Strong Start GO! Mobile Pre-K Classroom provides an innovative solution so more children have access to high-quality programming that prepares them for success in Kindergarten. Each bus enables daily early learning opportunities for 40 children and meaningful engagement opportunities for their families.

The **Mayor's Fund for Las Vegas LIFE** launched in September 2018 as a vehicle for corporate and philanthropic partners to invest in solutions that address our community's most pressing and complex challenges.

The Fund's focus areas include **Livability** (homelessness, youth sports, arts and culture); **Innovation** (increasing access to the internet, technology); **Future** (workforce development); and **Education** (Pre-K and other learning programs).

Fiscal Responsibility

The Mayor's Fund for Las Vegas LIFE realized great success in its first year. Community partners contributed over \$4.4 million in cash and in-kind donations.

The Mayor's Fund is managed with the highest degree of fiscal integrity. Every dollar raised by the Mayor's Fund is spent on Fund priorities and all donations are monitored to ensure their intended impact is realized.

- **Fiscal Management:** Nevada Community Foundation, a 501(c)(3) nonprofit charitable organization, serves as the fiscal agent, receiving all private donations and providing donors with charitable contribution tax documentation.
- **Implementation, Monitoring and Reporting:** The city of Las Vegas coordinates the Mayor's Fund to ensure all programs are implemented as intended and supporters know the impact of their donations.
- **Guidance:** An Advisory Committee of local business and community leaders provides input and guidance to the Mayor's Fund, and serves as Ambassadors in the community to help ensure the Fund is sustainable.

HOW PROGRAMS ARE **SELECTED**

All Mayor's Fund programs are sourced and vetted by city management to ensure they meet three criteria:

Align with City Council Priorities: Programs must address priorities set by the Mayor and City Council.

Leverage Community Resources: Programs should source solutions from local experts and include opportunities for cross-sector collaboration.

Produce Measurable Results: Programs must target a specific community need and there should be established goals related to the impact the program will make.
