially given that there is no space for storage for the adjacent residential development. He visited a few neighbors

that would be directly impacted, and two of them provided letters of support. He then met with Planning Commissioner LOU DE SALVIO and the President of the nearby homeowners association, and he revised his plans to include their requests. He said they have a terrific plan, and he has gained a lot of support.

SETH FLOYD, Community Development Director, explained staff found that the applicant created a self-imposed hardship by proposing an RV and boat storage parking lot that does not meet Title 19 requirements for landscape buffers, screen wall height, setbacks, and parking. Staff, therefore, recommended denial of the project in its entirety.

COUNCILWOMAN FIORE said Ward 6 never allows waivers for landscaping, and she requested an eight-foot tall perimeter wall. MR. GOLD said his plans do indicate an eight-foot tall block wall, and these changes were made to his plans before the Planning Commission approved it.

DEPUTY CITY ATTORNEY JAMES LEWIS said there were additional conditions requested by the neighbors at the Planning Commission hearing, but it was unclear if the Planning Commission included those conditions in their approval. MR. FLOYD confirmed no revised site plan was submitted, but the wall height could be conditioned. The conditions mentioned during the Planning Commission hearing included details related to hours of operation, lighting, gate screening, etc.

The Mayor suggested an abeyance in order to clarify these details, and MR. GOLD insisted that he already agreed to the conditions. COUNCILWOMAN FIORE asked if the lot would be kept dirt, and MR. GOLD said it would be asphalt. The Councilwoman deferred to staff about the abeyance, and MR. LOWENSTEIN said it was too late to abey this item to the next City Council meeting, but there would be time to add this item to the June 15th City Council meeting. MAYOR GOODMAN wondered why this item could not be on the June 1st Council agenda, and CITY MANAGER JORGE CERVANTES said there are deadlines related to the agenda posting and gathering staff's backup documentation for each item. He supported staff's recommendation of an abeyance to the June 15th City Council meeting. MR. GOLD said he is always in touch with staff, and he reiterated that he already agreed to make several changes to his plans. COUNCILWOMAN FIORE stressed her desire for an abeyance, and MR. GOLD agreed.

55. 22-0051 - PUBLIC HEARING - APPLICANT/OWNER: MARX GLEN FAMILY TRUST - For possible action on an Appeal of the Denial by the Planning Commission of a portion of the following Land Use Entitlement project requests on 1.05 acres at 5609 Ano Drive (APN 125-24-304-005), R-E (Residence Estates) Zone, Ward 6 (Fiore). Staff recommends DENIAL on the entire Land Use Entitlement project. The Planning Commission (7-0 vote) recommends DENIAL on 22-0051-SUP1.

Minutes:

MAYOR GOODMAN declared the Public Hearing open for Items 55-55b.

JANETTE HILL appeared with her uncle, applicant/owner GLEN MARX, and explained they initially sought a variance for a greenhouse. During the site inspection, staff noticed the number of vehicles, boats and other items stored on the property. She said they have a very large family, including 47 grandchildren, and everything is used for the family. Therefore, they are requesting the Special Use Permit (SUP) to keep everything parked on the property. She also noted that the SUP is only required because the driveway consists of decomposed granite and not concrete.

PETER LOWENSTEIN, Deputy Planning Director, explained this item is an appeal of the Planning Commission's denial of the requested SUP. This application is not about the removal of items, but about the proper storage and screening of them. Staff found that the existing condition that would be facilitated by the requested use is not compatible with the existing single-family residential development in the surrounding area and recommended denial of the SUP. If the Planning Commission's determination is upheld, the applicant would be required to comply with the vehicle parking and storage or repair in residential zoning districts requirements, which includes conformance with parking of recreational vehicles, as well as vehicles within the front yard on a surface of pavers, concrete/asphaltic paving or decomposed granite, limiting the number of inoperable vehicles stored, and how and where they can be stored.

LAVERNE GERST lives directly across the street from this property, and said she has rarely seen the boats moved. Furniture is stored in the trailer and the property looks like a junk yard. She added that these issues

have been ongoing with Code Enforcement for 10 years, and MR. MARX continues to make it worse. COUNCILWOMAN FIORE asked how long they have been neighbors, and MS. GERST said at least 10 years.

CAROL CADY said they live in a rural area, and she did not understand why MR. MARX was receiving so many citations. She supported anything his family needed, and she noted other neighbors are supportive as well.

ROBERT CADY said they have had Code Enforcement issues in the past as well, but they are now in compliance. They support this request, and he noted that some of the vehicles have been used to assist him and his property, which MR. MARX has done for other neighbors as well. There is a diversity of opinion in this neighborhood, but MS. GERST is the minority.

CLINT RYAN agreed with MR. CADY, and said MR. MARX is a great neighbor. MR. MARX built a shade structure for his horse, and the equipment on the property has been used before.

MITCHEL DUCKWORTH said MR. MARX has been a great neighbor to him, and offered his support.

MS. GERST said she has not said anything about MR. CADY'S residence. The boats and other items that are stored in MR. MARX'S front yard have not been moved, and just because he helps neighbors does not mean he does not have to follow the rules.

COUNCILWOMAN FIORE said she has personally been to this property several times over the last three years, and she has met many of the neighbors. She believes in private property rights, and after working with the MARX family for three years, she would support the request.

Minutes:

MAYOR GOODMAN declared the Public Hearing open for Items 56-56d.

JEREMIAH JOHNSON, Taney Engineering, explained the proposal is for a 10-lot single-family residential subdivision. They are complying with all landscape, setback and lot size requirements. Speaking to the two

variances, he said substandard streets and hammerheads were proposed in order to accommodate the lot sizes; however, the Public Works and Fire Departments do not have any issue as it not will it hinder their access.

SETH FLOYD, Community Development Director, explained staff found the proposed General Plan Amendment and Rezoning to be compatible with the existing zoning districts that surround the subject site and recommended approval. The proposed design of the associated residential subdivision includes stub streets where cul-de-sacs are required, reduced street widths that do not meet minimum standards and a reduced connectivity ratio that staff was not able to support, and recommended denial of the Variance and Tentative Map applications.

The Planning Commission (6-0-1 vote) recommends APPROVAL on the entire Land Use Entitlement project.

Minutes:

MAYOR GOODMAN declared the Public Hearing open for Items 58-58e.

ATTORNEY JOHN SULLIVAN explained this is a five-acre project that is surrounded by commercial and single-family residential developments. The applicant is requesting a GPA (General Plan Amendment) from R (Rural Density Residential) to L (Low Density Residential), and a zoning change to R-SL (Residential Small Lot), which are compatible with the area. The single entrance is off of Eula Street, and he explained the variance is for connectivity. The single-story properties will range from 1,870 to 2,307 square feet, and pricing is expected to be anywhere between \$550,000 and \$600,000.

PETER LOWENSTEIN, Deputy Planning Director, reported that the subject site is within Planning Area B of the interlocal agreement, and the proposed lot sizes do not meet the minimum lot size requirement of 10,000 square feet. As a result, staff found the proposed residential subdivision is not compatible with the existing surrounding residential neighborhoods and recommended denial of the GPA, Rezoning, Variance and Tentative map. Staff did not object to the Vacation request for the United States Government Patent Easements, and recommended approval of the Petition to Vacate.

BRIGITTE SOLVIE did not object to the development, but she was concerned about the number of homes. She requested that the two lots on the south end be eliminated, which would leave 21 units. Doing so would allow for a denser greenscape and provide an additional buffer from the lighting that comes from the nearby commercial development. Additionally, she wondered if the east perimeter would include a sidewalk.

MR. SULLIVAN said full off-sites are planned for this project. He did not think the additional buffer was necessary, and the project is perfectly compatible and appropriate for the area.

COUNCILMAN ANTHONY asked if a sidewalk would be constructed on the east side, and MR. LOWENSTEIN confirmed. The Councilman said this does fit the neighborhood, and he did not feel the number of lots needed to be reduced.

59. 22-0097-SDR1 - SITE DEVELOPMENT PLAN REVIEW - PUBLIC HEARING - APPLICANT/OWNER: PINTO TONOPAH, LLC, ET AL - For possible action on a Land Use Entitlement project request FOR A PROPOSED THREE-STORY, 44,700 SQUARE-FOOT MEDICAL OFFICE AND OFFSITE PARKING LOT WITH WAIVERS OF TITLE 19.09 FORM BASED CODE STANDARDS on 2.24 acres at the northeast and southeast corners of Pinto Lane and Tonopah Drive (APNs 139-33-302-008 through 011; 139-33-302-016, 017, 018 and 024), T5-N (T5 Neighborhood) and T6-UG (T6 Urban General) Zones, Ward 1 (Knudsen). The Planning Commission (7-0 vote) and Staff recommend APPROVAL.

Minutes:

MAYOR GOODMAN declared the Public Hearing open.

Architect YIHONG LIU explained the proposal is for a six-story medical office building on the corner of Pinto Lane and Tonopah Drive. He said patients will park behind the building, and doctors and nurses will park in a lot across the street. The building includes a steel frame complete with a stucco finish and various contemporary elements. He agreed with all conditions and requested the Council's approval.

MAYOR GOODMAN asked if the applicant ever considered placing the parking underground, but MR. LIU said the ground floor will be a surgery center. The Mayor then asked if special walls would be required for any radiation activity, and MR. LIU said this is an outpatient surgery center, and no radiation would be performed.

SETH FLOYD, Community Development Director, reported that the proposed medical office project generally provides the form of development that is sought in this area of the Las Vegas Medical District by Title 19.09 Form-Based Code standards. The requested waivers are minor design adjustments that will not alter the desired form of development; therefore, staff recommended approval of the Site Development Plan Review.

COUNCILMAN KNUDSEN highlighted that staff recommended approval of the project. He said this is one of multiple projects that will be in the area, and this is a compliment to what is happening in the Medical District. It is also aligned with Form-Based Code, and he was happy to see this project come forward.

MAYOR GOODMAN declared the Public Hearing closed.

60. 22-0117-DIR1 - DIRECTOR'S BUSINESS - PUBLIC HEARING - APPLICANT: CITY OF LAS VEGAS - OWNER: MESQUITEWOOD, LLC - For possible action on a Land Use Entitlement project request to designate the property known as Mesquitewood, LLC as a Historic Site on the City of Las Vegas Historic Property Register as approved by the Historic Preservation Commission (22-0080-HPC1) at 418 West Mesquite Avenue (APN 139-27-401-039), T5-M (Maker) Zone, Ward 5 (Crear). The Planning Commission (7-0 vote) and Staff recommend APPROVAL.

Minutes:

MAYOR GOODMAN declared the Public Hearing open.

DR. DIANE SIEBRANDT, Historic Preservation Officer, said one of the core missions of the Historic Preservation Commission is to add properties to the City's Historic Property Register to help preserve the historic character of Las Vegas. In working with STEVEN and MARY ELLEN SPANN, this request was approved by the Historic Preservation and Planning Commissions, and they are now seeking the Council's approval.

MR. SPANN said ROBERT KALTENBORN built this property. He also started the Jackpot Casino, developed Rancho Circle, and purchased The Meadows Club. From a political standpoint, he was the President of the Chamber of Commerce in 1940, and it was his idea to advertise Las Vegas as a wedding and divorce destination. He also promoted Las Vegas in the High Wire publication as a tourist destination. Much of his history has been whitewashed due to criminal tax charges, but MR. SPANN said MR. KALTENBORN also had a philanthropic heart. He did work with the Red Cross, donated land to the Boy Scouts, and he established the Junior Chamber of Commerce. This is the one building he built that has not been demolished, and it currently serves as an event space.

SETH FLOYD, Community Development Director, said the subject building is eligible for listing on the City of Las Vegas Historic Property Register, and both the City of Las Vegas Historic Preservation Commission and Planning staff recommended approval.

COUNCILMAN CREAR said he has been to the property a number of times for events. He said although this is staff's item, he wished they would still follow the protocol of speaking to the appropriate Councilperson. He asked what about this property makes it historic, and MR. SPANN said it is the age of the building along with the history of the person who built it. MR. KALTENBORN was one of the founding fathers of Las Vegas, and this is the only public building that is still available. MS. SPANN added that it is a very interesting building architecturally. There are exposed wood trusses, and people find it very artistic and inspiring. COUNCILMAN CREAR applauded the efforts made by the SPANN'S, but he still wondered what specifically made this a historic property. DR. SIEBRANDT first apologized about not informing him about this property sooner. Further, she explained that the Las Vegas Historic Property Register lists properties by criteria that is set by the National Register of Historic Properties. Some of this criteria may include: architecture that is indicative of the time period it was built in, the importance of an event that occurred there, or a person/people that are significant to the

history of Las Vegas, Nevada or the United States. MR. KALTENBORN made great contributions to the history of Las Vegas during its transformative years when it was moving from a railroad town to a tourist destination. This is the house he lived in and it has historical significance to the city of Las Vegas. The Councilman asked if there was any architectural significance, and DR. SIEBRANDT said it is significant for its time period, but they were looking more at who the building was associated with. MR. SPANN added that they could not find more in-depth information on the architect; however, the original trusses are in place and very little modifications have been made. MAYOR GOODMAN asked if the Las Vegas News Bureau had any information on the architect, and DR. SIEBRANDT said a consultant was hired to complete the application, and they would have gone through the archives and noted any findings.

COUNCILWOMAN FIORE was excited about this project, and she wondered if there is any family of MR. KALTENBORN'S left. MR. SPANN said they having tried reaching somebody in his estate, but they have not heard back. If anybody knows of a family member, he would love to meet them.

MAYOR GOODMAN declared the Public Hearing closed.

MAYOR GOODMAN advised the City Clerk, LUANN D. HOLMES, to set the date for all applicable items.

CITIZENS PARTICIPATION

62. Citizens Participation: Public comment during this portion of the agenda must be limited to matters within the jurisdiction of the City Council. No subject may be acted upon by the City Council unless that subject is on the agenda and is scheduled for action. If you wish to be heard, come to the podium and give your name for the record. The amount of discussion on any single subject, as well as the amount of time any single speaker is allowed, may be limited.

Minutes:

DANIEL BRAISTED said there are many ugly orange signs located at 7th Street and Carson Avenue, and one of them has a racist message on it. He spoke of the Global Licensing Expo, which is being held at the Mandalay Bay May 24th through May 26th, and he wished a government entity would license a logo and make money for the homeless. Additionally, the White Label Convention is being held at the Convention Center May 25th and 26th, and they offer free classes on how to sell things online or locally.

BRIGITTE SOLVIE wanted the Council to be aware of a mobile application called Neighbor, which allows homeowners to rent out their garage space, driveways and backyards. This alarmed her because she did not know how it would be regulated.

COUNCIL EMERGING ISSUES

Comments made by Council members during this portion of the agenda must refer solely to proposals for future agenda item topics to be brought before the Council for consideration and action at a later date. Any discussion must be limited to whether or not such proposed items shall be placed on a future agenda and no discussion regarding the substance of any such proposed topic shall occur. No action shall be taken.

COUNCIL MEMBER RECOGNITION

64. Council Member Recognition: Comments made by individual City Council Members during this portion of the agenda will not be acted upon by the City Council unless that subject is on the agenda and scheduled for action.

Minutes:

COUNCILMEMBERS CREAR, DIAZ, SEAMAN, KNUDSEN, FIORE, and ANTHONY announced the various events taking place in their wards on various dates throughout the months of May and June. Some of the Councilmembers submitted flyers, which are attached as backup, regarding their events and points of interest.

COUNCILWOMAN FIORE thanked the first responders, UMC (University Medical Center) Trauma, and the nearby citizens who came to her aide after her recent auto accident.

MAYOR GOODMAN announced that the Governor of Nevada has indicated his intention to end the State of Emergency related to the COVID-19 pandemic on Friday, May 20th. If he does, she is prepared to do the same for the City of Las Vegas via a declaration that would be ratified at the June 1st City Council meeting. She sent well wishes to those affected by the fires happening in the southwest and asked everyone partaking in EDC (Electric Daisy Carnival) and Memorial Day activities to stay safe. In closing, she thanked various City staff members and departments.

The meeting was adjourned at 12:35 p.m.

Respectfully submitted:

Cheyenne LaRance, Deputy City Clerk

LuAnn D. Holmes, MMC, City Clerk
