4:30 p.m. – Alliance for Academic Quiz Bowl – 2021 Online Quiz Bowl

Our project is to put together an online elementary school quiz bowl tournament organized by high school volunteers with support from adult mentors from Alliance for Academic Quiz Bowl. This project will be conducted via the Zoom teleconferencing application and the Discord voice application.

During the current pandemic, it's more important than ever that the City of Las Vegas continues to lead the way in play-based learning. Many students have found difficulties in keeping up with schoolwork and learning with the new online model, and our objective of sparking curiosity and motivation to learn through playing quiz bowl can help alleviate some of this. We also want to continue our work helping children discover new interests, which leads to self-directed learning. We also believe that along with improved knowledge of the world and improved literacy skills, quiz bowl teaches the value of camaraderie and team building.

4:30 p.m. – BlackQueen Productions – Citywide Birthday

We want to host a citywide birthday party. We want to acknowledge the celebration and fun that goes into parties and making sure that children that do not have that chance get an opportunity to enjoy their day regardless of money or resources in the household. We thought of this project because we have fun on our birthdays and want to spread that joy with others. Neighborhood residents will have time before the party to meet other children and create original dances, skits, invitations, and help with party details.

4:30 p.m. – Books and Ballet – Books and Ballet

Books and Ballet is a project surrounding the dancers of our youth. This project was selected because of my personal experience in ballet, as it's been a passion of mine for almost fourteen years ever since my parents enrolled me in ballet at the young age of two at my local recreation center. With my experience and love of books, I created a project that combined the two to encourage reading and activity throughout these unprecedented times. The neighborhood residents would be involved as they would be active participants within the class I would teach. I would prepare lessons for virtual classes that would range from forty-five minutes to one hour with equal parts of reading and beginner's ballet instruction on Saturdays for four weeks. I plan to serve twenty-five students that would be split up for two separate classes, and they would receive "ballet boxes" that would be

complete with the books to read for each week, a t-shirt, ballet shoes, and either a tutu for girls, or ballet shorts for boys.

5:00 p.m. – Canyon Springs High School Batteries Included – Project Helping Hands of Canyon Springs HS

We would like to offer assistance to the homeless through care packages. These care packages would be equipped with items that not only assist through their days but will also help with COVID-19 protection. Our group selected this project because our neighborhoods and surrounding areas are filled with people in need of supplies. We felt that this was the best way for us to give back during this time. We would like to give our care packages to various shelters and community organizations that specialize in helping the homeless population. We hope that others in the surrounding communities would assist us by donating time to help us reach this vulnerable population.

5:00 p.m. – College of Southern Nevada High School West Student Council – CSNHS Stuco YNAPP Project

Our project will consist of individual bags (approximately 100) filled with various winter necessities gifted to The Shade Tree: a women's shelter here in Las Vegas. We selected this project after the realization that The Shade Tree is the only local women's shelter and we felt very passionate about donating to and helping them. Our donation items were selected after direct communication with the organization. We asked them what items they were in need of and we decided to move forward with winter items. Though the project will not be completed until the spring, we felt as though these items were thought about the least when considering a women's shelter. The winter will come again next year and we want to help them prepare.

5:00 p.m. – Edgar's Birthday Buddies - Edgar's Birthday Buddies

Edgar's birthday buddies delivers birthday presents to kids experiencing foster care. Each item specifically picked based off the child's interests and favorite things. Edgar decided to do this project because he was a former foster youth himself and knows how celebrating without family can feel lonely. He wants to make sure they feel special. Local foster care groups are helping get kids' birthday information and wish lists!

--- 5:30 p.m. BOARD MEMBER DINNER ---

6:15 p.m. – Immunize Nevada – Teen Outreach Kits

Our project aims to disseminate multiple outreach kits, containing necessities like masks, tissue packs, and a resource guide, to Las Vegas youth. Healthy Young NV's mission is to empower young Nevadans by providing comprehensive health and wellness resources.

Since we've previously created outreach kits for youth centers across Nevada, members of our organization decided to implement this project on a bigger scale in Southern Nevada as an expansion of our mission and as a way to help serve teens, like us, within our community.

To supply and disseminate our kits, we will be collaborating with local businesses and nonprofits like Clean the World and Project 150, and will specifically be providing kits to aid disadvantaged youth through a partnership with the Nevada Partnership for Homeless Youth and the Boys and Girls Club of Nevada. By working with these neighborhood associations, we hope to support a wide variety of individuals and administer as many essential items as possible.

6:15 p.m. – Kay Carl Student Council – Campsite Crafts

We will be making craft items to send to the senior homes in order to lift their spirits since Covid has made it so they cannot have visitors. We will also send kits to the military to make them know we are thinking of them. The project was selected because our students are feeling the effects of not having social interactions daily and we thought of others who might be feeling the same way. We are hoping the neighborhood residents will join us in creating crafts to distribute to those who need it.

6:15 p.m. – Mission HS Youth Group - Mission HS Care Packages

We will be making care packages for the less fortunate. This project was selected because we are being given the opportunity to give service to the community. This project will help the less fortunate by us kids making the care packages. The less fortunate will benefit from these care packages because it will have the needed essentials that they do not have easy access to.

6:45 p.m. – Northwest CTA Student Council – Homeless Care Packages

Our project is homeless care packages. The care packages are going to be composed of different items that help to support the cleanliness and well-being of the homeless population. The project was selected because there is a homelessness crisis and we wanted to find a way to help the homeless community in any way we can. One of the biggest issues within the homeless population is being able to maintain cleanliness and preventing sickness. With our care packages, they will be able to use the items to aid in maintaining cleanliness and a healthy well-being.

6:45 p.m. – The Superfriends – Super Care Packages 2.0

This year I want to make care packages for people in the hospital like I did 2 years ago. This year is different because of COVID and lots of people have to be alone in the hospital. Nobody is able to have family or friends there with them to keep them happy or to keep them company. This year instead of only making packages for kids, I want to make them for adults and seniors. This is a very hard time to be alone and I want people to know that someone cares about them. The packages will include handmade cards with notes of encouragement and items that will keep their minds off of being in the hospital, and also comfort items. I picked this project because I know what it is like to be in the hospital and if

my family wasn't there I would have been very sad. It makes me sad that people are alone in the hospital. My closest friends will help me pick the items, put the bags together and write the cards. My family members will help with shopping, delivering the bags and the cards. My dad's cousins Sammie and Jackie work in hospitals so they will help me pick good things to go in the bags too.

6:45 p.m. – UNLV Boyd Thomas and Mack Clinic – Justice Garden

Students in the UNLV William S. Boyd School of Law Thomas & Mack Legal Clinic created a Community Garden Workgroup to empower vulnerable and low-income youth and engender a sense of community by propagating community gardens as a resource. Neighborhood youth residing in Las Vegas would be directly involved in the cultivation of the garden including weeding, composting, propagating and planting seedlings, harvesting food, watering plants, photographing the events and garden's progress, and developing leadership skills in community education events through active discussion of shared experiences. Our youth leaders believe the name "Justice Garden" captures their goals and objectives for this community-based project. The youth leaders also have experience cultivating a community garden and discussed how important the experience was for them and other youth. They mentioned that they do not currently have the equipment to cultivate a garden and would like to start a gardening group and also spread knowledge of the benefits of healing and health through community gardens. We decided to pursue this grant in order to get the funds necessary to start a garden where we can give our youth leaders and other youth a safe, community-based learning environment.

About Us

- ❖ Alliance for Academic Quiz Bowl (AAQB) is an organization centered on encouraging Nevada students to actively engage in learning and education.
- ❖ We do this by hosting community Quiz Bowl events such as tournaments, summer camps and workshops.

The Project

- ❖ This year, we're interested in further bolstering our programs by holding an Elementary School STEM Bowl, run primarily by youth volunteers
- ❖ Looking forward to a successful (virtual) replication of previous events - which were also funded by YNAPP

Objectives

- ❖ Sparking curiosity and motivation to learn in younger kids in the community through enjoyable, friendly competition.
- ❖ Learning in a collaborative environment prompts Las Vegas kids to discover and foster their interests in many fields.
 - Encourage interest in underrepresented fields, such as STEM fields
- ❖ Teaching kids the value of camaraderie and team building through team competition.

Volunteer Duties

- ❖ The role of youth volunteers include:
 - ◇ Check-in for all participants and volunteers
 - ◇ Reading questions
 - ◇ Data distribution
 - ◇ Update website/social media
 - ◇ Upload statistics
 - ◇ Obtain and upload volunteer pictures, experiences/documentation
- ❖ Adult volunteers will primarily provide youth supervision & support.

Financials

❖ Returning YNAPP Grant recipient

Getting the Word Out

Youth volunteers share what they've learned by:

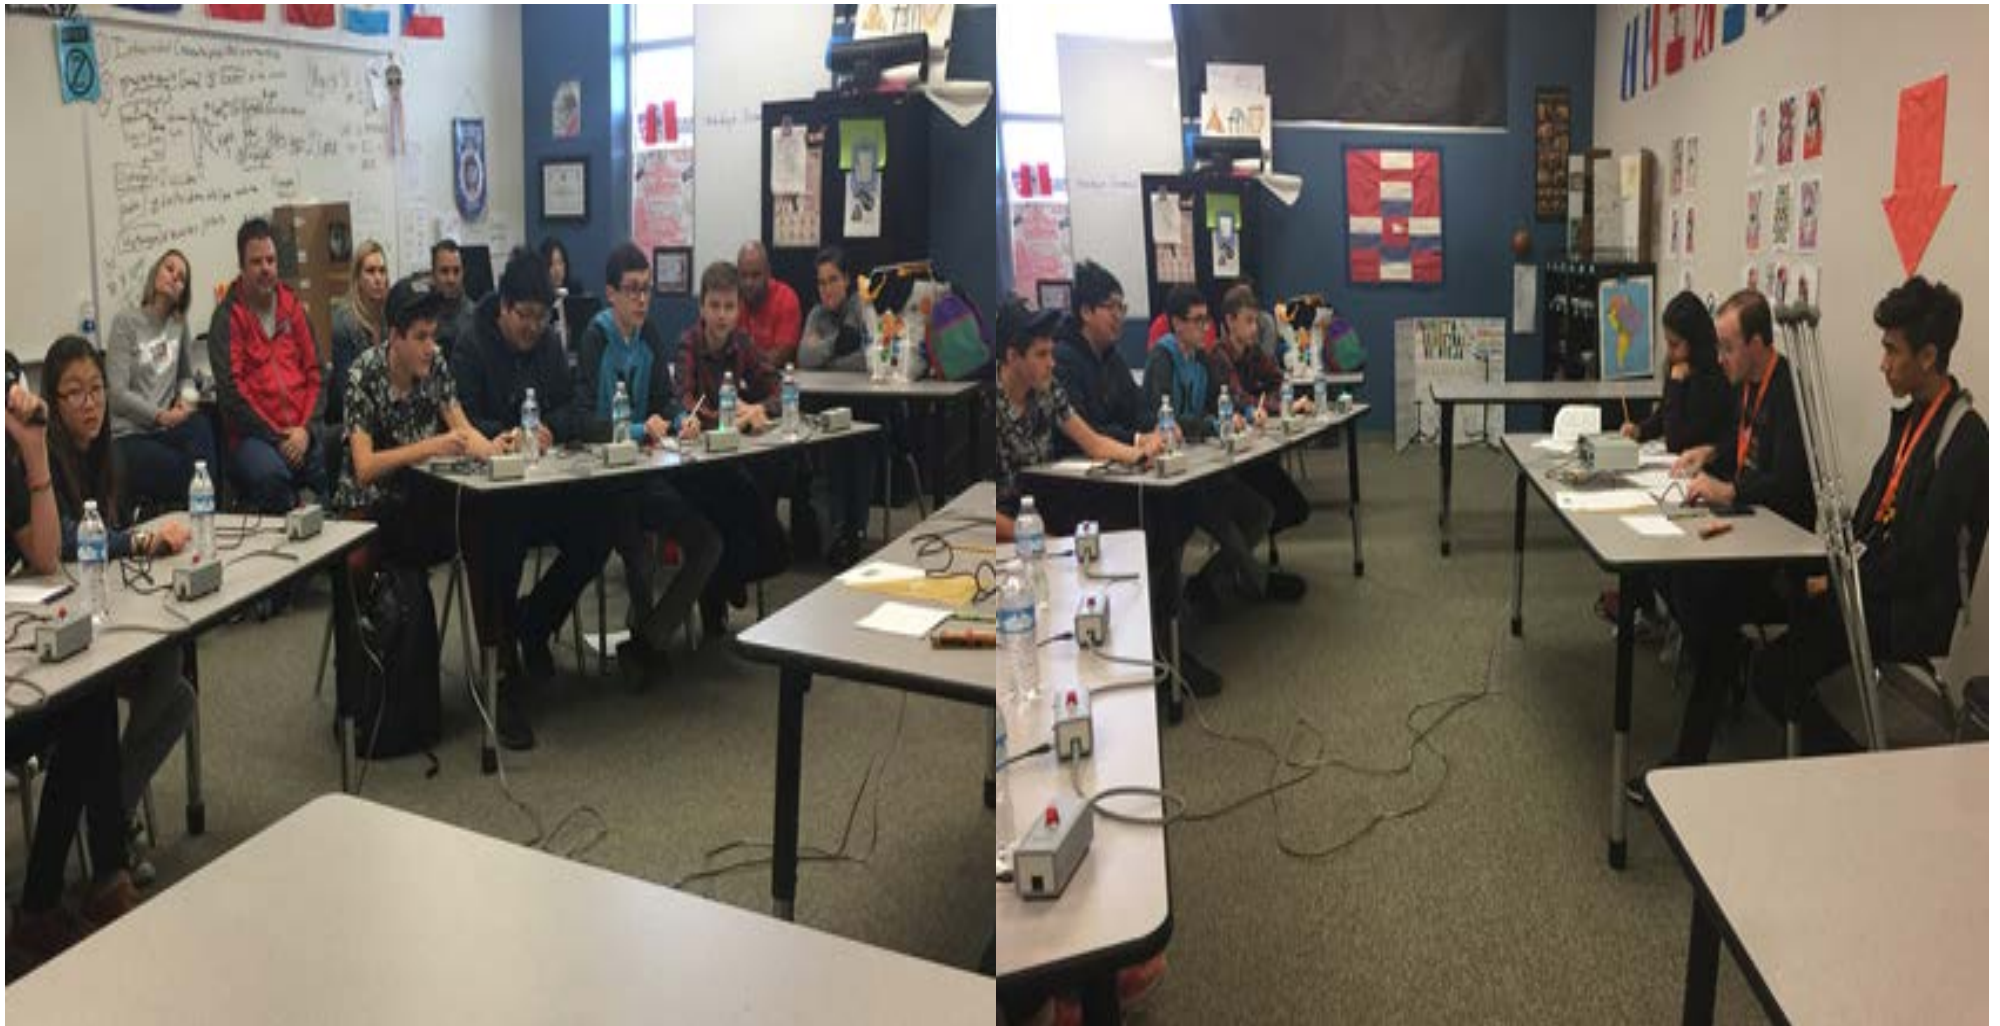

- ❖ Documenting their experiences via pictures, which are then be uploaded to www.aaquizbowl.org (feel free to visit!)
- ❖ Discussing their experiences on the Alliance for Academic Quiz Bowl blog and social media (blog posts, interviews, etc.)

Why Should the Board Fund Our Project?

- ❖ Our state needs to make long strides to be at par in education, and we want the City of Las Vegas to lead the way.
- ❖ This project will encourage Las Vegas youth will set trends and lead the way in education, especially in STEM fields
- ❖ This project will foster a love for learning that will drive students to value their education.
- ❖ Our successful track record from previous years proves our impact:
 - ◇ Two Las Vegas teams' performance in our tournament led to their being recognized as the National Team of the Week by NAQT, the premier governing body for US academic quiz bowl.

Justice Garden

A partnership to bring health and hope
to the community

Partners: our first project

Youth: Joseph White and Gavin Morrison

Adult Advisor: Rhonda Killough,
Project AngelFaces

**Students and Faculty with
Boyd School of Law:**

Professor Elizabeth MacDowell,
Nina Terzian,
Mayli Alarcon,
and their fellow classmates

Project Description

- We will build a garden to share education, collaboration, and food with local youth.
- We will have a “build” event in March and invite the community to come help, learn, and enjoy the space.
- We will hold events to share resources in the Justice Garden and other local gardens.
- Our youth leaders will build confidence, learn about public speaking, and get to teach other youth.
- Youth leaders will grow public speaking skills
- Youth leaders will develop leadership skills
- Youth leaders will inspire and encourage other youth to learn, be empowered, and grow through the garden.
- Youth leaders will collaborate with partners and provide resources for access to justice and food.

Budget

- Most of the budget funds we are asking for will go to materials to build, tend, and maintain the garden.
- Some of the budget will go to our build event party in March.
- We have all funds matched with in kind support from professionals and volunteers.

- **Items to Purchase for Project**

- Wheelbarrow \$ 90.00
- Set of Full-Size Garden Tools \$ 183.00
- 2 Cubic Yards Washed Sand: 29.50 per \$ 59.00
- 2 Cubic Yards Topsoil: 27.50 per \$ 55.00
- 6 Cubic Yards Organic Compost: 32.50 per \$ 195.00
- Delivery charge for sand, topsoil, compost \$ 65.00
- Organic Seeds (30 varieties, 4.00 each) \$ 120.00
- Small face masks \$ 48.00
- Alcohol Spray \$ 9.00
- Organic Fertilizers and Soil Amendment \$ 30.00
- 4 wheeled cart \$ 100.00
- Professional grade 100' hose, attachment sprayers \$ 90.00
- Curved hand saw \$ 14.00
- Garden binder and print materials \$ 35.00
- Bus passes for teen leaders \$ 70.00
- Party Supplies \$ 56.00

- **Total \$ 1,219.00**

Getting the Word Out

- We will keep a garden log of the building process, for every event we have, and what we are learning so that others can learn from our experiences, too.
- We will share the food we grow and invite the community and local youth to work in the garden with us.
- We will make a video of the successes we find as we grow for the Showcase in May.

Why We Should Get Funded

- Joe says, "I have loved working with kids and working in the garden for as long as I can remember. I want to share what I know to help make kids' lives better. I know that working in the garden is fun and good for you, and that the food you can grow is good for you. It is important for kids these days to have a safe place to learn together outside so this garden is really needed right now. Kids' are dealing with more mental health issues because of the pandemic and being in a garden can help relieve stress, learn, and make new friends. It can be safe since it's outside and we can stay distanced, wear masks, and still be together safely."

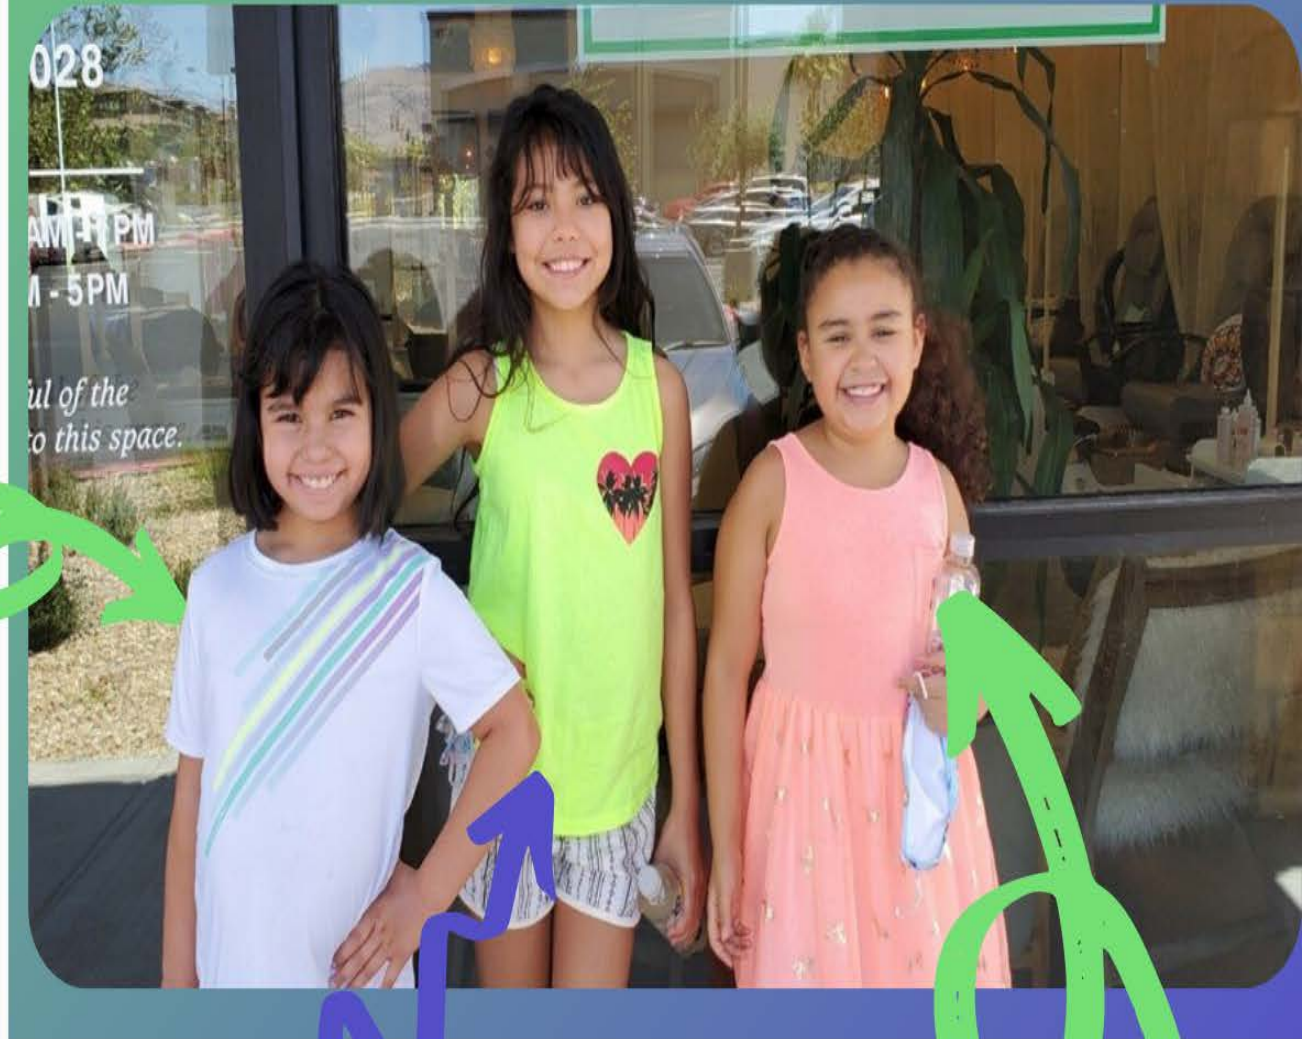

Conclusion

- We want to use our talents working with kids and in the garden to help our community.
- We have partners to help us provide expertise and other resources to help us and the community.
- We need your help getting funding to build our garden and share our resources with the community.
- If you give our project funding, we will grow our skills in leadership, teaching, and sharing to help others.

Our 2021 Project & Why it is Important

We want to make care packages for people of all ages in the hospital. This is not a good time for anyone to be in the hospital because they are not allowed to have family or friends there to cheer them up. They are lonely and I hope these care packages will let them know they are not alone in this battle.

Who Will Help Us?

01

Khloe, Mya, Jovee, Jet & Zeke:
to make cards, find supplies
and pack the bags.

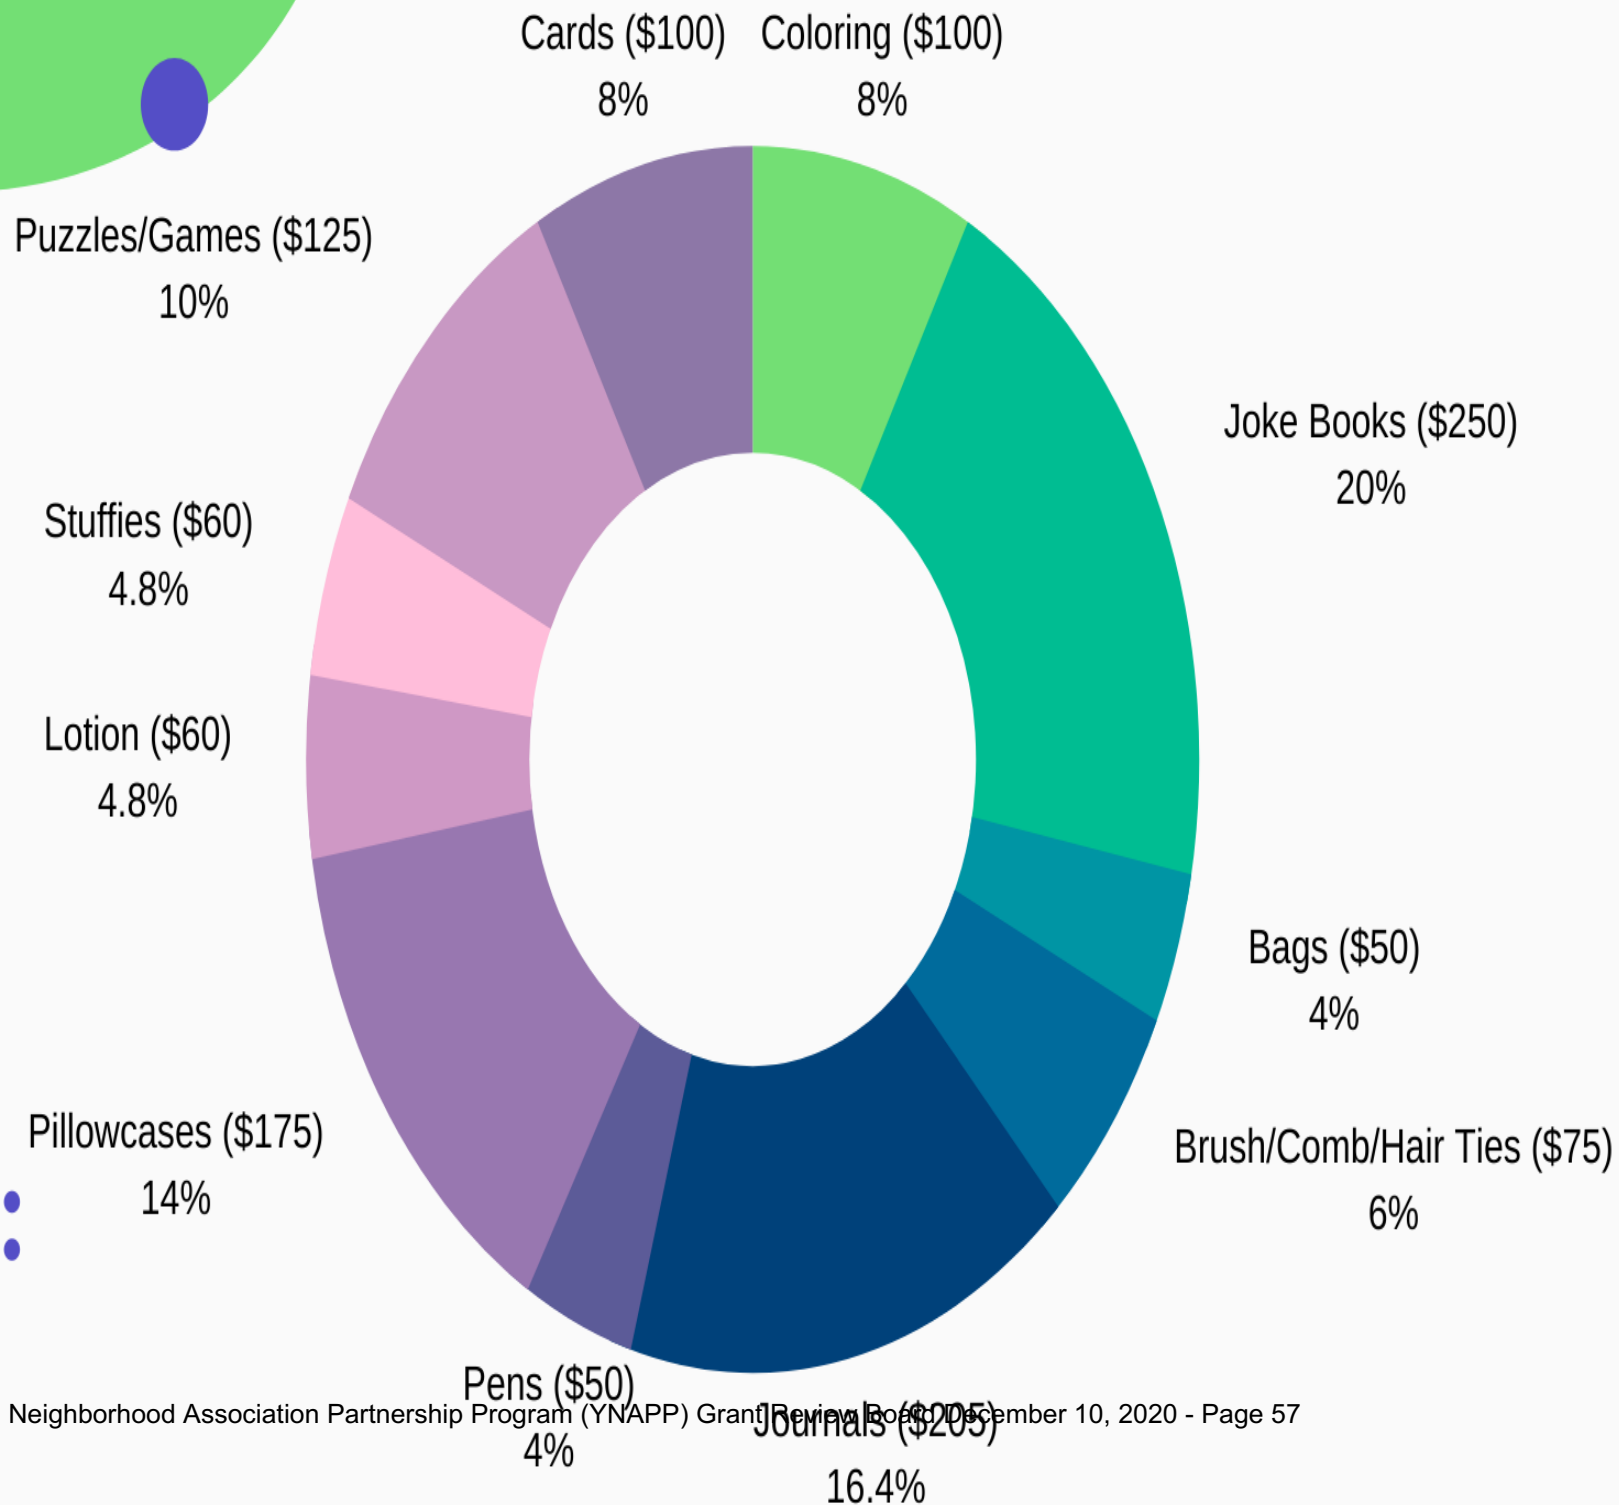

02

My parents and both sets of my
grandparents: to help us pick
up the supplies and deliver the
care packages.

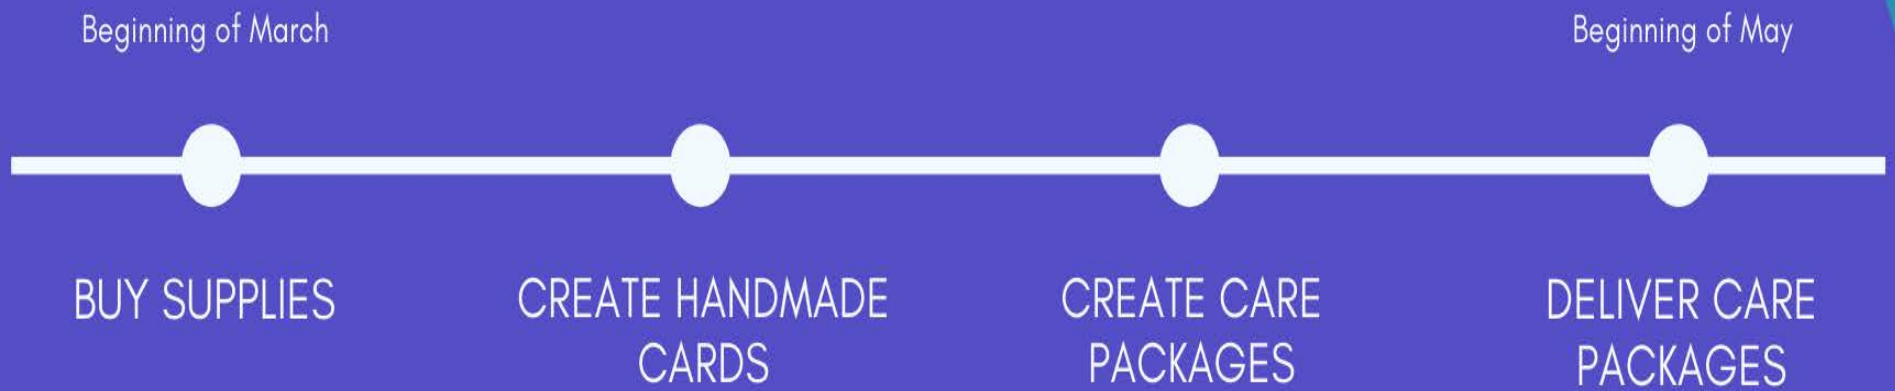

03

My dad's cousins who are nurses:
will pass out the care packages
to patients at the hospital who
need them.

OUR MISSION

Empower young Nevadas by providing comprehensive health and wellness resources

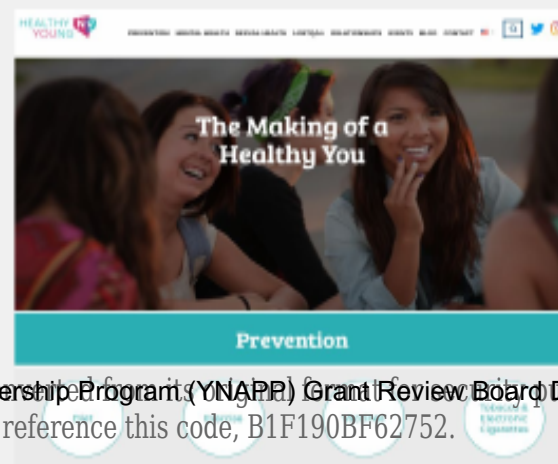

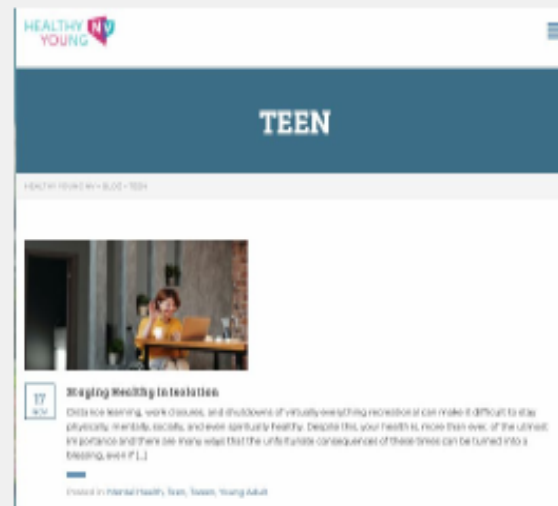

Mission Statement

To empower young Nevadans by providing comprehensive health and wellness resources, paving the road toward healthy lifestyles.

What is Healthy Young NV?

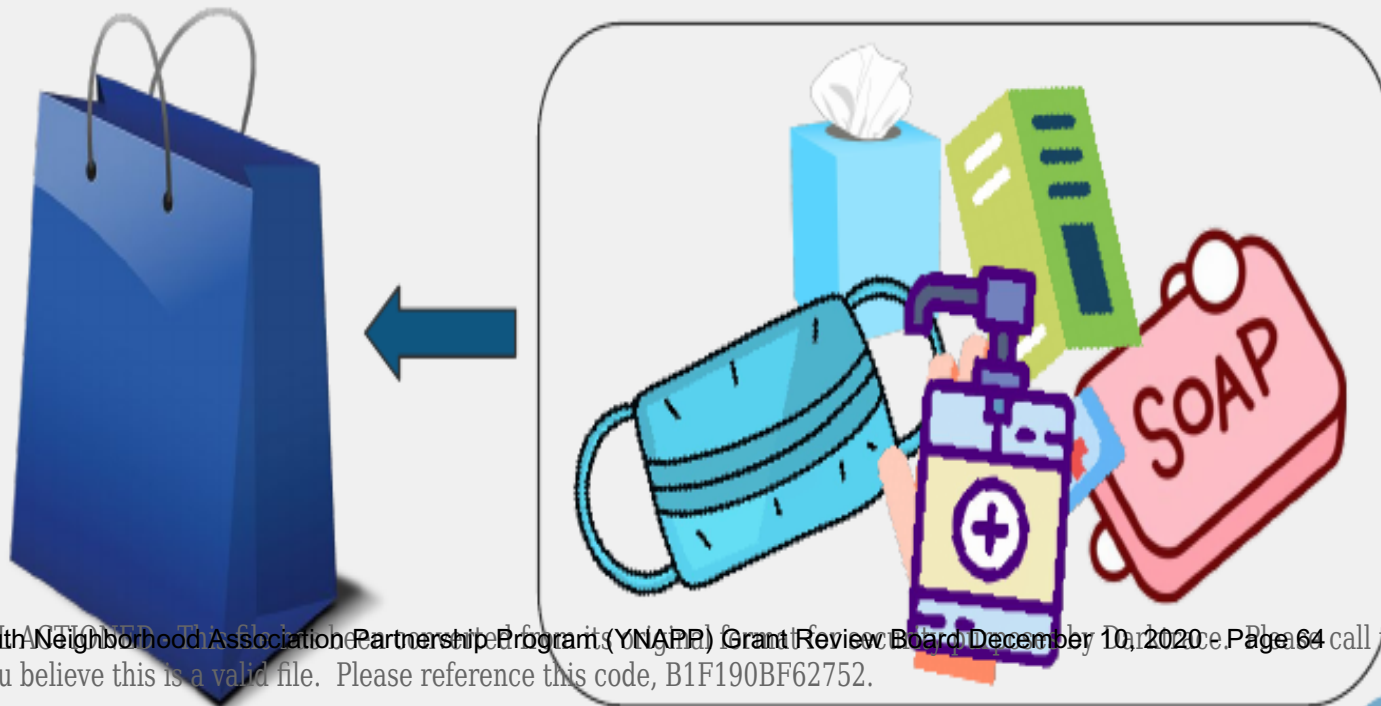

Each new stage of life comes with an overwhelming amount of questions while providing very few answers. This site has been created as an age-specific resource providing education that can be applied to every-day situations encountered throughout life's continuous changes and challenges.

Which age group would you like to learn about?

TEEN OUTREACH KITS

- Make a positive impact for Las Vegas youth struggling due to the pandemic
- Disseminate multiple outreach kits containing a resource guide, masks, tissues, and other hygienic items
- Already have experience setting up these Teen Outreach Kits but will expand on a much bigger scale

Who We Are

Northwest Career and Technical Academy Student Council

Student government organization at our school that facilitates school community service events & activities. We have 5 adult advisors and 45 student members.

First-time grant application.

Our Project

Homeless Care Packages

**Our goal is to make care packages
for the homeless community in
Las Vegas**

We are creating 192 packages that consist of various hygiene, clothing, and food products. Which include:

- Granola bars
- Toothbrushes
- Combs
- Hand Sanitizers
- Masks
- Blankets
- Wipes
- Socks

The care packages will be created at our school. We are partnering with the Southern Nevada Salvation Army to help in the distribution of the care packages.

Our Project

Homeless Care Packages

Who else is involved?

Our Student Council organization consists of over 40 students who will volunteer and help in the creation and distribution of the care packages that are made.

Our Project Idea

After hearing about the grant, our Community Service Committee thought of who was most at need within our community. The first thought that came to mind was the homeless population and what we could do to help them.

Reflection/Recording

We will photograph and provide documentation of pack creation and distribution. We will promote homelessness awareness (and the mission of Nevada's homelessness aid organizations, such as The Salvation Army, The Shade Tree, ect.) during the week of distribution through our school's social media platforms.

We will host a reflection discussion during Student Council class and request a written reflection statement from volunteers following pack distributions.

We would love to present at the YNAPP Project Showcase!

Project Importance

Homelessness is a major issue within Las Vegas

Many of those who are homeless lack the basic necessities for hygiene and self preservation.

- Clark County alone holds 34,397 homeless individuals
- An estimated 7,169 people experience homelessness on any given day

Paula Anderson,
Teacher and Adult Advisor

This is a tale about our diverse group, which includes Batteries Included and SkillsUSA members.

They have created Project Helping Hands of Canyon Springs High School. It was designed to combine two great organizations that introduce students to careers, the changing workforce, education, leadership and community service.

Since this the first time they have applied for the YNAPP grant, their goal with Project Helping Hands will be to reach individuals that have restrictions placed on their abilities to stay safe.

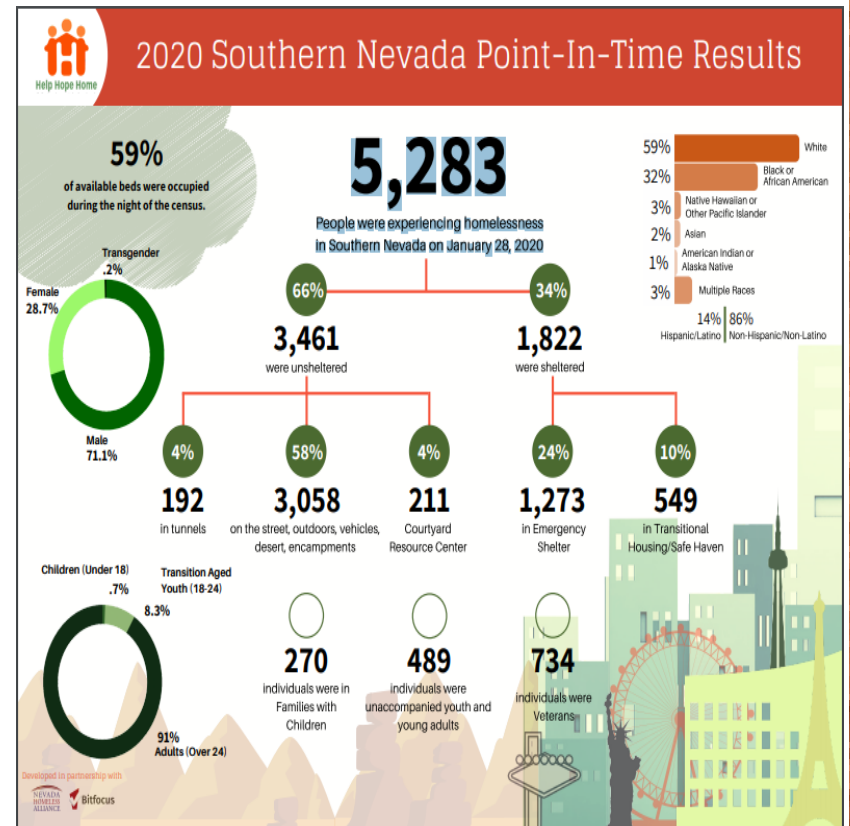

Chapter 2

Project Helping Hands of Canyon Springs High School

As we continue with our tale, the mission with Project Helping Hands of Canyon Springs High School is to assist those that are having difficulties staying safe during our current pandemic.

According to helphopehome.org, there were 5,283 people who were experiencing homelessness in Southern Nevada on January 28, 2020. With job losses and COVID-19 affecting our city, we can only imagine that the number will increase.

The city needs us! And by providing these care packages to the community, they can hopefully assist those during their time of need.

Project Helping Hands of Canyon Springs High School will construct COVID-19 relief care packages together. These care packages will be distributed throughout the Las Vegas valley by way of shelters, churches and community centers.

Chapter 3

Volunteers

Volunteers make all the difference in this story. But finding ways to maintain social distancing and staying safe, might be a challenge!

The Project Helping Hands volunteers have all committed to each working a minimum of 41 hours to complete this project. There are more than 15 students who have dedicated their time to assist with the assembly and distribution of the relief care packages.

Let's take a look at some of the activities that they will take part in:

- ✓ **Ordering Materials**
- ✓ **Gathering Donated Materials**
- ✓ **Finding and Calling Places to Drop-off Relief Care Packages**
- ✓ **Assembly of Relief Care**
- ✓ **Photographers and Social Media Documenters**
- ✓ **Assisting in the Distribution of Kits**
- ✓ **Final Reflection of Completed Project**

Most of the volunteer opportunities will take place after school and will be subjected to strict social distancing guidelines. All participants must be free of COVID-19 symptoms and will wear a mask during the entire time they are working on the project.

Chapter 4

Funding and Spending

As the story continues, the list of items for the relief care package has been chosen as the best items to protect our recipients. They will be able to make this happen with the \$1250 YNAPP grant.

A mask and hand sanitizer provides protection during COVID-19. Hygiene Kits so that they're able to have a chance to stay clean. Mylar blankets and Hot Hands to help them keep warm on those cold days. Bottled water has been donated for each kit and 2-Gallon storage bags to ensure each kit is kept neat and easily accessible.

Items Needed	YNAPP Funds	Donations	Cash
Facemasks	\$180		
Hand sanitizers	\$210		
Hot Hands	\$200		
Hygiene Kits	\$300		
Water		\$25	
Mylar Blankets	\$250		
200 2-Gallon Storage Bags	\$106		

Chapter 5

How We will Complete the Project

Backdrop: City of Las Vegas.

Location: Abundant Life SDA Church.

Our heroes in this story are able to utilize space and meeting area that will allow them to assemble and store the goods needed to complete the relief care packages, all while safely practicing social distancing. Most meetings will be held virtually, still allowing for a chance to work with one another!

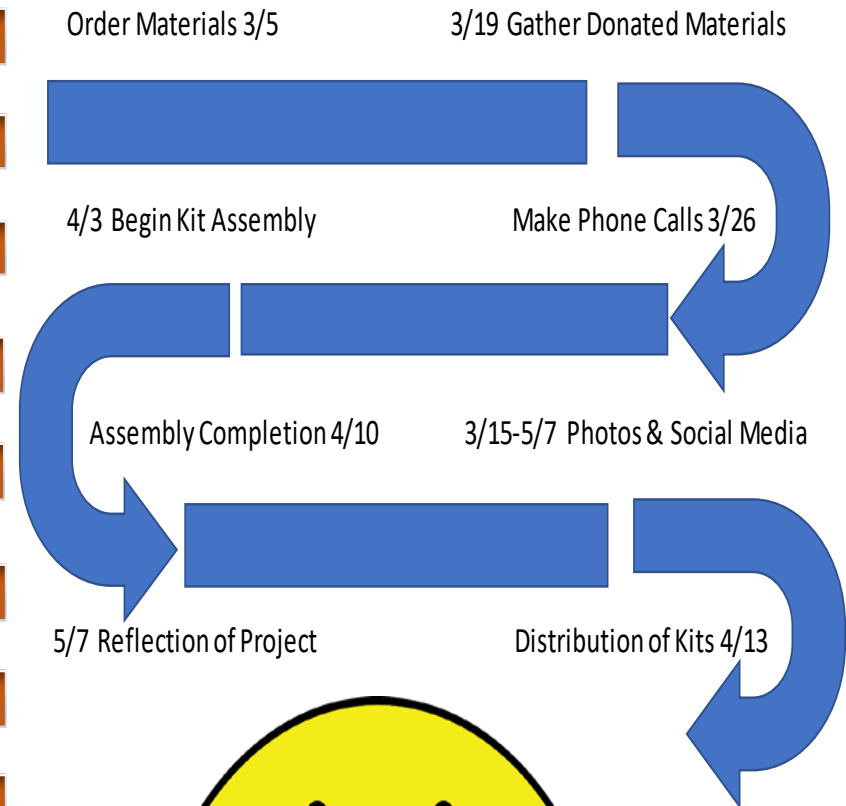

Chapter 6 Timeline

Timelines are a key part of this story! So, our heroes will need to be careful when meeting those important deadlines.

Staying on track and getting things done will ensure for a happy ending to our tale!

From phone calls to actual assembly of the relief care packages, it is important to not stray off of the path of completion!

Getting it done will make many happy!

Conclusion

Funding our project will provide us with the necessary additional resources to ensure this project is completed successfully.

The YNAPP grant funds will help introduce our group to the community, as we have future projects to continue our work and legacy.

As we look at the world around us, Project Helping Hands can help make it a better place by providing to those that have less. Although we cannot end many of the things that have disrupted our normal day, we can make our future better!
